Student and University life through the written word, photography, and art! That sums up what we have tried to give you in this year’s ILLIO. To achieve our aim we have portrayed the high spots of the ever-active panorama of the University of Illinois. Our hope is that in years to come, when you wish to recall the faces and scenes you knew in 1939, you will leaf through this annual and remember the disappointments, pleasures, and achievements of this college year.
1939 UNIVERSITY OF ILLINOIS
CHAMPAIGN - URBANA
46th edition
HERBERT WINDSOR MUMFORD
1871-1938

A place secure among those who have made the University of Illinois great is indeed a coveted one. But none question or envy Dean Herbert Windsor Mumford's right to that honor.

As dean of the College of Agriculture and director of the experiment station and extension service, his vision, his skill, and his readiness to serve, brought achievements which have been recognized throughout the United States. As an individual, his character, industry, and sound judgment all combined to make him a truly great personality who commanded the love and admiration of the thousands who knew him.

The ILLIO of 1939 takes this opportunity to honor Dean Mumford for his thirty-seven years of distinguished work as a teacher and a scientist at the University, by respectfully dedicating this yearbook to his memory.

The DAILY ILLINI is UNFAIR to ORGANIZED POLITICS
ARThUR CUTTS WillARD
President
President’s Message

The fame of the University of Illinois does not rest on size or growth. The contributions of the members of its faculty and alumni to scientific progress, cultural advancement, and improved living conditions are a much more permanent recognition of achievement. Another means by which the University’s reputation has been enhanced is its contribution to the education of an intelligent citizenry, trained to promote the best interests of communities throughout the state.

We wish to send from the University men and women who will use the knowledge and training they secured here to benefit not only themselves but also the communities in which they live. If you are successful in influencing others to lead more useful lives, to take a vital interest in civic affairs and to promote the general welfare, another justification of education at public expense has been demonstrated. Likewise your own lives will be more successful and happier, no matter what your financial reward or professional achievements may be.

Arthur Cutts Willard was elected seventh president of the University of Illinois by the Board of Trustees on March 13, 1934, and assumed the presidency in July of that year. He has been a member of the University faculty since 1913, coming here as assistant professor of heating and ventilation in the Department of Mechanical Engineering. Four years later he was made a full professor and in 1920 was named head of the department. Nine months previous to his election as president, he had been made Acting Dean of the College of Engineering.

Dr. Willard was born in Washington, D. C., and attended the Central High School there. He studied in the National College of Pharmacy for one year and then entered Massachusetts Institute of Technology, taking a chemical engineering course and receiving his Bachelor of Science degree in 1904. Following graduation from M.I.T., he taught for one year at the California School of Mechanical Arts in San Francisco and for three years at George Washington University in the national capital. The four years preceding his transfer to Illinois he served the United States War Department as Sanitary and Heating Engineer.

Three honorary doctor’s degrees have been conferred upon President Willard: Doctor of Engineering by the Case School of Applied Science, Doctor of Laws by George Washington University, and also the Doctor of Laws by Northwestern University.
To the Students of Illinois

The University has had an interesting and exciting year. After eight years of drought, the rains have again fallen at Urbana and a great building program is now under way—thanks in large degree to the generosity of our State and Federal Governments. Another year will see several splendidly useful structures rise on the campus—a fine class-room building to supplant "Old University Hall," much needed additions to the Library and to McKinley Hospital, a magnificent new Surveys Building which will release space to the University, and lastly, the long-pined-for Student Center. A new 5000-watt radio transmitter, giving us new opportunities for educational service, will soon be in operation.

This is splendid. It gives Illinois a greater and finer plant; but it also places upon the Board of Trustees, the President and the Faculty, and the Student Body, the responsibility of living up to the new facilities.

May we all draw inspiration from what has again been done for our University; may it spur us to higher resolves and achievements and a renewed appreciation of our democratic institutions which make possible such places as the University of Illinois.

The College of Engineering

The College of Engineering was formally organized in 1870. The first class, which graduated in 1872, contained six members from the College of Engineering. The undergraduate enrollment in the College has grown to a total of 1849 this year.

The curricula in Engineering are designed to give a thorough training in the mathematical and physical sciences and their application to the design, construction, and operation of engineering and industrial works. A moderate amount of specialization is provided through options, or special arrangement of courses, in the senior year.

The Engineering Experiment Station, the first in any engineering college in the United States, was organized in 1903. Under its auspices important researches have been carried on in many fields of engineering. The results of the investigations have been published in about 340 bulletins and circulars.

Dean Melvin Lorentius Enger

Melvin Lorentius Enger, Professor of Mechanics and Hydraulics, since 1934 Dean of the College of Engineering and Director of the Engineering Experiment Station, was born May 5, 1881 in Decorah, Iowa. He attended the University of Minnesota and the University of Illinois where he received the Bachelor of Science degree in Civil Engineering in 1906 and later the C.E. and M.S. degrees. He came to the University in September 1907 as instructor in Theoretical and Applied Mechanics and has served on the faculty since that time. From 1926 to 1934 he was Head of the Department of Theoretical and Applied Mechanics. Dean Enger is an honorary member of Triangle and is a member of many engineering societies, committees, and honorary fraternities.
Dean Matthew Thompson McClure

Matthew Thompson McClure, Dean of the College of Liberal Arts and Sciences, was born at Spottsford, Virginia, April 27, 1883. A Bachelor's degree was awarded him at Washington and Lee University in 1904, where he did his undergraduate work, a Master's degree at the University of Virginia in 1907, and a Doctor's degree at Columbia in 1912.

Before coming to Illinois, Mr. McClure was an instructor in Philosophy at Columbia and from 1915 to 1921 a professor of Philosophy at Tulane. He began his career at Illinois in 1921 as Associate Professor in Philosophy. In 1932 he became Professor of Philosophy and in 1936 he was appointed head of that department. The deanship was awarded him in 1934 after serving a year as Acting Dean of the College of Liberal Arts and Sciences. Dean McClure is a member of Theta Delta Chi, Phi Kappa Phi, Phi Eta Phi, Phi Eta Sigma, Delta Sigma Rho, The American Philosophical Association, and other honorary organizations.

The College of Liberal Arts and Sciences

The College of Liberal Arts and Sciences, the largest college in the University, offers instruction in the humanities, the social sciences, and the natural sciences, leading to the degrees of bachelor of arts, bachelor of science, bachelor of science in chemistry and chemical engineering and in home economics. In addition, it offers the necessary work preparatory to medicine, law, journalism, and education.

Its courses are sufficiently flexible to meet the varying needs of its large student body. The general curriculum is designed for those who seek a broad general education. The professional curricula are designed to lay the foundations for those students who wish to specialize for professional careers.

The usefulness of the College has been enlarged by the creation in 1937 of a Personnel Bureau which affords the opportunity for personal counseling along the lines of educational, scholastic, and vocational guidance.
The chief concern of this college is to provide for its students a thorough-going undergraduate education with economics, theoretical and applied, as its chief concern. To that end the college requires work in certain fields of knowledge and encourages work in the fields. This it does with the expectation that its graduates will go out prepared to live, as well as to make a living. What we have in mind is to offer young men and women opportunities to combine general education with specific training along lines both broad and fundamental.

A student in this college has choices not only in fields of concentration but also in particular areas of these fields. His program of study admits of considerable adaptation to individual needs to be discovered with the assistance of the members of the faculty. Such a plan offers the opportunity to acquire a general education with a purpose.

Charles M. Thompson

Charles Manfred Thompson, '09, Dean of the College of Commerce and Business Administration, is an alumnus of the University of Illinois: A.B., '09; A.M. '10; Ph.D., '13. His work in this department dates from 1912, when he was appointed Assistant in Economics. In 1919 he became Professor of Economics and Dean of the College. With the establishment of the Bureau of Business Research in 1921, Dean Thompson was made Director. He holds two honorary degrees: L.L.D. from Muskingum College, and D.Litt. from McKendree College. His fraternities are Delta Chi, Phi Beta Kappa, and Beta Gamma Sigma. The Dean is best known as a lecturer and a writer on subjects dealing with Economics and Economic History. His particular hobby is Illinois history of the period prior to the Civil War.
The College of Agriculture

On March 2, 1868, when teaching began in the Illinois Industrial University, there were only three instructors and fifty men students in the entire institution. Today the College of Agriculture alone has a staff of approximately 250 and an enrollment of about 1,400 students in agriculture and home economics. Its curriculum has grown from one combined course in agriculture and horticulture to a great number of courses offering the latest and best in all branches of agricultural science.

From its thousands of graduates come leaders in farming, homemaking, teaching and research. In addition, many of its graduates fill positions in industries and public service closely allied to agriculture. Through its Extension Service, farmers, homemakers and consumers get the teachings and findings of the University. There is perhaps no better reflection of the College's wide range of service than the fact that some 18,000 people annually attend its conferences, meetings and short courses.

Joseph Cullen Blair, Dean at the College of Agriculture, was born at Truro, Nova Scotia, April 26, 1871. He attended the Provincial College of Agriculture at Truro from 1888 to 1890 and was instructor in chemistry and botany at that institution from 1890 to 1892. He was graduated from Cornell University in 1896, having majored in chemistry, entomology and horticulture.

In July, 1896, he came to the University of Illinois as instructor in horticulture, and four years later was made head of the newly created Department of Horticulture. In 1906 he was granted the honorary M.S.A. degree from Iowa State College and in 1920 the Doctor of Science degree from the College of Wooster. He was appointed Dean of the College of Agriculture and Director of the Agricultural Experiment Station and Extension Service in Agriculture and Home Economics on June 1, 1918. He remains also head of the Department of Horticulture.
The College of Education

Education is the largest enterprise carried on in the State of Illinois. Public education alone deals with nearly two million children of school age, involves a staff of more than forty-six thousand teachers, utilizes school property which has cost more than a billion dollars, and requires an annual expenditure of almost one hundred fifty million dollars. Through research, teaching, and service the University of Illinois contributes to the preparation and the guidance of the personnel on whom the wise conduct of this enterprise depends.

The College of Education, which is in a sense a liaison office between the public schools and the University, had its origin in 1893 in the influence of Charles de Garmo, Professor of Psychology. In 1900 a Department of Education was set up which became, in 1907, the School of Education and later, in 1918, received its present title, the College of Education. At the same time, the Bureau of Educational Research was established.

Dean Thomas Eliot Benner

Thomas Eliot Benner, Dean of the College of Education, was born in Danvers, Massachusetts, February 11, 1894. He graduated from Harvard in 1914 (A.B.) and received graduate degrees from the same University in 1916 (A.M.), 1923 (Ed.M.), and 1924 (Ed.D.). His professional experience has included teaching in Maryland and Maine, Public School Administration in Massachusetts, service as Statistician and Editor with the Alabama State Department of Education, the Acting Deanship of the College of Education of the Alabama Polytechnic Institute, the Chancellorship of the University of Puerto Rico, and a Visiting Professorship at Columbia University. Since 1931 he has been Dean of the College of Education at the University of Illinois. He served as a member of a commission to investigate vocational education in Illinois, and as Chairman of the Advisory Committee to the Educational Commission in 1935. He is a member of Phi Delta Kappa and Kappa Delta Pi and holds office in several national professional organizations.
Albert James Harno, Dean of the College of Law, was born January 30, 1889, in Holabird, South Dakota. After his graduation from Dakota Wesleyan University in 1911, he went to Yale, where he received the degree of Bachelor of Laws, Magna Cum Laude, in 1914. He practiced law in Los Angeles until 1917, when he went to Topeka, Kansas, to become the Dean of Washburn College of Law. Two years later he went to the University of Kansas, where he served as Professor of Law. He came to the University of Illinois in 1921 on an appointment as Professor of Law. He was made Dean of the College in 1922. Since 1930 he has also served as Provost of the University.

The College of Law

The College of Law was established at the University of Illinois in 1897, under the direction of President A. S. Draper, who was named Acting Dean. It had been largely through his efforts and the interest of the Governor of the State, John Altgeld, that the College was founded. When, in 1900, the Association of American Law Schools was organized, this College was one of the charter members. Later it was one of the first group approved by the accrediting board of the American Bar Association.

The primary purpose of the College is to train students for the practice of law. But the law touches every phase of human activity, and the training of a lawyer must include more than the learning of the facile use of legal rules and formulae. A legal education should reveal the place of law in the social structure and should take account of the economic and social factors that influence its development.

Albert James Harno
The College of Fine and Applied Arts

Instruction in the Fine Arts has long been provided by the University, courses in Art and in Architecture being amongst the early offerings of the institution. The School of Music was organized in 1897 and training in Landscape Architecture was instituted about a quarter of a century ago.

Originally located in four different administrative units of the University, these departments went their separate ways until 1931 when they were brought together to form the College of Fine and Applied Arts. To these was added the Bureau of Community Planning in 1934.

Housed in the Architecture Building, Smith Memorial Hall and the New Agriculture Buildings, with certain studios in Lincoln Hall, the Commerce Building, and Engineering Hall, this College offers twelve curricula covering various phases of the Fine Arts and enrolls annually seven hundred professional students together with about one thousand others who pursue courses in some phase of the Arts.

Dean Rexford Newcomb

Rexford Newcomb, first Dean of the College of Fine and Applied Arts received his training at the Universities of Kansas, Illinois and Southern California. His academic studies have been supplemented by wide travel in Europe and the Orient.

Before coming to the Illinois faculty in 1918, Dean Newcomb was for five years Director of the Department of Fine and Applied Arts at Long Beach Polytechnic (California) and for four years Director of Adult Education and Principal of the Long Beach Evening High School. He served also on the faculties of the University of Southern California and the Agricultural and Mechanical College of Texas, at the latter institution as Professor of Architecture and College Architect.

Dean Newcomb was for ten years editor of the Western Architect, Chicago, has served as technical consultant in various connections, has lectured widely on the Fine Arts, and is the author of thirteen volumes and several hundred magazine articles in his field. He is a member of Phi Beta Kappa, Sigma Xi, Phi Kappa Phi and various other honorary and professional organizations.
Dean Robert Daniel Carmichael, Dean of the Graduate School, was born in Goodwater, Alabama, March 1, 1879. He was awarded his Bachelor's degree at Linville College in 1898, and his Doctor of Philosophy degree at Princeton University in 1911. After coming to the University of Illinois in 1915 as Assistant Professor of Mathematics, he became Associate Professor in 1920. From 1929 to 1934 he was head of the Department of Mathematics. In 1933 he was appointed acting Dean of the Graduate School, and a year later he became Dean. He has published several hundred articles on mathematical, philosophical, and scientific subjects, and is the author of several volumes on these subjects. Some of his works have been republished in French translations.

The Graduate School

The principal aim of graduate study is the development of the power and the promotion of the spirit of investigation. The student who pursues an extended course is expected to obtain a wide knowledge of his subject and of related fields of investigation, and also to acquire and begin to use the power of extending the range of what is known.

Scholarships and fellowships, established by the University Board of Trustees, are open to graduate students of exceptional ability and promise. Funds are available from several special sources for the support of additional fellowships, the purpose of which is to promote higher education and to contribute to the extension and diffusion of knowledge. Several important individual research programs are encouraged and helped forward by the aid of resources which have been made available through the Graduate School and the Research Board. Some of these are of very great value in the social process.

R.D. Carmichael
The Library and the Library School

The University Library, through the General Library and its branches, provides books needed by students for class reports, theses, and general reading, and books and journals needed by the faculty in their research. The Browsing Room, for voluntary general reading, is popular with the undergraduates. The Library bookstacks contain more than one million volumes, a collection increasing at the rate of more than 30,000 books a year. About one mile of bookshelves is required to hold 30,000 volumes.

The Library School is a professional school for the training of librarians, and admits only college graduates since a librarian’s first need is a thorough general education. The instruction in the first year in the Library School covers methods and practices commonly followed in American libraries; students who complete this year of work are prepared for positions in library service. In the second year, bibliographical, historical, and comparative studies are emphasized. Alumni of the School are working in libraries in every state and in some foreign countries.

Phineas Lawrence Windsor, Director of the University Library and the Library School, was born February 21, 1871, at Chenoa, Illinois. In 1891 he was graduated from Northwestern University and shortly afterward studied two years at the New York State Library School at Albany. In 1899, he began his professional work as assistant in the New York State Library, going to the copyright office of the Library of Congress in 1900. In 1903, Mr. Windsor accepted the position of Librarian at the University of Texas, remaining there until 1909, when he came to the University of Illinois, to assume his present position.

A life member of the American Library Association, he has served three terms on the Council of that organization, has twice been president of the Illinois Library Association, and also twice president of the Association of American Library Schools.
The School of Journalism

The University this month completes its thirty-seventh year of instruction in journalism and formal preparation for the practice of journalism.

