Under the arch of the gray old tree
That seeded in primeval calm, gentle Wisdom pause with me.
Across the ancient landmark falls
The shadow of the new-reared walls.
Bounty of old, and a promise new, O Sage we dedicate to thee:
Glory that was . . . that is to be.

—NEIL HILL
THE ILLIO

PUBLISHED AT THE UNIVERSITY OF ILLINOIS BY THE CLASS OF 1926
DEDICATION

TO FRANKLIN WILLIAM SCOTT
PH.D

WHOSE ACTIVE INTEREST AND SYMPATHETIC DIRECTION HAVE BEEN LEADING FACTORS IN THE DEVELOPMENT OF STUDENT PUBLICATIONS ON ILLINOIS CAMPUS

APPROACHING Uni Hall, the patriarch of the campus buildings, we invariably look up to the face of the old clock—relentlessly tolling the hours of our campus life.
ALKING across campus — the view of the auditorium through the trees calls to mind moonlight concerts in the spring — solemn convocations — hours of sublime reveries inspired by the deep-throated organ.
We come around the corner of Uni Hall on the Freshman bench, with the early morning sun emphasizing its dazzling whiteness against the green of the foliage.
THE walk toward Lincoln, the dignified hall of seminars, leads past this half-concealed bench, a restful spot in the midst of activity.
APPROACHING the corner of the woman's building, the campus seems deserted—a bell—life—hurry—quiet once more.
HE memorial gateway, through which we pass on our way
to Lincoln Hall or the Auditorium, guards this entrance to
the campus with an ageing dignity.
QUIETLY, solemnly, we walk down the promenade in the stadium—the memorial columns casting shadows in the sunlight of the Illini whose names they immortalize.
TROLLING through the rock garden—its winding path banked on either side with a vari-colored mosaic of spring flowers from which delicate perfumes suffuse themselves into the evening air.
Administration
Interest in the accompanying airplane view is naturally centered in the Stadium, but many of our readers will look with concern to see if "Uni Hall" still stands, and then will wonder what is happening south of the Auditorium.

The campus of a great university today, instead of being composed of quadrangles, consists of a group of campuses—each one representing an era in the institution's development. With the old South Campus completed except for additions to Lincoln Hall and the Commerce Building, a new South Campus has been begun on the 160 acres between the Auditorium and the Stock Pavilion, and extending from the Forestry on the east to Fourth Street on the west.

The first of the new buildings, which is readily distinguished by its many chimneys, is now occupied by Agriculture. Directly west of it and on the opposite side of a mall 600 feet wide the Commerce Building is under way, and the new Library is just north of it. The steel framework of the new Men's Gymnasium may be discerned just south of the Armory.

Another Woman's Residence Hall is under way just west of the present one. The McKinley Hospital, which will replace the one-story University Hospital southeast of the Armory, is rapidly nearing completion in the east edge of the Forestry on Lincoln Avenue, and the construction tower on the Dairy Manufactures Building is visible just east of the Stock Pavilion. All these buildings will be completed this year.

The next two years will see other structures in this area, all in the Georgian style. These will probably include a building for architecture and allied subjects, and the completion of the Armory.

Progress is more than change. It is movement forward. It implies motion from one point to another. It is movement from present or realized conditions to projected or ideal conditions. Hence it implies an objective standard to be attained.

Some people insist that moral and intellectual progress is internal in the sense that the impulse to it is entirely within us. To them progress is but self-expression. I do not believe this. Unless an individual has an ideal, a standard, outside of himself, he cannot move forward. The other theory is an attempt to pull oneself up with his bootstraps.

In the study of mankind the important thing is the individual. His welfare is the ultimate aim. Progress is never made by a group as such. Movement originates with some individual and in time the group follows; hence the need of the cultivation of individuality, individual initiative, individual sense of responsibility. To my mind one of the greatest, I would say the greatest, need of the modern world is a deeper sense of individual moral responsibility for the establishment of new standards of life and conduct and the initiation of progress to achievement. The sentimental talk about collective responsibility, collective justice, and so forth, to my mind is an evasion of responsibility by the individual.

DAVID KINLEY.

President.
Thomas Arkle Clark, '90, Dean of Men, was born in Minonk, Illinois, on May 11, 1862, and studied at the Universities of Illinois, Chicago, and Harvard. He has been Dean of Men here since 1909, and his work has gained him national recognition as an authority on all phases of a university man's life. During the sixteen years of his service he has probably been guide, councilor, and friend to more young men than any other man in the country.

THE DEAN OF MEN

The office of the Dean of Men was organized primarily to aid the University men in securing an environment which would encourage good citizenship as well as high scholarship.

New functions have been given to the office and the scope of its work has been widened. Dean Thomas Arkle Clark has added Mr. Fred H. Turner, Assistant Dean of Men, Mr. J. Gladwyn Thomas, Assistant Dean for Freshmen and Foreign Students, and Mr. Roger Hopkins, in charge of student organizations and activities, in order that he may devote more time to the individual student.

The purpose of the office has not changed, but the work of assisting men to be better students and providing better living conditions for them is being constantly extended.
THE DEAN OF WOMEN

The office of the Dean of Women seeks to serve the needs of the women students of the University of Illinois individually and in groups. Its purpose is to secure wholesome and healthful living conditions for Illinois women, more genuine interest in and incentives for high scholarship, and natural means of developing intellectually, socially, and spiritually.

This has been attempted through personal contacts with as many women as possible. Any student may secure an appointment with the Dean of Women or her assistant at any time to discuss personal or group interest.

Conferences are held with students, housemothers, parents, and out-of-town visitors from 8:00 a.m. until 6:00 p.m. More than three thousand callers are received at the office each month. The whole organization of the office of the Dean of Women seeks to serve the needs of the individual student, the group, and the campus in general.

MISS MARIA LEONARD. Dean of Women, was born in Indianapolis, Indiana. She was graduated from Butler College in 1906, and received her M.A. at the University of Colorado in 1910. Since that time she has been constantly engaged in Dean's work, having served as Dean of Women at the University of Idaho from 1910 to 1912, at the University of Iowa from 1912 to 1923, and at the University of Illinois since 1923.
Kendrick Charles Babcock, Dean of the College of Liberal Arts and Sciences, was born in South Brookfield, New York, on September 8, 1864. He studied at the University of Minnesota and at Harvard, completing his work there in 1896. On leaving Harvard, he became an assistant professor at the University of Colorado, which position he left to accept the presidency of the University of Arizona in 1903. From 1910 to 1913 he served as a specialist in higher education on the United States Bureau of Education, accepting his present position at the end of that time.

The College of Liberal Arts and Sciences is, and has been for many years, the largest college in the University, both in the number of students enrolled and in the size of the faculty. It consists of nineteen separate departments, and not only offers the student a good general education, but also presents the opportunity of preparing for the advanced study of law, medicine, dentistry, pharmacy, theology, or social service. Besides this very definite work of its own, the College of Liberal Arts and Sciences provides instruction in rhetoric, romance languages, mathematics, and the social sciences for students registered in all the other colleges at Urbana. In fact, this phase of the work has grown to such an extent that for the past few years over one-half of the total energy of the teaching staff has been devoted to the instruction of students enrolled in other colleges.
The College of Commerce and Business Administration reaches back educationally to 1902, when the work was established in the College of Liberal Arts and Sciences under the guidance of Dr. David Kinley, who was then Dean of the College. The educational ideals set up at that time have since been studiously followed, with the result that today the College of Commerce and Business Administration is regarded as a leader among the business schools and colleges of the country that give major attention to fundamentals rather than to technique and routine.

The college as it is now constituted was organized in 1915 with three departments—Economics, Business Organization and Operation, and Transportation. In the meantime, the student body has grown from a few hundred to more than two thousand, and the faculty from less than a dozen to more than seventy.

Charles Manfred Thompson, '09, Dean of the College of Commerce and Director of the Bureau of Business Research, was born in Fairfield, Illinois, on November 10, 1877. On completing his undergraduate work here he went to Harvard University, where he studied in 1910-11, returning to the University of Illinois in 1912 as an instructor in economics. He continued his graduate work here, receiving his Ph.D. the next year. Since that time he has been serving continuously on the faculty, accepting his present position in 1919.
Albert James Harno, Dean of the College of Law, was born in Holabird, South Dakota, on January 30, 1889. He graduated from Dakota Wesleyan University in 1911, and three years later received his L.L.B., magna cum laude, at Yale University. He practiced in Los Angeles until 1917, when he became Dean and Professor at Washburn College of Law in Topeka, Kansas. In 1919 he went to the University of Kansas as Professor of Law, transferring to the University of Illinois in 1921. He has served here as Professor of Law since 1921, and as Dean since 1922.

The policy in the College of Law is to develop and maintain a school of the highest rating. All those connected with the staff of this college are fully cognizant that they are assisting in the education of persons who will later go out to places of public trust and confidence. Great effort is therefore exerted to make the student’s training well rounded and complete. The law curriculum is designed to give legal training to those whose preliminary education and maturity have fitted them for serious professional study. It aims to provide a thorough knowledge of fundamental legal principles and to develop the power of legal reasoning. The student is taught the use of legal machinery. He is also educated in the object and purpose of this machinery, and the relation it bears to the social welfare. The faculty has recently been increased and strengthened. The college is given an A rating by the American Bar Association.
THE COLLEGE OF AGRICULTURE

The College of Agriculture gives instruction in the various lines of agricultural work. The needs of the student who expects to return to the farm are kept prominently in mind, and the record of the Alumni shows that 80 per cent are engaged in agricultural work of some kind. A conscious effort has been made in formulating the curricula in agriculture, however, to make the course a broadly cultural rather than a narrow technical one. The object is to make good citizens as well as good farmers and agricultural leaders.

The Agricultural Experiment Station is rendering a valuable service in investigating the many questions involved in agricultural production and marketing. The Agricultural Extension Service adapts and disseminates the facts determined by the Experiment Station to the people of the state.

HERBERT WINDSOR MUMFORD, Dean of the College of Agriculture, was born in Moscow, Michigan, on February 26, 1871. He received his education at the Michigan Agricultural College, from which he was graduated in 1891. Returning to his alma mater in 1895, he served as an instructor and assistant in the Agricultural Experiment Station, attaining his full professorship in 1899. In 1901 he became professor of animal husbandry at the University of Illinois, and since that time has been here continuously, serving in his present capacity since 1922.
Milo Smith Ketchum, '95, Dean of the College of Engineering, was born in Burns, Illinois, on January 26, 1872. Since finishing his undergraduate work, he has been constantly connected with universities, except for two brief periods. In 1897-9 he served as bridge and structural engineer for the Gillett-Herzog Manufacturing Company, and in 1903-4 was with the American Bridge Company in Kansas City. Before assuming his present position in 1922, he served in similar capacities at the University of Colorado from 1905 to 1919, and at the University of Pennsylvania in 1919-20.

The College of Engineering has ten departments of instruction and offers fifteen specialized curricula. The physical plant of the college is extensive and its equipment for instruction and research is in a number of instances unexcelled. Its faculty includes a number of men who are everywhere recognized as authorities in their subjects.

No institution in America has done more to promote research in engineering science than the University of Illinois. Wherever engineering is practiced, the Engineering Experiment Station is known for its valuable contributions to knowledge. The station has already published 145 bulletins and 12 circulars, and numerous manuscripts presenting the results of investigations recently completed have already been accepted for publication. Over fifty investigations are in progress at the present time. The completion of some of these will be of tremendous importance to members of the engineering industries.

During the past year the Station has conducted several investigations of particular interest, several of which are of importance not only to engineers, but to the general public as well. The work of the Engineering Experiment Station is a fine example of the service which the University is rendering to the people of the state and country.
THE COLLEGE OF EDUCATION

The College of Education is organized for the purpose of giving an opportunity to those who wish to enter the teaching profession to secure training which will, so far as possible, equip them for successful work. While the majority of those graduating from the University, who are entering educational work, secure positions as teachers of academic subjects in high schools, the College of Education does not limit its activities to training people for this particular type of work. The training of athletic coaches and teachers of physical education; of vocational teachers of agriculture, home economics, and industrial education; of teachers of music; and of supervisors, principals and superintendents of city schools, is carried on as part of the work of the College of Education.

Charles Ernest Chadsey, Dean of the College of Education, was born in Nebraska City, Nebraska, on October 15, 1870. He studied at Leland Stanford University and later at Columbia University, where he finished in 1897. In 1907 he became Superintendent of Public Schools in Denver. In 1912 he accepted the same position in Detroit, and in March, 1919, became Superintendent of the Public Schools of Chicago. He left Chicago later in the same year to accept his present position.
Frederic Benjamin Stiven, Director of the School of Music, was born on July 17, 1882, at Ionia, Michigan. He received his B.Mus. at Oberlin College in 1907, and for two years remained there as an instructor in organ. From 1909 to 1911 he studied music in Paris under Alexander Guilmant and Charles Marie Widor. He returned to Oberlin in 1911 as a Professor of Organ, and held that position until 1921, when he became Professor of Music and Director of the School of Music at the University of Illinois.

THE SCHOOL OF MUSIC

The School of Music, housed in the most beautiful building on the campus, contributes in a large degree to the cultural life and interest of the students of the entire University. The weekly Students' Recitals, the Faculty Recitals, and the various concerts given under the auspices of the school afford an opportunity to hear much good music. The students who are matriculated in the School of Music receive a complete four-years' course of collegiate grade. A major in piano, voice, violin, cello, organ, wind-instruments, or theory may be chosen. In addition to four years' work in the major subject, a minor subject in applied music, a thorough course in the theory and history of music, and certain academic subjects are required. The University Orchestra, the University Choral Society, the Glee Clubs, and various other musical activities sponsored by the School of Music help to extend its influence throughout the University.

Music Building

Recital Hall—Smith
THE UNIVERSITY LIBRARY

The University Library not only supplies many volumes for class use by our large number of students, but also gives to advanced students and to members of the faculty the use of the uncommon or rare book so often required in their work. We have no large reference library in our immediate neighborhood, and consequently we must provide in our own library all the printed resources we need. The library staff organizes the more than six hundred thousand volumes for effective use.

The Library School is a professional school for the training of librarians, admitting only college graduates to its curriculum. Students come to it from every part of the country, and its graduates are in libraries located in all parts of the country. The number, resources, and educational value of libraries are steadily increasing, and this condition has created an increasing demand for college trained librarians.

THE LIBRARY SCHOOL

Phineas Lawrence Windsor, Director of the University Library and the Library School, has spent twenty-six years in active library work. He was graduated from Northwestern University in 1895, and studied at the New York State Library School from 1897 to 1899. On leaving there he began his active work as assistant New York State librarian, but changed to the copyright office of the Library of Congress in 1900. In 1903 he became Librarian of the University of Texas, serving there until 1909, when he accepted his present position.
Arthur Hill Daniels, Dean of the Graduate School, was born in East Medway, Massachusetts, on October 19, 1865. After receiving his Ph.D. from Clark University in 1893, he came to the University of Illinois as an instructor in philosophy. In 1909 he went to Europe, where he studied and traveled for one year, returning to the University in 1910. For two years previous to Dean Babcock’s arrival in 1913, he was Acting Dean of the College of Liberal Arts and Sciences. Since 1918 he has been connected with the office of the Dean of the Graduate School, being Assistant Dean for one year, Acting Dean for two years, and Dean since 1921.

The Graduate School represents the organized efforts and resources of the University for the purpose of giving opportunities for the most advanced study and for the promotion of research. These two functions, however, are by no means separate, for the spirit of research is the life of graduate study. The ideal of graduate work is one and the same for all graduate students. Some are fitting themselves for higher teaching and administrative positions. Others are looking forward to careers in the fields of business, industry, engineering, and the several professions. But it is the purpose of the Graduate School to train all in the methods and the use of the materials of their subjects so that they may become not only experts and authorities, but also independent workers in their chosen fields.
THE COLLEGE OF DENTISTRY

The outstanding feature of the recent work of the College of Dentistry is the establishment of a children’s clinic which has a two-fold function. In the first instance, routine dentistry for children up to twelve years of age is related entirely to the children’s clinic. This is in keeping with the newer methods of medical education in which the child and his diseases is not confused with the adult and his diseases. The deciduous tooth in the child calls for a different kind of treatment than the permanent tooth in the adult. All of the work in the orthodontia is also conducted as a part of the children’s clinic, including both undergraduate and graduate instruction. In connection with the work in orthodontia and the routine dentistry of childhood, investigation has been inaugurated in the study of the causes of tooth decay. This problem is undoubtedly metabolic in character and is being studied both in its relation to the problem of diet on the one hand and infection on the other.

FREDERICK BROWN MOOREHEAD was born in Mineral Point, Wisconsin on October 14, 1875. He studied at the Universities of Chicago and Michigan, and the Chicago College of Dental Surgery. He began practicing dentistry in Chicago in 1900, meanwhile studying medicine at Rush Medical College, from which he graduated in 1906. Since 1912 he has served as Dean of the College of Dentistry, at the same time acting as Assistant Professor of Oral Surgery at Rush Medical College, and as attending oral surgeon at the Presbyterian Hospital in Chicago.
The School of Pharmacy enjoys the distinction of being the oldest Chicago department of the University of Illinois. It was organized as the Chicago College of Pharmacy in 1859, and became a part of the University on May 1, 1896. In its early years the School of Pharmacy was managed by an association of pharmacists of Chicago, and was one of the best known schools of pharmacy in the country, having alumni numbering nearly one thousand when it was taken over by the University.

The aim of the school is to prepare young men and young women for the practice of pharmacy as retail pharmacists or for positions in pharmaceutical laboratories. Many of its students have been stimulated to take more extended courses and to qualify for medicine, teaching, pharmaceutical journalism, or some other phase of pharmaceutical activity. The school is not only the largest in the west in point of attendance, but its graduates are found in responsible positions in every part of the country.

With the beginning of the session of 1925-6 the curriculum will be expanded so as to include three years of work. This is a part of a country-wide movement to increase the curricula of colleges of pharmacy. For ten years or more the school has offered a three-year course along with a two-year course. The latter will now be abolished and only the three-year course will be given. This extension of the curriculum will enable the school to more fully prepare pharmacists for practice under modern conditions and to retain its rightful place among the stronger schools of pharmacy in the country.
THE COLLEGE OF MEDICINE

On the fifth day of July, 1919, the State Department of Public Welfare and the State University agreed to a plan of co-operation and differentiation, with the following objects in view: To construct and maintain a group of hospitals and institutes in the medical center of Chicago, where laboratories, libraries, and medical skill can be readily obtained; to provide medical treatment for the indigent sick of the state; to give young men and women a medical education and training such that they will become active soldiers in the warfare for the prevention as well as the cure of disease; to help practicing physicians of the state to keep in touch with the latest and best methods of preventing and curing human ailments. The dedication last year of the new group of hospitals, institutes, and research laboratories marked the completion of the initial group of buildings. The next great object is the permeation of these buildings with a spirit of inquiry concerning not only the alleviation and cure of diseases but also the causation and prevention of disease.

ALBERT CHAUNCEY EYLESHYMER. Dean of the College of Medicine, was born in Cambridge, New York, on June 16, 1867. After studying at the Universities of Michigan and Chicago, he went to England, where he studied at the University of Cambridge in 1895-6. On his return he served on the faculties of Rush Medical College, 1897-9, the University of Chicago in 1903, and St. Louis University from 1903 to 1913, when he came to the University of Illinois as head of the department of anatomy. He has been serving as Dean since 1917. In 1904 he was awarded the grand prize at the Louisiana Purchase Exposition for his work in embryology.

The senior year comes as the culmination of four years of work. Whether it has been labor for Illinois or merely in the attainment of a certain amount of knowledge, after all, means little. For it is what the individual takes away with him that counts—whether or not he carries with him into his particular field those lessons of good sportsmanship and clean fight that were instilled into him in all of his contacts, both on the campus and in the class-room.

The activities of the Junior Class are confined, for the most part, to the internal workings of the class affairs. The largest affair of the year for the Junior Class is the annual Junior Prom. Individually, the members of the Junior Class are concerned in working toward the top in those activities into which they have chosen to enter. The class of '26 soon enters upon its fourth year of campus life — the year which culminates all that we have worked for. The year that sees the end of our campus life and our entrance into the world at large. Service to the University, however, does not end with the end of the senior year: we can continue to serve as we now serve long after we have left the campus behind us.

University Life

This review of the year's outstanding events is more than a mere review — the camera has caught moments of University life and preserved them for the time when the memory of them might become dimmed. Present events will soon fade into the obscurity of the past and new ones come to take their place. Yet the spirit, the essence of campus life, is never-changing — it will carry on into the future all that is good today. The dedication Homecoming may be forgotten, but the spirit that made it all that it was for Illinois will continue to create future events in campus life that will have the same far-reaching effect.
The broad walk—summer and winter—sees the never-ending panorama of university life.
A new feature was introduced into campus life when thousands of students massed in front of the Auditorium and marched to the Stadium to participate in the first Illini Welcome.
Once welcomed, the Freshmen were quick to make themselves at home, and the night air resounded with their shouts as they participated in classic pajama races. The Freshman Stag was an activity not soon forgotten, and the Senior Bench received its annual baptism of paint!
COMMITTEES

MEN

For Illinois Union—W. R. Brown, president; E. R. Morris, celebration chairman; T. J. Gallivan, general chairman.

Registration Committee—D. C. Arrick, chairman; C. S. Hammer, H. F. Schott, J. E. Hemwall.

Sales Committee—Division of Chrysanthemums—J. T. Blakely, chairman; Division of Stamps—J. C. Cotesworth, chairman; F. L. Leary; Division of Badges—F. S. Leary, chairman; C. R. Miller, C. T. Lindner; Division of Programs—K. W. Cook, chairman; L. H. Jones.

Publicity Committee—Russell H. Miles, chairman; M. Clinton Miller, James C. Downes, Carl J. Wiegman, Henry Heil, James Colvin.

WOMEN

For Woman’s League—Louise Van Dervoort, president; Cornelia North, woman’s chairman.

Accommodations Committee—Margaret Oldfather, chairman; Pauline Clouse, Ruth Lindsey, Roberta Glenn, Mary Burnier, Mary Windsor, Ruth Hilgard, Helen Robbins.

Decorations Committee—Dorothy Styan, chairman; Dorothy Chester, Mary Mead, Genevieve Hunt, Caroline McDavitt.

