TO THE SPIRIT OF ILLINOIS
TO ITS UNIVERSITY
LIFE
TO ITS LOYAL MEN AND TO ITS LOYAL WOMEN THIS 1928 ILLIO IS DEDICATED
And what makes essential quality in a university? Years ago in New England it was said that a log by the roadside, with a student sitting on one end of it and Mark Hopkins sitting on the other end was a university. It is the quality of its men that makes the quality of a university.

William James

The Act of Thankfulness. 

May 20, 1865.
As sunbeams stream through liberal space and nothing jostle or displace.

—Emerson
A MYSTIC LIGHT WOOS AND ENTHRALLS
THE DREAMY AIR AND PILLARED WALLS.
— Anonymous
More like the beauty of a dream—
this hushed roadway lulled to rest.

—Anonymous
All nature speaks, and ev'n ideal things
flap shadowy sounds from visionary wings.
—Poe
And soon where peaceful quiet broods
will surge the laboring multitudes.

—Anonymous
I passed beside the reverend walls
in which of old I wore the gown.

—Tennyson
A little noiseless noise among the leaves,
born of the very sigh that silence heaves.
— Keats
Where the shadow of each column falls funereal and solemn in the memory and the mourning of the dead.
—Anonymous
Lay music's bud too long unblown,
Till thou, Beethoven, breathed the spring:
Then bloomed the perfect rose of tone.

—Lanier
A picture is a poem without words.
—Horace
It has been pointed out that the aim of our University education is realized through two sources: scholarship and association of campus life with its activities. Because we believe it to be the part which most needs preservation in the memories of the students, we have chosen to dedicate our book to the latter phase; but we are not insensible to the dominating part of our education, and we hope that our representation of the men behind the University, who have devoted their lives to the cause of education, will recall for you the memories, both pleasant and otherwise, which will serve to better remind you of their lasting influence.
THE Spirit of Illinois! What is the spirit that animates campus life and activities?

The University exists to make better men and women, physically, intellectually, and morally. I am sympathetic with extra-curricular activities, not because they are activities or a necessary adjunct of University life, but because of my belief that they contribute to the development of character through loyalty, cooperation, discipline, forbearance, sacrifice, honesty, integrity, and unselfish leadership. If they did not, there would be small reason for their existence. But after all, these are mere contributory factors; the primary reason for the University's existence is to furnish university education for boys and girls of the State. So, while these other things are helpful, the principal thing for which you are here is to secure an education.

Scholarship comes first when speaking of the spirit of Illinois!
TO THE
STUDENTS OF ILLINOIS

ON BEHALF of the Board of Trustees of the University of Illinois, I am glad to have this opportunity of extending greetings through the ILLIO to the students of the University.

When we speak of the University, we do not mean the campus, beautiful as it is, nor the buildings, modern and old, nor the laboratories and libraries, equipped for the best work, but of the students and faculty who work together here in the processes of education. It is for this, that the youth may be educated, that the State has built up the University and will build it. Many have made sacrifices, of time, of money, and of labor, that you may come to the University, and I am sure that it is the will of the people of the State, as it is the purpose of the members of the Board who hold the University in trust, that here you may have the best facilities, the best instruction that the State and the world can afford. In return, the Board, representing the State of Illinois, expects you to grasp the opportunity while it is at hand, to improve the mental and spiritual equipment that is yours, and to educate yourselves. If you do this, the Board will feel that its labor is well rewarded.

THE COLLEGE OF LIBERAL ARTS AND SCIENCES

Kendric Charles Babcock, Dean of the College of Liberal Arts and Sciences, was born in South Brookfield, New York, on September 8, 1864. He studied at the University of Minnesota and at Harvard, completing his work there in 1886. On leaving Harvard, he became an assistant professor at the University of California, which position he left to accept the presidency of the University of Arizona in 1903. From 1910 to 1913 he served as a specialist in higher education on the United States Bureau of Education, accepting his present position at the end of that time.

DEAN KENDRIC C. BABCOCK

THE College of Liberal Arts and Sciences is, and has been for many years, the largest college in the University, both in the number of students enrolled and in the size of the faculty. It consists of nineteen separate departments, and not only offers the student a good general education, but also presents the opportunity of preparing for the advanced study of law, medicine, dentistry, pharmacy, theology, or social service. Besides this very definite work of its own, the College of Liberal Arts and Sciences provides instruction in rhetoric, romance languages, mathematics, and the social sciences, for students registered in all the other colleges at Urbana. In fact, this phase of the work has grown to such an extent that for the past few years over one-half of the total energy of the teaching staff has been devoted to the instruction of students enrolled in other colleges.
EXACTLY twenty-five years ago, instruction in business began at the University of Illinois. Then the teaching faculty comprised four men; now it numbers eighty. Then the student body was a mere handful; now it exceeds two thousand.

The aim of the College of Commerce and Business Administration has been during all these years to train its students in sound, fundamental principles of business. Educationally, therefore, its work resembles somewhat that carried on in colleges of arts and sciences, the chief difference being that in the College of Commerce all students are required to major in economics, and in closely allied fields of study such as accounting, administration, organization, and law.

That this dominant aim—the aim to develop power to think rather than facility in technique—has the support of executives of the country is evidenced by the constantly increasing demand for Illinois men trained in business.

Chas. M. Thompson
Milo Smith Ketchum, '05, Dean of the College of Engineering, was born in Burns, Illinois, on January 26, 1872. Since finishing his undergraduate work, he has been constantly connected with universities, except for two brief periods. In 1897-9 he served as bridge and structural engineer for the Gillett-Herzog Manufacturing Company, and in 1903-4 was with the American Bridge Company in Kansas City. Before assuming his present position in 1922, he served in similar capacities at the University of Colorado from 1905 to 1919, and at the University of Pennsylvania in 1919-20.

The College of Engineering has ten departments of instruction and offers fourteen specialized curricula; namely, Architecture, Architectural Engineering, Ceramic Chemistry, Civil Engineering, Electrical Engineering, Gas Engineering, General Engineering, Mechanical Engineering, Mining Engineering, Engineering Physics, Railway Civil Engineering, Railway Electrical Engineering and Railway Mechanical Engineering. The physical plant of the College of Engineering is extensive and its equipment for instruction and research is in most instances unexcelled. Its faculty includes many men who are everywhere recognized as authorities in their subjects.

With these exceptional facilities, students in the College of Engineering have unusual opportunities for study in the fundamental sciences and in a great variety of highly specialized applications of these sciences in various divisions of industry. The effectiveness of the work of the College can best be gauged by the success of the large number of distinguished engineers and architects it has graduated.

M. S. Ketchum
THE COLLEGE OF AGRICULTURE

NEW AGRICULTURE BUILDING

Herbert Windsor Mumford, Dean of the College of Agriculture, was born in Moscow, Michigan, on February 26, 1871. He received his education at the Michigan Agricultural College, from which he was graduated in 1891. Returning to his alma mater in 1895, he served as an instructor and assistant in the Agricultural Experiment Station, attaining his full professorship in 1899. In 1901 he became professor of animal husbandry at the University of Illinois, and since that time has been here continuously, serving in his present capacity since 1922.

DEAN HERBERT W. MUMFORD

THE College of Agriculture gives instruction in the various lines of agricultural work. The needs of the student who expects to return to the farm are kept prominently in mind, and the record of the Alumni shows that 80 per cent are engaged in agricultural work of some kind. A conscious effort has been made in formulating the curricula in agriculture, however, to make the course a broadly cultural rather than a narrow, technical one. The object is to make good citizens as well as good farmers and agricultural leaders.

The Agricultural Experiment Station is rendering a valuable service in investigating the many questions involved in agricultural production and marketing. The Agricultural Extension Service adapts and disseminates the facts determined by the Experiment Station to the people of the state.

H. W. Mumford
THE COLLEGE OF LAW

Albert James Harno, Dean of the College of Law, was born in Holabird, South Dakota, on January 30, 1889. He graduated from Dakota Wesleyan University in 1911, and three years later received his LL.B., magna cum laude, at Yale University. He practiced in Los Angeles until 1917, when he became Dean and Professor at Washburn College of Law in Topeka, Kansas. In 1919 he went to the University of Kansas as Professor of Law. He has served here as Professor of Law, since 1921, and as Dean since 1922.

The primary object of the College of Law is to educate students for the practice of law. While particular attention is given in some courses to Illinois statutes and decisions, the curriculum is designed to give adequate preparation for the practice of law in any American State. Effort is made not only to educate students well for the practice of law, but to develop professional character and to inspire an appreciation of the duties of a lawyer as a member of society.

The College was established in 1897. Although it is a comparatively young school in its field, in numbers enrolled it now stands second among the state universities of the country.
Charles Ernest Chadsey, Dean of the College of Education, was born in Nebraska City, Nebraska, on October 15, 1870. He studied at Leland Stanford University and later at Columbia University, where he finished in 1897. In 1907 he became Superintendent of Public Schools in Denver. In 1912 he accepted the same position in Detroit, and in March, 1919, became Superintendent of the Public Schools of Chicago. He left Chicago later in the same year to accept his present position.

THE College of Education has as its special function the training of individuals expecting to go into some kind of professional educational work. The types of educational work especially emphasized are High School Teaching, Supervision, and Educational Administration. While many types of educational preparation must include graduate study, the fundamental courses for the more advanced work are offered by the College of Education. Curricula are offered, leading to the degrees of Bachelor of Science, in General Education, Physical Education and Athletic Coaching, Agricultural Education, Home Economics Education, Industrial Education, and Music Education.
THE SCHOOL OF MUSIC

SMITH MEMORIAL HALL

Frederic Benjamin Stiven, Director of the School of Music, was born on July 17, 1882, at Ionia, Michigan. He received his B. Mus. at Oberlin College in 1907, and for two years remained there as an instructor in organ. From 1909 to 1911 he studied in Paris under Alexander Guilmant and Charles Marie Widor. He returned to Oberlin in 1911 as a Professor of Organ, and held that position until 1921, when he became Professor of Music and Director of the School of Music at the University of Illinois.

THE building occupied by the School of Music, Smith Memorial Hall, is one of the finest buildings on the campus. In addition to a large number of studios, class rooms, and practice rooms, Smith Memorial Hall contains a Recital Hall that is considered one of the most beautiful in the country. It seats over one thousand persons, and has a large three manual organ of great beauty of tone.

The curricula of the School of Music comprise courses which give the graduate a broad and general education in Music. Many students who are not enrolled in the School of Music are studying one or more subjects offered by the school. Many of the students on the campus are participants in the activities of the various musical organizations. Under the direction of the School of Music, the University maintains the University Orchestra of seventy pieces, the Junior Orchestra of forty pieces, the University Choral Society of two hundred members, and the Women's Glee Club of fifty members.

Frederic B. Stiven
Phineas Lawrence Windsor, Director of the University Library and the Library School, has spent twenty-six years in library work. He was graduated from Northwestern University in 1895, and studied at the New York State Library School from 1897 to 1899. On leaving there, he began his active work as assistant New York State librarian, but changed to the copyright office of the Library of Congress in 1900. In 1903 he became Librarian of the University of Texas, serving there until 1909, when he accepted his present position.

The University Library not only supplies many volumes for class use by our large number of students, but also gives to our graduate students and to members of the faculty the use of the uncommon or rare books so often required in their advanced work. We have no large Reference Library in our immediate neighborhood, consequently we must provide in our own library all the printed resources that we need. The library staff organizes our more than 650,000 volumes for effective use.

The Library School is a professional school for the training of librarians, and admits only college graduates to its curriculum. Students come to it from every part of the country and occasionally from foreign countries, and its graduates are in libraries similarly located. The number, resources, and educational value of libraries in America are steadily increasing and this condition creates an increased demand for college trained librarians.
THE GRADUATE SCHOOL

Arthur Hill Daniels, Dean of the Graduate School, was born in East Medway, Massachusetts, on October 19, 1865. After receiving his Ph. D. from Clark University in 1893 he came to the University of Illinois as an instructor in philosophy. For two years previous to Dean Babcock's arrival in 1913 he was Acting Dean of the College of Liberal Arts and Sciences. Since 1918 he has been connected with the office of the Dean of the Graduate School, being Assistant Dean for one year, Acting Dean for two years, and Dean since 1921.

THE Graduate School represents the organized efforts and resources of the University for the purpose of giving opportunities for the most advanced study and for the promotion of research. These two functions, however, are by no means separate, for the spirit of research is the life of graduate study. The ideal of graduate work is one and the same for all graduate students. Some are fitting themselves for higher teaching and administrative positions. Others are looking forward to careers in business, industry, engineering, and the several professions. But it is the purpose of the Graduate School to train all in the methods and the use of the materials of their subjects so that they may become not only experts and authorities, but also independent workers in their chosen fields.
William Baker Day, Dean of the School of Pharmacy, was born in Peru, Illinois, on February 15, 1871. He attended the Chicago College of Pharmacy, where he received his Ph. G. in 1892. Since that time he has been constantly on the faculty of the School of Pharmacy, serving as an instructor until 1900, when he became a Professor of Histological Botany and Materia Medica, and serving as Acting Dean from 1914 to 1919, when he assumed his present position.