From a small beginning in 1902-03, a single class devoted to editorial and advertising copy, a professional program developed, combining general and professional studies and offering students an opportunity to make preparation for clearly defined types of journalistic work. The School of Journalism, organized in 1927, is now concluding its twelfth year. Its graduating class last year numbered 102 students.

When University Hall was abandoned and razed in 1938, journalism lost the home which it had occupied for more than a third of a century. The School offices were removed to the Commerce building and the laboratories and special facilities to various buildings about the campus. The work will occupy temporary housing for another year and will then be moved into the building which replaces University Hall. The new building, Gregory Hall, will have quarters especially planned for and adapted to the needs of a great School of Journalism.

Lawrence W. Murphy

Lawrence W. Murphy, Director of the School of Journalism of the University of Illinois, was born October 18, 1895. He was awarded the Bachelor of Arts degree by the University of Wisconsin, the Master of Arts by the University of North Dakota, and the Doctor of Letters (hon.) by Marquette University. His formal study of journalism was made under the early heads of the schools of journalism of the University of Wisconsin, the University of Washington, the University of Kansas, the University of Minnesota, Northwestern University, and the University of Illinois. Professor Murphy came to the University of Illinois in 1924. In 1925 he was named Director of the Courses in Journalism and in 1927 Director of the School of Journalism. He is chairman of the National Council on Education for Journalism and a past president of the American Association of Schools and Departments of Journalism and of the American Association of Teachers of Journalism.
The School of Physical Education

The School of Physical Education, established in the fall of 1932, includes three departments: Physical Education for Men, Physical Education for Women, and Health Service.

The Department of Physical Education for Men renders three general services, namely, conducting the service courses (required of all students), conducting a professional training curriculum for students majoring in this field, and promoting a program of recreational sports for men.

The Department of Physical Education for Women conducts the service courses in physical education, a professional training curriculum, a program in intramural sports, and a program in faculty recreation for women.

The Department of Health Service gives health examinations to all students, confers with students about health problems, cooperates with the State Board of Health in controlling contagious diseases, regulates sanitary conditions on and about the campus, and conducts courses in sanitation and hygiene for both men and women.

Seward Charle Staley, Director of the School of Physical Education, was born in Sleepers, New York, on August 1, 1893. He secured a Bachelor's degree in Physical Education at Springfield College in 1917; a Master's degree in Hygiene at Clark University in 1920; and a Doctor's degree in Education at the University of Illinois in 1929. Professor Staley served as an athletic director in the Army during 1917 and 1918. In 1920 and 1921 he served as Director of Athletics for the Greek Army in Asia Minor. He joined the staff of the Department of Physical Education at the University of Illinois in 1922, and was made Director of the School of Physical Education in 1937. He is the author of nine books and many articles in the field of physical education. Squash rackets and hiking are his chief sports; collecting books on the history of sport is his chief hobby.
Dean Frederick Bogue Noyes, Dean of the College of Dentistry, was born in Chicago on August 22, 1872. After graduating from Beloit Academy in 1889, he attended Johns Hopkins University where he received the degree of Bachelor of Arts in 1893, and Northwestern University where he obtained the degree of Doctor of Dental Surgery in 1895. At that time he began practicing dentistry in Chicago. Continuing his studies he received the diploma of the Angle School of Orthodontia in 1908, and since then has limited his practice to orthodontia.

Northwestern first claimed his services from 1896 to 1913 as professor of Histology. Leaving there he came to the University of Illinois College of Dentistry as Professor of Dental Histology and Orthodontia. He has continued as Professor of Orthodontia since 1921 and succeeded to the Deanship of the College in 1926.

The honorary degree of Doctor of Science was conferred on Dean Noyes in 1922 by Northwestern University; that of Doctor of Laws in 1938 by Temple University. He has also been awarded the following medals for distinguished accomplishment: Callahan Medal, Jarvey Medal.

The College of Dentistry is now beginning the second year in its beautiful new building—beautiful not only because it is excellent in design and in the use of color and materials, but also because it is so well adapted to its purpose of developing dentists who are prepared to meet the needs of the people and the state.

The College is an integral part of the health service of the University; its proximity to the College of Medicine and the Research Hospital results in closer cooperation between the two colleges and contributes to the development of better health service on the part of both.

Since a large part of the third and fourth years is devoted to the supervised practice of dentistry by students, ample clinical space is provided on the fourth, fifth, sixth, seventh, eighth, ninth, twelfth and thirteenth floors. The clinical equipment has been especially designed and is modern in character throughout.

Frederick Bogue Noyes
The College of Medicine

The College of Medicine opened in 1881 as a proprietary medical school known as "The College of Physicians and Surgeons of Chicago." It first became affiliated with the University of Illinois in 1897, and in 1913 all of its property was transferred to the University.

In two years the University placed all the laboratory branches of the school on a university basis. In 1920 the General Assembly appropriated $1,000,000 to the Department of Public Welfare and $300,000 to the University of Illinois for the specific purpose of constructing research and educational hospitals in Chicago. A plan of joint cooperation was immediately drawn up whereby the Administration of the Hospitals was to be handled by the Department of Public Welfare, while the professional teaching and research work was to be turned over to the University medical staff.

Since the time of its organization, the entrance requirements have steadily been raised. Beginning with the autumn of 1938, three years of college work with high grades are essential for consideration.

David J. Davis

Dean David John Davis

David John Davis, Dean of the College of Medicine, spent many years in study and research before coming to Illinois. He was born in Racine, Wisconsin, on August 10, 1875, and studied first at the Racine Academy. From the University of Wisconsin he received his Bachelor of Science Degree in 1898 and his M.D. degree from Rush Medical College in 1904. In Europe he continued his studies at Vienna and Freiberg, and then returned to the United States to carry out his research work in Chicago at the McCormick Institute for Infectious Diseases. Before coming to Illinois he served as pathologist at St. Luke's Hospital in Chicago. In 1913 he came to the College of Medicine as Professor of Pathology and Bacteriology. He has written several treatises on Bacteriology and is the author of numerous other medical papers. He began serving as Acting Dean in April, 1925, and succeeded to the Deanship in September, 1925.
Dean Albert Henry Clark

Albert Henry Clark was born in Marengo, Illinois, October 15, 1871. He has been a teacher of chemistry in the College of Pharmacy since 1905, holding the various ranks of assistant up to Professor and Head of the Chemistry Department and now Acting Dean. He has been engaged in numerous scientific activities, mainly the American Pharmaceutical Association and the American Chemical Society. He has contributed about seventy-five papers on various scientific researches and other subjects relating to Pharmacy and Pharmaceutical Education. He has been, among other things, President of the American Conference of Pharmaceutical Faculties, member of the United States Pharmacopoeia Revision Committee, etc., also of Sigma Xi, Rho Chi, and other pharmaceutical fraternities.

In addition to his pharmaceutical degree received from the University of Illinois, Professor Clark has spent one year and several summers in study and has received his Bachelor's and Master's degrees from the University of Michigan.

The College of Pharmacy

The College of Pharmacy is the oldest unit of the University, antedating the organization of the University itself. It was founded in 1859 by a group of Chicago pharmacists as the Chicago College of Pharmacy, being the first institution for the education of pharmacists west of the Allegheny Mountains. Its first class was graduated in 1861. It became a part of the University of Illinois in 1896. The buildings on Wood Street just south of Flournoy were purchased for the College in 1915 and added to by a fine new unit in 1926.

The College now stands, and always has stood, for the highest ideals in education and professional ethics. From its modest beginning it has developed its curriculum to the present four years of University work leading to a degree of B.S. in Pharmacy. It ranks as third in attendance of all the colleges of the United States, and is fully equipped in every way to carry out its function of service to pharmacy and the people of the State of Illinois.

The College is now in the process of removal to new quarters in the Medical and Dental Laboratories Building on Polk Street and it is believed the new and closer association with Medicine and Dentistry will add much to the value of its services to its students and the public.
The work of the Division of University Extension continued to grow during the past year, and this increase was to be noticed in all departments of the Division, including the home study department, the extramural class offerings, the Speech Aids Service, and the Visual Aids Service. The college credit courses were taken by students in forty-one states as well as in the Canal Zone, Hawaii, Canada, India, and South America. In a single day the Division may bring the University in contact with a group of engineers in Chicago who gather for a graduate extramural class; club women assembled for a School of Affairs; an army officer in Panama; a convalescent from infantile paralysis in Warm Springs, Georgia; a factory worker in Granite City; a mechanic in a garage in Rock Island, all of whom are working out correspondence course lessons; the students in a high school at Rockford who are watching an educational film while a luncheon club in Paris is listening to a faculty lecturer.

Robert Bell Browne, Director of the Division of University Extension, was born in Oshkosh, Wisconsin, July 15, 1894. After attending the Southern Illinois State Teachers College he entered the University of Illinois. Because his education was interrupted by his serving in the United States Army, he did not complete his graduation until the summer of 1922. After serving nine years as a high school principal and city school superintendent, he returned to the University of Illinois in 1929 to become an instructor in Education. His advanced degrees of Master of Science and Doctor of Philosophy were conferred by this University. At the time of the inauguration of the Division of University Extension he was appointed its first director. He has been in charge of the Division since that time.

Office of the
Dean of Women

A Dean's day is filled with interesting hours of counseling women students in all phases of student life. The Dean of Women's staff consists of Miss Irene D. Pierson, Assistant Dean of Women, and Miss Mildred Fisher, Assistant to the Dean of Women.

They strive to attain comfortable housing for women students, a balanced program of scholastic work, social life, campus activities and health. Loans are granted and clothing is provided for needy students. Advice is given in all situations needing personal adjustment. The three thousand women students are sure to find help for any need in the Dean's Office, 100 Woman's Building.

The living quarters are inspected and the housemothers are required to keep not only University and Woman's League rules but also house standards and social and cultural standards set by the Dean's Office.

The purpose of the office is to direct and stabilize individual and group life of the women students and to encourage higher cultural standards of living in addition to incentives for study and an interest in intellectual things.

Dean Maria Leonard was born in Indianapolis, Indiana, and received her high school education there. After graduation from Butler College, she continued her graduate work in Colorado College from which institution she received her Master of Arts degree. She accepted the position as Dean of Women and Professor of Mathematics at Idaho State Normal in Albion, Idaho. She left Idaho to become Dean of Women and Professor of Mathematics at Coe College in Cedar Rapids, Iowa. Recently she received a Litt.D. from that institution. Since 1923 she has served as Dean of Women at the University of Illinois. In 1924 Dean Leonard founded the national scholastic honorary for freshman women, Alpha Lambda Delta.
Office of the Dean of Men

The University statutes state that the duties of the Dean of Men shall be "advisory" and that the functions "shall include personnel work, vocational direction, and guidance involving intellectual, emotional, and social adjustments." The major duty of the staff members of the office is counseling with individual students in regard to their personal problems, particularly those outside of the academic field. Some of the other duties include work with student employment, housing, extra-curricular activities, loans, scholarships, social events, fraternities, and organization and group activities.

The staff members are available to students day or night, and are: Gerald W. Peck, Assistant Dean of Men in Charge of Student Employment, 236 Student Center; Charles R. Frederick, Assistant Dean of Men in Charge of Student Activities; Golden A. McConnell, Assistant to the Dean of Men for Freshmen and Foreign Students; and Fred H. Turner, Dean of Men, whose offices are at 152 Administration Building.

Director of Athletics
Directors Message

On behalf of the coaches and other members of the Athletic Association I want to express our best wishes to the members of the senior class as they prepare to depart and to request their continued interest in Illinois athletics after they have left the campus.

To the graduating seniors who have played on varsity teams I want to extend our special congratulations and urge them to return next November 11 for the second annual dinner of alumni lettermen in all sports.

The first dinner of this kind was held on November 12, 1938, following the Ohio State football game, and was attended by 300 old-time wearers of the "I." In many instances this brought together teammates who had not met since their playing days. The occasion was successful in every way, inspiring the "I" men with new interest in Illinois and guaranteeing that the dinner would become even more popular in the future.

The Athletic Association is going to some trouble to obtain correct addresses and to contact alumni lettermen by sending letters and news of athletics from time to time. It is interesting to note that there are approximately 1750 alumni who have won varsity letters.

Veterans Day at the time of the De Paul football game, gave the University an opportunity to honor many veterans of the World War. This day is to become an annual event.

It is a pleasure to be able to say again that Illinois teams, win or lose, have conducted themselves in accordance with the best sportsmanship standards of Illinois.

Allen V. Sapora, 126 pound intercollegiate wrestling champion, was selected as 1938 winner of the Conference Medal, awarded annually to the Illinois athlete who has been most outstanding in both athletics and scholarship. A letterman for three years and Big Ten champion in 1937, Sapora was defeated only twice during the past season, and in March he captured the intercollegiate title.

Sapora, a member of Delta Theta Epsilon and the Tribe of Illini, graduated in the upper three percent of his class in the School of Physical Education and was awarded a place on the Bronze Tablet. He is now a member of the coaching staff at the University of Illinois.

**Most Valuable Player**

Possessing excellent football technique on both offense and defense, James D. Hodges was selected by his teammates as the most valuable player on the 1938 Illinois squad. An outstanding lineman, Hodges was alert and conscientious, and he was also one of the best place-kickers on the team.

Hodges began his football career at Rock Island High School, where he played tackle for one year. He then played a year at Augustana College before coming to the University of Illinois for his final two years of varsity competition. During the past season, his work at the guard position earned him the reputation of a consistent and alert ball player. He was truly a "spark plug" of the team, a hard-working player who saw more action than any other Illini lineman.

Cheerleaders

Since the inauguration of cheerleading at Illinois, it has been the custom for the Athletic Council to pick the cheerleaders. This year, however, Gymkana took over the job of selecting the head cheerleader, his two assistants, and a staff of four men.

These students organize Illini cheering, and enthuse the fans with their acrobatics on the football field, basketball court, and other sport functions.

The Block I and football pageantry, led by the cheerleaders, were a colorful part of each football game. The Block I students with their blue and gold caps formed a distinct I which could be seen at all times.

It is the duty of the cheerleaders to direct the enthusiasm of the Illini crowds at all pep meetings and athletic gatherings.

These men further the Illini Code of Sportsmanship at all times, and have been a big factor in gaining Illinois its reputation of good sportsmanship.
FOOTBALL
The varsity football team of 1938 probably gave two years in age and experience to its Big Ten rivals not excluding Chicago.

It was a harmonious squad, always willing to learn. The spirit of the players was fine but it was their misfortune they were not fleet of foot on an average.

It was their lot to face three of the strongest teams in the country on succeeding Saturdays—Notre Dame, Northwestern and Michigan. They held these opponents to two touchdowns each, no small feat, looking over other scores. Their one bad game was Ohio State when their mistakes were costly.

They upheld the Illinois tradition of sportsmanship and courage. They were a fine bunch of boys. They fought hard and gave all they had. What more could be said of anyone?

Robert C. Zuppke

FRESHMAN VARSITY FOOTBALL SQUAD
Illinois 12  Indiana 2

Before a crowd of 15,000, Coach Zuppke's Fighting Illini handed a surprised Indiana team its second Big Ten defeat and strengthened hopes of an Illini comeback. The Orange and Blue eleven out-fought and out-scored the Hoosiers, holding them to a net loss of 9 yards on rushing plays. In the first quarter Illinois was unable to advance the ball against the stubborn resistance of a confident Hoosier team, and early in the second quarter Indiana went into the lead when Jim McDonald centered a low ball which rolled into the end zone, automatically chalking up a safety.

But the beginning of the third quarter showed a different Illini. Five men crashed through to down Nicholson for a 9 yard loss, and Indiana was forced to kick. Elting returned the punt to the Hoosier 41 yard line. Then Elting and Rettinger brought the ball to the 33 yard line, one yard short of a first down. Brewer took the ball to Indiana's 27 yard line; Rettinger drove through left tackle for 3 yards; Wehrli tried to pass, found no receiver, and outran potential tacklers around right end to advance the ball to the 13 yard marker. Wehrli again carried the ball, this time for 9 yards, and Rettinger followed with a plunge to the 5 yard line. Rettinger went to the 1 yard line where Brewer sneaked over for the goal.

Indiana then launched a passing attack that threatened seriously until Zimmerman intercepted a pass on his own 19 yard line to stop the Hoosier advance. In the final minutes of play, Indiana had the ball on its own 13 yard marker, where an attempted flat zone pass was intercepted by Ehni who raced unmolested for the final score.
The Illinois defense, which had proved so effective against Indiana, was powerless to prevent an Irish victory. The first Notre Dame touchdown resulted from a pass from the 35 yard line by Stevenson to Brown across the goal line. With the hopes of tying the score, Illinois went into action. Wardley intercepted a pass and returned it to Notre Dame’s 44 yard marker, but passes failed, and Illinois was forced to punt. McDonald then recovered a fumble on the Irish 26 yard line, but the ball was lost on downs.

