EX LIBRIS
This book attempts neither to envision the future nor to commemorate the past. It is merely a sincere attempt to give the students at the University of Illinois a volume, as simple and complete in form as possible, of which they will be proud; one which to them will be a tangible souvenir along with memories of the happy hours, disappointments, accomplishments, and struggles of the school year of 1939-1940. If this book, when you in years to come look back on its thumb-marked pages, stirs up fond remembrances of college days at Illinois, its purpose will have been achieved.
UNIVERSITY OF ILLINOIS

A. DEAN SWIFT - EDITOR
WALTER T. MOREY—BUSINESS MGR.
OF 1940

VOLUME 47
PRESENTED BY THE SENIOR CLASS
JAMES WILFORD GARNER

1871 - 1938

James Wilford Garner was a true internationalist. He believed in the ideal of international justice and worked for the attainment of international friendship and understanding by every possible means.

As head of the political science department, Professor Garner developed it until it is now recognized as one of the most distinguished in this country. As an authority on international law, he brought prestige and distinction to the University of Illinois.

Professor Garner’s enthusiasm for his work, his sincerity, and his kindliness earned for him the respect, admiration, and love of all who knew him. His popularity as a lecturer at the University has been surpassed by none and equalled by only a few.

We are proud to dedicate this book to the memory of Professor James Wilford Garner, a great teacher and a great man.

ADMINISTRATION
Arthur Cutts Willard was elected seventh president of the University of Illinois by the Board of Trustees on March 13, 1934, and assumed the presidency in July of that year. He has been a member of the University faculty since 1913, coming here as assistant professor of heating and ventilation in the Department of Mechanical Engineering. Four years later he was made a full professor and in 1920 was named head of the department. Nine months previous to his election as president, he had been made Acting Dean of the College of Engineering.

Dr. Willard was born in Washington, D.C., and attended the Central High School there. He studied in the National College of Pharmacy for one year and then entered Massachusetts Institute of Technology, taking a chemical engineering course and receiving his Bachelor of Science degree in 1904. Following graduation from M.I.T. he taught for one year at the California School of Mechanical Arts in San Francisco and for three years at George Washington University in the national capital. The four years preceding his transfer to Illinois he served the United States War Department as Sanitary and Heating Engineer.

Three honorary doctor's degrees have been conferred upon President Willard: Doctor of Engineering by the Case School of Applied Science, Doctor of Laws by George Washington University, and also the Doctor of Laws by Northwestern University.
Through THE ILLIO I wish to extend to the students of the University of Illinois greetings and best wishes. I hope your years here have been and will continue to be rich in the acquisition of knowledge and appreciation of life in our American democracy, interesting in new experiences, and withal, happy ones.

Life on the campus of a great modern University offers much in addition to the opportunity for intellectual development and the acquisition of knowledge, essential as these two basic objectives may be. There are also endless opportunities for social and physical development which are in some respects fully as important in your future life as professional competence in whatever field of practice you may enter. It is my experience that what you do with your years at college largely determines what you will do with the years beyond. You can't grow up but once, and I hope you miss none of the many opportunities for the well-rounded development of a normal human being while you are a student on the campus of the University of Illinois.
To the Students of Illinois

The year just passed has been gratifying to the Trustees in the progress it has brought in the University's building program. Gregory Hall, which will be as fine a classroom building as any university can boast, with its air-conditioned rooms and auditoria, will be a boon to the summer students. The Library stacks and the addition to the McKinley Hospital are splendid and much needed facilities. The beautiful Illini Union Building when completed will open a new era in University student life, and with its magnificent rooms and veranda, should thrill the hearts of all Illini.

What will probably be one of the most modern and most economically operated power plants in any American university is now under construction. Finally, the need of men's residence halls is not being overlooked by the Trustees. State funds are not at hand to provide these facilities, sorely needed at Illinois, but means for erecting at least one unit may be found.

All the above are merely physical. It remains for the Student Body and Faculty to translate them into the educational and spiritual values for which the University strives. Illinois has always exemplified sound educational policies and the high ideal of service to one's fellow men. The Student Body are to be congratulated upon their earnest, wholesome viewpoint and their appreciation of the opportunities afforded them by the people of Illinois.

The College of Engineering was formally organized in 1870. The first class, which graduated in 1872, contained six members from the College of Engineering. The undergraduate enrollment in the College has grown to a total of approximately 1800 this year.

The curricula in Engineering are designed to give a thorough training in the mathematical and physical sciences and their application to the design, construction, and operation of engineering and industrial works. A moderate amount of specialization is provided through options, or special arrangement of courses, in the senior year.

The Engineering Experiment Station, the first in any engineering college in the United States, was organized in 1903. Under its auspices important researches have been carried on in many fields of engineering. The results of the investigations have been published in about 360 bulletins and circulars.

DEAN MELVIN LORENIUS ENGER

Melvin Lorenius Enger, Professor of Mechanics and Hydraulics, since 1934 Dean of the College of Engineering and Director of the Engineering Experiment Station, was born May 5, 1881, in Decorah, Iowa. He attended the University of Minnesota and the University of Illinois where he received the Bachelor of Science degree in Civil Engineering in 1906 and later the C.E. and M.S. degrees. He came to the University in September, 1907, as instructor in Theoretical and Applied Mechanics and has served on the faculty since that time. From 1926 to 1934 he was Head of the Department of Theoretical and Applied Mechanics. Dean Enger is an honorary member of Triangle and is a member of many engineering societies and honorary fraternities.
The College of Liberal Arts and Sciences

The College of Liberal Arts and Sciences, the largest college in the University, offers instruction in the humanities, the social sciences, and the natural sciences, leading to the degrees of bachelor of arts, bachelor of science, bachelor of science in chemistry and chemical engineering and in home economics. In addition, it offers the necessary work preparatory to medicine, law, journalism, and education.

Its courses are sufficiently flexible to meet the varying needs of its large student body. The general curriculum is designed for those who seek a broad general education. The professional curricula are designed to lay the foundations for those students who wish to specialize for professional careers.

The usefulness of the College has been enlarged by the creation in 1937 of a Personnel Bureau which affords the opportunity for personal counseling along the lines of educational, scholastic, and vocational guidance.

DEAN MATTHEW THOMPSON McCLURE

Matthew Thompson McClure, Dean of the College of Liberal Arts and Sciences, was born at Spottsford, Virginia, April 27, 1883. A Bachelor's degree was awarded him at Washington and Lee University in 1904, where he did his undergraduate work, a Master's degree at the University of Virginia in 1907, and a Doctor's degree at Columbia in 1912.

Before coming to Illinois, Mr. McClure was an instructor in Philosophy at Columbia and from 1915 to 1921 a professor of Philosophy at Tulane. He began his career at Illinois in 1921 as Associate Professor in Philosophy. In 1922 he became Professor of Philosophy and in 1926 he was appointed head of that department. The deanship was awarded him in 1934 after serving a year as Acting Dean of the College of Liberal Arts and Sciences. Dean McClure is a member of Theta Delta Chi, Phi Beta Kappa, Phi Kappa Phi, Phi Eta Sigma, Delta Sigma Rho, The American Philosophical Association, and other honorary organizations.
The chief concern of this college is to provide for its students a thorough-going undergraduate education in theoretical and applied economics. To that end the college requires work in certain fields of knowledge and encourages work in other fields. This it does with the expectation that its graduates will go out prepared to live, as well as to make a living. What we have in mind is to offer young men and women opportunities to combine general education with specific training along lines both broad and fundamental.

A student in this college has choices not only in fields of concentration but also in particular areas of these fields. His program of study admits of considerable adaptation to individual needs to be discovered with the assistance of the members of the faculty. Such a plan offers students an opportunity to acquire a general education with a purpose.

DEAN CHARLES MANFRED THOMPSON

Charles Manfred Thompson, '09, Dean of the College of Commerce and Business Administration, is an alumnus of the University of Illinois: A.B., '09; A.M., '10; Ph.D., '13. His work in this department dates from 1912, when he was appointed Assistant in Economics. In 1919 he became Professor of Economics and Dean of the College. With the establishment of the Bureau of Business Research in 1921, Dean Thompson was made Director. He holds two honorary degrees: LL.D., from Muskingum College, and D.Litt. from McKendree College. His fraternities are Delta Chi, Phi Beta Kappa, and Beta Gamma Sigma. The Dean is best known as a lecturer and a writer on subjects dealing with Economics and Economic History. Under his direction the University has built up a Business Records Library comprising several million items.
The College of Agriculture

Through its many varied courses and its research and extension branches, the College of Agriculture seeks to promote a higher level of rural living, to improve quality of food and fiber products for the consumer, and advance the welfare of agriculture and its many allied industries. From a humble beginning on March 2, 1868, the college has grown through service and usefulness until today it touches every farm and home in the state and contributes to countless industries.

The college has a staff of more than 300 men and women and an enrollment of about 1,600 students in 78 courses which offer training in all branches of agricultural and homemaking science. Numerous leaders in farming, homemaking, teaching, and research are listed among the college’s graduates. Facts for teaching and for its extension work are developed in the research and investigational work of the Experiment Station. Through the Extension Service all farmers, homemakers, and consumers of the state have ready access to the findings of the Agricultural Experiment Station and teachings of the college.

DEAN HENRY PERLY RUSK

Henry Perly Rusk, Dean of the College of Agriculture, was born on a farm near Rantoul, Illinois, July 19, 1884. He was graduated from Valparaiso University, Valparaiso, Indiana, in 1904. He then studied at the University of Missouri, receiving his bachelor of science degree in 1908 and his master of science award in 1911.

After two years’ service in Missouri and Indiana, he came to the University of Illinois in 1910 as associate in beef cattle husbandry. After a number of advancements, he was made head of the department on September 1, 1922. Seventeen years later he became the fourth Dean of the College of Agriculture, Director of the Extension Service in Agriculture and Home Economics, and Director of the Agricultural Experiment Station. He is widely known as a stockman and is a member of the American Society of Animal Production, Sigma Xi, Alpha Zeta, Gamma Sigma Delta, Alpha Gamma Rho, Farm House, and Rotary International.
The College of Education has the direct responsibility, through research, teaching, and supervision, of contributing to the preparation and the guidance of the personnel on whom the wise conduct of the school system of Illinois depends. Education is the largest single enterprise carried on in the state. Public education alone deals with nearly 2,000,000 children of school age, involves a staff of more than 46,000 teachers, utilizes school property which has cost more than $1,000,000,000, and requires an annual expenditure of almost $150,000,000.

The College of Education had its origin in 1893 in the influence of Charles de Garmo, Professor of Psychology. In 1900 a Department of Education was set up which became, in 1907, the School of Education and later, in 1918, received its present title, the College of Education. At the same time, the Bureau of Educational Research was established.

DEAN THOMAS ELIOT BENNER

Thomas Eliot Benner, Dean of the College of Education, was born in Danvers, Massachusetts, February 11, 1894. He graduated from Harvard in 1914 (A.B.) and received graduate degrees from the same university in 1916 (A.M.), 1923 (Ed.M.), 1924 (Ed.D.). His professional experience has included teaching in Maryland and Maine, public school administration in Massachusetts, service as statistician and editor with the Alabama State Department of Education, the acting deanship of the College of Education of the Alabama Polytechnic Institute, the chancellorship of the University of Puerto Rico, and a visiting professorship at Columbia University. Since 1931 he has been Dean of the College of Education at the University of Illinois. He served as a member of a commission to investigate vocational education in Illinois, as Chairman of the Advisory Committee to the Educational Commission of the state legislature in 1935, and as a member of the commission named by President Roosevelt to report on Puerto Rico as a center of inter-American education in 1939. He is a member of Phi Delta Kappa and Kappa Delta Pi and holds office in several national professional organizations.
The College of Law

With the increasing complexity of modern life, and with the multiplication of governmental functions and the inevitable impingement of the rights of one upon the rights of another, the legal expert becomes ever more important. The primary purpose of the College of Law is to train practicing lawyers. But if they are to meet their responsibilities adequately, lawyers must be versed in more than legal rules. Beyond the teaching of law, this College conceives it to be its responsibility to indicate the place of the law in the social structure and to point out how law may become a medium through which needed changes may be accomplished.

This program of legal education accepts as one of its tenets that it is the obligation of a law school to educate a superior type of lawyer. Ever since its establishment, this College has constantly endeavored to advance its standards toward the goal of the improvement of the caliber of its graduates. This principle has brought to the College a growing professional prestige and a mounting esprit de corps among its students and graduates.

DEAN ALBERT JAMES HARNO

Albert James Harno, Dean of the College of Law, was born January 30, 1889, in Holabird, South Dakota. After his graduation from Dakota Wesleyan University in 1911, he went to Yale, where he received the degree of Bachelor of Laws, magna cum laude, in 1914.

He practiced law in Los Angeles until 1917, when he went to Topeka, Kansas, to become the Dean of Washburn College of Law. Two years later he went to the University of Kansas, where he served as Professor of Law. He came to the University of Illinois in 1921 on an appointment as Professor of Law. He was made Dean of the College in 1922. Since 1931 he has also served as Provost of the University.

He is a member from Illinois of the National Conference of Commissioners on Uniform State Laws, Vice-President of the Illinois State Bar Association, and member of the State Board of Unemployment Compensation. He is a fellow of the American Academy of Arts and Sciences, and a member of Phi Beta Kappa, the Order of the Coif, and Phi Kappa Phi.
The College of Fine and Applied Arts

Composed of the School of Music and the Departments of Architecture, Art, and Landscape Architecture, the College of Fine and Applied Arts offers instruction in twelve curricula covering various phases of the Fine Arts and enrolls annually seven hundred professional students together with about one thousand others from the various colleges of the University who pursue courses in some phase of the arts.

Instruction in the Fine Arts has long been provided by the University but it was not until 1931 that the above named departments were placed in the same administrative unit of the institution. In 1934 the Bureau of Community Planning was added. The office, galleries, museums, studios, and classrooms of the College are located in Smith Memorial Hall, the Architecture Building, and the New Agriculture Building, with added facilities in Lincoln Hall, the Commerce Building, the Surveying Building, Engineering Hall, and Mumford House.

DEAN REXFORD NEWCOMB

Rexford Newcomb, Dean of the College of Fine and Applied Arts, received his training at the Universities of Kansas, Illinois, and Southern California. His academic studies have been supplemented by wide travel in Europe and the Orient.

Before coming to the Illinois faculty in 1918, Dean Newcomb was for five years Director of the Department of Fine and Applied Arts at Long Beach Polytechnic (California) and for four years Director of Adult Education and Principal of The Long Beach Evening High School. He served also on the faculties of the University of Southern California and the Agricultural and Mechanical College of Texas, at the latter institution as Professor of Architecture and College Architect.

Dean Newcomb was for ten years editor of the Western Architect, Chicago, has served as technical consultant in various connections, has lectured widely on the Fine Arts, and is the author of fourteen volumes and several hundred magazine articles in his field. He is a member of Phi Beta Kappa, Sigma Xi, Phi Kappa Phi, and various other honorary and professional organizations.
The principal aim of graduate study is the development of the power and the promotion of the spirit of investigation. The student who pursues an extended course is expected to obtain a wide knowledge of his subject and of related fields of investigation, and also to acquire and begin to use the power of extending the range of what is known.

Scholarships and fellowships, established by the University Board of Trustees, are open to graduate students of exceptional ability and promise. Funds are available from several special sources for the support of additional fellowships, the purpose of which is to promote higher education and to contribute to the extension and diffusion of knowledge. Several important individual research programs are encouraged and helped forward by the aid of resources which have been made available through the Graduate School and the Research Board. Some of these are of very great value in the social process.

DEAN ROBERT DANIEL CARMICHAEL

Robert Daniel Carmichael, Dean of the Graduate School, was born in Goodwater, Alabama, March 1, 1879. He was awarded his Bachelor's degree at Lineville College in 1898, and his Doctor of Philosophy degree at Princeton University in 1911. After coming to the University of Illinois in 1915 as Assistant Professor of Mathematics, he became Associate Professor in 1920. From 1929 to 1934 he was head of the Department of Mathematics. In 1931 he was appointed acting Dean of the Graduate School, and a year later he became Dean. He has published several hundred articles on mathematical, philosophical, and scientific subjects, and is the author of several volumes on these subjects. Some of his works have been re-published in French translations.
The University Library, through the General Library and its branches, provides books needed by students for class reports, theses, and general reading, and books and journals needed by the faculty in their research. The Browsing Room, for voluntary general reading, is popular with the under-graduates. The library bookstacks contain more than one million volumes, a collection increasing at the rate of more than 30,000 books a year. About one mile of book shelves is required to hold 30,000 volumes.