The School of Pharmacy is proud of the fact that its new building is nearly finished; both students and faculty are looking forward with a great deal of pleasure to occupying the new quarters and to the increased facilities which the additional space will afford. As the building nears completion the admirable arrangement of the laboratories and classrooms becomes evident. That corridors are provided with entrances to the old buildings now occupied by the school, bringing all of these into one compact group, adds greatly to the convenience of the teachers and classes. The one drawback is that the new building is so handsome and striking in appearance that it dwarfs its neighbors and makes them seem insignificant.

The aim of the school is to prepare young men and young women for the practice of pharmacy as retail pharmacists or for positions in pharmaceutical laboratories. The school is not only the largest in the west in point of attendance, but its graduates are found in responsible positions in every part of the country.

Dean William B. Day
THE COLLEGE OF MEDICINE

DAVID JOHN DAVIS, Dean of the College of Medicine, was born in Racine, Wisconsin, August 10, 1875. He studied first at the Racine Academy and later at the Universities of Wisconsin, Vienna, and Freiberg and at Rush Medical College. He served in the capacity of Pathologist at St. Luke's Hospital in 1911-13, and became a Professor of Pathology and Bacteriology at the College of Medicine in 1913. He has written several treatises on the spine and is the author of other medical books. He began serving first as Acting Dean in April, 1925, and succeeded to the Deanship in September, 1925.

No doubt the most outstanding recent feature in the work of the College of Medicine was the opening of the new Research and Educational Hospital in 1925. During the past year the work has speedily progressed, and at the present time, 150 patients are housed here. Practically all departments are now organized, and active teaching and research is going on in connection with the medical school. This hospital has furnished something that the College of Medicine has never had before, namely, hospital patients absolutely controlled so far as their medical service is concerned, thereby providing for the study of cases in a way that is not possible in the ordinary private or semi-public institutions.

Owing to our limited facilities, we find it impossible to register all students who apply for entrance to the freshman class. At present the number is limited to one hundred and thirty. Applications for more than twice this number are received and it is necessary to create a waiting list. Students desiring advanced standing are awarded places, if vacancies exist, solely on a scholarship basis.
DEAN FREDERICK B. NOYES
THE newest departure in the College of Dentistry is the establishment of extension courses which enable the practicing dentist to keep in touch with contemporary developments in his profession. Two groups of courses are available. The first group consists of courses offered by each of the principal departments, covering both the theoretical and clinical aspects of the particular phase of the work presented. To these courses graduate dentists are eligible.

The education of the public to appreciate the value of the Children's Clinic has required only a short time. Established three years ago it has reached the limit of its capacity, and throughout each year there is an extensive waiting list. The social usefulness of the clinic is not confined to the immediate correction of dental defects in the children who come to the clinic for treatment; an intensive study of the causes of tooth decay is in progress with particular stress on the metabolic problems involved.
OFFICE OF THE DEAN OF MEN

THOMAS ARKLE CLARK, '90, Dean of Men, was born in Minook, Illinois, on May 11, 1862, and studied at the Universities of Illinois, Chicago, and Harvard. He has been Dean of Men here since 1900, and his work has gained him national recognition as an authority on all phases of a university man's life. During the sixteen years of his service he has probably been guide, counselor, and friend to more young men than any other man in the country.

FRED H. TURNER
Assistant Dean

J. GLADWYN THOMAS
Assistant Dean

THE office of the Dean of Men has been organized for more than twenty-five years. Its purpose has been to concern itself with the problems of individual men.

As time has gone on the work of the office has widened. At the present time there are four men who devote from six to eight hours a day, six days in a week, to individual students. These are: Dean Thomas Arkle Clark, Mr. Fred H. Turner, Assistant Dean of Men; Mr. J. Gladwyn Thomas, Assistant Dean of Men for Freshmen and Foreign Students; and Mr. Raymond E. Glos, in charge of student organizations and activities. Dean Clark gives his time primarily to those students who wish to see him personally.

Better scholarship, better living conditions, wider opportunities for work, and stronger characters are the things for which the office works.

Thomas Arkle Clark

Page 36
OFFICE OF THE DEAN OF WOMEN

Miss Maria Leonard, Dean of Women, was born in Indianapolis, Indiana. She was graduated from Butler College in 1906, and received her M.A. at the University of Colorado in 1910. Since that time she has been constantly engaged in Dean's work, having served as Dean of Women at the University of Idaho from 1910 to 1912, at the University of Iowa from 1912 to 1923, and at the University of Illinois since 1923.

UNIVERSITY women call at the office of the Dean of Women at any hour of the school day to discuss matters of personal, group or campus needs. The questions range from social and financial needs to those of scholastic interest. Personal contact is thus secured through many interviews with students, house-mothers and parents, by the Dean of Women and her two assistants. Its purpose is to secure wholesome and healthful living conditions for Illinois women, more genuine interest in and incentives for high scholarship, and natural means of developing intellectually, socially, and spiritually.

The whole organization of the office of the Dean of Women seeks to serve the needs of the individual student, the group, and the campus in general.
If you have knowledge, let others light their candles at it. —Margaret Fuller
Originally the Illio was designed to be published, by the juniors, for the graduating class. Although the possession of the cherished volume has of late been more universal, the biographies of the seniors still lie in the hands of their successors who have dealt, we hope, as tolerantly as is possible. One hundred and two pages of the section include the 1428 Seniors who saw fit to record their faces and accomplishments (so-called) in order to possess a concrete proof of their status at the University of Illinois. Bring on the hatchet!

THE University of Illinois Alumni Association was organized on June 5, 1873. This live organization:

Publishes the Illinois Alumni News;
Compiles and edits, in cooperation with University, the Alumni Record, a volume of alumni names with addresses issued about every five years;
Works with the secretaries of over fifty classes and of Illini Clubs all over the world in the effort to keep up old acquaintances, promote new ones, encourage reunions, and to engender loyalty to the University;
Keeps detailed records of the doings of all graduates, so far as possible, and of many non-graduates; keeps on file their letters, photographs, clippings, and other biographical data; tries to know where every alumnus is and what he is doing;
Maintains for Illini Clubs, and others, sets of motion picture films and lantern slides, which are loaned without charge.

The Alumni Association office in the Administration Building is an information bureau concerning not only the alumni world but many other things affecting the University of Illinois.

All students are urged to use its information at any time, and on graduating are cordially invited to join, and keep fresh their University memories.

ALMA MATER

LORADO TAFT, '79, four years after his graduation, modeled a relief of Learning and Labor clasping hands. This was not preserved, but the idea has been included in his first conception of his Alma Mater group which he modeled in plaster in 1922.

Mr. Taft, in speaking of his group at the Alumni Reunion in June, 1922, told his classmates and fellow alumni that the modeling of the statuary "has been a labor of love, a period of happy toil, recalling the wonderful days of the early practice of my art. I have been going to my studio at five o'clock every morning—returning to the house for breakfast at eight—and these fragrant mornings have brought back memories of similar dewy dawns of nearly fifty years ago when I used to hasten over to my spacious studio in the basement of old University Hall and work in the clay until breakfast time."

Mr. Taft's hopes first showed promise in 1922, when President Kinley suggested that all senior memorial funds be used in placing this group on the campus. Every senior class, beginning with the class of '23, has contributed toward the Alma Mater statue. Mr. Taft's labor will be rewarded at Homecoming 1928, or Commencement 1929, when it is hoped that a bronze cast of this group can be placed upon the campus in a fitting architectural setting.

'Tis no disgrace even to the wise to learn and lend an ear to reason. —Sophocles
Our purpose has been to set forth the importance of the life and spirit of the University, and we hope that our effort here will help to recall some of the incidents of the college year, which, without this pictorial presentation (not to mention the exceedingly brilliant comments) might have been forgotten or allowed to pass unnoticed. The eight pages of introductory matter may be passed over hurriedly for we are somewhat ashamed of the incompleteness of our list. In fact we were apprised that we missed at least two hundred and forty-three and included several dozen who did not belong there at all.

When the Legislators were here
No! We are not advertising coonkins or Fisher bodies. It's just the weekly anxiety to see if they were mentioned.

There are still a few who persist in waiting for their study-lists.

The University of Illinois—"made safe for boys and girls."

Which is the Siren?
INTERSCHOLASTIC
Senn and Tilden made the 1927 state interscholastic track meet an exclusively Chicago affair last May in the Stadium.

It was a meet of one-man teams. Senn won by half a point with 17 1/2 points, largely through the work of Rodgers, who took both hurdle races, breaking the state and national record in the lows. Patterson of Tilden took both dashes. His work on the relay saved third place and enough points to win for his team.

Wiggins of Eldorado won the shot put and tied with Miller of Elmwood in the high jump, his 6 1/2 points giving him third place. He and Miller tied the world's record of 6 feet, 3 1/8 inches in their event. Beckmeyer of Carlyle broke the only other state record to fall with his 53 2 in the quarter.
Ten thousand students and interscholastic guests witnessed the twentieth annual presentation of "the greatest amateur circus in the world" on the night of May 15, 1926, when the shades of Barnum descended upon the Stadium. Since the first production of the circus in 1917, under Leo S. Hanu, to the present time, under Carlos J. Wagner, no other school in the country has offered so great and so varied an assemblage of "painted faces," acrobats, and novelty performers. From the first bedlam outbursts at the grand entry to the last echoes of the bursting rockets, there was enough comical and frenzied activity to keep the four stages and the center ring hot, and to make the spectators forget themselves. When all had laughed their fill and the last of the fifty acts was over, the Stadium again took on the dignified aspect which marked the close of the 33d interscholastic meet.
Be glad of life because it gives you the chance to love and to work and to play.
—Henry Van Dyke
ATHLETICS
IN THE compiling of this section we were impressed most by the number of men who have worked doggedly throughout their four years with little or no recognition, either because of the nature of their sport or because of inability to become an athlete whom the crowd would cheer on to greater accomplishment; and it is they we honor, as well as the heroes whose names are familiar in every athletic discussion. And it is all of them who gave to their alma mater their best, in whatever sport they tried, and served to more firmly establish the Spirit of Illinois "to play fairly within the spirit and the letter of the rules—to win without boasting and lose without excuses."
CAPABLE substitutes have won many victories and championships for Illinois athletic teams in past years.

Hence, it was not surprising that this latent power should find expression when "G" Huff, director of athletics, found it necessary to call for time out and take a vacation from his official duties for the benefit of his health in February, 1926.

His successor as acting director was easily chosen. It was a foregone conclusion that Carl Lundgren would be seated in Mr. Huff's place while the venerated leader of the Illini during their all-time athletic history, was in the Southwest recovering his health.

Then when "G" went to Europe and was lying near death in a London hospital, Lundy carried on in his place. Mr. Huff returned to this country on October 10 of last year but made no public appearances and soon was in the Southwest again. He returned last April and is again in his old place.

Carl Lundgren hit in the pinch for him and then held a regular's job for a year and a half. Several years ago "G" said that "Carl Lundgren is probably the most successful of all college baseball coaches in the United States." That statement is still true, for Lundy can back up a brilliant college playing record with an impressive career in the big leagues and a highly successful campaign in nine years of Big Ten coaching. He strengthens this record with a high sense of sportsmanship, wise judgment, fair play, and a cool common sense in the councils of the athletic association.
THE Athletic Council of the University consists of the director of physical welfare, three faculty members, three alumni members, and the student managers of football, baseball, track, intra-mural, interscholastic, and circus. The Council deals with the election of managers and cheer-leaders, the awarding of Varsity letters, and similar matters.

BERNIE AMSTEAD SHIVELY

BIG Bernie Shively established himself as Illinois' best and most versatile athlete since Burt Ingwersen's days by starring in three sports during his career and winning seven letters prior to the present track season in which he seems sure of his eighth—three in track and football and two in wrestling.

Shive was a practically unanimous all-western and all-conference selection. He captained the wrestling team this past year. He was triathlon champion of the Ohio relays in 1925 and a consistent point winner in the hammer, discus and shot for three years.

