Foreword

It would be impossible for us to record completely one school year at the University of Illinois, but we hope that from what we have been able to portray you can relive your own college life.

Perhaps you will remember the opening of the Union Building, first classes in Gregory Hall, or the packed stadium at Homecoming. Time which has passed can never return, but memories of the past may be far richer than the experience itself.

If this book succeeds in making those memories richer than experience, then we have accomplished our purpose.
As we survey the years which are to come, we cannot help but wonder what is in store for us. Whatever it may be, we, of the University of Illinois can face it without fear.

We have inherited from those who have gone before us, an ideal of courage and devotion. The New Union Building is a monument to this heritage of undying service of the Illini to their school. We, in our turn, must pass these ideals on to those who will follow, and it is to these alumni of the future that we dedicate this 1941 Illio.

To the Students of the University of Illinois

During the fall of 1940 a movement developed in the student body which I consider truly representative of the University and in keeping with its best traditions. It appeared under the slogan "Go Illini" and as the football season progressed it gained considerable momentum.

The "Go Illini" slogan was directed principally to the student body, and was calculated to stimulate anew the enthusiasm of the old Illini spirit and a feeling of pride in everything associated with your Alma Mater. Its sponsors were seeking more general active interest in the promotion of intercollegiate athletics to the end that Illinois teams might receive the full support of all the students.

I have no quarrel with those who seek to revive such a spirit, but to me "Go Illini" connotes much more than simply athletics and successful sports seasons. It should inspire the utmost endeavor along all lines for which this University exists—a continuous betterment of its educational and scientific programs and other services, the strengthening of its faculty, the improvement of its facilities, and in fact renewed support for every phase of its work. Every student, alumni, and member of the faculty should be imbued with all those Illini ideals, which are in the interest of human welfare and social progress. The development of such an enthusiasm would serve to give this University an added impetus which would accelerate its advancement in as many fields as possible.

We need such spirit and enthusiasm in our University. Enthusiasm for the accomplishment of a task or the solution of a problem often means the difference between success and failure. Loyalty, earnestness, pride in accomplishment, enthusiasm—these are the essentials of successful student, faculty, and alumni spirit. With this understanding, I am sure we can all agree on "Go Illini!"

A.C. Willard
Arthur Cutts Willard was elected seventh president of the University of Illinois by the Board of Trustees on March 13, 1934, and assumed the presidency in July of that year. He has been a member of the University faculty since 1913, coming here as assistant professor of heating and ventilation in the Department of Mechanical Engineering. Four years later he was made a full professor and in 1920 was named head of the department. Nine months previous to his election as president, he had been made Acting Dean of the College of Engineering.

Dr. Willard was born in Washington, D.C., and attended the Central High School there. He studied in the National College of Pharmacy for one year and then entered Massachusetts Institute of Technology, taking a chemical engineering course and receiving his Bachelor of Science degree in 1904. Following graduation from M.I.T. he taught for one year at the California School of Mechanical Arts in San Francisco and for three years at George Washington University in the national capital. The four years preceding his transfer to Illinois he served the United States War Department as Sanitary and Heating Engineer.

Three honorary doctor's degrees have been conferred upon President Willard: Doctor of Engineering by the Case School of Applied Science, Doctor of Laws by George Washington University, and also the Doctor of Laws by Northwestern University.
The past year has seen the completion of the long needed new heating and power plant; Gregory Hall, a splendid classroom building, replacing old University Hall; the handsome Natural Resources Building; and additions to McKinley Hospital and the Library. Of greatest general interest, perhaps, is the beautiful Illini Union Building—the realization of a dream of many years of alumni, students, and faculty. Under construction, also, are a men's residence hall in Champaign, and a union building in Chicago.

It is hoped that by spring, plans for the transfer to the University of the entire responsibility for the operation and management of the Research and Educational Hospitals, in Chicago, will be consummated. Such arrangement, it is felt, will tremendously enhance the prestige of the Chicago Colleges and enable the University to serve more efficiently the people of the State of Illinois and the cause of medical science.

Through the R.O.T.C. the training of pilots and the services of faculty members on various Governmental Boards and Commissions, Illinois is doing her full share in the cause of National Defense.

Illinois has a wonderful Physical Plant and has one of the largest enrollments in the country. But the true greatness of the University lies in the quality and scope of its educational and research work. Many members of our faculty, as leaders in their respective spheres of knowledge, are famous throughout this country and the world. This is equally true back through the years. Illinois can rightfully boast of its contribution to education, science, and the progress of this state and nation and civilization itself, as this country knows it. As students, if you will learn to know your University before you leave the campus, you will ever after hold your head high in the pride of the knowledge that you attended, and were a part of, one of the world's truly great Universities.

The College of Engineering

The curricula in Engineering are planned to give a thorough training in mathematics and the physical sciences which are applied in the design, construction, and operation of engineering structures, machines, and industrial works. A moderate amount of specialization is provided through options and by special arrangement of courses in the senior year. The enrollment in the Engineering College this year is 1,840, and is one of the largest in the history of the College.

The Engineering Experiment Station, organized in 1903, was the first in any engineering college. Nearly 400 bulletins and circulars recording the results of investigations in almost every field of engineering have been published and are to be found in libraries in all parts of the world. The Station is engaged in many investigations in cooperation with trade associations, governmental agencies, and with industry. A new Research Home has been built this year at the corner of Green Street and Busey Avenue in Urbana for an investigation of steam and hot water heating systems.
The College of Liberal Arts and Sciences offers instruction in the humanities, the social sciences, and the natural sciences, leading to the degrees of bachelor of arts, bachelor of science, bachelor of science in chemistry and chemical engineering and in home economics. In addition, it offers the necessary work preparatory to medicine, law, journalism, and education.

Its courses are sufficiently flexible to meet the varying needs of its large student body. The general curriculum is designed for those who seek a broad general education. The professional curricula are designed to lay the foundations for those students who wish to specialize for professional careers.

The College attained its present status in 1913 when the College of Literature and Arts and the College of Sciences were combined to form the College of Liberal Arts and Sciences, with the late Kendric C. Babcock as Dean. The instructional staff is composed of 190 teachers of professional rank, 73 instructors and numerous full and part time assistants.

The usefulness of the College has been enlarged by the creation in 1937 of a Personnel Bureau which affords the opportunity for personal counseling along the lines of educational, scholastic, and vocationa guidance.

The College is at present organizing a General Division with a curriculum built around non-departmental courses and designed specifically for students seeking a general education.

Matthew Thompson McClure, Dean of the College of Liberal Arts and Sciences, was born at Spotswood, Virginia, April 27, 1883. A Bachelor's degree was awarded him at Washington and Lee University in 1904, where he did his undergraduate work, a Master's degree at the University of Virginia in 1907, and a Doctor's degree at Columbia in 1912.

Before coming to Illinois, Dean McClure was an instructor in Philosophy at Columbia and from 1915 to 1921 a professor of Philosophy at Tulane. He began his career at Illinois in 1921 as Associate Professor in Philosophy. In 1922 he became Professor of Philosophy and in 1926 he was appointed head of that department. The doctorate was awarded him in 1934 after serving a year as Acting Dean of the College of Liberal Arts and Sciences. Dean McClure is a member of Theta Delta Chi, Phi Beta Kappa, Phi Kappa Phi, Phi Eta Sigma, Delta Sigma Iota, The American Philosophical Association, and other honorary organizations.
Charles Manfred Thompson, '09, Dean of the College of Commerce and Business Administration, is an alumnus of the University of Illinois: A.B., '09; A.M., '10; Ph.D., '13. His work in this department dates from 1912, when he was appointed Assistant in Economics. In 1919 he became Professor of Economics and Dean of the College. With the establishment of the Bureau of Business Research in 1921, Dean Thompson was made Director. He holds two honorary degrees: LL.D. from Muskingum College, and D.Litt. from McKendree College. His fraternities are Delta Chi, Phi Beta Kappa, and Beta Gamma Sigma. The Dean is best known as a lecturer and a writer on subjects dealing with Economics and Economic History. Under his direction the University has built up a Business Records Library comprising several million items.

The work in this college dates from 1902, and the first graduating class was in 1903. In 1915 the college was set up as an independent educational unit of the University.

After a two year period, during which time all students pursue a common curriculum devoted exclusively to fundamental subjects of study, students are offered in their junior and senior years a wide selection of specialization, ranging from general economics to industrial management.

The object sought in this college is sound preparation in economics and allied subjects, plus an understanding of history, government, natural and biological science, philosophy, mathematics, English literature, and modern language.

During the thirty-eight years since the work in this college was instituted, approximately seventeen thousand students have been in attendance. At the present time the college has a student enrollment of seventeen hundred students and a faculty of seventy-five.

Charles M. Thompson
The College of Agriculture

The giving of general and specialized training to young men and women who will shortly assume the stewardship of our agricultural lands and compose our rural homes is the major purpose of the College of Agriculture. A wide range of courses dealing with the production, marketing, processing, and utilization of food and clothing materials is offered. Thorough grounding in the basic sciences is required, as is also the broadening experience gained through cultural courses. The enrollment of the College of Agriculture in 1940-41 is more than 1,600.

The teachings of the College are vitalized by the work of the Experiment Station, with its hundreds of projects designed to test new practices and develop new knowledge; and by the close contact which members of its staff have with the people of the State through its well developed and active Extension Service.

A friendly faculty is eager to help each student prepare himself for effective participation in our national economy, not as a cog in a complex machine nor as a mere tool of production, but as a responsible individual who realizes his obligation to society.
The College of Education

The College of Education offers, on the undergraduate level, professional preparation for high school teachers. On the graduate level it offers advanced professional preparation for elementary and high school teachers, supervisors and principals, and superintendents of schools, and prepares faculty members to teach and to carry on research in Education in colleges and universities. A new graduate professional curriculum in Education leading to the degrees of Master of Education and Doctor of Education has recently been approved.

The College of Education had its origin in 1893 in the influence and teaching of Charles de Garmo, professor of psychology. In 1900, a Department of Education was set up which became, in 1907, the School of Education, and in 1918 received its present title, the College of Education. At the same time the Bureau of Educational Research was established. In 1939-40, 312 students graduated from the College of Education, 241 received the degree of M.A. or M.S., and one received the degree of Ph.D. The faculty of the college, including the staff of the Bureau of Educational Research and of the University High School, totals 70.
The College of Law

The College of Law was established in 1897. Dr. Andrew S. Draper was President of the University and the Honorable John P. Altgeld was Governor of Illinois at the time, and both of these men were active in initiating the idea of founding the College and in setting it up as an integral part of the University. President Draper also for a time served as the first dean of the College.

Most of the important changes in legal education have taken place since the College was organized. With these it has not only kept pace but usually has been among the pioneers in advancing standards. While the primary purpose of the College is to educate students for the practice of law, it seeks also to promote legal scholarship, to develop an appreciation of the highest ideals of the profession, and to instill a consciousness of the responsibility of the lawyer to society in furthering the wise development of law and its administration.
Rexford Newcomb, Dean of the College of Fine and Applied Arts, received his training at the Universities of Kansas, Illinois, and Southern California. His academic studies have been supplemented by wide travel in Europe and the Orient.

Before coming to the Illinois faculty in 1918, Dean Newcomb was for five years Director of the Department of Fine and Applied Arts at Long Beach Polytechnic (California), and for four years Director of Adult Education and Principal of The Long Beach Evening High School. He served also on the faculties of the University of Southern California and the Agricultural and Mechanical College of Texas, at the latter institution as Professor of Architecture and College Architect.

Dean Newcomb was for 10 years editor of the Western Architect, Chicago, has served as technical consultant in various connections, has lectured widely on the Fine Arts, and is the author of 14 volumes and several hundred magazine articles in his field. He is a member of Phi Beta Kappa, Sigma Xi, Phi Kappa Phi, and various other honorary and professional organizations.

The College of Fine and Applied Arts

The College of Fine and Applied Arts was established in 1931 by combining in one administrative unit the Departments of Art, Architecture, and Landscape Architecture and the School of Music, all of long history and in flourishing condition. To these departments the Bureau of Community Planning was added in 1934.

The teaching program of the College is two fold: to train professionals in the various fields of art and to offer students at large the cultural advantages to be gained by the study of and participation in the various arts.

With a faculty of 80 men and women, the College enrolls nearly 800 professional students and an equal number from other colleges of the University who elect one or more art courses.

Smith Memorial Hall houses the School of Music; the Architecture Building houses the Departments of Art and Architecture. In addition, the Department of Art has additional quarters in Engineering Hall, Lincoln Hall, Commerce Building, Surveying Building and Mumford House. The Department of Landscape Architecture is amply housed in the New Agriculture Building.
The Graduate School

The principal aim of graduate study is the development of the power and the promotion of the spirit of investigation. The student who pursues an extended course is expected to obtain a wide knowledge of his subject and of related fields of investigation, and also to acquire and begin to use the power of extending the range of what is known.

Scholarships and fellowships, established by the University Board of Trustees, are open to graduate students of exceptional ability and promise. Funds are available from several special sources for the support of additional fellowships, the purpose of which is to promote higher education and to contribute to the extension and diffusion of knowledge. Several important individual research programs are encouraged and helped forward by the aid of resources which have been made available through the Graduate School and the Research Board. Some of these are of very great value in the social process.

Robert Daniel Carmichael

Robert Daniel Carmichael, Dean of the Graduate School, was born in Goodwater, Alabama, March 1, 1879. He was awarded his Bachelor's degree at Lineville College in 1898, and his Doctor of Philosophy degree at Princeton University in 1911. After coming to the University of Illinois in 1915 as Assistant Professor of Mathematics, he became Associate Professor in 1920. From 1929 to 1934 he was head of the Department of Mathematics. In 1933 he was appointed acting Dean of the Graduate School, and a year later he became Dean. He has published several hundred articles on mathematical, philosophical, and scientific subjects, and is the author of several volumes on these subjects. Some of his works have been republished in French translations.
The Library and the Library School

The University Library contains over 1,200,000 volumes. The Library ranks fifth in size among American university libraries and first among state university libraries.

The University of Illinois Library School, established in 1893, is the oldest Library School west of the Alleghenies. From the beginning it has ranked as one of the outstanding library schools in America.

The program of the Library School is designed to prepare administrators and assistants for service in libraries of various types—public, school, college and university libraries, and such special types as hospital, newspaper, business, art, and music libraries. Admission requirements include the presentation of a bachelor’s degree. The curriculum leads to the degrees of a Bachelor of Science in Library Science after one year of study, and to the degree of Master of Science after two years of study. The enrollment is ordinarily around 140. The faculty and the staff total 14. The School is housed on the third floor of the Library building where library facilities, as well as the technical operations involved in library service, may be studied at close range.

Carl Milton White, Director of the University Library and Library School, was born August 12, 1903 at Burnett, Oklahoma. He received the degree of Master of Arts, magna cum laude, from Mercer University, and later studied at the State University of Iowa and Cornell University, where he received the degree of Doctor of Philosophy in 1933. He received the professional degree, Bachelor of Science in Library Science, a year later at Columbia University.

Dr. White was Librarian of Fisk University, 1934-1938. In the summer of 1938 he was an instructor in Library Science at the University of Michigan. From 1938, until he came to the University of Illinois, September 1, 1940, to assume his present position, he served as Librarian, Professor of Library Science, and Chairman of the Division of the Library and Library School at the University of North Carolina.
The School of Journalism

Journalism is taught in American universities because the journalist needs a cultural and a technical education which only the universities are providing; he needs to have that education related to the practice of journalism; he needs inculcation with the professional ideals and the social objectives of modern journalism; and he needs today more than ever before in history the discipline of practical and scientific investigation in contemporary affairs which courses in journalism teach.

Instruction in journalism was first offered at the University of Illinois in 1902, and in 1927 an independent School of Journalism was created by act of the Illinois legislature. The present curriculum includes courses in newspaper, magazine, press association and radio journalism, publishing management, and advertising.

Students are required to complete two years of work in another college of the University before being admitted to the School. In September, 1940, 161 students were enrolled in the School. A large number of students in other colleges annually enroll in journalism courses offered for non-professional students.

The faculty of 13 instructors is composed of experts in the various branches of journalism. Many of them have held positions of responsibility and trust in the world of practical journalism.