Finance Committee—Helen Hood, chairman; Valie Dry, Alice Raff, Martha Harker, Dorothy Sinclair, Elizabeth Fraker, Marcia Stafford, Mary Armstrong.

Frivolities Committee—Adelaide White, chairman; Elizabeth Blaney, Helen Mesler, Helen Rugg, Mary Stillfield, Edna Vils.

Publicity Committee—Dorothy Dickinson, chairman; Margaret Burton, Marian Quick, Elizabeth Kinsey, Dorothy Mercer, Margaret Bell.

Registration Committee—Mary White, chairman; Rachael James, Dorothy Whitaker, Elizabeth McBride, Lois Busch, Dorothy Lock, Marian Lake.

Reunion Committee—Dorothy Kahn, Katherine O’Hara, Helen Nichols, Helen McCaman, Mary Aleshire, Margaret Hoskin, Louise Linderoth.

Sales Committee—Ruth Schwemm, Alice Preucil, co-chairman; Betty Oliver, Eunice Cunningham, Martha Gillespie.
The crowds came early to Homecoming. From all directions they came to witness the dedication of Illinois' great war memorial.
The streets were thronged with people Saturday morning who gathered to watch the procession of the annual senior hobo parade. And hoboes there were, of all descriptions.
The vast crowds, restlessly awaiting the approaching game, milled about the streets in aimless wanderings.
The entire town was decorated for the occasion. Unique arrangements carried the significance of the dedication homecoming.
Governor Small came and was met by the military escort. Dr. Noble accepted the Stadium in the name of the University, the bands playing the national anthem as Gladys Pennington raised the flag, and the great throng stood silent while a lone bugler blew Taps.
Then the game began and as Grange charged repeatedly down the field, sixty-seven thousand people sent up cheer after cheer and the stands rocked and swayed with the sound.
Telegraph instruments clicked out the progress of the battle, thousands of eager listeners followed the game by radio while those who were fortunate enough to be there kept one eye on the ball—and the other on Grange.

W. F. Lodge
President, Dads' Association

The Dads gathered for a picture
The University Brigade paraded for the Dads — three thousand strong the members of the brigade passed the reviewing stand on Green street.
In the afternoon the Illini eleven battled its way to victory over the Hawkeyes while thousands of enthusiastic Dads howled with glee.
The game with Ohio State marked the first annual battle for possession of a turtle—Illibuck. After the game Ohio formally presented the creature to the members of Sachem for safekeeping for a year—or more.
Student interest was manifest in the laying of the corner stone of the McKinley Hospital. Prehn’s window was the center of interest during the World Series, and when the football team journeyed to other schools the Gym Annex was jammed with howling humanity eagerly watching the movements of their team as it was graphically pictured by the grid-graph. And who will soon forget the "check-ing" at the Junior Prom?
And after the winter's activities—spring—and the May fete with its farewell march of the senior women.
Interscholastic week-end and the circus stand out as one of the crowning events of the spring season. A real circus, presented in true circus fashion—ring-masters—clowns—and even the aerial artists.
The P. E. department drills for months for the annual event, and the pyramids and gymnastic events are the result of this effort for the circus.
The Track Meets—
Baseball Games—
Interscholastic!
And Harold Osborne, in an exhibition jump, set another record before thousands of weekend visitors.
And with the spring come the twilight concerts—spring celebration—comes capburning for the freshmen—and for the seniors—
President Kinley is interested in athletics probably more than in any other student activity. His interest in sports and the record of Illini in athletics, both in school and after graduation, were recognized when President Kinley was appointed on the American Olympic committee.

Previous to the conferring of this honor on President Kinley, the East has been represented by two members on this committee and the Pacific coast with one. President Kinley succeeded Professor Sloane of Princeton.

Due to the efforts of the University’s president, four years of physical training are required of all students. This new ruling, which went into effect September, 1924, indicates that the Illinois authorities realize the value of supervised physical training.

"Every student in athletics," the motto of the Intramural department, shows that the athletic activity at Illinois is not limited to conference competition. The Intramural department supervised play between several thousand men in almost all sports this year.

"G" Huff directs the coaching staff, which has coached Illini teams to win a majority of the major conference championships within memory. The personnel of the coaching staff is rated as the best in the country.

ALL-AMERICAN

No All-American selection was as unanimous as that of Harold ("Red") Grange, Illinois star for two years and captain-elect for his third season, whom Walter Camp honored for the second time with one of the halfback positions on his recognized mythical eleven.

"Harold Grange is the marvel of this year’s backfield," writes Walter Camp. "His work in the Michigan game was a revelation, but his performance in the Chicago game went even farther, when by his play — running and forward passing — he accounted for some 450 yards of territory. He is elusive, has a baffling change of pace, a good straight-arm, and finally seems in some way to get a map of the field at starting and then threads his way through his opponents."

"We have in Grange probably the best all-around ground gainer we have had for a long time," Mr. Camp continues. "He has that switching movement of the hips which throws off tacklers. We need hardly fear that there would be any man opposed to us who could gain anything like the same amount of distance."

And no one disputes the fact that Grange is of All-American calibre. Even The Michigan Daily did not deplete him to its second all-conference eleven this fall. One of Grange's prized possessions is a silver football, presented to him as the "most valuable player in the conference" by The Chicago Tribune.

"Red" Grange returns next fall. Surely he will repeat.
The United States won the Olympic track meet.

And Illinois' three cinder stars scored more points than athletes from any other school in the country. That is, Harold Osborne '22, Dan Kinsey '25, and Horatio M. Fitch '23 piled up 35 of the 258 points scored by the Yanks to win the Olympic track championship.

Southern California students, with 31 points, were the only close competitors of the Orange and Blue cinder artists. Missouri came third in the number of points won with 15; Michigan was the second highest conference school with 14. Only four schools earned more than ten points.

Osborne won two events in the international competition in Paris in the summer of 1924. His greatest achievement was the capturing of first honors in the decathlon, the all-around combat of the international games.

In the Illinois delegation overseas was Avery Brundage, United States Olympic official, another of Gill's students, who had won the all-around championship three times. Coach Gill, himself, was once the all-around champion of the United States.

Osborne also scored first in the high jump. He jumped six feet, eight and one-quarter inches for a world's record on Illinois Field last spring. He jumped six feet, six and three-eighths inches in Cincinnati in 1925 for the world's indoor mark and holds the world's standing high jump at five feet, five and three-fourths inches.

Dan Kinsey led the high hurdlers of the world over the barriers in time that lacked one-fifth of a second of equalling the world's record.

The remaining points of the Illinois total were added by Horatio Fitch, who placed second in the 400-meter run, raced in world's record time. Fitch previously had shattered the old world's record.

"Pitch" Johnson, captain of the Gillmen last season and assistant to Coach Gill this year, was the fourth Orange and Blue athlete on the Olympic squad. He was eliminated in the semi-final of the high hurdles.

Early Season Squad
Although defeated, Zuppke's 1924 eleven was regarded as one of the best in the country because of its enviable record, except for the unexpected tie at Chicago and the entirely unforeseen defeat at Minnesota on consecutive weekends.

Harold ("Red") Grange, with whom no player in the entire country can be compared, was so outstanding that the fans looked upon the Illinois team's success as due largely to the runs, passes and general football ability of the Indians' all-American halfback.

To be sure, Grange added almost an inconceivable total of yardage and encouraged the men to fight by his performances, but the machine-like interference of the other regular backs assisted "the most valuable player in the conference" to break loose for his breath-taking runs. Wally McIlwain, Harry Hall and Earl Britton generally mowed down the oncoming tacklers of the opponents with such precision that Grange could always be relied upon for gains until McIlwain's hand was broken and "Swede" Hall's ankle was injured.

Nebraska proved a stronger foe than expected in the first game, but Illinois showed its true strength against Butler. And the convincing defeat administered to Michigan at Homecoming indicated that Illinois was championship-bound. Bernie Shively, freshman captain in 1923, injured a leg in the first game. One of the early blows to the Zupp men was when "Mush" Crawford was declared ineligible because he had played for three years, one of them with a small college.

After the seconds had easily whitewashed DePauw in the season's fourth game, the Zupp men further demonstrated what was considered unbeatable power, when Burt Ingwersen's Iowans bowed in another merciless whitewash.

But the unexpected often bombs the best of prospects. Chicago was expected to provide stiff opposition to Illinois, but no one foresaw a tie. Yet Alonzo A. Stagg strategically planned to open a ripping offensive, so that the Chicago defense need not worry about Grange. This scheme resulted in a lead that could only be tied by "Fighting Illini," with Grange to be depended upon to unleash lengthy runs.

Minnesota's victory naturally surprised Illini followers, especially in a season that had been so successful until only a week before. But the Zupp men were weaker than usual, while the
Gophers were at their best. Not only did Illinois lose, but Grange sustained injuries that kept him from the Ohio game, the last of the season, which Illinois won with no outstanding stars.

Chicago's gold footballs, won on three victories and three ties, renewed the agitation for a rotation of games and some other method of computing percentages.

To cap the season, the player most deserving of recognition was elected captain for the 1925 campaign to succeed Frank Rokusek, the battling leader of the 1924 Indians. Harold ("Red") Grange was the choice for 1925 Illini grid chief.

Zuppke's new assistants in 1924 were Dave Wilson, who supervised the training of the ends, and Milt Olander, successor to Burt Ingwersen, who coached the freshmen to provide opposition for the Varsity.

Justus Lindgren, of course, seasoned the Illini line. E. E. Bearg, another of Zuppke's dependables, spent his last season with the Illini, Nebraska having signed Bearg to coach its eleven next fall.

| Illinois     | 21 | Chicago | 21 |
| Illinois     | 7 | Minnesota | 20 |
| Illinois     | 7 | Ohio State | 0 |
GRANGE RAN AND RAN AND RAN AND RAN AND RAN

Grange ran and ran and ran and ran—four times did Illinois’ All-American half back dash across the goal in the first twelve minutes of play against Michigan. The final score was Illinois 39, Michigan 14.

And Grange’s 95-yard return of the kickoff for a touchdown decidedly surprised the 67,000 fans who were attracted to see Illinois and Michigan battle tooth and tooth. Pre-season dope heralded the Illini and the Wolverines as the two leading contenders for conference honors.

After the score on the first play, Michigan kicked off again. Punts were exchanged, after which Grange again broke loose for another touchdown. This time the Wheaton flash sprinted for 66 yards.

Fifty-five yards were covered by Grange for his third score several minutes later. Grange started around right end, cut across the field two times, and Michigan only chased him.

Zuppke called Grange to the bench after the “most valuable player in the Big Ten” raced 40 yards for his fourth touchdown before the end of the first quarter.

Much of the credit for Grange’s scoring must go to the machine-like interference that mowed down the oncoming Wolverine tackers, so that Grange could run. The interference was perfect. Time after time McIlwain, Harry Hall and Earl Britton cut down the opposition. McIlwain didn’t always get a man—sometimes he got two.

Minus Grange, the Illini did not score in the second quarter, while Captain Herb Steger went 15 yards around right end for a touchdown. Steger and fullback Miller fought with a pathetically defeated team. Steger played in the first game that his team had not won during his high school and college career.

Grange’s fifth touchdown came in the third quarter. Unlike the first four, “Red” ran only 11 yards for this score.

And Grange helped to add another touchdown. Grange and “Swede” Hall both tried to gain, but to no avail, so Grange passed to Leonard, who wriggled across. Britton kicked three goals after touchdowns.

Rockwell scored Michigan’s other touchdown in the last quarter. Both of the extra points for the Wolverines after touchdowns were kicked by Rockwell.

Illinois was regarded as unstoppable after the overwhelming defeat handed to Michigan.
BURT'S HAWKEYES PROVE EASY

Grange didn’t run wild, but the Zuppmen harmoniously fought to overcome Burt Ingwersen’s Iowans. 36 to 0, in the second conference game.

Wally McIlwain, suffering from a broken hand, and Harry Hall, who was kicked in the ankle and who was replaced by Gallivan, were not able to assist Grange with sparkling interference.

Yet, the Illinois backs scored five touchdowns, two of which were accounted for by Grange, himself, but only on runs of short distances. Grange showed that he could plunge through the line when he was not able to break loose for his lengthy runs with interference lacking.

After two attempts to reach the goal, Grange crossed the Iowa goal for the first touchdown in the first quarter. His gain, on which he counted, was only 11 yards. Grange also accounted for the second touchdown, this time from the two-yard line, to which Earl Britton had carried the oval on a forward pass from Grange.

Illinois’ third touchdown in the opening quarter was scored by Britton, the ball being only a yard from goal, on the play in which Britton scored. Most of the advance to this point of vantage was on two passes. “Red” to Britton and “Red” to Kassel.

Again the Illini scored in the second quarter. Britton kicked off over the goal line. the ball bounded back into the playing field. an Iowa player touched the ball. and Stub Muhl recovered the ball for the Indians. Iowa’s line braced, and. in spite of a penalty for being offside. held for five downs before Gallivan hit center to score.

Three more points were added by Britton on a kick from the 28-yard line, to which Grange had carried the ball on two runs for 19 and 20 yards.

Gallivan went over for the last touchdown in the finishing quarter, after he and Joe Green had placed the ball within five yards of the goal.

Burt Ingwersen’s Hawkeyes fought—a well-coached Iowa eleven was playing all the football it knew against a stronger, Zuppke-coached football team.
CHICAGO FIGHTS TO A TIE

Swept off its feet by having the goal line crossed twice within but one minute of the second quarter played, Illinois battled to tie Chicago, 21 to 21, on Stagg Field, a surprise that will not be forgotten for years.

Although naturally dismayed by the sudden drives of McCarty, previously unknown, in co-operation with the encouraged Maroons, the Zuppmen fought prodigiously to knot the count at the final whistle. In the final seconds, Harold ("Red") Grange broke loose for a 60-yard run, only to be recalled because a teammate held.

Chicago's line opened easy passage for its backfieldmen. The bone-crushing onslaughts of McCarty scored in the first quarter. Wally Marks substituted for McCarty after the score. Yet the Maroon wall continued to scatter the Illini linemen, and Thomas went over for the Staggmen's second touchdown on the second play of the second quarter.

Then Illinois procured the ball. Gowdy kicking to "Swede" Hall. Passes, Grange to Britton and Kassell, interspersed with line plunges and end runs by Grange, carried the ball to within four yards of the goal, from where Grange skirted left end for Illinois' first score.

Chicago went wild again. Britton punted to Francis, who returned the ball to Illinois' 47-yard line. Thomas passed to Cunningham and the Maroon backs plunged to place the ball so that Francis need only slip for five yards across the goal through an easy passage.

Grange ran for two normal gains of 10 and 13 yards after Gowdy kicked off. Then Grange leaped to snap one of Britton's passes to reach the 25-yard line. Next, Grange gained eight yards in two attempts, and a fake kick brought the ball to the four-yard line, after which the Wheaton flash skidded around left end to score.

Grange pleased the fans that were aching for a spectacular play. A Chicago punt was downed on Illinois' 15-yard line. Able to break away, Grange was loose—not to stop running until he had left 82 yards behind him in his dash for the third score. Earl Britton kicked goal to tie the score.

"Stub" Muhl must be credited with twice saving the game, especially in the final quarter, when the scrappy end halted Francis. Chicago fullback, otherwise free on a goalward rally.
FALL BEFORE MINNESOTA, 20 TO 7

Demoralized by the tie at Chicago the preceding week, Illinois bowed to Minnesota, 20 to 7, which defeat blasted the Zuppmen’s championship hopes. And Grange was seemingly stopped, at least after his touchdown in the first quarter. Near the end of the third quarter, Grange was incapacitated by a torn shoulder ligament when Minnesota’s fullback, Lidberg, leaped upon Grange, down and out of bounds.

Illinois’ only touchdown came in the first quarter. A pass, Grange to Britton, for 22 yards advanced the ball to the Gopher 33-yard line. McIlwain plunged eight yards. Grange was stopped. Minnesota was penalized five yards. And after several futile drives, Grange ran eight yards around left end to score. Britton kicked goal.

Schutte, Gopher halfback, with the giant Minnesota line that overpowered the Illini wall, bested Illinois. Captain Ted Cox towered above the strong Gopher and broke through repeatedly.

Minnesota’s first score came when Lidberg intercepted a pass by Grange and ran the ball back to Illinois 28-yard line. Graham was free on a cross buck and was not tackled until he reached two yards from goal, from which point Schutte went around right end to score.

Schutte added the second touchdown with a 33-yard run around right end after he and Ascher had traveled machine-like down the field.

Grange’s 20-yard gain to the 37-yard line enraged Schutte, who traveled to the two-yard line on the next attempt and who smashed over the goal on a second play.

After Grange was injured, Illinois repeatedly tried to pass without success, while the Gophers were scoring four more downs, but twice failing in place kicks attempted by Abramson.

Minnesota’s strength in the line stopped Illinois. Time and again the terrific punch of the wall broke through to stop an Illinois play in its inception.

And, ’twas Grange’s first defeat with the Zuppmen.
EVEN GRANGELESS, ILLINOIS BEATS BUCKEYES

Grangeless, Illinois fought to the man to defeat Ohio State, 7 to 0, in the last game of the season. If an Illinois lineman had not been offside, the score would have been boosted by another crossing of the goal by Joe Green in the last minutes of play.

The touchdown that defeated Ohio and gave us Illibuck, turtle donated by Sachem and Bucket and Dipper, was scored in the first quarter after Britton missed a place kick from the 20-yard line.

Hunt tested both ends from the 20-yard line, but was stopped by "Stub" Muhl and "Chuck" Kassel. Then Hunt punted 40 yards to Illinois' 40-yard line.

Wally McIlwain netted 15 yards on the first play of the successful advance. Green was stopped twice, after which Gallivan passed to Britton on the 13-yard line. Gallivan, Green and McIlwain accounted for nine yards on the next three plays, which were followed by Gallivan's lunge across the goal. Britton kicked goal, although forced to boot hurriedly.

No one starred for Illinois in the Buckeye defeat, the entire Orange and Blue team working together. Ray Gallivan satisfied the fans, his 40-yard run out of danger after a fumbled kickoff being the longest of his dashes.

Green, who played his first full game against the Wilcemen, came through with yardage when in need. The soph halfback gained through tackle and around end.

"Stub" Muhl and "Chuck" Kassel, ends, and Captain Frank Rokusek, shifted to tackle, often were responsible for keeping Illinois' record in the Stadium clear.

"Cookie" Cunningham at left end threatened Illinois' hopes. Ollie Klee, who previously had bothered the Zuppmen, did not scare the Orange and Blue fans during the moments that he played.
SURPRISED, ILLINOIS TOPS NEBRASKA ONLY 9 TO 6

In addition to the five conference foes, Illinois battled three other elevens in its 1924 gridiron schedule.

Nebraska's early season strength surprised the Zuppmen in the first game at Lincoln Nebraska, the Illini resorting to forward passes to snatch a close victory, 9 to 6. Earl Britton's toe accounted for the deciding three points in the final quarter. After the Orange and Blue squad was unable to gain consistently through the Cornhusker line, "Red" Grange was forced to advance the ball by passes. Although Grange flashed for 40 yards on the return of a punt and for 22 yards after a triple pass, Illinois' phantom half did not gain with regularity in the opening game as in his first year.

Rhodes, an end until halfbacks Locke and Mielenz were injured, scored the lone Nebraska touchdown on a 33-yard dash in the first quarter, which forced the Zuppmen to go on the offensive.

Illinois opened its advance for its only touchdown in mid-field in the second quarter. Thirty-two yards were accounted for on passes from Grange to Gallivan and Britton. "Chuck" Kassel, sophomore end, crossed the goal to tie the score on another pass from Grange.

Although Britton failed to kick goal after the touchdown, the former Elgin athlete kicked from placement in the last quarter from the 27-yard line, after Illinois had advanced goalward with passes but were being retarded more and more by the strengthening of the Nebraska line.

Bloodgood, Nebraska kicker, tried a dropkick that went far wide of the posts, as did another of Britton's efforts.
BUTLER SNOWED UNDER, 40 TO 10

Butler proved easy for Illinois in its second game of the season, Grange and Gallivan scoring two touchdowns each and Leonard and McIlwain also crossing the goal line. With Britton’s four kicks after touchdowns, Illinois won 40 to 10.

Naturally, Grange’s capers were not surprising, even after he did not run so freely against Nebraska. Wally McIlwain’s gains through Pat Page’s line stamped him as the outstanding performer early in the game.

Griggs, remembered for his run two seasons ago, Woods and Nipper launched the Butler aerial attack, which did not materialize until the second half. However, Illinois had amassed 33 points, a comfortable lead, in the first half by using straight football with occasional forward passes. Neither team scored in the third quarter. Butler’s ten points came in the last quarter, in which Gallivan was the only Illini to score.
SECONDS CARE FOR DEPAUW, 45 TO 0

DePauw, opponents for the Zuppmen after the Homecoming whirlwind and before the walk-away from Iowa, proved to be Illinois’ easiest foe. Coach Zuppke’s seconds piled up a 45-point whitewash. “Red” Grange sat on the bench throughout the game.

Only once could DePauw threaten to score. That opportunity came in the fourth quarter when by a series of passes Sturtridge advanced the ball to the Illini five-yard line. But the Indians braced and DePauw lost the ball by passing over the goal line.

Gallivan understudied for Grange at DePauw’s expense, which was for 18 points, the former Urbana back crossing the goal line three times. “Joe” Green came second in scoring honors, two of the trips across the goal being accounted for by the Rockford boy. Purdunn scored the other touchdown.

Britton kicked five goals after touchdowns and Gallivan booted successfully after one score and also kicked between the posts from the field once.

---

Zup teaching fundamentals in early drill
With the return of Grange as Illini leader next fall, the Orange and Blue outlook for 1925 looms promising. One of the most satisfactory results of the last season is that five of the letter-men were sophomores.

Only two of the backfield men that won letters, W. W. McIlwain and E. G. Schultz, will be lost by graduation. The returning backs are Earl T. Britton, fullback; Ray P. Gallivan, half and quarter; Harold E. Grange, half; W. J. Green, half; Harry A. Hall, quarter, and M. R. Leonard, half.