In the third quarter, Sheridan received Rettinger’s punt, eluded Illini tacklers, and scored a second touchdown for the Irish. Castelo returned the kick-off to the 38 yard line, and Wehrli’s line plunges and Ehni’s pass carried the ball to the Irish 10 yard line where the advance was stopped. The Irish punt was blocked by Kirschke, however, and recovered on the 1 yard line where Ehni plunged over for a touchdown. In the fourth quarter, Pezzoli intercepted a pass, and ran 72 yards before Sitko downed him. Here the Notre Dame defense stiffened and halted the last Illini threat.
Illinois 0  Northwestern 13

Battling to avenge a Homecoming defeat by Illinois on their own gridiron a year ago, the Northwestern Wildcats succeeded in making two touchdown drives to gain a 13-0 victory. A Homecoming crowd of 37,000 saw the Purple repeatedly crash the Illinois line and then brace to halt the Illini twice when they were in scoring position. In the first quarter, Illinois lost one of its best backfield men when Bob Wehrli ended his playing days for Illinois by fracturing and dislocating his left elbow when making a tackle. After this stroke of ill luck for the Zupmen, Laskay, Jefferson, and Ryan pounded the Illinois line for Northwestern’s first touchdown. The placement was good.

In the second period, Herb Young of Illinois recovered Ryan’s fumble on Illinois’ 17 yard line, and Chuck Purvis and Ralph Bennett crashed to the Northwestern 9 yard marker. A new Wildcat line spilled Purvis for a 4 yard loss, however, and stopped Bennett on the 8 yard line, 1 yard short of a first down.

In the third quarter, one of Zuppke’s famous razzle-dazzle plays gained 48 yards and another shot at a touchdown. It involved a fake run by Rettinger; a lateral to Young, who faked a run; and a lateral to Peterson, who eluded a potential tackler and heaved the ball to Burris on the 12 yard line where he was downed. But again Northwestern took the ball on downs on their own 9 yard marker as the period ended.

Midway in the final period an intercepted pass, a roughing penalty, a 29 yard run by Hahnenstein, and consistent line smashen gave Northwestern their second touchdown as Hahnenstein took the ball over from the 2 yard line.
In spite of an improved performance the Illini were unable to halt a fast, hard-charging Michigan team which took advantage of its opportunities to score two touchdowns. The first score came in the opening period when Kromer returned Rettinger's short kick against the wind to the Illini 13 yard line. On the next play Tom Harmon broke through for a touchdown; Brennan added the extra point.

Dan Smick paved the way for the second Wolverine score when he blocked an Illini punt and recovered on the 29 yard line. After three plays had netted Michigan a gain of 7 yards, Harmon passed to Evashevski, who raced 17 yards to the goal line. Again Brennan’s kick was good.

Three times Illinois showed a scoring punch which was crushed before the goal was reached. In the second period on Kirschke’s recovery, a Peterson-to-Castelo pass, and runs by Peterson, Illinois advanced to the 40; but an intercepted pass broke up a razzle-dazzle play. Again, in the third and final quarters, intercepted passes blasted hopes after the Illini were in Michigan territory.
Illinois 14 Ohio State 32

Taking advantage of numerous breaks, an Ohio State eleven defeated the Fighting Illini before a Dad’s Day crowd of 18,000 spectators. Ohio State’s first scoring attempt was a field goal from the 32 yard line, but the kick was short; and Peterson, taking the ball on the ten yard line, returned it 22 yards. After receiving Rettinger’s kick, the Buckeyes opened up in earnest. Starting on their own 46 yard line, Ohio State marched to a touchdown in four plays. Two minutes later an Illinois fumble paved the way for another Buckeye score.

The Illini opened their most powerful aerial attack of the season in the second quarter, and four plays sent them 80 yards for a touchdown. Peterson threw three successful passes, Jim Phillips taking the first for 21 yards, Herb Young catching the second for 17 yards, and Burris snatching the third for 10 yards. Rettinger, Illini fullback, plunged the remaining four yards for Illinois’ first touchdown. Ehni made the extra point.

In the third period Ohio State lost the ball on downs on Illinois’ 11 yard line. Rettinger was hit hard on the two yard line and fumbled the ball. The Buckeyes recovered and scored a few seconds later, making the score 19–7.

Langhurst intercepted Peterson’s pass and ran for another Ohio State goal in the fourth quarter. Illinois’ second touchdown came when Ohio State fumbled on their own 33 and Illinois recovered. Ehni hit the line for 12 yards and then added three more. Bennett found a big hole at guard and raced to the end zone to score standing up.
Displaying a powerful attack in their final game of the year, the Illinois squad broke their string of defeats by overpowering a small but courageous Chicago team. Play throughout the game was controlled by the Illini, and only once, as a result of several completed passes in the third quarter, were the Maroons able to advance near the Illinois goal.

After marching into Chicago territory early in the game, Illinois made its first touchdown when Peterson passed to Rettinger who was downed on the 1 yard line. Brewer plunged over on the next play. In the following quarter Lundberg recovered a Chicago fumble on the 21 yard line, and four plays later Ralph Bennett swept around left end to score. Ehni's kick was good.

In the final period Thistlewood carried the ball deep into Maroon territory, and Burris scored the third touchdown from the 2 yard line. A moment later Rettinger returned an intercepted pass to the 5 yard line, from which point Thistlewood scored. The final touchdown was the result of an interception by McMillen. Purvis passed to Govedare, and he lateralled to Bennett who scored standing up.
The Illinois basketball team was one of the better teams in our history. Regret that we could not have figured in the championship should not prevent appropriate credit being given to this squad.

Its Big Ten record of eight won and four lost has only been exceeded by two Illinois teams since 1917 and these teams, 1935, which won nine and lost three, and 1937, which won ten and lost two, were co-champions. In this same period only two other teams turned in an 8-4 record.

The loss of Captain Tom Nisbet at the close of the first semester and the illness of Pick Dehner and Bill Hapac the week of the first Purdue game were handicaps.

The grand total of all games was 15 victories to 5 defeats. The only non-conference defeat was at Notre Dame midsemester. Again the Illini traveled east to beat Manhattan college in Madison Square Garden before 19,000 and Villanova, before 10,000, in Convention Hall at Philadelphia. The team played before approximately 151,000 persons, a record for Illinois.

Pick Dehner was second in Big Ten scoring with 151 points, a new Illinois record and also had a new Illinois all-game record of 241 points. His three-year scoring of 500 points was also a new Illinois record. Dehner was unanimous choice for all-conference and numerous All-American teams.

Hapac, captain-elect by unanimous choice, was fifth in Big Ten scoring and also set a new Illinois record for scoring in sophomore-junior seasons.

Jay Wardley, winning his third letter, finished his floor career in fine style.

The squad was friendly, harmonious, fine to coach, and will go down as one of the most colorful teams in our annals.

Illinois opened its basketball schedule December 10 with a 49 to 31 win over Washington. Although Coach Mills used seven sophomores during the game, veterans Bill Hapac and Pick Dehner led the attack. The next Saturday again saw Dehner and Hapac bear the brunt of the attack against the University of North Dakota, the Illini winning, 61 to 33. In the season's third tilt, Captain Nisbet sparked the team to a 49 to 23 victory over Connecticut State in Huff gym.

Taking a trip east during the holiday recess, the Illini successfully maintained their unbeaten record. At Madison Square Garden the team trounced Manhattan College in a rough and stumbling game, 60 to 41, twenty-five of the sixty points being contributed by Dehner. This number of individual points was enough to smash the old Madison Square Garden record of twenty-three. Two days later, at Philadelphia's Convention Hall, the Illinois squad, playing one of their best games, defeated Villanova, 28 to 22.

Back home the fighting Illini eked out a 35 to 34 win over Cornell University. For only a minute and fifteen seconds Illinois possessed a lead over Cornell, but those seventy-five seconds were the last of the game; Dehner tied the count with three minutes to go, and a little later Hapac sank the winning free throw.

Michigan, the Illini's first Big Ten opponent, went down before flawless ball-handling. The triumph, breaking a jinx which has been cast over Illinois conference opening nights for four years, was by a 30 to 20 margin. While Dehner and Hapac continued to pace the team's scoring, Captain Tom Nisbet deserved much credit for handling the careful, methodical offense similar to that used against Villanova.

In a rough game the following Monday, Indiana handed Illinois the season's initial defeat, 29 to 28. The scoreboard reading 13 to 9 against them at the half, Indiana came back and displayed a brand of ball that carried them to a lead of 12 to 17, eleven minutes after play had been resumed. Illinois' one consolation was the fact that Dehner had garnered thirteen points to lead both teams in scoring honors. Later in the week playing at Chicago, the Illini whipped the
Maroons, 43 to 33. Scoring was headed by Bill Hapac, who tossed in eight field goals and a free throw for a total of seventeen points.

Monday, January 16, Illinois went into a three-way tie in the Big Ten by virtue of its victory over Ohio State, 45 to 31. Sharing the top with Illinois were Minnesota and Indiana, each with three wins and one loss. In addition to superb passing, ball-handling, and shooting, the game featured a scoring duel between Dehner and Hull of Ohio, Dehner finally coming out on top with nineteen points to Hull's fourteen.

Playing at Madison the following Saturday, Illinois achieved a 37 to 34 win over Wisconsin, which put the Orange and Blue in undisputed lead of the Big Ten. Dehner and Hapac took first and second places in Big Ten scoring, having accumulated a total of 64 points and 58 points respectively.

January 23 was "blue Monday" for the Illini, for at Minneapolis the Gophers knocked them out of first place by a 35 to 33 win. With eight minutes to go the Illinois quintet held a 32 to 23 lead, but Minnesota scored 10 points while the Orange and Blue
gained one, and in the last 20 seconds Addington slipped in a field goal to put the game on ice for the Northerners.

At Notre Dame the powerful Irish squad defeated the Illini 38 to 24 in a non-conference game. Experimenting with new men, Coach Mills started Richmond and Shapiro for Wardley and the ineligible Nisbet, while forward Johnny Drish was put back at guard. The Notre Dame five, however, rolled up an early lead and was never headed.

Iowa provided the next obstacle to championship hopes, but Illinois marched into a three-way tie with Ohio State and Minnesota for second place in the Big Ten by winning from the Hawkeyes, 34 to 26. The game was carried on in unimpressive style, with Drish garnering 8 points and Dehner 17 to pace the Illini.

At Lafayette Saturday, February 11, Purdue gave the hard-fighting Illini a 34 to 30 setback. The absence of Dehner and Hapac due to illness was distinctly noticeable and may have been a good reason why Illinois dropped from second to fourth place in the conference standings. Each was able to play only 5 minutes of the contest.

The following Monday, Dehner, with sixteen points, led the way to a 35 to 28 victory over Michigan at Ann Arbor. Never in the game could the Illini safely rest up on their lead, but they were never headed after the start of the second half. They kept plugging along, and not until Dehner's last-minute basket did they get more than six points ahead.

The seventh Big Ten win was chalked up when Purdue bowed to the Illini quintet, 35 to 26. With Hapac setting the pace by virtue of his thirteen points, the outcome of the rough tilt was never in doubt, for the Illini were ahead from the start.

At Evanston, February 25, Northwestern eliminated the Illini from the race for conference honors when its fast, aggressive team defeated the Illini in a rough, thrilling contest, 36 to 34. Behind 29 to 23 with six minutes to go, Illinois tied the count at 34 all with forty-five seconds remaining. Vance, Wildcat guard, then sank a long one to cinch the game for Northwestern.
Varsity Basketball

The final game provided a happy ending to a successful basketball campaign. Never behind, the Orange and Blue collected 49 points to Chicago's 26, and while the first stages of the game were comparatively uninteresting, the closing minutes saw Dehner being continually fed the ball in an effort to raise his point total. Scoring nineteen points, Dehner, a senior, boosted his season's record to 151, four more than his total for the previous year, to come in 18 points behind Hull, Big Ten scoring leader from Ohio State. Wardley, also playing his last game for Illinois, collected the most points he has made in a conference game, six. During a time out in the second half, the crowd gave these two seniors the loudest and longest ovation accorded basketball players in Huff gym in recent years.

The Illinois 1939 basketball quintet achieved a record to be proud of in these days when almost any Big Ten squad is capable of defeating the leaders. Eight wins and four losses is an enviable record. Coach Doug Mills showed the Illini basketball fans a fine team, good sportsmanship, and a successful basketball season, and Illinois captured an undisputed third place in the Big Ten.
The loss by graduation of eight outstanding lettermen of the 1938 squad dimmed the prospects of the 1939 indoor and outdoor season. The addition of Park Brown in the distances, Reising in the high hurdles, and Stout in the pole vault, all from the freshman squad of 1938, compensated some for these losses but failed to give the balance needed for a successful track team. Encouragement came, however, through the improved performance of Captain Bob Diefenthaler in the high jump, Bob Ashley in the sprints and 440, McCown and Downs in the 440.

Illinois opened their indoor season against Ohio State at Ohio, losing 57 to 38. Gragg in the shot, Diefenthaler and Robinson in the high jump, and Stout in the pole vault gave Illinois its first places.

The high spot of the indoor season was the Illinois Relays. This meet proved one of the best in its long history. Bob Ashley's second place in the 300-yard dash and Diefenthaler's first in the high jump were outstanding for Illinois.

Following the Illinois Relays, Illinois met Northwestern at Illinois, winning 44 to 27. Park Brown turned in a double triumph, winning the mile and 2 mile. On the following Saturday, Illinois lost to Indiana at Indiana. Captain Diefenthaler's high jump of 6 feet, 6½ inches was the outstanding performance of the meet and established a new Illinois Indoor Record.

Winding up last spring's outdoor meets, the Illinois track team met the Purdue Boilermakers and came out with a 75-56 win. Trailing Purdue as the track events were concluded, the Illini took five out of six field events to win. George Gragg, who won the shot put event and placed second in the discus, was Illinois high point man. Wayne Yarcho showed the best Illini form as he upset his Purdue opponent in the two mile race. Others to place first were Chuck Keller, pole vault; Bill McCown, 220; Bob Ashley, quarter mile; and Glosecki, discus.

The next outdoor event was the Drake Relays where Dean Frary hurled the discus 148 feet, 6 inches to take first place, and the Illini mile relay team chalked up the third fastest performance of the day. The only other event in which Illinois qualified was the quarter mile relay; the team was composed of Lehmann, Ashley, Robinson, and Leutwiler. Bad luck kept Brunton and Robinson from qualifying in the high hurdles, as one fell and the other got off to a slow start.

Two new meet records were established and another was equaled as the well-balanced Michigan team captured eleven events to win its only outdoor dual meet of the season 87\(\frac{2}{3}\) to 43\(\frac{1}{2}\) against the Illini. Illinois took four firsts: the half mile, 220-yard dash, quarter mile, and broad jump. The 1938 track captain, Harry Gaines, turned in a 1:55.2 in winning the half mile, while Burt Downs raced from fifth at the 220-yard mark to first to win the quarter mile. Bob Ashley's 21.3 seconds won the 220, and Dick Brunton gained another first in the broad jump. In finishing up the
outdoor season, Wisconsin took the cindermen in a pouring rain to a score of 70½ to 55½. Fenske, who ran the fastest mile in Midwestern track history at the Armour Relays, defeated Harry Gaines in the half mile with the time of 1:59.3. Dick Brunton and Jack Robinson lost the high hurdles to the Badgers, but came back to win first and second in the 220-yard low hurdles. Illinois took the discus again with Frary’s throw of 141 feet, 4 inches.

The 1939 Illinois track team, captained by Bob Diefenthaler, opened its indoor season by meeting Ohio State. The Buckeyes stopped the Illini in their opening Big Ten indoor meet of the season 57-38, allowing Illinois only two first places and a tie for another. In the shot put event, George Gragg registered a throw of 44 feet, 6 inches for a first place, and in the high jump Captain Bob Diefenthaler and Robinson shared honors with leaps of 5 feet, 10
Yarcho and Brown leading

Stout clears the bar

**Varsity Track**

inches. Larry Stout, sophomore pole vaulter, and Lucas of Ohio State tied for first place at 12 feet even. Illinois' Dick Reising trailed Pagel of Ohio to the finish line in both hurdles races.