Remel Richard Barlow

Remel Richard Barlow was born at Monticello, Wisconsin, April 24, 1894. He received his A.B. degree in Journalism from the University of Wisconsin in 1918, and his A.M. from the University of Illinois in 1926.

Professor Barlow for many years pursued the journalism profession. He served as director of WAND Radio Station, Minneapolis-St. Paul, and instructor in journalism at the University of Minnesota. In 1927 he came to the University of Illinois as an assistant professor of journalism. He was an associate professor from 1932-36, and has been a professor since 1936. In 1940 he was appointed Chairman of the Administrative Committee of the School of Journalism.

During the World War he served 25 months with Field Hospital 127, 32nd Division, and received the Certificate of the Allianze Francaise in 1919. He was Secretary-Treasurer of the American Association of Teachers of Journalism, 1922-24. In 1937 he was the co-author of the Survey of Journalism.

Professor Barlow is a member of Sigma Delta Chi, Pi Delta Kappa, Kappa Tau Alpha, and Alpha Kappa Delta.
The School of Physical Education

The School of Physical Education, established in the fall of 1932, includes three departments: Physical Education for Men, Physical Education for Women, and Health Service.

The Department of Physical Education for Men conducts a program of service courses, attendance at which is required of all men students, and a professional training curriculum for students majoring in physical education, athletic coaching, health and safety, and recreation.

The Department of Physical Education for Women conducts service courses in physical education, a professional training curriculum for students majoring in this subject, a program of intramural sports, and a program of faculty recreation for women.

The Department of Health Service gives health examinations to all students, confers with students about health problems, cooperates with the State Board of Health in controlling contagious diseases, regulates sanitary conditions on and about the campus, and conducts courses in sanitation and hygiene for both men and women.

The School had an enrollment of approximately 400 students in the professional training curriculum, 7500 students enrolled in service courses in Physical Education for Men, 3100 students enrolled in service courses in Physical Education for Women, 3400 students enrolled in hygiene classes, and a faculty of 63 members during 1940-41.

Seward Charles Staley
Director

Seward Charles Staley, Director of the School of Physical Education, was born at Sprakers, New York, on August 1, 1893. He secured a Bachelor's degree in Physical Education at Springfield College in 1917; a Master's degree in Hygiene at Clark University in 1920; and a Doctor's degree in Education at the University of Illinois in 1929. Professor Staley served as an athletic director in the army during 1917 and 1918. In 1920 and 1921 he served as Director of Athletics for the Greek Army in Asia Minor. He joined the staff of the Department of Physical Education at the University of Illinois in 1922, and was made Director of the School of Physical Education in 1937. He is the author of 10 books and many articles in the field of physical education. Squash, rackets and hiking are his chief sports; collecting books on the history of sports is his chief hobby.
The College of Dentistry

The College of Dentistry was founded in 1892 as a proprietary institution under the name of the Columbian Dental College. In 1901 it obtained a nominal affiliation with the University of Illinois, and in 1913 it was established as an organic part of the University.

The College of Dentistry with the Colleges of Medicine and Pharmacy occupies a block of buildings in the heart of the west side medical center of Chicago. The colleges are allied and the faculties associated. The dental clinics, which have unsurpassed facilities for teaching and research, are in the east unit which was completed in 1937.

Since its inception the College of Dentistry of the University of Illinois has been in the vanguard of those colleges which have maintained the highest educational standards. The course of instruction leading to the degree of Doctor of Dental Surgery is four years in length, with two years of credit from a college of liberal arts and sciences as an admission requirement.

It is the aim of the College of Dentistry not only to train competent practitioners for the community, but to promote scholarly investigation and research with a view toward refining and improving methods of treatment and control.

Howard M. Marjerison

Dean Howard Mitchell Marjerison was born in Lawrence, Massachusetts, on November 19, 1895. He received the degree of Doctor of Dental Medicine from Tufts College in 1916, and the following year interned at The Forsyth Dental Infirmary for Children. In 1917 Dean Marjerison joined the staff of Tufts College Dental School as Instructor in Prosthetic Dentistry, holding various ranks up to Associate Professor and Head of the Department of Crown and Bridge and Partial Denture Prosthesis. He became Acting Dean of the Dental School at Tufts College in 1933 and Dean in 1934, and was appointed Dean of the University of Illinois College of Dentistry on September 1, 1940.

Dean Marjerison is a Trustee of The Forsyth Dental Infirmary for Children, and a member of the National Board of Dental Examiners, the American Academy of Dental Science, the Robert R. Andrews Honorary Society, and the International Association for Dental Research.
The College of Medicine

On October 14, 1881 the College of Physicians and Surgeons of Chicago opened. In 1897 it became affiliated with the University of Illinois and in 1900 the name was officially changed to "The College of Medicine of the University of Illinois."

The purpose of the College is to qualify students to undertake the practice of medicine. Because of the limitations of space, the membership of each class is strictly limited. At the present time there are approximately 625 students, both men and women, with a faculty of over 400.

The program of the student during the five years in the College of Medicine is arranged so that the work of the first two years is confined mainly to the fundamental sciences, the time of the student being spent largely in the laboratory. The work of the third and fourth years is devoted to the various clinical branches, with emphasis being placed upon practical instruction in the dispensary and hospital clinics. The fifth year consists of 12 months of internes in a hospital approved by the University.

The College of Medicine, located in the very heart of the medical center of Chicago, is one of the largest medical schools in the country and ranks high in the professional world.

David J. Davis

David John Davis, Dean of the College of Medicine, spent many years in study and research before coming to Illinois. He was born in Racine, Wisconsin, on August 10, 1875, and studied first at the Racine Academy. From the University of Wisconsin he received his Bachelor of Science degree in 1898 and his M.D. degree from Rush Medical College in 1904. In Europe he continued his studies at Vienna and Freiberg, and then returned to the United States to carry on his research work in Chicago at the McCormick Institute for Infectious Diseases. Before coming to Illinois he served as pathologist at St. Luke's Hospital in Chicago. In 1913 he came to the College of Medicine as Professor of Pathology and Bacteriology. He has written several treatises on Bacteriology and is the author of numerous other medical papers. He began serving as Acting Dean in April, 1925, and succeeded to the Deanship in September, 1925.
The College of Pharmacy

The College of Pharmacy of the University of Illinois, which was originally incorporated as the Chicago College of Pharmacy in 1895, has for its purpose the training of young men and women in the science and art of compounding physician’s prescriptions. It seeks through a well-organized Bachelor of Science curriculum to prepare the student adequately to perform understandingly the exacting requirements of professional service which has been integrated with the practice of medicine throughout its entire history.

The new equipment and laboratories which were made available in the Medical and Dental College Laboratories Building, located in the heart of the West Side Medical Center, offer a physical plant second to none in this country.

The College of Pharmacy, its faculty, and graduates have played an important role in organizing many affiliated associations such as the Illinois Pharmaceutical Association and American Pharmaceutical Association. Various members of the faculty contributed to the development of the United States Pharmacopoeia and the National Formulary.

Approximately 225 students are now enrolled in the three years of professional work which is offered to students of pharmacy on the Chicago campus, and like other students in colleges of pharmacy, they are taking an active part in student organization work.

The demand for well-trained pharmacists is very constant, which is an indication that pharmaceutical education is a dignified and well-supported function of the University of Illinois.

Earl Roy Serles

Earl Roy Serles was born near Salem, South Dakota, November 18, 1890. By 1917, he had received his B.S. in Pharmacy, and M.S. in Chemistry and Pharmacy from South Dakota State College. He received his Ph.D. in Pharmacology from the University of Minnesota in 1924. From 1917-1940 he served on the faculty of South Dakota State College of Pharmacy and was Dean from 1923-1940. In 1940 he came to the Chicago campus of the University of Illinois, as Dean of the College of Pharmacy.

He is a member of the American Pharmaceutical Association and the United States Pharmacopoeia Revision Committee. He was formerly a member of the Advisory Council of the South Dakota Public Health Association, and President of the American Association of Certified Pharmacists, 1938-1939, and is a member of Gamma Alpha and Iota Phi fraternities, and Blue Key. He served in the Medical Corps during the World War. Dean Serles has contributed many articles on pharmacy to scientific journals and other publications and is well known for his discoveries and experimentation.
Robert Bell Browne, Director of the Division of University Extension, was born in Oshkosh, Wisconsin, on July 15, 1894. After attending the Southern Illinois State Teachers College he entered the University of Illinois. Because his education was interrupted by his serving in the United States Army, he did not complete his graduate work until the summer of 1922. After serving nine years as a high school principal and city school superintendent, he returned to the University of Illinois in 1929 to become an instructor in Education. His advanced degrees of Master of Science and Doctor of Philosophy were conferred by this University. At the time of the inauguration of the Division of University Extension he was appointed its first director. He has been in charge of the Division since that time.

The Division of University Extension is the means by which certain of the facilities of the University of Illinois are put at the disposal of the people of the State who are beyond the confines of the campus. Some of the ways in which this is done are: the offering of 86 college courses by correspondence, the teaching of a limited number of extramural classes in various Illinois cities, lectures by faculty members before clubs and other organizations over the State, short courses and conferences, forums, a State-wide program of citizenship institutes for first voters, a lending library of educational motion pictures, a resource and consulting service for teachers of speech and of science.

The Division, which is the youngest of the major administrative units of the University, is, appropriately enough for a youngster, growing rapidly.

The Division of University Extension

The Division of University Extension is the means by which certain of the facilities of the University of Illinois are put at the disposal of the people of the State who are beyond the confines of the campus. The Division of University Extension
Executive Dean of the Chicago Colleges

RAYMOND BERNARD ALLEN

The office of Executive Dean of the Chicago Colleges was created last year on the recommendation of the President to the Board of Trustees. This action resulted from a study of the activities of the three professional colleges: Medicine, Dentistry, and Pharmacy on the Chicago campus and in an effort to centralize certain administrative functions in the interest of efficiency and coordination of educational and research. The Executive Dean is a direct representative of the President of the University and through this office it is hoped that closer relationships between the Chicago and the Urbana Departments will develop.

Raymond Bernard Allen, Executive Dean of the Chicago Colleges, was born in Cathay, North Dakota, on August 7, 1902. He attended the University of Minnesota where he received the degree of Bachelor of Science in 1924, Master of Arts in 1925, and Doctor of Medicine in 1928. He was an assistant in Anatomy at the University of Minnesota from 1924 to 1927 and a fellow on the Mayo Foundation from 1930 to 1933. On the basis of his work in the graduate faculties of the University of Minnesota and the Mayo Foundation the degree of Doctor of Philosophy was granted in 1934. From 1933 to 1936 he was Associate Dean in charge of graduate studies at the College of Physicians and Surgeons, Columbia University, and Associate Director of the New York Postgraduate Medical School and Hospital, Columbia University. He served as Dean of Warren University College of Medicine from May, 1936, to September, 1939, when he took up his duties as Executive Dean of the Chicago Colleges.

Administrative Officers

ARTHUR C. WILLARD, B.S., D.Eng., LL.D., President (See Page 32-33)

ALBERT J. HEMM, B.S., LL.B., LL.D., Provost: Dean of the College of Law (See Page 32)

LLOYD HOMER, A.B., B.Mus., LL.D., C.P.A., Comptroller

JEROME F. WRIGHT, A.B., Director, Public Information and Radio Station

CARL STEPHENS, A.B., Director of Alumni Relations and Records; General Secretary of Alumni Association; Editor of Alumni News
The Dean of Men, Fred Harold Turner, was born in Hume, Illinois, on March 22, 1900. He was made assistant to Thomas Ardie Clark, Dean of Men, after graduating from the University of Illinois in 1922. In 1931 he received the degree of Doctor of Philosophy in Education. His thesis may be found in the library, as it is considered one of the most authoritative accounts ever made of the Illinois Industrial University. In 1932 he was awarded the full title of Dean of Men after serving as Acting Dean in the preceding year. In recent years several of his surveys of student life at the University have appeared in current magazines. Dean Turner is greatly interested in student organizations on the campus, and is a member of the Illini Board of Control. He is Secretary of the National Association of Deans and Advisors of Men, and Educational Adviser to the National Interfraternity Conference.

The Statutes of the University define the duties of the Dean of Men and his staff as "advisory" in character, including "personnel work, vocational direction, and guidance involving intellectual, emotional, and social adjustments." The major duty of the staff members is counseling with individual students in regard to personal problems, especially those outside of the academic field. Other duties include work with student employment, housing, loans, scholarships, social events, fraternities, extra-curricular activities and organization, and group affairs and events.

The staff members are available to students at all times and are Gerald W. Peck, Assistant Dean of Men in charge of Student Employment, 104 Administration Building, East; Stanfield S. Taylor, Assistant to the Dean and Executive Secretary of Men's League, 152 Administration Building for the first semester, and Illini Union Building for the second semester; V. James Hampton, Assistant Dean of Men in charge of Student Organization Finances; Golden A. McConnell, Assistant Dean of Men in charge of Freshmen and Foreign Students; and Fred H. Turner, Dean of Men and Executive Secretary of the Committee on Student Affairs, whose offices are 152 Administration Building.
Office of the Dean of Women

Students and their welfare is the chief daily interest of the Dean of Women’s office. Questions pertaining to all phases of student life are handled there. Besides the Dean of Women there are two Assistant Deans on the staff, Miss Irene Pierson and Miss Elizabeth Connelly. Miss Pierson is Panhellenic adviser; Miss Connelly is adviser to W.G.S. and R.G.S.

Counseling with students on personal and group matters is of first importance to the Dean of Women. The office strives to secure for each student a balanced program in her scholastic work, social life, activities and recreation. The student organization officers are very helpful in this work.

Financial aid through loans and part-time employment is available to all students who need help in financing the year’s work.

The three thousand women students are sure to find help and advice in the Dean of Women’s office at all times, as is evident from the many students and out-of-town visitors who frequently visit there.

The Dean of Women is interested in encouraging cultural and high social standards through group life in the various campus houses in their social functions. Each home has a mature woman in charge who is responsible to the University for maintaining these standards, as outlined by the University and the Women’s League.

Maria Leonard
Dean of Women

Dean Maria Leonard was born in Indianapolis, Indiana, and received her high school education there. After graduation from Butler College, she continued her graduate work at Colorado College from which she received her Master of Arts degree. She accepted the position as Dean of Women and Professor of Mathematics at Idaho State Normal in Albion, Idaho. She left Idaho to become Dean of Women and Professor of Mathematics at Coe College in Cedar Rapids, Iowa. Recently she received a Litt.D. from that institution. Since 1923 she has served as Dean of Women at the University of Illinois. In 1924 Dean Leonard founded the national scholastic honorary, Alpha Lambda Delta, for freshman women.

Elizabeth A. Connelly
Irude D. Pierson
University Administrators

All students of the U. of I. must have their credits checked by the office of Donald A. Grossman, the University Examiner (right). Their records are kept by the Department of Records, which Earl C. Seyler (center) directs. The office of Clyde A. Webber (left), Bursar, handles all financial transactions with the students.

Harold S. Dawson (right) is Assistant Dean of the University's largest college, the College of Liberal Arts and Sciences. Heading the agency that counsels University students as to adjustments and professional aptitudes is Harold W. Bailey (left), Director of the Personnel Bureau. He has been a staff member since 1922.

A group in the University business office consists of Harold M. Edwards (right), Purchasing Agent, who buys all University supplies and equipment; Charles H. Pratt (center), Chief Accountant, in charge of accounts and receipts of University and student organization funds; and Howard A. Hazelton (left), Assistant University Comptroller and Auditor.

In the new offices of the Bureau of Educational Research in Gregory Hall, Walter S. Monroe (left), Director of the Bureau, is conferring with Horace M. Gray (right), Assistant Dean of the Graduate School. Professor Monroe became Director of the Bureau in 1921, and Professor Gray has held his present position since 1938.

Ernest L. Stouffer (right), University Architect, who has designed all of the newer buildings on campus, is showing the blueprints of the new Men's Residence Hall to S. Earl Thompson (left), who is serving as Acting Director of the Division of Student Housing of the University.
The students in the College of Commerce have occasion to come in contact with Associate Dean Charles F. Schlatter (center) and Assistant Dean Robert P. Hackett (left) in adjusting their schedules. They also meet Dr. William C. Robb (right) through their college's placement bureau.