ILLINOIS ALL-AMERICANS

1914—Ralph Chapman, guard. (Eckersall, Camp.)
1915—Bartlett Macomber, halfback. (Eckersall, Camp.)
1920—Charles Carney, end. (Eckersall, Camp.)
1923-4-5—Harold Granve, halfback. (Unanimous: Eckersall, Camp, Rice.)
1926—Bernard Shively, guard. (Eckersall, Rice, Walsh.)
JOHNNY Mauer, popular basketball star, won the conference medal for athletic and scholastic proficiency last June. Mauer won a regular place on a championship team of veterans as a sophomore, captained the team as a junior, and played stellar ball in his last year. Coach Ruby said he was the best defensive forward in the Big Ten last year, and his eternal fight and accurate aim in the pinch won more games for Illinois than any other single factor.
PUG Daugherity was practically a unanimous all-conference selection at forward as Illinois' basketball captain last season. Brick Young, Big Ten official and Bloomington sports writer, picked him on his all-western five. Daugherity led the Big Ten scoring most of the season, but his self-sacrificing teamwork let others slip ahead in closing games. He was a great leader.

BILL O'Brien, a loser at the conference meet, came back after every one counted him out and won the national collegiate fancy diving championship at Annapolis in his last college meet. Bill captained the Illini swimming team his last year. He developed through hard work and Manley's coaching in three years.

CHICK Werner, Illini track captain, put a new world's record on the books at the Big Ten indoor track meet at Evanston in March, 1926. He ran the 60-yard distance in 07.5, slicing one-tenth of a second off the accepted mark. At the Illinois relay carnival he twice tied the world record of 190.4 for the 75-yard high stiles. His frequent duels with Guthrie of Ohio were the features of the season.
COACH BOB ZUPPKE took up his task at the start of the 1926 season where Red Grange had dropped it at the close of the 1925 year. He had a veteran line with but little new material, but he needed a new backfield.

For a while he seemed to have what he wanted. Jud Timm, Frosty Peters and Jake Lanum, together with Pug Daugherty, comprised as good a quartet as any coach could wish for. Timm went out with a broken elbow, and Zup's dream of the Four Mules vanished. Then Tom Mix Nichol jumped out of the tall grass and Zup put him in the hole. Others came and went.

Illinois finally ended the season with an even break in four Big Ten games. A sweet-tasting victory over Pennsylvania was appropriately arranged Dad's Day, while Iowa completed the joy of Home-comers by submitting to a defeat, 13 to 6.

Page 197
SYLVESTER OF COE FINDS THE ILLINOIS LINE IMPENETRABLE

ILLINOIS 27; COE 0.

With Illini expectantly watching the performance of their untried but much-heralded sophomores, Coe college invaded Memorial Stadium for the opening game of the 1926 football season. With the aforesaid sophomores leading both the attack and defense, Coach Bob Zuppke's eleven soundly trounced the Iowa collegians, 27 to 0, in a game which proved a fair test of strength.

Frosty Peters, Jake Lanum, and Butch Nowack—outstanding freshmen in 1925—fulfilled advance predictions, while Bud Stewart and Len Grable, starting as regulars for the first time, played up to the efforts of the five veterans of the previous season—Captain Kassel, D'Ambrosio, Shively, Marriner, and Daugherity.

Sound, straight football was enough to win. Successive first downs from the first two kickoffs enabled Stewart to score twice from the three-yard line. Weinie Wilson fell on a blocked punt for the third touchdown. Frosty Peters accounted for the fourth touchdown following recovery of a punt blocked by Len Grable. Bob Reitsch, injured veteran center, was missed. He was hurt early in practice the same day Jud Timm broke his elbow.

Kassel, Captain

Daugherity

Knapp

Lanum is off for a smash at the Coe line

Page 198
ILLINOIS 38; BUTLER 7.

LONG and scintillating runs reminiscent of the one and only Grange, startling passes for brilliant gains, and plenty of football in the way of fumbles, recoveries, intercepted aerials, and unallowed touchdowns marked Illinois' 38 to 7 triumph over Butler.

Frosty Peters' runs and kicks accounted for 17 points during the first 20 minutes of play. He followed a nine-yard touchdown run with an 18-yard dropkick for a field goal, and climaxcd his efforts with a 33-yard cutback for the second touchdown, kicking both goals.

Jake Lanum found time for a four-yard sneak to Illinois' third touchdown. Blair French and Wienie Wilson scored two touchdowns which were not allowed, but Ray Gallivan retaliated by counting on a short punch through center after a brilliant 54-yard run.

It was with high hopes that the Illini looked forward to Iowa's invasion, for the line, experienced and powerful, was coordinating perfectly with a fast and eager backfield, Stewart and Daugherity stabilizing it with consistent punch and defensive strength.
HOMECOMING saw 43,000 spectators gather in the Stadium for the Iowa game. The 43,000 suffered double that number of mental spasms while they watched a battling Iowa team score a touchdown before the game was one minute old and then beheld a determined Illini team fight back to victory, repelling repeated threats against their goal.

Cowboy Nick Kutsch had cantered 59 yards to the goal on the second play of the game, but Peters came back with a drop kick from the 16-yard line. Then, with Peters, Stewart and Daugherity carrying the ball, Illinois drove again to Iowa’s 30-yard line. A pass, Lanum to Daugherity, spanned the gap to the goal, reached by Pug after a hard, dodging run. With victory swinging alternately toward the two rivals, Iowa drove to Illinois’ six-inch line, but Bob Reitsch and Bernie Shively stopped them there.

Still working on the dangerous margin of four points, his mates gave Peters his second chance from the 36-yard line in the last quarter, and Frosty made it good. Again Peters' toe had proved the margin of victory.
ILLINOIS TRIES A DELAYED BUCK NEAR THE WOLVERINE GOAL

ILLINOIS; 0
MICHIGAN 13.

ILLINOIS gave Michigan ten points trying to get back three. That’s the story of the Ann Arbor invasion in which the Illini, after outplaying Michigan during the first half and threatening constantly at long range until the final quarter, resorted to indiscretions by which they threw away their chances, finally submitting to a thorough defeat by a team which took no chances and played sounder football.

Risky and desperate play spoiled Illinois’ opportunities and later enabled Michigan to win. Pushing an early attack to Michigan’s 22-yard line, Illinois futilely tried passes instead of calling on Peters’ toe. Shortly afterward Friedman converted a similar chance into three points.

Frosty tried three kicks in the third quarter but the windswept gap of 45 yards was too great. Pushed back upon their goal line in the fourth quarter by superior Michigan punting, Illinois’ passes went astray and Michigan interceptors gave Friedman his second chance. Later, Daugherity’s pass found alien hands on Illinois’ ten-yard line and Molenda scored on his fourth try, one yard from the goal. Illinois was thoroughly and needlessly beaten.
ILLINOIS 3; PENNSYLVANIA 0.

Pennsylvania's vaunted hosts of Red and Blue thundered into the cornland determined to avenge the 24 to 2 disgrace perpetrated on them by Red Grange in 1925.

The mighty Eastern team, winner of five straight games, battled on almost even terms for three quarters with a confident Illinois eleven which never thought it would lose.

It was a great game, the kind of which the story books tell and the like of which the Stadium had never seen. For 45 minutes Jake Lanum and Paul Murphy dueled with long pants. Murphy's last kick, with five minutes to play, was partly blocked, being recovered by Bob Reitsch in midfield.

Illinois started to throw passes. Daugherity completed one from Peters for 22 yards. Peters-to-Lanum added 12 more. Line plays ended with Frosty making first down on Penn's nine-yard line. Then, with two minutes to play and 50,000 Dad's day spectators watching to see what he would do, Frosty calmly dropkicked goal, the margin of victory. The Illini outplayed Penn in all departments, but Frosty Peters, facing fame or oblivion, made the difference.
STEWARD LUNGES INTO EAGER MAROON HANDS

THE Illini, wary of Chicago as in past years even though a pronounced favorite to win, invaded the Midway with confident stride and scraped their cleats as other Big Ten teams had done all season on Coach Stagg's conference doormat, albeit by the none too decisive score of 7 to 0.

There was never any doubt of the outcome despite the low score. Illinois registered 15 first downs and Chicago one, that by means of a penalty.

Pug Daugherity, playing Peters' half while Frosty went to fullback, had his big chance to make himself famous at the start of the second half. Taking the ball on a double pass, Daugherity broke through the line, eluded the secondary and galloped 60 yards for Illinois' only touchdown, realizing his ambition to make one long run during his college career. His run meant the difference between victory and defeat to Illinois that day.

Illinois played a game that was far from inspirational, holding back scoring plays, trying only three passes and playing a conservatively defensive kicking game. The line stopped everything Chicago tried.

ILLINOIS 7; CHICAGO 0.
THE little-feared but courageous team of Wabash College dared to duel with the Illini at their own aerial game in a battle which was scheduled on a week-end of rest for the Varsity regulars prior to the Ohio game. After a brilliant battle of rapier thrusts through the air in which both teams proved themselves equally versatile, Illinois won because the Cave-men started their passing game too late. However, Zuppke’s reserves who played all the way, could have taken care of any pressing exigencies.

Stuessy, Leonard, Gallivan and French assaulted the Wabash line, ran the ends and dazzled the defense with passes until they had scored four touchdowns. The first resulted from a short plunge by Leonard after a long pass to French. Another of Stuessy’s throws was caught by Brown at end, who scored after a 40-yard gain. A third in the third quarter went to Gallivan, who carried it the remaining 25 yards to a touchdown. French took the last counter over on an end run. Successful passes gave Wabash two touchdowns in the final quarter.
THE fates fought for Ohio State and executed justice upon the Illini in the last game of the year in the Stadium. After being outplayed 7 to 0 by the Buckeyes for three quarters, they savagely struck back through the air until with two minutes to play they had earned the chance to tie the score. Illinois then wagered victory on Frosty Peters' toe in a try for goal, but the unbelievable happened and Frosty missed.

Grim, Karow and Eby had run the ends and battered the tackles until Byron Eby had scored at the end of the first half.

Illinois grew desperate as the fourth quarter waned. A glorious pass from Lanum, standing on his 25-yard line, went to Peters far out beyond the Buckeye secondary, and Frosty was run out of bounds on Ohio's 26-yard line.

Stuessy passed to Daugherty from the Ohio 26-yard line for 14 yards. Another throw to Daugherty and Illinois had scored. But Frosty missed the goal by inches, and Ohio State went home with the game they should have won—and did.
Elibuck II (permanent) — relinquished to Ohio

VARSITY BASKETBALL

SEASON 1926-27

ILLINOIS set out on the 1927 conference basketball trail with two lettermen available, and Coach Craig Ruby faced the difficult task of molding a team of inexperienced men, although several brilliant sophomores were included, around Captain Pug Daugherity and Mike Reynolds as the only veteran links in the chain. The season ended with the Illini in a tie for fourth place.

Daugherity came fourth in the individual scoring list at the end of the season, and Reynolds proved to be a greater guard than ever. But the remainder of the team was in a constant state of flux which never crystallized consistently on the eve of every game. Constant changes, additions, and losses made the status of the squad unstable.

Swede Olson recovered his eligibility in mid-season. Bob McKay rose from obscurity to a regular job, while Ernie Dorn and Forrest Lindsay proved to be the best of the sophomores. Royner Greene, another first year man, was the most reliable substitute.

Page 209
ILLINI WIN OPENER

MIKE REYNOLDS, Bud Stewart and three sophomores started the first game of the season when Bradley Tech invaded the New Gymnasium. Stewart and Frosty Lindsay, sophomore center, came off the court with high scoring honors in the 37 to 24 victory over the visiting team. Stewart sank seven field goals and Lindsay six, completely dominating the box score. Don Gamble at guard and Ernie Dorn at forward, gave promise of brilliant work in future games, while Mike snared two baskets and played his usual scintillating guarding game.

Boasting one non-conference victory, the Illini awaited Coe College’s attack in the second pre-season game. The Kohawks won 28 to 22 by sinking three hard shots in the closing minutes after beating down Illinois’ challenge through a see-saw game. Captain Daugherity, playing his first game, scored five of Illinois’ eight field goals for high scoring honors.

GAMBLE SHOOTS STRAIGHT

Don Gamble gave Illinois a victory in the next tune-up game. A long basket which tied the score in the last minute and two consecutive shots at the start of the overtime period, sent the Illini on their way to a 34 to 26 victory over Drake. Gamble was high scorer for Illinois with nine points, and his deadly accuracy and high average on a few shots in the pinch made the difference between the two teams.

The North Dakota Aggies trespassed upon Illini territory for the fourth non-conference tune-up game of the early season, and when Coach Ruby had tried out many substitutes on the Aggies under the lee of a commanding Illini lead, they traipsed back to the Dakotas under a 36 to 28 defeat. The Illini merely toyed with the Aggies, piling up a 25 to 11 lead at half time. Lindsay did most of the damage with six baskets and two free throws, while Dorn and Reynolds scored three times from the floor.
BIG TEN SEASON OPENS WITH A WIN

The Illini journeyed to Minnesota to open the conference season. The result was a 27 to 13 victory over the Gophers. Mike Reynolds and Don Gamble allowed Minnesota just three field goals but both of them left the floor with four personal fouls. Daugherty shot four goals, Dorn three, and Lindsay two toward the accomplishment of victory.