The Library School is a professional school for the training of librarians, and admits only college graduates since a librarian's first need is a thorough general education. The instruction in the first year in the Library School covers methods and practices commonly followed in American libraries; students who complete this year of work are prepared for positions in libraries. In the second year, bibliographical, historical, and comparative studies are emphasized. Alumni of the School are working in libraries in every state and in some foreign countries, and have established an annual scholarship awarded to a student in the School.

Phineas Lawrence Windsor, Director of the University Library and the Library School, was born February 21, 1871, at Chenoa, Illinois. In 1895 he was graduated from Northwestern University and shortly afterward studied two years at the New York State Library School in Albany. In 1899, he began his professional work as assistant in the New York State Library, going to the copyright office of the Library of Congress in 1900. In 1903, Mr. Windsor accepted the position of Librarian at the University of Texas, remaining there until 1909, when he came to the University of Illinois to assume his present position. A life member of the American Library Association, he has served three terms on the Council of that organization, has twice been president of the Illinois Library Association, and also twice president of the Association of American Library Schools.
The School of Journalism

The School of Journalism has just been assigned to new quarters in Gregory Hall, quarters especially designed to give the students the finest advantages in their training and study. Appointments and facilities mark an advance over anything previously developed in the housing of a professional School of Journalism. Laboratories, class rooms, and work rooms are grouped about the Journalism Library, a basis for careful checking of all work in all courses; the auditorium has special observation room facilities for the training of students in accurate observation, recording, and retelling of staged news events; the printing and publishing laboratory, equipped to handle the School's laboratory newspaper, adjoins a special city room laboratory, a dark room for press photography, and a demonstration room for engraving, enlarging, and offset processes. Gregory Hall is ideally located to house the School of Journalism, as it is close to the main library, close to classes in economics, political science, history, literature, and psychology, and close to the center of student life.

DIRECTOR LAWRENCE WILLIAM MURPHY

Lawrence William Murphy, Director of the School of Journalism of the University of Illinois, was born in Madison, Wisconsin, October 18, 1895. He was graduated from the University of Wisconsin in 1921 and later did graduate work there, at the University of North Dakota, and at the University of Illinois. Prior to becoming a teacher of journalism, Director Murphy engaged in newspaper work with various dailies and press associations. He came to the University of Illinois as assistant professor of journalism in 1924 and a year later was named Director of the Courses in Journalism. In 1937, when the School of Journalism was established, he was appointed Director of the School. Dr. Murphy is chairman of the National Council on Education for Journalism and is past president of the American Association of Schools and Departments of Journalism and the American Association of Teachers of Journalism.
The School of Physical Education

The School of Physical Education, established in the fall of 1932, includes three departments: Physical Education for Men, Physical Education for Women, and Health Service.

The Department of Physical Education for Men conducts the service courses (required of all students), conducts a professional training curriculum for students majoring in this field, and promotes a program of recreational sports for men.

The Department of Physical Education for Women conducts the service courses in physical education, a professional training curriculum for students majoring in this subject, a program in intramural sports, and a program in faculty recreation for women.

The Department of Health Service gives health examinations to all students, confers with students about health problems, cooperates with the State Board of Health in controlling contagious diseases, regulates sanitary conditions on and about the campus, and conducts courses in sanitation and hygiene for both men and women.

DEAN SEWARD CHARLE STALEY

Seward Charlie Staley, Director of the School of Physical Education, was born in Spearks, New York, on August 1, 1893. He secured a Bachelor's degree in Physical Education at Springfield College in 1917, a Master's degree in Hygiene at Clark University in 1920, and a Doctor's degree in Education at the University of Illinois in 1929. Professor Staley served as an athletic director in the Army during 1917 and 1918. In 1920 and 1921 he served as Director of Athletics for the Greek Army in Asia Minor. He joined the staff of the Department of Physical Education at the University of Illinois in 1922, and was made Director of the School of Physical Education in 1937. He is the author of ten books and many articles in the field of physical education. Squash rackets and hiking are his chief sports; collecting books on the history of sport is his chief hobby.
The purpose of the College of Dentistry is to offer professional training to as many qualified students as it is equipped to serve. Because of present limitations in equipment, the College was obliged to establish admission on a basis of scholastic records. Pertinent criticism of such a basis of selection is that it affords no measure of the student's ability to develop judgment, to co-ordinate biological considerations with clinical practice, or to maintain the attitude of curiosity and open-mindedness essential to the best practice of dentistry. Only if the dentist is able to understand the relation between oral and systemic health and disease and practice with this concept governing him in diagnosis and treatment, is he a professional man. Modern dental education recognizes its obligation to assist students in gaining this point of view.

Development of the College of Dentistry as an integral part of the University Health Service and the Research Hospital will contribute to the growth of the interest and the ability of dental students in the most desirable directions.

DEAN FREDERICK BOGUE NOYES

Frederick Bogue Noyes, Dean of the College of Dentistry, was born in Chicago on August 22, 1872. After graduating from Beloit Academy in 1889, he attended Johns Hopkins University where he received the degree of Bachelor of Arts in 1893, and Northwestern University where he obtained the degree of Doctor of Dental Surgery, in 1895. At that time he began practicing dentistry in Chicago. Continuing his studies he received the diploma of the Angle School of Orthodontia in 1908, and since then has limited his practice to orthodontia. Northwestern first claimed his services from 1896 to 1913 as professor of Histology. Leaving there he came to the University of Illinois College of Dentistry as Professor of Dental Histology and Orthodontia. He has continued as Professor of Orthodontia since 1921 and succeeded to the Deanship of the College in 1926.

The honorary degree of Doctor of Science was conferred on Dean Noyes in 1922 by Northwestern University; that of Doctor of Laws in 1938 by Temple University. He has also been awarded the following medals for distinguished accomplishment: Callahan Medal, Jarvey Medal.
The College of Medicine opened in 1881 as a proprietary medical school known as "The College of Physicians and Surgeons of Chicago." It first became affiliated with the University of Illinois in 1897, and in 1913 all of its property was transferred to the University.

In two years the University placed all the laboratory branches of the school on a university basis. In 1920 the General Assembly appropriated $1,000,000 to the Department of Public Welfare and $300,000 to the University of Illinois for the specific purpose of constructing research and educational hospitals in Chicago. A plan of joint cooperation was immediately drawn up whereby the Administration of the Hospitals was to be handled by the Department of Public Welfare, while the professional teaching and research work was to be turned over to the University medical staff.

Since the time of its organization, the entrance requirements have steadily been raised. Beginning with the autumn of 1938, three years of college work with high grades are essential for consideration.

DEAN DAVID JOHN DAVIS

David John Davis, Dean of the College of Medicine, spent many years in study and research before coming to Illinois. He was born in Racine, Wisconsin, on August 10, 1875, and studied first at the Racine Academy. From the University of Wisconsin he received his Bachelor of Science Degree in 1898 and his M.D. degree from Rush Medical College in 1904. In Europe he continued his studies at Vienna and Freiberg, and then returned to the United States to carry out his research work in Chicago at the McCormick Institute for Infectious Diseases. Before coming to Illinois he served as pathologist at St. Luke's Hospital in Chicago. In 1913 he came to the College of Medicine as Professor of Pathology and Bacteriology. He has written several treatises on Bacteriology and is the author of numerous other medical papers. He began serving as Acting Dean in April, 1925, and succeeded to the Deanship in September, 1925.
The College of Pharmacy

The College of Pharmacy is the oldest unit of the University, antedating the organization of the University itself. It was founded in 1859 by a group of Chicago pharmacists as the Chicago College of Pharmacy, being the first institution for the education of pharmacists west of the Allegheny Mountains. Its first class was graduated in 1861. It became a part of the University of Illinois in 1896. The buildings on Wood Street just south of Flournoy were purchased for the College in 1915 and added to by a fine new unit in 1926. The College now stands, and always has stood, for the highest ideals in education and professional ethics. From its modest beginning it has developed its curriculum to the present four years of University work leading to a degree of B.S. in Pharmacy. It ranks as third in attendance of all the colleges of the United States, and is fully equipped in every way to carry out its function of service to pharmacy and the people of the State of Illinois.

DEAN ALBERT HENRY CLARK

Albert Henry Clark was born in Marengo, Illinois, October 15, 1871. He has been a teacher of chemistry in the College of Pharmacy since 1905, holding the various ranks of assistant, up to Professor and Head of the Chemistry Department and now Acting Dean. He has been engaged in numerous scientific activities, mainly the American Pharmaceutical Association and the American Chemical Society. He has contributed about seventy-five papers on various scientific researches and other subjects relating to Pharmacy and Pharmaceutical Education. He has been, among other things, President of the American Conference of Pharmaceutical Faculties, a member of the United States Pharmacopoeia Revision Committee, etc., also of Sigma Xi, Rho Chi, and other pharmaceutical fraternities.

In addition to his pharmaceutical degree received from the University of Illinois, Professor Clark has spent one year and several summers in study and has received his Bachelor's and Master's degrees from the University of Michigan.
The Division of University Extension

The Division of University Extension is the youngest of the academic branches of the University, being established in 1934. The primary responsibility of the Division is to make certain of the University's educational opportunities available to those who, for various reasons, cannot come to the campus to study in residence. For this purpose University courses are conducted by correspondence, and late afternoon, evening and Saturday classes are held in various parts of the State. In addition to extending beyond the boundaries of the campus the opportunity to study college courses, the Division offers many services to the people of the State. Among these are the Visual Aids Service, which operates a library of motion picture films; the Speech Aids Service, which fosters training in public speaking and dramatics; and conducts a Speakers Bureau that assists adult civic education through an advisory service to community forums; and a Science Aids Service, which makes available to schools some of the newer materials in the science fields.

Robert Bell Browne, Director of University Extension, was born in Oshkosh, Wisconsin, on July 15, 1894. After attending the Southern Illinois State Teachers College he entered the University of Illinois. Because his education was interrupted by his serving in the United States Army, he did not complete his graduation until the summer of 1922. After serving nine years as a high school principal and city school superintendent, he returned to the University of Illinois in 1929 to become an instructor in Education. His advanced degrees of Master of Science and Doctor of Philosophy were conferred by this University. At the time of the inauguration of the Division of University Extension he was appointed its first director. He has been in charge of the Division since that time.
Administrative Officers

Executive Dean of the Chicago Colleges

RAYMOND B. ALLEN

The office of Executive Dean of the Chicago Colleges was created this year on the recommendation of the President by the Board of Trustees. This action resulted from a study of the activities of the three professional colleges, Medicine, Dentistry, and Pharmacy on the Chicago campus and represents an effort to centralize certain administrative functions in the interest of efficiency and coordination of education and research. The Executive Dean is a direct representative of the President of the University and through this office it is hoped that closer relationships between the Chicago and the Urbana Departments will develop.

Raymond B. Allen, Executive Dean of the Chicago Colleges, was born in Cariby, North Dakota, on August 7, 1902. He attended the University of Minnesota where he received the degrees of Bachelor of Science in 1924, Master of Arts in 1925, and Doctor of Medicine in 1928. He was an assistant in Anatomy at the University of Minnesota from 1924 to 1927 and a fellow on the Mayo Foundation from 1936 to 1938. On the basis of his work in the graduate Faculties of the University of Minnesota and the Mayo Foundation the degree of Doctor of Philosophy was granted in 1934. From 1933 to 1936 he was Associate Dean in charge of graduate studies at the College of Physicians and Surgeons, Columbia University, and Associate Director of the New York Postgraduate Medical School and Hospital, Columbia University. He served as Dean of Wayne University College of Medicine from May, 1936, to September, 1939, when he took up his duties as Executive Dean of the Chicago Colleges.
Office of the Dean of Women

The Dean of Women's office is busy from eight to nine hours daily with student interests. Questions pertaining to all phases of student life are handled there. Besides the Dean of Women there are two Assistant Deans, Miss Irene Pierson and Miss Elizabeth Connelly, on the staff.

Daily counseling with students and parents on personal and group matters is of first importance to the Dean of Women. The office strives to secure for each student balanced programs between her scholastic work, social life and activities, and recreation. Especially is this true for students who work for part or all of their living expenses.

Financial aid through loans is available to all students who need help in finishing the year's work.

The three thousand women students are sure to find help and advice in the Dean of Women's office at all times, as is evident from the many students and out-of-town visitors who daily frequent there.

Group life as well as individual life is encouraged to cultural standards through fine chaperonage of the college homes. Each home has a mature woman in charge and is expected to keep social and cultural standards outlined by the University.

The purpose of the office is to stabilize individual and group life of students socially and culturally, and to encourage increasingly higher standards of daily living through the incentive of study and things intellectual.

Dean Maria Leonard was born in Indianapolis, Indiana, and received her high school education there. After graduation from Butler College, she continued her graduate work in Colorado College from which she received her Master of Arts degree. She accepted the position as Dean of Women and Professor of Mathematics at Idaho State Normal in Albion, Idaho. She left Idaho to become Dean of Women and Professor of Mathematics at Coe College in Cedar Rapids, Iowa. Recently she received a Litt.D., from that institution. Since 1921 she has served as Dean of Women at the University of Illinois. In 1924 Dean Leonard founded the national scholastic honorary for freshman women, Alpha Lambda Delta.
Office of the Dean of Men

The University statutes states that the duties of the Dean of Men shall be "advisory" and that the functions "shall include personnel work, vocational direction, and guidance involving intellectual, emotional, and social adjustments." The major duty of the staff members of the office is counseling with individual students in regard to their personal problems, particularly those outside of the academic field. Some of the other duties include work with student employment, housing, extracurricular activities, loans, scholarships, social events, fraternities, and organization and group activities.

The staff members are available to students at all times, and are Gerald W. Peck, Assistant Dean of Men in Charge of Student Employment, 236 Student Center; V. James Hampton, Assistant Dean of Men in Charge of Student Organization Finances; Golden A. McConnell, Assistant Dean of Men in Charge of Freshmen and Foreign Students; and Fred H. Turner, Dean of Men, whose offices are at 152 Administration Building.

DEAN FRED H. TURNER

The Dean of Men, Fred Harold Turner, was born in Hume, Illinois, on March 22, 1900. He was made assistant to Thomas Ayke Clark, Dean of Men, after graduating from the University of Illinois in 1922. In 1931 he received the degree of Doctor of Philosophy in Education. His thesis may be found in the library, as it is considered one of the most authoritative accounts ever made of the Illinois Industrial University. In 1932 he was awarded the full title of Dean of Men after serving as Acting Dean in the preceding year. In recent years several of his surveys of student life at the University have appeared in current magazines. Dean Turner is greatly interested in student organizations on the campus, and is a member of the Illini Board of Control. He is Secretary of the National Association of Deans and Advisers of Men, and Educational Adviser to the National Interfraternity Conference.

ATHLETIC ADMINISTRATION
Director's Message

An Informal Meeting in Athletic Administration

Athletics in the Big Ten Conference are generally looked up to by this sport loving nation as the finest type of athletic programs in the country. The University of Illinois, through George Huff, Carl Lundgren, Robert Zuppke, Harry Gill, Justa Lindgren, and other great characters and personalities, has been a leading and stabilizing force in the development of this respect for the program of the Western Intercollegiate Conference. The University of Illinois alumni, students, and faculty have cherished the cleanliness and high calibre of Illinois athletics. When the present graduating class enter the great body of Illinois alumni, the Athletic Association bespeaks of you that your loyalty and active interest will play a great part in our athletic program and that this interest will be towards the goal of maintaining and improving our present high standards.

The rules of the Big Ten Conference are outlined with the thought of the welfare of the athletes and of the University foremost. As a member institution of the conference, we want to abide by all of those rules, both the letter and the spirit. It is earnestly urged that all who will become active in athletic affairs, and we trust this will be many, will become acquainted with these rules and aid in the conformance thereto.

May the University of Illinois Code of Sportsmanship not be forgotten!

William Lenich

Bill Lenich, named the most valuable player on the 1939 University of Illinois football team, was a well-balanced player. Bill, playing at center, did much to boost the morale of the team. He was especially valuable as a blocker and excelled in defensive play. Bill was active in every game; he was never known to give up until the last minute had been played.