With a defeat chalked up against them, the Illini trackmen proved their superiority to Northwestern in almost every division as they handed the Wildcat cindermen a decisive 52-29 defeat. Only in the sixty yard dash, where Northwestern's sophomore sprinter scooted home ahead of Bill Hugill and Bob Ingalls, and in the high jump only could Northwestern claim any margin over the Illini. Northwestern's Smith came through with a 6 foot, 2\(\frac{3}{8}\) inch leap to upset Captain Bob Diefenthaler. Smith reached the same height at the Illinois relay carnival, but that effort was good for only third place behind the Illini Captain's jump of 6 feet, 4\(\frac{3}{4}\) inches. This meet saw six of the 22 year-old meet records pass into oblivion. The only previous meetings between the two schools were in 1915 and 1916, Illinois winning both times. The six marks broken were in the 440, 880, mile, pole vault, high jump, and shot put, and the 60-yard dash record was equalled. Park Brown, sophomore cross country man, copped individual honors, finishing first for Illinois in both the mile and two-mile runs. Dick Reising gave his season's best performance in out-distancing Northwestern's comparatively strong high hurdles entries in :09.0.

The next meet of the season was the conference meet. Illinois' share of the glory at the twenty-ninth annual Western Conference was confined to Captain
Bob Diefenthaler’s victory in the high jump with a leap of 6 feet, 4 inches, and to a fifth place in the one mile relay. The Illini followed Iowa with a one point disadvantage to take ninth place in the meet. Michigan’s all-powerful Wolverines, keeping up their good work of the season, won their sixth consecutive indoor championship, compiling the most remarkable string of indoor track titles in the history of the Big Ten. They amassed 41 1/2 points to walk away with top honors in a meet which saw three new meet records established. Diefenthaler failed in three attempts to establish a new record of 6 feet, 7 inches. Michigan’s relay team established a new record with a 3:18.9, and their entry in the shot put event came through with a new record of 51 feet, 8 3/8 inches. Wisconsin broke the pole vault record by clearing 14 feet, 1 3/8 inches, and Ohio State set a new record in the 440.

Gragg heaves the shot

On your mark, get set...
Illinois Relays

Thirty-seven midwestern colleges and universities sent almost 500 track and field performers to represent them in the sixteenth annual Illinois Relay Carnival. Six meet records were broken and one world mark was tied as the relays upheld the reputation of the outstanding indoor track meet of the middle west.

North Central College's mile relay team initiated the record breaking by running the distance in 3:23.9. In the evening Greg Rice of Notre Dame became the outstanding individual performer by virtue of his record-breaking time in the 1500 meter run and the one-mile university team race. Elmer Hackney of Kansas State heaved the shot 51 feet, 3¼ inches for a new record while other records were being set by the Indiana two mile university relay team and the Ohio State mile university relay team.

Captain Bob Diefenthaler, Illinois, leaped 6 feet, 4½ inches to win over Wes Allen of Michigan who tied with Albritton for the championship in 1938. In the 300 yard dash Bob Ashley finished right in back of defending champion Harley Howells to come in second, and Wayne Yarcho added to the Illinois total when he came in third in the 1000 yard run.

Elmer Gedeon of Michigan successfully defended his title by skimming over the high hurdles in 0:09.1, and his teammate Stan Kelley won the lows in 0:08.2. Milt Padway of Wisconsin was also a successful defending champion as he cleared the pole vault at 13 feet, 6 inches.

Greer of Michigan State gets the credit for the one world mark of the meet by virtue of his record-tying performance of 0:07.4 in the 75-yard dash.

- Bone man
- Polzin
- Raymond
- Manning
- Osborne
With the opening of spring practice an encouraging number of Illini baseball men turned out for preliminary training in preparation for the coming season. From the outset it was seen that Coach Wally Roettger would have a difficult problem living up to last season's championship with only three letter men, Captain John Callahan, Tom McConnell, and Ray Poat, most valuable Big Ten player of last year, returning.

In spite of bad weather, the squad eagerly undertook early season drill in anticipation of their pre-conference games. Because of an almost entire new team, Coach Roettger had to experiment continually with the line-up. After preliminary practice, the squad won 4 and lost 3 of their non-conference games, taking two from Illinois Wesleyan, splitting a two game series with Bradley, and dropping two out of three games to Bloomington of the Three I league. Just before the Three I series, Ray Poat's old ailment cropped up to throw the pitching burden on Sainati, Pacotti, and Stuebner for the rest of the season.

In the first Big Ten game, Illinois defeated their old baseball rival, Michigan, in a twelve inning game by the final score of 10-9. Scattering 13 hits, Sainati went the whole pitching route for Illinois. Assisting him were Kallis and Kucera, who each collected 3 hits. In the 12th inning Kucera doubled to bring in McConnell from second, two successive walks loaded the bases, and Cavallo hit a long fly to left field bringing...
in the winning run. The next day the diamond-men duplicated their feat of the day before, winning 14-7 before a record crowd of 2,175. Pacotti received able support in the first frame when an Illini hitting barrage scored 7 of their 14 run total. Berner took batting honors for the day by making 3 of the 13 Illinois hits. Both teams made four errors and Illinois collected 13 hits to Michigan's 11. The walk-away can be attributed to the fact that Pacotti bore down in the pinches, Illinois grouped its hits, and the unfortunate Michigan hurlers gave a total of 14 free passes.

After extensive hitting and fielding drills, the squad went to Columbus to be defeated by Ohio State in two hard-fought games, both by the score of 2-0. With their star right-hander, Dagenhard, allowing only 4 hits, Ohio scored both runs in the first inning with the help of two costly Illini errors to win the first game. Leo Sainati, who allowed but 7 hits, held the Buckeyes scoreless during the last 8 innings. In the second game, with Kilmer allowing only 3 hits, Ohio again came through, making both runs after two were out in the 4th and 8th innings. In four different innings Illinois threatened to score, but each time collective action by the Bucks prevented anyone’s crossing the plate.

Following a week of shifting the infield positions in hope of finding a better combination, Illinois lost to Wisconsin, 2-1, after a vain 9th inning rally.
Hendrichs, allowing 6 hits, was aided by fine fielding on the part of his Wisconsin teammates. Captain Callahan came in with an Illini run on a hit by Mc-Connell in the 4th, but further scoring was stopped when Dick Kucera hit into a double play with Berner and McConnell on base. Although Sainati pitched a steady brand of ball, Wisconsin was too powerful both at bat and in the field.

Four days later the Illini, although they played errorless ball, went down in defeat before Notre Dame, 8-2. Stuebner, having allowed 3 runs, was succeeded by Pacotti in the last of the fifth. Mandjaik, Notre Dame's hurler, became a little unsteady in the eighth and hit Cavallo with a pitched ball for a free base and then walked Pacotti. Cavallo scored on a single by Mazeika, and later an error by the catcher scored Pacotti for the second Illini run.

Determined to end a 4 game losing streak, Illinois traveled to Chicago and came out on top, 10-5, by combining Pacotti's seven hit pitching with a long dormant hitting attack. In the second inning, Pacotti scored Berner on a single, Mazeika sent two more runs across with a ringing double, and Chuck Farrington scored Mazeika with a long single. In the third Callahan came home on Berner's infield grounder and three innings later another Illinois run was gained by Kucera's base on balls, Nykiel's sacrifice, and Pacotti's base on an error. Two more runs were scored in the
seventh when Callahan and Berner hit successive homers, and in the eighth, Cavallo came home on a single by Mazeika to climax Illinois' hitting barrage. Chicago scored 4 of their 5 runs in the sixth on a walk, a two-bagger, and three singles.

The Illini ended the season with a two game series with Northwestern. In the first game, before an Inter-scholastic Week-end crowd, the team weathered both a rainstorm and superior Wildcat hitting to emerge victorious 3-2. Illinois scored their deciding 2 runs when Cavallo’s grounder was fumbled to score Kucera and Nykiel. The tables were turned in the next contest, however, and, in spite of outhitting the Wildcats, Illinois dropped the last game of the season by a score of 5-4. Northwestern took permanent possession of the lead when Diehl smashed a double over Mazeika's head in the 8th. Mazeika and Berner led the Illini batters with 3 hits each. The following players appeared for the last time in an Illinois uniform: Leo Sainati, Captain John Callahan, Ted Nykiel, Jack Berner, Russ Doyle, and Don Christianson.

This last game gave the Illini diamond men a percentage of .500 for both the season and the conference games. In spite of only an average showing, Coach Roettger and the entire team deserve plenty of credit for their work after last year's championship squad had been so badly crippled by ineligibilities and graduation.
Illinois scored its first wrestling triumph January 6 by defeating Iowa State Teachers 20 to 6. The next day Illinois State Normal fell by a 26 to 8 score. The third straight win occurred when Iowa State was beaten 23 to 3. Two weeks later the first setback came, Kansas State winning 17 to 11. The powerful Wildcats lived up to their name, but the outcome was doubtful until Hackney won from Sikich, 5 to 4. The next day at Lincoln the Illini grappling took seven out of eight matches to defeat Nebraska 23 to 3.

The fifth victory in six starts came when Ohio State was overcome, 18 to 8. This meet, opening the Big Ten season for both squads, resulted in Ohio's first loss. One week later, February 18, Indiana kept intact its long wrestling jinx over Illinois by whipping the Illini 20 to 6 at Bloomington. Captain Deutschman and Sikich were the only Orange and Blue winners in the lop-sided defeat.

Oklahoma A. and M.'s high-gearled team clicked off another notch in its record-making cycle as it disposed of the Illini by the same score as the Indiana meet had shown a week previously, 20 to 6. March 4 the Illini upheld their record of never having lost to the University of Iowa in a wrestling meet. The score was $16\frac{1}{2}$ to $7\frac{1}{2}$.

At the Big Ten wrestling tournament in Chicago, March 11, Illinois took a second place tie with Michigan. Indiana piled up 27 points to win the meet while the Illini and Wolves each scored 19. Deutschman and Helman won individual championships, giving the former an undefeated record for the season.
The Illinois gymnasts opened their season with a 430.5 to 349.5 win over George Williams College of Chicago. Less than a month later, the Illini piled up advantages in the horizontal bar, the flying rings, and tumbling to score a 55.10 to 541.49 victory over the University of Chicago. The team rolled up an easy 441 to 359.5 win over Carbondale, February 18.

Winning all three places in the final event of the meet, tumbling, the Illini gymnasts nosed out the Minnesota gym team the next Saturday at Minneapolis. Giallombardo, Weiss, and Golde took all the places in the event, which gave Illinois a total score of 531.5 to the Gophers' 524.

The next Monday the Illini swamped Iowa at Iowa City by a 542 to 420 score. This victory, coupled with that over Minnesota the preceding week, gave definite proof that Illinois was the team to beat in the conference meet. The encounter with Chicago here March 4 gave further prestige to the Illini, for the Orange and Blue won 553.5 to 468.

The team proved its superiority the following Saturday by winning for Illinois its first Big Ten gymnastic championship since 1935. Leading by a scant seven points before the final event, the tumblers Giallombardo, Golde, and Weiss finished first, second, and third respectively to give Illinois a well-deserved victory. Illinois men placed first in four of the five events. Fina scored two firsts, while Koehnemann gave an almost perfect performance to win on the side horse; but it was the tumbling of Joe Giallombardo that left the crowd breathless and offered the best exhibition of the day. Illinois garnered 111.5 points, Minnesota 89.5, Chicago 62.5, and Iowa 11.5.
Varsity Swimming

Captain George Lowe's team opened the 1939 tank season with an easy and convincing victory over Carleton College. In winning, the Illini copped every event, lost only one second place, and broke four pool records. Lowe set new records in both the 220 and 440 yard free style races to lead in individual scoring. The next day Illinois ventured into its first Big Ten competition by meeting the Minnesota Gophers and trouncing their tankmen, 43-37. Lowe again won the 220 and 440 free style, Bill Jones won the 50 yard free style event, and Jim Wollrab came through for Illinois in the 100 yard event. Wollrab's victory proved to be the turning point of the meet as the Illini started a winning streak.

Then, the undefeated Illinois team outswam Purdue, 60-24, for its second Big Ten victory, winning 8 out of 9 firsts. Lowe continued to be the Illini point-getter as he swept through the opposition to chalk up his third double win of the season in the 220 and 440 free style. Completing the events, a 400 yard free style relay team of Ray Kireilis, Bob Cutter, Kirkland, and Wollrab breezed past the Boilermakers to win by a pool’s length.

In concluding the swimming season, the Illini whipped Northwestern, 44-40, and then journeyed to Purdue for the Big Ten conference meet where they placed fourth. Michigan scored 73 points to take the championship for the thirteenth consecutive year. Six new conference records were set; four by Michigan, and two by Ohio. Illinois scored its 9 points with Lowe's 440 free style, Kirkland’s 200 yard breast-stroke, and the 300 yard medley relay.

Page 226
This year the Illini water polo team, under the coaching of Ed Manley, and with their captain, Bill Jones, ranked third place in the conference with two wins, Purdue and Minnesota, and two losses, Northwestern and Chicago. As most of the season at the George Huff gymnasium pool was spent in the developing of the strong swimming team, expectations were not too great for the water polo squad.

In the conference opener the Illini downed Minnesota 2-0, playing in good form but not their best. Against Purdue in the second game, the Orange and Blue worked together better than in any other game. Defeating the Purdue septet 4-0, the Illini employed a more cautious style, and repeatedly forced the play into the Boilermakers' territory with a consistent passing game that paid dividends. Captain Bill Jones and Marty Unterman whipped home the first two Illini goals late in the first half to build up a lead that was never threatened. Jones and Jim Wollrab accounted for the other two tallies in the final period.

The third contest with Northwestern found the Illini below par. The Purple water polo team snapped Illinois' winning streak with an 8-4 victory. Captain Herb Dash of Northwestern scored four goals, while Marty Unterman made two of the Illini goals.

In their fourth and last conference game the Illini lost a rough and hard-fought battle to Chicago, 4-3. By winning this game the Maroons clinched the conference water polo title. John Varble, Marty Unterman, and Doug Phillips scored for Illinois.

Besides these conference games the water polo team played two games with the Downtown Y.M.C.A. of St. Louis and several with the freshman team.
The 1939 fencing team opened its season with seven lettermen returning, and under the new fencing coach, Jim Jackson, placed second in the Big Ten meet. With a score of 8-4 against them in the first meet of the season, the Illinois fencers rallied to win the five remaining matches and defeat the strong Fencers Club of St. Louis. The following week brought another victory to the Illini as they walked away with the University of Kentucky, and later defeated the three man Bear Team representing the University of Washington 9-8. Ralph Wilmot's win in the saber division and Leon Wolff's three brilliant victories in the foils decided the meet.

Keeping up their good work, Jackson's team met Wisconsin. With the score tied thirteen bouts apiece, Howard Boland overcame a 1-0 disadvantage in the final epee match to win 2-1 and give the Illini fencers a 14-13 win.

The only defeat of the season was taken from the Chicago Maroons as their co-captains led them to a 17-9 edge over Illinois by scoring three wins in their respective saber and epee divisions. The following week, however, brought an easy 19½-7½ victory over Purdue. Wolff and Traynham swept through three straight foil wins to become the stars of the meet.

In winding up the season Illinois fell second to Chicago when the final tabulations of the Big Ten meet showed a 20½-16½ score. The Illini sabermen reaped the greatest reward for the team by winning 9 out of 10 saber bouts. As a result of this meet, Illinois sent three sabermen to Columbus, Ohio where they competed on the all Big-Ten fencing team.
The Illinois polo team enjoyed a very successful season during 1938. Their record was the best of any mid-western school, and therefore, they retained the mythical Mid-western Collegiate Polo Championship.

During the spring season the team consisted of Fred Wright; Gene Bauer; Frank Schaefer, captain; Lee Rodgers; and substitutes were Robert Johnson and Frank Garrett. The varsity coaches were Major C. B. Cole and Capt. F. S. Kirkpatrick, and Capt. Les Grener was the freshman coach.

The season opened April 28 against Alabama Tech. The Illini took this game 5-4, but dropped the next one to the University of Missouri 4-5. The following week the Illini defeated Ohio State 7-4 at Columbus. The next two games were lost to Oklahoma University 3-6 and 6-7, but then the Illini came back to defeat Iowa State 8-1 and closed the season on May 26 by again defeating Ohio State 7-5.

Wright, Bauer, and Rodgers werelost by graduation and were replaced in the fall by Jim Martin, Frank Garrett, and Carl Croninger. The freshman coach during the fall was Capt. Edwards Quigley.

The first game of the fall season resulted in a tie with the University of Missouri. In the second game the Illini defeated Iowa State 5-4. The next game, an indoor game against Ohio State, was the only defeat of the fall season. The Illini lost by a score of 8½-6. The team again defeated Iowa State by a score of 5-4 and concluded the season on November 17 when they revenged their only defeat by trimming Ohio State 10-2. The totals for the spring and fall seasons were 7 wins, 4 defeats and 1 tie.
The 1938 golf team opened its regular season by defeating the Purdue golfers 14-4 at the Urbana golf course. The second meet was a very closely contested one which the Illini took from Iowa 12 1/2-11 1/2, with honors going to Ralph Carlson and Al Billings.