Zuppke's line, however, is not so fortunate. Graduating linemen are G. L. Roberts and L. J. Umnus, centers; "Windy" Miller and L. F. Slimmer, guards; "Dick" Hall, tackle, and Capt. F. E. Rokusek and Dwight Follett, ends. Returning linemen will be Stub Muhl, C. A. Brown, C. E. Kassell and B. A. Shiveley.

VARSITY BASEBALL 1924

Handicapped by injuries to its pitching staff late in the 1924 season, Coach Carl L. Lundgren's Illinois baseball nine finished fifth in a very ordinary Big 10 schedule. The Orange and Blue baseball players won all their games at the beginning of the year and all the frays away from home, but lost its last three at-home conference games. Captain Wally Roettger, on whom Coach Lundgren depended for many of the Illini victories, was incapacitated with injuries to his arm and back so that he was easily fatigued. Lefty O'Connor injured his shoulder. Binger broke a blood vessel in his elbow, and Fred Kinderman broke a cartilage in his knee, which was operated on last summer.

Coupled with the injuries was the unusual failure of the Illini team to hit. Even when the young moundsmen were pitching fair ball their teammates were unable to score runs.

Michigan won the conference championship with eight victories and two defeats. Ohio State was second with seven wins and two defeats. Wisconsin and Minnesota finished third and fourth respectively. Rain postponed at least one game for all the teams, and Illinois was rained out of three games.

Five of the seven games on the southern trip were Illinois victories. And the journey southward was successful not only from the standpoint of Illini triumphs but the trip also uncovered new material.

Three runs in the ninth inning clinched Illinois' first encounter, that with the University of Mississippi, 7 to 3. Both teams scored a run each in the third inning. Mississippi followed with two in the fourth, and Illinois tied the score in the sixth. A run was added by each team in the seventh, and only the last inning rally by the Indians won the game.

Mississippi A. and M. took Lundgren's nine into camp in the second game, 6 to 3. Fifteen Indians were struck out, puzzled by the offerings of Pitcher Johnson. Another advantageous ability of the southerners was to assimilate their efforts, six runs being scored on six hits and two errors.

Again Illinois attempted to rally in its last time at bat. After Johnson had struck out Harper and Hull, O'Connor and Schlapprizzi walked. Ponting singled to score O'Connor. Schlapprizzi added another run on Johnson's wild pitch, but the Mississippi team strengthened to stop the scoring.
Illinois’ second scalp was captured in the tenth inning of its second game with Mississippi A. and M. when four runs were scored for a 7 to 3 win. Margolis walked with one out to open the extra inning rally and went to second on a wild pitch. Simonich scored Margolis on a hit, on which play Simonich reached second base. Erickson followed with a single, on which Simonich scored. Jestes walked, as did Harper. On Harper’s fourth ball the Mississippi catcher unconsciously threw wild to third base, so that Erickson counted. Jestes added another run before the end of the inning.

The Lundy men hit four times and erred in six plays to be whitewashed by Tulane, 7 to 0. The New Orleans’ nine, however, did not connect with Roettger’s slants but four times, a favorable showing so early in the season, although the Illini captain was wild.

Illinois turned the tables in its second game with Tulane, however, and piled up a 10 to 3 score. Binger pitched satisfactorily, but the ability of the Orange and Blue to hit in the pinches accounted for the top-heavy score. Simonich caught, as Erickson injured a finger in the first Tulane game.

Louisiana State University bowed in defeat to the Indians twice to conclude the southern trip. Illinois bunched its eight hits in the first, second and seventh innings and played well defensively behind Barta for the first victory, 8 to 4.

Three runs in the first inning of the second invasion of Baton Rouge to face the state university inspired Illinois again to trounce the southerners, 6 to 5. Simonich, Margolis and Wallie Roettger hit consistently in the last game on the sojourn in the South.

SOPHOMORE ASSISTANTS
Wallie Roettger hit a double and a homer to materially assist Illinois to win its first conference game with Purdue, 6 to 5. Again, the last inning was needed to cinch the game. Ponting, batting for Grange, reached first base on a drive through the Purdue second baseman's legs. Stahl, who ran for Ponting, was sacrificed to second by Jestes. Stahl advanced to third base on a passed ball and scored the winning run on Moaty Hull's Texas leaguer.

Although Roettger allowed but four hits, every one of the blows came at opportune times and were combined with the four misplays by the Indians. Taube, speedy centerfielder for the Boilermakers, caught five drives in his territory, many of the hits seemingly for extra bases until the visiting gardener sped to catch the ball.

Roettger, Hull and Jestes carried off slug-
ging honors for the afternoon.

Captain Roettger and his baseball cohorts swooped down upon Wisconsin and left with another scalp, 4 to 1. Roettger twirled masterfully, with ten strike-outs, in spite of the unfavorable spring weather. His teammates also had to fathom predicaments caused by bad hops of the ball on the wet diamond.

Illinois scored a tally in the first inning and the Badgers evened the count in the fourth inning. The three winning runs came in the sixth inning, after O'Connor and Roettger had been robbed of line drives to centerfield.

Margolis, however, introduced the slugging jamboree with a triple to left field, and he scored on Simonich's scratch single off Pitcher Christianson's glove. Robinson aided with a double, and scored behind Simonich on Schlapprizzi's two-base hit to right field.

Wally Roettger stopped a prospective rally that loomed ominous in the ninth inning.

Iowa scored its four runs in the fifth inning of Illinois third conference game. Lengthy drives in the seventh and eighth innings, however, turned the tide, for the Indians won the tussle, 5 to 4.
Illinois had picked up a run in the fourth and another in the fifth. With Iowa in a two-run lead, Monty Hull hit for four bases with Schlapprizzi on base in the seventh inning to knot the count.

In the next inning, O'Connor, the first man to bat, was out in a close play at first, but Roettger followed by connecting for a triple in right center field. Margolis walked and Simonich lined a single over second base, on which Wally scored, although Margolis was caught at second.

Kinderman finished the game after Roettger had hurled the first seven innings.

A continuous downpour during the preceding day and on the day of the game caused the postponement of the scheduled tilt with Michigan at Ann Arbor. A new conference ruling provides that postponed games may not be replayed.

The next conference game, that with Chicago, also was postponed. Both teams had completed the preliminary practice before the authorities decided that the game should be postponed, as rain poured at the time that play was to begin.

And rain interfered with the next game at Columbus, Ohio, which contest was called in the first half of the seventh inning, in which half Illinois had broken the tie that resulted at the end of the sixth inning. As Ohio State could not bat, Illinois' three runs were not counted, so the game ended in a 6-to-6 tie.

The Lundymen jumped into a five-run lead in the first inning of the Ohio State game, but the Buckeyes scored two runs in the same inning, a third score in the second time at bat and enough runs to tie the score in the third inning. Each team accounted for another run in the fourth inning.

Rain naturally tended to weaken the defensive play of both teams. Ohio State erred five times and four errors were chalked up against Illinois.
Three successive two-base hits in the eighth inning won for Illinois its second encounter with Iowa. The score was 6 to 4. Harry Harper reached second base on a drive in the eighth and scored on Lefty O’Connor’s liner, also enough for two bases. On Wally Roettger’s two-bagger, O’Connor scored.

Although Roettger was wild at times, two runs in the third inning were all that could be scored by the Hawkeyes during the captain’s regime on the mound. Fritz Kinderman relieved Roettger in the fifth frame. Iowa added two more runs in the eighth inning, but could not overcome the Illini lead.

Notre Dame played Illinois by way of diversion from the conference schedule and pounded Harold Grange, undoubtedly the country’s outstanding college athlete, for seven runs while the Irish held Illinois scoreless.

The eight hits off Grange alone did not account for the Notre Dame victory, as the Illinois team miscued five times. Pitcher McGivney held the Indians at his mercy throughout the game and “Red” Grange’s triple was the closest that the Indians came to scoring.

Illinois’ first defeat in the conference race was suffered at the hands of Wisconsin, 3 to 1. Weird fielding proved costly for the Lundy-men, to be sure, but the Badgers hit safely ten times, which materially aided the Cardinals in scoring. The Illini were held to five hits. Robinson scored the only run of the Orange and Blue in the seventh inning, in which Illinois had its best opportunity. Wisconsin went into the conference lead with the win over Illinois.

Illinois’ failure to hit in the pinches lost the second game with Ohio State, 8 to 2. The two runs scored by the Orange and Blue nine were both on home runs. Wally Roettger driving a circuit swat to the track in the eighth and Barta hitting a homer in the sixth round. Walther, Buckeye first baseman, accounted for two home runs.

Kinderman started on the mound but retired in the third when Ohio State combined four stinging singles, a pass and three Illini errors to score five runs. Barta replaced Kinderman for his first appearance in conference competition on the slab.
The Lundymen scored its three runs in the seventh-inning rally to defeat Meiji university, champions of Japan, 3 to 2. Ted Eichler pitched his first game for Illinois against the Japanese. “Red” Grange being relieved after holding the foreigners scoreless in the first two innings. Eichler allowed but three hits.

Michigan rolled up four runs in its first time at bat, enough to defeat Illinois, 6 to 2, in the last game on the Orange and Blue schedule. In the fourth and fifth innings, Illinois retaliated with a tally in each, but this was all that the Lundymen could score. Blott starred for the Wolverines.

And, as for the 1925 prospects, they were set back materially after the second semester examinations when Les Schlapprizzi was declared scholastically ineligible. Louis Sinonich, one of the four lettermen returning, was elected his successor. Other ‘I’ men returning are Kinderman, Jestes and Margolis.

However, many athletes are returning that competed in many of the 1924 games; and Burt Ingwersen’s last freshman squad before going to the University of Iowa should bolster the Lundymen in 1925. The best players on the 1925 squad seem to be Capt. Simonich, Hoffman, O’Shaughnessy, Worth, Jordan, Foulk, Olson, Margolis, Erickson, Kinderman, Jestes, Paxton, and Barton.

Eight games were played the 1925 Lundymen on their trip south. The first tilt was scheduled with Mississippi, the next two with Mississippi A. and M.; two more with Alabama; two other frays with Auburn Polytech, and the last with the University of Cincinnati.

Paul Stewart, captain of the Illinois nine in 1923, is coaching the freshman baseball squad to succeed Burt Ingwersen.

VARSITY TRACK 1923-24

REVIEW OF THE SEASON

The University of Illinois track squad won both the conference indoor and outdoor meets, defeated Iowa and Notre Dame in two indoor dual competitions, and beat California, Michigan and Notre Dame in outdoor meets, besides placing creditably in relays, for another meritorious year in the 1923-1924 season to be added to Coach Harry Gill's record.

So common has been Coach Gill's success at track that a clean slate for the Orange and Blue track team attracts little attention, but the overwhelming counts by which the Illini won in 1924 brought recognition from all over the country.

The number of Gillmen that held national or world's records accounts for the points piled up during the season.

Milt Angier, who threw the javelin two hundred and three feet, nine and one-half inches for the American intercollegiate record, however, did not throw that far in his senior year because he was hindered by an injured knee.

Two Illini hurdlers showed speed. Dan Kinsey, Olympic Champion, raced over the high hurdles for 75 yards in world's record time, and Capt. Pitch Johnson equalled the world's best time for the 110-meter high hurdles in the Olympic finals at Boston in 14 4/5 seconds.

Dean Brownell's boyhood ambition to become champion pole vaulter was realized in the spring of 1924 when he vaulted 13 feet, 2 inches for a national collegiate outdoor record. He also holds the world's indoor record off a dirt floor of 13 feet, 5 3/8 inches.

Bud Evans also set up two new world's records. His record times were raced for the 220-yard dash and the 200-meter event, both around one turn in 21:2/5 seconds.

Six of the ten existing indoor records are held by Illini.
Illini Better Four Hawkeye Records

Four University of Iowa armory records were bettered and two others were tied by the Indians in their track meet with the Hawkeyes at Iowa City, which was won by Illinois, 56 3/4 to 47 1/2. Dean Brownell, who continued to vault higher and higher during the year, cleared the bar at 12 feet, 9 1/10 inches, almost a foot higher than the previous Iowa record.

Fred Schildhauer broke the shot put record, his winning heave measuring 44 feet, 2 3/4 inches. The best previous put was 41 feet, 2 inches. Sweeney broad jumped 22 feet, 5 3/8 inches for another new record. Eddie Mieher's time of 9:49 2/5 minutes in the two-mile run lowered the previous mark of 10:07 set by Wharton, Scott and Swanson, all of Illinois in 1922.

Robert Ayres tied the Iowa record of 5 and 2/5 seconds in the fifty-yard dash and Dan Kinsey hurdled the sixty-yard event in 7 and 3/5 seconds, also a Hawkeye armory record. Kinsey finished second to Brookins to equal this time.

Charlie Brookins won the highest number of individual points in this meet. the Hawkeye athlete scoring first place in the low hurdles, second over the high barriers, third in the broad jump, and running as anchor man on the relay team. which out-distanced the Illinois one-mile team.

Notre Dame Swamped by Gillmen

Notre Dame was also swamped by the Gillmen in a dual meet. The Illini smashed four records for this 72 1/3 to 22 2/3 victory over the Irish.

SOPHOMORE ASSISTANTS

R. F. Clark  H. Adams  T. W. Hofsommer  H. C. George
D. B. Stotney  L. J. Rollinger  M. E. Johnson  F. G. Clarke  P. J. Trenkle  P. C. Smith
F. C. Miller  W. S. Everett  N. F. Haseltine  N. T. Elliff  T. W. Sanderson  A. M. Swanson
Firsts were won by the Orange and Blue in all but two events, the broad jump and the half mile. Illinois also took all three places in the 75-yard dash, the high hurdles and the 440-yard dash. special 330-yard dash and the low hurdles.

H. T. (Bud) Evans broke the track record in the 300-yard dash with a time of 31 6/10 seconds. Another of the marks lowered was that in the two-mile, which Eddie Mieher ran in nine minutes, 51 3/5 seconds, to better Mike Mason’s time in 1916.

Fred Schildhauer bested the carnival record for the 16 pound shot put by 3/4 of an inch when he tossed the weight 43 feet, 3 3/4 inches. Laurie Wright broke Harold Osborne’s carnival high jump record.

**Illinois Cops Indoor Championship**

That Coach Gill commanded a well-balanced track squad was demonstrated in the fourteenth annual conference indoor meet when Illinois won six firsts, three of which established new conference records and two of which equalled the best in the Big Ten loop.

Illinois scored 38 1/3 points for first honors, more than twice the amount scored by Michigan, its closest competitor. Michigan won 19 points. Iowa 15 1/2, Chicago 13, Ohio State 8, Northwestern 7 1/3, Minnesota 6 1/2, and Wisconsin 2 1/3.

Dean Brownell’s vault of 13 feet, 5 3/8 inch set a new world’s indoor record as a feature of the fourteenth annual meet. But Brownell was not alone in establishing new records, as Mel Hall clipped two-fifths of a second off the record of 4:24 minutes in the mile, set by Mike Mason, one of Coach Gill’s distance runners in 1916.

Eddie Mieher crossed the tape first in the two-mile run in 9 minutes and 41 seconds. four-fifths of a second less than the conference record set by Russ Wharton, Illini distance runner of 1922.

Dan Kinsey nosed out Capt. Pitch Johnson in the 60-yard high hurdles in a time of 7 3/5 seconds to equal the best previous time in that event. Captain Johnson won his heat in that event in the record-equaling time.

Robert Ayres tied the conference record in the 50-yard dash, 5 2/5 seconds. This time was also registered by DeHart Hubbard of Michigan in this event, the only other athlete to equal a Big Ten record besides the Illinois men.

Fred Schildhauer also won a first in the shot put with a heave of 42 feet, 5 3/8 inches, which, however, did not better the conference record.

The six firsts were good for 30 points. The remaining eight and one-half points for Illinois were won by Pitch
Johnson with a second in the high hurdles, by Koonz with a second and by Dale Carter with a third in the quarter mile, and by McHose, who tied for fourth in the pole vault.

**California Falls Before Illini**

Even California bowed to Illinois in a dual meet, the Orange and Blue trackmen returning with a 72 1/3 to 58 2/3 victory after the Easter vacation. In the cinder events Illinois scored 51 points to California's 26 points, while in the field events California piled up 32 2/3 points to 21 1/3 for the Illini.

Capt. Bill Neufeldt, California, was the high point winner with 11 and Bud Evans and Dan Kinsey came second with 10 points apiece.

Illinois and California each made clean sweeps in two events. Doug Fessenden, Joe Koonz and Dale Carter scored for the Illini in the 440-yard run and Eddie Mieher, Sam Marzulo and Joe Makeever copped all the points for the Gillmen in the two-mile run.

California's easy events were the shot put and discus, in which the Bears accounted for the point-winning distances.

Three of the Illini were handicapped in the meet. Dean Brownell was suffering from an injured arm, Flint was unable to compete because of boils and Ayres was troubled with a pulled tendon. Ayres journeyed as manager, Earl Schwem being declared ineligible.

On April 19, the day of the California meet, two Illini weightmen competed for the Orange and Blue in the Second Annual Kansas Relays. V. R. Usey took second in the shot put but John Coughlin, the second Illini entry, failed to place in the discus throw.

**Illinois Scores Prominently at Drake**

Illinois scored the most impressive showing of any team entered in the Drake Carnival on the Saturday after the California triumph.

Brownell, who was expected to vault for more glory, was unable to compete on account of the injury to his arm while practicing in California. Art Rehm was also incapacitated.

Not only did Illinois cop two relays, the four-mile and half-mile races, and finish second in the mile and 440-yard relays, but Bud Evans ran fastest in the 100-yard dash and Dan Kinsey finished first in the 120-yard high hurdles. Capt. Johnson came second in the high hurdles.

Ponzer, Makeever, Mieher and Hall ran for Illinois
on the winning four-mile relay team and Schock. Carter, Ayres and Evans were the relay men that finished first in the half-mile.

**Illinois Wins All But One First**

First in all but one event won Illinois an easy 102 to 24 victory over Notre Dame in a dual meet at South Bend on May 3. In the javelin throw, Oberst of Notre Dame won with a heave of 192 feet, 11 inches, only an inch more than the throw by Angier of Illinois.

Evans won the 100-yard and 220-yard dashes for Illinois with Bob Ayres second in the former and Schock second in the longer dash. Kinsey easily won the 120-yard and 220-yard hurdles for two firsts also. Pitch Johnson finished second over the high obstacles and Plato after Kinsey in the 220-yard event.

Makeever and Hall were the first two to cross the tape in the mile run; Carter and Koonz raced first and second for Illinois in the 440-yard dash; Marzulo and Mieher finished in the same order in the two-mile run; Schildhauer and Usrey put the shot for the two longest distances: Wright leaped for a first in the high jump while Schildhauer tied for second with an Irish athlete; Schildhauer placed third in the javelin throw; Sweeney won first honors in the broad jump; Hunzley and McHose tied for first in the pole vault; three Illini, Schildhauer, Coughlin and Usrey, won the discus; and Ponzer finished first in the half-mile run.

**Michigan Easy for Illinois, Too**

Illinois was far too strong for Michigan, as the 106 to 29 score indicates in the track meet on the afternoon before the 1924 Interscholastic.

To overwhelm the Wolverines, the Gillmen won all point-winning places in the 120-yard high hurdles and the 440-yard dash, and copped firsts and seconds in seven other events.

Bud Evans shattered his own Illinois record in the 220-yard dash in 21 1/5 seconds and tied the 100-yard dash record of 9 4/5 seconds, of which he was the joint holder before.

Two other Illinois records were bettered during the romp over Michigan. Dan Kinsey stepped over the 220-yard low hurdles in 24 3/5 seconds, one-fifth of a second less than Walles Ames' record in 1917. Fred Schildhauer bested the other record when he put the shot 45 feet 7 3/8 inches, the best heave in the conference so far that season.

Ernie Ponzer's victory in the half-mile, in which Hattendorf, Freyberg and Reinke, Michigan runners, com-
Ponzer won his first half-mile in a collegiate meet in one minute, 57 3/5 seconds. Schildhauer was high point winner for the day with firsts in the shot put, javelin throw and discus. Kinsey was on Schildhauer’s heels for honors, however, with a first in the low hurdles and second in the high hurdles and javelin; while Evans won ten points with two firsts in the dashes.

Gillmen Amass 74 Points in Outdoor

Gill’s cinder artists scored in 13 of the 16 events for 74 points for the western conference outdoor track championship on Stagg Field on June 6 and 7.

Although weather conditions were unsatisfactory, cold and rain threatening throughout the meet, Illinois scored more points than has ever been accounted for by a team in a conference meet. Illinois’ 74 points were almost twice as many as those of Iowa, its closest competitor with 39 points. Michigan scored 31 ½, the third largest number of points; and Ohio State, 20, for fourth.

Charles Brookins, Iowa, broke his own record for the 220-yard low hurdles in 23.8 seconds, nine-tenths of a second off his former world’s record. Bud Evans, Illinois, equalled the Big Ten record for the 220-yard dash with 21.6 seconds; and DeHart Hubbard, Michigan, tied the existing conference record in the 100-yard dash in 9.8 seconds.

Six Orange and Blue flashes scored in the dashes. Bud Evans won second and Bob Ayres third in the 100-yard
dash and Bud Evans came first, Seth Hughes, third; Schock, fourth, and Bob Ayres, fifth, in the 220-yard event.

Kinsey counted in both the hurdle races, first in the 120-yard event, with Pitch Johnson third, and second in the 220-yard race. In the runs Illinois also placed. Makeever finished first and Hall second in the mile; Mieher third in the two-mile; and Carter second and Koonz third in the 440-yard run. Illinois ran third in the mile relay.

Fred Schildhauer’s first in the javelin was Illinois’ only first in field events. And Schildhauer threw second farthest in the discus with Bunny Oaks fourth in the hammer.

Dean Brownell vaulted second highest and Hunsley tied for third with Meder of Iowa and Hammann of Wisconsin.

Sweeney and Wallace leaped for third and fourth places, respectively, in the running broad jump.

Nine lettermen, Angier, Ayres, Carter, Hall, Johnson, Oakes, McHose, Coughlin and Fessenden, were lost by graduation in 1924.

And, to heap trouble on the backs of Coaches Gill and Johnson, Fred Schildhauer was declared ineligible because he competed with the Illinois Athletic club, and Dan Kinsey and Dean Brownell were ineligible until the second semester. Pitch Johnson is Gill’s assistant and Eddie Mieher, captain.