Lenich began his football career at Joliet High School, and continued it at Illinois as a promising center during his first three years. This year coaches and players alike recognized Lenich as one of the outstanding centers in the conference. Although Bill was injured early in the season, he played consistent ball and will be remembered for his remarkable service in the Michigan-Illinois game.

Archie J. Deutschman

Archie J. Deutschman received the Conference Medal in 1939. This bronze medal is presented each year to the athlete who has been outstanding both in varsity sports and in scholarship. A letterman for three years and captain of the wrestling team his last year, Deutschman went through his entire senior year undefeated, winning both the Big Ten and the National Collegiate championships in the 136 pound class, making 1939 the second year he has won the Big Ten title.

In addition to wrestling, Deutschman was secretary of the Tribe of Illini, a member of Sachem, and a member of Tomahawk. He majored in chemistry and is now studying on a fellowship at Lawrence College.

Cheerleaders

As their main objective this year, the cheerleaders simplified their tumbling stunts in order to coordinate the tumbling and cheers as much as possible and thus produce a unison effect.

Joe Zarish, captain of cheerleaders for most of the year, and Henry Holquist, Dick Buckles, Herb Fisher, and Jim Blair, his assistants, led the cheering. Bob Gruenberg later served as captain for the first part of the basketball season. The head cheerleader is a member of Kia-Kana, the official University greeting committee, which greeted all visiting teams and acted as their hosts.

The Block I was abandoned this year because past experience proved that it was impossible to fill the block completely. From the actions of the students this year, it is believed that better effects have been obtained by discontinuing the Block I.

In the future, the band will compose a cheering body and sing between halves as was done this year. The cheerleaders will continue to bring Illini spirit to the surface at every opportunity throughout the year.

FOOTBALL
The achievements of the 1939 varsity were remarkable in the full sense of the word.

The team had a lowly start by scoring only one first down in the first half against the freshmen, was unable to provide a scoring punch although overwhelming Bradley in yardage, and was defeated at Los Angeles in nearly 100 degrees on the playing field.

But the boys came home with their heads up to lose a 7-6 game to Indiana and to lose to Northwestern, two games they thought they might well have won. In defeat they gathered respect for themselves and kept on working conscientiously.

The victory over Michigan is history. Our team defeated Wisconsin, who had rested two weeks, but its powerhouse helped to soften us for Ohio State.

The greatest tribute is that the team never lost heart. It taught the lesson that you should always "stay in there," regardless of obstacles and odds. It made the most of its ability. There is no greater praise.

Illinois 0 Southern California 26

Illinois, outclassed but not outfought, went down before a powerful Southern California eleven, 26-0. The Trojans were at their best, with good protection on passing, good blocking, and a backfield of top ball-carriers. The Trojans were kept at bay the first quarter by Ehni's consistent punting, Rettinger's interception of a Southern California pass, and a fine defense by Brewer, Reeder, Turek, and Hathaway.

In the second period, however, the powerful thrusts of Southern California earned them a score. Nave made a first down on the Illinois 23 yard line, and then passed to Krueger on the 12 yard marker. Nave again took the ball and scored the first touchdown of the game by fighting his way through the Illinois line. The charging Illini blocked the try for point. Just before the half ended, Schindler threw a scare into the Illinois fans when he faded back to pass and then dashed to the Illini 3 yard line.

Landsdell sparked the Trojan attack in the third quarter when he passed to Robertson who ran to the Illini 19 yard line before Miller ran him out of bounds. Landsdell then took the ball wide around end to cross the goal standing up. In a later drive, Landsdell worked the ball to the 3 yard line, to let Schindler plunge over for a third score.

Schindler's sensational 66 yard run came in the fourth quarter, when, taking Ehni's punt on his own 34 yard line, he dodged through the entire Illinois team for a touchdown.

Illinois began a weak offensive when Smith passed to Milosevich for a first down, but the Trojans intercepted a later pass.
The Illinois fans expected to see the Illini continue the record of not losing to the Hoosiers on the local gridiron for forty years by snapping out of a losing streak to defeat the invaders. When the smoke of the battle cleared away, however, Indiana led the Illini by the slim, but important, margin of one point.

The Illini stormed deep into Hoosier territory early in the first quarter as Kirschke, Purvis, Elting, and Rettinger started clicking in the backfield. Bob O'Neill carried the ball to the Indiana 3 yard line on a pass from Purvis, but Indiana tightened, losing only two yards in three attacks. On the fourth down, Kirschke drove through the Indiana squad, and the official ruling put the ball only four inches from the goal. Indiana punted out of danger on regaining the ball.

Indiana scored in the last 22 seconds of the first half when a pass from Hursh to Rucinski was completed, Rucinski struggling over the goal with several Illini tacklers hanging on. The try for point after touchdown was successful, and Indiana went into the lead 7-0.

In the third quarter, a bad pass from center went wild when the Hoosiers were attempting to punt. Anders rushed Hursh, the punter, out of the way and Hathaway recovered the ball.

Don Elting repeated his action of last year's game by scoring Illinois' first touchdown. On a wide double reverse late in the third quarter, Rettinger and Smith drew the Hoosiers far to the right, and then gave the ball to Elting on his reverse to the left. Duane Fultz, tackle, was rushed into the game to kick the point, but the ball went wide and low.
The first half of Northwestern's homecoming game was a punting and passing duel in which the Illini continually threatened the Wildcat goal. But, in the third quarter, Soper broke away to outspeed the Illini on a 74 yard jaunt to a touchdown, and in the fourth quarter an intercepted pass netted the Wildcats another goal.

Illinois opened the second half with a pass from Purvis on the Wildcat 47 yard line to Elting who scampered across the goal standing up, but the play was called back because he had stepped out of bounds on the 30 yard line.

The Illini passing, which had been a continual threat in the first half proved to give Northwestern all its scoring opportunity in the second half. Richards intercepted Purvis' pass on his own 26 yard line. Soper broke through his left line to outdistance the Illini tacklers on a spectacular 74 yard run to score the first touchdown of the game. Clawson converted the extra point to make the score 7-0. In the fourth quarter, DeCorrevont punted to the Illinois 4 yard line, where the Illini attempted a surprise pass only to have it intercepted on their own 29 yard marker. DeCorrevont passed to Grefe who was finally run out of bounds on the 3 yard line. After a try by DeCorrevont, Clawson scored in a line plunge for the second score.

The Illini made a desperate comeback, with Purvis completing pass after pass to Astroth and Rettinger, and worked the ball to the 29 yard line. Purvis passed to Milosevich, who fell over the goal, but the pass was ruled incomplete on a technicality.
In a football game that was voted the outstanding upset in the sports world of 1939, Illinois stopped the highly rated Michigan eleven, 16-7. Instead of a running exhibition by Tom Harmon, as had been visioned before the game, a homecoming crowd of 31,000 saw the inspired Illini outplay their formidable opponent in a contest full of thrills.

Early in the first quarter, O'Neill recovered Trosko's fumble on Michigan's 18 yard line. After two line smash plays gained but 3 yards, Brewer attempted a field goal, but it was wide. Later in the quarter, he attempted two more field goals, the latter being good for 3 points.

The aroused Wolverines, paced by Harmon, swept the ball to the Illinois 28 yard line, but an intercepted pass by Rettinger stopped their advance. Several plays later Strong passed to Harmon who romped 41 yards for a touchdown. Strong carried the ball around end for the extra point to place Michigan ahead, 7-3. With only 45 seconds remaining in the first half, Illinois pulled a sleeper play that caught Michigan flatfooted. Smith passed to Rettinger who galloped 40 yards for the touchdown.

In the third quarter, Anders recovered Roger's fumble on the Michigan 34 yard line. Elting crashed through the line for 14 yards, and then, on a snappy double reverse play, he carried the ball to the 12 yard line. Smith plunged off left tackle to the 3 yard line, and followed with a quick plunge over left tackle that carried him past the goal line. Brewer's place kick was perfect and Illinois led, 16-7. Michigan took to the air in a desperate attempt to score, but alert Illini repeatedly knocked down the passes.
Illinois 7 Wisconsin 0

On Dads Day, the fighting Illini scored its second victory of the year by defeating a Wisconsin eleven that experienced ill luck throughout the season by the score of 7-0. Eighteen thousand spectators saw Jimmy Smith fade back to pass, but unable to find a receiver, he ran toward the west sidelines. Twice he evaded groups of Badger tacklers with some beautiful twisting and sidestepping, and then he broke into the clear at the Illinois 30 yard line and crossed the goal line 25 yards ahead of his nearest pursuer. The play was so close that some of the Wisconsin men evidently thought Smith had run out of bounds, for they failed to give chase. Captain Mel Brewer converted the extra point.

Throughout the first period and up to the closing minutes of the second period, both teams seesawed up and down the field with the Badgers leading in the offensive. With less than 3 minutes left to play in the first half Smith made his touchdown run.

The third period saw very little activity, neither team being able to gain the advantage. In the last period, however, Wisconsin brought on its highly touted passing attack which almost ended in a Badger touchdown. A pass by Bob Peterson, reserve half, to John Loehrke gave Wisconsin a 20 yard gain to Illinois' 9 yard line. Another pass failed, and with the scoreboard reading a few seconds to go, Peterson finally connected with Gage, who caught the ball on the 3 yard marker. While 18,000 fans had heart failure, Rettinger came over fast from his secondary position and stopped him only a few inches from the goal line.

A gain for the Illini

Forty-six thousand spectators sat in the drizzling rain to watch a title-hungry Ohio State eleven defeat a hard-fighting Illinois team by the score of 21 to 0. Illinois made its first scoring threat in the first quarter when Tom Riggs recovered a fumble by Jim Strausbaugh. After taking the ball to the Ohio 3 yard line, the Illini lost the ball on downs.

The first score of the game came in the first four and one half minutes when Strausbaugh passed from the Illinois 27 yard line to Scott, who snagged the ball in the end zone. Scott kicked the extra point. Ohio State also made the second score of the game in the first period when Strausbaugh cut through the center of the line and raced for a touchdown. Scott again converted the extra point.

Although the Buckeye line outrushed Illinois consistently during the second period, the Illini made five first downs, three of them due to Purvis' fine passing. Illinois advanced the ball to Ohio's 20 yard marker, but an intercepted pass stopped the drive.

Ohio State carried on most of the offensive during the third period. Running plays predominated during this period and Ohio State capitalized on its power by driving down the field for a touchdown. Magg converted the extra point.

The last period opened up by Illinois recovering an Ohio fumble and rushing to the Buck's 30 yard line, but the Illini lost the ball on downs and were forced to kick. Illinois made its final drive by taking the ball on their own 39 yard line and worked it to the Ohio State 20, but the Illini were stopped, and the game ended with Ohio in possession of the ball.
Illinois closed its football season in grand style by defeating the badly beaten Chicago team, 46-0. At first the Maroons held the Illini surprisingly well, the first quarter ending without a score. However, Smith skirted around end for a touchdown after shaking off tackler after tackler on the first play of the second quarter. With this beginning, the Illini could almost score at will. Elting and Bennett worked the ball to the 3 yard line and Smith crashed over for the second score.

With this lead, Coach Zuppke began supplementing the first team with reserves. Elting scored another touchdown just before the half ended on a pass from Thistlewood. Elting booted the extra point on each of the three touchdowns to make the score 21-0 at the half.

In the third quarter, Miller, Bennett, and Smith worked the ball to Chicago's 7 yard line where Bennett plunged over to start the scoring again. In the third quarter, Chicago's only scoring opportunity presented itself. Johnny Davenport, the Maroon's speedy back, paced an effective offensive built around spinner plays to work the ball to the Illini 7 yard line, but Chicago lost the ball upon replacements of the regular squad.

After the Illini had made another touchdown, Miller intercepted a pass from the Chicago 8 yard line and sped over the goal standing up. In the last two minutes of play, Purvis returned a punt to Chicago's 46 yard line, and then passed to Bennett on the 6 yard line. Purvis passed to Campbell in the end zone for a last minute score, Campbell converting the extra point.
BASKETBALL
The Illinois basketball team earned a place beside the outstanding teams in our history, not only because of its record but because of its fine spirit and courage.

Its Big Ten record of seven won and five lost enabled Illinois to tie for fourth. The team started the race under a disadvantage when Captain Bill Hapac missed the Indiana game, and later when Bob Richmond and Bob O'Neill were lost at mid-semester.

Captain Hapac's achievements stamp him as one of Illinois' greatest players. A unanimous all-conference and all-western selection, he undoubtedly deserves a place on the all-American team. In addition to the Big Ten single game record of 34 points, he established new Illinois records of a three-year all-game total of 582 points, a single season total of 244 points, and a modern record of 387 points in three years of Big Ten competition.

The conference season was featured by a number of close games—probably the Northwestern game and the two Chicago games were the most exciting, being won on last-minute baskets by Hapac and Frank.

Besides Hapac two other three-letter winners, Colin Handlon and Joe Frank, will be lost through graduation.

Douglas R. Mills
Coach

William J. Hapac

Varsity Basketball

One of the most colorful teams in Illinois history opened the season by winning a double-header over Monmouth and Wabash by scores of 37-19 and 60-21, respectively. The new squad had a running start, and it seemed nothing could stop them as they successively beat Carleton, Princeton, Notre Dame, Drake, and Butler.

The squad probably would not have been stopped, 38-36, by Indiana in their Big Ten opener had not Captain Bill Hapac been in the hospital. "Hoot" Evers, who played his best game of the season that night, gave the Hoosiers plenty of trouble. It was Joe Frank's field goal in the last minute that beat the tall Chicago team, 34-33, in their next game.

The inconsistent playing of the team was shown when the Illini bowed to Ohio State, 37-31, and came back a couple of nights later to win over Michigan, 48-43.

A week later, when the Millsmen defeated Minnesota, 60-31, Bill Hapac took his place among the great basketball players of all time by setting a new Big Ten individual scoring record for one game. He made 34 points, 26 on field goals and 8 by free throws which, along with 10 each by Handlon and Evers, proved too much for the Gophers. It was his last minute basket which beat Northwestern 35-33 in their next game.

Although the Illini dropped the next game to Purdue, they played good ball most of the time.

and were victorious over Wisconsin, Michigan, and Chicago. In that thrill-packed game against the Maroons, Hapac threw the crowd into a frenzy when he waited at center-floor for a minute and a half, then sank a 40-footer in the last 8 seconds to win for the Illini, 42-40.

The high hopes of the Millsmen were crushed when a hot Iowa team piled up the season's highest score for one game to beat the Illini, 62-47. In their final game, led by Sachs who played his best game of the year, the Illini met the league-leading Purdue team. The loss of Wukovits, Sachs, Evers, Handlon, and finally Hapac on fouls, weakened their defense, and the Orange and Blue could not stop the Boilermakers, who rallied to a 34-31 win.

The squad won 7 games and lost 5 which gave them a fourth place tie in the 1940 Big Ten standings, but a championship team could not have provided more excitement. Hapac more than lived up to expectations.

The unusually good showing of Evers and Wukovits, sophomores, combined with the performance of Handlon, Drish, and Sachs made the season a successful one. The squad had to depend on reserves in more than one case, and Frank, Shapiro, Hocking, Cronk, and Townsend supplied this strength.

Hard-hitting, conscientious Johnny Drish was elected captain for the 1941 season.

TRACK
Illinois opened its outdoor season in 1939 with a dual meet with Michigan. Outstanding for the Illini in this meet were Bob Ashley, Dick Reising, and Captain Bob Diefenthaler. Later in this same meet, Ashley was hurt and was lost to his team mates for the rest of the season. Diefenthaler and Haviland continued their fine performances, and received invitations to the National Collegiate Meet, and participated with the Western Conference track team against the Pacific Coast team. McCown's loss during most of the outdoor season because of injury, deprived the teams of points in the 440 and mile relay.

After losing the first indoor meet to Minnesota, the Illini came back in the Illinois Relays with wins in the low hurdles, shuttle hurdle relay, and mile relay. The Illini came from behind in the mile relay, and through the great performances of Downs and Captain McCown won this event over Michigan and Notre Dame, the closest challengers.

Illinois a week later defeated Chicago 78-17, and followed this with a 57-33 victory over Ohio. The following week the Illini placed fourth in the Indoor Conference meet at Chicago.