Harvey H. Jordan (left) is seen at his desk in the Engineering Building with Cyrus E. Palmer. Associate Dean Jordan, faculty member since 1911, is Head of the Department of General Engineering Drawing. Professor Palmer is in the Department of Architectural Engineering. He became Assistant Dean in Fine and Applied Arts in 1931.

Robert R. Hudelson is Assistant Dean of the College of Agriculture and Professor of Agricultural Economics. His office handles the student records of the college, as well as personnel work and placement. Dean Hudelson came to the U. of I. in 1925 and assumed his present position in 1933.

Director Frederic B. Stiven of the School of Music is at the console of the recital hall organ. Although a part of the F. A. A. College, the Music School is excellently housed in its own building, Smith Memorial Hall.

Anthony J. Janata, in recent years Assistant to the President, has been a member of the staff of the University's chief administrative office since 1921. He became a member of the staff of President Kinley and has served under Presidents Chase, Daniels, and Willard.

To All Illini

While it is not possible to make a sharp division between the intelligent and the unintelligent, the courageous and the cowardly, the ambitious and the indolent, the patriotic and the unpatriotic, yet perhaps we can roughly divide human beings into two classes. Mark Sullivan, years ago, pointed out that "human beings are divided by nature into individualists and collectivists, between those who prize independence and those who prefer supervision, between those who like the open field and the competitive game, and those who are enamored of the promise of a soft life of regimentation." Is it not true that some men like to fight their own battles, and others prefer to have someone fight their battles for them? Some have never accepted or asked alms, and others have the idea that society owes them a living. Some do like competition, and others dream of a life of ease.

Those who prefer the socialistic to the free enterprise system are not the fighters. They do not build industries, endow colleges, or add to the nation's wealth. The athletes almost without exception like competition. They ask only for a fair field and no favors; they do not expect anyone to make life safe, easy, and foolproof for them. This being true, if we expand our athletic programs and teach our athletes to be self-reliant citizens, we serve the common good.

One look at Europe today shows clearly what happens to a people grown soft. May I cite just one example. The French under the administration of Premier Blum had visions of a thirty-hour week and a six-hour day. Consequently, under the socialistic administration, France became weak and impotent.

On the other hand, the Germans worked twelve hours a day, lived on short rations and became tough. The French today are paying the penalty for a condition brought about by the weaklings who dreamed of a Utopia where no one had to work, struggle, or fight. If there are more softies in America than there are fighters, we will go the whole way to state socialism. We will not be able to produce war machines and our men will not be as effective units in a military force as may be necessary to have, if we are to survive.

How true it is that the Americans who fought in France in the first World War did so with the same dash and spirit with which they played their games back home on playgrounds and high school and college gridirons. Is it not true that the spirit of our athletics is the spirit that makes Americans and America great?

Major John L. Griffith once said, "When God in infinite wisdom created his different creatures, he endowed each with certain capacities and characteristics. To the oyster he gave social and economic security. The oyster's shell is its house. It does not need to worry about a housing problem. As for food, all the oyster has to do is open its shell and the food flows in. Then God created the American eagle. He gave the eagle no guarantee of home or food, but he gave him the whole wide world as a battlefield and the opportunity of going out and fighting his own battles." The eagle is still our national emblem. I might add, our athletes are of the eagle and not the oyster type. Let us develop more eagles and fewer oysters.

Most Valuable Player

George Bernhardt, 200 pound senior, who has been a favorite with Bob Zuppke and assistants ever since his collegiate gridiron career began, was elected most valuable player of 1940. Bernhardt, known as "Bernie" to all his fellow players, was recognized as the most consistent player Illinois had this year. He carried the ball, caught passes, and played an excellent defensive game throughout the season. Even a broken hand did not stop "Bernie" from taking an active part against Michigan.

Bernhardt, a hard hitting, fighting type of player, was shifted from guard to fullback this year and was one of the best line-backers in the Big Ten. Before coming to the University of Illinois, George played fullback at Riverside High School in Chicago. "Bernie" likes football so well that he would like to carry on active work for a few years after college graduation. He proved to be one of the players Illinois just couldn't do without, and will always be thought of as a great boy with a competitive spirit.

Conference Medal Winner

Every year the Conference Medal is awarded by the Athletic Association to the student who has been outstanding in both scholarship and varsity athletics. The winner in 1940 was Frank Edwin Richart, varsity golf competitor for three years. Richart was a letter winner in both his junior and senior years and was a mainstay on the team for that period. During this time he won more points for the team than any other member of the squad; consequently, he was the leading factor in many victories.

Golf was not Richart's only activity, as his record shows. He was a member of Pi Tau Sigma and Sigma Tau, honorary mechanical engineering societies; he was a student member of the American Society of Mechanical Engineers for four years; and he participated in Honors Day in his freshman and senior years. Richart is also an aviation enthusiast and received his Civilian Aeronautical Association license last year. He is now taking graduate work in Aeronautical Engineering at the University of Michigan.

Page 181
The Cheerleaders under the direction of Hartley D. Price reorganized as a part of Gymkana this year and increased their number from five to nine. Revival of spirit was the objective in mind.

Coach Price designed new uniforms for the Cheerleaders which consisted of brown, fringed Indian suits, each bearing one letter of the words, "Go Illini."

Under Hank Holquist, head Cheerleader, better coordination and smoothness characterized the organized cheering section.

Holquist's assistants were Paul Fina and Dick Buckle. The other members of the group were Curtis Eckersberg, Tom Phelps, Steve Deme, Bob Gerometta, Randy Roth, and Bill Wallin. Jim Blair was the manager.

The introduction by the new group of a preparatory huddle before each cheer aided in attaining unity in starting and precision in cadence of the yells. By developing these fundamentals of cheering, by improving the old yells, and by providing new ones, this year's Cheerleaders did everything they possibly could to bring back to life the "Go Illini" spirit which at one time was indomitable.
Illinois should always respect the members of the 1940 football varsity.

Their record was one of our poorest, but they never lost their determination, courage, and morale.

It was their force of character that prevented them from losing some games by scores around the 40 mark.

They played brilliantly at times on offense despite their lack of speed and power; but on defense they were not physically capable of stopping determined runners.

It was a tribute to them that their morale was as high at the finish as the start.

Captain Tom Riggs was a fine leader. Ralph Ehni closed a career of three years in which his all-around work was of great value. George Bernhardt, selected as the most valuable player, was a tower of strength. Jim Phillips, Bob O'Neill, and George Rettinger were injured in games during the season and obliged to quit. Harry Siebold, Landis Hurley, and Cliff Peterson all did their part. I congratulate all these seniors.

George Nelson, another senior, was a faithful member of the squad for three years; although success, if represented alone by a letter, did not crown his efforts. I salute him for his spirit and courage.

Page 189
Illinois 31
Bradley Tech 0

In a second-half display of power and passing, Illinois smothered Bradley Tech of Peoria, 31 to 0, in its most impressive opening day performance in four years. Early in the third quarter, Turek blocked a Bradley punt; and Worban passed to Ehni for a touchdown after the recovery. Bernhardt plunged for the extra point. The Worban, Peterson, Bernhardt combination drove 85 yards for the second score. Rettinger place-kicked the extra point.

At the beginning of the fourth quarter, Easterbrook, one of the outstanding Illinois backs, ran a Bradley punt back to their 12 yard line; and Pfeifer scored over tackle. Easterbrook converted. The Illini scored again later on a pass from Easterbrook to Marlaire. McCarthy converted.

In the closing minutes of the game, Illinois threatened again. This time, however, they were stopped on the 7 yard line where McCarthy, taking advantage of the position, stepped back and kicked a field goal for three more points.
A courageous Illinois eleven dismayed a Southern California team and kept a cheering throng on its feet most of the sixty minutes of play.

Illinois opened up a terrific passing and running offensive which did not cease until the "Fighting Illini" had scored. In eight minutes they were down to the Trojans' 2 yard line; Pfeifer scored by plunging over guard. Rettinger converted.

The Trojans retaliated and on four plays marched from their own 24 for a touchdown. Robertson scored on an end run. Jones' place-kick was wide. Illinois, with a 1 point lead, continued its fight all during the first half.

Illinois strengthened its defense in the third quarter and gave promise of staving off Trojan threats. A poor punt proved to be the break that the Trojans were waiting for, and Robertson scored again from the Illini 6 yard line. DeLeur converted.

An Illinois last-period threat stopped 7 yards short of the goal line.
The largest Illinois football crowd in years, 63,186, watched Notre Dame win the homecoming game, 26 to 0.

The Layden-coached team crossed the Illinois goal four times and twice converted for the extra point. The Irish offensive was a continuous touchdown threat. It was largely through the excellent punting of Ralph Ehni that the boys from South Bend were stopped at all.

Notre Dame scored in the first period on a pass, Evans to Bagarus. Laiber’s placement was wide.

Astroth led an offensive for Illinois which, however, was short-lived; for Notre Dame intercepted a pass to break it up.

Near the end of the first quarter, Layden’s first team entered the game and shortly thereafter scored. Piepul converted.

The first team scored again late in the second quarter, Crimmins scoring over left tackle. Juzwik’s kick failed.

Illinois held during the third period, but Juzwik scored on and end sweep to climax a fourth period 68 yard drive. O’Brien converted.
Illinois 0  
Michigan 28

On a rain-soaked field the “Fighting Illini” went down to defeat before the onslaught of a revengeful Wolverine eleven. In the first quarter, Westfall and Harmon drove 70 yards for the first score. Harmon’s placement was wide. Illinois received the kick-off, but the flying-trapeze offensive of Good and Bernhardt failed. The Wolverines took over. Westfall picked up yard after yard, Harmon finally scoring over tackle; but again his kick was bad.

The Wolverines scored again in the second quarter on a pass from Harmon to Fruteg. Harmon failed to kick the extra point. Late in the first half Worban connected on a pass to Bernhardt. Two more were completed, but the Illini lost the ball when a pass intended for Pfeifer was intercepted.

Illinois held during most of the third quarter, but Harmon kicked a field goal for three more points. Westfall made the fourth score of the game in the final period; Harmon converted.
A revived Illinois football team, apparently headed for a victory, lost a heartbreaking game to Wisconsin, 13 to 6.

After marching 50 yards, Paskvan scored for the Badgers from the 13 yard line. Gage’s place-kick was wide.

Miller brought the Illinois kick-off back 52 yards to the Illinois 28 yard line. Another score seemed inevitable, but Illinois stiffened its defense and took the ball on downs.

Good then replaced Easterbrook and raised the throng to cheers with his swift, accurate passing. Good passed to Ehni, twice to Astroth, then to Pfeifer, another to Astroth, and still another to Gibbs, who skirted end to the 1 yard line from which spot Pfeifer scored. McCarthy’s kick was wide.

The Illini threatened again in the fourth quarter, but Astroth’s 52 yard run was called back. Ehni later attempted a place-kick.

Tennant of Wisconsin faded back to pass but skirted end for 63 yards and a touchdown. The following placement was good.
Illinois 14
Northwestern 32

Illinois, exhausted by the vigors of three hard fought quarters, weakened in the last quarter before the powerful running attack of Northwestern.

Illinois’ passing offensive highlighted the first quarter. After Illinois took a Wildcat punt on the Northwestern 33, Good passed to Astroth, to Elni, and again to Elni for the first touchdown. Dillon converted.

Northwestern drove 87 yards for their first score which was completed by a long pass, Hahnenstein to Smith. An intercepted Wildcat pass set up the second Illinois score. Four “Good” passes carried Illinois to the 13. McCarthy then beautifully faked a place-kick, passed to Marlaire instead; and Marlaire lateralled to Pfeifer who scored. McCarthy converted.

The second half brought four touchdowns and a victory for the Wildcats. Soper scored once from the 1 foot line. They scored twice in the final quarter after intercepting Illinois passes. The fourth score was the result of Northwestern’s recovery of an Illinois fumble on the 5 yard line.
Illinois 6
Ohio State 14

For three quarters 15,500 spectators including 4,000 Dads watched Ohio State dominate play and keep the Illini in check.

But in the final period Illinois got its vaunted passing attack working, and Dick Good set up an Illini touchdown. Near the start of the period Bob Gibbs, Illinois end, blocked an Ohio punt, and the Illini took over on the Buckeye 38. Good passed to Milosevich on the 17. Good fired another to Ehni on the Buckeye 8. Pfeifer plunged to the 6 and then drove his way over for a touchdown. Dillon's kick was wide.

Scott made both of the touchdowns for Ohio; his first culminated a 72 yard drive down the field. Scott also kicked the extra point.

Although the aroused Illinois line held the Buckeyes in check most of the game, in the third quarter Scott managed to break free again and score from the 5. He again converted.
Illinois 7
Iowa 18

The "Fighting Illini," striving desperately to get out of the cellar, almost defeated a favored team from Iowa.

Illinois opened the game with a brilliant, diversified attack which in eight minutes sent them into a 7 point lead. The score climaxed a 50 yard march in which Worban, Good, Bernhardt, and Elmi performed brilliantly. Two other advances in the first half were repulsed, one of them by a penalty when Good threw a pass to Peterson in the end zone for a would-be touchdown.

The Hawkeyes unleashed their attack in the second quarter. Mertes scored on a deep reverse from the 5 yard line. Gallagher's place-kick failed.

In the third quarter, Farmer snagged Good's pass, and in 8 plays the Hawkeyes were over for their second score. Gallagher's placement was bad.

The third Hawkeye score was similar to the second. This time Mertes intercepted one of Good's passes. Farmer carried the ball over from the 13 yard line. Gallagher missed the placement.
BASKETBALL
The basketball team of 1940-41 had many things of which to be proud. Despite the loss of two regulars at midsemester, it won seven and lost five games to tie for third place in the Big Ten. The team was third in conference scoring with 520 points, which was better than the record up to this season and is a new Illinois record.

Defeating Manhattan in Madison Square Garden, New York, the team made 22 free throws without a failure, a new record for the sport.

Battling uphill to win in overtime, the team was the first in Illinois history to win from Notre Dame on the Irish floor.

Four seniors graduate. Capt. John Drish was a courageous and able leader despite the disadvantage of an injured shoulder. Bob Richmond was unanimously selected as a guard on all the honorary teams selected by the coaches, was the highest scoring guard in the Big Ten, and was chosen unanimously as our most valuable player by his teammates. Hal Shapiro, the central figure in our overtime victory at Northwestern, and Bob O'Neill, whose spirit could not be daunted by misfortune, were other seniors who did their part.

No coach could ask for a better-spirited or finer group than this team.

Page 201
At times during the season, the 1940-41 Illini basketball team proved itself to be one of the best in the conference. They started off the season with a decisive victory over Georgia, but the Millsmen suffered a defeat in their second encounter against Pitt. Traveling to Madison Square Garden, the Orange and Blue whipped the Manhattan quintet, 56 to 40, before a crowd of 16,000 fans. In the Temple game, a whirlwind rally in the last two minutes of play wiped out a 39 to 34 Illinois advantage and gave Temple's unbeaten quintet a 42 to 41 victory over the Illini. The Orange and Blue completed their Eastern tour by beating both Marquette and Kansas State.
Varsity Basketball

Returning to their home court for the first Big Ten game, the Illini swamped Purdue to the tune of 49 to 34. They accomplished the victory over the Big Ten Champions by a furious 34 point spurt in the second half. The team was sparked by Richmond and Mathisen who tied for high point honors with 14 points each.

January 11, Menke and Indiana defeated Illinois, 48 to 38. Though the Illini continually threatened, the Hoosiers with Menke's eleven baskets were just too much for them. Several days later the Wolverines were the victims of a 47 to 41 Illini victory. Led by Evers and Sachs, the Orange and Blue piled up a 16 point lead in the second half to hold off the desperate Michigan quintet.
Varsity Basketball

In one of the season's most thrilling finishes, Illinois scored an overtime triumph over Northwestern. Led by "Shep" Shapiro, who scored two baskets in the last minute of play, the Illini went on in the overtime to win, 42 to 41.

Both Evers and Sachs were lost to the team at the turn of the semester. After losing to Purdue by a 16 point margin, the Illini were handed their third Big Ten loss by Minnesota's exceptional quintet, 50 to 38. With a revamped lineup, the Mills-men met Chicago, and won, 55 to 29.