But as long as Harry Gill is coach, Illinois has little to worry about. His consistency in winning track meets will seldom, if ever, be equalled.
Coach Harry Gill's harriers scored fifth in the western conference cross country run; tied with Iowa in a dual meet here, and finished third in a triangular meet with Ohio and Michigan.

Eddie C. Mieher, S. J. Makeever and H. R. Miller crossed the tape second, third and fourth respectively as the best Orange and Blue runners in the meet with Iowa here on November 1. H. R. Phelps, Iowa star, won the four-mile race in a strong wind in 21 minutes, 7 seconds. J. E. VanNess, Iowa, came fifth, followed respectively, by B. G. Marchi, Iowa; A. N. Bender, Iowa; D. C. Mieher, Illinois; R. K. Stonebrook, Iowa; F. O. Terbell, Iowa; C. R. Johnston, E. D. Ponzer, F. C. Roe and J. L. Iftner, all of Illinois.

Eddie Mieher raced second only to Wickoff of Ohio State in the triangular meet with the Buckeyes and the Wolverines on the following week-end in Columbus, Ohio. Ohio scored 29 points, Michigan 35, Illinois 56.

Miller tied with Piper, Buckeye distance runner, for twelfth place for the second best Illini showing. Makeever finished fourteenth; Johnston, fifteenth; Marzulo, seventeenth; Ponzer, eighteenth; Topper, twenty-first.

Mieher was again Illinois' fastest harrier in the conference run at Ann Arbor, in which he ran fourth. Phelps of Iowa, first; Shimek of Marquette, second; and Wendland of Northwestern, third, scored ahead of Mieher.

Miller, who finished twenty-second, was the second best Illini: D. C. Mieher, twenty-sixth; Johnston, twenty-eighth; Ponzer, fifty-sixth.
RELAY CARNIVAL

Eight Illinois' Indoor Relay Carnival records were shattered and three were equalled in the eighth annual "classic of the west" in 1925. Three university relays, two college relays, two special events and the all-around were bettered while three marks in special events were tied.

Emerson Norton of Georgetown, who captured the all-around championship in 1923 while attending Kansas, retained the championship and, in so doing, he scored 5,603 points. This total is the highest, the previous high total being 5,454 scored by Harold M. Osborne, '22.

Georgetown University's crack one and two-mile relay teams also set new marks in both events. The two-mile event was won in 7 minutes and 56 seconds, within 4/5 second of the A. A. U. indoor record. The one-mile team's time was three minutes, 25 4/5 seconds.

Herbert Schwarze, 272-pound Wisconsin sophomore, put the 16-pound shot 47 feet, 3 1/4 inches for another new record.

Two Kansas University teammates, Poor and Graham, set a new height in the high jump at six feet three inches, three-quarters of an inch higher than the height leaped by Harold Osborne '22 in his last year at the University.

Cornell College nosed out Knox in the two-mile college relay to break the third relay record.

Roland Locke, Nebraska, and DeHart Hubbard. Michigan Olympic and world's broad jump champion, shared honors for the largest number of points. The Cornhusker defeated Wittman, of Michigan, winner in 1924, to tie the carnival record in the 75-yard dash. Locke also won the 300-yard dash, in time that equalled the carnival mark.

Hubbard leaped 23 feet 6 3/8 inches to cop the broad jump and he flashed first across the finish line in the 75-yard low hurdles 2/5 seconds slower than the record.

Iowa State broke the third university relay record of the night with a time of 18 minutes, 13 2/5 seconds. 4 4/5 seconds better than the previous record.

Martin, Northwestern runner, equalled the carnival time in the 1000-yard run with a time of 2:19 4/5 minutes.

Illinois did not place as conspicuously this year as usual. Wallace won third place in the 75-yard low hurdles and another third in the broad jump. Werner raced for a third in the 75-yard high hurdles, Dan Kinsey being ineligible. Rue finished fourth in the 1500-meter run, and Hunsley tied for second in the pole vault.

The Gillmen were weak in the relays, too. For the first time in years, the Orange and Blue squad failed to win the favorite four-mile, third being its place. Illinois ran fourth in the mile relay.

Records fell as was expected in the 1925 carnival, but the Gillmen were weak with Dan Kinsey and Dean Brownell ineligible.

Too conscientious and minus the services of Capt. Johnny Mauer, Coach J. Craig Ruby's 1925 basketball team lost four of its last conference games, after defeating the first seven Big Ten foes. Little was expected from the Orange and Blue before the season opened, because Captain Mauer was the only regular that returned, although Ted Haines and Don Karnes had also won their letters the previous year.

The season's misfortune was the injury to Captain Mauer's knee early in the second semester. With Mauer missing, the team lost its timing until Karnes had fully mastered the passing at the right time and place. But the Illini tied with Indiana for second place.

Ohio State, with a veteran team in the field, met but one defeat during the year for the championship. With scoring aces like Miner and Cunningham, the Buckeye offensive was always too much for its opponents. Logan was the biggest asset to the Indiana team, which was also composed of consistent scorers and clever guards.

While Captain Mauer was able to play, he continually terrorized the opponent's guards with his eye for the basket. His presence in the game also inspired the men, and all advances of the team centered about him.

Cord Lipe coached the guards this season, his senior year in school. He was ineligible to play.

Ted Haines, captain-elect for next season, will be remembered best for his usual baskets from the middle of the floor. Not often did Ted shoot for the basket, but he was sure to make a good percentage of the attempts. He also capably advanced the ball by dribbling.
Russ Daugherty’s eligibility aided Illinois perhaps as much as any one factor. Generally good for a volley of baskets, Daugherty was invaluable on the offense and could watch his man also. Jack Lipe, who enrolled in Illinois after attending Lake Forest Academy, and Holly Martin were in the Orange and Blue lineup regularly, too, their points often being conspicuous in the scoring column.

The two seniors on the squad were both substitutes. Don Karnes was described by Coach Ruby as the most dependable utility player that he had ever known. Cecil F. Hollopeter played well in the games that he played.

And the season uncovered two sophomores. Mike Reynolds, the find of the season, fought scrappily and should develop into one of the best guards of the Big Ten in the next two seasons. Charles Kassel, also star end on Zuppke’s eleven, won his second letter of his sophomore year in school. He played at guard.

With but two of the nine lettermen lost through graduation, Coaches Ruby and Lipe practiced this spring in hopes of perfecting the system of play and of finding a tall player for center. Everyone on the squad jumped at center at some time or other during the season, no one being especially adapted for the jump, and Coach Ruby being desirous of learning the ability of each.

Illinois jumped into the lead at the very start of its first game to defeat DePauw, 27 to 23. Capt. Johnny Mauer threw five baskets and Don Karnes sank four field goals and a free throw for premier scoring honors of the Orange and Blue in their first game.

Washington University also bowed to Illinois in the early season practice. The score was 36 to 19. Many of the Illini found little trouble in hitting the hoop. Haines at guard accounted for four baskets and two free throws; Karnes and Daugherty, three and two points after fouls each; Martin, two baskets and four free throws; and Mauer, a basket.

Butler bested Illinois, 28 to 26, only with a basket in the last minute of play, after Illinois had led the offensive throughout most of the second half. The first half ended 12 to 9 in the Pagemen’s favor, but the Orange and Blue fought from the start of the second half and scored six points while Butler was spellbound.

Mauer, Kassel and Haines tied for Illini honors with five points each.

Baskets scored in the last six minutes of play won Illinois’ third game, that with Kentucky, 36 to 26. Before the rally the score was close, the Rubymen being unable to count on free throws.

Martin, Daugherty and Haines tied for highest scoring honors for Illinois against Kentucky. Martin and Haines each looped four from the floor, while Daugherty threw three baskets and two free throws, the only extra points on fouls scored by Illinois in the game.

Notre Dame played Illinois off its feet for the second defeat of the season between semesters at South Bend when Illinois scored but three free throws to 15 points by the Irish in the first half. The final score was 29 to 18.

Nyikos was the star of the game. Time and again the Irish center advanced the ball down the floor to terrorize the Illini, and also counted the largest number of points with three baskets and a free throw.
Illinois’ whirlwind offensive overcame the jinx that had pestered the Orange and Blue on the Bartlett gym floor since 1916 and the Rubymen defeated Chicago, 27 to 16, in a game marred by numerous personal fouls called on each team.

A fast criss-cross formation proved to be Illinois’ greatest offensive force, and the Illini guards covered the Maroons closely in a fast and rough game.

Daugherity was the outstanding Illini scorer with four baskets and five free throws. Martin was second best with three ringers. Chicago scored but three baskets.

Illinois jumped into an early lead in its victory over Northwestern. Never did the Purple threaten to tie the score in the first half, which ended 19 to 10, but the Methodists came back stronger in the second half to within two baskets of a tie at one time. The final score was 27 to 16.

Holly Martin, who started at right guard, starred for Illinois. He looped five baskets and caged one free throw. For the second game of the year, the men were passing accurately and carefully. The tight guarding, so evident in the Chicago game, continued.

Increased speed in the second half of its first at-home game and greater accuracy at the basket won for Illinois a victory over Indiana, 34 to 24. The most evident of the Orange and Blue weaknesses was the lack of a center, the Hoosiers controlling the tip off. Illinois led at half by only one point, 14 to 13.

Daugherity was again the best Illini scorer with five baskets and three free throws. His closest competitor on the team was Johnny Mauer, playing at center, who threw four baskets.

Logan, forward of the invaders, was the leading scorer of the night with six baskets and two free throws. The Indiana team relied on him to score after the teammates had advanced the ball near the basket.

From the point of view of the fans, Illinois’ victory over Iowa, 23 to 15, was perhaps the best game played on the home floor this season. Only with a strong windup of eight points, the Rubymen outpointed the Hawkeyes, as the score was 15 all with six minutes to play.

Capt. Johnny Mauer again scored individual honors with 11 points, six of them in the last minute spurt, while Ted Haines guarded closely and sank two long shots in the crucial moments. Laude and Raffensperger played best for Iowa.

Capt. Johnny Mauer was lost to the Orange and Blue for weeks early in the second semester, due to injuries to his knee.

The first game after his injury was an easy Illini victory over Northwestern, 30 to 20. At no time did the Orange and Blue exert themselves, and Ralph Baker, the Purple threat, failed to perform as splendidly as was expected, although he did corner three baskets and five free throws.

Ted Haines kept up his consistency with two lengthy shots and as many free throws. Jack Lipe, playing his first game on the home floor, sank three field goals, while Russ Daugherity also threw a pair.
Russ Daugherity's two baskets and another by Mike Reynolds in the last two minutes of play defeated Chicago, 19 to 15. Fast passing with accuracy was evident in the rally.

Chicago led at the end of the first half, 12 to 9, but the Illini guarded so closely in the second half that the Maroons scored but three points. Babe Alyea was in evidence for the visitors with two field goals in the first half, or rather until Daugherity hounded the Chicago center in the second half. Alyea was the keystone of the Maroon offensive.

Illinois' seventh consecutive conference victory was captured from Wisconsin here, 35 to 25. In this triumph, Coach Ruby's warriors trounced the five coached by the Illinois mentor's former teacher, Dr. Walter Meanwell. The Orange and Blue jumped into the lead and lead at the half, 20 to 11.

Daugherity, after shooting wildly for the last two games, led the Indian attack faultlessly with seven field goals and two free throws for 16 of the 35 Illinois points. Bain and Barwig led the Badger attack with nine and seven points, respectively.

So close was the guarding on both sides that 31 personal fouls were called on the two teams.

Illinois' first defeat at the hands of a conference foe was suffered in the game at Bloomington, Indiana, which Indiana won handily, 30 to 24. The Rubymen led at the half, 18 to 8, but the Hoosiers came back desperately in the second to score 22 points while the Orange and Blue accounted for but six points.

Iowa's rejuvenated five surprised Illinois' champion hopes with a 33 to 25 defeat. A bit disheartened by the Indiana defeat that week, the Illini were outclassed by the Hawkeyes, who scored an early 6 to 0 lead that was increased consistently. The Illini rallied in the closing period in a fruitless effort.

One of the factors in the Iowa victory was the playing of George Van Deusen, soph left guard, who threw six baskets, sank a free throw, and played a slashing floor game.

Although Illinois jumped into a 5 to 1 lead in the first five minutes of play on the Purdue floor, the Boilermakers outclassed the Illini to win, 34 to 18. The third consecutive defeat dropped Illinois to third place. Purdue led at the half, 13 to 9, and the Rubymen only threw a free throw until the closing minutes of play, when they rallied with four baskets. But the Orange and Blue rally was to no avail, as the Boilermakers had continued to roll in baskets.

Tight guarding and accurate basket shooting defeated Purdue, 37 to 27, to close the season, not marred by a loss at home. Each of the Illini dropped in at least one ringer, and all but Haines, who got few shots, sank two or more.

Martin led the Orange and Blue in scoring with five baskets. And Purdue was not easily squelched, as may be remembered from the previous game at Lafayette. Spradling and Harmeson, though closely guarded by Haines and Reynolds, freed themselves for four baskets each and were a constant danger to the Illini lead.

Totally disgusted in its three recent defeats that had dropped Illinois from the running, the Orange and Blue five played miserably at Madison to be defeated by Wisconsin, 24 to 9. The score at the half was 12 to 4. So poorly did the Rubymen play that only two baskets were scored. This was the first game that a Ruby-coached team scored less than ten points and had its score doubled by its opponent.

Illinois tied with Indiana for the 1924-25 Big Ten wrestling title, it being the second consecutive season that both schools had gone through their conference schedules undefeated. Indiana, however, was defeated by the Oklahoma Aggies in a non-conference meet, and grappled with only four conference foes, while the Prehnmen have not been trimmed in ten Big Ten meets in two years.

Captain H. E. (Hek) Kenney has been Coach Paul Prehn’s most consistent winner the last two seasons, having turned in nine straight victories.

Captain-elect Mathis has been a steady man also, having been defeated but once, and then by a decision. He went through the 1924-25 season with four wins, two by decision and two by falls.

The 1924-25 wrestling season opened on January 18, when the Illini easily defeated Purdue, 19 to 4. Captain Kenney, although entering his match while sick, managed to win by decision. Mathis, Luthringer and Geis won by falls, while Tosetti added two points by a decision.

Chicago left the gym annex on the small end of a 27 to 2 score. The Maroons led, 2 to 0, at the end of the first bout, but then Kenny, Luthringer, Geis, Schultz and Brown won by falls, while Mathis was awarded a decision.

Michigan was the next victim. Five of the Prehnmen—Kenney, Geis, Luthringer, Barnes and Schultz—scored the 25 points by pinning their opponents.

Illinois closed the home season by defeating the powerful Ohio matmen, 14 to 6. Kenny and Luthringer were the only men to win by falls. Shaw and Mathis getting decisions.

Iowa bowed to the crippled Illini matmen, 11 to 9, at Iowa City in the final meet of the season. Captain Kenney was home with an attack of the mumps. Mathis won the only fall for Illinois, while Tosetti, Geis and Schultz all won by decision.

Luthringer is the only regular that will not be lost by graduation.

Illinois’ water basketball team started the season weak and ended strong, although they won only one tilt in three encounters.

In the season’s opener, Purdue baffled the Indians and gathered a 1 to 5 win, while Powers, who had been a big cog in the machine, was beached on account of injuries. It was only by a last second ringer that Northwestern was able to snatch the second tilt, 9 to 8, from Coach Manley’s cagers. Captain Gruenberg starred for Illinois against the Purple. Chicago’s aquatic basket tossers were the victims of the Orange and Blue cagers in the last tilt and trimmed the Maroons, 9 to 4.

VARSITY SWIMMING TEAM

Coach Ed Manley started with a squad of green aspirants. With Captain Phil McFarland anchored ashore by illness and injuries, the Illini won two dual meets in three starts, however.

Purdue was beaten at Illinois, 61 to 7, with the Indians winning first and second in every event. Next, the swimmers went to Evanston, where they were given a 48 to 20 jolt from Northwestern’s wonder team. Eldredge and O’Brien winning the only Illini firsts.

In the last dual meeting, Chicago invaded the Orange and Blue tank and were sent back to the Midway with the short end of 43 to 25 and the memory that Eldredge had racked up a 37 3/5 mark in the 75-foot plunge.

In the conference meet at the University of Chicago, Illinois tied for fifth, Eldredge making all the Illini points with a first in the 60-foot plunge, which he stretched in 16 2/5 seconds, equalling the Big Ten record.
Coach Darwin Hindman’s varsity gymnastic team suffered extremely through ineligibilities, and ended the season fairly successful in the face of it. In the first dual meet, the veteran Chicago squad invaded the local gym and gathered an 849 to 764 victory, while Phillips was the lone Illini to place in the premier position. Just before the trip to Purdue, the Orange and Blue gymnasts were hit with more ineligibles, and the revamped team that met the Boilermakers succumbed 1,118 to 935.5.

The squad then met Iowa, and surprised the dope by winning a closely contested match, 805.5 to 796. Captain Norwood, McDonald, Phillips and Morf starring for the Indians. To conclude the season, the gym team sent its best performers to the Western Conference tourney at Minneapolis, where they tied for third place. Phillips again showed high with a second in the flying rings.

The Orange and Blue 1924 golf season was a series of walk-aways for Coach Ernest Bearg's proteges. The preliminary matches early in the season showed that Captain R. E. Rolfe '24 had several good men to help him, namely, L. D. Hunt '26, George Dawson '24, Harry Hall '25, P. J. Humphreys '24, and J. S. Geiger '26.

The first match of the season against Wisconsin on the Urbana course showed the strength of the Illini squad. Illinois won, 18 to 1. The second match on May 11 with Michigan was the closest one of the season. In the morning rounds the Illinois team took a lead, fortunately sufficient to carry it through a bad afternoon. When the last hole had been played the score stood 14-10. Purdue offered the Illini little opposition, losing by a score of 20-3, while Indiana was bested on May 20 by a score of 23-1.

Chicago was met in the last tournament of the season on May 24 and the Maroons returned to the Midway on the short end of a 17-3 score. As a result of this match the Illini was the only team in the conference that remained unbeaten, and for the second successive year the dual match golf championship travelled to Urbana.

In June, however, at the conference medal play team championship meet in Chicago, Illinois dropped the title to Chicago. Dawson was runnerup in the individual championship, being beaten by Holdsworth of Michigan.

INTRAMURAL

Intramural athletics during the fall and winter of 1924-25 attracted more entries than they had in any previous year, and they culminated in the Athletic Carnival held on March 28 in which 1025 men and women took part. Managed by J. M. Trissal '25, who was assisted by J. T. Lewis '26 and F. H. Fox '26, the department broke the entry records in every sport sponsored.

Tennis and golf opened the season in the fall, and many good matches took place. The tennis singles championship was won by McKenzie, a freshman, who beat W. C. Yackel '24 in the final round in decisive fashion, 6-3, 6-1, 6-1. In the doubles Yackel and B. P. Hoover scored over McKenzie and Travis in just as decisive a manner, the result being determined in three sets, 6-3, 6-1, 6-3.

The golf championship was won by William Mason '28 when he defeated Carter in the final round, two up and one to go. Mason had entered the final round after a victory over Fenton, while Carter had beaten Swank.

Playground ball began early in October and was hampered somewhat by a lack of diamonds. Nevertheless, enough houses entered to form seven divisions, and these with a unit division totaled close to seventy teams. The fraternity divisions were won by Delta Upsilon, Pi Kappa Alpha, Alpha Sigma Phi, Alpha Tau Omega, Phi Kappa, Sigma Pi, and Phi Kappa Tau. The unit division was won by Neola.

In the inter-division playoffs between the fraternities, Sigma Pi and Phi Kappa Tau worked their way up to the final round. In the game deciding the fraternity championship Sigma Pi beat Phi Kappa Tau, 4-1, but then lost out in the University championship game against Neola by 9-3.

There were three divisions in water basketball which was played during December, and the championships of these were won by Delta Upsilon, Alpha Delta Phi, and Ilus. The Alpha Delts and Ilus mixed in the first semi-final game, and the latter were eliminated in a close struggle, 5-4. The Alpha Delts then played Delta Upsilon for the University championship and lost, 5-2. The winning team was composed of Coffel, Crawford, Harrington, Phelps, Britton and Muhls.

An intramural swimming meet was sponsored during the latter part of November, but it was an individual affair, and no house teams were entered. More than seventy-five took part in

the various events, but no scores were added up after everything was finished.

The Armory was the scene, as usual, of the indoor track meet which was held in January. Sigma Nu walked off with first honors with a total of 16 points, while Cosmopolitan was second with 12, and Sigma Pi third with 10 5/6. There were no exceptional records made during the meet, but it was hotly contested from the first and was not decided until the last event, the relay race, was over.

Volley ball was played during December for the most part, although the final games were played after Christmas vacation. There were both A and B divisions, three in each class. The member divisions were won by Triangle, Phi Delta Theta, and Chi Beta, while the pledge divisions were won by Delta Sigma Phi, Sigma Pi, and Phi Delta Theta.

In the A division championship play-off games, Phi Delta Theta downed Triangle, but were in turn defeated by Chi Beta, which gave the latter the University championship. The Sig Pi freshmen won in the B division by defeating Phi Delta Theta, who had previously conquered Delta Sigma Phi.

At the Athletic Carnival held in the latter part of March two carnival records were broken and one was tied. M. A. Topper '25 lowered the walking race record by some 10 seconds, while the Phi Kappa Sigma freshman relay team clipped a fifth of a second off the previous record in that event. In the 75-yard dash the record of 8 seconds flat was equalled by Seaton.

Pi Kappa Alpha won the baseball title in the spring of 1924.
These women were selected by a committee representative of the faculty and men and women students from nominations submitted at a general election by the women students. The eight women were chosen for having best evidenced those qualities which distinguish them as representative Illinois women.

Belshaw
The Woman's Welfare Committee this year has added to its list of co-operative houses the new Beta house, which accommodates about twelve girls. There are now three of these houses in which girls can live at a minimum cost by doing their own work, ordering, and planning.

The money that was raised by the presentation of the operetta, "Oh. Boy," was used by the Woman's Welfare Committee to completely furnish and equip these houses.

This plan is a great advantage for those women who wish to reduce their living expenses while attending the University. It is the purpose of the committee to continue to organize a new house each year if there is a great enough demand for them.

MOTHER'S DAY

The impressive farewell march of the senior girls in caps and gowns opened the twenty-fifth annual May Day celebration on Illinois Field, which is given under the auspices of the Women's Athletic Association.