Playing without the aid of Reynolds and Gamble, Ruby's men invaded Northwestern and stepped into a short-lived lead in the championship race. The second half challenge of the Purple cut down the Illini lead at half time and knotted the score at 23 to 23, owing to weaknesses in defense. Lindsay and Dorn then came through with two field goals which placed the game out of danger. Gamble broke an ankle bone in the first ten minutes of play and left the game for six weeks, during which his loss was keenly felt.

ILLINI LOSE ON ROAD

With two victories under their belts, the Illini took to the road for games with Ohio State and Michigan. The Buckeyes took the first battle by a one-point margin, 29 to 28, holding off the last minute attack of Ruby's men which almost turned the verdict their way. Three quick Ohio baskets broke up a 23 to 23 tie. Lindsay's short shot and Dorn's pair of free throws almost tied it up, but the final punch was lacking.

Traveling to Ann Arbor, the Illini lost their second game of the trip by one point, the first double defeat on a road trip in Ruby's history here. Michigan's great team, destined for a championship, extricated itself from the intricacies of the Illini zone defense and, playing with unleashed power and confidence, pulled out a victory, 25 to 24. Illinois' defense cracked when Daugherty and Reynolds were lost on personal fouls, and a 20 to 13 lead vanished before the challenge of shots by Oosterbaan and Harrigan. Stewart sank two shots to make it 24 to 20, but the Wolverine forwards got away again. This beating, the toughest one to take during the entire season, left the Illini with a 50-50 standing in four games.

WIN IN OVERTIME

Iowa and Illinois staged a nip and tuck battle for 40 minutes in the next game, which proved to be a free scoring tilt full of thrills. However, the Illini, smarting from their pair of one-point setbacks on the
road, moved away from the Hawkeyes in the overtime period and won, 40 to 43. Daugherty shot two baskets with the score 28 to 27 against him and a few minutes to play. Iowa tied it up at 33-all, necessitating an overtime during which McKay and Daugherty put the game away.

Butler broke the monotony of the vacation between semesters, but in so doing beat the Illini in another basketball game, 32 to 30, in a game which started slowly but ended with a rush of Butler baskets. Dorn's ten points kept Illinois in the running, but 14 missed free throws discounted his efforts.

"SWEDE" STARS IN FIRST GAME

Swede Olson celebrated his advent to eligibility after waiting one and one-half years by shooting six goals for high honors against Minnesota in an uninteresting game. The Illini slowed up after assuming a 20 to 5 lead, while an entirely new team raced onto the floor late in the second half. Reynolds left the floor with four personals for the sixth straight game, his quota of the 14 committed by the Illini.

Pug Daugherty and his playmates evened their score with Ohio State for the one-point defeat at Columbus by thoroughly drubbing the Buckeyes in the New Gymnasium, 43 to 30. There were many heroes. Daugherty amassed eight baskets, while Dorn shot four and held Hunt of Ohio scoreless until the entire team let up on defense. Reynolds survived the foul rule but was knocked completely out when McMillen bumped him. Lindsay made a free throw.

IOWA ELIMINATES ILLINI

Illinois dropped out of the conference title chase when Iowa surprised them in the return game at Iowa City and administered a 26 to 24 defeat, making a total of three by an aggregate of four points. Two free throws by Reynolds and field goals by Daugherty, McKay, and Olson in succession, had brought the Illini up to a tie at 24 points, but McConnell's long shot from mid-floor, a duplicate of Olson's last one, beat Ruby's boys in the last minute. Daugherty
and Reynolds led the scoring, but the total was just short. It was the finale for flag hopes.

Northwestern and Illinois put on a hard-fouling, heavy-scoring battle in their return engagement here, and the Illini, with Daugherity, Reynolds, and Lindsey shooting the big guns, pulled out a 46 to 32 victory. Twenty-five personal fouls were committed.

BALKED IN REVENGE

The Illini grimly awaited the invasion by Michigan with determination to even the count for that one-point early season loss. The great team of the Wolverines came, played unruffled basketball to the only possible conclusion, and left with a 30 to 26 victory. It was not as close as the score indicated. Michigan was never pushed. Commanding a 16 to 9 lead at half time, Oosterbaan and Harrigan sent it up with a long, overhead, delayed passing game and stalling tactics which spread Illinois' defense during the second half. Daugherity got four baskets, and Olson and Reynolds two out of many tries which seldom came close, and Michigan refused to get excited about it.

Possessing a six-won, four-lost standing, the Illini bid their time for the home and home Wisconsin games which ended the season and hoped for a mathematical chance at the title. They pulled the first one out of the fire of a 25 to 25 tie with three minutes to play when long passes and stalling tactics accounted for those last seven points.

SEASON ENDS IN DEFEAT

Wisconsin took revenge in the season's final game at Madison, beating the Illini 39 to 13 in a game which left both teams tied with Iowa for fourth place in the conference race after the others had fought out their remaining games.

VARSITY TRACK

SEASON 1926

WHEN Coach Harry Gill mustered his Illinois track team for the 1926 campaign, there were hopes of reclaiming the supremacy which had deserted the Orange and Blue after the unsurpassed season of 1924 when Illinois won both the indoor and outdoor conference meets with unprecedented scores, doubling the points of the runners-up.

But that team was called "the greatest college team ever assembled at one time" by Ted Meredith, Olympic champion and world record holder, while the 1926 team was one of sophomores, brilliant in promise but lacking in balanced, steady power.

There were veterans, such as Werner, Yarnall, Schock, Mehock, Sittig, Rue, Barnes, Wallace, Fell, Shively, Meislahn, and Sullivan, whose presence lent solidity to the squad. But for the most part, a group of brilliant sophomores were relied upon to provide the punch. They included Earl and Hal White, Hale, Lyon, McElwee, and Simon.

These boys helped maintain Illinois' supremacy in dual meets indoors but the team finished low at the conference meets. Inexperience was a big factor.

CONFERENCE OUTDOOR TRACK MEET (1926)

- Michigan: 54 14-20
- Illinois: 46 6-20
- Iowa: 42 10-20
- Ohio State: 28 10-20
- Wisconsin: 25 14-20
- Minnesota: 14 10-20
- Indiana: 12 5-20
- Northwestern: 6 9-20
- Chicago: 6 10-20
- Purdue: 0 0-0

Editor's Note: The 1926 record, with the exception of the last two meets, is for outdoor track, and the 1927 record is for indoor track. Because of the late season of this sport it is impossible to give the outdoor record for 1927.

SOPHOMORE MANAGERS

JUNIOR MANAGERS

FRESHMAN TRACK TEAM
You'll find this picture on the cover of the current Spaulding Track Guide. It shows "Chick" Werner beating Cuhel of Iowa in the high hurdles of the Iowa dual meet. His time, 1:44, was a new Illinois record.

**TRACK**

**BROKEN RECORDS MARK FIRST MEET**

The Illini opened the year by trouncing Notre Dame's small but classy team, 69⅔ to 34⅔, in the Armory. Wallace, Werner and Lyon broke Illinois' indoor records in their events.

Hal White's half-mile victory in 1:58.3 after winning the mile earlier in the meet, was the deciding factor in the Iowa meet, won by Illinois, 55⅔ to 48⅔.

Illinois came fourth in the conference meet at Evanston with 18½ points, one and one-half points back of Michigan in second place. Captain Chick Werner provided the individual thrill by breaking the world's record for the 60-yard high hurdles in 10.75.

**GILL'S MEN SWEET SOUTHERN MEETS**

The Illini sallied South for the Texas and Rice relays late in March. They carried off major honors at both meets. Gill's sprint relay team of Yarnall, Hale,
Hugh Hale beats Roberts' closing leap and wins the century in the Iowa meet

Schock, and Sullivan won both the half and quarter-mile relays at Rice and the half-mile relay at Texas.

Coach Gill split his team for the Kansas and Ohio relays but the squad dominated both meets despite that fact. Rue, McElwee, Dickenson, and White won the four-mile relay at Kansas, taking sweet revenge on Michigan, while Schock, Hale, Yarnall, and Greathouse forced Nebraska to break the world's record for the half-mile relay and Kansas to tie it in the quarter-mile test in order to win.

Illinois scored three firsts and six seconds at Ohio. Stellner made up 50 yards on Kennedy of Ohio State in the distance medley relay, winning with a great spurt and breaking the record with the help of Sittig, Duncan, and Mehock. White won the pole vault and Lyon took the shot.

Just to see what the whole team could do when it was concentrated, Gill took all the boys to Drake. As a result Illinois walked off with 27 medals earned through six firsts, three seconds, two thirds and a fourth which included three relay victories and three field event wins—all told: major honors in the meet.

ILLINI WIN THREE DRAKE RELAYS

With Yarnall absent through injury, the sprint relay team showed their spikes to Kansas and Nebraska in the quarter and half-mile relays, winning both of them. Greathouse, Hale, Sullivan, and Schock did all the running necessary. Duncan, Mehock, Sittig, and Hal White took in the medley relay on the first day, but White's effort in making up lost ground cost Illini the four-mile race the following day. White lost by a hair to Clayton of the Oregon Aggies, but beat Freyburg of Michigan for second. Wallace won both the broad jump and the hop, step and jump.

Dan Lyon broke the last Illinois shot put record to stand in his way when he threw the lead 46 feet 1½ inches in the triangular meet with Notre Dame and
Ohio Wesleyan at South Bend, Ind. Illinois scored eight victories, Schock featuring with a :49.4 quarter mile. Twenty-five Illini placed, earning 89 3/5 points to Notre Dame's 54 3/5 and 14 3/5 taken by the Buck-eye Bishops.

Gill's men subdued Iowa, 75 1/2 to 59 3/5, in a meet crowded with high class performances. Lyon, according to his weekly custom, broke his shot put mark again, shoving the weight 47 feet 2 1/2 inches from him.

ILLINI LOSE MICHIGAN MEET

Then came the defeat by Michigan, the second dual meet loss in seven years. Illinois knew it would be close but did not expect her standbys to fall down. But they did. The verdict was 71 to 64. Werner set a new Illinois high hurdle record of :14.7, and Schock ran his third :49.4 quarter in as many consecutive races. Sittig's 1:58.6 half-mile and victories by Lyon, McElwee, H. White and Meislahn were the only remaining bright spots.

So Michigan went to the conference meet a favorite to win it, and did so with 54 14-20 points. Illinois was second with 46 9-20 points. Dan Lyon broke Ralph Rose's conference record of 1924 by one-quarter of an inch when he hurled the shot 47 feet 3/2 inch,
Schock takes the quarter-mile dash from Swenson of Iowa in 14.4. Phil was consistent at this speed all season.

and Spike Rue won the mile in surprising fashion in 4:26 for the only Illini victories. Illinois led the scoring at the end of 12 events but fell down in the late field results.

Five Illini placed in the national collegiate meet on Soldier's Field, Chicago, in June. Werner's third in the high hurdles and fifth in the low were best, while Schock turned in a fourth in the quarter and Sittig a like place in the half. Rue eked out a sixth in the mile and Meislahn tied for sixth in the high jump.

1927 INDOOR SEASON BEGINS WELL.

Illinois' indoor season in 1927 left much to be desired. Gill's men took their annual meet from Notre Dame, 56\% to 38\%. Johnny Sittig won both the quarter and the half-mile runs.

The Iowa dual meet was a thriller, Illinois winning 55\% to 48\% by virtue of Sittig's great finish in the mile relay when he beat Cuhel after a stern stretch battle. He worked on a lead handed him by Orlovich,
Wallace's best broad jump of 22 feet, 10 inches was good enough to win a first in the Iowa meet.

who made up lost ground. Simon's leap of 23 feet 3 3/4 inches, and Lyon's 46-foot shot mark were new Illinois indoor records.

The indoor conference meet was a bitter experience for Illinois. Lyon's victory in the shot with a new all-time Illinois record of 47 feet 3 inches, was the only saving feature. Sittig's fourth in the half, Captain Rue's gallant second in the mile and Earl White's tie for second in the pole vault gave Illinois fifth place.

Things looked better, however, when a squad of 12 men cleaned up both the Texas and Rice relays during their Southern tour. Fairfield, McElwee, Sittig, and Rue won both four-mile races, running 17:50 at Rice, while the mile team of Nickol, Sittig, Hamlett, and Orlovich scored a victory in 3:22 at Rice and got second at Texas. Earl White broke every Illinois pole vault record with a leap of 13 feet 3 3/4 inches at Rice, while Simon and Dan Lyon both won two firsts in their events. Chances in the outdoor season brightened, and there were hopes that Illinois' traditional track supremacy, absent since 1924, would return in 1927's outdoor season.
STARTING the season with two "I" men, the Illinois Varsity cross-country team had few hopes of a brilliant season and consequently was not greatly disappointed. However, the absence of victory was bitter by contrast with the gallant showing of the preceding year.