The following week the Illini found it impossible to dislodge the Badgers from their conference lead. Though the Illini showed the spirit which had been in evidence in all their games by putting up a good fight and playing the game to the end, they were not able to overcome the lead and as a result lost the game, 46 to 30.
Varsity
Basketball

Led by high scoring Mathisen, the Illini cagers won their sixth Big Ten victory over Ohio State, 53 to 36. In their final game, the Illini, paced by Richmond, all Conference guard, outplayed Chicago and Joe Stampf, 52 to 33.

Though the beginning of the season was very promising, injuries and ineligibilities caused the team a good deal of trouble. Significant, however, was the spirited playing of Bob Richmond which won him the place of All-Conference guard and most valuable Illinois player; the election of Bill Hocking as captain for the 1941-42 season; the development of sophomore letterman, Art Mathisen, into a very good center; and the good fortune of having the best freshman squad Illinois has ever had to fill the places of Drish, Richmond, O’Neill, and Shapiro, this year’s seniors.
The 1940 track squad was hard-working and conscientious. It was handicapped early in the outdoor season by an injury to Captain Wilmur McCown, who was out of several meets and never at his best. McCown had placed third in the quarter-mile in the indoor conference. Park Brown's 4:19 mile, in winning over the Michigan Milers, was one of the outstanding performances of the outdoor season.

Illinois finished in fifth place in the Big Ten outdoor meet with 24½ points, barely nosed out of third or fourth place, held by Wisconsin, 26½, and Minnesota, 25.

Leo J. Johnson
Coach

Don Olsen's misfortune in missing his stride in the low hurdles relegated him to fifth place, and more than likely cast the Illini one of these positions. Bill Lewis, sophomore in the Pacific Coast Big Ten meet, established a new Illinois broad jump record of 24 feet 6 inches but placed only fifth.

It was with regret we saw these seniors pass off the scene: Capt. McCown and Burt Downs who had been among the best quarter milers in the conference for three years; John Krivec, middle distances; and Jim Wham, hurdles.

L. J. Johnson

Hoffman  
Hankins
The sole blue ribbon won by Illinois at its initial meet of the season was claimed by the shuttle-hurdle relay team at the Indiana Invitational on April 20. The Orange and Blue baton was carried by Hale, Olsen, Reising, and Wham. Captain Will McCown was injured running as anchor man in the spring medley. This ailment kept him out of the Drake Relays the following week-end at Des Moines. The highly favored Illinois shuttle relay team finished third behind Texas and Louisiana State.

The first dual meet of the season for the Illini was on May 4, in Ann Arbor when Michigan, Big Ten Champs, humbled the Illini, 73-44. Surprise of the day was Park Brown’s victory in the mile. Since McCown

Lewis solves the broad jump

Notre Dame takes the hundred
Varsity Track

was still out, the mile relay was scratched.
Purdue invaded Memorial Stadium and barely won from the Illini, 67\(\frac{1}{2}\)–63\(\frac{3}{4}\). Captain Al Shackleton of Purdue recovered a four-yard deficit and turned the mile relay event into a Boilermaker victory. Illinois firsts were won by Kienlan, Turner, Reising, and Olsen.
The Illini bowed to Notre Dame, 71–60, in the last meet of the season. Reising, Stout, Olsen, and Lewis captured firsts for Leo Johnson, but Bob Saggau won the dashes for the Irish. In the Big Ten meet at Northwestern, second places were claimed by Evers, Lewis, Stout, and Reising. Illinois, as a team, placed fifth.
Illinois won its sole home meet of the indoor season from Chicago by a score of 75-29. The Illini took eight of the twelve events and tied for first in the ninth. They made a clean sweep of the 60 yard dash, the two mile run, and the low hurdles. The standout of the meet was Park Brown’s 4:24.1 mile which cut 5.5 seconds off the meet record. Don Olsen was the leading point getter, as he won both hurdles and the 60 yard dash.

On March 2, the Illini returned from Minneapolis victorious over the Gopher lads, 57 1/2-46 3/2. Included in the six first places that the Illini captured was a new meet record. This was attained by
Brown in the half mile—1:57.4. Olsen again won the hurdles. Bill Lewis had the leading broad jump, while Bob Starck won the high jump. The other Illinois blue ribbon went to Don Bailey in the 440 yard dash.

In the Big Ten meet, Indiana finally bested Michigan, who has dominated Big Ten track since 1933. Illinois garnished 21 points which placed them fourth in the meet. Olsen's first in the 70 yard low hurdles was the real weight in enabling the Illini to place. Brown and Lewis won seconds in the half mile and the broad jump, respectively. Don Bailey picked up a fifth in the 440 to round out the Illini score.
A sprint to the finish

Illinois Relays

The University of Illinois was host, at the eighteenth running of the classic Illinois Relays on February 15, to nearly five hundred trackmen from the major universities and colleges in the midwest. The relays were high-lighted by the speedy teams from Indiana which captured three of the four university relays and established a new record in the four mile run. Indiana was the first team to win three baton-passing races since the Maroons of Chicago performed the feat in 1918.

Besides the remarkable running of the Hoosiers, Nebraska won four of the special events, and the speedy men from the state of Michigan swept the three college events.

Harold Hunt from Nebraska, defending pole vault champion, was forced to set a new carnival record of 13 feet 10½ inches to whip Jack DeFeld of Minnesota. In the high jump, O’Rourke of Notre Dame nosed out defending champion Canaham of Michigan by establishing a new record of 6 feet 6½ inches.

Don Olsen of Illinois lost his last year’s crown in the 75-yard low hurdles as two sophomores, Charles Hlad of Michigan Normal and Bob Wright of Ohio State, passed him up in the finals. Wright had previously run away from the field in the high hurdles and came home a close second to Hlad in the low hurdles.

Michigan Normal won two out of the three college relays by the brilliant running of anchor man, Captain Tom Quinn, who turned in a 4:24 mile to beat Lenover, the defending champion and Canadian Olympic Champion of Loyola.

Illini leads

Indiana’s champion, Kanu
The all-around event proved to be one of the most colorful and exciting events of the carnival, as Archy Harris of Indiana nosed out Purdue’s All-American, Dave Rankin, by a mere eight points.

Illinois was not so fortunate as a year ago when it took three events, for this year they had to be content with a series of thirds. Olsen placed third in the low hurdles; Starck took a third in the high jump; Lewis received a third in the broad jump; and Captain Brown received a third in the 1,500 meter run for the second year in a row.

- 75-yard dash: Piker (Northwestern)
- 75-yard low hurdles: Hlad (Michigan Normal)
- 75-yard high hurdles: Wright (Ohio State)
- 300-yard run: Litlter (Nebraska)
- 1000-yard run: Eisenhart (Ohio State)
- 1500-meter run: Ginn (Nebraska)
- Pole vault: Hunt (Nebraska)
- High jump: O’Rourke (Notre Dame)
- Broad jump: Schmutzky (Missouri)
- Shot put: Sclerich (Nebraska)
- All-around: Harris (Indiana)

BASEBALL
Varsity Baseball

The past season saw Illinois return to form as championship contender. Traditionally, Illini baseball teams have been strong, the 1940 tie marking the twentieth time Illinois has won or shared Conference titles.

Having beaten Northwestern twice it might seem strange to have to share honors with them. However, their two victories over Iowa's defending champions probably made the tie possible. We are happy to divide honors and congratulate them on sharing their first baseball championship.

The appearance, this year, of several likely-looking sophomores created spirited competition for many positions. This was an important contributing factor to the team morale, and coupled with gradually improving offensive power and opportunely good pitching and fielding, accounted for the team's success.

Walter H. Roettger
Coach

Senior regulars enjoyed fine seasons. Tony Pyrz was an outstanding shortstop and captain. Bill Hapac and John Pacotti were standouts, the latter pitching the highlight of the season—a 1 to 0 win over Northwestern. Lenny Kallis, Dick Kueara, and Al Vitaceo, senior reserves, deserve mention.

Hoot Evers, a sophomore, led the team in hitting and the Conference in total bases. Al Grant, hero of the 4 to 3 victory over Iowa, was chosen captain for 1941.

Bringing home the first Big Ten major athletic championship since 1937, the Illinois baseball team experienced a successful season, winning nine of their twelve Conference games.

For the first time in many years, the baseball team went on a southern trip. The season opened on March 27 with a double-header against Mississippi College, ending with a double victory for the Illini. The first win, 7-1, cinched by Kallis’ two homers in the fifth inning with two men on bases, gave Illinois all the runs necessary to start off the season with victory. Adolph Gruenberg and Al Grant held enemy batters in tow. The second game found Illinois scoring in every inning. Dick Kucera swung the big stick of the game, crashing out three doubles and a home run to drive in six runs to make the final score 20-6.

In the opener of the next series with Southwestern Institute, Joe Alexander and Al Grant held the opponents at bay to win, 13 to 3. The batting was taken care of by Drish, Vitacco, Hapar, and Milosevich. Playing Southwestern Institute the follow—
ing day, the Illini met their first loss of the season, 1 to 0.

After being rained out March 30, the Illini engaged the strong L.S.U. team in a doubleheader the following day. The result was two closely contested games with honors being divided. Grant’s excellent pitching was backed in good style by the Illini, who won the first, 2-1, and lost the second, 2-0. Hapac was the “big gun” of the first game, in which thirteen of the Tigers died on the sacks.

Home from their Southern trip, and after hard practice on bunting and base running strategy, the Illini won over Normal, 10-2, on April 7. Led by Bus Gruenfeld and Al Grant on April 10, the team won its sixth victory, 8-2, over Bradley.

The first Conference play was started with two wins for the Illini, 10-7 and 1-0, against Northwestern. Alexander received credit for the first game and Pacotti for the second. The Wildcats were ahead in the first game, 7-3, but a rally was started by Pyrz in the sixth to overcome the handicap.
Varsity Baseball

Iowa, the defending Big Ten Champions, downed the previously unbeaten Illini, 7-4, on April 21, but the visiting Illinois team recovered to win the second, 4-3. Minus the services of Al Vitacco, the team was pushed ahead by Captain Tony Pyrz's triple in the second game that drove Drish home to tie the score and to allow Pyrz to score the winning run.

Behind the flawless fielding of their teammates, Alexander and Gruenfeld pitched steady ball to beat Wesleyan on April 25 by a score of 4-2, allowing only three hits.

A trip to Columbus proved unsuccessful for the Illini when they fell before Ohio State, 4-1, on April 27. This game put Illinois out of the first place tie. However, the Illini recovered in a second game to win 17-6. Pacotti fanned 12 and issued eight walks.
In the next game, on May 4, the Illini were conquered 8-6 by Michigan. The following day Illinois came back to win over the Wolverines, 10-6, before the largest crowd of the year. Batting honors went to Milosevich.

May 11 found the Illini in Lafayette, participating in a wild and woolly three-hour contest, finally winning 21-13. The next day the Illini won again over Purdue, 9-4, with Grant allowing five runs and Pyrz hitting four singles. This tied Illinois for second place with Iowa.

In a pair of final, well-played games, the Illini won over Indiana, 4-2 and 7-0. Ohio State whipped the Wildcots, putting Illinois in a first place tie with Northwestern to bring home another baseball championship, the second in four years. This marks the twentieth Big Ten baseball championship the Illini have won or tied.
OTHER VARSITY SPORTS
The record of seven defeats and five wins is not enough by which to judge the merits of the 1941 wrestling team, for big John Sikich, 175 pound class, Paul Petry, and Paul Govedare turned in very good seasons. Sikich went through the entire season without a defeat.

Competition opened on January 11 against Cornell College which the Illini easily defeated, 20-6. This marked the eighth time out of nine that Cornell has been defeated by the Orange and Blue wrestlers.

January 18 a scrappy Iowa State team defeated Kenney's matmen, 14-12.

Late in January, the team traveled east to meet four schools. They returned with a 500 percentage, losing to Franklin and Marshall, 23-9, and to Ohio State, 14-12; while defeating Virginia Military Institute, 21-3, and Washington and Lee, 23-11. The Ohio State match proved to be the most closely fought match of the season. It was the first time in fourteen years that the Buckeyes have defeated an Illini wrestling team.

On the matmen's return trip they lost to Oklahoma A. and M., National Collegiate Champions, 28-6, and to Michigan, 18-8, but the reserves were successful in defeating Vanderbilt, 34-0 on February 14.

On February 22, the squad traveled to Indiana where they lost to the defending Big Ten Champions, 17-9. John Sikich, Paul Petry, and Paul Govedare were the only Illinois wins.

The last home dual meet the Illini easily won from Purdue, 23-9, and finished the season in great style by defeating Iowa at Iowa City, 14-13.

In the conference meet at Ohio State, big John Sikich maintained his perfect season by defeating Levy of Minnesota. Through this victory, the Illini tied for third place with Indiana.
Illinois’ national championship gym team had another successful season this year. For practice at the beginning of the season, three inter-squad meets and exhibitions were held. The first opponents were the Big Ten champs, Minnesota, who lost to Illinois on February 8. 489½ to 485. Louis Fina took the all-around title, and a new tumbling star was discovered in Jack Adkins. On February 15, a weak Iowa team came here to be defeated, 426 to 342½. In this meet, many of the best men did not compete but appeared only in exhibitions.

On February 22, the Illini travelled to Chicago where they squeezed out a 541½ to 540 victory. Sophomore Caton Cobb took first in the all-around competition. On March 1, Illinois went to Chicago to compete against Minnesota in the Northwestern Gymnastic Championships. The Illini routed Minnesota, 507 to 484, and won the meet. This was Illinois’ seventh major victory in 3 years and was the first time in 33 years that Minnesota failed to win this event.

Adkins and Koehnemann starred in this meet. Next, Southern Illinois State Teachers bowed to Illinois, 466½ to 395½, on March 9. Both teams were hampered by injuries. Captain Paul Fina took first in all-around competition.

Last year, although they failed to win the Big Ten Championship, the Illinois gymnasts won the National Intercollegiate and National A.A.U. meets. It was the second year in a row that Illinois won the Intercollegiate, and the first time a college team won the A.A.U. meet. The team’s record is even more remarkable when it is realized that Adkins and Paul Fina, just to mention two, had been performing all season with torn cartilages. Furthermore, Illinois gymnasts perform many difficult stunts that are not even attempted by other teams.

The team, hard hit as it will be by graduation, will be good next year, for there are a number of outstanding underclassmen to take the places.
Climaxing a brilliant season by winning the Big Ten Golf Championship, the 1940 golf team proved to be the best in a number of years. In accomplishing this, they ran up a total of 1245 strokes. John Holmstrom, with a total of 303 strokes, carried away the honors for the Illini by placing third in individual play.

The Illinois “B” team opened the season on April 9 against Detroit. Illinois took both doubles matches and one single, but Detroit won the match, 9½ to 8½. April 27, the varsity swung into action with a game against Notre Dame, and won, 16 to 11. Holmstrom and captain-elect Welsh played the best doubles match.

Northwestern at Evanston was the next opponent, with the Illini triumphing, 14½ to 12½. The next match was at Lafayette; Purdue bowed, 23 to 4. It was so cold that the golfers raced around the course—doing it in an hour and 35 minutes, a record in the Big Ten.

In the match with Indiana at Illinois, the Illini did their best scoring of the season. Illinois won, 19½ to 14½. On May 11, Ohio broke Illinois’ four game winning streak. The team was defeated 21 to 15. They also lost to Michigan by a score of 23 to 13. This was the team’s toughest match. John Holmstrom, Illinois sophomore, carded rounds of 72 and 68 for medal honors.

On May 18, the golf team went to Columbus to play Iowa. Illinois won by a score of 17 to 4. Then they proceeded to upset the strongly favored Michigan team by winning the conference championship. Because of their good play, the team was given a trip to Manchester, Vermont. There, from June 24 to June 29, the National Intercollegiate Golf Tournament was held. The Illini concluded their successful season by winning fourth place in this national tournament, finishing well ahead of any other Big Ten team.
The Illini swimming team, coached by Ed Manley, traveled through a rather rough 1941 season with only three wins to four defeats in seven dual meets. The star of the season was Don Kienlin, diver, who ran a string of six firsts before being defeated by Powell of Northwestern.