The Orange and Blue met with bad luck when they encountered an experienced Michigan team in the first road meet, and lost 14 1/2-12 1/2. The following week, however, the Illini came back to their home course, and easily triumphed over the Indiana Hoosiers, 18 1/2-8 1/2 in spite of a continuous rain and a strong wind. The Utleymen again met defeat when they traveled to Evanston and were forced to bow to their toughest opponent, Northwestern, by a score of 12-6. The final meet of the season was against Wisconsin and was played on neutral ground at the University of Minnesota. With a winning score of 13-8, the Illini brought to a close a successful season of 4 victories and 2 defeats, and thus paid tribute to their coach, John H. Utley, who concluded his coaching career at the University of Illinois.

The Conference Championship Meet, which was held at Minnesota on May 23 and 24, was taken by the home team with a score of 1255. Illinois came in fourth with 1282, and Northwestern and Michigan took second and third place respectively. Sid Richardson of Northwestern won the individual title, and Johnny Hobart of Illinois came in sixth.

Hobart was the team captain. The other members of the squad were Herb Patton, Al Billings, John Coghill, Frank Richart, Edgar Hutchison, and Ralph Carlson.
The tennis team was very fortunate in that all regulars reported back to school for the 1938 season. With Howie Braun as coach and Bill McCoy as captain, the team displayed a fine brand of tennis and showed the true spirit of Illini sportsmanship.

The netmen encountered Illinois State Normal in a pre-conference meet on April 16, and because of strong winds the meet was held in the Armory. The Illini won by a score of 5-1 although they met stiff competition all the way.

Getting off to a bad start in conference meets the Illini dropped the first two 5-4 and 6-3 to Michigan and Minnesota respectively.

The team then traveled to Bloomington for a four-way meet between Illinois, Ohio, Purdue, and Indiana on April 29 and 30. The trip proved very successful for the Illini as they won all three; the first match was 7-2 against Ohio, and on the following day they defeated Purdue 7-1 and Indiana 5-4.

The weary Illini came home to meet Northwestern, and the undefeated Wildcats kept their record perfect by defeating the Orange and Blue 9-0. Following this the team went to Iowa where the Orange and Blue secured a 4-3 victory, and then journeyed to Madison for a 4-3 defeat. The netmen closed the dual meet season at Chicago where the powerful Maroons defeated them 7-0.

The Conference meet was held at Evanston on May 19, 20, and 21. This was won by Chicago, and the Illini had to be content with fifth place.
Varsity Hockey

Varsity hockey, a comparatively new sport, showed a great improvement this season over 1937. This two-year old sport gave the fans a fine exhibition of fast and furious hockey, and showed our opponents the "Fighting Illini" spirit.

The totals for the season of 3 won and 8 lost do not appear very cheerful, but nevertheless they are quite an improvement over last year's record. The majority of the games which the Illini lost were lost to the powerful and experienced Minnesota team. The Illini were directed by Coach Ray Eliot and assistant Coach Vic Boutin. Dick Fee was captain of the team during the first semester, and Jim Beaumont took over when Fee graduated in February. The season's opener on December 12, was taken by Southern California, 9-0. The next two games were lost to Minnesota 6-0 and 5-2. Michigan won the next game 8-0, but the Illini tightened up and defeated Notre Dame 6-0 for their first victory. The team then traveled to Minnesota for another two game series on February 17 and 18 which resulted in another double defeat 8-0 and 8-2. The Illini followed this by defeating the St. Louis team twice, both times by scores of 2-1. The season came to a close on March 4 when the two underdogs of the Big Ten hockey league, Illinois and Michigan, met in a game which the Wolverines won 3-1.

Jim Beaumont, goalie, was the most outstanding player of the year. Chet Ziemba and Chuck Sigerson also turned in fine performances. The team will suffer a great loss by the graduation of Beaumont and Sigerson, but most of the others will be back in the fall to form the nucleus of next year's team.

Phi Delta Theta, Intramural Champions, 1937-38
The Intramural program embodies twenty sports among which are basketball, baseball, water polo, softball, tennis, table tennis, wrestling, and volleyball. The department hopes that every male student in the University who is physically capable will participate in some one of the recreational activities sponsored by the department.

During the year 1938-39 the Department of Intramural Sports inaugurated the Intramural Health Examination. The purpose of this examination is to prevent those men who are physically incapable from participating in some sport which might prove injurious to them.

Fraternity and independent men participated together in individual sports. In the group or team sports two separate divisions were made, one for fraternity men and one for independent men. The fraternities, however, were more active in the program this year. The participation leaders late in February were—Tau Kappa Epsilon, Phi Delta Theta, Alpha Tau Omega, Kappa Sigma, Theta Xi, Sigma Chi.

Gymkana

The Fourth Annual Gymkana entitled "A Reverie of Motion" under the direction of Hartley D. Price was acclaimed a great success by the 3000 spectators who enjoyed this Radio City type of entertainment. The General Women's Chairman was Mary-Bain Lehmann and Garth Edwards was the General Men's Chairman. The show was dedicated to the Intramural Champions. Mary-Bain Lehmann's singing and acting in the opening number was of the highest calibre. The Costume Contest depicted Nursery and Fairy Tales, and the award was won by Rachel Mejarry, Chi Omega, who represented Mother Hubbard. The Best Gymkana Trouper awards were won by Joe Giallombardo and Fan Jannette Cobb. The University Orchestra under the direction of Professor Frederick Stiven played for the show.

Gymkana was definitely established as an all-university activity during 1938 when its constitution was approved by the Senate Committee on Student Affairs. Instead of the production being staged entirely by Gymnastica, the activity was enlarged to include a managerial system. Robert Gruenberg and Helen Sheets were selected by Hartley D. Price as Men's and Women's General Chairmen, and with the approval of the constitution, were made managers.

During the first semester of this year, the Gymkana Traveling Troupe gave some outstanding performances. The troupe travelled to Virginia and gave shows at both the University of Virginia and at Virginia Military Institute. Other outstanding shows were presented at Western Illinois State Teachers College and for the Elks at the Danville State Armory.

The Court of Honor
On the afternoon of May 21, 1938, hundreds of high school athletes and spectators saw Oak Park successfully retain its state track title at the forty-fourth annual interscholastic track meet held in the stadium. Scoring 29 points, Oak Park was followed by Austin and New Trier, both of whom collected 12 markers.

In spite of a muddy track, caused by a heavy thunderstorm, two records were broken in the running events. Durment of Highland Park swept over the 200 yard low hurdles in :22.2, and Rehberg, Morton, ran the 880 in 1:58.7. A new record was established in the discus when East Moline’s Wright hurled the wooden platter 140 feet, 7¾ inches, and also in the pole vault, where Williams of Oak Park cleared the bar at 12 feet, 11¾ inches.

The scene of activities changed in the evening to Huff Gym, where the annual Interscholastic Circus was held. The outstanding performance of the evening, from the standpoint of sheer thrill and skill, was the only collegiate flying return trapeze act in the world, featuring "Five Flying Illini."

Student Senate

Since the adoption of the new constitution of the Student Senate in 1935, which changed the membership from 54 to 24 members, the Senate has helped promote the welfare of the student body by controlling all matters under the jurisdiction of general student government. It has co-ordinate powers with the University Senate Committee on Student Affairs in regard to regulations and violations of the code.

To stimulate interest in class elections, the Senate has installed automatic voting machines and set up polling places at convenient locations. It sent a petition for student representation in the Athletic Association to the Board of Trustees. It also conducted a survey proving that students favored the installation of a marriage course for University credit.
University Dance Committee

STANFIELD S. TAYLOR
GEORGE D. WALRAVEN

This year the University Dance Committee continued to supervise all University dances, including college and class dances, organization dances such as the Military Ball, and all other student social affairs. The committee is largely administered by the students, who hold six of the nine positions on the committee, and is one of the most powerful University administrative units on the campus. Five of the students are chosen by the Student Senate, while the sixth is named by the University Senate. The three faculty men are Professor L. E. Card, Professor B. F. Timmons, and Dean C. R. Frederick, clerk of the committee.

The committee operated under the same organization which proved to be effective last year. The committee's action and social functions are divided into two separate groups, one for general University functions, the other for events sponsored by individual organizations. The committee discussed and passed various plans to improve University social events. One such plan provided for insurance for all workers for the dances. Several new dances, including a dance by the commerce school and the Headliners' Hop, a novelty sponsored by Sigma Delta Chi, which proved to be a huge success, were approved by the group. The committee passed on a proposal to put one senior student in charge of hiring the bands for all the University dances, but it failed to be approved by the Student Affairs Committee. It was hoped that this would be as successful as the plan, put into effect last year, of having one decorator for all the dances.

The work of the committee includes: approving time and location for a campus dance, sanctioning the patron lists for all major functions, managing ticket sales, helping in preparation of budgets, and various other functions which are necessary to insure the success of all University social affairs. It has direct authority over any dance committee appointed by class or council officials.
The Illinois Union was founded in 1909 by the then president of the University, Edmund James. His idea included a center for the University life among men, a place where men could meet and mingle in comradeship, where factional and sectional lines should not be recognized nor drawn, and where a spirit of broader comprehension of men's nature should increase.

The purpose of the Illinois Union, according to its constitution, is "to promote Illinois spirit and loyalty by all possible means, and to foster all legitimate forms of student activities, especially by the maintenance of a social and recreational center for Illinois men and women."

Membership is open to every male undergraduate student in the University and today the Illinois Union is the largest activity organization on the campus, supervising in cooperation with the Woman's League most of the major activity events of the school year.
Student members exert sole control over the activities of the organization, the government of which is vested in a board of directors, which consists of one representative from each major college in the University, one officer of the Alumni association, and three members of the University faculty.

The greatest activities of the Illinois Union are of course Homecoming, Dads Day, The Stunt Show, The Minstrel Show, and Union Week. In addition the Union since 1923 has paid the expenses of the University Football band for two or more off-campus trips each year. Also the Union sponsors a Guide Service for visitors, a Freshman-Sophomore Counsellor Service, to aid new men to find place in extra-curricular activities, dancing classes for beginners and intermediates, movies of out of town and home football games, huge pep rallies and torchlight parades, billiard exhibitions by national and world's champions, regular week-end and special dances at Bradley Ballroom, namely April Fools' and Leap Year dances. The Illinois Union also provides Gymkana with its general chairman. Four issues of the Illinois Union News, a bulletin, is issued.
Although Northwestern’s power crushed the Illini 13–0, Homecoming activities on the Illinois campus were very successful. Twenty thousand alumni of fraternities, sororities, and organized houses gathered to enjoy this week-end. After the football game alumni rallied around class standards at the south end of the stadium to renew old acquaintances. A large group attended the first annual Independent Smoker at the Student Center after the game.

Phi Sigma Sigma and Alpha Tau Omega took first honors in sorority and fraternity decorations. "Too Much Champaign," with a champagne bottle overflowing into a cocktail glass full of bubbles, was considered the best sorority decoration. Alpha Tau Omega’s prize winning decoration showed Smokey Stover shooting a flit gun at the fleeing Wildcats. The Morgue was adjudged the best decorated M.I.D.A. house.

Bethany Circle’s "Common Clay" won first place for group stunts in the annual Homecoming stunt show which was held in the Auditorium. This play was a trial enacted in swing and poetry. First place for double stunts was awarded to a scene from “Warrior’s Husband,” a Greek comedy. Trophies were awarded the winners by Geraldine Nickell ’39 and Garth Edwards ’39, co-chairmen of Homecoming.

On November 12 the eighteenth annual Illinois Dads Day celebration was held and was attended by more than 1250 enthusiastic fathers from all sections of the country. Woman's League and Illinois Union sponsored contests and gave prizes to the dad who has sent the most children through the University of Illinois, providing he has a daughter or son attending the University now; another award was given to the dad who traveled the farthest to attend the celebration.

A student sponsored tour of the University buildings was followed by the Dads Meeting at which President Willard gave an address to welcome the fathers. The highlight of the Dads Day activity was the Illinois-Ohio game. The University band's contribution to the ceremony was a unique formation of the Ohio River joining the Mississippi. After the Illinois-Ohio football game, many dinners were given in fraternity, sorority, and independent houses to honor the visitors. The day's festivities were concluded by the Dolphin's Water Carnival held in the Huff Gymnasium pool, the Theatre Guild production, "Kind Lady," at Lincoln Hall Theater, and the Independent Informal, with Joe Sanders' orchestra, at the Huff Gymnasium.
Organized in 1932, the Student-Alumni Association has become one of the most active groups on the campus and a strong link between the University and the alumni. The Association’s purpose is to promote the welfare of the University in the communities from which Illinois students come. This work is carried on through the community clubs of Illinois students organized on the Illinois campus under the auspices of the Association.

Every Illinois student may participate in the work of the Association through his community club. Counties of the state and many communities outside of Illinois are represented by community clubs affiliated with the Association.

A social program provides the funds needed for organization work and for the annual distribution of ILLIOS to state high schools. This year the Association through its community clubs solicited alumni throughout the state in a program planned to raise funds for furnishing the new Illini Union Building.
The alumni of a large university can do much to keep up the school's prestige and standing in their daily contacts with the public. Alumni interested in the University's welfare have maintained the Alumni Association since 1873 for the purpose of keeping the alumni and former students of the University informed on University functions and student activities, as well as the activities of their former classmates. This is accomplished by circulating the Association's publication, the "Illinois Alumni News."

The offices in the Student Center contain files that are kept up to date by a staff of stenographers and clerks. In these files are listed nearly every alumnus or former student of the University. By means of these, alumni can locate old friends or classmates and the Athletic Association and other organizations can circulate folders and schedules to best advantage.
The Young Men's Christian Association is a movement made up of students and faculty members whose purpose it is to understand the life of Jesus and make his spirit vital wherever they may live, work, or play. The Organization attempts to help young men clarify a standard of the highest values in life and commit themselves to those values. It seeks to fill a place in daily living that is not found in student activity and university life.

To carry out its purpose, a membership of over 800 men carries on a varied program in which any individual may find a place of interest. It sponsors a program that will stimulate international friendship, a program of freshman orientation, vocational counseling, social activities, fireside forums and other activities which express the spirit of the Association. Directly or indirectly it reaches every man on the campus.

The new home of the Y.M.C.A., which is being occupied for the first time this year, is a place of wholesome fellowship and inspiration for the young men of Illinois.
The Agricultural Council is the governing body of the students in the College of Agriculture, promoting the group activities of the students, coordinating the activities of the various clubs represented on the council, aiding in keeping the interest of the students in the clubs, and attempting to bring the students and faculty into closer contact.

The council is composed of the president of the Agricultural Club, who automatically becomes president of the council, the presidents of the affiliated clubs listed above, and the editor of the Agriculturist.

The clubs represented have as their purpose the familiarizing of students with the various branches of their particular field; the presentation of material concerning these fields through lectures, discussions, motion pictures, etc.; the bringing together of students and faculty interested in the same field for their mutual benefit; the development of leadership among students taking an active part; and the breaking up of the membership into small groups for discussion.
Under the supervision of the Interfraternity Dance Committee, the Interfraternity Dances for this year again proved to be major campus social functions. All three dances, which were formal, were especially popular among the fraternity men and women. The dances had their beginning during the depression, their purpose being to provide the fraternities with social events which would be more satisfactory than the radio dances and low cost parties, but which would not be too great an expense. There seems to be some doubt, however, whether or not the dances will be continued next year. The committee of last year advocated that they be discontinued since they had no other purpose to serve. The Interfraternity Council voted to continue them, however, to see if they would maintain their popularity. The ticket sales were not so great as last year. The committee encountered unusual difficulties this year in securing "big name" bands.

The committee, composed of seven members, four of whom are faculty men and the other three students, controls the dances under the supervision of the University Dance Committee. Its work includes planning the dance schedule, providing for the decorations, and selecting the orchestras and programs. The committee tries to secure the best orchestras, and at the same time to adjust expenditures so as to leave neither a deficit nor a surplus for the next year.

The Interfraternity Dances for this year began on the night of December 2 when nine hundred couples danced to the swing tunes of Bob Crosby and his orchestra in the spacious George Huff Gymnasium. Happy Felton and his orchestra played for the March 4 dance and a really "big time" band was planned for the April 22 party.

The faculty members are Dean H. S. Dawson, Chairman, Dean C. R. Frederick, Dean G. A. McConnell, and Dr. P. M. Van Arsdell. The student members are chosen annually by the Interfraternity Council.