E. J. McElwee and Frank Stellner were the only letter men, although a number of other veterans reported. They included Johnny Sittig and McGrath. Stine, Tockstein, Novak, Howie Ponzer and Parrish were promising sophomores. Hal White, former captain, was not out, while Doug Fessenden, attempting a comeback, was not ready.

Iowa beat the Illini 26 to 31 in their first meet of the season, a dual affair, over four miles. Hunn of Iowa won, while McElwee took third, Tockstein fifth, and Sittig sixth. The Illini came third in the annual triangular meet with Michigan and Ohio State, which was won by the Buckeyes. McElwee again led his men, finishing seventh, with Stine tenth, Sittig twelfth, Stellner sixteenth, and Ponzer seventeenth.

Wisconsin won the conference meet, with Illinois a bad fourth. McElwee led Gill's men in his consistent fashion by finishing sixth. Novak was the only other Illini in sight, finishing fourteenth. These two men won their letters, no others being awarded. Stellner was twenty-first, just out of the money.
LEVELING the lances of their attack against the high-hung carnival records and the handicaps of time, height and distance, a record field of more than 700 athletes from 69 universities, colleges and high schools throughout 12 middle western states, gathered for the tenth annual Illinois indoor relay carnival in the armory on February 26.

Three records were broken, and their successors were added to the iron-clad list which is becoming increasingly difficult to penetrate each year.

The Illinois four-mile relay team supplied the only new collegiate relay record and recorded the high spot of the meet when Fairfield, Sittig, McElwee and Cap-

COLLEGE ONE-MILE RELAY WON BY OHIO WESLEYAN
tain Rue beat Ohio State and Michigan by five yards in 18:13.6. Johnny Sittig made up 15 lost yards and gave McElwee a 15-yard lead which he increased. Rue staved off Kennedy's gallant finish and gained Illinois' second leg on the historic Mike Mason trophy.

Anton Burg of Chicago broke the only record to fall in the individual events. He cleared 6 feet 5½ inches in the high jump. Oak Park's mile relay team cracked the third record to fall by running the interscholastic race in 3:36.0.

Haskell's Indians, Illinois, Michigan, Michigan State, and Iowa dominated the meet. The redskins, after being protested in the college relays, won the university two-mile race from Northwestern in a hang-up finish. Osif, one of their number, won the 1500-meter race.

Six Illini placed in special events in addition to the four-mile victory and fourth in the medley. Royer and McKeever were second and third in the high hurdles, Simon and Meislahn second and fourth in the broad jump, while Earl tied for first in the pole vault and Ted Wachowski tied for second in the high jump.

Charles McGinnis of Wisconsin won the all-around championship with 5,463 points, the second highest total in history. Doherty of Detroit, second in 1926, was second again in a heart-breaking finish. Grim and Alderman of Michigan State won both dashes, while Phillips of Butler followed Alderman by defending his victory of 1926 in the 1000-yard run.

Northrup of Michigan won the broad jump, and Rinefort of Grinnell the shot put. Allison of Iowa won the high hurdles, while Spence of Detroit repeated his 1926 victory in the lows. Chick Werner, former Illini star, beat Dan Kinsey and Phin Guthrie in two special hurdle races, running the 75-yard high stiles in 10.9, a new world record which was not allowed because he hit the first hurdle.
The time Michigan beat us—
(See page 236 to ease your feelings)

Where they run from one lap to another

The height of pole-vaulting
AFTER Coach Carl Lundgren had sorted out his baseball men from the two-milers and hurdlers in the Armory and had moved his squad outdoors at the start of the 1926 season, it appeared that Illinois was to have one of its most powerful teams in years.

Thoughts of recapturing Illinois' traditional power in baseball, lost since the title nine of 1922, began to incubate in Illini minds. Annually for past decades, Illinois' baseball teams had won championships when other Illini teams failed.

One of the best freshman teams in history went up to Lundgren as the season began, Kusinski and Flanigan behind the plate; Ludlam, Stewart, and Barrett on the mound; Finn at short, and O'Keefe in the outfield, promised much in fighting spirit and natural baseball ability. Worth at third, Captain Jordan at second, Hoffman at first, Kinderman and Barta in the pitching box, and Major and Margolis in the outfield were the veterans. Chances looked bright.

FRESHMAN BASEBALL SQUAD
BASEBALL

ILLINI TIE FOR THIRD PLACE

ILLINOIS started the campaign with the brightest prospects for a pennant and potentially the most powerful nine in several years. After burning through the South on the best spring training trip during the six years of Coach Carl Lundgren's regime, the Illini battled half way through their conference schedule on even terms with Michigan. Beaten by the Wolverines in a game for the leadership of the league, Lundgren's men lost two more in a row and ended in a tie with Purdue for third place.

It was a disappointing season. Lundgren's pitchers were brilliant but inexperienced. They got plenty of hurling, though, and plenty of good fielding until midseason. Then two games were kicked away and two more were lost when Illinois failed to hit, a marked disability most of the season. It was a young team all the way around with few veterans to steady it.

Captain Jordan led a brilliant squad of sophomores and six "I" men on the southern training trip. They won five games, tied one and lost two, playing the best teams in the South.

Johnny Ludlam pitched hitless ball for five innings after relieving Barrett and beat the Mississippi Aggies, 5 to 4. Kinderman's bat and pitching arm repeated the victory the next day, 6 to 5, the Illini coming from far behind to win.

ALABAMA HALVES THE SERIES

The Illini broke even with Alabama, winning behind Ludlam, 8 to 6, in the first game, but losing behind Barrett the next day, 10 to 0. Journeying to Fort Benning, Georgia, Bud Stewart beat the army team, 2 to 1, in the first game.
Hoffman gets another put-out in the Minnesota game, the ball beating the runner by yards

of a doubleheader, while the second went to a 5 to 5 tie in eight innings,

Kinderman leading his men up from behind after a bad start.

Margolis’ home run beat the University of Georgia in the thirteenth inning the

next day, after Stewart had saved the game in the ninth inning. The score was

5 to 3. Georgia won, 2 to 0, the next day through questionable adverse verdicts

on close plays in the last inning. Barrett and Kindy allowed but two hits. Then

the Illini turned north for the opening of the home season.

Illinois got 15 hits and Butler broke the world’s record with a like number of

errors when Coach Lundgren’s men opened the season on Illinois Field; the

Illini won, 21 to 0. Ira Sweeney hit a double, single and home run, the latter

with three men on, while everybody looked good in the field with errorless per-

formances despite the bitterly cold weather.

Iowa opened the conference season on another frigid day. Stewart started,

but left Ludlam with a handicap of a 4 to 3 score in the second inning. Johnny

struck out 11 men in the next seven innings, while the Illini sewed it up with

six singles, a walk, a sacrifice and two errors for six runs in the second frame.

Lundgren’s men hit 15 safeties and erred not at all.

BARRETT SHUTS OUT DE PAUW

Dick Barrett gave DePauw two hits and no runs at all in the third home game,

while his mates scored five runs on eight safeties and made no mistakes in the

WORTH

MAJOR

MARGOLIS

ILLINOIS 3; MINNESOTA 1
George Hoffman helps with a hit against Chicago, Illinois winning 13 to 0.

Taking the road, the Illini were rained out at Wisconsin, but gathered in their second conference win at Iowa City with an 8 to 3 verdict over Otto Vogel's boys. Ludlam portioned out but four hits, while every Illini except O'Keefe accounted for one or more of Illinois' 14 safeties. Fritz Kinderman's home run, scoring Worth, was the biggest individual thrill.

Lundgren's men fell upon the visiting Ohio State nine for a 7 to 4 victory in the third Big Ten game. Ludlam wobbled at the start, and Stewart went the rest of the way in an easy manner. Timely singles by Johnny Worth and Fred Kinderman scored four runs in the fourth. Hits by Finn, Worth, and Nemo Nemkoff accounted for two more runs in the fifth.

The Illini accepted their first defeat since the Southern trip in the Chicago game at the Midway, 7 to 6. Barrett's weak start, followed by eight solid hits off Bud Stewart in the fifth and sixth innings, gave Chicago a 6 to 1 lead, but the Illini tied it up with five runs in the seventh on O'Keefe's double, six succeeding walks and a hit batsman. Chicago pitchers gave out 21 free tickets and six hits, while Stewart and Barrett allowed 15 hits and their mates made four errors. An infield error, a sacrifice hit, and a wild throw by Kusinski, gave Chicago the game in the fourteenth inning. Stewart lost the tough decision but pitched nervy ball.
GUNDLACH’S TRIPLE WINS

Norm Gundlach won a ball game for Illinois at Ohio State when he tripled with the bases full, in the ninth inning, giving Illinois a 9 to 7 verdict. The Illini outhit Ohio and won the game three times, losing it twice on an error by Margolis, which scored three runs, and hits off Ludlam, who had relieved Stewart. However, Gundlach made it all right.

Kinderman, making his first Big Ten start of the year, pitched Illinois into a tie for the league lead with Michigan by beating Purdue at LaFayette, 11 to 2. Lundy disappointed the Boilermakers by saving Stewart. Fifteen Illinois hits and 11 Purdue errors made the grief complete. Illinois hit for four runs in the first and again in the eighth inning, while they engineered three double plays.

Making every advantage count but not working too hard in the process, Illinois took the Notre Dame game, 7 to 4, on four hits and seven passes. Barrett went easily all the way. Eighteen Illini saw service, and Kinderman hit a homer.

The Illini entertained a big Interscholastic crowd by handing Michigan a ball game, 9 to 4, which was for the league leadership. Finn kicked the first batted ball, and Kinderman’s error on an easy fly allowed two runs to score. Two singles followed, so Stewart bowed to Ludlam. Freddy Major dropped the next fly and this, together with an ensuing double steal, completed the toll of five runs which meant the ball game. The Illini outhit Michigan, 9 to 8, but their five errors made the difference.
BADGER PITCHING TOO GOOD

Illinois failed to hit Wisconsin pitching in the next home game, so the Badgers went away with a deserved victory, 5 to 2.

Freddy Major showed the only punch, twice scoring Dick Finn with timely blows to left field. Kinderman started on the mound, striking out seven men in three innings but allowing two runs. Stewart gave out three more. Ellerman’s homer was the longest hit of the year on Illinois Field.

Mississippi A. and M. returned Illinois’ southern trip visit in two games on Illinois Field. Remembering Illinois’ 5 to 4 and 6 to 5 victories of April, the Southerners carried Lundgren’s men 4 to 4 until the ninth inning in the first game. With two out, Kinderman hit his third single and pitcher Ludlam scored him with the deciding run.

The Mississippians evened it the next day with a 14 to 7 victory. Leading 8 to 7 largely by virtue of a five-run rally in the fifth, the Southerners knocked in six more counters in the ninth. Barta, Deimling, and Dalquist worked while the enemy were making 12 hits and the Illini registering seven errors. Tom Morrow finally quit keeping score.

Illinois dropped all the way out of the Big Ten race by losing a 5 to 4 heart-breaker to Michigan at Ann Arbor. Fighting up from under an early handicap, the Illini tied the score at 4-all in the ninth with two runs, but Johnny Ludlam walked Captain Wilson with the bases full in Michigan’s half and forced in the
Worth fouls out in the Michigan game when he puts up a steep fly

winning run. Three Illini errors were fatal, so title hopes, which had been
dying a lingering death, were finally extinguished.

**TWO VICTORIES CLOSE THE SEASON**

A 13 to 0 win over Chicago looked better after the gloom of losing three
straight conference games. Johnny Ludlam allowed three hits while the Illini
got 11 safeties, one of them a home run by O'Keefe.

Illinois closed the season with an 8 to 1 victory over Minnesota. Stewart
passed out only four hits while his mates sloughed off 13. Johnny Worth led
the carnage, while Kusinski and Jordan also had perfect days at bat. That was
all for the year.

Freddy Major, fleet centerfielder, led the team in hitting and his average of
.567 topped the entire conference batting list. Captain Jerry Jordan was second
on the team in the Big Ten games, while his average of .447 led Major's total
of .441 for the entire season. Hoffman, despite errors at critical times, tied with
Johnny Worth for fielding honors with averages of .966. Ludlam, Stewart and
O'Keefe had errorless performances throughout the Big Ten season in the seven
or more games.

Johnny Ludlam was the pitching mainstay. He won eight games, four of
them conference tilts, and lost but one. Stewart broke even on four conference
games while winning two non-conference frays.