This none too successful season opened against Purdue on February 6. The Illini fell to the Boilermakers, 37-35. This marked the first time in history that the Illini swimming team has been defeated by Purdue.

The Illini again met with disaster on February 8 when they were trounced by Iowa, 53-29. Jack Kienlin and Pete Kurlak won the only firsts earned by the Illini in the diving and backstroke events respectively.

When the Orange and Blue swimmers met a weak Indiana squad they finally found their stride and defeated the Hoosiers, 66-18, winning nine firsts.

With the record of one win against two defeats, the Illini traveled to Minnesota on February 21. The Golden Gophers easily defeated our tankmen, 56-28. Kienlin once again came through to win the only Illini first.

From Minnesota the fighting Illini traveled to Madison to tangle with the Wisconsin Badgers. They were successful in downing the crimson tide with an easy 58-26 score.

On the team’s return home, they met the Chicgo Maroons, and again with Kienlin and Kurlak leading the attack, they proved too much for the Maroons and defeated them, 56-28.

The final dual meet of the season was in Evanston against the Wildcats of Northwestern who swamped our tankmen, 49-35.

The Illini finished sixth in the conference meet held at Iowa City on March 7 with the squad totaling only eight points. Michigan ran away with its third straight title, scoring a record of 87 points.
Varsity Tennis

The 1940 season ended another great year for the Illini tennis team. The squad, paced by Captain Eb Jones, won eight dual meets, losing one each to the conference winner and runner-up—Northwestern and Chicago respectively. The team of six seniors and two juniors placed third in the conference in dual meet competition.

The season opened with a pre-conference match against De Paul on April 13 which the Illini won easily, 6-1.

On April 20 the Illini were victorious over Illinois Normal, 9-0.

On April 27, to open conference competition, the Illini defeated the Michigan team, 5-4.

Following this victory, the unvanquished Illini defeated Michigan State, 7-2, and Wayne University, 5-4.

When the Illini traveled to Chicago they received their first defeat, losing 6-3, although Johnson and Crain won their singles and doubles matches.

On May 10, the annual quadrangular meet was held in Iowa City. The Illini were victorious in all three contests. Iowa was the first victim, 9-0, Purdue the second, 7-0, and Wisconsin the third, 7-2. This was the third consecutive year that the Illini have won this meet.

Northwestern University is accredited with giving the Orange and Blue their second defeat of the year. On May 18, Northwestern was victorious, 9-0, with Johnson suffering his first defeat of the season and Bob Schwarz losing his second match in his entire intercollegiate career.

In the conference meet, Captain Eb Jones was the only Illini to enter the finals. The team as a whole tied for fifth place with Minnesota.

All year the team rode on the constant victories of Johnson and Crain; and with both of those graduated, along with most of the remainder of the team, the 1941 season is unpredictable. Only one letter man is back, Captain Bob Schwarz, but he is supported by a strong junior and sophomore roster.
After only one practice, the Illini poloists led by Captain Jake Shaefer lost the initial game of the spring season to Oklahoma, 11-2. The season really started for the Illini April 20, when the Missouri poloists bowed to the Orange and Blue at Columbia, 12-6. Shaefer tallied nine goals for the victors. On April 29, Iowa State played a losing game to the Illini on the drill field, 8-4. On May 6, Oklahoma repeated its performance of two months previous by defeating the Illini, 8-4. Illinois added another victory to its record when it journeyed to Ames and triumphed over Iowa State, 7-3. The next week the Illini victim was Missouri from whom they won two more games. Illinois was victorious, 8-3 and 5-4. The Orange and Blue found a stumbling block at Columbus, however, when Ohio State won by a score of 4-2; but they came back the following week and defeated the Buckeyes, 10-3. This was to be the last game of the season, as the contest with Arizona was twice postponed and never played. Captain Shaefer, assisted by Jim Martin, Bob Jaeger, and Ray Peritz closed the spring polo season with a record of six wins and three defeats.

The fall session was barely under way when Missouri invaded the Illini camp on October 5 and returned to Columbia with an 8-7 victory. On the next week-end, the Illini gained their first victory of the fall season against Iowa State on the drill field, 7-5. A journey to Columbus was to no avail as the Illini lost to the Tigers, 9-6. Three weeks later, Illinois, after defeating the Alumni on Homecoming and resting a week, whipped Ohio State at Columbus, 8-3. The final encounter of the fall season saw the Illini bow to Iowa State, 16-12. This was the first indoor polo the current Illini team had ever played, and the smaller ball and restricted playing surface were definite handicaps to them.
In its fourth year under Coach Heyliger, the hockey team enjoyed its most successful season. It opened on December 9 against the University of Western Ontario, winning 9 to 4. During the Christmas vacation, the team went on a western trip. There, it defeated Santa Rosa, 6 to 3, and California, 2 to 1. On December 28, Southern California beat the Illini, 1 to 0. Two days later the Illini were again humbled by them, 4 to 3. However, the team bounced back to defeat U.C.L.A., 4 to 2. On January 3 and 4, the opponent was Colorado College, who bowed to the Illini puckmen, 7 to 3 and 6 to 2. The games with Southern California and U.C.L.A. were in the Pacific Coast Intercollegiate Tournament, in which Illinois was runner-up.

Big Ten competition opened when Illinois met Minnesota in a pair of rip-roaring contests. The first, a tie, 2 to 2; the second, Illinois won, 4 to 1. The next series was with Michigan Tech whom Illinois outskated, 7 to 1, 6 to 4, 10 to 2, and 5 to 2. Illinois split with Minnesota a week later, winning, 5 to 4, and losing, 6 to 3.

Brantford A.C. also bowed to the Illini, 10 to 2. In this game, Norbert Sterle, sensational sophomore center, set a modern intercollegiate scoring record for most points in a single season. The record had been previously held by Coach Heyliger. The first week in March, Illinois took two games from Michigan. On March 13, Michigan came here to meet a crippled Illinois team, but lost, 4 to 2. In this game, defense men, Captain Chester Ziemba and Amo Bessone, were not able to play, but Illinois clinched at least a share of the Big Ten title. The game on March 15 against Michigan decided Illinois’ championship.

This fencing season was one of the best that the squad has ever enjoyed. Chanute Field provided the competition on the season opener, losing to Illinois, 12 to 5. Then, on January 3, Case School bowed to the Illini, 15 to 12. On January 10, Chanute Field again fell victim to the Illini prowess by a score of 16 to 11. Next, the fencers took the Illinois faculty, 17 to 10, on January 28. February 1, Michigan State lost to the Illini, 18 to 9.

Purdue provided the opening Big Ten competition, dropping before the Illinois onslaught, 12 to 5. On February 15, the Illini continued their victory march, humbling Northwestern in the Old Gym, 15 1/2 to 11 1/2. However, their winning streak was snapped on February 22 when Wisconsin outfenced Illinois, 15 to 12. On March 1, Chicago also conquered the Illini, 14 1/2 to 12 1/2, but on March 7, the Illini hit the winning column again, defeating Notre Dame, 14 1/2 to 12 1/2. Remaining on the schedule were the Big Ten meet, Washington University, and the National Intercollegiates.

To these latter events, Coach Garrett took Malik and Friduss in foils, McDonald and Knowles in saber, and Boland and Sawin or Franks in epee. Captain Howie Boland has been one of the outstanding fencers in the conference. He has competed successfully in epee, saber, and foil. This was his last season of competition. Two other outstanding men were Dick Knowles, a junior, in saber, and Warren Malik, a sophomore, in foils. Next year the team should be even more powerful since most of the men have another season of competition ahead of them.

Intramural Managers

During the school year 1940-41, the Division of Intramural and Recreational Sports was under the capable direction of Hartley Price and senior manager, Hal Nelson. Max Chapman headed the Recreational Sports, while junior managers Bill Grant and Jim Welsh were in charge of the Intramural Sports.

A wide variety of sports including softball, ping-pong, basketball, soccer, bowling, volleyball, tennis, golf, water-polo, swimming, wrestling, and horse-shoes was offered to the men students of the university; so that any student could participate in the sports in which he was interested.

This is the second year of operation of the zone system for the independents participating in team sports. The campus is divided into zones of about one hundred men each, and these zones compete as teams.

Late in January, the Alpha Tau Omega’s, Sigma Alpha Epsilon’s, Sigma Chi’s, and Theta Xi’s were leading the race for the fraternity championship.

Gymkana

The Sixth Annual Gymkana Show, entitled "A Rendezvous With Rhythm," under the direction of Hartley Price was acclaimed a great success by the 3,500 spectators. The sophisticated setting in Cafe Rendezvous on an island in the mid-Pacific, the smooth rhythm of Gymkana's dancers, and the thrilling spectacle of the gymnasts flying through the air pleased everyone. The Women's Senior Manager was Mary Ellen McCarty, and the Men's Senior Managers were Robert Gruenberg, first semester, and Ray Weiss, second semester. General Chairmen were Jean Soderstrom and David Field. The show was built around Jane Wyatt and her group of Hawaiian dancers, a new act in Gymkana. Other new numbers incorporated in the show were the roller skating act with its thrilling airplane spins and the smooth ballroom dancing of Bob and Louise Greenwell. Popular features in the show were the Bronze Statuary, Adagio Dancing, the Gymnasts, and the Group Dances. The first Gymkana Show, presented during Mothers Day...
Gymkana

Week-end on May 3, was dedicated to the Intramural Champions, and the second show given during Inter-scholastic Week-end on May 18 was dedicated to all High School visitors. Outstanding national championship gymnasts who appeared in these shows were Joe Giallombardo, Paul Fina, and Harry Kochneumann.

A new senior award was introduced at the home show. A committee sponsored by Gymnastica selected the senior boy and girl whom they considered the most outstanding in scholarship, activities, and character. Winners of this Most Distinguished Student Award were Beverlie C. Briggs and Walter T. Morey. The Costume Contest was won by Joyee Clark, Alpha Phi. Best Troupers of the year were John Cress and Helen Shaefer, and the Best Performers were Bill Golde and Frances Johnson. The Best Performer Award was also a new award begun last year.

Gymkana has continued its broad activities. It co-operated with the Intramural Department to present the Turkey Run. The Football Court of Honor
Gymkana

enjoyed unusual success this year, being presented at the RKO Virginia Theater in Champaign at the World Premier of "Too Many Girls." Gymkana troupers supplied other entertainment for the show. The presentation was acclaimed by Mr. Tom Gorman, RKO Division Manager, as the "most interesting, novel, and pleasing entertainment" he had ever seen.

Senior Managers this year are Mary Doyle and Loren Felt. The General Chairmen, who act as coordinators between managers and performers, are Winifred Dorsey and Paul Fina.

During the second semester of last year, Gymkana made five road trips. These shows were presented at Marmion Military Academy at Aurora, Morton Junior College at Cicero, Moline Senior High School, Peoria, and The National Convention of American Association of Physical Education, Health, and Recreation at the Stevens Hotel, Chicago. The privilege of giving the show at the Stevens Hotel in Chicago is perhaps the greatest honor that Gymkana has yet
Interscholastic-Gymkana

achieved. Outstanding men in the field of Physical Education from all over the United States were present at this show and have acclaimed it as an outstanding performance.

Out of town shows during the first semester were given at Waukegan, Kentucky, East St. Louis, Springfield, and Robinson. The Kentucky show was sponsored by organizations of the University of Kentucky and was presented as a feature attraction of their Homecoming Pep Rally. The original plan included five road trips for the second semester, including a possible trip into the southwestern states during the Easter vacation.

"Totem Poles and Tepees," the Seventh Annual Gymkana Show, was given May 2 and May 17. This year's home show was a colorful presentation of different Indian tribes in the United States and their influence upon the history of our country.

The University Dance Committee is a student-faculty board which is the administrative body for all general university social functions. It is composed of five students chosen by the Student Senate, one student and two faculty members chosen by the Student Affairs Committee, and a member of the Dean of Men’s Staff. Programs, decorations, budgets, special activities, and all other phases of student managed dances are left in the hands of individual Committee members, with the Dance Committee retaining final control. The Committee supervises the printing, issuing, collecting, and auditing of tickets and programs. Before final steps can be made by individual dance committees, approval of date, place, and budget of proposed dances must be had from the Committee.

Funds of the Committee this year have been spent to create permanent dance decorations and to increase the administrative efficiency of each dance. Special attention has been given to the supervision of the elections of the queens of the dances and to more pleasing customs of the queens’ coronations. In order to facilitate future work of the Committee, extensive records are being prepared and maintained this year. Copies of each dance program, photographs of decorations, written suggestions of dance chairmen, and complete financial reports are kept on file for easy reference. Again this year, the Committee awarded all decoration contracts to students, on a semester basis.

The new Illini Union building has broadened the scope of the Committee and all possible effort has been made to utilize the dance facilities to the best interests of the students. The University Dance Committee, for the past year, struck a new mark in keeping ticket prices in the lower levels, so that a maximum number of students might enjoy the social events that have come under its jurisdiction.
The Illinois Union was founded in 1909 by Edmund James, then president of the University. His idea included a center for the University life among men, a place where men could meet and mingle in comradeship, where factional and sectional lines should not be recognized nor drawn, and where a spirit of broader comprehension of men's nature should increase.

The purpose of the Illinois Union, "To promote Illini spirit and loyalty by all possible means, and to foster all legitimate forms of student activities, especially by the maintenance of a social and recreational center for Illinois' men and women," has been inculcated into the new Men's League organization, which is carrying on for the Union.

All male students in the University are members of Men's League. The League is governed by a group of seniors and faculty members, who plan the activity program along the lines of promoting school spirit and loyalty, directing general activities, and advancing the interests and general welfare of the members. An Assistant Dean of Men serves the League in the capacity of secretary-treasurer and general counselor.

All new students in the University are encouraged to become active members of the League and to work on the various committees for League activities. Early in the first semester petitions are accepted from interested students; when their names are placed on the League active member roll they are eligible for service in the League program.

Active freshmen in the League do committee work, and sophomore members head up the committees as chairmen. Each event is under the general chairmanship of a Junior. He is the head of a functional division of the League program; for instance, there is a Junior for Entertainment, one for Recreation, another for Social activities, and so forth, as on the following pages.

Students may start in the League their first year in school, and may "graduate" from year to year until their senior year, when they may serve the League as one of its officers or Board members. Advancements are determined by the grades received for activities of the League.
PUBLIC RELATIONS

The Activity Booklet, an interesting folio full of Men’s League news, is one of the functions of the Public Relations Committee. The name “Chamber of Commerce” is often applied to this committee because it serves as a means of contact between the student body and the League.

Pictures of League activities, as those on these pages: newspaper clippings; a scrapbook; and other publicity items are under the supervision of the Junior in charge of Public Relations.

WELFARE

Aiding and cooperating in worth-while drives for charitable organizations are the highlights in the program for this committee. The committee members arrange for smokers, dinners, and benefits for the League members; and they promote general community-campus welfare activities.

Welfare drives for independent men and fraternity men are assigned to the Men’s Independent District Association and to the Inter-fraternity Council, but general activities, involving the welfare of all men come under the supervision of the Welfare chairman.

UNIVERSITY SERVICE

For the convenience of newcomers to the University, a guide service has been arranged. This is under the supervision of the Junior Cabinet member assigned to University Service.

Further projects for the service of the University are carried on from time to time, as for example freshman orientation meetings—at which the League presents distinguished speakers on selected topics; and counselor service.

The work of this Junior Cabinet member is coordinated with those of the others to make, really, a service to the University.
Men's League

RECREATION
Recreational events, for both individuals and groups, are under the chairmanship of the Junior in charge of Recreation.

The program of this man and his committee is climax ed early in the Spring by "Recreation Week," which is staged in the Union Building. All-University champions in bowling, checkers, chess, ping pong, bridge, pinochle, and pocket billiards, are crowned and receive awards from the League in recognition of their accomplishment. The tournaments cover the period of a week, during which time fully two thousand Illini take part.

LOYALTY AND TRADITIONS
The aim of the Chairman in charge of Loyalty and Traditions is to foster the further growth of "Illini Spirit." Pep meetings, football movies, cheerleading, receptions for visiting teams, and send-offs for the Illini competing away from home are under the management of the Junior in charge of this work.