There are few women who go through the University of Illinois without coming into contact with Woman's League. Every woman upon registration is a member of this large and influential organization, but active participation depends upon the individual. Here women have an opportunity for self-government and for promoting Illini traditions and spirit.

The activities sponsored by Woman's League are numerous and varied. Each fall the freshman women are invited to join Orange and Blue Feathers as a part of a freshman orientation program. Tamaroa accomplishes the same thing for women transfer students. During the school year several interesting speakers are brought to the campus. All during the year Illini women are busy with social and educational programs. Woman's League extends a standing invitation to all Illini women to attend its teas every Wednesday afternoon.

Woman’s League and Illinois Union co-operate in the management of the Homecoming, Dads Day, and Mothers Day celebrations. The week-end activities are especially planned for the Alumni and parents.

To promote friendship among its members and to unite women with mutual interests are the purposes of the various parts of Woman’s League. Woman’s Group System, Residence Government System, Gold Feathers, Blue Feathers, and Tamaroa are the larger divisions of Woman’s League. Scholarship, friendship, and loyalty are promoted by these groups, and opportunities are presented for bringing out individual ability and developing executive prowess.
The Woman's Group System is the part of Woman's League for independent women who do not live in the residence halls. The president of the Group System is automatically vice-president of Woman's League; thus close co-operation is insured between the two organizations. Though Woman's Group System is only about twenty years old, it has given Illinois the reputation of having the best organized independent women on any campus.

Each group or house elects its own officers; the presidents attend First and Second Council Meetings to receive all announcements. The presidents have a banquet together in the autumn, and in the spring they sing at the Campus Mothers' Club Sing. House meetings are held every Monday night, and there is usually a social hour following the business meeting.

The W.G.S. program includes varied entertainment for the Group System as a whole; each year there are several all-group parties, two plays, athletic tournaments, a Christmas Musicale, faculty forums, the
Campus Mothers' Sing, and a large banquet in the spring to honor the seniors in W.G.S. Awards for the year are presented at this banquet; a scholarship cup is given to the girl having the highest average in each class, a cup is given to the W.G.S. girl who is most outstanding in each campus activity, a large cup is presented to the group having the highest scholastic average for the preceding semester, and the Honor Plaque bearing the names of the most outstanding groups is unveiled.

W.G.S. and M.I.D.A. jointly sponsor mixers held approximately every two weeks; once a semester they sponsor an Independent Informal which is one of the major social functions of the University. The Independent is the newspaper of the two organizations and is published weekly during the school year.

The Group System has an active membership of over nine hundred, and it has done much to promote fellowship among independent women and co-operation with sorority women.

JUNIOR REPRESENTATIVES

Loui Jean Clark
Mary M. Morrell
Dorothy A. Clark
Leona R. Lewis
Marian H. Banks

The new Residence Government System is composed of girls who live in Busey, Davenport, Evans, McKinley, and Presbyterian Halls. It forms an integral part of Woman’s League, the president holding the office of second vice-president of Woman’s League.

A third council, the executive body of the organization, consisting of the presidents and junior representatives of each house, meets each Monday. This group and the chairmen of the nine committees carry on the activity program of the organization.

The primary objective of R.G.S. is to increase the opportunities of its members for participation in Woman’s League and other campus activities. These three groups compete in Homecoming decorations, Y.W.C.A. Doll Show, and Stunt Shows.

Intra-R.G.S. competition consists of an annual W.A.A. tournament and a spring song-fest. Other activities include monthly exchange dinners, faculty forums, an informal dance the second semester, and the annual spring banquet.
The purpose of Gold Feathers is to create a spirit of scholarship, friendship, and loyalty among the sophomore women of the University of Illinois. In this group sophomores learn dependability, initiative, and forcefulness by serving on committees.

Each woman has requirements to meet before she can become a member: high scholarship, activity work, participation in drives, attendance at meetings, and tea service.

Orange Feathers, the branch of Woman's League organized for freshmen women, is designed to unite and acquaint them with campus traditions and activities.

Orange and Blue Feathers were formerly united into one group, but in order to encourage more intimate contacts and cooperation the group was split into two units. Two joint parties are given for these groups each year. Initiation requirements for both groups are the same.

Blue Feathers, like Orange Feathers, is an organization for freshmen women primarily for the purpose of orienting them to the campus.

The initiation requirements for Orange and Blue Feathers remain the same although they are now separate organizations. To become a member, a freshman must have a 3.00 average, attend two-thirds of the meetings, and participate in one drive each semester. A final examination is given at the end of the year on the traditions of the campus and its leaders.

There has long been a need for an organization to assume the responsibility of orienting women students coming to the Illinois campus from other schools. For that purpose, Tamaroa, a new division of Woman's League, was created this year. Sophomore, junior, and senior transfers are eligible for membership. Programs are designed to acquaint the transfers with Illini customs and traditions, faculty members and campus leaders. With the continued co-operation of its members and the friendly encouragement of those interested in the organization, Tamaroa should become an integral part of Woman's League.
Woman's League Activities

Each Wednesday afternoon during the year, Woman's League teas are given in the Upper Parlors of the Woman's Building. These teas extend to all University Women an opportunity to become acquainted with fellow students.

Woman's League holds its election during March each year. The first big event sponsored by Woman's League after the installation of new officers is the May Festival.
The Woman's League Advisory Board and Executive Council choose the General Chairman and the chairmen of the committees for the Woman's League Show. Each girl's petition is considered on the basis of her ability and her former work in campus activities. Committee chairmen are picked from the girls who have the highest qualifications for their various positions; the members are chosen from the other petitioners.

Any member of Woman's League is eligible to petition for membership on a committee. Juniors and seniors are also eligible for chairmenships. These committees manage the entire show under the supervision of the General Chairman and the Director.
On February 26, Woman's League presented as its annual comedy production, Rio Rita. Brilliant settings were very effective in transforming the Auditorium stage into a Mexican villa, overhung with a bright blue sky. Colorful Spanish costumes added to the realism of the set, and the chorus with its enthusiasm and vivacity completed the illusion of old Mexico.

The play was based upon the capture of a bloodthirsty bandit, the Kinkajou, who turned out to be one of the ardent lovers of the striking Rita played by Betty Ewald. Until the end of the show, it appeared that the bandit was Rita’s brother, Roberto, played by Earle Gillis. However, he turned out to be the clever and scheming General Esteban, enacted by George Dlesk. Charles Caudle, Sarah Schwartz and Earle Heffley, a comedy team, were outstanding.

Two musical selections, which brought out the comedy and color of the production, were “Rio Rita” and “Satire on the Tango.”
The Young Women's Christian Association of the University of Illinois is a group of eleven hundred women students. It is a member of the Young Women's Christian Association of the United States of America, and it is a participating member of the World Student Christian Federation.

The purpose of the Association is to develop a full and creative life through a growing knowledge of God, to make this life possible for all people, and to understand Jesus and follow Him.

The Program is an expression of this purpose which has been adapted to the University of Illinois campus.

The majority of activities carried on by the different departments listed above are suited to the interest of the membership while other events are planned to interest all students. Additional projects are carried on in co-operation with the Y.M.C.A. and are of benefit to the local community.

To be a member of the organization one must be a woman student in the University and must be in sympathy with the purpose of the "Y." These are the requirements for membership. It is assumed that every woman on the campus will gladly contribute towards the budget which makes possible the opportunities of the Association.
The Women's Athletic Association is a national organization united through the Athletic Federation of College Women. Similar groups exist in other recognized colleges and universities, and the ideals and standards of athletics for these groups are unified through a central office of this Federation.

The purpose of the W.A.A. is to further the interest in athletics and to promote the ideals of wholesome living. In order to achieve this aim, membership is open to all women who have participated in one W.A.A. sport season.

The main project of W.A.A. is a loan fund which is used to aid girls who are majoring in Physical Education.

Under the supervision of W.A.A. are three affiliate groups: the Telegraphic Swimming Team; Terrapin, an honorary swimming organization; and Orchesis, a national dancing society.

Orchesis sponsors interpretive dancing, or the expression of moods and feelings in rhythms. Two public recitals are given each year, the first one in January, and the second and major recital following the May Festival on the Saturday afternoon of the Mother’s Day Week-end.

To welcome the freshmen and to give them a better understanding of the program of W.A.A., a Sans Souci party is given in the fall of each year.

W.A.A. presents, because of its wide scope of sports offered, an opportunity for its members to attain the idea of good sportsmanship, keen competition, and physical well-being.
Major I

The highest award given by W.A.A. is the Major I which is earned upon the completion of twelve sport seasons. At the Annual Spring Banquet given in May, the Major Is are awarded by the president of the association.

Four sport seasons' credit is the most any woman can earn in one year. These seasons are divided so that the girls can participate in out-of-door sports as much as possible. However, each year in addition to the four major seasons, W.A.A. sponsors a double program of interhouse and interclass sports. Points toward the Major I can be obtained by participating in either of these activities. Although one girl can not receive credit for playing on both teams of the same sport, she may, however, gain points by playing on as many different sport teams as her ability will allow. All organized houses or groups are eligible to participate each season in a tournament after completing the required number of practices.

The house or group winning the tournament is awarded a trophy, and at the end of the year the house or group earning the greatest number of points becomes the temporary possessor of the much coveted W.A.A. plaque. Competition and rivalry are not absent at these tournaments, for each interested house or group entered in the race develops early in the year the desire to obtain the plaque for its own. Team sports for interclass and interorganization play include swimming, basketball, volleyball, and baseball, each tournament occupying one sports season. These interhouse-intergroup sports are closely contested, and the girls seize every possible opportunity to gain more points for their houses. Early this fall, Kappa Alpha Theta won the swimming championship and got an early start toward earning the plaque which Mary E. Busey Hall holds at the present time. Pi Beta Phi, however, captured the basketball trophy during the second sport season to overtake Kappa Alpha Theta in the race.

Individuals are given the opportunity to participate in sports through the individual sports division offered by W.A.A., which includes tennis, golf, handball, archery, ping pong, and badminton. Girls with special ability are given a chance to earn a Major I if they enter in the division of individual sports.
W. A. A. Numerals

W. A. A. groups its wide variety of sports into four sport seasons offering appropriate seasonal sports. The first sport season in the fall offers the team sports, hockey and soccer, and the individual sports, swimming, tennis, golf, and horseback riding. Volleyball, basketball, ping-pong, tennis, and fencing are played during the winter months which compromise two sport seasons. During the last season in the spring, tennis, baseball, golf, archery, and horseback riding are offered to the members.

Attendance and participation in tournaments held at the end of each sport season are the basis for awarding credit to each individual member. When credit has been received for one sport a season for the required six seasons, a member will receive her class numerals. Therefore, a minimum time of one and one-half years is needed to work off the required six sport seasons. Sport seasons which a member has earned at other colleges and universities may be counted in on this plan; consequently, a sophomore, junior, or senior does not bear a disadvantage upon transferring from another school.

Under this system all girls have an opportunity to earn numerals through faithful and continuous effort in both interclass games and individual matches. A period of strenuous practice is necessary to train the girls for competition in these matches which stimulate keen rivalry, promote physical fitness, and develop the good sportsmanship of the participants.

W. A. A. sponsors a tea at the end of each sport season at which the president of W. A. A. presents orange chenille class numerals to the new winners.
In 1923 Terrapin Club was founded for the purpose of promoting and maintaining an interest and proficiency in all phases of aquatic activities. Today it enjoys a superior position among women's athletic organizations.

Terrapin maintains a very high standard of proficiency in swimming and diving. Those persons who most nearly attain this standard form what is known as Major Terrapin, while those less skilled swimmers are members of Minor Terrapin. All members seek to improve their skills in aquatic activities at all times.

Terrapin's annual water pageant is presented the Mothers Day weekend. At this time members of Terrapin exemplify their superior abilities in the arts of swimming and diving. The intricate water formations and the grace and ease with which the swimmers perform are indeed a colorful and inspiring spectacle.
This year represents the ninth year for the National Intercollegiate Swimming Meet. It was in 1930, under the sponsorship of the University of Illinois, that the first meet was held. The idea met with such success that it has now been enlarged to include colleges and universities all over the United States. This is the only intercollegiate sport in which our University women may participate.

The telegraphic team is chosen after several weeks of practice from those girls who show the most proficiency and speed in swimming, and is limited to fifteen members.

Entries are limited to colleges with certified sixty- or seventy-foot pools. The meets are held at the separate schools and the results of the meet are telegraphed to the Regional Sponsors, who in turn telegraph the first ten places in each event to the National Sponsor. This year the meet is sponsored by Wright Junior College in Chicago.
The theme of the annual Y.W.C.A. Doll Show this year was "Uncle Sam's Family," portraying scenes and events from the various states in the nation, as submitted by the independent groups and sororities. The presentation was under the direction of Margaret Vaniman, general chairman.

The first place awards went to Delta Zeta, which offered a miniature Wisconsin Dairy Farm; Loki, with its West Virginia Hill Scene; and McKinley Hall for its Sun-Valley Idaho. Second place winners were Chi Omega, Alcestis, and Davenport House.

In the Individual Doll Contest, Mrs. R. A. Given was awarded first prize in the chaperone division with a doll portraying Louisa Mae Alcott. First place for the student division was won by Virginia Hale for her Little Eva.

Special doll collections were one of the individual features of the show this year. One doll which is over a hundred years old was exhibited. There were also two very fine collections of dolls from all parts of the world. Still another exhibit consisted of over five hundred dolls.

The dolls were distributed to needy children of the Champaign-Urbana community, and some to the Y.W.C.A. Association House in Chicago.
W. A. A. Activities

The Woman's Athletic Association is a part of the Athletic Federation of College Women. A central office is maintained by the Federation with the purpose of unifying the organization's ideals and establishing standards of athletics for college women.

W.A.A.'s purpose is to further the interest of college women in athletics and to promote ideals of wholesome living. All women students who have participated in at least one W.A.A. sport season are eligible for membership. A main project of W.A.A. is a fund for loaning money to benefit girls who are majoring in Physical Education.

The three affiliate groups under W.A.A. supervision are the Telegraphic Swimming Team; Terrapin, an honorary swimming club; and Orchesis, a dancing society.

A wide variety of sports are afforded the members, and it is through these activities that W.A.A. can present its ideals of keen competition, physical well-being, and good sportsmanship.
Illini Board of Control

BOARD OF DIRECTORS
WILLIAM E. BRITTON, Chairman

Faculty Members
Abner R. Knight
Frederick S. Siebert
Fred H. Turner

Student Members
Dorothy E. Chapin
J. Garth Elzea, Jr.
Mary H. Moss
Richard J. Nelson

All publications of the University of Illinois are under the supervision of the Illini Board of Control, composed of four faculty members and four student members. Established in 1908, the original purpose of this board was to appoint student editors for The Daily Illini, and this proved to be so successful that the board now serves all other student publications in a similar capacity, in addition to determining the general policies of the Illini Publishing Company.

The impartial selection of student editors and business managers has tended to increase the interest shown in the various campus publications, and, although the board does have power to govern the policies of these publications, it has in no way hindered the originality, initiative, or executive power of the students.
On May 11, the State of Illinois granted a charter to the Illini Publishing Company, a non-profit corporation which was established for the purpose of publishing and supervising student publications at the University of Illinois. Today this corporation is regarded by many to be the outstanding student publication company in this country, and its influence has been so far reaching that it has served as a model for similar corporations in other universities.

Under the control of this organization are the Daily Illini, a student newspaper which carries full Associated Press service, the Illio, an outstanding university annual, the Siren, the Technograph, and the Illinois Agriculturist. All of these publications with the exception of the Illio are printed at the university by the publishing company.

The Illini Publishing Company is governed by the Illini Board of Control, a body consisting of both faculty and student members, and is directed by a professional company manager, who advises the student editors and business managers. Under this supervision the organization has maintained a firm foundation and well directed policies which have contributed to its success and physical expansion. In combining all student publications into one company, this corporation has enabled each individual publication to become a stronger unit. In this manner the company has rendered much valuable service to the university.

SOCiETY
Lights! Action! Camera!

All these focused on Glen Gray playing for the Senior Ball on June 6, 1938. It might have been a Monday, it might have been a blue and rainy one, but the George Huff Gym was sunny with a summertime carefree spirit which marked this climax to the social events of the class of '38.

Beach chairs, large fans and light and fluffy frocks were obvious tattletales for the summer which was too close at hand for the many senior couples who promenaded in their last collegiate grand march. This traditional and impressive procession is a welcome sight to spectators and participants each year. This year especially impressive, it was led by Edgar Barton, outstanding in all campus affairs of the year, who escorted Margaret Kunz, lovely past-president of the Y.W.C.A.