VARSSITY WRESTLING

COACH Paul Prehn led the Illinois wrestling team to its annual Big Ten championship last season. Other Illini teams may come and go with vacillating success, but the wrestlers reap their customary conference title each year. Again in 1927, Prehn's men proved the consistency of his teams, winning their fourth title in as many consecutive years. It was the sixth in Prehn's eight years here in which Illinois teams have won 34 dual meets and lost four. The championship is well on its way toward being considered a matter of casual fact, a traditional Illinois possession.

Illinois started the season by beating Wisconsin, 17 to 8, six of Prehn's seven letter men taking care of the result. With this veteran team, the Illini trekked East to West Virginia, plotting revenge against the Mountaineers for the 1926 beating. Illinois lost only one match, and that narrowly, winning 24 to 3. Geis, Ritz, and Shively demonstrated Illinois' coming supremacy in heavier weights by taking falls.

The Illini took the first home meet from Chicago, 19½ to 7½, following with a 17 to 6 decision over Minnesota. The heavyweights again decided the meet, Webster ending it with a fall.
Illinois clinched the western section title by beating Iowa, 12 to 9. For the fifth consecutive year of this rivalry, the decision was left to the last match and Captain Shively came through in a hard-fought overtime battle as the score stood tied. Geis was beaten for the first time in his collegiate career, but Thacker, Hesmer, and Minot won their bouts.

Michigan invaded the Gym Annex with the championship of the entire conference at stake. Thacker won, but Hesmer, Minot, and Gunlock lost. With the score 9 to 3 for Michigan, Geis and Ritz tied it up with decision victories and Shively decided it, 12 to 9, with another of like kind.

Two Illini won conference individual championships in their class. Pete Hesmer, entering for experience only, took the special-weight title, and Ritz came through in the light heavy class, beating three former champions in order. Allie Morrison, freshman wrestling captain, successfully defended his national A. A. U. lightweight championship at Ames, Iowa, in March. He promises much for next year. Hesmer was chosen captain for 1928. Minot and Webster are, with him, the only returning lettermen.

It looks like a bad year ahead, but Prehn will probably have a team, albeit one of cripples. Signal recognition of his executive ability, wide knowledge of sports, respect from the sports world and athletic record was accorded Paul when he was appointed to the Illinois state athletic commission last year. He means much to Illinois.
Illinois’ Varsity tennis team swept unbeaten through all dual meet and conference meet competition to team, singles and doubles championships last year, giving Illinois its second Big Ten championship of the year.

Captain Eddie Shoaff and Tim O’Connell, sophomore satellite, bore the brunt of the battle on their racquets, being unbeaten in doubles competition. Tim lost not a match in singles play, while Eddie Clark, Reggie Bard and Wienie Gelwick also won their major letters.

The Illini opened the season by whitewashing Iowa in six matches and dropping only two sets during the process. O’Connell and Shoaff paired in one doubles match, while Bard and Clark were matched in the other. Both combinations won. O’Connell, Shoaff, Bard and Gelwick won their singles matches. Only one battle was hard fought.

A victory over Chicago followed when Shoaff, O’Connell and Clark won their singles matches and Tim and Eddie paired for a doubles win by the margin of 6-3, 6-3, the same as their score against Iowa. This pair was already shaping up as the best in the conference.

Purdue fell foul of the path of the Illini in the fourth dual meet and lost, 6 to 0. Tim, Eddie, Reggie and Clark accounted for the verdicts.

The Illini worked hard to beat the powerful Michigan team two days after the Chicago meet. Captain Shoaff lost his first match of the year, but O’Connell came through easily, and Bard and Clark took their doubles match, clinching the meet.
SHOAFF’S men completed an unbeaten dual meet schedule and won the Big Ten title by defeating Ohio State at Columbus in a mid-week meet, 4 to 3. O’Connell and Bard won their singles matches easily, but Shoaff, Gelwick and Clark were beaten. Shoaff and O’Connell’s fifth straight doubles victory tied the score at three matches each and left it to Clark and Bard for settlement. They dropped the first set but won the next two, clinching the title.

SHOAFF and O’CONNELL
Conference Doubles Champions

O’CONNELL
Conference Singles Champion

The Illini made their Big Ten conquest complete by sweeping honors at the conference meet. Tim O’Connell won the singles championship from Shapinski of Chicago, 6-3, 7-5, 4-6, 6-4, eliminating Eddie Shoaff in the semi-finals, and then Eddie and Tim won the doubles crown. Their feat completed an unbeaten season in dual meet competition. Their championship, added to O’Connell’s singles title and the team’s dual meet championship, left nothing to be desired.
ILLINOIS swimmers won two out of five conference dual meets, beat Washington University in another, and took a tie for fifth in the Big Ten meet.

Illinois dedicated the big tank in the New Gymnasium to intercollegiate competition by beating Washington University, 42 to 27, in the season’s first meet. Heinie Groh won the 100-yard free style and the fancy diving. Coach Manley’s men repeated this victory by identically the same score at Iowa City, Groh leading the way with his customary two victories.

Purdue was beaten, 45 to 24, in the second Big Ten meet, Groh piling up 107.4 points in the fancy diving, but Indiana set back the Illini unexpectedly with a 39 to 30 verdict.

Wisconsin repeated the defeat dose, 42 to 27, in the next meet, but Groh went on his unbeaten way and Deuss won the 440-yard grind. It was the first smirch on the new pool. Another one followed when Chicago came down and won, 40 to 29. Heinie Groh dove with perfect equanimity into another first, completing an unbeaten season in dual meets.

Then came the conference. Groh won himself a Big Ten championship by catching Collath of Northwestern, with a courageous fight, in the difficult optional dives, developing a bad leg split in his first effort. Joe Perl got fourth in the diving for the sixth Illinois point. Groh went to the national collegiate meet hoping to win Bill O’Brien’s diving title, but Collath beat him when Heinie spoiled his one-and-one-half somersault, taking second.

VARSITY SWIMMING TEAM

[Image of the Varsity Swimming Team]
ILLINOIS’ water polo team, claimants of the conference title in 1926 on the basis of the best dual-meet record, failed to reach the heights of champions in 1927. Manley’s men won four matches and lost one. Captain Clyde Cofiel and Heinie Groh were the scoring aces.

The team began operations by whipping Iowa, 12 to 7, before 3,000 spectators, the largest crowd which ever witnessed a swimming meet and water polo match in the Middle West.

Heinie Groh’s three goals gave Illinois the edge over Purdue in the next meet. Kinne added two, Captain Cofiel a trio more, and Vakey one. Waldo, Ford, and Horner took care of the guarding with Komie in front of the goal. Coffel’s four goals, augmented by Groh’s three and a pair by Kinne completely whitewashed Indiana, 9 to 0.

Clyde Cofiel scored the longest goal ever made in the new Illinois pool to help beat Wisconsin, 8 to 3. Groh, Kinne and Horner made it 4 to 1 at the half, while the Illini ran it up to 8 to 3 in the last period. Komie’s good work on defense marked the play.

Illinois and Chicago, both undefeated, met for a chance at the Big Ten dual meet title and the Maroons won, 4 to 3, with a last-minute goal after a nip and tuck battle all the way. Groh hit two goals and Coffel one, but they were not enough.
ILLINOIS’ golf team broke even in four dual meets last year and won second in team honors in the conference meet, while Captain-elect Ralph Kunstadter was taking second in the individual scoring for a fairly successful season under the coaching of Dave Swank.

A 21 to 1 victory over Purdue opened the season with Captain Tewksbury, Mason, and Anderson doing the shooting. The Illini lost badly to the Purple of Northwestern the following week, 17 to 7, with Rankin substituting for Anderson. The Purple swept the best ball foreteams.

Bill Mason, sophomore star, won the Michigan meet when he sank a 50-foot putt for a birdie on the last green of the match. The Illini took the best ball play and won 12½ to 11½, but it was that wonderful shot by Mason which made the difference between victory and defeat. The team went into the final dual meet of the year against Chicago with a chance to tie for the Big Ten dual meet championship, but the Maroons were too strong and won, 16 to 5.

Illinois did well at the conference meet in June. Tewksbury, Kunstadter, Mason, and Anderson landed the team in second place in the team scoring with 662 points, three behind Chicago. Kunstadter took second to Hisert of Chicago in the individual competition with 322, six strokes behind. Mason was fifth with 332.
VARSITY GYMNASTS

ILLINI gymnasts turned in the best record in years of competition this past year, winning three dual meets and taking third at the conference meet, while Komm, second in the all-around championship, won his major “I.”

Chicago nosed out Coach Heidloff’s men in the first meet, but the Illini beat Iowa, Purdue, and Ohio State in order. Captain Dan Pletta, with his victories on the bars, and Komm with his versatility, were the mainstays.

VARSITY FENCING TEAM

FOUR dual meet victories and Craig’s conference championship in the epee were reaped by Illinois fencers last season. The team tied for third in the Big Ten conference meet.

Chicago fell to start the season, Captain Perry starring in the foils. Red Braun led the Illini in a 7 to 6 win over Iowa. Purdue was beaten, 9 to 8. Merritt and Levin did best against Ohio, the Illini winning, 8 to 7.

Manhood, not scholarship, is the first aim of education.

—Ernest Thompson Seton
Women were first admitted to the University in March, 1870. The following year twenty-four availed themselves of the privilege, and since that time women have constituted from one-sixth to one-fourth of the total enrollment. Now they are so firmly established as an integral part of the University that we can hardly conceive of any school from which the co-ed with her compact or hockey stick is barred; disregarding the constant propaganda that we have been subjected to, advancing the superiority of woman over man, we have almost come to the conclusion that there is a possibility of other attractions than man.

THE Woman's League is the women's student organization. The social life of the women of the University is taken care of through the social committee and the All-University and Inter-Illiniae Party committees. Interest in the outside world is encouraged through the work of the Citizenship and Vocational Guidance committees. Training in leadership and participation in extra-curricular activities are fostered in the freshman and sophomore classes through Orange and Blue Feathers and Gold Feathers. Still another part of the work of the League is taken care of by the Woman's Welfare committee in providing for the co-operative houses. Thus the work of this organization is carried on by the women themselves, and it answers their needs for the four years of their University life.

WOMAN'S WELFARE COMMITTEE

ONE of the most worthy committees on the campus is the Woman's League. Their purpose—to provide pleasant and comfortable homes for girls who are helping to earn their education—is fulfilled in the cooperative houses—Alpha, Beta, and Campbell Cottage.

Every year the Welfare Committee gives an operetta to make money for the support of the houses they now own, and the purchase of new ones. This year it was "Listen Lester," which, as everyone knows, was a big success. Most of the proceeds of this year's opera will go toward the purchase of another house in which to carry on the committee's good work.

Gold Feathers is no longer a new organization. In three years it has had time to show its worth or its uselessness and there is no question but that Gold Feathers has won for itself a definite place on the campus. The Scholarship Fund alone, with its help for girls in need, would justify its existence. Its ideals of leadership, democracy, and friendship have caused sophomore women to realize more from their university lives than they could possibly have done otherwise.
KEEN competition is manifested each year in Stunt Shows staged by sororities, groups, and the three Feather organizations. Entertainments of this type are gaining an important place in the life of every university woman whether she vies for honors in this sort of competition or merely is one of the spectators.
THE annual Doll Show given this year at the Y. W. C. A. was very successful, attracting much attention to the clever display of the dolls representing groups of all nations. Those winning first and second places pictured Italy and Spain respectively.
THE opportunity to meet the leaders in campus activities combined with the excellent means of making friends draws together university women every Wednesday afternoon for a Woman's League Tea. Each afternoon is brightened by a program consisting of readings, dances, and piano selections. It is a place where the timid freshman does not fear to accost the campus-worn senior, and where all the classes meet on common ground.
THE annual May Fete pageant which is given under the auspices of W. A. A. is an outgrowth of the ancient May Day tradition. This colorful pageant has become one of the most attractive events of the year and plays a great part in entertaining our mothers on their Mother's Day visit to the University.

TO PROMOTE interest and participation in sports, and to encourage physical fitness are the purposes that the Woman's Athletic Association of the University of Illinois wishes to fulfill among women on the campus.

In addition to encouraging such inter-class sports as hockey, basketball, track, baseball, swimming, tennis, riflery, bowling, golf, volleyball, hiking, and apparatus and special gymnasium work, the Woman's Athletic Association annually sponsors "Sans Souci," a fall get-together for all university women, Health Week, May Fete, and a spring banquet which is held at the very end of the year for all W. A. A. members.