In the opening meet of the outdoor track season of 1939, the Illini met Michigan, the champions of both indoor and outdoor track the previous year. The Illini fell before the powerful Wolverines, 38-88. The winners captured ten of the fourteen firsts. Captain Bill Watson was the star of the meet. He set new meet records in the shot-put, 54 feet, 1 3/4 inches, and in the discus-throw, 158 feet. The Illini firsts were won by Reising, Ashley, and Captain Diefenthaler. Reising won by two yards in the high hurdles and outran the Michigan man in the 220-yard lows. Ashley and Diefenthaler each won their event, the 100-yard and the high jump.

The following week the trackmen went to the Drake Relays. Captain Diefenthaler defended his high jump crown and made one of the best jumps of his career, 6 feet, 5 3/8 inches.

In the Purdue meet, Captain Diefenthaler topped the seventeen-year-old record held by Harold Osborn by a quarter of an inch. In the same meet Bill Hugill scored a victory in
Varsity Track

the 220-yard event, the only run which was lost by Purdue. Larry Stout scored Illini firsts in both pole vault, 11 feet, 11 inches, and in broad jump with a leap of 21 feet, 10 inches. Bill Haviland hurled the discus 146 feet, 8 inches to win. Jim Wollrab took first in javelin with 163 feet, 7 inches. The score in points in the Purdue meet was 66 2/3 for the Boilermakers and 59 1/3 for the Illini.

Down at the Cotton Carnival in Memphis, the Illinois showing was made by Bob Diefenthaler, who tied in the high jump with 6 feet, 4½ inches, and Bill Haviland, who won in discus, with a 159.9 feet hurl.

Ann Arbor was the scene of the Big Ten outdoor meet. The Illini took seventh place. Captain Diefenthaler easily captured the title in high jump, scoring five of the ten points received by the Illini.

Coach Johnson took Captain Bob Diefenthaler and Bill Haviland to the Pacific Coast Dual Track Meet at Berkeley, California. Both men took second places in their events. In the National Intercollegiate Track and Field Meet, also on the west coast, the Illini high jump star again came in second. Bill Haviland scored a fourth place in the discus.
Illinois opened its indoor track season by dropping a 47-39 decision to Minnesota's Gophers in a Conference meet at Minneapolis on February 10. The Illini were winners in only four events; Captain Wilmur McCown winning the 440-yard dash, Don Olsen winning the high hurdles, Jim Robinson and Gus Edwards tying for the high jump, and the team securing a victory in the relay on a forfeit by Minnesota.

Two weeks later, the Illini traveled to Chicago and administered a 78-17 lancing to the Maroons. Leo Johnson's cindermen won nine firsts and swept all three places in six events, marking up their first indoor victory. Park Brown and Don Olsen starred for Illinois by capturing two firsts apiece in the 880 and the mile, and the high and low hurdles, respectively. The Orange and Blue, came in first in all events but the pole vault and the 60-yard dash, and took all three places in the 440, the 70-yard high hurdles, the 880, the 70-yard low hurdles, the mile relay, and the broad jump.

On March 3, Ohio State came to the Armory and, in spite of losing 62-33 to Illinois, succeeded in bettering two meet
records. In the 440-yard dash, Captain Jack Sulzman of Ohio State squeezed by Captain McCown to set a new meet record of 49.3 seconds to tie the standing Armory record set by Ivan Fulqua, Indiana, in 1934. Les Eisenhart, Ohio State, also broke the mile meet record of 4:23.8 by outlasting Illinois’ Park Brown with a time of 4:19.8. Illinois’ sole record-breaking performance was turned in by Burt Downs who easily outdistanced all competition to set a meet record of 1:57.2 in the half mile. Illinois achieved other firsts in the high jump, the 60-yard dash, the 70-yard high hurdles, the 75-yard low hurdles, and the mile relay.

On March 9, five men on the Illini squad qualified for the annual Big Ten indoor meet in Chicago. Captain McCown again starred for the Johnsonmen by capturing third place in the 440, which with a second in the mile relay gave the Illini 14 points to finish in fourth place behind Michigan, Indiana, and Wisconsin in that order. The only record broken at the meet was the 440. Roy Cochran of Indiana bettered the old record scored by Ray Ellinwood, Chicago, in 1936, by seven-tenths of a second with his 48.2 time.
Almost five hundred trackmen from most of the major midwestern universities and colleges convened at the University of Illinois on February 17 for the classic Illinois Relays' seventeenth annual carnival, which was highlighted by the foursome from Michigan Normal, Sterling Paris, Wayne Zemper, Tom Quinn, and Leroy Grindle, which shattered the relay record in the college two-mile relay by the time of 7:57.3.

The University of Michigan eclipsed the four-mile relay mark set by Pennsylvania in 1930, by 11.1 seconds, and Don Canham of Michigan leaped 6 feet, 6 3/8 inches, establishing a new record in high jump over the record made by Jim Burk of Chicago in 1927.

Illinois captured three surprise firsts in the mile-relay, the 75-yard low hurdles, and the shuttle hurdles. Captain McCown and Don Olsen captured the first two events, and Olsen, Clyde Hale, Jim Wham, and Dick Reising defeated a strong Marquette quartet in the shuttle hurdle relay.

It was not unexpected that the great track star from Michigan State, Walter Arrington, would run away with the all-around event. He scored 5,577.5 points against 5,211 of Charles Marshall from Butler, the runner-up.

BASEBALL
The fortunes of the Illini varied greatly in the 1939 baseball season. The team could look very good one day and not so good the next day. This was attested when Illinois lost the first game to Iowa by a 12-2 score but next day shut out the Hawkeyes 8-0. Fortunately for the home fans the team played its best ball on the Illinois field where it gave several excellent exhibitions.

Hopes were dealt a hard blow early when John Pacotti, outstanding sophomore pitcher of the 1938 campaign, suffered an injury to his arm in the Bradley game, after his work had given promise that he would be even better than the year before. This injury benched him for the rest of the season in which his absence was keenly felt, since the team had to depend largely upon pitching and defense because it lacked hitting strength.

Captain Tom McConnell for the third year caught every conference game to round out a fine college career on the diamond. Sophomore Allan Grant stepped in to pitch some fine baseball, as did also Roger Zeller, a senior, on occasion.

The players had plenty of spirit, worked hard and harmoniously, and did their best.

Varsity Baseball

Although seven letter men, Pacotti, Kallis, McConnell, Cavallo, Mazeika, Farrington, and Conley, returned at the start of baseball practice, Coach Wally Roettger realized that prospects for the season were none too bright and that much depended upon first year men. An arm injury to Pacotti, a star his sophomore year, forced the pitching assignment upon less experienced men.

Illinois began the pre-conference games with a double header with Illinois Wesleyan, winning one game, 11-10, and tying the other, 8-8, but then ran into trouble with Bradley. In the second inning of the Bradley game, Stuebner allowed three runs to score before settling down. Pitcher Wallin kept the Illini in check several times after they had loaded the bases, and Bradley won the game, 7-4. The Illini routed Wabash, 17-4, and Illinois Normal, 12-3. Alexander pitched a good game against Notre Dame, but the Illini’s mediocre batting gave the contest to the Irish, 4-2.

In the first conference series, Illinois split a double header with Iowa, 2-12 and 8-0. Numerous outfield errors by the Illini, and Iowa’s ninth inning six-run attack gave the first game to Iowa. But in the second game of the series, Illinois, led by Rog Zeller on the mound, Pyrz and Zeller at bat, and an alert infield, held Iowa’s three hits for no score.

At Springfield, the Illini batters had little trouble in getting hits off Chuck Cronin and the Professional Three I boys, as Drechsler and Drish each collected four hits in five times at bat. However, an air-tight infield made up for Cronin’s wild pitching, and Springfield won, 19-6.

A heavy slugging barrage led by Bill Hapac and fine pitching by Rog Zeller gave Illinois a 13-4 victory over Ohio State in the first game of a double header. In the second game, Al Grant allowed only three hits to do his part in defeating Ohio State, 8-1.

Michigan put a quick stop to Illinois' two-game winning streak when Smick's 'submarine' ball limited the Illini to only three hits as the Wolverines won, 3-1. In the second game of the series, it was Jack Barry who held the Illini batters to three hits and Michigan triumphed, 4-1.

After the infield had been reorganized in an effort to find a better combination, the Illini went into a two-game series with Northwestern. Playing in chilly weather, the Wildcats collected eight runs from Zeller and Alexander and won the game, 8-3. A continued Illini batting slump and a Northwestern ninth inning five-run siege gave the second game to the Evanston boys, 9-2.

The old Illinois spirit glowed brightest in the last game of the season when Al Grant's two-hit pitching upset Purdue 1-0. Hapac scored in the first inning, and Grant held Purdue by mowing down nineteen men in succession. This game cost Purdue the first berth in the Big Ten standings, moving the Boilermakers down to a tie for third place, and put Illinois in seventh place.

To the delight of all the fans, the St. Louis Cardinals played an exhibition game on the local field. Paul Dean pitched the first five innings, giving McConnell and Pyrz a home run each. In the ninth, Martin took over the mound and, with two Illini men down, fanned Hapac with three force balls to win the game, 12-5.

OTHER VARSITY SPORTS
The Illinois wrestling team opened the season by romping over Illinois State Normal College and Morton Junior College. With these two preliminaries under their belt, the wrestlers defeated Michigan at Ann Arbor. Illinois won the first four bouts and lost the last four, but pins by Paul Petry and Jean Lutz gave them a 16-14 victory. The first defeat of the year came at the hands of the Kansas Aggies on January 17 when they lost, 18-10.

A trip to Iowa between semesters brought a loss from Iowa State Teachers, 13½-10½, and a win over Iowa State, 14½-13½. On the following weekend the wrestling team shut out the University of Nebraska, 28-0. A triumph over the University of Iowa, 18-6, was their second conference victory.

The University of Indiana, Big Ten champions, journeyed to Illinois and defeated the Illini, 20-6. A trip to Stillwater, Oklahoma ended in disaster for the Illini as Oklahoma A. and M., perennial national champions, routed the grappling, 25-3. Paul Govedare saved the Illini from total defeat. In these last two meets, the most important ones of the year, the Illini were greatly handicapped by injuries.

On March 8 and 9 the conference meet was held at Purdue. Paul Petry won second at 136 pounds. In the 155 pound class Jesse Boyd was second. John Sikich was third place winner in the heavyweight division. With these points to their credit, the Illinois team tied for fourth place with Minnesota, behind Indiana, Michigan, and Ohio State.
By winning a triangular meet with Carbondale Teachers and Minnesota, the Illinois gymnasts, 1939 Big Ten, National Collegiate, and Central States A.A.U. Champions, opened a very successful season on February 10. Two days later they defeated the University of Minnesota for the second time, 496-478 1/2. It was Joe Giallombardo’s tumbling that saved the Illini from defeat. A week later Iowa came and bowed to the gymnasts.

The only defeat in a dual meet came at the hands of Minnesota in Minneapolis on February 22. The Illini stopped at Chicago on the way home long enough to defeat the Chicago gym team. This procedure was repeated a week later when the Chicago team came to Champaign.

In the conference meet that was held in Chicago on March 8, the Illini walked away with four of the five individual titles and the second place team trophy. Harry Koehnemann won the sidehorse championship for the second year in a row. Captain Joe Giallombardo was crowned tumbling champion for the third time. He also tied for first place on the horizontal bar. John Cress was triumphant on the high bar. Louis Fina took second place in the all-around competition. Joe Giallombardo, who had been all-around champion in the two previous years, was unable to compete because of a wrist injury received while on an exhibition in Memphis.

This was a dark day for the Illini as they lost to Minnesota whom they had defeated twice before in the year. By a score of 105 1/2-105 the gymnasts failed to defend successfully their title as Big Ten Champions.
At the outset of the season, Coach Manley's swimming team was hurt by the ineligibility of its best prospects, Don Kienlen, Jim Wollrab, and Jack Flachmann. In the opening meet at Iowa, Illinois was beaten, 64-20, Al Kirkland turning in the only win. In spite of coping five firsts to the Hoosiers' four, Illinois lost all the second places, and thereby lost to Indiana, 47-37. Captain Bill Jones shook off sickness to win the 100-yard free style. A week and a half later Illinois was host to Texas A. and M. and beat the Aggies, 45-39, for Illinois' first win of the season. The Illini medley team, Al Kirkland, Hank Holquist, Jim Wollrab, and Pete Kurlak all took firsts in their events. Captain Bill Jones was forced to quit for the season because of illness.

The mermen next went to Northwestern where the Wildcats downed the Illini, 53-31, taking six firsts in the nine events. Illinois' medley team won by bettering their old mark by one-tenth of a second. Kirkland and Kurlak also won top honors for the Illini. When Purdue invaded our pool, the Illini swimmers whipped the Boilermakers, 51-33, Kirkland taking two firsts. Surprise of the meet was the return of Don Kienlen, Illini diver, who won the diving event. The tankmen won their final conference meet of the season by defeating the Maroons, 43-41. Sophomore Hartman's 440-yard victory clinched the win. Kirkland, Kurlak, Kienlen, and the medley team came through with their consistent wins.

Winding up the season, the Illini swimmers placed sixth, Michigan winning its eleventh Western Conference swimming title in 16 years. Kurlak, Kirkland, and Wollrab placed fourth in the 300-yard medley, and Kurlak scored fifth in the backstroke.
The water polo team dropped their opener with the St. Louis downtown Y.M.C.A., 10-2, Ed Schroeder leading St. Louis with a total of six points. Billy Jones and Captain Marty Unterman accounted for the two Illini goals. A month later the water poloists scored their first win over St. Louis in three years by upsetting the team, 6-4. Unterman swept over the opposition with a total of three goals. A sophomore, Jack Flachmann, also showed great promise by scoring two goals.

Next the water poloists completely annihilated the Hawkeye Sextet, 9-0, by the fine offensive of Bob Kelly, Jones, and Unterman, and the equally capable defensive of Bill Derrig, Bob Gudgeon, and Ray Kireilis. Two weeks later, the Illini trounced Beilfuss for their third win of the season, 7-3; Kelly and Unterman leading in the scoring, supported by Wollrab and Gudgeon.

At the halfway mark of their season, the team nosed out Texas A. and M., 4-3. Unterman scored during the first half, Kelly whipped in two more, and Gudgeon took care of the fourth. The Wildcats' invading team defeated the Illini by a score of 5-2, Kelly and Wollrab scoring. Four days later the Manleymen shut out Purdue, 12-0. Unterman led the team by tossing in seven goals. Wollrab and Kireilis made the remaining scores to assure the Illini of their fifth victory of the season.

The Maroons defeated Illinois, 7-5, in the last game of the season played at Chicago.
On December 6 the Illinois fencers found their first prey in Wright Junior College. This victory was followed by a long rest, for not until a month later did they resume their schedule and defeat the fencers from Chanute Field in the Gym Annex. On January 12 they added another feather to their cap by downing the highly touted Fencers' Club of St. Louis.

The season had progressed very well thus far, but the following day, while still in St. Louis, the Illini tasted their first defeat at the hands of Washington University of St. Louis. The Illinois fencers were defeated in their initial Big Ten combat, with Wisconsin, 9-8. The Orange and Blue fencers traveled to Chicago, where the Maroons repeated Wisconsin’s performance of two weeks ago and defeated the Illini, 17-10. At Evanston the Illini tied Northwestern, 14-14, on February 17. The following week-end, Michigan State came to Champaign and conquered the Illini, 18-9, in their final home meet of the season. Rantoul was the setting for the last Illini victory on March 2, when they again defeated Chanute Field.

The fencers journeyed back to Evanston for the Conference meet. On March 9 the Illini placed fourth in the Big Ten, behind Chicago, Northwestern, and Ohio State. Captain Ralph Wilmot won the Conference saber championship. The epee title went to Howard Boland, who will captain the 1941 team. Oral Davis, foilman, also performed for the Illini squad in the Big Ten meet.