These important names and many more were to be found in the unique wooden programs which had the inscription “Senior Ball—'38” burned into the bark-like cover. These were presented to each guest to be kept as a permanent memoir of this important evening.
Senior Ball

Underclassmen and upperclassmen threw off the worries and cares of a whole semester as they began this festive day with picnics earlier and dinners later to celebrate the end of final examinations.

The brilliant music of Glen Gray and his Casa Loma orchestra was well liked by the Illini students who appreciated his original style.

This final dance of the year proved to be one of the most popular. Not only was the dance a complete sell-out weeks in advance, but a capacity crowd thronged the large balcony of the gym to listen to the music and view the very impressive sight.
The Illini social world gathered in the George Huff Gym on the night of December 16 for one of the biggest social events of the year, the Junior Prom. The dancers left all thought of the rain outside as they entered the gaily decorated gym and danced to the delightful music of Hal Kemp and his superb band. The programs were of chromium plated metal, and they added much to the prestige of the prom.

The return of the ever popular Kemp to the Illinois campus was heartily approved by the many students who gathered to listen to him. Not only were the bids completely sold out, but also tickets for balcony seats which were purchased by envious on-lookers. His featured singers, Judy Starr and Bob Allen, were at their best and were well received by the students.
Junior Prom

The Junior Prom was graced by its Queen, Rosemary Best, upon whom royalty was bestowed this year. She was escorted to her throne at the north end of the gym where she was crowned Queen of the Junior Class by the president, Norm Seip.

The coronation was preceded by the Grand March which took place shortly before midnight. The dance rhythms of Hal Kemp changed to march music, and the dancers, led by Wayne Miller and Norm Seip, joyfully took part in the march.

After the Grand March and the coronation had been completed, the band struck up another of its unique arrangements, and the dance continued. And so, another page of history was added to the social record of the University of Illinois.
On the evening of April 28, in the spacious George Huff Gymnasium, the Class of 1941 successfully staged its first formal dance. The orchestra, playing from a gayly decorated stage at the south end of the gym, maintained a delightful atmosphere of enthusiasm and enjoyment.

A short while before midnight, the marching melodies announced the long awaited Grand March. Richard Barlow, president of the Class of '41, and John Davis, chairman of the Cotillion, led the dancers majestically about the gym. Climaxing the evening's entertainment was the presentation of the most beautiful sophomore co-ed and her court of honor.

Appropriate spring-like decorations magnificently added to the romance of the warm spring evening and the rhythms of the orchestra and the featured singers. The socialites lingered on, watching the orchestra and their clever novelties or dancing until the final moment. Thus, the first formal dance of the Class of 1941 came to an end, but pleasant thoughts remain in the memories of all who attended.
April Fool's night saw the freshmen come out in full force to have a high, wide, and handsome time at the annual Freshman Frolic. A large crowd of about eleven hundred couples enjoyed the rhythmic music of Eddie Duchin and his orchestra.

The Frolic is always one of the gayest of the Illini social events, but this year it outdid former years as the Freshman Council succeeded in obtaining the George Huff gymnasium for the first time. The affair, as usual, had none of the formality of stiff shirts, formal dresses, and high hats; even the orchestra seemed to capture the light-hearted spirit of the crowd as it turned from slow waltzes to peppy modern rhythms.

Also typical of the gay atmosphere of the evening were the attractive programs. They were decorated with the traditional green suelette caps always associated with the freshman class. The crowning of the king and queen highlighted the already gala evening of the Freshman Frolic of the Class of 1942.
The Independent Informal on November 12 served as a tonic for the Illini who had suffered a defeat at the hands of Ohio that afternoon on the gridiron. The music was furnished by Joe Sanders, a favorite on the campus for many years. The "Ole Left Hander" came forth with his usual lively rhythms and helped to soothe the dampened pride of the "Fighting Illini."

The dance, sponsored jointly by W.G.S. and M.I.D.A., was held in the George Huff Gym and was attended by a capacity crowd.

A very unusual feature of the dance was a "jitterbug" contest. Many of the swing-minded students entered the contest and put on a real demonstration of swing dancing. The winners, Scotty Stewart and Bud Heffley, were each presented with a cup symbolic of their prowess as "jitterbugs."

The "Ole Left Hander" has been a regular visitor to the Illinois campus for quite a few years, and he has played for the last three Independent Informals.
The exclusive Pan-Hellenic Ball was held on the night of March 31, 1939, in the beautiful ballroom of the Champaign Country Club. Those allowed to attend this unique affair were the representatives of the sororities and fraternities in the Pan-Hellenic and Interfraternity Councils and their guests. Before the affair began at nine in the evening, the committee and their guests enjoyed dinner together.

The 250 couples attending the Ball were dressed in strictly formal attire which gave to the dance a distinctive and sophisticated atmosphere. The couples danced to the rhythm of Emil Vlaszio and his orchestra, who more than exceeded the dancers' hopes. The programs were a symphony in white and black, white programs with black figures and printing. The decorations followed a spring garden theme with trellises and flowers furnishing the main background. These, combined with the lighting effects of the ballroom, served as a lovely scene for the dancing couples.
This year the students of the Agriculture and Home Economics School presented their annual Agricultural Informal held on April 15 in the University of Illinois Skating Rink. All formality was thrown aside as the couples danced in symbolical farm and home costumes to both old-fashioned and modern music. Instead of the usual white tie and tails, the dancers were attired in overalls, bandannas, straw hats, and gingham dresses with corsages of fruits and vegetables. The Rink was decorated with bales of hay, lanterns, pails, and other equipment used in agriculture. The programs accentuated this agrarian atmosphere.

At the close of the evening the couples paused as the Queen of Agriculture was chosen and crowned on a throne of straw.

This year the dance again attained its usual high standard as the most informal frolic of any of the major dances sponsored at the University of Illinois.
This year’s Independent Informal, held in the George Huff Gym on the evening of March 10, brought Tommy Dorsey and his versatile swing band to the campus. Sponsored by M.I.D.A. and W.G.S., this fifth annual spring Independent dance was a climactic social event in a successful year of Independent activities.

Silhouetted against a modern background featuring a huge trombone, "The Sentimental Gentleman of Swing" made a great hit with the gay dancers and enthusiastic on-lookers. As the dancers swirled to the syncopated rhythms of this distinctive band, making its initial bow on the campus, the leader swung out in his own inimitable style on his famous trombone. Edythe Wright and Jack Leonard, in their solos and feature numbers, added to the enjoyment of the eleven hundred couples who attended the dance.

Twelve o’clock found couples reluctantly leaving the dance floor and observers pausing as they left their vantage points in the balcony to observe the scene below and wish for just one more lilting melody.
For those students who attended the Summer Session, a very interesting entertainment program was presented. This program included several band concerts, movies, lectures, plays, and athletic contests.

These programs and plays were presented, for the most part, by the students and the faculty Summer Session Entertainment Committee, which supervised the whole program and acted in an advisory capacity.

The climax of the entire summer entertainment program came on July 29 with the presentation of the Summer Prom.
University Dances

Every dance on the University of Illinois campus was the source of much gaiety and pleasure for the large number of students who attended. Dances were presented by the various classes, the Greeks, the non-Greeks, the Ag students, and the Y.M.C.A. and Y.W.C.A. The Inter-Fraternity and class dances were strictly formal, while the Military Ball was graced with the sight of uniforms and sabers. There were informal dances such as the Ag Dance and Fine Arts Ball where informality ruled supreme.

Several dances stood out because of their unique themes. The Headliners' Hop, a dance for the campus "big shots" was sponsored by the journalism fraternity, Sigma Delta Chi. Everyone who attended was cleverly dressed to represent their particular activity. At the first Independent Informal an amusing "jitterbug" contest was held.

We were fortunate to hear the unsurpassable rhythms of many well known bands: Hal Kemp, the usual popularity leader with his novel arrangements; "The Ole Left Hander," Joe Sanders, with his swaying rhythm; Bob Crosby and his striking swing numbers; Tommy Dorsey with his inimitable modern style; and Anson Weeks and Jack Denny, featuring their individual specialties.

This year more than 1,000 undergraduates have worked on major Illini Theatre Guild productions. Under the direction of Wesley Swanson, director, and Richard Moody, technical director, these students, headed by an undergraduate staff of three senior managers and eight junior supervisors, have offered a season of plays and operas that have earned enthusiastic approval for the Guild.

The Illini Theatre Guild is composed of three undergraduate dramatic societies; Mask and Bauble, all-University dramatic honorary; Pierrots, men's dramatic honorary; and Arepo, operatic honorary. The Faculty Players Club is a patron member. Executive authority of the Guild is vested in a board of directors composed of a representative from each of the four member societies and two University representatives.

It is the hope of the Guild to foster genuine creative activity in the student body and to give the campus and the community a chance to see important plays produced with sympathy and sincerity.
Illini Theatre Guild

The inauguration of a new supervisory system for both business and production staffs of the Illini Theatre Guild has been the main factor in providing one of the most brilliant theatrical seasons in Guild history. Headed by three senior managers, the permanent staff also includes eight junior supervisors.

The undergraduate managers are appointed by the Illini Theatre Guild Board in the spring of the preceding year. Heading the staff this season were Francis M. Taylor, Business Manager; Sam Sachs, Men's Production Manager; and Janis Doe, Women's Production Manager. Clarence Lantz, Shelby North, and Dorothy Chapin were Junior Business Supervisors; while Louis Mohler, Harry Marlatt, Lewis Williams, Barbara Littleton, and Lois Jane Snodgrass served as Junior Production Supervisors.

Members of the eight business and production crews for each of the major productions are appointed by the senior managers, with the advice of the junior supervisors. Different crew heads and assistants are selected for each show, and these direct the work of the various crews under the supervision of the juniors.

The Business Manager has charge of publicity, box office, house management, and The Illini Playbill, of which from eight to twelve thousand copies are distributed free to publicize each production. He is the nominal managing editor of The Playbill, and the junior business supervisors take turns editing the successive issues. The juniors also alternate in supervising the other three departments of the business staff.

The two production managers supervise the men and women, respectively, on the backstage crews. These include construction, scene painting, lighting, costumes, properties, and makeup. Settings for the plays and operas are constructed in the Guild scene shop and completed and assembled in Lincoln Hall Theatre.

Junior production supervisors are assigned to various phases of the backstage work. This year Louis Mohler and Harry Marlatt supervised construction, Lewis Williams directed the scene painting, Lois Jane Snodgrass had charge of makeup and costumes, and Barbara Littleton supervised properties.

In the spring of 1917 the present University Concert and Entertainment Board was organized under the name of Star Course. A Board of Advisers, with the comptroller as chairman, acted as an advisory group to all dramatic functions, and, in addition, it planned the annual dramatics calendar. Student managers, selected from literary societies for each season's course, were chosen by this Board of Advisers.

A reorganization occurred in 1931, at which time the former Star Course became a part of the larger, present Concert and Entertainment Board whose duty it was to supervise all concerts and public entertainments given in university buildings by professional artists and organizations.

Membership of the Board consists of the comptroller of the University, acting as ex-officio chairman of the organization, the Director of the School of Music, two members of the faculty selected biennially by the Council of Administration, and four student members elected annually by the Philomathean and Adelphic Societies. Duties of the new Board include the selection of senior managers and junior and sophomore assistants for the Star Course staff.

The work of the Concert and Entertainment Board is a great benefit to the students, for it brings at reasonable prices the very finest of cultural entertainment to the campus.

Spring Series

The Indianapolis Symphony Orchestra

Alec Templeton

The St. Louis Simfonietta
Star Course searched with greatest care to find a series of concerts that would carry on its tradition of the very finest in cultural entertainment. As a result it presented this year not only the regular series of six programs, but an additional spring series which consisted of three programs that were equally worthwhile.

The regular series consisted of six outstanding artists. On October 18 Albert Spalding, one of the greatest living violinists, played to an enthusiastic audience. The Cleveland Symphony Orchestra, directed by Artur Rodzinsky, presented its classical concert on November 9. By far the most popular was the concert given on November 28 by the exquisite soprano, Miss Lily Pons. The dancing of Angna Enters was successfully presented January 19. Robert Casadesus, pianist, gave his concert February 23. On March 30 Richard Bonelli of the Metropolitan Opera gave the final performance of the series.

The spring series opened on February 10 with a concert by Alec Templeton, the blind English composer and pianist. The Indianapolis Symphony, under the baton of Fabien Sevitsky, presented a program on March 7. On April 18 the St. Louis Simfonietta, a group of eighteen members of the St. Louis Symphony gave its concert, thus ending another successful season for the Star Course.

Angna Enters

Albert Spalding

The Cleveland Symphony Orchestra
H. M. S. Pinafore

William B. Browder
Robert H. Reeves
Edwin C. Platte
Hagin P. Harper
Robert W. Koyl
Emery D. Olson
Margaret S. Sproat
Elizabeth A. Mosiman
Catherine A. Hanawalt

Celebrating the sixtieth anniversary of the first production of the rollicking Gilbert and Sullivan opera, Arepo of the Illini Theatre Guild presented the ever-popular "H.M.S. Pinafore" Friday and Saturday, April 8 and 9, 1938. The plot of this hilarious opera involves romance, intrigue, and farcical comedy aboard the Pinafore, one of Her Majesty's man-o'-wars.

The valiant efforts of Captain Corcoran, master of the Pinafore, to maintain discipline on his ship in the face of the pompous interference of Sir Joseph Porter, First Lord of the Admiralty, are complicated by Sir Joseph's love for Josephine Corcoran, daughter of the captain, and Josephine's love for Ralph Rackstraw, a humble seaman. The comic villainy of Dick Deadeye and the feminine machinations of Little Buttercup, who is in love with Captain Corcoran, further complicated the situation.
Elizabeth the Queen

The Illini Theatre Guild players completed the thirty-first dramatics season April 29 and 30 by staging Maxwell Anderson’s historical play “Elizabeth the Queen.”

Always dramatic and changeable, Jo Ellen Stevens headed the cast with a convincing portrayal of the English queen in her most puzzling and romantic moods. Ralph Rohlfing played his part as a lord elegantly and dramatically. The court jester, Harry Marlatt, was superbly portrayed, while Gordon Robinson, McElroy Wilkes, and Judith Hickey were also outstanding. Francis Taylor, completely “in character” in his role of a courtier, held his audience for the brief time he was on the stage.

The play, staged on the most decorative set used by the guild during the year, was also given May 6 and 7. Mary Bain Lehmann excellently played the part of Elizabeth in the later presentation.
"Brother Rat," the first production of Mask and Bauble's thirty-second season, was staged before full houses October 21 and 22.

Excellent characterizations by all members of the cast made the comedy exceptional. Everyone was good from Robert Reeves, the "brother rat" who got into the most trouble, and John Varble, the brother who got him there, to Peggy Chapin, the feminine lead, and Harry Marlatt, the lowest cadet.

Dialogue was quick and clever, the play being centered around the martial and marital difficulties of Cadet Reeves and the efforts of his fellow students to help him out of them. Among the scenes that provoked the loudest laughter from the audience were the two successive entrances, after taps, of the commandant, Max Metcalf, into the barracks room in which his daughter, Isabelle Geithman, had been smuggled to help coach Cadet Reeves in chemistry.
November 11 and 12 the Illini Theatre Guild presented Hugh Walpole's gripping mystery, "Kind Lady."

Jo Ellen Stevens, playing the title role, gave a marvelous characterization of a well-bred, wealthy Englishwoman who became the victim of a merciless band of thieves. Miss Stevens was outstanding in a part which required a complete change in character from a lovable old lady to a crippled, almost demented, creature.

George Dlesk was the suave, utterly heartless leader of the band of criminals. His high-handed manner helped his villainy, and he got what he wanted quite effortlessly. Supporting him in his part were the other terrifying thieves—Frank Huston, Elizabeth Whiting, who portrayed a half-wit, and Doris Mitchell. The remaining members of the cast helped to give the difficult play an excellence seldom achieved by college productions.
Arepo brought one of its most difficult productions to the Illini stage December 9 and 10. Four of the most remarkable amateur voices made the world premier amateur presentation of Puccini's brilliant opera "Tosca" an excellent show.

The story concerns the escape, recapture, and execution of the Italian political prisoner Angelotti, played by Robert Reeves. He was aided by his artist friend, Mario Cavaradossi, played by Edwin Platte. The plot, complicated by Platte's love for a young singer, Miss Lehmann, and by Harper, the smug policeman, moves forward till the singer exposes the prisoner to save her artist sweetheart from torture. After persuading Harper to allow them both to escape from the country, she stabs the villain. But real bullets instead of blanks are used in the supposedly mock execution, and the artist is shot down. The singer, by leaping from an old Roman tower, escapes arrest.
Songs, dances, and wise cracks were presented in fast-moving, entertaining style as a good-natured audience chuckled and heartily applauded the tenth annual Illinois Union Minstrel Show in Lincoln Hall Theater January 6 and 7.