It was the week-end of Mother's Day, and many mothers were there to behold the lovely solo and group dances which were planned and taught by the Physical Education Department. The girls dressed as fairies, flowers, and other creatures of nature danced through the enchanted garden and crowned their chosen May Queen, Dorothy Naylor.

The rare bits of pantomime, colorful costumes, and sprightly dancers created a perfect fairyland. The traditional winding of the May Pole, the most delightful of all the dances, closed the festivities.
MAY FETE

"An old fashioned garden as twilight falls.
Flower decked trellises, low garden walls.
Flowers and fairies and butterflies gay
Come to greet the Queen of the May."

251
In the annual Doll Show held just before Christmas, five hundred dolls were dressed by the members of the organized houses and groups on the campus to represent Shakespearean characters from fifty-eight scenes of Shakespear's great tragedies and comedies.

Very striking effects were produced in staging, lighting, and costumes. Kappa Kappa Gamma was awarded the circulating loving cup for the Tomb scene from "Romeo and Juliet."

Honorable mention was given to Ariadne Group for the Three Witches from "Macbeth," to Kappa Alpha Theta for the Ghost Scene from "Hamlet," and to Delta Zeta for their scene from the "Merchant of Venice."

The members of the committee, dressed in attractive costumes, entertained one hundred children during the course of the day. Food, handkerchiefs, and oriental articles were sold at various booths.

The profits of the Doll Show were used by the Y. W. C. A. in their annual budget. One hundred dolls were given to children of Champaign and Urbana, and the remaining four hundred distributed by charitable organizations in Chicago.

There's a nook in the Athletic Field for every kind of sport.

Illini display startling versatility and formidable determination.
JUNIOR CHAMPIONS

ILLINAE BASKETEERS

The Intramural and class basketball tournaments furnish lively competition, and the women invariably show good sportsmanship.

LOKI GROUP—INTRAMURAL CHAMPIONS
The hockey games in the fall of the year prove of interest to the athletic co-ed. Each class has two teams and each team plays the teams from the other classes. In the past season's events, the Freshmen, in a last minute spurt, surprised the field by defeating the Seniors in the last game of the season, which netted them the championship.
ACTIVITIES
CAMPUS
ORGANIZATIONS
For some years the concept of the student union has been a growing one in the larger universities of the country, so that it is not now an untried institution, but one very deeply intrenched in student life.

In 1909 the Illinois Union had its beginning, and since that time a continued growth has brought the Union to the point where a reorganization of its government and an enlargement of its quarters is imperative if it is to provide effectively for the ever-increasing needs of a growing student body.

As an institution for service alone, the Illinois Union endeavors to promote Illinois spirit by all possible means and to foster all legitimate forms of student activity. In this capacity its influence is campus-wide and its opportunities for serving the University legion.

THE UNIT SYSTEM

The Unit System has for its purpose the building of organizations among the non-fraternity men, in order that they may develop closer and more permanent friendships with their fellow students, derive the benefits of organized athletic and social activity, and engage in various other campus activities not easily accessible to unorganized men.

The Clan Council, consisting of the presidents of the various Clans, is the governing body of the system and legislates on all matters of general interest.

The Central Department is the executive branch of the Unit System. The Director of the Central Department is appointed by the President of the Illinois Union. There are three main departments—Social, Organization, and Athletic.

CENTRAL DEPARTMENT HEADS

William C. O'Brien . . . . . . . General Director
Clarence D. Charlton . . . Director Organization Dept.
Howard H. Monk . . . . . . . . . Director Social Dept.
Christian A. Heiligenstein . . Director Athletic Dept.
The Student Council is a representative body of students organized for the purpose of coordinating and unifying the interests and activities of the students of the University which affect directly both men and women.

Its membership consists of ten men and five women, representing the major student activities and the Junior and Senior classes.

The Student Council elects the Varsity Cheer Leader; supervises all class social functions through its Dance Supervision Committee; makes all investigations and recommendations for the students to the Council of Administration; keeps in touch with the varied interests of University life and takes the initiative in all matters of general campus interest.

The Illini Publishing Company is the general organization under which all but one of the student publications are conducted. Originated in 1911 as a corporation not for profit, the company consists of seven members, three of whom are appointed from the faculty by the Council of Administration and four elected by the students from among their own numbers.

The business of the company is conducted by a board of directors, which consists of the same members as the corporation itself. This board appoints the editors and managers of all publications, owns all the property of the various publications and the company, and determines all matters of general policy.

The system under which the company operates allows a wide range of freedom to the editors and managers of the separate publications, but brings them into harmonious relations in business matters. The plan was devised originally to place the candidates for positions on the publication staffs on a competitive merit basis, to give continuity to the business and editorial policies of the several publications, and to improve the quality of the publications and to the experience which the members of the staffs gain in their work.
ILLINI PUBLISHING COMPANY

OFFICE AND PLANT

VICTOR L. KRANNERT . . . Company Manager

The Illini Publishing Company employs a general manager who, as the agent of the directors, conducts the business affairs of the company, including the printing establishment, and is business advisor to all the managers; it also employs an editorial advisor, known as the graduate editorial manager, who gives professional advice to the editors, and links the activities of the editorial staffs with the work in journalism.

All of the publications, with the exception of the Illio, and including the Daily Illini, the Enterpriser, the Siren, the Illinois Magazine, the Technograph, the Illinois Agriculturist, the Architectural Year Book and the R. O. T. C. Journal, are printed in the company’s own plant in the Illinois Union Building. A portion of all the net earnings of these member publications goes into the treasury of the company and is used for the benefit of the publications and for supplying and maintaining the printing plant. These earnings have amounted in the past fourteen years to something over $60,000, invested in the printing plant and office equipment.

The scheme of organization inaugurated here has been used as a model for publication organizations throughout the country. Most of the schools in the Big Ten now have publishing companies directly patterned after the Illini Publishing Company.

That's only fifty years, but with the growth of the University has come the R. O. T. C., three thousand strong today, fully equipped and trained by the Government—a course in self-reliance which has been offered since fifty years and more ago.

REGULAR ARMY OFFICERS

Once the University Brigade was commanded by a Cadet Captain. But that was in '75. Now the Brigade Staff comprises a Cadet Colonel, commanding; a Lieutenant Colonel, as Executive Officer, and a Major, Adjutant. Thus has military grown at Illinois.

The Illini Theatre Guild, since its organization two years ago, has undoubtedly proved its worth. Its main value has been in centralizing all control and co-ordinating all the units present in campus productions. It employs the services of a campus director who stages all productions given during the year. Properties in the nature of furniture, lighting apparatus, drops, and scenery, have been accumulated and used to the best advantage. The Campus Theatre Fund is entered on the books of the Illinois Unioins, which organization is the trustee of the fund. This fund will be of use when the Campus Theatre is eventually built.

The Illini Theatre Guild consists of representatives of the dramatic societies on the campus. All organizations accordingly are represented at the weekly meetings of the Guild. Managers are chosen for all productions, dates are established for all dramatic functions in order to avoid conflicts, admission prices and complimentary lists are approved, production expenses and purchases are carefully studied and approved; in short, everything pertaining to the successful management and production of a campus function is the work of the Theatre Guild.

This group of representatives is undoubtedly of immense value to campus dramatics and will continue to function as such. It is a centralization in control and responsibility which makes for efficiency and reliability. We are looking forward to the time when a Campus Theatre with modern equipment will satisfy the dramatic demands of the University.

"If" was presented by Mask and Bauble at the Illinois Theatre on March 14-15, 1924. The effort was given some sincere applause and merited it. The acting was second only to the lighting and staging effects, largely the work of W. C. Troutman and Paul Wilson, we believe. The impressionistic, fragmentary settings were perfectly in tune with the airy, fantastic spirit of the play. And the lighting was handled perfectly to carry out the same spirit. The richly colored scenes against a black velvet drop were highly effective. That's all, with the mentioning of the fact that W. C. Troutman directed and W. L. Wheeler managed.

THE HOT TENTOT

The Hottentot was presented by Mask and Babule at the Illinois Theatre, May 9 and 10, 1924, and was dedicated to Mother's Day. The production, a farce in three acts was directed by William C. Troutman, staged by Paul N. Duca, and managed by Paul Wilson. Not stupid in the least. Really!

CAST OF CHARACTERS

Swift ........................................... W. Edholm

Perkins ....................................... Gray Phelps
Sam Harrington .............................. Arthur Aquart
Reggie Townsend ............................ Bennet Brooks

The story is concerned with a very devil of a horse, owned by the Gilfords, named the Hottentot who had killed three of four riders. Sam Harrington, deathly afraid of a horse, is visiting the Gilfords who suspect him of being the nationally known jockey of the same name. Of course he is invited to ride the Hottentot and since he is in love and has a few more complications, risks his neck like a silly fool, and rides the Hottentot, thereby saving the old homestead and winning the girl.
"You and I," the annual Homecoming play of Mask and Bauble, was presented at the Illinois Theatre on October 17-18, 1924. It was dedicated to the honor of Illini men killed in the World War. "You and I" was directed by William C. Troutman, managed by A. G. Roewade, and staged by Paul N. Duca.

CAST OF CHARACTERS

G. T. WARREN ............................ RUSTY LANE

As a vehicle to display the versatility and emotional ability of Mabel Hart Kriekhaus, "You and I" was a triumph; as a contribution to American dramatics, however, Phillip Barry's "farce" was not quite so successful.

It is difficult to believe that the play, with its mixture of very good lines and very bad lines, was written by one man. The young folks, played to perfection by Mrs. Kriekhaus and Art Aquart, were attractive and true to life. But the parts of the moralizing and philosophizing father and mother were monotonous characters—irritating ones. They took themselves too seriously.

John Luhrs distinguished himself in the most difficult role, that of the father, to which he lent dignity and a maturity of treatment uncommon in campus productions. As a convincing portrayal of a man of forty, he was better than the part he played.

Art Aquart, who proved to be a surprisingly good farceur in "The Hottentot," did equally well in the comedy role. He lent the proper portions of verve and sentiment to the character he played. He was aided by the best lines in the play.

Vernallee Burpo, dainty and graceful, afforded a good part of the comedy relief in a part which was introduced well, but which was not carefully developed by the author.

Next in dramatic effectiveness was Rusty Lane as the bluff, crude G. T. Warren, with his "big business" viewpoints. His interpretation of the rather "stagey" lines was good. Catherine Ferguson as the mother was adequate, but not unusual.

J. Williams was rather a martyr to the role of Nicholls, the artist. "The platitudes and epigrams which made up the major portion of his lines were so dry and bored it lacked all spice and originality.

Technically, "You and I" was up to the high standard Mask and Bauble has set in the last two or three years. The sets and lighting were excellent, as usual, and the direction was good. But the director was handicapped somewhat by the play itself.

DRAMATIC HOURS

The manner in which Morrow Hall is packed each Wednesday night testifies to the remarkably good work done by the class in dramatics, technically known as Public Speaking II. To begin with, the members of the entire class have a hand in each production. Each part of the class attend to the direction and acting, while the rest of them manage the production end, such as properties, electrical effects, carpentry, scenery, and costumes. The play is chosen, rehearsed and first played before the class on Wednesdays at 1:00 o'clock. The real performance is then given on Wednesday night.

As a laboratory course in the practical handling of productions, it is unequalled. The work is inclusive and develops acting and the teaching of acting. The Dramatic Hours have proved a valuable aid to the playwriting technique and as a developer of the critical attitude. The course is made use of a great deal by students who hope to teach and direct amateur high school dramatics. With this point in view, it is one of the most practical dramatic courses in the University.
THE PLAYERS CLUB

The Players Club, organized in February, 1906, is a social dramatic organization of members of the faculty of the University of Illinois. Its purposes are the study of drama and the occasional presentation of plays that offer exceptional interest. As one of the members of the Theatre Guild, it is also co-operating in the purposes of that organization, more particularly in the securing of an adequate theatre for the dramatic interests of this university community. In recent years it has devoted itself chiefly to more modern plays of English, Irish or American authorship.

GRUMPY

"Grumpy," a play in four acts by Horace Hodges and T. Wigney Percyval, was given by the Players Club at the Rialto Theatre on January 22, 1925. Pictures for the production, even of "Grumpy," are conspicuous by their absence, a circumstance for which the editor is heartily sorry, because they would have been good ones. William C. Troutman, of course, directed the affair.

The production will be remembered largely in terms of Prof. Thomas E. Oliver's brilliant handling of the title role, but "Grumpy" enjoyed such creditable support throughout that the club may well plume itself.

"Grumpy" has all the ingredients of what people call the "popular" play. Its central role is that of a lovable and humorously gruff old gentleman who has been, as the lines take care to label him, a "celebrated criminal lawyer." "Grumpy" seems a simple old fellow at first, but he begins to play detective when a diamond is stolen at his country home, and forthwith exhibits captivating sagacity. He confounds the crooks with a combination of persistence and deduction, and incidentally plays indulgent sponsor to a love affair.

THE TORCH-BEARERS

"The Torch-bearers" is labeled as a satirical comedy in three acts and was written by George Kelly. It was given at the Rialto Theatre by the Players Club in May, 1924.

**CHORUS**

"Oh, Boy," a musical comedy in two acts, was presented by Women's Welfare, assisted by Pierrots, in the Illinois Theatre, November 21-23, 1924. It was directed by W. C. Troutman; dances were by Nadine Walther; and the music was directed by H. Miles Heberer. As usual, the production was successful. Pauline Dillon and Bernard Friedman, who co-managed the affair, seem to work very well together.

The twenty-third annual Post-Exam Jubilee was presented at the Auditorium on February 9 and 10, under the management of Rufe Austin. The entries were judged by a committee composed of C. H. Woolbert, W. C. Troutman, Gertrude Sergeant, H. N. Hillebrand, and Nelle Barry.

The songs and antics of Hickman and Beck in their skit entitled "The Chautauqua Girls of 1900" gave them a well-earned first place in the individuals. Second place was given to Meyers and Richmond for their excellent classical music on the violin and piano. "The Courtship of Miles Standish," presented by Kappa Sigma, a clever parody of the original event, gave them first place in the groups.
"Outward Bound" was presented by Mask and Bauble at the Illinois Theatre, on March 13-14, 1925. Directed by William G. Troutman and managed by Rusty Lane, it fully justified the attempt of Mask and Bauble to stage something educational, unique, and altogether out of the ordinary run of plays. "Outward Bound" may well be called the major in this season's Mask and Bauble productions.

GOING WEST

By Prof. H. N. Hillebrand

A group of people gather, one after another, in the smoking room of a liner as the boat sails. They are a miscellaneous, ill-assorted lot, and none of them is quite sure why he is there or where he is bound for: there is something a little queer about the boat and the voyage, but on the whole they take both for granted and make themselves comfortable. Then, as the voyage proceeds and the boat keeps getting queerer, they make a horrifying discovery, that they are not people but souls, and that they are also headed for the Other World. What will their destination be? What will they meet there? Will it be Heaven, or Hell? The ghostly steward can tell them only that it is both, according to their deserts.

This is the idea on which Sutton Vane has built "Outward Bound." As ideas go in the theatre, it has the freshness of novelty. To different people it will appeal in different ways. Sir Arthur Conan Doyle is attracted to the play because it illustrates his theories of the after life, and I have no doubt that he likes best the scene of the Examiner, in which the passengers are judged and sentenced. But for the author, I feel sure, the main interests lie in the opportunity of studying the common types of humanity under a new light, and that is the chief value of the play. It is a collection of character studies of familiar types—the sophisticated woman, the business malefactor, the "keen" young curate, the drunkard, and the charwoman—under an aspect so novel that for the moment we do not realize that intellectually the play is only a variation on "The Passing of the Third Floor Back."

Mask and Bauble has done well by it, excellently in the setting, which yields little to the original production, and as well in the acting as one could reasonably expect. Francis Edwards, as Prior, carries the main burden; except that he is quite too boyish in looks and had no assistance either from clothes or make-up to suggest a dissipated waster, he realized splendidly the hysterical nature of the role and always came up to the climaxes. Miss Lucas, handicapped by a terrible wig, acted the difficult part of Mrs. Midget surprisingly well. But indeed they were all good, and played to each other as though they knew what they were about. A special word of praise should go to Rusty Lane, who took the parson's part in the last week and whose handling of the prayer was the high moment of the evening.

It was an entertaining play, well done. Congratulations to Mask and Bauble and to Director Troutman. But why, Mr. Sutton Vane, that last, sappy, anticlimactic scene?

The Stunt Show had no difficulty in interesting the homecomers. Four cups made the competition keen for the coveted first places and made each skit do its utmost. Dunham and Dull with their eccentric dance gained the women's individual cup, and Hickman and Beck belied the four insipid minutes by winning the men's individual cup. Triangle proved that all engineers are not dumb by winning the fraternity cup with their musical engineering, although Phi Kappa Tau was a close second. Pi Beta Phi expressed so well the spirit of Illinois Homecoming with their sketch, "The Round-up," that the sorority first place cup went to them. Alpha Gamma Delta was second with "Pick A. Pickaniny."

VARSITY DEBATE TEAM

The Universities of Minnesota, Iowa, and Illinois held their annual triangular debate on January 9, 1925. Incidentally the University of Illinois had rather hard luck by having both teams defeated. The question on which the teams debated is, "Resolved, that the constitution of the United States should be amended to provide for uniform marriage and divorce laws."
The University of Iowa team came to the campus to contest with the University affirmative team, composed of Gray Phelps, '25, captain, Bonita Eastman, '25, and C. K. Thies, transfer student. The debate was held in Smith Memorial Hall and was presided over by Professor F. A. Russel of the department of business organization and operation. This debate was judged by Professor Frank M. Rarig, head of the department of public speaking at the University of Minnesota.

E. E. Olson, '26, Oscar Sutin, '26, and A. G. Hall, '26, captain, made up the University negative debating team which met the University of Minnesota at Minneapolis. The team was accompanied by H. M. Keele, coach of the debate teams. This debate was judged by Professor E. C. Mabie, head of the department of public speaking at the University of Iowa.

Professor C. H. Woolbert, head of the department of public speaking at the University of Illinois, judged the Iowa-Minnesota debate held at Iowa City.

The University of Illinois debating team, composed of R. L. Oliver, captain, B. M. Decker, and J. A. Cleary, met the Knox College team at Galesburg on March 5, 1925. It was a no-decision contest and was held before the members of the Galesburg Rotary Club. The invaders defended the negative side of the question, "Resolved, that Congress should have the power to re-enact into laws, bills that have been declared ineligible by the Supreme Court." The team was accompanied by A. G. Hall, business manager of the University debate teams.

A vigorous defense of the present system was given by the three-man team of the University. They contended that the Supreme Court acted merely as a check upon Congress and that its proper functioning was one of the chief safeguards of the American government.

The Dance Supervision Committee, composed of seven members from the senior class, is appointed by the Student Council.

The purpose is to supervise all class functions and other University affairs which necessitate supervision. The committee has charge of all ticket sales, and also acts as a means of preventing illegitimate entrance to these functions.

Meetings of the committee are called a short time before the dances take place. Arrangements are then made for the ticket sales and a checking of those who are to attend. The 1924-1925 committee must be congratulated for their clever schemes of preventing illegitimate entrance. They are comparable to detectives—for by the use of thumb prints, ink stamp on the hand of each man attendant, and with tags placed in the coat lapels, the cords having been sealed with wax, they have left behind them a record cleaner than any other dance supervision committee.

The Dance Supervision Committee was first formed in 1923. Its immediate success has made it a permanent organization. It now closes its third year with a record of well directed ticket sales, and accurate and careful checking of those who have attended class functions.
A rose garden, with chandeliers resembling roses, casting soft red and green lights to every corner, will be the setting for the annual Senior Ball on June 11 and 12 in the Gym Annex.

From a massive chandelier in the center of the Gym Annex will be rows of soft lights out to all sides of the room. These lights will gradually become smaller until the last is but a rose bud. Rose garden nooks will be made around the outer edges of this garden, separated by white lattice covered with ramblers. The orchestra will be on a platform in the center of the Gym, surrounded by a banister of white lattice covered with vines and spring flowers.

Over this rose scene will be a fairy screen from which roses, leaves and spring flowers will be suspended. In such an atmosphere of delicately scented roses and spring flowers the Seniors will dance their way out of the history of functions of the class of '25.
JUNIOR PROM

Through an arch of triumph three hundred couples entered the Roman colonnade on the night of December 5, 1924. Citizen D. C. Arrick and Pauline Brewster led these Roman citizens through the grand march of the annual junior promenade.

Another arch of triumph at the opposite end of the colonnade bore the inscription “All roads lead to Rome, the heart of Italy.” Under the arch was a piece of Roman architecture, and on either side it was flanked with silver candelabras. The dull grey stone walls were enlivened with bright purple, gold, vivid scarlet, and three hundred evening gowns of pale, heavenly hues, and soft shades blending with the bright, flashing colors.

The two rows of pillars were connected by stone arches on which were Roman mosaics. Paintings and crests were hung from the grey walls. It was under an Italian sky of dark blue shading into light blue, yellow and orange that these juniors danced. An Italian sunset—and an evening of romance and pleasure.

Ensconced in a bank of ferns, under an arch surrounded by pieces of Roman art was a fountain of early Rome. In all, the colonnade revived the splendor and gaiety of Ancient Rome, and held all the triumph of Roman days.

A faint violet light, shading into canary yellow, spread over the Japanese Terrace where men and maids were strolling. At 9:45 o’clock, January 9, 1925, J. S. Duncombe and his maid, Doris Hinch, led these Japanese maids and men in a grand march through gardens of poppies, wysteria, and apple blossoms. An oriental night, and they strolled through these lovely gardens to the soft strains of music which seemed to come from a magic music box partially hidden in a bank of apple blossoms and palms.

Through the dimly lighted terrace one imagined San Toy and Tu Su standing in the summer house, or under the white trellis covered with wysteria. The summer house was enveloped in purple, lavendar, and white wysteria vines, and within was a fountain surrounded by ferns.