A crowning achievement of the fencing department was the establishment of a Central Illinois division of the Amateur Fencing League of America. There are but 23 divisions throughout America, and it is through this organization that the Olympic team is picked.
Varsity Polo

The University of Illinois polo team opened its 1939 spring season on April 8 at Auburn, Alabama. The squad consisted of Captain Frank Schaefer, Carl Croninger, Frank Garrett, Jim Martin, and substitutes Johnny Walker and Bob Jaeger. Major Clifford B. Cole coached the team. The competition was too strong, however, and the Illini lost two games to Alabama, 10-3, and 12-6. They came back to win from Missouri, 8-7. Their joy over the close victory from Missouri was short-lived, for, only a few days later, Alabama came to Champaign to claim two more victories over Illinois, though by closer scores, 7-6 and 7-4. On May 6 Illinois bowed to a strong Iowa State team, 9-3, but came back to beat Missouri two weeks later, 13-3. In the final game of the spring season on Military Day, the Illini easily defeated Ohio State, 10-3.

Although Garrett and Croninger were lost by graduation, the fall season was highly successful, for the team went through its schedule without a loss. Schaefer was again captain. The squad remained the same except for the changes mentioned, and the additions of Ken Garrett, Ray Peritz, and Phil Danley as substitutes.

On September 30, the Illini won a close game from Missouri, 6-5, and a week later again won on a close margin, this time over Iowa State, 9-8. Iowa was beaten, 10-4, on October 14, and then the Illini trounced the Buckeyes of Ohio State in two games, 7-4 and 14-3. The final game of the fall season occurred on November 11 with Michigan State. In this game the Illini continued their fine season by winning easily and remaining unbeaten. The record of the combined spring and fall seasons was 9 wins, 5 losses.
The Illini golf season for 1939 was characterized by two of the most distinct upsets in the Big Ten, when the Illini scored victories against Iowa and Michigan. In the dual meet with Iowa, Captain Ralph Carlson and Herb Patton scored 70, two under par for eighteen holes, on the course at Iowa City. This was the best golf of the conference season.

In the Michigan meet held on the Urbana course, Captain Ralph Carlson paired with the Michigan captain, Loar, and the two matched each other with under-par golf until after the third hole. Carlson finally won the match, 3-0.

The opening game of the season on April 21 was played with Detroit, the Illini winning, 12-6. Babish, number four in national amateur ratings, played on the Detroit team. Herb Patton's score in the same meet on the Urbana course was one stroke under par and the Detroit star's one above.

At South Bend on April 22, Notre Dame scored a decisive victory against the Illini, 20\(\frac{1}{2}\)-6\(\frac{1}{2}\). The following week in Bloomington the Illini chalked up their second victory of the season when the Cream and Crimson fell before the Orange and Blue, 17-10. The Illini meet with Northwestern on May 8 on the home course was a close match. Willie Thomsen, who finally won the conference meet, was the star for the Wildcats in their 13-12 win. In the Iowa meet on May 13 the Illini reversed their last score, winning 15-12. The last two dual meets, both on the Urbana course, were Illini victories: the Michigan meet, 16\(\frac{1}{2}\)-7\(\frac{1}{2}\), and the Ohio meet, 19-8. On May 29 and 30 the conference meet was held at Evanston's Kildeer Country Club. Northwestern finished first in the meet and the Illini took sixth place.
The 1939 tennis season ended with one of the best records in Illini sports history. Coach Howie Braun built the team from virtually raw material because almost the entire 1938 team were seniors. This successful squad was led by Harry Chanowitz, a junior. The team scored nine wins in dual meets and suffered two defeats, at the hands of the Conference meet winner and runner-up.

The season opened with a pre-conference meet with Illinois State Normal on April 15, which was an easy 7-0 victory for the Illini.

In conference competition the team got off to a good start, defeating Wisconsin on April 27 with a score of 9-0 and on April 29 scoring a 7-2 win over Minnesota on the Gophers’ court.

On May 1 the Illini met Northwestern at Evanston and the result was a Wildcat victory, 8-1. On May 6 Iowa fell before the Illini netmen, 8-1. Two days later the second of the two Illini losses was realized when Chicago invaded the Illinois courts and won, 2-0.

Illinois was the host to a four way meet, in which the Illinois netmen were successful in scoring three victories. On May 12 the Illini defeated Ohio State, 7-2. The next day the Illini defeated both other teams, winning over Indiana, 7-2, and over Purdue, 6-1. May 17 the team went to Michigan for the last dual meets of the season, scoring a 6-3 victory over Michigan State and defeating the Wolverines at Ann Arbor, 5-4.

The Conference meet was held in Chicago on May 29, 30, and 31. Chicago took first honors, with the Illini placing fourth.
The varsity hockey team finished its third year of Big Ten competition under the direction of their new coach, Vic Heyliger, former All-American star.

The totals for the year, 3 won and 11 lost, are not very impressive, but there was improvement over the previous years, for the Illini scored their first Big Ten hockey victory by beating Michigan in the final game of the season.

Most of the games were lost to their new rivals, Michigan Tech, and the new national A.A.U. Champion, Minnesota. Their performance against these teams, however, marks them as potential contenders for the title in the future.

The Illini lost the first four games and then tightened up to defeat St. Louis by the overwhelming score of 11-0. The next two games were lost to Minnesota, 9-1 and 9-2, after which Illinois traveled to St. Louis to win easily, 3-0. After losing two close games to the more experienced Michigan Tech team, 3-1 and 3-2, the Illini turned the trick by skating over Michigan, 3-0.

Outstanding for the Illini were Captain White, Joe Lotzer, Chet Ziemba, and Goalie Jack Gillan. Lotzer, McKibben, and White led the team in scoring. Gillan displayed exceptional talent in the nets as shown by the three shutouts. Defense men Ziemba and Maurice Thompson provided much entertainment for the crowd with the rough-and-tumble, fighting spirit in their playing.

The team will lose White, Thompson, George Fieldhouse, and "Duke" Slater by graduation; but the remaining lettermen will be strengthened by a strong freshmen squad.

INTRAMURAL CHAMPIONSHIP TROPHY

Phi Delta Theta, Intramural Champions, 1938-39
Intramural Athletics

During the school year 1939-1940, the Division of Intramural and Recreational Sports was under the capable direction of Hartley Price and Senior Manager Bill Califf. Max Chapman directed the Recreational Sports while Junior Managers Ken Mast and Harold Nelson were in charge of the Intramural Sports.

A wide variety of sports, including basketball, ping-pong, soccer, bowling, volleyball, ice hockey, tennis, golf, water polo, swimming, and wrestling was offered to the men students of the University, so that any student could participate in a sport in which he was interested.

The competition in group sports was divided into two leagues, one for the independents, and one for the fraternities. This year, independent participation in the numerous sports was increased by dividing the area near the campus into zones, so that each zone could have one independent team in each sport. Late in February the Sigma Chi’s, Beta Theta Pi’s, Phi Delta Theta’s and Alpha Tau Omega’s were the leading houses in the total number of points. The Division of Intramural and Recreational Sports with the assistance of Gymkana sponsored the first annual All-University Barn Dance, which was greatly enjoyed by the student body.

The Fifth Annual Gymkana entitled "Smoke Rings" under the direction of Hartley D. Price was acclaimed a great success by the 5500 spectators who enjoyed the Radio City type of entertainment. The General Women's Chairman was Helen Sheets, and Robert Gruenberg was the General Men's Chairman. The first show was dedicated to the Intramural Champions, and the repeat performance was dedicated to the Illini Mothers. The outstanding acts of the shows were the Bronze Acts, the Adagio Dancing, the Gymnasts, and the Folk Dances. The Costume Contest depicted "Fashions on Parade." The award was won by Frances
Angell. The Gymkana Best Trouper awards were won by Arlene Green and Ray Weiss. The University Orchestra under the direction of Professor Walter L. Roosa, Andy Hanson's band, and the Gymkana Piano Team, Arlene Green and Paula Lain, played for the show.

Gymkana has continued to broaden its horizons. Some of its enlarged activities have been coordinated with the Intramural Department to present the First Annual Barn Dance, the First Annual Intramural Festival, and the Turkey Run. Along Pageantry lines, Gymkana has given to the football season, the Court of Honor; to the track season, the opening and victory ceremonies at the Indoor Relay Carnival; and to all sports, Kia-Kana has been established to welcome all visiting athletic teams. Gymkana received much national publicity during the current year.

Mary Ellen McCarty was chosen as Women's...
Senior Manager, and Robert Gruenberg was selected as Men’s Senior Manager. Jean Soderstrom and Ray Weiss were selected as Men’s and Women’s General Chairmen for coordination between the managers and performers.

During the first semester of this year, the Gymkana Traveling Troupe gave some outstanding performances at Pontiac, Ottawa, Taylorville, and Car-}

lyle. Between semesters the Troupe went to Memphis, Tennessee, and performed at the Hotel Peabody and the Orpheum Theater. Five other road trips will be made during second semester. The home show this year will be held May 3 and May 18. In lieu of the Athletic Association abandoning the Student Circus, the Gymkana Organization will stage a performance to replace this Circus on May 18.
Friday, May 19, 1939, marked the opportunity for several thousand high school students from all parts of Illinois to witness, and to compete in, the forty-fifth annual State Interscholastic Track and Field Meet. During Friday, preliminaries were held in almost every sport represented, four state records were set, and one national mark equalled. New Trier of Winnetka led the field, followed by York of Elmhurst and Evanston, second and third, respectively.

On Saturday, the supreme test came. York, led by high scorer Freeman, won the state track title with a total of 22 points. Freeman gained ten points for York by shattering the previous discus throwing record and by tossing the shot to tie his new record, established the day before. A new 120 yard high hurdles record and a new record in the javelin event were established. New Trier placed second with Morton of Cicero third. Farmer of Proviso tied Freeman for individual honors.

In the evening, the week-end was climaxed with the annual Interscholastic Circus, featuring a collegiate flying-return trapeze act, Bill Golde's "iron jaw" performance, a perch-pole act, tumbling, and the all-important fraternity sideshows.

The University Dance Supervision Committee, composed of five students chosen by the Student Senate, one student and two faculty members chosen by the Student Affairs Committee, and a member of the Dean of Men’s staff, is the administrative body for all general university social functions. Novelty ideas, special activities, and all other phases of student-managed dances are left in the hands of individual dance committee members with the Supervision Committee retaining final control. The Committee supervises the printing, issuing, collection, and auditing of tickets; patron and complimentary ticket lists; and the distribution of invitations and complimentary tickets. Approval of the date, place, and budget of proposed general university social functions must be secured from the Committee before further steps may be taken by dance committees.

The broad powers given the Committee enabled it this year to bring under its jurisdiction several new and novel functions, such as barn dances and carnivals. In addition to these new features, the Committee supervised all college and class dances, organization dances such as the Military Ball, and other student social affairs.

In order to expedite future work of the Committee, rather extensive records are being prepared and maintained this year. Copies of each dance program, along with prices, photographs of decorations at various dances, written suggestions of dance chairmen, and complete financial reports, are kept on file for easy reference. Again this year, the Committee awarded all decorations’ contracts to students, on a semester basis, and reports and statements of these individuals form another source of reference.

With the opening of the Illini Union Building next year, the University Dance Supervision Committee will have to meet new problems and situations. Tentative plans have already been worked out by this year’s Committee. It is the hope of the members of the 1939-40 Committee that the organization’s activities, unique since no other student body has such administrative power, will be further broadened; for only in this manner may the interests of the student body be properly served by other students.
Illinois Union

The Illinois Union was founded in 1909 by Edmund James, then president of the University. His idea included a center for University life among men, a place where men could meet and mingle in comradeship, where factional and sectional lines should not be recognized nor drawn, and where a spirit of broader comprehension of men's nature should increase.

The purpose of the Illinois Union, according to its constitution, is "to promote Illinois spirit and loyalty by all possible means, and to foster all legitimate forms of student activities, especially by the maintenance of a social and recreational center for Illinois men and women."

Membership is open to every male undergraduate student in the University and today the Illinois Union is the largest activity organization on the campus, supervising in cooperation with the Woman's League most of the major activity events of the school year.
Student members exert sole control over the activities of the organization, the government of which is vested in a board of directors, consisting of one representative from each major college in the University, one officer of the Alumni association and three members of the University faculty.

The greatest activities of the Illinois Union are Homecoming, Dads Day, The Stunt Show, The Minstrel Show, and Union Week. Since 1923 the Union has paid the expenses of the University Football band for two or more off-campus trips each year. The Union also sponsors a Guide Service for visitors, a Freshman-Sophomore Counsellor Service to encourage new men to participate in extra-curricular activities, dancing classes for beginners and intermediates, movies of out of town and home football games, huge pep rallies and torchlight parades, billiard exhibitions by national and world’s champions, and regular week-end and special dances at Bradley Ballroom, namely April Fools’ and Leap Year dances. In addition the Illinois Union provides Gymkana with its general chairman. The Illinois Union also puts out an activity booklet for incoming freshmen and transfer students.
Given full measure of enthusiasm by a 16-7 Illinois victory over a powerful Michigan team, one of the largest Homecoming crowds in recent years enjoyed a two days celebration on the Illini campus. Festivities ranged from a pep rally and snake dance prior to the game to the Student-Alumni dance Saturday evening. Various class reunions were also held after the football game.

Phi Kappa Sigma, Zeta Tau Alpha, and Meyers Club were the respective winners in the fraternity, sorority, and M.I.D.A. divisions of the annual decorations contest. The Skull decorations depicted an Illini "Maginot" line which proved an impenetrable barrier to the Wolverines, while Zeta Tau Alpha showed Tom Sawyer whitewashing a Michigan fence. The grim scene from Alcatraz brought top honors to Meyers Club.

Another important feature was the Illinois Union-Woman's League stunt show, which presented thirteen group and individual acts to a receptive audience.
The Illinois Union and Woman’s League helped over 5,000 students entertain their Dads on November 11. A big program including campus tours, flower show, military show, water carnival, a play, “Our Town,” and dance were all planned to show “the men who pay” a good time. The Dads Day Committee also gave a traveling kit to the Dad that traveled the farthest for this event. Another traveling kit was given to the father who has had the most children in the University.

The Illinois-Wisconsin game also added increased enjoyment for the Dads. The Fighting Illini beat Wisconsin in a close, exciting, game by a score of 7-0.

During the first week-end in May, the University of Illinois celebrated its annual Mothers Day. Several hundred mothers arrived on the campus Friday evening to be present for the annual Inter-Sorority Sing sponsored by Shi-Ai.

Saturday was a busy day for mothers, the main event being the Annual May Day Procession on the Quadrangle. The May Day Queen, escorted by members of the Military Council, led the procession toward the steps of the Auditorium. Members of Torch with their orange scarfs, the new Mortar Board in cap and gown, and the old Mortar Boards in formal dress completed the procession. Music was furnished by the University of Illinois Second Regimental Band.

Following the May Day Procession, the Mothers were welcomed by President Willard to the University of Illinois campus at a reception in the Woman’s Building. Further entertainment was provided Saturday night by the Theater Guild Production and the annual Water Carnival. Sunday noon saw the week-end come to a successful close with dinners held in fraternity, sorority and independent houses in honor of the Mothers.
The alumni of a large university can do much to keep up the institution’s prestige and standing in their daily contacts with the public. Alumni interested in the University’s welfare have maintained the Alumni Association since 1873 for the purpose of keeping the alumni and former students of the University informed on University functions and student activities, as well as the activities of their former classmates. This is accomplished by circulating the Association’s publication, the “Illinois Alumni News.”

The offices in the Student Center contain files that are kept up to date by a staff of stenographers and clerks. In these files are listed nearly every alumnus or former student of the University. By means of these, alumni can locate old friends or classmates, and the Athletic Association and other organizations can circulate folders and schedules to best advantage.
Since its beginning in 1932, the Student Alumni Association has followed its dual purpose of promoting the welfare of the University in the home communities of the students and of forming a strong link between the alumni and the students.

The funds necessary for some of the Student Alumni activities are raised through three dances which are sponsored by the organization during the year. These funds are used for organization work and for the annual distribution of Illios to high schools throughout the state. In seven years it has distributed nearly 1,400 Illos to 500 high schools in Illinois.

The Association has constantly supported the new Illini Union Building project by direct contribution and solicitation of funds.

Following an annual custom, the Association sponsored the observance of the seventy-second anniversary of the founding of the University on March 2, 1940. Tags commemorating the event were distributed to students, and the day was climaxed with the Founders Day banquet.
The purpose of the Student-Alumni Association is to promote better cooperation between the University, communities of the state, and various sections of the country. The Student-Alumni Association has sponsored the organization of community county University clubs in the state and in many communities outside the state.