Before each home football game, a pep meeting is held on the steps of the Auditorium. Speeches by the rival coaches and athletes are given; the University Band plays Illini songs; and cheers rend the silence of the campus district. These of course are colorful events. At the 1940 Homecoming, Illini's "Galloping Ghost," Red Grange, spoke to the thousands of students and alumni who came for the occasion.
Men's League and Woman's League

ENTERTAINMENT

Fun-provoking events like the Stunt Show and All-University Sings are scheduled by the Leagues for first semester entertainment.

Later in the year, both Leagues include separate shows in their program.

At the All-University Sings, student orchestras and musicians entertain the Illini in the auditorium. Specialty acts, from the Stunt Show and other dramatic activities of the two Leagues, are presented; and, with singing from the audience, the Sing is always a success and is attended by capacity crowds.

SOCIAL

During the course of each school year Men's League and Woman's League sponsor many varied social events, with most of them taking place in the Illini Union Building. At least two dances each year are held in the George Huff Gymnasium, where music is furnished to the dancers by "big name" orchestras. These events are traditionally a sellout.

Every Saturday night there is a Men's League-Woman's League dance in the Illini Union Ballroom, and at various other times one may attend Saturday afternoon coke dances and Wednesday evening date dances. Many of these events are operated on a non-profit basis.

Coordinating the work of the various committees for these events is the duty of the general chairman of the Leagues.
Men's League and Woman's League

SPECIAL DAYS

Three of the outstanding events of the school year are Homecoming, Dad's Day, and Mother's Day. These come under the joint chairmanship of the Special Days Junior Cabinet member and a Woman's League chairman.

Homecoming, of course, is the most colorful weekend of the year. Men's League and Woman's League sponsor a house decorations contest; the sale of souvenir badges; and a Stunt Show of individual acts. The program is a complete one for the visitors, and for the Leagues it means an opportunity to re-create interest in the University and its activities.

Dad's Day is another one of the football weekends in the year. Activities of the two Leagues on this occasion include a reception for the "Dads" in the Union Building, and the distribution of tags to the visiting "Dads." At the game, the Leagues award prizes to the "Dad" who has traveled the longest distance for the game, and to the "Dad" who has sent the most children to the University.

Mother's Day, traditionally held on the first weekend in May, includes a reception for the "Mothers" and a May Day celebration. The Maypole dance, held on the quadrangle in the front of the Auditorium, is considered one of the prettiest Spring events, and is attended by much color and pageantry.

The Young Men's Christian Association acquaints the students with the principles of Jesus' life which are vital in our daily living. To carry out its purpose, a membership of more than 800 men carries a varied program in which any individual may find a place of interest. The Y.M.C.A. reaches every student in the University, directly or indirectly.

Just before registration the Y.M.C.A. holds a Freshman Camp which orientates the bewildered first year college men with student life and activities. During the year this organization is continually stimulating international friendship, social activities, fireside forums, and vocational guidance.

The new Y.M.C.A. building, modernistic in every detail, serves students in passing their leisure time in wholesome fellowship under the guidance of Christian spirit.
The Agricultural Council is the governing body of the students in the College of Agriculture. This council coordinates the various activities of the clubs represented, and promotes activities on the Agriculture Campus. Thus it aids in bringing students in closer contact with one another as well as with the faculty.

The purpose of the clubs represented is to familiarize the students with the various phases of their particular field through lectures, discussions, motion pictures, etc. In this way students may broaden their knowledge in fields other than their major.

The council is composed of the president of the Agricultural Club, who is automatically the president of the Council, the presidents of the clubs represented, and the Editor of the Illinois Agriculturist.
Founded in 1932 the Student-Alumni Association has made rapid progress in carrying out its purpose, that of "Promoting the Welfare of the University of Illinois." Each year hundreds of graduates, because of their affiliation with the organization in one or more of its many activities, become torch bearers for their University. Throughout the United States and in some of the foreign countries young alumni have inspired the reawakening of the Illini spirit. Many of them have been made leaders of Illinois alumni clubs.

The Student-Alumni Association conducts a well rounded program of social and service activities. The All-University dances are sponsored by the Association, among the most prominent being the Home-coming and the Registration. Its Founders Day celebration is one of the important campus affairs each year. Members of the Association devote useful service to the Alumni Association, the parent organization, and in so doing make it possible for it to have a broader and more diversified program.

Important in the Student-Alumni Association are the many Student Illini clubs. These are designed as a "training ground" for the Alumni clubs in their own communities so that students can easily continue their active interest in the University after graduation. These student clubs also provide the means for closer friendship among the students from the same community.
The administration of the Association is the responsibility of six senior officers and six members of the faculty who comprise the executive committee. The latter are appointed by the Board of Directors of the Alumni Association, while student members are selected because of their outstanding work as members of the Junior board of governors of the previous year. There are eighteen to twenty juniors who are selected each year from the large Sophomore council on the same merit basis. The Junior board is responsible for the student Illini club organization program and the work of the Sophomore council. The Junior board meets each week with the executive committee to plan and carry on the program of the organization.

The sophomores are selected through petition. They conduct the many routine affairs of the Association and devote most of their activity time to work in the Alumni office where they have the opportunity to learn the office procedures.
Alumni Association

The alumni of a large university can do much to keep up the institution’s prestige and standing in their daily contacts with the public. Alumni interested in the University welfare have maintained the Alumni Association since 1873 for the purpose of keeping the alumni and former students of the University informed on University functions and student activities, as well as the activities of their former classmates. This is accomplished by circulating the Association’s publication, “Illinois Alumni News.”

The offices in the Illini Union Building contain files that are kept up to date by a staff of stenographers and clerks. In these files are listed nearly every alumnus or former student of the University. By means of these, alumni can locate old friends or classmates, and the Athletic Association and other organizations can circulate folders and schedules to best advantage.

Woman's League

Woman's League is a strong organization that brings the 3,000 women students registered in the University into an active unit. It gives them opportunities for self-government and participation in the great variety of activities it sponsors.

Representatives from every house on the campus form the central governing body of Woman's League, the First Council. This arrangement makes it possible for every woman on the campus to keep in contact with student affairs, both in the League and in other activities.

Woman's League coordinates Woman's Group System, Residence Government System, Gold Feathers, Orange Feathers, Blue Feathers, and Silver Feathers. This arrangement unites in more compact groups girls with common interests, giving them an added chance for friendship and loyalty. Woman's League offers some of the best opportunities for developing executive ability.

The Campus Sister movement is sponsored yearly by Woman's League. This movement acquaints freshmen women with all aspects of the campus situation even before they have entered the University.
In addition, Woman's League sponsors three cooperative houses. Each year the League presents a musical comedy and sponsors programs for campus participation and social teas every Wednesday. In combination with Men's League, Woman's League helps manage three of the big all-campus events of the year—Homecoming, Dads Day, and Mothers Day. Beginning with the second semester of this year, Woman's League, with Men's League, has sponsored Saturday-night dances in the Illini Union Ballroom.
Again this year, at one of the Wednesday teas in December, Woman's League called in petitions for the annual Woman's League Show. In order to petition for one of the committees, a girl must be a member of Woman's League; to be eligible for a chairmanship, she must be either a junior or senior. The General Chairman, the committee chairmen, and the committee members of the Woman's League Show are chosen by the Executive Council and the Advisory Board of Woman's League. The Council and Board, in choosing the committees and chairmanships, consider each candidate on the basis of her ability and her record in activities on the campus. The girls with the highest qualifications for the position, those whose petitions show the highest ability and a comparative amount of well-accomplished work in campus activities, are chosen as committee chairmen, and members are chosen from other petitions.

The chairmen and their committees, under the supervision of the Director, the co-production managers, and General Chairman, arrange and direct the entire show.
On February 28, Woman's League presented as its annual musical comedy, "Rose Marie."

The sparkling soprano voice and vivacious acting of Marilyn Skiles as "Rose Marie," brought to the limelight a talented new singing lead. Julius Kuney, as the male lead, starred once again. The main supporting roles were well taken by James Fletcher, as the wealthy Hawley, and Margaret Adams, as the bewitching half-breed. The spontaneous comedy of Shirley Hopp and Charlie Caudle provided many laughs. The riotous "Only a Kiss" number, with Hopp, Caudle, and Zeleny, is unforgettable.

The authentic Indian dance presented by Edward Doisy, and the appearance of the Alpha Kappa Lambda octet were unusual features of the show. The singing and dancing choruses were colorful contributions to an excellent show.

The rough life found deep in the Canadian mountains as presented by the mounties and half-breeds, created a perfect setting for Rudolph Friml's well known "Rose Marie" and "Indian Love Call."

The Woman's Group System is the campus organization for independent women not living in residence halls. The fact that the Group President automatically becomes first Vice-President of Woman's League shows that the two organizations work together in close co-operation. This Group System was originated at the University of Illinois and is now recognized as the most efficient organization of independent women on any campus. Other universities are looking here for guidance in establishing similar systems.

W.G.S., which has been expanding annually since its beginning over twenty years ago, now consists of 48 groups, with a total membership of over 950 girls. The presidents, elected with other officers by each group, attend First and Second Council meetings. Every Monday evening each group holds a meeting in which announcements are read and group activities are planned. Each individual group is entitled to enter such contests as Homecoming Decorations, Doll Show, etc.

In addition to the social activities within the individual groups, W.G.S. offers the System as a whole a varied and interesting program of social events which continues throughout the year. There are dis-
strict teas, all-group parties, faculty forums, a stunt show, an autumn presidents' banquet, a Christmas Musicale, the Watcheka Sing, and, as a climax, a spring banquet honoring the seniors. At this banquet, recognition is given to the W.G.S. girls who have been outstanding in each campus activity; a scholarship cup is given to the member having the highest average in each class; and a large cup is awarded to the group having the highest scholastic average. Following these presentations, Dean Leonard unveils the Honor Plaque, which bears the names of all the groups whose program for the year has had a good balance among academic, social, and service activities.

W.G.S., M.I.D.A., and R.G.S. sponsor the Independent Informal, which has become a major University social function, and a series of all-University "Mixers"; they edit the Independent, a weekly newspaper distributed free of charge to each group.

W.G.S. has gone far in accomplishing its ends, which are to promote fellowship among independent women, to arouse their interest in campus activities, and to promote democratic conditions on the campus.
The Residence Government System is composed of the independent women who live in Davenport House, Busey, Evans, McKinley, and Presbyterian Halls. It is an integral part of Woman’s League, its president holding the office of second Vice-President of the League.

Presidents of R.G.S. houses attend First Council of Woman’s League. Third Council, executive body of R.G.S., meets immediately following this. It consists of the presidents of the halls, the junior counselors, and chairman of the standing committees.

Residence Government System through Third Council considers problems which are common to these large campus groups, and offers a constructive program for the more complete college life of its members. To promote friendliness and to encourage a cooperative spirit, R.G.S. halls have frequent exchange dinners and they serenade each other at Christmas time. Three faculty forums are sponsored in each hall during the year.

This year, R.G.S. initiated a new plan of cooperation with the Art Department by obtaining for the halls paintings done by faculty artists. These paintings are exchanged among the halls three times dur-
ing the year.

In addition to the social activities of each hall, R.G.S. has its Third Council luncheons attended by the council, the R.G.S. chaperones, and faculty advisers. Climaxing each year is the annual Spring Banquet. At this time, the Activity Plaque is unveiled by Dean Leonard, honoring the outstanding R.G.S. girls in each campus activity. Also, at this time, R.G.S. presents a cup to girl having the highest average in each of the four classes. A cup is presented to the house winning the annual Olowan Sing, in which all houses participate.

R.G.S. committees have organized a freshman advisory system in each hall and have encouraged participation in Woman’s League and other activities. R.G.S. cooperates with the Men’s Independent District Association and the Women’s Group System in sponsoring All-University “Mixers” and the Independent Informal.

Although R.G.S. is a comparatively new organization, it has done much to create friendships among the girls in the halls and to promote student affairs; it has proved an effective means of orienting new students to campus life.
Silver Feathers, formerly called Tamaroa, is an organization formed to unite transfer students and to acquaint them with campus activities and traditions. This group, only in its third year, has already proven that it is an organization worthy of Woman's League.

At the early meetings of the year the members become familiar with the customs and traditions on the campus, and are made to feel that they belong to the University of Illinois as much as those who came here as freshmen. Throughout the rest of the year there are varied programs, with prominent persons speaking to the group.

Silver Feathers is interested in making a more complete unit of the other Feathers groups. Also, it sponsors numerous drives, the proceeds of which go to needy students. In addition to its serious work, the group has enjoyable parties which aid in promoting friendly contacts among the members.
The purpose of Gold Feathers is to train sophomore women for responsible positions in campus activities in which initiative, resourcefulness, and dependability are important requirements. The women develop executive ability as well as their own individual talents by serving on committees within the group.

At the weekly meetings of Gold Feathers, well-known speakers are presented who serve to broaden the outlook of the members in affairs relating both to the campus and to the outside world. These weekly meetings are also considered as one of the best agents for creating harmony and understanding between the members and other campus organizations.

At a tea given every Wednesday, sophomore women, acting as hostesses, are given an opportunity to meet the other members of Woman’s League.

The requirements for membership which every woman must meet before becoming a member include high scholarship standing, work in other activities, active participation in the drives which are sponsored by Woman’s League, regular attendance at the meetings, and tea service.
Blue Feathers, a branch of Woman's League, is an organization primarily for the purpose of acquainting freshmen women with the campus, its traditions and its leaders. "The Trial of Peg Fairfax," presented each year in conjunction with Orange Feathers, stresses activities and leadership.

To be initiated into Blue Feathers a freshman must have a 3.00 average, attend two-thirds of the meetings, participate in one financial drive and aid the group in sponsoring a coke dance. The proceeds are donated to Woman's League. At the end of each year a final examination is given on the traditions of the campus and its leaders.

At the weekly meetings, the group is privileged to hear prominent people on the campus and is entertained by musical programs. Orange and Blue Feathers, which were originally one organization now operate in separate groups but unite in their two annual parties with Gold Feathers.
Orange Feathers

Orange Feathers, a freshman organization of Woman’s League, strives to unite the freshman women and to acquaint them with the campus, its traditions, and its activities.

Each of the members is placed on one of five standing committees. The chairman for these committees are chosen by popular ballot.

Originally, Orange Feathers and Blue Feathers were one organization. They were split into two groups to encourage more intimate contacts and cooperation among the members.

Prominent speakers and musical numbers comprise the weekly programs. One drive for funds and a coke dance are carried on during the year, and there are two annual parties held jointly with the other Feathers groups. “The Trial of Peg Fairfax,” a play stressing the importance of activities, is given for the Feathers groups each year.

To become a member, a freshman must have a 3.00 average, attend two-thirds of the meetings, participate in one drive, aid the group in sponsoring a coke dance, and pass an examination on traditions of the campus and its leaders.

"We unite in the desire to realize full and creative life through a growing knowledge of God," so states the purpose of the Young Women's Christian Association of the University of Illinois, an organization in which every University woman is entitled to membership.

To fulfill its purpose, the "Y" has instigated informal discussion groups of foremost interest to each of eleven hundred members: national questions, social problems and hobbies hold key positions among the subjects under consideration.

Not only does the inspirational force of the institution spread within the University proper, but it also extends far into the surrounding community. There are the Girl Reserve groups which play a vital part in the high school girls' extra-curricular activities.
At Christmas time, emphasis is placed on the Doll Show, which provides splendid entertainment for the children and interested adults in the twin cities. The dolls, at the close of the show, are given to Chicago orphans.

The fine programs brought to the city by the Sunday Evening Club, which is sponsored by the Y.W.C.A. and the Y.M.C.A., are further examples of the ever-expanding work of the association.
"Hansel and Gretel," Zeta Tau Alpha

"Ave Maria," Alcestis

"Play to Me Gypsy," McKinley Hall

"Angel Ever Bright and Fair," Mary Widger

Doll Show

"Say It With Music" was the theme of the Y.W.C.A. Doll Show under the direction of Esther Hauptfleisch. The themes portrayed ranged from the popular "South of the Border" to the opera "Mikado."

First place awards went to Zeta Tau Alpha, with a scene from "Hansel and Gretel"; Alcestis, with a scene from "Ave Maria"; and McKinley Hall, with a scene from "Play to Me Gypsy." Second place winners were Delta Gamma, Stratford House, and Davenport House.