From a ceiling of blue, with silver stars and a large golden moon, descended the magic spell of oriental nights. Large, fancy colored, lighted balls of wysteria mysteriously suspended from this sky of blue. A Japanese terrace, lighted wysteria balls, reflecting rainbow colors in the falling waters of the fountain, and the rhythmic music transformed the gym annex into a garden of apple blossoms and poppies in Japan on January 9, 1925.
FRESHMAN FROLIC

COMMITTEE

W. H. Jones . . . . . Chairman

Robert Fox
Howard Smith
Stewart Howe
Vernon Heath
Rosemary Huntoon
Robert Bliss
Beulah Perkins
Jenny Strike
Vera Grim

For the first time in the history of frolics, the class of '28 threw off time-old and venerable customs and presented a "couple" frolic November 19 in the Palms.

The class of '28 danced their way into history by showing a bit of originality and spunk. But even so, they were duly thrilled by their first University function, and danced on wings to Lyle Smith's orchestra.

Terpsichorean entertainment presented by Paula Bayne and Henry Paulman featured the evening, together with a clever musical skit by W. S. Anders and Kenneth Jones.

A couple frolic for the first time—and made a success by the class of '28.
AXE-GRINDERS' BALL

"What do I think of the Axe-Grinders' Ball?" echoed Terence MacReddy to the question put to him by the Illio reporter. "The great national walking delegate tilted back in his chair and propped his feet on the arm of a plush davenport in the Urbana Lincoln Hotel. "The chief of the Axe-Grinders' Union, reveling in the affluence of Charley Kenner's hospitality, puffed vigorously on the long black cigar as his thoughts went back to that night of January 16 when he held the celebrities of the campus under his thumb."

"Well, my mother niver could make me eat applesauce, but I just couldn't refuse Bill Brown when he dished out the apple cocktail that night. That's the way the shebang affected me." And Terence chuckled benevolently as he recalled the picture of the president of the union that "does more for less money" passing among the crowd with his kettle and ladle of applesauce.

"Bill's applesauce would never have went like it did, though, if Jack Kerrins and Tim Gallivan hadn't been behind him," continued the national delegate. "Them three are just what I sed they were that night—the world's greatest trio of political acrobats. They can jump down the bass drum and come out on the band wagon. They can crawl through the slimiest, putridest barrel of political pitch and emerge whiter than little Eva..."

The Illio reporter had to shut Terence off from his harangue on this favorite subject, politics.

"Yes, but what else did you do, Mr. MacReddy, besides raz the politicians?"

"That weren't nobody of importance that got by me," MacReddy boasted. "Even this kid "Red" James or Baines or Grange, or whatever his name is, didn't slip in without my noticin' him. I made the boy repent right before the public, put on sack cloth and ashes, and crawl on his hands and knees behind the pure and undefiled Rokasiek. Nor was their per-rade the only one of the evenin'. The grand walkout of our local union, No. 362, which set things buzzin' was no low funeral procession, neither.

"Matter of fact, the procession started way back by Mr. Brown's Union building, where Bill McKinley had a freight engine and a coal car on the street car line to haul the celebrities and their wimin folks over. Fer beauty, the Bowery niver saw no array like as was displayed in the grand walkout. It sure looked like the ol' days before Eddie Coath began this dress well 'n win agitation and Beau Nash began to degenerate our union men."

"But was applesauce all the Axe-Grinders got to eat?" the Illio reporter persisted.

"Eat," ejaculated Terence. "Eat—that's the first guarantee of our union, rule 457, paragraph 16, and that weren't nobody who went away hungry. Ever critter at the blowout packed his own lunch box, and that weren't no end to the raw onions, liverwurt, beer and pretzels that was string around that night. It came near havin' a food riot, and only Bill Brown and his applesauce saved the stichation."

"But, say, buddy, if you want to get the dope on the ball straight from me own lead pencil, procure yerself a copy of the union's official publication, The Grillstone, of which a special edition was disseminated when the celebrities sat down to feed."

MacReddy lit a fresh cigar and started away.

"But, Mr. MacReddy," queried the reporter, "is that your real name, MacReddy?"

For a moment Terence glared at him, kicked over the nearest cuspidor to indicate his disapproval, and then, as the fresh cigar got under way, the union leader relented.

"Well, I'll tell yer—I'm apt to be most anybody. Dr. Jack Hyde has nothing on me. Fer publication, I'm Terence MacReddy; but when it comes to diggin' the dirt, I'm Sigma Delta Chi, and as most people saw me at the Axe-Grinders' ball I was Francis Coughlin. I may be somebody else next year, but I sure am comin' back."
JUNIOR ROUND-UP

Th' boys got together and planned t' whoop 'er up a bit at a round-up o' their own on December 5 in the Champaign Country Club. And, believe me, they sure had a rarin' time the night that the rodeo was thrown.

Lady Luck called forth her Indian committee and discussed what juniors were capable of whoopin' 'er up. Wal, Lady Luck, after much consultation, announced that certain juniors were t' have th' Indian sign pinned on them.

Each man (and woman, too) grabbed his chance to saddle his cayuse and drag his gal (or feller) to this mean six-shootin' dance. At 9 o'clock, December 5, these boys and gals were all there a-waitin' fer the six-shootin' round-up to begin. As Lyle Smith and his men struck up the first note of "Hold Everything" each man grabbed his gal and off they went. And all the time they did whoop' er up and yell, for t' was many a lariat twist and corral clinch that these junior boys did do.

But the boys didn't spend all the evenin' doin' the cactus clutch and greenhorn glide, 'cause that there rodeo had to be thrown. Wal—and t' was sure a good job o' throwin' they did. The success was so great that the boys and their gals got all hilarious. They snake danced all around that club house, shootin' their guns, and yellin' for more. They even got together and sang some of the ditties what the Illini Indians yell when they get excited or sore.

But what made the boys happiest of all at this here round-up was the mess call. Each man in his turn carried away two plates stacked with heaps o' eats. The rush for grub was verr great, but the boys all got their share, and even more sandwiches in a six-shootin' time.

And it was a mean round-up o' their own. for they all had a rarin' good time.

Under a ceiling of red, white and blue fringe and crepe paper ropes, Cadet Colonel Casper B. Apple and Charlotte Woodward started the grand march of the Military Ball at 10:30 o'clock, February 27, 1925. Miss Woodward, who was selected Honorary Student Colonel, is the first woman to hold this position. At the conclusion of the grand march, "To the Colors" was played and the flag was raised by E. C. Lesch.

On each side of the headquarters booth was a machine gun, and a field piece was placed in each corner of the floor. Booths were formed by flags draped from the center and hung crosswise in fan shape. At the back of each booth were two flags, end to end, forming a solid red, white and blue background.

The lights were hung with long red, white and blue fringe, and a spotlight played upon the flag at the headquarters booth. A canopy of silver, edged with crepe paper fringe and colored bunting, formed the setting for the orchestra.

C. C. Coyner gave a special feature dance, "The Dance of the Wooden Soldier," at 11 o'clock. At 12:30 a surprise dancing skit was given by J. C. Parrish.

Polished buckles and shone puttees of these knights glittered in the gleams of the colored spotlights, and mingled with the sparkling sequined and varied colored evening gowns of the ladies.

In a lavishly brilliant and colorful atmosphere, three hundred couples danced away another military ball in the gym annex.
Amid color contrasts of black and white, and bright colors varying from yellow to red, were couples dressed in vaguely similar yet extremely different Persian costumes, on the night of March 20, 1925. The occasion was the Arch Fete, which is the only costume dance on the campus, and is given annually in the Ricker Library.

Designs curiously carved in cardboard showed a display of lights and cast oddly shaped shadows from the walls of the library, which were so completely disguised on this night. At one end of the room was a shrine draped with Persian rugs and oriental tapestry pieces, and massed about with cushions of red, blue, purple, gold and strangely patterned silks. It needed but a king to complete its picture, and during the evening not only one king but many kings took their place on the shrine.

This Persian affair, which descended from a similar dance in 1917 which had as its keynote Venetian decorations, feted 130 couples who added to the setting by unusual, brightly colored and Persian fashioned oriental dress.
Mi-Hila, an Indian name meaning spring dance, has designated for the last three years the annual spring formal dance given by the men's unit system and the women's group system. The third annual Mi-Hila formal was held March 20, 1925, in the Champaign Country Club.

Among spring flowers, roses, ferns and palms danced 120 couples. From a crescent moon at one end of the ballroom came rays of light, as moonbeams, and illuminated the paths of these dancers.

Programs of birch bark in the shape of wigwams, laced with leather, cleverly carried out the spring Indian color in shades of brown, and substantiated the term Mi-Hila.

At 10:30 o'clock Mona Estock gave an original jazz feature dance which resembled Indian dances of old. With the aid of characteristic music, Miss Estock's feature dance, unique programs, and spring flowers, this formal affair went on record as another successful Mi-Hila.

In the University of Illinois bands there is an excellent opportunity for the development of musical ability and appreciation of the best in music. The advantage of training under Director Albert Austin Harding is amply exemplified by the fact that the Concert Band—his band—has been dubbed "The Greatest College Band" by none other than the great John Philip Sousa.

The three bands—the Concert, First Regimental and Second Regimental—maintain a total of three hundred pieces. The Concert Band, with about ninety pieces, is composed of the best musicians on the campus, while the other two comprise an active and constant training school for it. Each year the Concert Band makes a tour of four or five days' duration and a number of home concerts are played, including the popular twilight concerts in the quadrangle. All three bands appear at the annual concert played the first Friday in March in the University Auditorium.

The University of Illinois Glee Club was organized in 1892, with Professor S. W. Parras director. Since that time it has had a rising and falling popularity, with present trend decidedly toward the rise.

Under the efficient direction of Frank Tatham Johnson, and the managership of Stanley B. Hunt, the club has taken two trips: one in December visiting Kankakee, Dwight, Joliet, Chicago Heights, Whiting, Kenilworth, Maywood, Elgin, DeKalb, Sterling, LaSalle, Ottawa, Peoria, Lincoln and Decatur. On another trip in February concerts were given at Oak Park and Wheaton, and the Glee Club took part in the contest at Orchestra Hall.

The Home Concert was given by both the first and second Glee Clubs, making a combined organization of one hundred voices.

Top Row: SANDERSON, WILSON, ENGLISH, MORTON, BARRETT, JACKSON, ANDERSON, COLLISON, WILDES, LANE.
Second Row: JAQUES, DARRELL, JOHNSON, BUTCHER, CONE, BABCOCK, NORRIS, WARD, GIESKE, MACKAY.
Bottom Row: FISHER, BILHORN, TUXHORN, HUNT, JOHNSON, ZANDER, ROBINSON, S. M. ANDERSON, GOULD, KENNEDY.

Under the direction of Miss Martha J. Kyle, then the Dean of Women, the Women's Glee Club was organized in 1916. This year Russell H. Miles was the director, and he has been very successful.

Places are obtained by competition, and fifty voices composed the Glee Club during this last season.

LITERARY HONORS

THACHER HOWLAND GUILD MEMORIAL PRIZE

Won in 1924
by

WILLIAM WILEY MALONEY

The Thacher Howland Guild Memorial Prize is awarded annually to the student whose one-act play is considered to be the most original and to possess the greatest literary merit. This prize was endowed by friends and relatives of the late Thacher Howland Guild, formerly an instructor and associate in English at Illinois. The prize was awarded to William Wiley Maloney for his play, “Riot.” Abbie Lane Jones won honorable mention.

SYNOPSIS OF “RIOT”

The white man is—a “white man,” and the negro is a “nigger,” but the impulses of one are those of the other: the white sins are black sins. To use the words of the main negro character, Deacon Sandy, “Dey ain’t no diffence in the final end.” For, crying out against their enforced contact with that racial curse of the black race—animalism—white itself may become black.

This is the central theme of “Riot,” a one-act negro play. All the characters, with the exception of the mob, are negroes. The scene is laid in the tatterdemalion shack of Deacon Sandy, a negro preacher, just outside a typical squalid river town. At the curtain, Mrs. Sandy, a fat and peaceable old negress, is packing in terror to cross the river and flee from the “mobbers.” A race riot has begun. Some worthless black has committed the unpardonable sin, and a negro life is cheap. The Deacon, however, will not leave, for his daughter Lydia has gone off to town, presumably hunting Jerry, the object of her impassioned love. Fleeing in haste when “Niggertown” is fired, Mrs. Sandy leaves the Deacon, who has not long to wait before Lydia enters, quickly followed by Jerry, a cruel tough. Jerry releases the horrifying information that his attack began the riot, and that the mob is in close pursuit. The Deacon strives in vain to separate his wayward child from her evil influences, but is stabbed by Jerry as the mob approaches. Jerry and Lydia flee.

Mob cries grow in volume and fierceness. On the floor, half unconscious, the Deacon struggles with primal terror, conquers, and rises to his feet to stay the crowd until his daughter has crossed the river to safety. The mob bursts in with fierce intent, to face, not a cowering, gibbering criminal, but a calm and stately preacher, who seizes the eye of the brute leader and fascinates him with his force and dignity. With an unconscious knowledge of mob psychology, the Deacon ignores all but the leader. The mob listens. But the old man loses strength, and as he does so, resorts, quite naturally, to his “damnation” gospel dialect. Effective with blacks, his chanting is lost on the mob, which grows restless. In a burst of frenzied rage, his nature rises above his intellect and the Deacon screams out, “You are blind fools! Gawd, can’t you see? Murderers to avenge murder—violence to punish violence! You are de wust ob de two! You are to blame—not us! We are but children, and you—”

A shot from the window mortally wounds him and he falls—as from without cries announce the recapture of Jerry and the death of Lydia. They are dragging him back for execution and the leader stands in the doorway shouting to the mob without for silence. As he obtains it, the Deacon utters a last prayer that they may “see de light” and dies. Over his body stands the leader prepared for his sacrifice, with the rest of the mob dancing about him like savages at the kill and dragging in the hapless Jerry, as the curtain falls.

The play thus resolves itself into one of violent passions—sex passions—primal passions—savage passions. Action is built up about the strong character of the Deacon, as an uneducated but none the less mentally superior and visionary type of negro. The strength of the final scene lies in the actional likeness of both white and black.
LITERARY HONORS

MASK AND BAUBLE PRIZE

Won in 1925
by
MILLY JUNE GOELITZ

To encourage the development of play writing ability among the students, Mask and Bauble offers annually two prizes for the two plays which are judged best in originality, construction and ease of presentation.

Milly June Goelitz won first prize for her play, "Serenity." Second prize was awarded to Elles Kriechhaus for his play, "Violets." Robert Cayard won honorable mention for his play, "Sid."

SYNOPSIS OF "SERENITY"

In the retired New England village of Avondale live two maiden ladies of rather uncertain age, by name, Miss Serenity and Miss Simplicity Seymour. Serenity, the younger of the two, has not yet relinquished vague, delicate dreams of romance, and spends the greater part of her time dreaming of a handsome young man whom she feels is certain to enter into her life. Simplicity is past the age at which romances thrive on thoughts alone, but is eager for her sister to have what she herself has missed.

So the year nineteen hundred and fourteen comes and with it Romance. The World War is at its height and the Seymour sisters nobly answer the call of the Red Cross for help for the suffering soldiers at the front. Serenity and Simplicity respond to the call for aid as many other women of the United States did, by knitting garments for the men in France. Serenity, secretly, in a moment of shy daring, pins a tiny note inside the pocket of a sweater she has just finished knitting, with the hope that the sweater with the note will reach the hero she has so often pictured in her mind.

The sweater after being packed carefully is sent abroad. After a long journey the sweater reaches the battle front, the note still intact but still undelivered. The sweater and the note are issued to one Eugene Larimore. Now Eugene Larimore was in the same kind of a situation as Serenity. Often had he dreamed of a beautiful woman whom he would some day meet. Indeed the note seemed to be an answer to his long and earnest prayer. Opportunity knocked, and he was nothing loath to answer promptly.

Serenity is very much surprised and pleased to receive an answer to her note. She builds up a dream romance, with a hero who is in truth a Prince Charming, tall, handsome, and, yes, he must have brown eyes. The correspondence continues between the hero at the battle front and the young lady at the small town of Avondale.

At last it seems as if her dream will surely come true, for Eugene Larimore is coming back to America and is coming first to see her. There is a great deal of timid and terrified anticipation, and much helpless fluttering about on the part of the sisters in preparation for the visit of Eugene. There is much anxiety and impatient waiting on the part of Serenity—and then! Eugene Larimore arrives!

It was not love at first sight, but rather repulsion. Serenity's well laid plans and dreams which had caused her so much pleasure in the making crash down in ruin. No Prince Charming stands before her, but only Eugene Larimore, a bony and awkward individual, grinning sheepishly down at her. To call him an animated gargoyle would be to do him an injustice, for he is nothing more objectionable or despicable than a particularly garulous shoe salesman from Osney, Ohio. But to Miss Serenity he is a caricature, a dreadful travesty of the Prince she had pictured in her mind for so long. He is repugnant to every fiber of her sensitive being, so despite the wishes of her elder sister, Simplicity, and probably the wishes of Eugene Larimore, she—

Well it had to be done. And sometimes maiden ladies prove not to be as entirely helpless as they seem.
ARCHITECTURAL HONORS

THE AMERICAN INSTITUTE OF ARCHITECTS MEDAL

Won in 1924
by
EDWIN HENRY MITTELBUSHER

The American Institute of Architects offers each year a medal to the senior in the Department of Architecture whose development during the four years’ course is the most consistent and best. The award is based upon scholarship in all the work during the course, the purpose being to prevent over-specialization in design.

In 1924 this medal was awarded to Edwin Henry Mittelbusher, who was one of the highest standing students in Architecture.

THE FRANCIS J. PLYM FELLOWSHIP IN ARCHITECTURE

Won in 1924
by
JOHN DONALD TUTTLE

Through the generosity of Mr. Francis J. Plym, of Niles, Michigan, a graduate of the University of Illinois of the class of 1897, the Trustees have established a fellowship for the advanced study of architecture. The stipend attached to the fellowship is one thousand dollars. The winner of the award is required to spend a year of study and travel in Europe. The fellowship is awarded annually by competition in architectural design.
ATHLETIC HONORS

THE CONFERENCE MEDAL

Won in 1924
by
WALTER HENRY ROETTGER

The Conference Honor Medal is presented at the close of the school year to one athlete in each university in the Big Ten Conference who ranks highest in scholastic and athletic ability during his attendance at the university.

Walter Henry Roettger won the Illinois Medal in 1924. His scholastic average was 3.68. He was an "I" man for three years in both baseball and basketball and was captain of the Varsity baseball team in his senior year.

THE UNIVERSITY GOLD MEDAL

Won in 1924
by
ALFRED FRANCIS NEWKIRK

The University Gold Medal is awarded annually by the Board of the Trustees of the University. The medal is awarded for military excellence shown in the annual competitive drill. The applicant for the medal must have a required standard in scholarship both in Military Science and in his other school work, and he must show a thorough knowledge of the other details as in the requirements for the Hazelton Medal.

MILITARY HONORS

THE HAZELTON PRIZE MEDAL

Won in 1924
by
JOHN D. FRINGLE

The Hazelton Prize Medal was provided by Captain W. C. Hazelton in 1890, to be awarded annually to the best drilled student enrolled in Military Science. The competition for this medal is held in May of each year.

The award is made for excellence in military appearance, erectness of carriage, neatness in dress and for excellence in the execution of the school of the soldier, without arms and with and without numbers.

THE SCARAB MEDAL IN ARCHITECTURE

Won by
WILLIAM ANTHONY ROLLESTON

The Scarab Medal is offered each year to the student in the College of Architecture who submits the best solution to a problem in architectural design.

THE SCHAEFER PRIZE IN ENGINEERING

Won by
HAROLD EVERETT WESSMAN

Two prizes are awarded annually to the students in the College of Engineering who write the best technical papers describing some engineering construction or operation with which the student is personally identified in some capacity. The second prize was awarded to Albert Linne Pholin.

THE RICKER PRIZE IN ARCHITECTURAL HISTORY

Won by
CLARENCE TYRELL PAUL

The Ricker Prize is awarded annually for the best presentation of some phase in Architectural History. The award is given in honor of Nathan C. Ricker, formerly a prominent teacher in Architectural History.

The Ricker Prize was awarded to Clarence Tyrell Paul for his paper on "Art and Evolution of English Cottages."

BETA GAMMA SIGMA PRIZE

Won by
EVERETT BERNARD ROBINSON

Beta Gamma Sigma awards each year a silver loving cup to the freshman in the College of Commerce and Business Administration who ranks foremost in his work.
HUMOR
WARNING!

This section is designed for no other purpose than to make as many people as possible uncomfortable.

* * * *

It is not expected to be funny, nor even humorous, for one must, after all, pay some regard to tradition in that matter. It is intended to be vindictive, unfair, mean, and as scurrilous as the beloved censors will allow us to print.

No great effort has been made to get direct evidence, photographic or otherwise . . . the expulsion lists are sufficiently long already, and the Council of Administration is noted for its hasty action when presented with "direct evidence." No one not directly affected is asked either to believe or disbelieve any of the material herein, and those directly affected know a great deal more, in most cases, than we are able to print.

Only one apology is offered, and that is for sins of omission. If we haven't insulted you somewhere in this section, we are sincerely sorry, but it can't be helped now. After all, one can't make everybody angry—it's simply too much work.

This section, we are convinced, is a failure, for we believe that there are probably a few acquaintances that will still speak to us. If we had been able to print the kind of a section that we would have liked to print . . . . . . . Well, our intentions, we assure you, were anything but good.

—DR. KAN TU.
First there is the diverting tale of certain happenings at the Sig Chi domicile immediately prior to, during, and immediately after Homecoming. For it is told how, in formal meeting, each and every one of the brethren did most solemnly swear that during the time of the general Homecoming liquidation he would absolutely foreswear the cup that clears the registration lists, in order that the house might wax fat in the esteem of the dean, and the council. And how during the week-end of Homecoming but perhaps we had better omit that part, since in spite of the fourteen casualties at the end of the semester certain members of the chapter may still be in school. And, anyway, well, let us say that the scene at the Sig Chi mansion was as usual on such occasions, which may mean a great deal or nothing, probably the latter.

Of course, to be quite frank, the boys must have all refrained from intoxicating beverages, since they are prohibited by law and the council, but why, we ask, did the boys, at the next meeting after homecoming, feel called upon to apologize solemnly, all round, each to the others, for having broken their promise?

Well, who knows, save the Sig Chis? And, obviously, to save the Sig Chis, they can't tell.
Secondly, there is the highly colorful account of the best party ever thrown in the Psi U garage, which, it seems, probably happened between semesters . . . . that story is, however, too dark in every detail to be printed here . . . . just ask any Psi U about the best party ever given in the local chapter house.