GOLD SEAL GIRLS

THE W. A. A. fosters a spirit of enthusiasm for athletics among the women of the university by its system of honors. Points are awarded for participation in the different sports. When a girl has earned 650 points, she is awarded a minor I. A. 1200 points are required for a major I. A. Each year the girls who earn 2000 points are awarded the Gold Seal—the highest honor which they may attain. Helen Oldfather and Roberta Glenn are the Gold Seal girls of this year.

AESTHETIC DANCING

Ofttimes I am called to dance
By an urge remote from things
It is not earth; it is not heaven
It is myself that in me sings.

—Anonymous.
CLOG dancing: a rhythmical expression of patterns built upon syncopated music is as enjoyable to us Illinois as it was vital to the primitive.

It is not stilled with artificial graces, but is imbued with freshness, spontaneity, and gay simplicity. It delights us.
Both indoor and outdoor sports are included in the curriculum of the athletic girl. The four-sport season recently inaugurated at Illinois has made it possible for more women to advance themselves and perfect their favorite sports. This activity is rapidly gaining in the University woman's favor.
THE facilities in the Women's Gymnasium and the equipment on the Athletic Field furnish varied interests to a large number of University women who each year participate in major and minor sports. Apparatus stunts and fencing have come into favor as newer sports, and are attracting many women.
Whether you be man or woman, you will never do anything in this world without courage. It is the greatest quality of the mind next to honor.

—James A. Allen
When we speak of Activities we usually think of the students who have decided in favor of the so-called "extra" over the regular academic curricula, and who slave, either with a truly enthusiastic interest, or with an eye toward the glory of attainment as realized through a list of names in the Daily Illini. Whether the ambition be a thoroughly sincere one, or whether it be of a more superficial nature, we, as a participant in that alibi for lack of scholastic interest, favor this form of work in collaboration with academic endeavor, because we believe that from any real work, no matter how insignificant, there is sure to come genuine profit.
NOT FOR the purpose of novelty, but with regard to the recognition of deserving merit, the 1928 ILLIO has inaugurated a section including five men and three women who have been selected by an impartial committee (not including the editor) as true representative Illini. Our aim has been to single out eight seniors whose records for their four years at Illinois have shown that they possess the qualities we like to accord a man or woman who, by accomplishment, has attained a position outstanding among undergraduates. As students representing these ideals in men and women of Illinois we have chosen:
Because—his interests include not only Manager of the Basketball Team, but also his conscientious participation in T. M. A. work as well as class activities; and throughout his academic career in the College of Engineering, his scholarship has been of such outstanding excellence as to merit his election to Tau Beta Pi.

Because—he has made a worthy activity in campus politics, beginning with enthusiastic participation in his Freshman year, and continuing throughout his college career, always with the respect and friendship of his fellow students; and realizing the reward of his efforts in his election to the presidency of the Senior Class.
Because—with a high scholastic record, she has constantly interested herself in all, and especially Women's Activities, and has worked continually throughout her four years, winning scores of friends, and showing unusual ability in every phase of both academic and other activities.

Florence Dull

Because—during a successful career in his connection as business executive of the Daily Illini, culminating in his administration as Business Manager, he has not lost sight of other school activities; and has maintained a standard of scholarship in the College of Commerce of sufficient excellence to warrant his election to Beta Gamma Sigma.

Arthur Franklin Priebe
Because—the recognition of her unusual ability has been shown in being one of the two women ever to have been elected to a position on the Illini Board of Control; and during her four years, her scholarship in the College of Liberal Arts and Sciences has been of sufficient excellence to merit her election to Phi Beta Kappa.

Because—in the face of obstacles encountered in his first and second years, he later became an indispensable factor of the Football Squad; and climax the brilliant athletic career by captaining the Basketball Team with the title of fourth high scorer in the conference, and winning a secure position as forward on Brick Young's all-western.
B E C A U S E — she was able to maintain a standard of scholarship in the College of Liberal Arts and Sciences sufficient to warrant her election to Phi Beta Kappa despite the constant demands of her position as Woman's Editor of the Daily Illini, attained after three years of constant and meritorious effort.

M A R G A R E T  B U R T O N

B E C A U S E — by hard and conscientious work he has earned for himself the distinction of being one of Illinois' best fighters on the Basketball floor; and is the exemplification of our ideal in a man who has attained success solely on merit and by dint of his own constant effort.

Student publications on the University of Illinois campus came into existence in 1873 with the printing of the first Illini, which began as a monthly publication and became a daily newspaper in 1902. The number of publications has increased until there are nine at the present time. They are the Daily Illini, the Illio, the Illinois Magazine, the Illinois Weekly, the Siren, the Enterprise, the Agriculturist, the Technograph, and the Architectural Year Book, and are all under the supervision of the board of directors of the Illini Publishing Company.

The board of directors, composed of four faculty members and four student members, appoints all editors and business managers, and owns all publication property. Though it determines matters of general policy, the board in encouraging originality, gives free rein to the various editors and managers.

Classroom instruction in journalism is linked with work on the publication staffs, giving the student opportunities for combined theory and practice in whatever field of publishing he may select.

OFFICE AND PLANT

V. L. KRANNERT............................Company Manager
W. A EVANS............................Editorial Adviser

LOCATED in its own printing plant operated by a staff of twenty regular employees, The Illini Publishing Company is regarded as the greatest student publishing company in the world. Its headquarters, including the business and printing establishment, are located in the Illinois Union building. It is here that the various publications, except the Illio, are organized and printed, and the Daily Illini is made up at night by news editors, copy-readers, and proof-readers.

Under the supervision of a professional editorial adviser, copy for the editorial departments of The Daily Illini and for the ILLIO is written in the editorial offices in the basement of University Hall, while the company business manager advises student publication managers.

The system of conducting student publications has been so successful that most of the Big Ten schools and many other universities have patterned their publishing organizations after The Illini Publishing Company.

The Illinois Union inside and out, but not extremely on the inside.
THE Dance Supervision Committee governs all university dance functions. It supervises the ticket sales, assumes the responsibility for the collection of money, and determines the eligibility of the students requesting dance tickets. The committee makes reports of all its activities to the Student Council and the university officials.

THE University of Illinois Band is the finest of its kind in the States and is, we believe, the biggest military band in the world," so says the "London Musical Progress."

The University maintains five instrumental-music organizations: the Concert Band, the First Regimental Band, the Second Regimental Band, the University Orchestra, and the Second Orchestra. Places in all the organizations are determined on a competitive basis. Service in the bands takes the place of the required military drill and tactics. After satisfying the required military credit, those who have attained membership in the Concert and First Regimental Bands receive a scholarship.

The University Orchestra and the Concert Band are composed of selected musicians organized for the purpose of studying and performing the higher forms of music. In addition to numerous concerts on the campus, the Concert Band makes an annual tour of mid-western cities.

The First and Second Regimental Bands serve to train members for the Concert Band. In the same manner the Second Orchestra develops players for the First Orchestra.

The University owns a most varied and complete band instrumental equipment. The band library is one of the largest and finest in the United States and includes an especially fine collection of foreign band music. These facilities provide an unusual opportunity for musicians who desire to pursue their musical studies along with other University work.

L. G. Leutwiler, Chief Illiniwek
UNDER the Act of Congress, June 3, 1916, the Reserve Officer’s Training Corps was established at the University of Illinois. It has now grown to a reinforced brigade containing nearly all branches of the service. Two courses in military training are offered to the students. The basic course trains a man in the fundamental work and fits him for the position of sergeant or corporal in the Organized Reserves at the end of his two years of work. The advanced course is a continuation of the basic course, but a man with a certain prescribed previous military history may enter without the basic course as a prerequisite. From the advanced course come our cadet officers who rank up to and include the cadet colonel and are given rank and advanced as rapidly as ability and diligence permit.
The six branches included in the reinforced brigade consist of Infantry, Cavalry, Artillery, Engineers, Air Service, and Signal Corps. The men are given an extensive and intensive training in the unit in which they belong and a brief résumé of the work of other branches.

A summer training period of six weeks is offered at which the embryo officer may put into practice the theoretic work learned throughout the school year. Upon the completion of the two year advanced course, the men are given commissions by the government as second lieutenants in the Organized Reserves. The rise in rank may continue from there, depending upon the amount of time and interest the men may have to place upon their military work.

SCHOLASTIC HONORS

UNIVERSITY OF ILLINOIS
STUDENTS AWARDED HONORS
FOR SUSTAINED EXCELLENCE
IN SCHOLARSHIP DURING THEIR
JUNIOR AND SENIOR YEARS.

HIGHEST SCHOLARSHIP 1926
ROBERT VERNE BAKER
LOUISE ALICE BRUMBAUGH
MARTIN PAUL CATHERWOOD
BERNARD MARTIN DECKER
EUGENE LAMBERT DAVIES
ESTHER NELSON EMMET
JOHN GEORGE FUGGER
FREDERICK PAUL HANCOCK
FREDERICK PAUL HUNTER
DOROTHY HALE NULL
HARLEY LOUISE FOTTER
JOSHUA DIXON YOUMES
HAROLD WILKINS
ARTHUR HARRY WITKOW

THE SKULL AND CRESCENT CUP
Fall Semester, 1926-7

Won by
ALPHA KAPPA LAMBDA

The Skull and Crescent Cup for scholarship is awarded at the beginning of each semester to the national social fraternity making the highest scholastic average for the preceding semester.

THE SACHEM TROPHY
Fall Semester, 1926-7

Won by
DELTA ALPHA EPSILON

The Sachem Trophy for scholarship is awarded each semester to the social fraternity having the greatest number of scholastic points. The points are awarded on the basis of the scholastic average and its increase over that of the preceding semester.
ENGINEERING HONORS

IRA O. BAKER PRIZE
1926
First Prize
JOSHUA D. VOORHEES
Second Prize
ALFRED MASTERSON

ARCHITECTURAL HONORS

THE AMERICAN INSTITUTE OF ARCHITECTURE
Won in 1926 by
MARY THEYE WORTHEN

The American Institute of Architects offers each year a medal to the senior in the Department of Architecture whose development during the four years' course is the most consistent and best. The award is based upon scholarship in all the work during the course, the purpose being to prevent over-specialization in design.

THE SCARAB MEDAL IN ARCHITECTURE
Won in 1926 by
JOHN ELMO SWEET

Scarab, professional architectural fraternity, offers each year an award in the form of the Scarab Medal to the student in the College of Architecture who submits the best solution to a problem in architectural design.
ARCHITECTURAL HONORS

THE FRANCIS J. PLYM FELLOWSHIP IN ARCHITECTURE
Won in 1926 by
A. R. EASTMAN

Through the generosity of Mr. Francis J. Plym, of Niles, Michigan, a graduate of the University of Illinois of the class of 1897, the trustees have established a fellowship for the advanced study of architecture. The stipend attached to the fellowship is one thousand dollars. The winner of the award is required to spend a year of study and travel in Europe. The fellowship is awarded annually by competition in architectural design.

MILITARY HONORS

THE HAZELTON PRIZE MEDAL
Sold in 1926 by
HARRY C. PETERSON
Field Artillery Unit

The Hazelton Prize Medal was provided by Captain W. C. Hazelton in 1890, to be awarded annually to the best drilled student enrolled in Military Science. The competition for this medal is held in May of each year.

The award is made for excellence in military appearance, erectness in carriage, neatness in dress, and for excellence in the execution of the school of the soldier, without arms and without numbers.

THE UNIVERSITY GOLD MEDAL
Won in 1926 by
CHARLES HENRY COMMONS
Engineering Unit

The University Gold Medal is awarded annually by the Board of Trustees of the University. The medal is awarded for military excellence shown in the annual competitive drill. The applicant for the medal must have a required standard of scholarship both in Military Science and in his other school work, and he must show a thorough knowledge of the other details as in the requirements for the Hazelton Medal.
LITERARY HONORS

THACHER HOWLAND GUILD MEMORIAL PRIZE

Won in 1926 by MARSHALL VERNIAUD

The Thacher Howland Guild Memorial Prize is awarded annually to the student whose one-act play is considered to be the most original and to possess the greatest literary merit. This prize was endowed by friends and relatives of the late Thacher Howland Guild, formerly an instructor and associate in English at Illinois.

The world is blessed most by men who do things, and not by those who merely talk about them.

James Oliver
ORGANIZATIONS
There are two hundred and eighteen organizations on our campus—social, professional or honorary, and societies—whose memberships comprise about three fifths of the entire enrollment. This fact is significant when we consider that four thousand thirty-five students are members of one or more organizations, and are interested in benefiting from the associations, social and scholastic, which they are enabled to enjoy with both undergraduates and faculty. Although Will Rogers would laugh at the American inclination to join "Something," we believe that such an obvious indication of broadened interests is deserving of commendation.