Mrs. R. A. Given received first prize in the adult competition in the individual doll contest. Mary Widger won first award in student competition.

Two thousand fifty people visited the gift booth and the candy booth which represented the "Good Ship Lollypop," and viewed the 255 dolls in the auditorium, which was decorated to resemble Santa’s workshop.

Private collections which were exhibited included a pair of 75 year old French puppet dolls, which never had been on exhibit before. Dean Leonard’s collection, including wooden dolls from Poland and five figures of Christ by Anton Lange, were shown for the first time.

The dolls were distributed to an association house and a crippled children’s home, both of which are in Chicago.
W. A. A. Activities

"A sport for every girl, and every girl in a sport"—that is the motto of the Woman's Athletic Association. Membership is open to all girls who participate in one sport season.

Every girl on the University campus should find some form of self-expression in W.A.A. The activities of the organization are divided into four sports seasons, in which a wide variety of sports are offered. There is an opportunity to learn new sports or to develop skill in familiar ones.

The spirit of competition is promoted in the inter-class and inter-house tournaments sponsored at the end of each sports season. Organized groups vie for the trophy awarded at the end of the year to the house which has accumulated the largest total number of points.

W.A.A. activities are inter-collegiate as well as local. During the basketball season, a select group of girls is chosen to enjoy a basketball playday at one of the nearby colleges and universities. At other times telegraphic meets are held to stimulate inter-collegiate competition.

The recreation furnished by W.A.A. activities is stimulating. Girls use their leisure time advantageously in developing skills and in obtaining physical exercise, mental relaxation, and friendly companionship.
The Woman's Athletic Association is an organization which is federated nationally with recognized colleges and universities through the Athletic Federation of College Women. This Federation maintains a central office, purposing to unify ideals and establish standards of athletics for women.

The purpose of the W.A.A. is to further interest in athletics and promote ideals of wholesome living. To achieve this aim, membership is open to all women who have participated in one W.A.A. sport season.

One of the main projects of W.A.A. is a loan fund for the benefit of girls majoring in Physical Education.

In addition to this work, W.A.A. supervises the activities of three organizations, the Telegraphic Swimming Team and Terrapin, honorary swimming
organizations, and Orchesis, a national dancing society which sponsors interpretative dancing, or the expression of moods and feelings in rhythms.

A welcome is extended to the incoming freshmen by W.A.A. at a Sans Souci party in the fall of every year. At that time the organization's program is explained and leaders are introduced. The freshmen are encouraged to attain membership in Alpha Sigma Nu, an honorary open to any girl who fulfills the necessary requirements.

The main activities of W.A.A. are concerned with the wide variety of sports afforded to its members. It is through these activities that W.A.A. is able to present its ideals of good sportsmanship, keen competition, and physical well-being.
W. A. A. Teams

INTERHOUSE VOLLEYBALL

The Interhouse Volleyball season was a very successful one, with a highly enthusiastic group of girls turning out. Kappa Alpha Theta was the victorious house after an exciting final game against Leeman Lodge. Alpha Chi Omega captured third place in the interhouse contest.

Mildred Gail and Roselle Ber Berick managed the Interhouse Volleyball season, which was the first sport season of the new semester.

INTERHOUSE SOFTBALL

Alpha Chi Omega captured the interhouse softball title by having the greatest number of games won in a round-robin tournament. Many houses turned out and competition was stiff. The games were played in the spring during the fourth and last sport season.

This tournament was under the management of Jane Sipe, with Miss Huelster as the faculty coach.

INTERCLASS HOCKEY

Under the instruction of Miss Robertson and Miss Bond, hockey had another very successful season. The senior team won out, as did the senior team last year. From all the girls who came out for hockey, an "all-star" team was chosen. This varsity team, in the high light game of the year, played the alums on the Saturday of Homecoming.

This year the Interclass Hockey season was under the direction of Managers Sue Coale and Dorothy Power.
W. A. A. Groups

W. A. A.

With all the facilities of the physical education department at their disposal, members of W. A. A. are presented with many opportunities for continued sportmanship. Any member in the University is eligible to become a member of W. A. A. if she participates, as an individual or on a team, in any one intramural sport season which culminates in a championship tournament. After members are initiated at the end of each sport season or at the annual Spring banquet, they have a chance for leadership as officers, port managers, class managers, advisory board members, committee members, or team captains.

NUMERALS

Numerals are earned by W. A. A. members through regular participation in six sport seasons. Each sport season lasts a half a semester, and for three semesters member must engage in regular practice, and play at least two scheduled games a week. After a girl has chosen her sport, practiced and played regularly, she must make the class team which is chosen by the port manager and faculty coach of that particular sport. At the end of the season each girl must compete in a tournament of her chosen sport.

MAJOR "I"

After a W. A. A. member has been awarded her numerals she proudly looks forward to earning the major "I." Twelve sport seasons, with the same requirements as for the numerals, are necessary for such a presentation. This letter is the highest award which can be earned by any woman student in the university. However, this award is not restricted to those attending the University of Illinois, for transfers from other colleges and universities have equal opportunities for attaining the coveted reward. These letters are presented to the girls after each sport season or at the annual W. A. A. Spring Banquet.

In 1923, Terrapin was founded to promote proficiency and interest in swimming, diving, and lifesaving, and to promote a feeling of good sportsmanship and friendliness among its members. At all times, members work hard to improve their form and technique in aquatic sports. Only those who have passed a difficult test are eligible for membership. Terrapin is divided into two parts, Major and Minor Terrapin, according to the degree of skill attained by its members.

On Mothers' Day week-end, the group holds its annual water carnival at the George Huff Gymnasium, and at this time the members demonstrate their abilities in the art of swimming and diving. Accompanied by music, the different water formations are a sparkling and colorful sight.

In addition, Terrapin participates in the Dolphin Show, and also takes part in exchange playdays with other colleges.

In 1930 the University of Illinois sponsored the first Big Ten women's swimming meet. It was so successful that in 1934 the University sponsored the first National Inter-Collegiate swimming meet, which now includes colleges and universities all over the country. Contestants are limited to colleges and universities with certified sixty or seventy-five foot pools. Each year the meets are held at the separate schools, and the results are then telegraphed to the Regional Sponsors, who in turn telegraph the first ten places in each event to the National Sponsor. This sponsor is always the school that won the National meet the year before.

The team, limited to fifteen members, is composed of girls who are chosen after a long period of practice. Miss Vaught has acted as faculty advisor for the team this year.
PUBLICATIONS
The Illini Publishing Company, a non-profit corporation, was chartered on May 11, 1911, under the laws of the State of Illinois. Before this time, campus publications were conducted independently of each other, but under the excellent supervision of the Illini Publishing Company, the separate publications have been brought into one strong organization. Management and control of the corporation is vested in the Board of Directors consisting of eight members. Four members are selected from the faculty by appointment by the President of the University to serve for a term of one year and until their successors are appointed. The other four members are elected by the student body, two members each year to serve for a term of two years. One of the four faculty members is designated by the President of the University as Chairman of the Board of Directors and as President of the Company. The Chairman also acts as the Associated Press Representative for The Daily Illini.

The student editors and business managers of the several publications are selected by the Board of Directors by an impartial election after each candidate has been interviewed to determine which ones are best qualified for the positions. Besides selecting the heads of all officially recognized publications, the Board appoints other officers and employees provided for and approves the appointment of junior editors and business managers of the publications. The Board of Directors determines the general policies of the Illini Publishing Company and has general supervision over and conducts the business of the Company. It supervises the management of the publications, although it does not inhibit, but rather encourages the exercise of judgment and creativeness on the part of editors and business managers. The Board of Directors has had much to do with the development and maintenance of the high quality of student publications and with their favorable reception by the public.
The Illini Publishing Company was organized for the purpose of publishing and distributing all of the officially recognized student publications in the University, and of doing a general printing and publishing business. There are four publications on the University campus which are supervised and published by the Illini Publishing Company. One of these is The Daily Illini, which is the largest student daily newspaper in the world. The Illini has full Associated Press wire service. The Illio, the largest university yearbook in the country, is another publication supervised by the Illini Publishing Company. The Company supervises the publication of a magazine, The Illinois Agriculturist, which is published six times during the school year by the Agricultural students of the University. The Agriculturist contains feature and news articles of both University and agricultural interest. The Technograph is the fourth publication of the Company. This magazine appears monthly under the editorship of Engineering students. Through the administration of an expert professional staff and the supervision of a faculty and student board, the Company has become one of the outstanding college publishing companies in the country. All publications, with the exception of The Illio, are printed in the Company’s own plant, located in the basement of the Student Center. A full-time mechanical staff is maintained by the Company.

A professional Company Manager is employed to operate the business and to act as adviser to student editors and business managers. The rapid growth and continuous success of the Company is also shown by the increase in the size and character of its physical plant, which, at the present time, is a thoroughly modern printing establishment. While the Company’s financial position has fluctuated from year to year, the condition at the present time is strong, as is indicated by the book value of net worth of the Company as of June 30, 1940, of $76,236.17, represented by equipment, supplies, and investments. Current assets are 37 times current liabilities.

The general policy of the Illini Publishing Company and of its publications is based on the idea of service to the University community by printing, publishing, and distributing to the students and the faculty of the University of Illinois, publications of the highest maximum standard of quality at the lowest minimum cost.

SOCIETY
Eleven hundred couples gladly put aside their books to join the Senior Class of 1940 in celebrating the beginning of Senior Week and the biggest dance of their four college years, the Senior Ball.

Dick Jurgens and his orchestra played old tunes, new tunes, and novelty tunes in the shade of a full grown tree against a blue background at the south end of the gym. The tree was a part of the Spring garden party theme that was used in decorating the gym. Completing the theme were miniature gardens and small swing-
ing gates along either side under the balconies, where couples mingled, smiled, and talked between dances.

At one o'clock, 1,000 white balloons, with a blue "40" on each, were released from the ceiling and floated past the two large neon chandeliers, down to the dancers. The blue, metal dance programs, with a picture of cap-and-gown clad students sitting on top of two worlds, made fitting souvenirs of the dance.

At a dinner preceding the dance, were members of the committee and their dates, class officers of both semesters, the dance supervision committee, the floor chairmen, and many faculty members.

The release of tension, which accompanied the close of finals, set the mood for the ball and everyone agreed it was the most enjoyable dance of the year.
Friday, December 13, proved to be a lucky day for dancing Illini, and brought to the cherished throne as Junior Prom Queen, radiant Hazel Miller. Attending Miss Miller before a shimmering background of silver decked with golden crowns, were her four smiling maids of honor, Eleanor Miller, Phyllis Murphy, Nancy Nicoll, and Sally Rhode.

Over 1,800 enthusiastic swing-and-sayers enjoyed the music of Harry James and his orchestra. The King of Swing took the campus by storm with his inspired trumpeting. His 'Con-
cer to for Trumpet,” “Two O’Clock Jump,” and “Ciribiribin” brought wild applause from both the dancers and those in the balcony. Huff Gym, decorated with modernized figures in top hats and canes, vibrated with the crowd’s spontaneous approval of James and his music.

After the Grand March, led by Barney Johnson, President of the Class, and Chuck Curran, Chairman of the Prom Committee, the dancing stopped at twelve midnight for the presentation of the court and the Queen. Each one was called to the bandstand by a trumpet fanfare and was there presented with a huge bouquet. Each was then escorted the length of the gym to the throne where the Queen was crowned.

Harry James took up the trumpet again, and the dancing couples resumed their jiving and swinging until one o’clock brought to a close the first big event on the year’s social calendar.

The programs were of white leather with bright red trimming. The figures of a boy and girl in formal attire were outlined in red on the front of the program with the Class of ’42 written above. The Juniors were pleased with their dance, and they were glad to have a souvenir of such a grand evening.
Rainbow streamers and the colorful music of Raymond Scott made a memorable setting for the Sophomore Cotillion of 1941. The Old Gym floor was crowded to capacity with dancing couples in their winter formals, and even the balconies were filled with enthusiastic fans of America’s foremost composer of modern music.

The Class of ’43 continued its sophomore tradition of honoring a queen and “homeliest man.” This year’s choices were made by the dancers themselves, on the night of January 17th, from portraits posted in a star-studded corner of the gym.

Fair-haired, blue-eyed Betty Markert reigned from a sparkling throne until John Sawyer removed his monkey mask, which certainly rated the “ugliest” title, claimed his kiss, and started dancing after the grand march was over. Maids of honor for the queen were Grace Hoberg, Helen Masoner, Sally Turner, and Barbara Walsh.

Wayne Jones and his committee made no mistake in selecting Maestro Scott, who, playing for his first college dance, delighted Illini jitter-bugs with unique arrangements and clarinet and trumpet duos. Mementos of the occasion for the sophomores and their guests were black and white plastic programs.
Freshman Frolic

COMMITTEE

James E. Van Winkle

Lifting music played by Cab Calloway and his band presented an ideal background for the Freshman Frolic, given on March 22 in the George Huff Gymnasium. Students swayed lightly to the music emanating from the bandstand which represented a baby crib. Freshmen, as well as others who attended the dance, enjoyed its truly informal atmosphere heightened by decorations reminiscent of babyhood.

After an introduction of the Frolic committee members who worked so diligently to make the affair a success, the major attraction of the evening was presented by Jim Van Winkle, chairman of the dance, when he announced the finalists in the King and Queen contest. Escorted to their respective thrones, they were then crowned. Selected by a faculty committee, the royal pair were indeed representative of the qualities of grace, poise, and personality for which they had been chosen.

The programs for the evening, in keeping with the decorations, were black and gold folders emblazoned with a white stork and a baby.
The Summer Session Students were entertained by an interesting and varied program. The Summer Artists Course, an important feature of the program, consisted of four series, three of which were "The Deep River Plantation Negro Spiritual Singers," and two plays by the Summer Theater, "Margin for Error" and "Outward Bound." The fourth feature was on July 25 when a traveling troupe presented the opera "Carmen," in the stadium under the stars.

Other events included mixers, athletic tournaments, lectures, and band concerts. Sunday evening vespers were held in front of the auditorium.

On July 26 the Summer Prom, at which Isham Jones’ orchestra played, climaxed the summer entertainment. Six hundred couples saw Martha Shafer crowned Prom Queen.
Surpassing the highest expectations of a truly informal frolic, the annual Ag Dance was presented on April 26 by the students in the College of Agriculture and Home Economics. Like the Ag Dances of previous years, it maintained its gay atmosphere and picturesque setting as the swirling dancers wore gingham and overalls.

The dance was prepared by numerous chairmen and co-chairmen who formed a general committee supervised by Alford Welbourne, Editor of the Illinois Agriculturist and general chairman of the dance. The sub-committees were each assigned their respective tasks necessary for the complete organization of the dance. The members of these committees were chosen from the membership of the Agricultural Club and the Home Economics Club.

The chairmen and co-chairmen of the various committees were as follows: Publicity, Lowell M. Werner, chairman, M. Elizabeth Ross, co-chairman; Decorations, Robert J. Harris, chairman, Mary Hersman, co-chairman; Programs, Ted W. Large, chairman, Mary E. Schwager, co-chairman; Arrangements, Glenn D. Oertley, chairman; Ticket Sales, Clarion B. Henderson, chairman, Marjorie E. Kane, co-chairman.
On the eve of Thanksgiving vacation, November 19, the Interfraternity Council sponsored one of the outstanding formal balls in its history. Because it was to be the only one of its kind during the 1940-41 school year, even more than the usual effort was spent to make it as fine an affair as possible.

The heads of a couple clad in evening attire and the word, "Interfraternity," silhouetted in gold on a clear plastic cover over a marbled paper, gave an air of perfect sophistication to the programs.

Greek gods and goddesses truly reigned supreme, not only on the huge floor, but also as a vital part of the attractive decorations by "Lez." The "mystic letters" of the Greek alphabet adorned a backdrop behind Charley Barnett and his orchestra. The music, too, caught the spirit of the dance and the happy crowd: it was a gay "swing," always so popular with the Illini.

M.I.D.A., W.G.S., and R.G.S. concentrated their efforts on one Independent Informal this year instead of two as in the past, and made it even more successful. The dance, held in Huff Gym on March 14, was attended by 1,100 couples.

The Dipsy Doodle music of Larry Clinton was featured, with slow music predominating. In keeping with the South American theme, a La Conga dance exhibition was given by Joe Migo and Fran Cosen.