And the case of the fur coat that Mr. Hal Hall, Delt extraordinary, was giving away after what were, legally at least, meaningless motions over a pile of little red tickets, it seems that Mr. Hall happened to have a date with the same member of the local chapter of Chi O who received it the night before. Or was it the night after? Which, again, means less than nothing.

And then there is the little incident of the three brethren who lodge at the Chi Psi grange who, attired in the very slickest of slick outfits (loans from all the rest of the brethren), called at the Delta Zeta house and informed that they were Chi Psis from Wisconsin, that they had many friends in the Wisconsin chapter of D Z, and that they had been asked to drop in and see the girls . . . . .

Much flurry among all D Zs . . . . chaperone comes down and chats for three hours with “Mr. Van Arsden” (none other than Brother Otto Klein of the local chapter Chi Psi), while Brother Allen plays bridge with the girls and learns with surprise that “the girls aren’t dating Chi Psi this year.”

. . . . and, at that, the joke is rather sad. For pause and consider the great Allen, editor of the Siren but one short semester ago, unrecognized . . . . . sic transit gloria mundi. (Freely translated: this transparent glory is muddy.)
And while we are speaking of Alpha Chi Rho, perhaps John Collins, who wrote a chem exam for a friend, and was so unfortunate as to misspell his name, may be mentioned, since John is no longer in school.

And the case of the popular Alpha Chi, who wears her "brother's" Beta pin, probably should be mentioned, for it seems that the lady had a date for the military ball with "Rosy" Roessler, T K E. And then T. J. Marvin, Kappa Delta Rho and Illini B. S., asked her to attend the Orph with him, promising to return her before nine o'clock. Being a tender-hearted girl, she consented, but, for reasons that we will not mention (time DOES pass so fast) it was 9:40 when she dashed into the house, to find that "Rosy" had called at 8:50, waited until 9:15 and then gone home. Telephone calls, tears ... and the date started at 10 o'clock. We wonder if she heard the rumor to the effect that the boys framed it on her the afternoon before? How about it, Kate?

And the campus at large may be pleased to learn that the Chi Omegas hold regular classes on Monday nights in which all aspiring pledgelets are taught the one and only true Arkansas accent.

They do say that a certain Chi O from Evanston had a simply terrible time with it.
Consider the case of the Alpha Gamma Delta freshman who was so lamentably attacked by amnesia; and the curious fact that a former member of the local chapter of Phi Delta Theta, when questioned by the sheriff about her disappearance, suddenly recollected the fact that he had been intending to give her his pin that very week-end ... We make no comment.

And, now that we think of it, there is a little story to the effect that Jimmie Day and Russell (Shorty) McConnell, of the local chapter of Sigma Alpha Epsilon (isn't it?) are rather irked at the Pi Phi sistern.

It seems that Jimmie had been dating one of the members of the local chapter, so that the girls became rather irked when Jimmie and Shorty imported two pins from Milliken ... well, 'tis said that the local pifies warned the little sister from Milliken that Jimmie was a bold bad man (imagine!) and that, anyway, his local date had his S A E pin (net value $4.12, most any cut-rate jewelry store) ... tears, hysteria, some very unsisterly remarks, but we won't go into embarrassing detail, for we have a strong suspicion that this is pure publicity for the Sig Alphs.

In the matter of the ferocious members of the Law Club, driven to violence in defense of their allegedly traditional rights of cane carrying—and Mr. Yes And No Coyle ... and the Mr. Charles Sherman who sat so gracefully in the drinking fountain ... both of those gentlemen have had plenty of publicity already and if they get any more in this section it will be at space rates ... although they both are unquestionably funny.
Herewith we offer photographic evidence of the best joke of the year, which seems to prove that certain well-known gentlemen on the campus, to say nothing of a lady or two, have apparently a child-like faith in the benevolent Santa Claus who appears on April First.

Eddie Coath, Daily Illini business manager, offered to play the part of Santa Claus, by allowing certain brothers in Ma-Wan-Da and other friends a chance to go on an airplane trip, to (of all things!) distribute University publicity. To the right are the applications that these prominent worthies signed.

And the large picture is of certain members of the group who rose at 6 A. M. on April 1 and took their sleepy way nearly three miles to the Champaign Gun Club field, to meet bitter disappointment and a camera.

And the two small pictures show the horrible revenge. Mr. Coath transported to a country school to dust erasers, and placed in immediate proximity, to—well, never mind about that.

The reason that this received the award as the best joke of the year was, however, that the next day each and every one of those participating assured everyone who would listen that they had known about it all the time and were simply out for a little fun with the rest of the boys!

Whereat the campus gently murmured: "Applesauce!"

Tim Gallivan was saved because his mother refused permission to his request to be allowed to fly.
Meet Mr. Brown, president of Illinois Union.

and

Mr. R. W. Frank, notorious chairman of the Senior Ball.

and

"Ockie" Goebel, T. J. Murvin, "Ace" Dighton and Bob Marsh of the Illini Business Staff

and

James M. Olesen, editor of The Illio last year:

C. E. Roessler, business manager of The Illio at that time.

and

W. R. Franklin, editor of the Daily Illini.

and

J. E. Smuts, member of the track team.

and

Jack Miller, Union dance committee,

as well as
two others whom we will not mention.

In no detail of the modern home are thought and taste so amply repaid as in the design and equipment of bathrooms. To avoid the commonplace and choose distinctive settings and fixtures is doubly important, since changes are not easily made after the work is completed. The painted plaster walls above have Pompeian decorations in rose and black and painted cornice and wainscot. Dull black floor tiles. Marmor lavatory and dressing table have tops of white Italian marble. Turnia bath and Crystal shower. Crane plumbing and heating fixtures are sold by contractors only, in a wide variety of styles at prices within reach of all.

INDEX TO ADVERTISERS
Then there seems to be some question as to why Joie Smuts (the great!) got all the Kappa Delta Rho brethren into a certain Spanish class . . . well, as the saying goes, ask Smithers.

And we DO WONDER if Miss Daisy Blaisdell, shepherd of the little innocent lambs over at the residence hall, has yet discovered the reason why none of the girls ever have to disturb her to gain entrance after hours?

No, Oswald, residence hall girls are not always on time, neither do they all stay home at night. They simply evolved a cunning little device to avoid disturbing the slumbers of dear Miss Blaisdell. The outside portion of the device consists of a chain running down the rain spout, and (we are told) a jerk on this caused bells to tinkle in several rooms, so that friends of those desiring admittance might open the side door . . .

Almost as convenient as the way in which the Phi Omega Pi girls succeeded in losing the key to the back door . . . and we need not mention what happened thereafter . . .
The Lytton College Shop

Has gained the favor of College Men for these important reasons:

1. Its varieties include the leading manufacturer's smartest styles and patterns.
2. It is a separate shop within the store—maintaining a friendly and exclusive atmosphere.
3. It enjoys the very definite economies resulting from our tremendous business.
4. It is constantly showing the newest style ideas regardless of the season.

No other Store or Shop can offer such a combination of advantages.

Henry C. Lytton & Sons

Write plainly, Name, Address, Town and State in Margin Below

And the local chapter of Kappa Alpha Theta will undoubtedly be glad to see the picture below.

For early in the spring the Kappa dog house was transported to the outhouse entrance of the Theta house. A lantern placed inside and "K A T HOUSE" painted on the outside, sometime after midnight, of course! How the pledges came down and shoved it into the street the next morning, and then were compelled to carry the offending hutch to the Kappa yard is quite another story, as is, also, that peculiar bit of furniture which appeared in the tree in front of the house a week later.

And the brethren in SIGMA DELTA CHI, shuun—it's alleged to be a journalistic aggregation—really should know how the name of the organization was selected. The following extract from Banta's Greek Exchange should make clear the exalted ideals of the founders, to say nothing of the sacredness of the letters—S.D.X.
And William Riley Franklin, A.T.O. and editor of The Official Organ of the Council, The Daily Illini, surely rates mention for the barefaced way in which he transgressed every rule of journalism (and he is Sigma Delta Chi, too) to prevent the publication of the story of the marriage of Wilfred Johnson '26 and A T O brother, and the Delta Gam from Beloit for almost a month (from March 2 to be exact, until March 28) on the ground that Wilfred needed at least one more monthly allowance check from father before attacking matrimony in dead earnest. (Fie, William!)
Should Water Pipes Freeze Every Christmas?

They should not. Yet with the regularity with which they do you'd think they were meant to. Perhaps it was nobody's fault. Perhaps whoever was assigned the job of tending the furnace went home during the holidays as he ought to, and when he returned the damage was done.

It needn't happen again. Nokol can tend to the furnace of every fraternity and sorority in Urbana and not only not let the pipes freeze but keep the temperature indoors to within a degree of exactly the temperature you want. The nearest Nokol dealer lives in Decatur, but he'd be glad to come and give you an estimate on how much it would cost to install Nokol now.

A SAFE BET

When a Sigma Chi brings home a coal hole cover and asks his wife to play it on the phonograph, she won't believe he's been eating cloves just because he likes the taste of them.—Sigma Chi Quarterly.

So the Sig Chis admit it themselves! It seems to run in the fraternity.

* * *

COMMEND PROGRESS OF THETA NU EPSILON

A resolution, introduced by Dean Thomas Arkle Clark of the University of Illinois, and adopted unanimously by the Conference, expresses the satisfaction of the Conference over the progress officers of Theta Nu Epsilon have made in the past year in developing their organization into a national academic fraternity.

The above item is from the report of the Interfraternity Conference, as published in Banta.

How T. N. E. (or is it the Dean?) does change!

* * *

Reading done outside of the curriculum is one of the greatest factors in determining a student's breadth of information, his viewpoint, and his intellectual future. As things are now, it is almost inevitable that an incoming freshman will become a consistent reader of Hot Dog, Whiz Bang, and Liberty. He may soar at the highest to The Saturday Evening Post, American Magazine, or the Cosmopolitan.—Rattle of Theta Chi.

We had always suspected that some fraternity reads literature of the variety mentioned. At last we learn that it is none other than the ever-illustrious Theta Chi.

* * *

Wonder what the Sigma Pi's would say if they had run across the item in the South Bend News-Times about the Sigma Pi Sunday school class?—Sigma Chi Quarterly.

Well, we are listening . . . from a safe distance.

* * *

FRATERNITY CUSTOMS

We were a recent dinner guest of the Phi Delta Theta Fraternity at Northwestern. After the group of forty had filed into the dining room all stood behind their chairs. We wondered if the custom of our college days of "saying grace" had been revived. All at once the entire group broke into "Praise God from Whom All Blessings Flow," with youthful voices beautifully blended. It was impressive.—From Harvey T. Woodruff, the "Help" of the Chi Tribune.

How different from the home life of the local chapter!

Rider's Pen Shop, 612 E. Green St., Champaign, Ill.

Gentlemen:

...Find enclosed check for the new Rider "Master Pen," which I have just received.

I very much appreciated the Rider Pen Service while I was in school, and am pleased to say (with the new pen as evidence) that by mail it is far more than just satisfactory.

Yours sincerely,

ARThUR E. JONES.

P. S.—You may rest assured that in the future when I am in need of a pen you will surely hear from me.

Telephones—Wentworth 0722—7574.
HOW HOUSES GET FAMOUS

Psi U—By hanging around a long time, by having the worst manners, and by living in a stable.
Zeta Tau Alpha—Any possible way.
Kappa Kappa Gamma—By keeping a dog as pet and dating Phi Gam.
Phi Gamma Delta—By not having a dog. They date Kappa instead.
Delta Delta Delta—By living in the Theta backyard.
Kappa Alpha Theta—By living in the largest mausoleum in the mid-west and acting accordingly.
Acacia—By being able to do the greatest balancing act in history on the political fence.
Chi Psi—By thinking they are.
Sigma Chi—By obtaining brilliantine and stacomb at wholesale rates, and by holding the record of flunking fourteen men out of school.
Delta Gamma—By wearing an anchor and holding on to nothing.
Alpha Tau Omega—By having had the forethought to pledge Dean Clark when he was young and foolish.
Chi Phi—By requiring all members to carry vanity cases and lipsticks.
Alpha Delta Pi—(Censored)
Beta Theta Pi—By having a cafeteria in the basement, a side door, and more chapters than S A E.
Sigma Alpha Epsilon—By having Doc Cooley (Red Grange’s chauffeur) and more chapters than the Betas.
Lambda Chi Alpha—By having more chapters.
Alpha Delta Phi—By getting scarlet fever and running up the red flag.
Pi Beta Phi—By having the smallest women on the campus.
Alpha Phi—By having the largest.
Kappa Delta Rho—By having Joie Smoots (about).
Delta Kappa Epsilon—By having been founded a long time ago and having done nothing since.

No single feature contributes more to the comfort and sanitary conditions of college buildings than fine plumbing fixtures.
Visit our showrooms with your architect and contracting plumber, and select plumbing fixtures best adapted to your needs.

THIS PICTURE REPRESENTS one of our Famous Men at home. Mr. Burt Hurd is the father of a family of ten children. He is here shown resting after a long day at the still down the Big Sandy a piece. Mr. Hurd, you may remember, left his family some time ago to attempt to lead the yells of the college students at the World's Greatest University.

WE ARE sorry that the remainder of this picture of Mr. Wallie Magner, campus terpsichorean artist, surrounded by the adoring members of a local sorority, has been lost. It is rumored that Mr. Magner's fraternity, oh, yes, Kappa Sig, in order to avoid the scandal that would naturally follow the publication of the complete photograph, were destroying it when the film was rescued for reproduction here. Mr. Magner, it will be noted, is a gentleman on all occasions.

It is rumored (just rumored, you know) that a certain loyal member of Scribblers Club, who is by the way one of the mainstays of his fraternity (having flowered from the barrenness of barbarism into the glory of Chi Psi)—it is rumored, we repeat, that this gentleman looked once, oddly enough, on the wine when it was too, too red; as a result, this good Greek, being well aware of the strength that lies in numbers, hied himself into the highways and byways and pledged a goodly score or so of promising youths and maidens to add to the scintillate glory of dear old Scribblers Club. But it seems that the rest of that august assemblage of letters were of a different mind, and Mr. Allen’s wholesale pledging activity met with a stern disapproval. “One of its members” is now no longer numbered on the roster. Sic semper fidele.
A Touch Starts

Elto

Ole Evinrude's
New Fast Light Twin

Just step into your boat and GO!
Nothing to mar the joy of a perfect day

Elto owners tell us that Elto, with its Atwater-Kent Uni-Sparker Ignition, never disappoints—never fails to start on the first quarter-turn. They say they are never embarrassed or aggravated by a slow-starting Motor. While others spin and coax and prime harder-starting Motors, the Elto jumps off the mark like a sprinter at the crack of the gun. You can't realize until you have run an Outboard Motor yourself, how much this one feature is worth. It makes Outboard Motor use a constant delight.

Much More Speed — 50% More Power

On the water you discover other reasons that make you glad you own an Elto. When you open the throttle and pass up all competitors, you realize what it means to have a Motor of Elto's greater power. When the waters grow rough, when you have a heavy load, or when you are caught out in a storm, you thank your lucky stars you have a Motor equipped with Safe Rudder Steering and Atwater-Kent Waterproof Ignition. One that holds its course and never gets out of control. One that will run without interruption even after being completely submerged in water. A Motor you can entrust with your family without fear of accident.

The Propello Pump
Another Exclusive Feature for Your Comfort

In the New Elto Twin, Ole Evinrude has introduced another great improvement. He has ended pump troubles forever. Not a single moving pump part is used. The Propello Pump simply scoops, siphons, forces water. It never fails. Go anywhere with your new Elto, in muddy or sandy water — fresh or salt. As long as your engine is running, you know the Propello Pump is working.

Be sure to see these and many other advantages offered in Elto—Ole Evinrude's New Fast Light Twin—before you select any Outboard Motor. Do so in fairness to yourself. Write for Free Catalog today!

And now let us consider the terrible predicament of that most august body of wild men, SACHEM, society of junior society men, as a freshman called it in journalism quiz.

SACHEM, be it known, has a turtle, or rather vice versa, the turtle has SACHEM.

The following notes are verbatim extracts from the secret archives of that society, and show quite clearly the wondrous matters of University affairs occupying the attention of our Junior Notables—verily, the campus couldn’t run without ’em.

Nov. 11—Brave Black moved that SACHEM endorse the Illinois Union Traditions Committee and that the members of SACHEM make themselves personally responsible for the fostering of Hello Boys. Passed unanimously.

THE HISTORY OF A NOBLE TRADITION

Nov. 11—Brave Barr reported that the SACHEM traditions committee is still working. After a discussion it was decided that the committee should try to work some affair with “Bucket and Dipper,” the junior honorary society at Ohio State. The committee was given full responsibility for this.

Dec. 16—Brave Murvin reported on a suggested home for Illibuck. Motion passed authorizing B. Murvin to have tub built for Illibuck, expense for same to be paid from SACHEM treasury.

Nov. 25—Brave Murvin reported that the turtle was safe, and arrangements were suggested to committee Murvin. Barr. Black, who were authorized to see to his welfare.

Dec. 9—Brave Black was appointed to investigate living conditions for Illibuck. Brave Deuel was authorized to ask Bill Brown about accommodations for Illibuck in the Union building.

Feb. 17—It was announced that a place would be sought for Illibuck in the genetics building.

University refuses to accept responsibility.

Last Report: Illibuck occupying a tub at the home of Brave Kagey.
WE run this picture without comment after all. "Dean" Turner is a married man, and he occasionally gives us an excuse.

THE Gentleman in the smile and the—ah, negligee—is none other than—yes. Willy, you may tell the people—none other than our own Ed Williamson, paragon of Campus Virtue rampant, president of the Y militant, and Shining Example, also A K L. The picture, we may add, was taken before Mr. Williamson's conversion.

And What Have We Here? Why, bless us, if it isn’t Windy Hughes, the illustrious gentleman who hails from Oklahoma—out where men are men, and where basketball is not a game for children, but a raring, roaring, bloody, he-man carnage. No doubt the pow-wows of the Osawatomies are held in the huge wigwam at Windy’s rear. We can almost hear the redskins’ howl and the six-guns crack . . . . we doubt not that Windy’s trusty Navaho mustang is tethered in the offing, waiting for his master to finish annihilating the opposing team, after which the twain will gallop off over the Ozarks in search of cattle rustlers or the Deadwood stage . . . . ah, these great big Western men with hair on their chests . . . Gr-r-r-r-r . . . W H O O P ! ! ! And now he has fallen to business managing the Siren!

MR. DIPPLE of the Kappa Delta Rho fraternity. Mr. Dipple is accustomed to this form of sport—that is, if the horn actually belongs to him.
Give Your Feet a Happy Home

THE HARVARD COMPANY
CANTON, OHIO
Dorothy May Healey, of Chicago, announces her engagement to Harold Marguise Keele of Monticello Illinois. Miss Healey is a member of Kappa Alpha Theta and prominent in dramatics. Mr. Keele now instructing in the public speaking department of the university, is a member of Zeta Psi, Phi Delta Phi, Tri Alpha, Phi Beta Kappa, former Union president and prominent in campus politics.

This exhibit may prove a powerful argument against hasty marriages to the members of Zeta Psi, Phi Delta Phi (alas, poor Yorick!), Tri Alpha, Phi Beta Kappa, Union presidents, and those eminent individuals who are prominent in campus politics. If it has such a beneficial effect, then it has not been in vain.

The story of the story is briefly this: Early in the morning of a certain day in a certain month (specific dates are always inconvenient, and an error might result in untold misery) a certain lady (she may, however, have been a member of the local chapter of Kappa Alpha Theta, on second thought) phoned the office of the Daily Illini and delivered to the maw of the Press the item that here stands emblazoned.

Later in the day, a hasty call to the Theta mansion elicited a verification from one of the pledges, who had not as yet become sufficiently inured to the modest decorum of Kappa Alpha Theta to know exactly how to act.

As soon, however, as the matter seeped to the ears of the older and more worldly-wise sistern, why—ah, pardon us—He-ll—thank you—broke loose.

Suffice to say that enough pressure was brought to bear upon the world's greatest college daily that the story was not included in the news of the following morning, hence it is here given to a waiting public for the first time.

Where Westinghouse Serves

ELECTRICITY—
the Universal Servant—has become the great
economizer: the great convenience. Everywhere,
for all kinds of people, it is making work easier, faster,
and safer; making transportation and communication
quicker and less expensive; making living itself pleasant
and much more worth-while.

The activities, and the interests, of Westinghouse are just as
broad and extensive as the electrical field itself. For products
bearing the Westinghouse mark serve in almost every application
in the generation and transmission of electricity, and in converting
it into heat, light, power, and service.

It takes hundreds of pages to briefly catalog the products of
just one of the many Westinghouse departments. And mankind
everywhere, on and above and below the earth's surface, seeks
for and trusts these things that Westinghouse makes,
because they are good, and because they meet such a
diversity of needs so completely.

SNAPPY VS. GOOD LOOKIN'
by Frances Ballard

Milt Zeigler is Gamma's author on snappiness for men. Her office hours are from 7:29% to 7:30 at night in the week. Bring your man around and have him rated. For the benefit of those who are not here to do this, I am publishing her score card that I found the other day. She feels that the good looking part is matter for each girl to decide for herself since people's tastes vary so. However, snappiness can be measured pretty accurately.

The keen man will have:

- Width of trow: 21
- Hue of tie: red or college strip
- Socks: Rockford
- Garters: None
- Collar: Not celluloid
- Coat: Suits
- Handkerchief: To match tie
- Hat: Prince of Wales
- Eyes: Playful
- Perfume: Blue Rose
- Shoes: Square toe
- Ears: Close to the head

- "Green Bay Tree"
- Gamma Zeigler
- Theta Upsilon

All right, College Boys, stand up and measure yourself by the requirements above mentioned, check each and every point, then go and see a specialist and have your chin lifted or your eyes recolored, or whatever may be necessary—we had always thought that co-eds required certain characteristics in a man, as well as in his outward covering, and here they are—go ye and conform, or you will never date at Theta Upsilon . . . than which, we suppose, there is no greater tragedy can befall any prominent college man.
Some Far off Day

When you are rearranging your bookshelves, you will run across this college annual and experience the thrill of happy days recalled. By that time success will be yours, with the high ambitions of your student days an actual accomplishment.