This year the clubs were further organized, divided into districts, and given representation in the Illini Club Council.
The Young Men’s Christian Association acquaints the students with the principles of Jesus’ life which are vital in our daily living. To carry out its purpose, a membership of more than 800 men carries a varied program which any individual may find a place of interest. The Y.M.C.A. reaches every student in the University, directly or indirectly.

Just before registration the Y.M.C.A. holds a Freshman Camp which orientates the bewildered first year college men with student life and activities. During the year this organization is continually stimulating international friendship, social activities, fireside forums, and vocational guidance.

The new Y.M.C.A. building, modernistic in every detail, serves students to pass their leisure time in wholesome fellowship under the guidance of Christian spirit.
The Agricultural Council is the governing body of the students in the College of Agriculture. This council promotes activities of the students, coordinates the varied activities of the clubs represented on the council, aids in keeping the interest within the clubs, and brings the students in closer contact with the faculty.

Lectures, discussions, and motion pictures are promoted by the council to acquaint the members of the various clubs with the activities and interests of a particular club. This function of the council is vital to the agricultural students so they can broaden their knowledge in fields other than their major.

The president of the Agricultural Club is automatically the president of the council. The other members of the council are representatives of the clubs and the editor of The Agriculturist.

Woman's League is one of the most influential and active organizations on the campus. It has gained its eminent position by fostering a spirit of unity among its 3,000 members recruited from all women students registered in the University, by offering opportunities for self-government, and by upholding the democratic ideals which are in keeping with Illini tradition.

The central governing body of Woman's League is the First Council. Its membership of representatives from every woman's house on the campus permits every Illinois woman to know the affairs and policies of the League and other activities.

In conjunction with the Y.W.C.A., Woman's League sponsors the Campus Sister movement. In this way freshman women are helped with campus problems and become acquainted with Woman's League even before entering the University.

Woman's League includes Woman's Group System, Residence Group System, Gold Feathers, Orange Feathers, Blue Feathers and Tamaroa. By thus dividing its membership the League unites girls with mutual interests into small, compact groups promoting loyalty, friendships and scholarship, and presenting opportunities for developing executive ability and individual talents.

Woman's League sponsors three cooperative houses which are maintained by the proceeds from the annual musical comedy production of the League. In addition to this, the League sponsors programs, drives, and social teas every Wednesday, and joins with the Illinois Union in managing Homecoming, Dads Day, and Mothers Day celebrations.

The General Chairman, the various committee chairmen, and the committee members of Woman's League Show are chosen each year by the Executive Council and the Advisory Board of Woman's League. These positions are chosen through petitions which are turned in at the Woman's League tea about a week before Christmas vacation begins. In order to petition for a committee, a girl must be a member of Woman's League. To be eligible for a chairmanship, a girl must be either a junior or senior. In choosing the committees and chairmanships, the Council and Board consider each petition on the basis of the girl’s ability and her former work in activities on the campus. Girls with the highest qualifications for the positions, those whose petitions show the highest ability and a comparative amount of well-accomplished work in campus activities, are chosen as committee chairmen; members are picked from the other petitioners.

The entire show is arranged and managed by the chairmen and committees under the supervision of the Director and the General Chairman.
Woman's League presented "Good News," a musical comedy, in the Auditorium on February 23 as its annual show.

Marilyn Grunwald and Julius Kuney, assisted by Betty Lovegren, starred as the singing leads in this story of college life centered around football. The riotous comedy team, Shirley Hopp and Charles Caudle, stimulated many laughs.

Some unusual features of the show were the appearance of part of the regular football team, two of the regular cheerleaders, the Theta Chi quartet, and the "ATO Dixie Band."

The audience appreciated the contributions of the singing chorus, as well as those of the dancing chorus, which was led by Zena Schwartz.
The Woman’s Group System is the organization for independent women who do not live in residence halls. As a part of Woman’s League, the two are brought into close cooperation since the Group President automatically becomes Vice-President of the League. Illinois is reputed to have the best organized independent women on any campus, and other universities are looking here for guidance in establishing similar systems.

Expanding annually since its beginning over twenty years ago, WGS now consists of forty-six groups, over 850 girls. Each group elects its own officers; presidents attend First and Second Council meetings. Every Monday evening each individual group holds a meeting in which announcements are read and the girls are encouraged to participate in activities. Groups are entitled to enter contests such as Homecoming decorating, the Doll Show, etc.

In addition to the social activities within the individual groups, WGS offers to the Group System as a whole a varied and interesting program of social events which continues throughout the year. There are two plays, several all-group parties, district teas, faculty forums, athletic tournaments, an autumn presidents’ banquet, a Christmas Musicals and Style Show,
the Watcheka Sing, and as a climax, a banquet in the spring, honoring the seniors. Awards are presented at this banquet, including a cup to the WGS girl who has been most outstanding in each campus activity, a scholarship cup to the member having the highest average in each class, and a large cup to the group having the highest scholastic average. Following these presentations, Dean Leonard unveils the Honors Plaque bearing the names of the groups which have been most outstanding during the year.

WGS, MIDA, and RGS jointly sponsor a series of All-University dances. They also give a fall and a spring Independent Informal, major university social functions, and an invitational formal, Mi-Hila. The Independent is their weekly newspaper edited by a staff of independents and distributed free of charge to each group.

WGS was organized to promote fellowship among independent women, to arouse their interest in activities, to promote democratic conditions on the campus. It has gone far in accomplishing these ends.
The Residence Government System, which was organized at the beginning of last year by Woman's League, is composed of the independent women who live in Davenport House, Busey, Evans, McKinley, and Presbyterian Halls. It is an integral part of Woman's League, the president holding the office of second vice-president of the League.

Presidents of the residence halls attend First Council meetings. Third Council, which is the executive body of the organization, has its meeting immediately after this. Third Council consists of the presidents of every house, senior and junior councilors, and committee chairmen.

The primary objective of the Residence Government System is to encourage its members to participate in Woman's League as well as other campus activities. R.G.S. also serves as a stimulus to create and sustain friendships among the girls living in the halls. It is also a helpful means of orientating new students to campus life.

To encourage closer relationship between the different houses, R.G.S. has an extensive interhouse program of activities. Each of the halls sponsors several teas during the year to which everyone is invited, and
a large formal dance is given for all halls. Exchange dinners, followed by Faculty Forums at which prominent members of the faculty speak, are features of the activity program. Every spring the Olowan Sing is held, in which the five halls compete for the rotary cup. The climax of the R.G.S. year is marked with the annual spring banquet. At this event, a plaque is unveiled which bears the names of the most outstanding R.G.S. girls in each campus activity.

Social life is also promoted by R.G.S., in co-operation with the Woman's Group System and the Men's Independent District Association, by sponsoring a series of All-University mixers, as well as two Independent Informal dances held in the fall and in the spring. In conjunction with these two organizations, "The Independent," a weekly newspaper, is published, sponsored and edited entirely by these independent groups.

Though very newly organized, the Residence Government System has progressed rapidly and is proving itself to be of unlimited value to its members, as well as to the campus in general. R.G.S. is now taking an active part in promoting student affairs and conditions.
Tamaroa, only in its second year, is well on its way toward proving that it is an organization worthy of Woman's League. This group was formed to bring the transfer students together and to make them feel that they belong to the University of Illinois as well as those who have attended since their freshman year. All sophomore, junior, and senior transfer students are eligible.

At the first few meetings of the year the members become familiar with the customs, traditions, and organizations of the University. During the remainder of the year the programs are varied, as the counselors ask professors and other prominent persons to speak on subjects of current interest. However, Tamaroa is not an organization which is devoted entirely to the pursuit of serious subjects. The members become well acquainted with each other and have delightful parties together.
Sophomore women acquire initiative and dependability by serving on committees in Gold Feathers; this prepares them for responsible positions which they may later receive.

Although the primary purpose of Gold Feathers is to present well-known speakers to the group, the weekly meetings are considered one of the finest mediums for promoting friendly contacts among the members.

Every Wednesday a tea is sponsored at which sophomore women, acting as hostesses, are given the opportunity to participate in a co-operative activity and to become better acquainted with members of Woman’s League.

Each woman has certain requirements to meet before she can become a member: attendance at meetings, participation in drives, high scholarship, and activity work. When she has fulfilled these she automatically becomes a member of Gold Feathers.
Blue Feathers is an organization which acquaints first year women with the campus and its traditions. It also stresses the importance of campus activities in a student's life.

Each year it presents "The Trial of Peg Fairfax" in conjunction with Orange Feathers. This play illustrates the pleasures a girl may derive from activities.

To become a member, a freshman must have a 3.00 average, attend two-thirds of the meetings, and participate in one financial drive each semester. The proceeds of these drives are donated to Woman's League. A final examination is given at the end of each year on the traditions of the campus and its leaders.

Prominent speakers and musical programs furnish the entertainment at the weekly meetings. Two parties are given each year in connection with Orange and Gold Feathers.

Orange Feathers is a branch of Woman's League organized to unite freshmen women and to acquaint them with campus activities and campus leaders.

The members are each placed on one of five standing committees, and a chairman is chosen for each committee by the whole organization.

Originally Orange and Blue Feathers were united in one group, but they were split into two groups to encourage more intimate contacts and cooperation within the groups.

Orange Feathers has two drives during the year. Two annual parties are held jointly by Orange, Blue and Gold Feathers. "The Trial of Peg Fairfax," a play stressing the importance of activities, is given for the Feathers groups by women prominent in activities.

A freshman, in order to be initiated into Orange Feathers, must have at least a 3.00 average, attend two-thirds of meetings, participate in one drive each semester, and pass a final examination on the traditions of the campus and campus leaders.
The Y.W.C.A. on the University of Illinois campus is one of the many student branch members of the national Y.W.C.A. Every woman student is entitled to membership. By becoming a member she expresses her desire to live closer to God and help others to understand and follow Jesus, as stated in the Y.W.C.A. code. The "Y" has a membership of eleven hundred students and is maintained by dues and contributions to the budget.

The "Y" offers many opportunities for girls to become acquainted with their classmates in an informal way. There are discussion groups for the freshmen and sophomore girls on subjects ranging from Illini tradition to the foreign situation; they are headed by junior women, each of whom is assisted by a sophomore. There are also special interest groups in which girls may write stories, design clothes, and give plays, depending on the hobbies which attract each girl's fancy.
The Cabinet is composed of junior and senior girls who have been outstanding in the activities of the Y.W.C.A. during their college years. This body regulates and plans the "Y" program.

The Y.W.C.A. helps to orientate foreign students by giving dinners for them. Subjects of international interest are discussed in their bi-weekly meetings.

The Y.W.C.A. sponsors many social events during the year—mixers given with the Y.M.C.A. to help freshmen become acquainted, steak fries, and picnics during the fall and spring. A prominent speaker presides at the regular Thursday vesper services, after which a tea is held.

Before the holiday season, the Y.W.C.A. held its annual Doll Show under the direction of Charlotte Conrad. The theme was "Moments in Meter," showing scenes from poems. Individuals and organized houses entered individual dolls and scenes. After the show some of the dolls were distributed among the needy children in Champaign-Urbana, and others were sent to the Y.W.C.A. House in Chicago.

Many of the girls carry on with their "Y" work in the summer at the annual camp held at Lake Geneva. The program for the campers is one of work as well as play and is primarily an instruction period for the officers of the coming year.
Doll Show

The theme of the annual Y.W.C.A. Doll Show this year, under the direction of Charlotte Conrad, was "Moments in Meter," portraying scenes of poems which ranged from "A Midsummer Night's Dream" by Shakespeare, the height of fantasy, to "Steel" by Auslander, the height of realism.

The first place awards went to Delta Delta Delta with a scene from Rostand's "Cyrano De Bergerac"; McKinley Hall, with a scene from "Lady of the Lake" by Scott; Alcestis, with a scene from "In School Days" by Whittier. Second place winners were Delta Gamma, Davenport House, and 4-H House.

In the individual doll contest, Mrs. R. A. Given was awarded first prize in the adult competition, while the winner in the student competition was Josephine Lehmann.

Private collections were exhibited, including a collection of dolls representing many nations, and featuring a doll from Palestine.

Eighteen hundred people, including townspeople and faculty, mingled with many children to see the dolls and to purchase candy and gifts from booths in the lobby. The dolls were distributed to needy children of the Champaign-Urbana Community, and to the Y.W.C.A. house in Chicago.
W. A. A. Activities

These action pictures are typical of the activities offered by the Women's Athletic Association throughout the school year. Its program is divided into four sessions during which sports appropriate to the specific season are offered. Every girl is encouraged to participate and may enter either individual competition in any sport she prefers or interhouse competition together with the members from her organized house. Both the individual and interhouse activities stimulate competition within the group as the telegraphic meets stimulate inter-collegiate competition.

Every fall under the direction of Miss Jane Lawyer of the Physical Education Department, the Riding Club sponsors classes for all riders from the beginner to the expert. Later on in the year as the basketball season comes to a close, a group of selected girls participate in a basketball playday given at another college where many of the nearby colleges and universities meet to play each other. Last year two of the selected archery teams placed in the National Telegraphic Archery Tournament, and this year W. A. A. won an honorable mention in the Dress Parade at the Ice Skating Rink.

Whether a girl wishes to learn a new sport or to increase her skill in familiar ones, an enthusiastic group will be there to enjoy it with her and help her to become more proficient.
The Women's Athletic Association is a national organization affiliated with the Athletic Federation of College Women. Its purpose is to further interest in athletics and promote the ideals of wholesome living.

W.A.A. activities were ushered in this year, as in many past years, with a Sans Souci Party on September 21 to acquaint the freshmen and transfer students with the members and activities of the organization. A hike and picnic to Crystal Lake Park was given on October 13 for members and all those interested in W.A.A. activities. On November 4, the annual Homecoming luncheon was sponsored in the lounge of the gym and had the largest attendance ever recorded.

There are several projects undertaken every year. The third annual pencil drive was sponsored to raise money for new athletic equipment. Pencils with the varsity basketball schedule printed on them were sold in organized houses and on the street. A project of long standing is the loan fund which is used to aid girls belonging to this association.

W.A.A. supervises four affiliate clubs: Terrapin, a national swimming honorary; Orchesis, a national dancing society; a Riding Club; and an Outing Club. Each of these sponsors
activities throughout the year. Orchesis presents two public recitals of interpretive dancing during the year. The first one was given in January, and the second and major performance was given the Saturday afternoon of Mothers Day weekend in May. The Riding Club sponsors an intercollegiate Riding Meet each spring. Many hikes are given throughout the year by the Outing Club, and its year is climaxed by a skiing and tobogganing party at the Wendell Wilson ranch at Jackson Hole, Wyoming.

This year W.A.A. has undertaken a new project. A Spring Play Day, similar to the Hockey Play Day, was given and many of the near-by colleges were invited.

Thus one can easily see all the fun that may be had in such varied activities; all the friendships that may be made; and the opportunities for good sportsmanship, keen competition, and physical well-being.
W. A. A. Groups

W. A. A.

The W.A.A. offers many opportunities to its members by furthering sportsmanship through continued participation in individual and team sports and furthering leadership by offering its members a chance to be elected or appointed as officers, advisory board members, sport managers, committee members, class managers, or team captains. One sport season, individual or team, interclass or interhouse, and participation in the tournament at the end of the sport season, entitles any woman in the university to become a W.A.A. member. Members are initiated at the teas given after each sport season or at the annual Spring Banquet.

NUMERALS

Numerals are the first of two awards that may be earned by W.A.A. members at the University of Illinois. Each girl must take part in six sport seasons, each of which lasts half a semester. Therefore, in order to earn her numerals a girl must participate for three semesters and must play at least two days a week. Besides regular practice and playing periods, each girl must compete in the tournament which is held at the end of every season. This necessitates making the class team for a certain sport. This team is chosen by the sport manager, class manager, and faculty coach of that particular sport.

MAJOR I

A girl may earn a major "I" after three complete and continuous years of participation in women's athletics. Since twelve sport seasons are required, it is possible to earn only one such award. These awards are presented at the annual W.A.A. Spring Banquet or at one of the teas held after each sport season. This major "I" is the highest athletic award which can be earned by any woman in the university and one of which any athlete may be proud. Women who transfer from other colleges or universities may transfer their W.A.A. sport credits and, therefore, have the same opportunity to earn this award as any woman attending the University of Illinois all four years.
W. A. A. Teams

VOLLEY BALL

With a highly enthusiastic group, the Interclass Volley Ball season was a very successful one. The games were close and exciting, but the Junior and Senior team was finally victorious. From all the teams a varsity team was chosen by Laura J. Huelster, faculty advisor, and Mary O'Connor, Volley Ball Manager.