Complete with jokes aimed at student leaders and song and dance specialties, the minstrel cast set a fast pace and maintained it without faltering until the finale. John Varble and Milt Hopwood, as co-interlocutors, contributed equally to the show's success, while the end men did their parts to perfection. Highlights of the performance were Virginia Lee Swann's humorous toe-dance specialty, the songs of Betty Lovegren, the ventriloquist act of Kenneth Cahn, and a song and dance specialty by "seven dwarfs."

The applause left little doubt that those "out front" were well pleased with the efforts of the cast and their director, Miss Severina Nelson.
Sinclair Lewis’ play, “It Can’t Happen Here” was presented by the Illini Theatre Guild on February 17 and 18. On these two nights the Lincoln Hall Theatre was filled to capacity by audiences that enjoyed this popular show.

The story revolves about the possibility of a dictatorship in America. Francis Taylor played the role of a small town newspaper editor who does not become alarmed at the threat of dictatorship until it is too late. The plot is stirred by Taylor’s efforts to overthrow the Corpo tyranny. His attempt to regain democracy meets with numerous obstacles while endeavoring to overthrow the Dictator’s totalitarian movements.

The seriousness of the play was vividly depicted by the excellent performance of the cast. The background consisted of black drop curtains which left the setting to the audience’s imagination.
"The Fireman’s Flame" was presented on the evenings of March 17 and 18 in the Lincoln Hall Theatre. The many laughs caused by this humorous play marked it a definite success. Pierrots can well be proud of their twenty-eighth annual show. The all-male cast added to the play the “umph” that was needed to make this unique melodrama a “hit.”

The story revolves about the heroic actions of the fireman of New York City in the elegant eighties. Robert Reeves starred in the part of the hero who saved a score of orphans, a grandfather’s clock, and George Dewey, an heiress. The “Can Can,” the latest French sensation, entertained the spectators with a “spicy” dance and brought forth much hilarity. Johnny Varble, George Dewey, Dan Kane, and all the other men dressed like women were good in supplying the show with femininity.
University of Illinois Band

"The World's Greatest"
University Bands

Three organizations comprise the University Bands; the Concert Band, the First Regimental Band, and the Second Regimental Band. Places in these three organizations are determined by examinations, and service in them takes the place of the required military training.

Concert Band members—selected musicians whose main purpose is to study and perform the best in music—are eligible for scholarships each year, provided the military requirements have been previously fulfilled. First and Second Regimental Bands furnish the necessary music for military ceremonies, athletic events, and similar functions in addition to studying and performing a certain amount of concert music.

From the three organizations a unit of 180 select bandmen—the world renowned "Football Band"—each fall plays at football games. This formation-making band has become an essential part of the football spectacle.

University Brigade

The Reserve Officers' Training Corps is organized primarily to furnish skilled officers who, in case of an emergency, can drill and train inexperienced men for service. Its secondary purpose is to develop high character and good citizenship. The origin of the Reserve Officers' Training Corps can be traced back to an early date in the University's history—1868. It was then composed of twenty-four men who drilled on a small plot of land at the north end of the campus. The armory, which is now the Old Gym, was small. Since then, however, enrollment has increased to forty-one hundred, and the armory is one of the largest buildings in the world without a center support. In the past several years the Brigade has gained the reputation of being one of the best training units in the country and each year it sends forth many well-trained men.
The University Brigade is composed of the following units: Infantry, Cavalry, Field Artillery, Coast Artillery Corps, Signal Corps, and The Corps of Engineers. The students in each unit of the Brigade are required to take a basic course and are offered an optional advanced course. The basic course teaches students the fundamentals of military training and qualifies them for the rank of sergeant or corporal in the Organized Reserve. The advanced course offers students actual experience in training men. These students are given commissions in the United States Army Reserve as Second Lieutenants when they graduate. The importance of this military training to the state and nation as well as to the students themselves cannot be over-emphasized.
Endeavoring to acquire a solid foundation for the qualities of leadership and executive ability, the Cadet Staff of the University of Illinois Officers Training Corps has complete command of the execution of military orders given out by the department. The Staff is composed of the Student Colonel, in charge of his own unit, and a representative from each of the other five units.

The Cadet Colonel is the commandant of the Brigade in addition to being the senior officer of the Brigade Staff, and under his direction, the staff directs the execution of the weekly retreat ceremonies which are held in the Armory. The Adjutant of the staff is responsible for the issuance of all orders pertaining to clerical work, while other officers of the staff are responsible for the carrying out of special duties which are assigned.

The excellence of the brigade depends upon the cooperative functioning of the complete staff whose efforts are directed towards teaching freshmen and sophomores the basic factors of a military education.
Regular Staff

Every thoughtful and patriotic citizen of the United States realizes that it is his duty to support and defend his country and his government against all enemies. In 1862 the Morrill Land Grant came into effect. This law required that all land grant colleges provide courses in Military Science and Tactics, and that instruction be given under the direction of officers and enlisted men of the regular army. The officers are detailed for a four years' duty in concurrence with the President of the University.

The growth in numbers of the R.O.T.C. at Illinois is well known. As advancements were made in military science, such as motorizing the field artillery, the University of Illinois R.O.T.C. did not lag behind. Therefore, the quality of the brigade increased along with the increase in numbers.

The R.O.T.C. endeavors to teach a man courtesy, respect for authority, and value of individual effort in mass accomplishments, qualities which are important in every day life as well as in time of war. The high scholarship, personal appearance, and deportment maintained have been favorably remarked upon by the many visitors who have viewed the R.O.T.C.
Military Council

The Military Council of the University of Illinois is the student governing body of the R.O.T.C. department of the University, and its major function is to provide a link between R.O.T.C. students and the regular army officers. The Council was founded in 1929, and since that time it has risen to a prominent position at the University.

The members of this organization are the Student Colonel, the Brigade Staff, the Lieutenant Colonel of each R.O.T.C. unit, and a representative from each of the military groups. One of the officers of the R.O.T.C. faculty is chosen each year to act as advisor to the council.

Page 364
In addition to its cooperative and governing functions, the council is the means through which the Military Department can convey its principles and procedures to the student members of the R.O.T.C. Other functions of the council include supervision of the Military Ball, the Officers’ Ball, the Military Show, the University Horse Show, and any dances which are given by organizations in the Military Department. The council also makes recommendations of medals and other awards to outstanding students in military, and it controls the publication of the *Millini*, official publication of the R.O.T.C. This publication, which is issued every year on Military Day, contains a resume of all military events during the school year.

All profits from dances, shows, and other student functions of the Military department are placed in the Military Unit Fund. This fund is used by the Commandant to purchase new equipment and to make improvements for the brigade.
Cavalry

Cavalry is the most popular and probably best liked course in the University R.O.T.C. The students of this course devote most of their time to learning the technique of riding, marksmanship, and the care of horses. For the rest of the course, the students are taught to jump, and those with exceptional ability are taught to play polo.

In the advanced cavalry course, the students are given a more intensive drilling in riding and rifle marksmanship, as well as training in the care of horses. The officer is given a chance to prove his leadership ability in both military and civilian endeavor. In this advanced course, concentration on the fundamentals already learned helps to qualify students for the position of Second Lieutenant in the Reserve Officers Corps.

The advanced cavalry summer instruction, taught at Camp Custer, Michigan, includes drilling, riding, and further instruction in the care and keeping of the horses and in the use of the cavalry weapons. At camp the men entertain themselves by playing polo and participating in other activities.
Coast Artillery

The rapid progress of aviation as a powerful wartime factor has made apparent the need for adequate defense for ground objectives. The Coast Artillery, in order to prepare for this defense, now handles the anti-aircraft weapons as well as the large coast and field guns. The unit which trains for the Anti-aircraft Section of the Coast Artillery is now in its ninth year at the University of Illinois.

In addition to the basic course instruction in military fundamentals at the University, a summer camp is held at Fort Sheridan for advanced students. There they receive practical experience in the actual firing of anti-aircraft guns, machine guns, 155 mm. guns, and training in marksmanship practice with the rifle and pistol.

The four years in the Coast Artillery Corps provides an ample training in military fundamentals, scouting, patrolling, map reading, drill, and practical work and prepares the student for the rank of Second Lieutenant in the Reserve Corps.

Wallace A. Gillespie
Lt. Colonel
Engineer Corps

Because of inadequate space and equipment for the activities of the members of the Engineer Corps at the University, the summer camp session at Camp Custer is of special importance to them. There, in addition to following the regular camp curriculum of drilling, riding, and practicing with the service rifle, they work on subjects in which their unit specializes, such as bridge-building, road-building, the construction of temporary fortifications, and the handling and use of explosives. The Engineers have an important part in the annual sham battle; they build and demolish bridges, construct roads, dig trenches, and put up temporary defenses.

At the University, the engineering students receive their theoretical training in the basic and advanced courses, enrollment in which is restricted to students in the College of Engineering. Basic students are given the instruction in rifle drill, map-reading, and military exercises, and in particular are trained in the organizing of teams for constructing and demolishing various types of structures.

Edward S. Fraser, Jr.
Lt. Colonel
Field Artillery

The Field Artillery was first organized in 1919, and consisted of a regiment of eighteen students. In the course of 19 years the enrollment has grown to 1229 students, which is nearly twice that of any other unit of the R.O.T.C. These students are divided into two regiments, each having its lieutenant colonel and staff officers.

Having completed the basic course, students are selected for the advanced course in which they receive actual experience in command and leadership. At the end of his junior year, the student spends six weeks at the summer camp at Camp McCoy, Sparta, Wisconsin. Here he gains knowledge of artillery firing which prepares him to take over with confidence his duties for the coming school year.
The two-year basic Infantry Course includes training in the fundamentals of map reading, the principles of combat, and leadership. Marksmanship, elementary machine gun drill, scouting, and patrolling, along with the use of the rifle are also taught in this basic course. The advanced course includes practice in leadership and command and more extensive training in the fields already mentioned.

Summer sessions at Camp Custer, Battle Creek, Michigan, are a part of the advanced course. Here with students from the Universities of Wisconsin, Michigan, Michigan State, Knox, and Ripon College, the University of Illinois Infantry students are given experience in the use of all weapons. Further instructions consist of the commanding during drills, a practice march with an overnight bivouac, a night attack problem, and organization and participation in two parades each week while in camp.

**Infantry**

Richard B. Port
Lt. Colonel
The Signal Corps is divided into two main courses, the basic and the advanced. The outstanding function of this training is the establishment of communication lines. Therefore, the basic course consists mostly of practice in assembling and using military telephones and wireless along with instruction in citizenship, military discipline and map reading.

The advanced course involves more technical experience in communication work and includes instruction in leadership. After such training the men are qualified to instruct untrained civilians in the duties of private, corporal, and sergeant in the Signal Corps Unit.

Student officers of the Signal Corps, along with those from the Universities of Michigan, Wisconsin, Minnesota, and Ohio State attend a camp session at Fort Sheridan where they may practice practical problems in communication work.
Military Ball

COMMITTEE

George D. Walraven ........................................... Chairman
William W. Cassell ........................................ Kenneth M. Gonseth
Edward S. Fraser, Jr. ......................................... Richard B. Port
Robert D. Shaffer ............................................ Arthur Z. Varland

With the annual Military Ball held February 17, 1939, in the George Huff gymnasium, the formal social activities for the second semester were started.

Two orchestras, Ace Brigode and Anson Weeks, played for a thousand couples who attended the dance. Although the ball was sponsored by the Military Council with Cadet Colonel George Walraven acting as chairman, all the students of the University were invited to attend—providing they had three dollars!

The bright and unusual way in which the gymnasium was decorated inside offered a direct contrast to the typically wet, Illinois weather outside. An artificial ceiling made from strips of red, white, and blue crepe paper was in the form of the United States flag. Other flags were placed at each side of the orchestra stands, while in the back, handsome Trojan warriors, made of cardboard, further carried out the military theme. Sections of the gymnasium were marked off to form places where cadets and chaperones could assemble between dances. One very attractive section was in the form of a garden with a fountain in the center and colored lights focused on it. American flags set in standards were placed at various points around the room.
Military Ball

Except for thoughtfully checking their spurs at the cloak rooms, the cadets were dressed in their full military uniforms. The girls, dressed in gay formals, and the regular army officers, appearing in their new dress uniforms of navy blue with touches of red, supplemented the colorful decorations.

Listeners, who had come to hear the music of Ace Brigade and Anson Weeks, filled the balconies and were entertained from time to time by novelty numbers presented by members of the orchestras.

The grand march, held at eleven-thirty, formed the climax of the evening. It was led by George Walraven, Cadet Colonel, and his guest, Miss Ruth Adkins. Following them were hundreds of uniformed officers and their guests.

The programs, designed by Mary Diemer, were made of gold metal bound by leather thongs and were ornamented by two officers with swords standing as color guards on either side of the American flag.

Cadet Colonel Walraven, the seven lieutenant colonels, and two of the majors formed the committee for the Military Ball of 1939.

Seventy-eight Active Chapters
The Illinois members of Scabbard and Blade, a national military honorary organization, are chosen from the officers of the six army divisions represented on the campus. Its purpose of raising the standard of military training is accomplished by promoting a closer relationship among the cadet officers and between the cadet officers and the regular army officers.

The aims of Scabbard and Blade call for and invite a diversification of activities. Such things as company rifle and pistol teams are taken as a matter of course, and these teams compete with Scabbard and Blade companies in other universities as well as with teams on our campus. Some of the other activities are not taken for granted. The company felt the lack of suitable ceremonies for Armistice Day and initiated the custom of flag raising ceremonies on the campus. The company also offers its services as ushers on such occasions as Honors Day.

But the organization would not be complete without some social life. The climax of the social activities was the formal dance held on January 20, in honor of the fifty newly initiated men, who passed through a saber arch with their ladies to receive the bar symbolizing membership and leadership.

Page 376
The Officers' Ball, the only exclusive military dance of the year, was held on the evening of December 10, 1938, in the lower gymnasium of the Woman's Building. Its attendance was restricted to advanced R.O.T.C. students, faculty officers, reserve officers, and other military officials; all of these were required to attend in full military uniform. Tickets were distributed only to army men, the single exception being President A. C. Willard. The dance was supervised and planned by the Military Council, with Cadet Colonel Walraven acting as chairman.

The gymnasium was decorated to provide an impressive military atmosphere. The walls were hung with company flags and guidons; one-pound guns and other equipment from the Armory were placed in corners, and rifle stacks were placed about the room.

Johnny Courtney and his orchestra, a popular band around the campus, furnished music for the ball. There was no grand march as for the Military Ball, but throughout the evening the dancers were entertained by several novelty numbers and University songs by the band.
Pershing Rifles

Founded, University of Nebraska, 1894

To encourage, preserve, and develop the highest ideals of the military profession, to promote American citizenship, to create a closer and more efficient relation, and to provide appropriate recognition of a high degree of military ability.

Page 498
The efforts of the Men's Independent District Association have been directed this year as in the past towards the establishment of better organization among the independent students on the campus. Much of the work done by M.I.D.A. was furthered by the aid of the Woman's Group System.

The success of the fire and health insurance projects, the establishment of a university course in ballroom dancing, the provisions for the incorporation of low cost eating facilities and a non-profit book exchange in the new Illini Union Building, and the commitment of the University to a program of dormitories for men, have all been gratifying achievements for which the organized independents on the campus feel they have been at least partially responsible.

---
QUALITY through the years—

WHEN JOHN DEERE built his first steel plow over one hundred years ago, he chose the best materials available, and put all of his skill into shaping a plow bottom from a mill-saw blade. When complimented on the completed job, he said: "I'll never turn out a job that hasn't in it the best that is in me."

Adhering to that principle down through the years, the John Deere organization has grown from a humble blacksmith shop to twelve great factories and a sales and service organization reaching into every farming section of the world.

Today, John Deere Farm Equipment has outstanding prestige due to continued growth of this long-established belief among farmers --that the John Deere way of building equipment insures much more than a dollar's worth of performance for every dollar of the purchase price.

Where the University of Illinois has grown great through educational service to the State, Pontiac Engraving & Electrotype Co. has likewise achieved National renown through the service rendered yearbook staffs throughout America.

The Illio of 1939 stands as a tribute to its staff as an interpretation of the year at the University of Illinois; likewise it is a tribute to supreme craftsmanship as exemplified by Pontiac service men, Pontiac photographers and Pontiac craftsmen in supplying engravings of supreme quality.

Start Right . . . Start Light

With a light financial burden, of course. You can do it, and have the outfit you’ve always planned, if you’ll come to Rubinstein. For here you’ll find a floor-full of smart, modern equipment at prices that ease the burden of those first, ‘difficult’ years.

Come in soon.