Page 458
WITHIN the records of historic time man has always evidenced a tendency to form groups, generally united by social interests. It is not strange, then, that within the last century this tendency should find expression in college life. As early as 1776 college societies were being organized in America, but it was not until 1824 that Chi Phi, the first social fraternity with a continuous existence, was founded at the College of New Jersey, which is now Princeton University. From that year forward there has been a rapid growth of similar social brotherhoods in the American colleges.

It was in 1872 that Illinois' first social fraternity was established, with Beta Upsilon chapter of Delta Tau Delta. Sigma Chi was the next fraternity established at the University, in 1881. In that year, however, the University passed a ruling against secret societies, with the result that the charters of both fraternities were revoked until 1891, when the rule was repealed. Henceforth campus fraternities have grown without interruption, so that at the present time there are eighty-four social fraternities at Illinois. Seventy-two of these are national, and the remaining twelve are local. Their combined membership includes forty per cent of the male-student enrollment.

This number itself proves the justification of the social fraternity at the University of Illinois. The fraternity not only fosters brotherhood among its individual members but serves also to unite the entire body of fraternity men, as expressed by the strength and activity of the Interfraternity Council. And fraternity brotherhood extends even beyond the confines of each national fraternity and beyond the fellowship of all interfraternity organizations. It has furnished a bond of friendship uniting all fraternity men in all stations of life, and in all nations.
Students of —?

In order that the Alumni would have no difficulty in finding the house.

SWAN SONG

AND on the next page, ladies and gentlemen and students of the University of Illinois, you will not find the time old collection of quips and scandal intended to evoke dire, side-splitting mirth within you. You are to learn that we of Illinois do not approve of coarse, uncontrolled laughter, and that we do not vent ourselves upon pages of vulgar, commonplace, and emotional conundrums. Albeit ye editor is sometimes guilty of a smirk and has been known to enjoy a chortle at odd times, so if anything in this book has caused a smile, or even a snicker, to play over your countenances, we will be immensely gratified. However, recognizing the primary demand in such a book, we have attempted to make all the faces distinguishable and, furthermore, have put ourselves to no insignificant amount of time and worry in order that you might have, for your convenience, an accurate, complete and dependable index of names, sororities and fraternities. Nevertheless, we realize that this service, however excellent, can not compensate for the loss of that noble institution, The Roast Section, and so if you are still querulous as to our motive, kindly call during our office hour and we will attempt an explanation of our seeming disparagement of humor.

THIS IS NOT AN APOLOGY.

The Editor
Friendship is the highest degree of perfection in society. —Montaigne

Pathfinders
Christopher Columbus discovered America, thus adding a new world to the old. Alexander Graham Bell discovered the telephone, giving the nations of the earth a new means of communication. Each ventured into the unknown and blazed the way for those who came after him.

The creating of a nation-wide telephone service, like the developing of a new world, opened new fields for the pathfinder and the pioneer. The telephone, as the modern American knows it, has been made possible by the doing of a multitude of things in the realms of research, engineering and business administration. Its continued advancement requires constant effort in working upon a never ending succession of seemingly unsolvable problems.

Because it leads the way in finding new pathways for telephone development, the Bell System is able to provide America with a nation-wide service that sets the standard for the world.

A New and Greatly Enlarged
Lytton College Shop
Everything for the University Man

Suits, Overcoats, Hats, Furnishings
and Shoes in this Exclusive Shop

The Lytton College Shop has earned an
eviable place among Mid-Western University men as a style authority on college clothes. Now we are enlarging its service
to include the newest ideas in Neckwear, Suits, Hats—and everything else for the college man. We are making it a larger, more
comfortable Shop yet retaining the same chummy, exclusively university atmosphere. And, of course, the economies which our
great volume of business permits, will affect everything in the New Lytton College Shop.

Visit the New Lytton College Shop Before School Next Fall
On The Road
To Fame

The professional man starting to build up a practice will do well to remember that the proper equipment is one of the most important things to consider.

American Cabinet No. 120 should be your ultimate choice, and the thousands of satisfied users is evidence of its popularity and worth; and remember that over 75% of all Dental Cabinets in use are American Cabinets.

Send for Our Complete Catalog

Our goods can be purchased from the dealer in combination with chair, engine, unit, and in fact a complete outfit, on one contract on easy monthly payments.

We will demonstrate our line in your city before you graduate and hope to see every member of the senior class.

“No Plow Will Work” They Said

A long train of ox-drawn emigrant wagons creaked past; one of many such trains that passed every day.

As far as the eye could see the pioneer trail was marked by a cloud of dust. Settlers were pouring into the old hunting grounds of Black Hawk’s, Sacs and Foxes—settlers from New England and the Middle Atlantic states, augmented by members of the second generation of pioneer farmers who had settled Ohio and Indiana.

It was an amazingly beautiful and fertile country; for miles and miles on either side of the trail the rolling prairie extended, a green, wavy sheet of land which tempted the travelers to end their long journey and make their home.

But the emigrant wagons passed on—on toward the timber lands. From earlier pioneers the word had passed back to the eastern states: “Beware of the prairie lands. In the timber lands building material, fuel and fencing are easy to get; in the prairie lands no plow will work after the first breaking.”

“No plow will work”—that was warning enough for every pioneer seeking to establish a farm. One might well afford to haul logs for miles to a farm on the rich prairie, but how could one farm where a plow would not work? So the wide reaches of timber along the large and small streams rang with the “chick-chack” of the axe and droned with the hum of the saw, as pioneers established their homes, while the primeval silence pervaded the prairies.

What a change was to take place within a few short years! Already John Deere in his little frontier blacksmith shop had solved the problem of plowing the black prairie soil. From early in the morning until late at night he was busy at his anvil making the steel plows which he had invented. Soon his new industry was to expand into larger and larger John Deere factories, producing in great quantities plows that scoured. Then the once-spurned, rich prairie soil came into its own as the world’s greatest producer of food for mankind.

The prestige gained and held by John Deere plows up through the years of America’s great agricultural development applies today to the complete line of John Deere farm equipment—prestige due to continued growth of the long-established belief among farmers that a John Deere gives much more than a dollar’s worth of performance for every dollar spent in purchasing it.

Fixtures of shining white; the glint of nickel; walls in clear, cool color; this is the bathroom of today, symbol of American love of cleanliness. In every home it is insurance against illness, a preferred investment in convenience, sanitary comfort and finer living.

The considerable role played by Crane in spreading the gospel of better bathrooms and its insistence on the highest quality in all Crane plumbing and heating materials has led some to believe that Crane products cost more. Not so! Count the full cost of any complete installation and Crane is rarely higher in price.

Every preference, every purse can be satisfied in the wide range of Crane fixtures, valves and fittings; obtainable through any responsible plumbing contractor. Write for New Ideas in Bathrooms, illustrated with blue prints of floor plans, and wall elevations in color, full of practical decorating suggestions and inspiration.

The wonderful support of our many thousands of patrons has enabled us to realize a life-long dream; the largest, most beautiful and best equipped photographic studios in America. Decorated in antique Spanish design with rich drapes and rugs the studio is one of the show spots of Chicago.

Four artists are on duty at all times to give our patrons prompt service. Eight dressing rooms, wonderfully decorated, and each with sanitary features are another one of its accommodations.

And above all the spirit of fair dealing, which is typically "GIBSON," will still prevail, insuring the public of Illinois of reasonable prices, courteous treatment and efficient service.

Our school and college department will be even better equipped to serve our thousands of satisfied students.

Chemical and Biological Research

In the new plant in North Chicago, located on a twelve-acre tract of land, the Abbott Laboratories are admirably equipped, not only for the manufacture of the highest quality medicinal chemicals, alkaloids, and active principles, but also for research on new products of chemical or biological origin. The research departments of the Abbott Laboratories are manned by efficient corps of scientists whose entire time is spent in original investigative work. A number of valuable new synthetic medicinals have been developed as the result of these researches, which in some cases have been carried out in close cooperation with university and other laboratories.

"Ritter"
—the mark of the modern office

To the new practitioner, Ritter equipment offers particular promise. It assists him in attaining the high standard of service which his training makes possible and his ambition demands.

Then too, patients prefer the up-to-dateness and efficiency of Ritter-equipped offices. What a help then, to start one's career with these advantages.

Start right— with Ritter

The largest factory in the world devoted exclusively to the manufacture of dental equipment
MOSER
“The Business College with a University Atmosphere”

Beginning on the first of April, July, October, and January, we conduct a Special, complete, intensive, three-months’ course in stenography which is open to COLLEGE GRADUATES and UNDERGRADUATES ONLY.

Enrollments for this course must be made before the opening day—preferably some time in advance, to be sure of a place in the class.

Stenography opens the way to independence, and is a very great help in any position in life. The ability to take shorthand notes of lectures, sermons, conversations, and in many other situations, is a great asset.

Bulletins on Request
No Solicitors Employed
Girls, only, are enrolled in the day classes.

In Chicago—

university people, especially, like the atmosphere of these hotels

It has always been a privilege of Hotels Windermere to have many university alumni as guests.

The refined atmosphere found here—the unusually fine cuisine—the high standards of Windermere service are factors which are especially attractive to those who have cultivated a true sense of good taste.

Whether you are visiting in Chicago for a single night or making this city your permanent home, don’t fail to learn all the advantages Hotels Windermere have to offer.

UNIVENT and Glass – make the difference

FOR the same reason that glass has been used for centuries, to let in the sunlight, independent of the vagaries of the weather, the Univent is used, today, to bring outdoor air directly into the room, without regard to storms, snow, rain, smoke, dust and nerve-wracking outdoor noises.

Univent and Glass make the difference between primitive life, where man must take what nature gives him — and modern life, with the enjoyment of fresh, clean, comfortably warmed outdoor air, within the protecting walls of the schoolroom.

Your pupils and teachers can enjoy air with all its outdoor vigor, every day of every season, in schoolrooms equipped with the Univent. Thousands of schoolrooms know its benefits today, and recognize, in the Univent, the highest and yet the simplest development of Ventilation.

The reasons for their choice are contained, with many other interesting facts, in the book, "Univent Ventilation." Write today, and let us send your copy.

What he didn't learn at college

In his class work, Lawrence Day Howell, Princeton, Litt. B. '13, E. E. '19, never heard of marine applications for electrical equipment. In fact, they were practically unknown. Yet he now is in charge of the Marine Section, Transportation Division, of the Westinghouse Sales Department, located at New York.

When Howell came from college to the Westinghouse Graduate Students' Course, he had twelve months of thoroughgoing work in the shops at East Pittsburgh. Then he decided he wanted to enter the field which seemed most undeveloped and perhaps most promising of broad expansion. This was marine engineering.

Not five per cent of the present opportunities on the water have been opened for electrification. Yet there is more horsepower, in prime movers, on the ocean than there is on the land.

In Howell's undergraduate days, this field was scarcely scratched—just as radio was not known to many young engineers when they were in college. A college man's opportunities are not limited to the electrical developments now in existence.

In marine applications an order may assume large proportions. A single installation, negotiated by Howell recently, of the newly-developed Diesel-electric drive for a yacht, totaled $175,000. Such sales are not made overnight. They result from understanding fully a customer's needs.

To men with the knack of taking the other fellow's point of view, a career as Sales Engineer at Westinghouse brings returns in personal satisfaction as well as in worldly reward.

A Sound Background and Link-Belt

MANY of those who today occupy positions of responsibility within the Link-Belt Organization were once undergraduates at Illinois.

The sound background received at the Engineering and Liberal Arts schools has served them in good stead in their efforts to make their mark in the business world in which Link-Belt has become an important factor.

Likewise, Link-Belt Company has offered these men and women the sound background for the building of their own future—for with

Thirty-seven branch offices served by ten large manufacturing plants building elevating, conveying and power transmitting equipment for power plants; foundries; coal mines; sewage disposal plants; sand and gravel plants; Silent Automotive Timing Chain for the automobile industry; locomotive and crawler cranes for the contractor—

One does have an opportunity.

Manz Again Joins Hands with the Illini

THE ILLIO of '28 stands as a fitting tribute to the ingenuity and industry of loyal Illinois men and women who made up its editorial and business staffs. They can take great pride in their accomplishment.

Manz, too, feels proud of the Illio because of the part we played in producing the engravings and printing for this fine annual.

Sixty years ago this organization had its humble beginning. Today it stands as the largest complete printing establishment of its kind in existence — where everything required for a complete printing job, from Idea to Finished Product, is produced under one roof.

For years we have been co-operating to the fullest extent with the student’s staffs and their faculty advisors of school annuals the country over. This service is similar to that tendered to the staffs of the 1927 and 1928 Illio. We are in an excellent position to proffer a creative service as well.

Editors-in-Chief, Business Managers and Faculty Advisors of other educational institutions, will find it helpful to take advantage of the Manz creative service in the initial stages of their work.

Any Size Job is a Manz Size Job