At the end of the season, the students challenged the Women's Physical Education Faculty to a game. The faculty not only accepted the challenge, but at the end of a hard game were the winners. The students proved themselves good losers by serving refreshments after the game.

HOCKEY

Hockey experienced another very successful season, with teams much improved over last year because of the instruction of Miss Robertson and Miss Bond. The senior team won the interclass round-robin tournament with some fine team play. From the seventy-three girls who came out for hockey, two "all-star" teams were chosen from which the varsity team was selected later. One of the high lights of each hockey season is the annual student-alumni game held on the Saturday of homecoming. The game is followed by a luncheon and a general get-together of old friends in the lounge of the Women's Gym.

BASKETBALL

From a squad of ninety-three girls reporting for basketball during the 1939 season, a varsity team of eight girls was selected. Members of the team were Verna Johnston, Charlene Coady, Lorraine Hartman, and Mary Tucker as forwards; and Edna Andresen, Maria Brana, Margaret Fairbairn, and Rachel Means as guards. Before the selection of the varsity team, an interclass double round-robin tournament was played. The junior class of 1940 won the tournament, finishing undefeated in six straight games. Much of the success of the season was due to the excellent coaching of Miss Robertson and Miss Bugby.
Terrapin was founded in 1923 to further proficiency and interest in swimming, diving, and life-saving, and to promote a feeling of good sportsmanship and friendliness among its members. At all times members work hard to improve their form and technique in swimming and diving. Only those who have passed a difficult test in all phases of aquatic activity are eligible for membership. Terrapin is divided into two divisions, Major and Minor Terrapin, according to the degree of skill of its members.

Terrapin holds an annual water carnival on Mothers' Day weekend at the George Huff Gymnasium, when the members demonstrate their superior abilities in the art of swimming and diving. Accompanied by music, the different water formations are a delightful and colorful sight. Terrapin also participates in the Dolphin show and has exchange playdays with other colleges.
Telegraphic Swimming Team

The first Big Ten women's swimming meet was sponsored by the University of Illinois in 1930. It was so successful that in 1934, the University sponsored the first National Inter-Collegiate swimming meet which includes colleges and universities all over the United States. It is limited to colleges and universities with certified sixty or seventy-five foot pools. The meets are held at the separate schools and the results are telegraphed to the Regional sponsors, who in turn, telegraph the first ten places in each event to the National sponsor, who was the winner of the National meet the year before. This year the sponsor is Indiana University.

The team, limited to fifteen members, is composed of girls who are chosen after a long period of practice. Miss Vaught acted as faculty adviser for the team this year.

Sixty-two colleges entered the meet last year.
Before 1911, campus publications were administered independently of each other. In 1911 the Illini Publishing Company was organized under the laws of Illinois as a non-profit corporation. The corporation is controlled by a Board of Directors composed of four members of the faculty and four student members. The faculty members are appointed by the president of the University and the four student members are elected by the student body. When Professor Britton was granted a leave of absence for the second semester, Professor Cecil Moyer was appointed to fill the vacancy.

The Illini Board of Control selects the student editors and business managers of the various campus publications. Although it also has the authority of supervising the general policies of these publications, the board has continued a policy of not restricting the initiative and executive power of the students. The Board of Control has performed a valuable service in making the campus publications a more vital part of college life.
The Illini Publishing Company, a non-profit corporation, was chartered by the State of Illinois on May 11, 1911, for the purpose of supervising and publishing all student publications of the University.

This company supervises The Daily Illini, a student daily newspaper with Associated Press wire service, The Illio, an outstanding University annual, The Technograph, and The Agriculturist. Previously another student publication, The Siren, a humor magazine depicting college life had been supervised by the corporation, but this year its publication was discontinued. Administered by an expert professional staff and supervised by a student and faculty board, this company has rapidly developed into one of the leading college publishing companies.

Under the supervision of a company manager, who advises the student editors and business managers, the company has maintained a firm business foundation. Its continuous success has been shown by the rapid increase in size of its physical plant during the last 29 years. Since the publishing company was organized each of the publications has occupied a larger part in student life. The students obtain valuable business experience while working on these publications. Through its continued growth and its improvement of the publications, this organization has rendered a valuable service to the students of the University.

SOCIETY
After the strain of final examinations the members of the class of '39 relaxed in a South Sea setting of coconut trees and moonlit mountain scenes. A small mountain and a fountain were constructed in the middle of the dance floor to complete the picture of tropical loveliness. George Huff Gymnasium was transformed into South Sea paradise and the Senior Ball was indeed a grand finale for a college career.

The dancers not only enjoyed the dancing inside the Gymnasium, but also walking in
Senior Ball

the outer garden lighted by colorful Japanese lanterns. Free cokes were served in the gardens to refresh the dancers.

The lilting music was provided by Glen Gray's Casa Loma Orchestra. The rhythm was intoxicating, and the whirling couples attired in bright colors made a beautiful picture.

After a specialty duet to Strauss' melodies, the grand march was led by Richard Port and Gene O'Mahony, co-chairmen, with their dates. It was an inspiring spectacle.

The programs were of soft white leather, and made beautiful souvenirs of the evening.

Committee members, chaperones, and the six members of the University dance committee had dinner together before the dance. There were also other formal dinners preceding the festivities which occupied the evening.

This final dance of the year proved to be one of the most popular and best liked. All those who attended enjoyed it immensely and thought that it was a fitting climax for the school year.
The peak of the Illini social season of the first semester was reached on December 8 when Wayne King and his orchestra played for the Junior Prom. A capacity crowd of formally clad dancers and enthusiastic balcony on-lookers were thrilled by the versatility of the "waltz king." He presented waltzes, old time ballads, and up to the minute swing ditties in just the right proportions to please the dancers and spectators. The singing quartet and the soloist added further variety to the musical entertainment. Huff Gym was decorated in a most attractive manner, using red and white, the colors of the class of 1941 as the color scheme. A huge red crown contrasted against a field of white behind the bandstand at the south end of the gym. Long red streamers with small white crowns hung from the rafters to the balcony fronts on either side. At the north end rose the queen's throne against a red and white background.
Shortly after midnight, Dean Raymond and Tom Huber took their places as the leaders of the grand march. When it was concluded Dean Raymond called the prom queen and her court to the queen’s throne. Tom Huber presented them with bouquets. Nancy Harshman was chosen as queen. Lorraine Hennings, Martha Adolf, Winifred Dorsey, and Marilyn Dow were maids of honor. The orchestra resumed its dance tempo, and the more than a thousand couples resumed their dancing. Thus another great evening became only a memory and the blue leather-backed program became souvenirs of the colorful Junior Prom of the Class of 1941.
Sophomore Cotillion

The Class of 1942 presented its formal social event on the night of Friday, January 12, at the George Huff Gymnasium. Joe Reichman and his orchestra, playing before a sparkling bandshell, entertained the members of the sophomore class and their guests as they danced in the glittering parade of formal attire.

Shortly after midnight came the grand march, led by Jim Buhai, president of the class, and Frank Boyling, chairman of the Cotillion. At the conclusion of the march, Madeline Zeigler was proclaimed the most beautiful girl in the class of '42, and reigned as the queen for the remainder of the evening. The Queen's Court of Honor consisted of Mary Elizabeth Thompson, Joanne Sellers, Barbara VanDyke, and Lorraine Zillner.

The novelty of the evening was the presentation of the homeliest man in the class of '42. Fred Grant was chosen and was given the honor of kissing the Queen.

Simple folders of white parchment paper with gold lettering and white silk tassels were chosen as programs.
Over seven hundred couples went "Dancin' with Anson" at the Freshman Frolic, given on January 13 in the George Huff Gymnasium. The smooth rhythms of Anson Weeks delighted the freshmen as well as the other students who attended the dance. The affair, as usual, had none of the formality of stiff shirts, formal dresses, and high hats.

The event of the evening was the crowning of the queen, Miss Harriette Wiedenbeck, and the king, Mr. Gene Davis. The queen's court consisted of Audrey Marsh, Ruth Roe, Peggy Seed, Mary Kaseberg, and Betty Nield. Dean Madden, chairman of the dance, introduced the chosen candidates and they were escorted to the throne where the queen received her crown. Photographer Paul Stone, known from coast to coast for his ability to judge contests, selected the royal students from entrants.

The programs for the evening were cream and green folders, in which was enclosed a humorous grade card, typical of a freshman student.
For the fourth consecutive year, "The Ole Left Hander" and his famous Nighthawks furnished the music for the fall Independent Informal, held in Huff Gym on November 10. The lively rhythms of Joe Sanders helped to build Illini spirit for the victorious gridiron contest with Wisconsin the following day.

Under the sponsorship of M.I.D.A., W.G.S., and R.G.S., the dance was attended by more than 1600 dancers.

"Red" Hoskins, comedian trumpet player and composer of "The Music Goes Round and Round," gave his own version of that immortal composition which amused the dancers and the balcony crowd. Another special feature was the playing of songs judged most popular in a poll of independent houses.

Don Bovee, '40, co-chairman of the informal, presented a loving cup, the prize for the women's independent house which sold the most tickets in proportion to its size, to a representative of Welsh House.
The Independent Informal, sponsored by W.G.S and M.I.D.A. on March 2, was one of the real high spots of the year, as a gay crowd danced to the titillating swing of Freddie Martin, featuring his electric organ.

The programs and decorations were carried out with the idea of simpleness, smartness, and sophistication. The programs were of shiny black paper with diagonal cut-outs of two white Block I’s on which the words “Independent Informal” were printed. A silhouette plan was carried out in the decorations, with two silhouetted Block I’s, silhouetted figures, and a large staff of music, all on a white background accentuated by pastel lights.

The extraordinary feature of the dance was “Krutch’s” “Man on the Floor” program, a musical quiz carried on between dances, in which the dancers were quizzed on their musical knowledge by “Krutch” as he walked through the audience.
The students in the College of Agriculture and Home Economics presented the annual Ag Dance on April 27. Like the Ag Dances of previous years, it maintained its high standard as the most informal frolic of the major dances sponsored by the students of the University of Illinois.

This dance was organized in a rather unique manner with the chairmen and co-chairmen of the various sub-committees serving as the general committee. Charles Norton, Editor of the *Illinois Agriculturist* served as the general chairman. The sub-committees were each assigned to supervise the various tasks necessary for the organization of the dance. The members of these committees were chosen from the membership of the Agricultural Club and the Home Economics Club.

The chairmen and co-chairmen of the sub-committees were as follows: Publicity, Walter D. Parks, chairman; Esther R. Sass, co-chairman; Decorations, Robert M. Ash, chairman; Katherine M. Myers, co-chairman; Programs, Harry W. Smith, chairman; Arrangements, Charles H. Dick, chairman; Ticket Sales, Norman H. Richards.

The students who were on campus during the Summer Session were provided with a very interesting and varied entertainment program. This year The Summer Artists Course, a new feature, was added. This series consisted of four numbers, The Fisk Jubilee Singers, dialogues and character sketches, an aesthetic dancing program, and the production of "Our Town" by the Summer Theater.

Other features of the program were athletic tournaments, lectures, band concerts, and mixers in the ice rink.

On July 29 the Summer Prom with Tiny Hill's orchestra climax the summer's entertainment. Over six-hundred fifty couples attended. Marian Banks was chosen as the Prom Queen.
Three of the most successful dances of the year were those given by the Student-Alumni Association. All three were sell-outs. The dances were supervised by the Junior and Senior Boards of the association. The vice-presidents served as chairmen, with president George Bristow, secretary Alice Lorey, and treasurer Robert C. Taylor serving as ex officio executives for the dances.

The first dance was held on October 21, following the football game with Indiana. Glen Gray was back on the campus with his ever popular “Casa Loma” orchestra. After the Illini victory over Michigan on November 4, the evening’s jubilance was climaxed by the Homecoming Dance, with “Duke” Ellington’s orchestra. The social season of the second semester opened with the Registration Dance. Jimmy Dorsey’s band provided the music. His gay style characterized the care-free “between semester” attitude of the students. The association gave its profits from the last dance to the fund being raised to furnish the new Illini Union Building.
Three interfraternity dances were held this year under the sponsorship of the Interfraternity and Pan-Hellenic Councils. This is the first year that the fraternity men and women have combined forces for all their major social events. The three dances were supervised by representatives of the two councils as well as faculty advisors.

The first dance of the season was the winter formal held on December 2 in Huff Gymnasium. Johnny "Scat" Davis with his radiating personality and his band of smooth musicians entertained the dancers with his original "scat" rhythms.

An informal dance was held on April 6 with another "big name" orchestra furnishing the music. On May 11 the interfraternity social season will end with a summer formal.
STAGE AND CONCERT
The Illini Theatre Guild is composed of three undergraduate dramatic societies: Mask and Bauble, all-university dramatic honorary; Pierrots, men's dramatic honorary; and Arepo, operatic honorary. The Faculty Players Club is a patron member. Executive authority of the guild is vested in a board of directors composed of a representative from each of the member societies and two university representatives.

This year the Illini Theatre Guild was directed by Wesley Swanson, general director, Richard Moody, acting director, and Joseph Scott, acting technical director. The undergraduate staff, headed by four senior managers and assisted by ten junior supervisors, appoints the members of the eight business and production crews for each of the guild productions. The crew heads and assistants direct the work of the various crews under the supervision of the juniors.
The two business managers have charge of publicity, box office, house management, institutional publicity, and The Illini Playbill, eight to twelve thousand copies of which are distributed free to publicize each production. The business manager is nominal managing editor of the Playbill, and the junior business supervisors take turns editing the successive issues. The juniors also alternate in supervising the other departments of the business staff.

The two production managers supervise the students on the back stage crews. These include construction, scene painting, lighting, costumes, properties, and make-up.

Arepo presented a Gilbert and Sullivan opera, "Yeomen of the Guard," April 21 and 22, 1939, before a capacity crowd in Lincoln Hall Theatre.

The setting portrayed a sixteenth century courtyard. Throughout the play mistaken identities caused many amusing complications. This humor and the excellent singing made another Gilbert and Sullivan production loved by the audience.

"Tobias and the Angel" was presented by the Faculty Players Club on the evenings of January 19 and 20 in Lincoln Hall Theatre, under the direction of Richard Moody.

The comedy, written by James Bridie, Scottish playwright, is based on the Biblical book of Tobit, and has been produced only a few times in this country. Costumes were copied from those used in a production in Washington, D. C., in which Marvin T. Herrick, President of the Faculty Players, acted.

Star Course

Star Course is a non-profit organization whose chief objective is to bring to the campus the best of musical entertainment. This year, in addition to the regular course of six numbers, a Symphony Series was presented. The Minneapolis and Indianapolis Symphony Orchestras appeared in this series.

Star Course, under various names and forms of organization, existed as far back as 1883. The present University Concert and Entertainment Board was organized in 1931 to supervise and conduct all concerts and public entertainments given in University buildings wholly by professional artists, lecturers, orchestras, and other professional organizations, for which admission is charged.

The Concert and Entertainment Board is composed of four members of the faculty who are appointed by the President of the University, and four students elected by the Student Senate. Two juniors are elected each year to serve for two years.

The board not only chooses the artists who will appear on the Star Course programs, but also appoints the senior and junior managers, and selects the sophomore staff.

The structure of Star Course is comparable to that of a big business, with the University Concert and Entertainment Board as the board of directors, senior student managers as executives, junior managers as supervisors, and fifty sophomores as staff workers.

The students working on Star Course carry on most of the functions of a big business. They write publicity material of all kinds, plan and conduct sales campaigns, and carry on much correspondence. Every Star Course manager knows how to write a good sales letter. Ticket sales, of course, necessitate bookkeeping and taking inventory. Details involved in putting on a professional concert include everything from printing the tickets to entertaining the artists.
Star Course

One of the Metropolitan’s leading Wagnerian sopranos is Marjorie Lawrence, who appeared with Lauritz Melchior in a joint recital on November 21. Miss Lawrence is noted for her versatility which she showed in her selection of songs. Her clear enunciation, and wide vocal range made her performance an outstanding one.