While you are thus looking back at the things that have influenced your career, we cannot but hope that Ritter Cooperation may share in your remembrance. We would like to feel that you, too, had obtained constructive aid from our book, “Ritter Practice Building Suggestions”, offered free to every graduating dental student.

Better still, we would like to know that Ritter Dental Equipment had helped you to express your skill and to gain the rewards your ability deserves. Therefore, we will deem it a privilege if at all times you will freely ask our assistance, and thus give us the opportunity of building another enduring friendship.
Save Today—The Ta-Bed Way

TABLE BED

A handsome library table, opening into a comfortable, sanitary bed.

A Table by Day—A Bed by Night

Positively most easily convertible concealed bed manufactured

THOUSANDS of “happy users” of the Ta-Bed testify to the beauty and usefulness of this most unusual Library Table. No mechanical defects—no upholstery to soil—no parts to wear out—a space saver—a child can open or close with mattress and bedding—well ventilated—sanitary. Useful in the dining room, living room, sun porch or rear veranda—satisfaction from the day you get it. Saves rent of one room. Fully guaranteed. Price within reach of all. Manufactured under U. S. Patents.

Made in Single and Double Size.
Ideal for Rooms, Halls and Dormitory.

Creates an Extra Room.

A PART OF THE GREAT ORPHEUM CIRCUIT OF VAUDEVILLE THEATRES

The Amusement Center of Champaign

Presenting

THE BEST
In Photoplays and Vaudeville
MESSRS. O. W. BERG, Phi Beta Kappa (law), and Adford Kadoch (aforementioned) engaged in demonstrating for Mr. Edward Coath's gigantic Dress-Well-and-Succeed campaign for the benefit of Mr. Carpenter, who, you will remember, of course, is the best-dressed-man-on-the-campus . . . though we see no reason to limit it to campus.

WALTER CHURCH PETER DYE, sometime of Danville, Illinois, at present student in the world's greatest publicity organ and kultur manufactory, has succumbed to the baneful influences of Higher Education so that at no time can he be coaxed or coerced away from his beloved study table—no, not even to have his picture taken. That is Walter in the foreground.

OUR GOODS can be purchased from the dealer in combination with chair, unit, engine, and in fact a complete outfit, on one contract on easy monthly payments.

We will demonstrate our line in your city before you graduate and hope to see every member of the senior class.
The Wealth Back of Oskey-Wow-Wow

The wealth back of Oskey-Wow-Wow comes largely from the farms. It comes from commerce to and from the farms. It comes from business that depends primarily upon the prosperity of the farmer.

In a large sense it comes from the power of modern farm machinery to multiply the capacity of each worker in the farm factory.

Since boys and girls first gathered in the old Main Hall of 1867, thousands of students have enjoyed their Oskey-Wow-Wow-days as the result of farm-grown wealth, in the creation of which John Deere Farm Equipment has had a leading part.

Deere & Company, Moline, Illinois

Manufacturers of John Deere Farm Equipment Since 1837.
There's a John Deere for every farming operation.
And this little reproduction below is dedicated to the Michigan game. "Red Grange," Sigma Phi Epsilon, and to prohibition enforcement—by the way, did you ever hear the story of how Grange collected forty pairs of garters in one month's work? Never mind, that is another story. Ask Doc Cooley.

Sigma Phi Epsilon
Michigan Alpha Chapter
1805 Washtenaw Avenue
Ann Arbor, Mich.

Monday Night,

Just a few lines tonight before I retire to let you know that I will probably be down for the Illinois-Michigan game this week-end. I am quite certain that I will be down and if I do I will look you up. I will probably drive down and I will get in there Saturday morning some time as we will leave Friday morning sometime. I will be at the house before and after the game if I am too drunk to call you up or else forget it. I will probably be oiled from the time that I leave here until I get back. I won't be the only one in the Michigan crowd that will be oiled either as most of them will be pretty well tanked.

NOTICE!
All advertising in this section for the local chapter of Sigma Alpha Epsilon is paid for at full space rates.

NOTICE!
No mention is made in this section of the local chapter of Sigma Phi Sigma, sometimes known as Swigma Phi Swigma, for obvious reasons—the Roast Editor's life is not sacred, perhaps, but he has some respect for it, nevertheless.

For the same reason, the local chapter of Theta Chi is treated with circumspection, since the editor of The Illio expects to remain in school next year.

Ask Yourself

"Am I fair to my family, friends? It's not the few dollars, but somehow I just don't seem to get to the photographer's."

Is that fair?

Duncan
614 EAST GREEN STREET

This touching little photo is dedicated lovingly to the students of the College of Agriculture. We have long looked on these gentlemen as the most thoroughgoing scholars in the University, but not until this view of Mr. H. H. Doughty '25, immersed—as it were—in a detailed study of national economic conditions was the fact brought home so strongly.
NOW OIL HEATING IS A PROVEN SUCCESS

ONE RIGHT WAY TO BURN OIL

Four new facts about oil burning were first used by our engineers six years ago. They are the now famous four natural laws. They explain the difficulties others were having in trying to burn oil.

So we built an oil burner in accordance with these laws. For five winters now, Oil-O-Matic has answered every demand in thousands of homes, large and small.

When you buy an oil burner see that it agrees with the laws. If you follow them you cannot go wrong.

Progressive Sales Co.
CHAMPAIGN AND URBANA
One Community—36,000

THE FOUR FAMOUS LAWS

The first law says that oil must be broken up into a fine mist. So fine, it will float like a fog. All other ways violate this law.

After the oil is broken up, the second law demands that it be burned before it touches anything. Carbon and soot will surely result otherwise. So no plates, pots, chamber or any part of an oil burner should be inside your furnace or boiler.

According to the third law, the amount of air that is mixed with the oil must be exact. Naturally this cannot be left to someone's opening or closing a damper. The burner itself must measure the amount of air.

The fourth law is just as important. Oil cannot burn perfectly without reflected heat. So unless the firebox of your heating plant is lined with brick, it is impossible to get perfect combustion.

It is this way of burning oil that has made the use of fuel oil really successful for heating homes. It is the method found only in Oil-O-Matic.

"A UNIVERSITY DEPOSITORY"
AND HERE, DEAR READERS, we have the bare outline of a gripping tragedy, the kind of a tragedy that causes men to turn to drink—to go bad—indeed, you must admit, a most lamentable state of affairs. Thus:

CHAP. I.

Ah, can’t you just see Edythe (nee Edith, we’ll wager) tripping gaily to the Western Union desk in the “Breakers” or the “Flamingo” to send her message to her great big boy away up there in the Nawth at the University? Doesn’t the pathos of the scene grip you? Happy, care-free, lissome Edythe. Be happy while you may. Edythe, for woe is ahead, just around the corner. Ah, how exquisitely could Griffith stage this touching little scene?

But, alas, the villain of the piece has entered. The little Romance lies crushed and bleeding from its palpitating heart. Has the jilted millionaire lover stepped in and told Edythe that her big boy is not all she thinks him to be? Has the smirking Sig Chi or Kappa Alpha rival persuaded her not to attend a Sigalph dance—that she will do better socially by going with him? But no. Sig Alpha is strong in the South. ’Note the cold irony of the last sentence—“Hope it won’t inconvenience you much.” Ah, George, how could you play so with a maid’s heart? Has she found out about a certain night when you escaped from the Pest House by the fire escape and—but, enough—let the dead past bury its past. Though Edythe’s little heart is tattered, she bravely lifts her quivering chin and retains her dignity when she goes with lagging steps to the Western Union desk, but nine short days after she has been so happy. . . . Ah, George, murder will out. Let this be a lesson to you when you are tempted to act rashly again . . . there may be another little Girl to learn someday . . .

Let the Old Grad
Tell You

Let the old grad tell you about the Traction. How the frequent electric trains helped him to attend many functions that he would have otherwise missed.

Let him tell you about the convenience of trains when he was going back home at vacation time; how the frequent schedule of Traction trains allowed him to remain at home until the last minute before catching the train for school again.

Let him tell you about the speedy Traction train that always got him to his destination on time; about the absolute safety of Traction trains running under the automatic block signal system.

Let him tell you about the freedom from dust, dirt, smoke and cinders on the Traction; about freedom from parking troubles, mud and gasoline buying that fretted him when he drove his car.

He will gladly tell you, for the Traction served him, as it stands ready, night and day, to serve you.

For Satisfaction, Take the Traction.

And lest the boys of Delta Tau Delta (oldest fraternity on the campus—they admit it themselves) think that they are being slighted, we herewith reproduce extracts from certain communications received by certain of the brethren. We are sorry that we could not offer photographs, but the letters are written in green and purple ink, neither of which will photograph readily.

And we do hate to omit a letter received by one Franklin B. Wagner, otherwise "Dutch," but people who receive unprintable letters are . . . . exempt, so far as this Roast Section is concerned. These college boys and their summer resort dates . . . . we blush, and turn to a letter addressed to Mr. Dick Wagner, also residing at 302 John Street.

Bardwell, Ky.

Dear Dick:

I'm in retrospective mood tonight and retain such pleasant memories of you and our evening together . . . . I like you most immensely, Dick, and regret that I was so indefinite in regard to my plans . . . .

Or, in other words, no wedding bells for you and Edith, Dick. Too bad.

And Mr. Kenneth C. Baker rates this:

Dear Ken:

Are you sober yet? . . . .

Sure. Kenny. I'm all set for a big honeymoon in Cuba. We can run wild down there. When do we leave? . . . .

Love.

MARY.

The letter is written in brown ink on yellow paper, if anyone is curious. Perhaps "Dear Ken" would like to do a little explaining?

And perhaps the telegram from the local chapter of Kappa Alpha Theta to a chapter at another school deserves some mention. It is said to run like this:

"Don't, under any conditions, take Miss . . . . She put croton oil in the food and poisoned three men."

Again we refrain from comment.
The Vital Spots in Plumbing Are the Faucets

The pipes carry the water, the tub, lavatory and sink receive the water, but the faucets control the water—if they are not good your whole plumbing system is not good—*the faucets are the vital spots.*

The name MUELLER on a Faucet is insurance that they are good.

*See Your Plumber.*

This beautiful combination sink faucet fits any sink. The swinging spout discharges hot, cold, or tempered water. A fine vitreous soap dish is part of the equipment.

And here, reader, we learn of the conquests of Theodore. This Theodore, not unlike a great man of olden times, is a strict disciple of the golden creed of Rotary—namely, "Do It Now!"

A telegram, then, to Theodore—and also to Theodore's female friend of the wicked city to the west, is the best way to handle affairs—yea, even love affairs. And so his female friend, perhaps under the influence of the numerous slogans of "Don't Write—Telegph!" has conveyed her strongest emotions via the little wires. And here it is, for the world to see.

Our only hope is that Theodore's bitterness, so strongly commented upon, has by this time turned to pure, devoted love. We strongly recommend, in cases such as this, copious applications of Dr. Smithers' Diluted Snake Oil.

On the Nation's Business

A sleet storm snaps wires in Central and Southern Illinois; a blizzard fells a line of poles in the Western ranges; a flood overwhelms a valley community; a prairie cyclone sweeps away everything in its path—wherever the emergency, men and materials are rushed to the spot in order that telephone service, vitally important at such a time, may be restored.

And the mending of every break restores to telephone users, everywhere in America, a particular path for the passage of their voices. Whether sudden calamity comes from an Atlantic gale or a Texas "twister," its damage must be repaired at once, because it cripples some part of a communication's system that is nationwide.

Because America has universal service, the telephone truck speeding to a scene of disaster is truly "on the nation's business," and the implements of its workers are weapons wielded in the nation's cause.

CORRUPTION

By ROAST SECTION DRAMATIST

We believe in making the punishment fit the crime, so we herewith present a short play, showing how the student opera "SIN" was written . . . . . the facts are as nearly correct as interesting . . . . .

CORRUPTION

(A MUSICAL COMEDY——)

SCENE: Living room in a fraternity house. There is a fireplace, back, french doors opening on a porch, right, and two doors flanking the fireplace at the rear. The room is panelled throughout in oak, and here and there are deep leather chairs, and a comfortable lounge or two.

ENTER FROM DOOR, RIGHT, LESCH AND SENG. Lesch is tall, blonde, and very handsome; his face has an expression of inflexible ruggedness, which he cultivates as the motif of his toat ensemble. One can tell at a glance that he is one of those "writing men," not the ones who are blatant and blow about it, but on the contrary rather reserved. One senses that he is at once the White Hope and the despair of feminine hearts, no one of them being able to resist the Adonis-like perfection of his pure Nordic features. His face wears ordinarily a bland mask, but now he is smiling. Seng, on the other hand, is not smiling. He wears an enigmatic expression, is darkish complected, and can be pigeon-holed at once by even the most superficial student of types as a bold, silent man.

LESCH: Bah!

(The tone in which he utters this convinces the audience of his rugged virility.)

SENG:

LESCH: They're not here yet.

SENG: Bah!

There is a sound of footsteps on the porch. The door at the right of fireplace opens and the DOCTOR and the PLAYWRIGHT enter.

DOCTOR: Well, well, well. Look who's here. The Big Blonde Swede, himself.

PLAYW.: Hello, boys.

LESCH: Hello, Doc. You're late.

DOC.: Hello, Seng.

PLAYW.: Hello, Seng.

SENG:

DOC.: Well, let's get right to work—but say, have you heard my latest tune? It's an Indian affair and goes like this: Ta de da da de de dada . . . .

Humming valiantly he gesticulates with his malacca stick and brief case.
University men know how to dress. As a rule they know what they want. The task is to find it.

No task at all. A majority of the styles that have found their way to the very peak of collegiate popularity have been designed exclusively by Ogilvie & Jacobs.

They are to be seen here now. Colors and cloths are as individual as the styles. Foreign loomings—many just through the customs. And, of course, the best the American market affords.

We think it's the finest assemblage of cloths for men you will see in Chicago this year. Our friends who have seen it agree.

The completeness of our lines relieves you of the inconvenience of 'shopping.' The sterling character of our service assures you satisfaction in whatever you purchase.

Feel free to come in and "browse around" when you are in town.
making a striking appearance. Having struck a floor lamp with the cane, he desists.

. . . we'll write words to it and make an Illinois song out of it, what.

Deposits cane, hat, and brief case on a lounge and takes a package of Camels from his pocket, talking vigorously the while of campus scandals, his new coffee percolator, etc., and interrupting himself occasionally with short gruff bursts of laughter.

Now, let's see, we're going to write an opera.

ALL: Yes, we're going to write an opera.

SONG (to Audience)
Oh, we're the crew
To bring to you
The choice of all the scandal.
We're good. He knows.
(All point to Doc, who bows)
You know, God knows.
An Opera we can handle.

Just give us time
And words that rhyme
And we'll turn out a Winner.
For well he knows,
(All point to Doc, who bows)
You know, God knows,
The whole world is a sinner.

So now to work.
No task we'll shirk.
To satirize the Campus.
We're done, by gosh.
With weak pish-tosh—Our work will be a grampus.

PLAYW.: By the way, what does Grampus mean?

DOC.: Never mind; that's all bunkum and stinkum anyway. Let's get busy.
(A table is brought in and they go to work.)

CURTAIN
(Interval of one hour.)

SCENE II.

SCENE: Same as preceding, save that a mammoth pile of manuscript has miraculously appeared, and the workers are sitting about telling dirty stories. One is half inclined to look about the stage for the deus ex machina that has produced the manuscript. There is an air of unreality to the whole scene, that makes one shudder; it is disquieting, frightening, horrifying, ghastly—that pile of manuscript lying silently on the table, and the group sitting casually about. . . .

DOC.: Ha . . . he he he he.
LESCH: Bah!

(The PLAYW. has just finished telling

FROWERNITY BULLETINS
a story and the foregoing comments indicate his listeners' various reactions.)

PLAYW.: Well, I am pretty good, I guess.

SONG by Playwright.

I've written operas ever since—
Well, since I came to college.
I'm qualified to give you hints.
At rhyming I'm a very prince.
I take the after dinner mints
For Poetry and Knowledge.

CHO.: HE takes the after dinner mints
For Poetry and Knowledge.

I'd never backed a winner yet.
Though I'd collaborated
On one or two. But now I'll get
A share in all the dirt. I'll bet
We'll get the whole damn school upset:
Am I corroborated?

CHO.: We'll get the whole damn school upset.
You ARE corroborated.

We'll have our fun. we've just begun:
We'll bear our laurels a-swankin';
We'll get 'em all. there'll be no one
Escape from us—and when we're done
We'll have our places in the sun
With Voliva and Mencken.

CHO.: We'll have out places in the sun
With Voliva and Mencken.

And no one else will dare dispute
That we are quite scintillant:
Our Op-e-ra will be so cute
The critics can but look on, mute.
Since all the world's a dumb old coot
It's lucky we're so brilliant.

CHO.: HOW lucky we are brilliant!

(The manuscript is gathered up carefully and deposited, because of its highly inflammable nature, in the fireplace for safe-keeping overnight.)

CURTAIN

And we wish to extend sympathy and a large, soft feather pillow to the little blond Pify who, during the performance of "Sin," strolled back of the scenes to watch the wheels go round and was mistaken for one of the feminine impersonators of the chorus.

It seems that one of the uncouth sub-coaches walked up behind and reminded her rather forcibly that the chorus was supposed to be on the stage, even donating some help in getting there and Al enjoyed the rest of the play standing.

We herewith present two prize extracts from the "CAMPUS CELEBRITIES" department of the Triad of Acacia . . . . please do not hold the Roast Section responsible for the grammar . . . . and we are glad to receive the straight goods on two famous men, although it does seem that their brothers might have the decency to keep their past buried, considering the poor state of preservation it is in . . . .

ROYAL H. KUEHNEL

As a rule, on Saturday afternoon an acrimonious voice can be heard from one end of the house to the other goading the reluctant slaves to their duty. The voice belongs to none other than Simon Legree, christened Royal H. Kuehnel, driving his eager details to their tasks.

Roy hails from Chicago, where he made quite a splash. In fact, he claims one of his former sweethearts wrote him that the old town was different since he left. After finishing high school he helped Swift and Company manage their affairs for some time. He thought so much of their product that he spent several years convincing the hotel stewards in Florida and New York that anything with the Swift stamp was non-pariel. In 1922 he decided that little knowledge was a dangerous thing, so he came down to Illinois to add to his scanty store.

He must have learned fast, for he was pledged to Acacia in his second semester and eventually became a full pledged member. He is also a member of Skull and Crescent and Delta Sigma Pi. After he became an Acadian he followed his bent and went into politics. This year, to date, he has been on three committees. Among the scalps on his belt are Homecoming committee, three years; post exam jubilee, two years; acting as stage manager, this year; Dad's day committee, two years; and chairman of the program committee for the soph cotillion last year and the junior prom this year. Outside of his various political intrigues he spends considerable of his leisure evolving intricate evolutions on the dance floor.

He showed the qualities which resulted in his election to house manager last spring when he won the welterweight intramural boxing championship.

BILL KENNEDY

Bill Kennedy is one of our busiest men, and his activities in the various organizations on the campus keep him jumping. He is completing his work in electrical engineering this year.

As a sophomore, he served on the Homecoming alumni reunion committee, publicity committee of the Illinois Union, and went out for track. As a junior he served on the engineering smoker committee, also taking part in the student opera Carlotta. He was chairman of the utility board of the 1924 electrical show, and secretary of the electrical engineering society. This year he has been elected president of Eta Kappa Nu, honorary electrical, and also of the Adelphic Literary Society.

Besides the activities mentioned, Bill has also found time to devote to church work. He has been a member of the advisory board of the McKinley Presbyterian Church for the past three years and a member of the choir during that time.

Bill is also a member of Tau Beta Pi and Sigma Tau, honorary engineering, Mu Epsilon, honorary mathematical, Square and Compass, American Institute of Electrical Engineers and the University Glee Club.

PROGRESS

YOU CAN NOW SHAVE WITHOUT SOAP, BRUSH OR MUG

USE

KOLAX

"The Society Cream for Shaving"

Takes Only Half the Time of Ordinary Shave

No lather to whip up and rub in—for KOLAX is an ever-ready lather, ready to use as it comes from the tube. Merely apply and shave. No brush to wash out—no hot towels—no shaving lotions necessary.

Gives Your Skin the Benefit of a Cold Cream Massage

Every time you shave with KOLAX you automatically give your skin a cold cream facial treatment without extra effort or extra time. Imagine what this means in preserving the fine texture of your skin if you use KOLAX daily—constantly!

Cleans Dirt Out of Pores While You Shave

KOLAX possesses the skin-cleansing power of a greaseless cold cream. For years, skin specialists have used cold cream as a cleanser because it actually cleans the dirt right out of the pores, whereas soap and water only get the surface dirt.

IMPROVE YOUR SKIN IN JUST ONE WEEK

KOLAX actually does do wonders for a man's skin. Hundreds of unsolicited letters from appreciative men say so. A single shave is convincing—one week's use is positive proof. KOLAX performs no miracles in five minutes. No honest product does! Use it DAILY—for ONE WEEK. Then notice how clear your skin looks—how soft and pink it is. If you're not entirely satisfied after one week's steady use, we will willingly refund your money.

KOLAX COMPANY MANUFACTURERS

443 North LaSalle Street CHICAGO, ILL.
The cover for this annual was created by The DAVID J. MOLLOY CO.
2857 N. Western Avenue
Chicago, Illinois

Compliments of a friend
The reproductions of photographs and drawings in this book, the 1926 Illio, were printed from plates made in the Engraving Shop of

Magill - Weinsheimer Company
Producers of Sales-Making Advertising
1320-34 S. WABASH AVE. CHICAGO
"The Military Department Is Not a Subject for Humor."
—R.O.T.C. OFFICER.

FUNNY?
Laugh not, dear reader.
Weep with me—
As you are now, so once
was he—
As he is now, so will you
be—
He's not deformed—
Just R.O.T.C.!

THE END
THE REWARD

Four years of college; four years in which you have taken your play with your work; four years during which many of the hopefuls of the earlier years have dropped out.

Members of the class of 'twenty-five—CONGRATULATIONS. You have accomplished the things you set out to do and are leaving Illinois as alumni. It is our wish that your next attempt will be crowned with the success that has come from your college life, and that your next goal will be achieved.