Opera audiences of three continents have hailed Lauritz Melchior as "the world’s greatest heroic tenor." On the concert stage, this tall Norseman was an imposing figure. Mr. Melchior sang with equal ease and clarity his Grieg, Strauss, and Wagner numbers. His dynamic performance well justified his title, "The Great Dane of Song;"
Star Course

Since his debut in America in 1938, Robert Virovai, the sensational eighteen year old violinist, has claimed highest honors wherever he has played. The famous Hungarian violinist, Hubay, claimed him as his prize pupil. On the concert stage, Virovai displays a remarkable technical virtuosity which is balanced by a clear, full tone quality.

Simon Barer, Russian pianist, won the Rubinstein prize, which gave him title to "Virtuoso pianist par excellence," at the age of twenty-two. His brilliant technique is made all the more remarkable by his flawless musical taste. He has been ranked among the greatest exponents of the keyboard in recent times.
January 16 marked the eighth time that the St. Louis Symphony Orchestra, the second oldest symphonic organization in the country, has played in the University Auditorium. Under the brilliant and imaginative conductorship of Vladimir Golschmann, this orchestra of eighty-seven players captured the applause of another Star Course audience. At close range, Golschmann is quiet, eager, alert, witty, and interested. On the podium his eyes tell his men far more than his hands, although his gestures are graceful as he moulds the melodic phrases and outlines the rhythms. His outstanding qualities are his power and vitality and his command of the orchestra.

Two other popular symphony orchestras, the Minneapolis Symphony and the Indianapolis Symphony, were presented in the new Symphony Series. Partly because the auditorium cannot hold all those who wish to attend the regular Star Course programs and partly in order to meet a growing demand for more symphonic music, the Concert and Entertainment Board has inaugurated the Symphony Series.

The Minneapolis Symphony, under the direction of Dimitri Mitropoulos, opened the Symphony Series on February 15. Mitropoulos demanded much of the orchestra and got it by amazingly energetic work and meaning made unmistakable by broad, clear, rather spectacular, but not too extravagant gestures. His musicianship enlisted the full confidence and cooperation of the orchestra players.

Fabien Sevitzky directed the Indianapolis Symphony in its second concert here on March 27. In three years, he has developed his young musicians into a symphony orchestra that is ranked among the foremost in the country. The Symphony has won recognition for its admirable pliability, splendid balance, and well-fused, sonorous tone.
The Coolidge String Quartet is composed of William Kroll, first violin; Nikolai Berezowsky, second violin; Nicolas Moldavan, viola; and Victor Gottlieb, violoncello. On December 14, these four men convinced an enthusiastic Star Course audience that they were listening to one of the world's outstanding string ensembles.

The University Bands are made up of three separate units, the world renowned Concert Band which is recognized as a pioneer organization in making the symphonic band of today comparable to the symphony orchestra in its performance and program material and the First and Second Regimental Bands which furnish the necessary music for military ceremonies, athletic events, and many other similar school functions besides presenting concerts during the course of the year. Several times during the year the regimental bands are called upon to augment the Concert Band on certain numbers.

Positions in these organizations are determined by competitive examinations which are given throughout the year and service in them takes the place of the required military training. Members in the Concert Band are eligible for scholarships as soon as their military credits have been fulfilled.

During the football season a select unit of 180 bandsmen is organized to form the famous Illini Football Band. This "Triple Threat" group combines playing, singing, and marching to thrill the crowds who view the Illinois football pageantry.

This year the band department is celebrating its 50th anniversary, its first appearance as an organized group being in 1889.

MILITARY
The University of Illinois Military Brigade began its seventy-second year as one of the largest and finest Brigades in the United States. A provision of the Morrill Land Grant Act, which this campus accepted in 1867, required basic military training for all physically able students. All men enrolled in the University, a total of seventy-five, composed the first Brigade, which drilled on the north campus at the present site of the Old Gym. In 1921 the University of Illinois R.O.T.C. was installed, which now includes more than 4,000 men and has one of the largest armories in the country. In command of the Reserve Officers' Training Corps are 26 officers of the regular army who are assisted by 46 enlisted men.
The University Brigade is composed of the following units: Infantry, Cavalry, Field Artillery, Coast Artillery Corps, Signal Corps, and The Corps of Engineers. After two years of basic training, men who have done superior work as basic soldiers are selected for the advanced corps. In the advanced corps the student officers receive experience in training the basic students. Between their junior and senior years, all student officers attend one of the summer Reserve Officers' Training Corps Camps where they receive practical military training which cannot be obtained at the University. This military training has proved to be of great advantage to the Nation and State in preparing Reserve Officers. Besides this duty to the government, military training develops obedience and leadership in these students.
The Commandant of the Brigade is the Cadet Colonel. It is his duty in addition to being a senior officer of the Brigade Staff to direct the weekly retreat ceremonies which are held in the Armory. Annually, on Military Day, the Illinois Department of the Daughters of the American Revolution presents a saber to the cadet officer selected as the Cadet Colonel of the Brigade for the next year.

The Cadet Staff is composed of the Cadet Colonel and a representative from each of the other five units. The staff has complete command of the execution of military orders given out by the department. The Veterans of Foreign Wars of the United States, Department of Illinois, presents a saber to each member of the Cadet Staff in recognition of leadership and outstanding ability at the annual Military Day ceremonies. The staff members all have the title of Lieutenant Colonel with the exception of the Commandant, who has the title of Cadet Colonel.

The excellence of the brigade depends upon the cooperative functioning of the complete staff whose efforts are directed towards teaching freshmen and sophomores the basic factors of a military education.
In 1868 a cadet corps was established at the University of Illinois and has continued without interruption except for a period of the World War when it was suspended and replaced by the Student Army Training Corps. The first regular army officer was detailed as Commandant of the corps of cadets in 1877. The corps at this time consisted of only 198 students and infantry was the only unit.

The Department of Military Science and Tactics operates directly under the President of this University. At its head is a colonel of the regular army, detailed for this duty by the War Department and responsible to the President of the University of Illinois and to the War Department for efficient and proper administration and training of the six R.O.T.C. units at the University. Six additional field officers of the army are directors of the six R.O.T.C. units and they are in turn assisted by majors, captains, and lieutenants of the army.
Since the time the Military Council was founded at the University of Illinois in 1929, it has gained a prominent position at the University. The main purpose of the organization is to serve as the governing body of the R.O.T.C. Department which includes making a stronger bond between the regular army staff and the students of the R.O.T.C.

Members of the Council are the Cadet Colonel, the Lieutenant Colonel of each unit, the Brigade Staff, and a representative from each of the military fraternities, club, and societies. The adviser to the Council is a member of the regular army staff. The Commandant of the University keeps in close contact with the personnel of the Brigade through the Council by accepting the student's viewpoint in the determination of the policies for the R.O.T.C.
Military Council

George R. Avery ........................................ Major, Rep. Pershing Rifles
Charles H. Dick ......................................... Major, Rep. Cavalry Officers' Club
Roger S. Hutton ......................................... Major, Rep. Scabbard and Blade
George C. Fanning ...................................... Major, Rep. Caisson Club
Ralph A. Wilmot ......................................... Captain, Rep. Coast Artillery Club
Levi H. Robinson ........................................ Captain, Rep. Pi Tau Pi Sigma
James R. Mathers ....................................... Captain, Rep. Phalanx
Clarence A. Nilsson .................................... Captain, Rep. Alpha Tau Sigma

Besides acting as the student governing body, the Council supervises all events which are sponsored by the military organizations. Some of the events under the Council's supervision are the annual Military Ball, the Officers' Ball, the Military Show, the University Horse Show, and any dances given by other organizations in the Military Department. Awards and medals are given by the Council to the outstanding students of the brigade. Another activity is the publication of the Millini, official program for Military Day. The Millini presents a true cross-section of the military events at the University with a complete resume of activities of the military department and articles pertaining to the various organizations.

New equipment and other improvements not provided for by the regular grants of the Federal and State governments are purchased by the Commandant from the Military Special Unit Fund. This fund is created from the profits from the military dances and shows.
Basic students in Cavalry are taught the usual fundamentals of map reading, military courtesy, marksmanship, and the additional fundamentals of horsemanship, scouting, patrolling, and the use of automatic weapons. In the Advanced Corps the students receive a more extensive training in those fundamentals and training in the field of mechanization.

Summer training at Camp Custer, Michigan, gives the men an opportunity for mounted pistol work, actual use of machine guns, scout cars, and other cavalry weapons. At Camp Custer also, the men enjoy almost daily riding and thoroughly learn the job of keeping and caring for a horse.

Upon graduation, the student has been thoroughly prepared for his rank as 2nd Lieutenant in the Cavalry branch of the Officers Reserve Corps.
Today aviation is a powerful war-time factor and has made apparent the need for an adequate defense of ground objectives. To prepare for this needed defense the Coast Artillery is now handling anti-aircraft weapons as well as the large coast and field guns. This unit, which trains for the anti-aircraft section of the Coast Artillery, has been operating at the University of Illinois for the past ten years.

In addition to the basic course offered in military fundamentals, the advanced corps of students are given training in a summer camp at Fort Sheridan, Illinois. It is here that they receive practical experience by actually firing the anti-aircraft guns, machine guns, and 155 mm. guns. Training is also given in marksmanship practice with the regulation army rifle and pistol.

A complete four year R.O.T.C. training course in the Coast Artillery corps gives the student ample instruction in military fundamentals, scouting, patrolling, and map-reading in addition to the practical training received both at school and at camp.

Robert C. Taylor
Lt. Colonel
Enrollment in the University Engineer Corps of the R.O.T.C. is restricted to those students registered in the College of Engineering. The students in both the basic and advanced courses receive only theoretical training while at the University. The basic course offers instruction in rifle drill, map-reading, and military exercises, and in particular it provides training in the organization of teams for constructing and demolishing various types of military structures.

Because of the lack of equipment and adequate space at school, the summer camp training for the advanced corps students at Camp Custer is of special importance to those in the Engineering Corps. While at camp the students specialize on such unit subjects as bridge-building, road-building, construction of temporary fortifications, the handling and use of explosives, and the regulation camp curriculum of riding, drilling, and practice with the service rifle. The Engineers also have an important role in the annual sham battle. Here they build and demolish bridges, construct roads, dig trenches, and put up temporary defenses.
At present the Field Artillery is composed of two regiments each having a lieutenant colonel, staff officers, and some 600 men in the ranks. In 1919, the date of its organization at the University of Illinois, it was composed of one regiment of eighteen students.

The sophomore Field Artillery students, upon completing the two year basic course, are selected for the two year advanced course in which their training is further amplified. At the end of their junior year at school the advanced students spend six weeks during the summer at Camp McCoy in Sparta, Wisconsin. Here practical instruction and training are given the men in actual artillery fire which prepares them for their duties as senior commanding officers.
The Infantry of the University R.O.T.C. is composed of two separate courses: the basic course and the advanced course. The former includes training in such fundamentals as map-reading, the principles of conduct, and regulation foot and rifle drill. Elementary machine gun drill, marksmanship, scouting, and patrolling are also taught in this basic course. Upon selection for the advanced course, the student is afforded practice in leadership and command and further training in the fields already mentioned.

A vital part of the advanced course is the summer session at Camp Custer, Battle Creek, Michigan. Here the Infantry students from the Universities of Wisconsin, Michigan, and Illinois, and from Michigan State, Knox, and Ripon Colleges, receive instructions in the use of all Infantry weapons. The stay at camp also includes command during drills, a practice march with an overnight bivouac, the organization and participation in two parades, and a night attack problem. Regulation army discipline and drill play a prominent part in this summer camp training.
The outstanding function of the Signal Corps training of the University R.O.T.C. is the establishment of communication lines. This training is divided into two main courses: basic and advanced. The former consists mostly of practice in the assembly and use of wireless and military telephones in addition to instruction in citizenship, military discipline, and map-reading.

The student officers or advanced corps men, together with the military students from the Universities of Minnesota, Wisconsin, Michigan, and Ohio attend the summer camp at Fort Sheridan at the end of their junior year. Here they receive training in practical problems of communication work. The advanced course also includes training in leadership and the commanding of basic corps students. At the end of this four-year course, the graduating seniors are offered a second lieutenant’s commission in the regular army.
The annual Military Ball, outstanding event of the military year, was held on April 19, 1940, in the George Huff Gymnasium, over a thousand couples being entertained by the rhythmic music of Larry Clinton and his orchestra. Sponsored by the Military Council, details of the dance were in the hands of a committee headed by Cadet Colonel Walter T. Morey.

The gymnasium was arrayed in colorful decorations, which appropriately combined the military theme of the dance into a gay setting for the dancers. The American flag was featured in the decorations, and red, white, and blue ceiling streamers and bunting on the walls created a magnificent display. The orchestra stand was placed before a large background decoration which further emphasized the military atmosphere. Certain sections of the gymnasium were converted into lounges where couples and chaperons could gather between dances.
The cadets attending the dance were dressed in their full military uniforms for the occasion. This created a distinct contrast to the gay colored formal dresses worn by their guests and the flashy dress uniforms of the regular army officers, which supplemented the colorful decorations of the gymnasium. Programs for the dance were skillfully designed to bear out the military theme.

Balconies of the gymnasium were crowded with spectators who had come to listen to Larry Clinton’s noted orchestra and to witness the colorful spectacle of the Military Ball. They were further entertained at various times with clever novelties provided by the orchestra, which were enthusiastically received by the dancers as well.

Shortly before midnight the dancers assembled for the feature event of the ball, the grand march. Led by Cadet Colonel Morey and his guest, the marchers paraded around the dance floor to end up at attention before the R.O.T.C. Color Guard.

The committee for the Military Ball of 1940 was composed of Cadet Colonel Walter Morey, the seven lieutenant colonels, and two of the majors of the University Brigade.
The annual Officers' Ball, sponsored by the Military Council with Major Charles H. Dick as chairman, was held on the evening of January 20, 1940, in the lower gymnasium of the Woman's Building. The dance was given in honor of Colonel Fred R. Brown, who was retired from active duty as Professor of Military Science and Tactics at the close of the first semester. More than three hundred and fifty couples of advanced R.O.T.C. students, faculty officers, reserve officers, and other military officials attended this dance. Colonel Brown was presented with a scroll, signed by each of the cadet officers of the honorary military organizations, as a permanent record and expression of the appreciation of the Brigade for the work the retiring Commandant had done to further the best interests of military training.

The colorful decorations carried out the military atmosphere to every detail and added much to the success of the dance. Outstanding features were large silhouetted figures and an American eagle placed above the orchestra pit.

Dick Cisne and his orchestra provided the dancers with many popular arrangements and danceable rhythms.

NEO dope TX PSI
INDEPENDENT ORGANIZATIONS
The Men's Independent District Association is an organization which promotes a stronger feeling of unity among independent men on the campus.

This year the organization has accomplished several of its many aims for the independents. For many years, it has attempted to secure a university dormitory for men students. Next year, largely due to the efforts of M.I.D.A., the university will begin construction on a new dormitory.

Other improvements in conditions for independents will be realized in the new Union Building where a non-profit book exchange and low cost eating facilities will be established for the students.

To promote social life on the campus, the M.I.D.A., in cooperation with W.G.S., sponsored two major dances for the independents during the school year.

With Vision to the Future

In back of every great accomplishment there is a vision ... a dream. Columbus dreamed his dream and discovered America. Our Colonial forefathers dreamed their dreams and gave us the Declaration of Independence. Pasteur, Edison, Fulton, Marconi, Madam Curie, every great man or woman has dreamed a dream.

Back in the middle 1830's a village blacksmith in central Illinois dreamed his dream—a plow that would scour in the prairie soils of the opening West.

It was just a dream until that early spring morning in 1837 when John Deere turned his dream into a reality and laid the foundation of the great organization that bears his name today.

With John Deere, as with every man or woman who leaves an impress on the pages of history, success followed the ability to turn the gossamer of a dream into the granite of achievement.

John Deere, Moline, Illinois

WHERE the University of Illinois has grown great through educational service to the State, Pontiac Engraving & Electrotype Company has likewise achieved National renown through the service rendered yearbook staffs throughout America.

The Illio of 1940 stands as a tribute to its staff as an interpretation of the year at the University of Illinois; likewise it is a tribute to supreme craftsmanship as exemplified by Pontiac service men, Pontiac photographers and Pontiac craftsmen in supplying engravings of supreme quality.