Decorations, too, reflected the South American theme. A Spanish dancing couple was silhouetted on the backdrop behind the hand-stand. Programs of red and white had a Spanish senorita outlined on the cover.

For the first time, M.I.D.A. presented a trophy to the house selling the most tickets in proportion to its size. Sachwa received the award. Sager House was awarded the annual W.G.S. cup.

In the front line of the outstanding dances of the year was the annual second semester Registration Dance, sponsored by a committee composed of members of the Student-Alumni Association, Men's League and Woman's League. The spirit of the crowd, though somewhat downed by registration difficulties, was quickly revived by the satisfying music of Dick Jurgens and his orchestra. His famous band appealed to the couples who crowded the dance floor and balcony, because of its informality, distinctive rhythm, and original orchestrations. Highlights of the evening included several famous Strauss Waltzes and Buddy Mareno's special interpretation of the "Hawaiian War Chant."

Arrayed in typical registration style, Huff Gym was cleverly converted into a maze of giant class cards. Vari-colored streamers, played upon by spotlights, formed a false ceiling below the rafters. On the cover of the simple cream and blue program there was a hand filling out one of those familiar "mile-long" registration blanks.
Dancing Illini found their annual schedule differing chiefly in the presentation of only one Inter-Fraternity formal and the addition of Saturday afternoon coke dances given by Woman's League Feathers groups.

Inaugurated by a formal dance, the new grey and maroon Illini Union Ballroom saw crowds nearly every weekend. An after-the-show formal for “Rose Marie,” a similar one after Pan-Hellenic Banquet, Founder’s Day Ball, Men’s League-Woman’s League Mixers, M.I.D.A.-W.G.S.-R.G.S. Mixers, and even the engineers’ “Ship-Stick Shuffle,” replacing the traditional St. Pat’s Ball, were held there. Faculty dances and M.I.D.A. Men’s League Thursday night dancing classes were other new features for student and faculty pleasure.

Big names brought for campus music during the past year included Ted Weems, Cab Calloway, Larry Clinton, Dick Jurgens, Harry James, Charlie Barnett, and Raymond Scott. Other dances not to be overlooked were the S.D.X., “Headliner’s Hop” and the Y.W.C.A.-Y.M.C.A. Mixers.

Themes for informal house and organization dances ran the gamut through Casinos, the Bowery, Ghosts, Barnyards, Shipwrecks, and Ham ‘n Eggs, proving that wherever there is music, by juke-box or famous band, fun-loving Illini will dance.
STAGE AND CONCERT
PROFESSIONAL STAFF

Wesley Swanson..................................Supervising Director
Joseph W. Scott..................................Technical Director
Kathryn J. Sutherland............................Operatic Director

The Illini Theatre Guild is composed of three undergraduate societies; Mask and Bauble, All-University dramatic honorary; Pierrots, men’s dramatic honorary; and Arepo, operatic honorary. The Faculty Players Club is a patron member. The executive authority of the guild is vested in a board of directors composed of a representative from each of the member societies and two University representatives.

THE GUILD BOARD

Earle H. Gillis..................................Representative of Mask and Bauble
Knute R. Nelson..................................Representative of Pierrots
Eleanor V. Morgan................................Representative of Arepo
George P. Tuttle..................................Representative of Faculty Players
Anna E. Knight.................................Representative of the University
Chester R. Anderson............................Representative of the University

The Illini Theatre Guild is directed by Wesley Swanson, general director, and Joseph W. Scott, technical director. The undergraduate staff, headed by four senior managers and assisted by twelve junior supervisors, appoints the members of the business and production crews for each of the guild productions. The crew heads and assistants direct the work of the various crews under the supervision of the juniors.
The two business managers have charge of publicity, box office, house management, institutional publicity, and The Illini Playbill, eight to twelve thousand of which are distributed free to publicize each production. The business manager is nominal managing editor of the Playbill, and the junior supervisors alternate in editing the successive issues. The juniors also rotate in supervising the other departments of the business staff.

The two production managers supervise the students on the backstage crews. These include construction, scene painting, lighting, costumes, properties, and make-up.

Margaret S. Ronalds, C. Lyle Schwabe

"Murder in the Cathedral," T. S. Eliot's thought-provoking drama, was presented to Illini Theater Guild audiences on the evenings of April 5 and 6, 1940. An experiment in religious drama, it was probably the most unusual production of the last several years.

The play is a dramatization in free verse of the slaying of Thomas Becket, Archbishop of Canterbury, and the events leading up to it. Harry Butler, in the leading role, played his difficult assignment with quiet dignity. His strong, deep voice was well-suited to the characterization. Particularly commendable was his delivery of the sermon from his pulpit on Christmas morning.

The chorus of the Women of Canterbury contributed what was probably the most effective part of the play. Throughout the long passages of somber warnings, they succeeded in building up an atmosphere of impending tragedy. This achievement was due to the thoughtful direction of Wesley Swanson. The four Tempters, Harold Bergman, Darwin Kirby, Robert Sturzer, and Norman Kraeft, were uniformly good.

"Murder in the Cathedral" was produced in splendid fashion. The stylized sets formed fitting backgrounds for the magnificent costumes of the actors. Particularly good was the final scene showing the cathedral altar.
The Mikado

One of Gilbert and Sullivan's most tuneful operas, "The Mikado," was played to capacity audiences in Lincoln Hall Theater on the evenings of April 19 and 20, 1940. Arepo, under the direction of Miss Kathryn Janie Sutherlin, was in charge of the production.

"The Mikado," a tale of the young Japanese prince who disguised himself as a "second trombone" and ran away to find his Yum-Yum, was played on an attractive, pastel-toned set.

A talented cast sang the rollicking music with true Gilbert and Sullivan gusto. Harry Marlatt, as Ko-Ko, brandishing a huge silver sword, the symbol of his post as Lord High Executioner of Titipu, was especially good. Sarah Jean Gray's full dramatic voice was admirably suited to the opera's most difficult role, that of Katisha. Singing the lilting romantic songs in fine fashion were the two heroines, Mary Martha The Mikado of Japan.:

Nanki-Poo, his son, disguised as a minstrel.  
Nasu on the Fox

Horning and Dolores Dour, and the hero, Robert Greenwell.
In Lincoln Hall Theater. Mothers Day audiences were thrilled and mystified as the exciting melodrama unfolded within the walls of a sinister French inn, "The Black Flamingo."

A large, well-knit cast sustained the eerie mood of the play throughout. Ralph Rohlfing and Harold Bergman, playing the strange charlatan, Count Cagliostro, were unusually good. Attractively gowned in the costumes of eighteenth century France, the heroines, Lois Reisz and Virginia Hrubes, enacted their role with ease. Kathleen Fitzgerald, Marlyn Grunwald, and Phil Spradling did their comic roles quite well.

An interesting stage set and unusually good sound effects contributed no small portion to the drama of thievery and murder. Wesley Swanson’s skilful direction was reflected in the lively pace of the drama. "The Black Flamingo" was repeated in the fall.
Elmer Rice's recent play, "Two on an Island," was staged on October 25 and 26, and on November 1 and 16, 1940. Stage effects vividly depicted the New York scene. A large cast presented to Homecoming and Dad's Day audiences an entertaining play, humorous and true-to-life.
Madame Butterfly

Puccini’s famous grand opera, “Madame Butterfly,” was staged by Arepo on the evenings of December 13 and 14, under the direction of Kathryn Janie Sutherland.

An outstanding performer was Betty McCown, who sang the difficult Italian score with understanding and conviction. Her fine soprano voice stood her in good stead as she played the role of the unfortunate Japanese maiden who marries a young American naval officer. Reno Harms was effective as Pinkerton, the American who deserts his young bride to return to his native country. Sarah Jean Gray and Walter Jameson handled other important roles.

A typical Japanese setting, replete with flower-covered arbors and arched bridges, provided the background for the opera. Designs for the panelled walls of the little bamboo home overlooking the bay at Nagasaki, were taken from authentic Japanese prints. Sets were constructed under the supervision of Joseph Scott, technical director. The orchestra was conducted by Austin Garrels.
Night of January 16th

Lincoln Hall Theatre was converted into a court of justice of the sovereign state of New York on the evenings of January 17 and 18 when the Faculty Players presented “Night of January 16th,” by Ayn Rand.

The novel play was the dramatization of the trial of beautiful Karen Andre, former secretary to one of the world’s wealthiest men, accused of murdering her employer. The plot was obviously gained from the mysterious death of Mr. Kruger, the “Swedish Match King.” A jury chosen from members of the audience took their places on the stage at the beginning of the proceedings and decided the defendant’s fate. A different verdict was returned each evening.

The leading role, Karen Andre, was convincingly portrayed by Miss Marion Stuart. Other actors leading a competent cast were the two lawyers, Alfred D. Huston and S. Judson Crandell, who set forth their arguments in the best legal fashion. Robert A. Sandberg directed the play.

Star Course is a non-profit organization whose chief aim is to bring the best of musical entertainment to the campus. During the year of 1940-41, Star Course presented the regular series of six concerts, the Symphony Series, composed of the Chicago and Minneapolis Symphony Orchestras, and three individual concerts, Joseph Bonnet, organist, the Roth Quartet, and the Graff Ballet.

Star Course has existed in various forms since 1883. The present University Concert and Entertainment Board was organized in 1931 to supervise and conduct all concerts and public entertainments given at the University by professional organizations, for which admission is charged.

Four faculty members, appointed by the President of the University, and four student members elected by the Student Senate compose the Concert and Entertainment Board. Students are selected as juniors and serve for two years.

The duties of the board are to select the artists, who will appear on the Star Course programs, to appoint the senior and junior managers, and to select the sophomore staff.

Working directly under the board are the senior student managers who act as executives. The junior managers act as supervisors and the sophomore members are staff workers. On the whole, this organization functions much like any big business organization.

The Star Course office is a busy one. Student workers write publicity material, plan and conduct sales campaigns, and carry on much correspondence. They also prepare program and tickets for printing and write sales letters. Bookkeeping and inventory are involved in the ticket sales and entertaining the artists is involved in presenting the concerts.
Star Course

Cornelia Otis Skinner, from her earliest days, followed in the footsteps of her father. Her professional stage debut was made with her noted father, Otis Skinner. She soon began writing and performing her character sketches. Her excellent voice, diction and poise charmed her audience here. ‘The Mansion on the Hudson’ was the high spot of her program.

Artur Rubinstein began his piano career at the age of six when he gave a concert for charity in Warsaw. At eleven he made his formal debut in Berlin, playing the Mozart A minor Concerto with Joachim conducting the orchestra. The technical brilliance which he displayed in his performance here dazzled his audience.

At the age of fourteen, Joseph Bonnet was appointed organist at the Church of St. Michel at Bordeaux. After studying in Paris he was chosen as organist at the Church of St. Eustache. The first organist to appear on a Star Course program in many years, Mr. Bonnet gave a program which was polished in every detail.

Marian Anderson, noted contralto, gave a very successful concert here on January 14. Miss Anderson became widely known in Europe during a two-year tour ending at the Mozarteum in Salzburg. At the University Miss Anderson won the approval of her entire audience by her gracious manner and outstanding ability. She was called back again and again for encores.
Ezio Pinza made his debut in Rome at the Teatro Reale dell'Opera. For three years he was leading basso under Toscanini at La Scala. In 1926 he joined the Metropolitan Opera Company and has sung there each season since. The outstanding performance which Mr. Pinza gave here is evidence of his ability as a concert artist.

Emanuel Feuermann has been pronounced by leading musical authorities one of the greatest cellists of all time. When eleven years old, he made his debut with the Vienna Symphony Orchestra. At sixteen he was called to a professorship at the Conservatory of Music in Cologne. He has a vast concert following throughout this continent and has appeared frequently with all the major symphony orchestras.

An excellent concert of chamber music was given by the Roth String Quartet on November 18. This group of musicians, who are very fond of playing for college audiences, played with gusto and enthusiasm. The entire audience felt this spirit. The quartet selected Kaleidoscope, a composition by Arthur Cohen of the Music School faculty, as one of the numbers on the program.

The members of the quartet are American artists: Feri Roth, founder and first violinist; Rachmael Weinstock, second violinist; Julius Shaier, viola; and Oliver Edel, 'cello. The Roth players will spend a part of each year at Princeton, New Jersey, where they will devote themselves to the Chamber Music School which Mr. Roth has established in connection with the Westminster Choir School.
The Graff Ballet is directed by Grace and Kurt Graff, internationally famous dancers. The Graffs have added to the forcefulness of the moderns a compelling sense of the theatre and brilliance of movement familiar to the more conventional ballet style. Their ballets form a significant comment on the world about us today. Periods of the past are portrayed from the modern point of view.

The audience at the University of Illinois found nothing of the sack-cloth and ashes usually associated with modern dancers in the beautifully costumed Graff Ballet productions, which are emphasized by effective stage decor and a bright, consummately beautiful thread of music woven by the resourceful fingers of the company’s duo-pianists.

The Indianapolis Symphony Orchestra was founded as a semi-professional, semi-cooperative group in 1930 by Ferdinand Schaefer. Fabien Sevitsky was engaged as a permanent conductor in 1937-38. At that time he reorganized the orchestra, placing it on a professional basis.

Preceded by his reputation as a conductor in Europe and the United States, Mr. Sevitsky’s subsequent performances overshadowed his past successes and won for the Indianapolis Symphony Orchestra a national reputation equal to that of many long-established orchestras. This is the third year the Orchestra has been included in the Star Course Series.

Mr. Sevitsky’s interest in American music has won him many friends. He has worked earnestly and persistently for the future of American music.
The Chicago Symphony Orchestra is under the direction of Dr. Frederick Stock, who is entering his thirty-sixth year as conductor. It was of special interest to patrons that this year marked the fiftieth anniversary of the orchestra.

The Chicago Symphony Orchestra is not famous solely for its musicians, who are all masters, or solely for its director, but rather because of the harmony and accord with which the men and the leader work. This homogeneity of thought and energy has brought the Chicago Symphony Orchestra to world fame.

Dr. Stock and his winning personality made the concert one of the most enjoyable ones of the season. The audience showed sincere appreciation of the first concert of the Symphony Series.

The Minneapolis Symphony Orchestra, with its brilliant conductor, Dimitri Mitropoulos, came to the campus for a concert on February 18. This was soon after Mr. Mitropoulos had gained great praise for his four-weeks guest conductorship of the New York Philharmonic Orchestra.

Mr. Mitropoulos is well known for the fact that he never uses a score while conducting, for his excellent memory retains each note of the music. He is one of the few great conductors who never uses a baton. His gestures are broad and energetic, encouraging the finest music from each member of the orchestra.

Since the Minneapolis Symphony Orchestra appeared here last year, Star Course patrons knew what fine music they could expect.

The University of Illinois Military Bands Department consists of three separate bands: the Concert Band, the First Regimental Band, and the Second Regimental Band. Positions and promotions in these organizations are determined by competitive examinations given at intervals throughout the year. Membership in the bands takes the place of the required military training. The Concert Band members are eligible for scholarships as soon as they have fulfilled their military requirements.

In the fall of 1940 the Concert Band began its second half century as the pioneer symphonic band organization of America. Since its inception in 1889, the Concert Band has achieved a national-wide reputation as a symphonic organization of the highest musical calibre.

Prerequisites for membership in this organization call for the highest standards of technical precision coupled with a superior degree of musical talent. The Concert Band is generally recognized as having the most complete instrumentation of any comparable organization in the country. The high standards of the bandsmen together with the fullest instrumentation make possible the faithful performance of the repertoires of the great symphony orchestras.

Professor A. A. Harding, Director of Bands at the University since 1905, has sought unerringly through these years to raise the musical and technical standards of band performances in the United States. The University Concert Band is the direct result of these efforts and stands as an incentive to young bandsmen all over America to strive for a higher degree of musical excellence. The University Military Bands Department conducts and participates in several band clinics each year, trying in this way to further the interests of the American band movement.

The First Regimental Band, under the direction of Mr. Mark H. Hindsley, and the Second Regimental Band, directed by Mr. Clarence E. Sawhill, complete the Bands Department. These bands study the finest in orchestral and band music during the year, as well as playing numerous concerts, and furnishing the music for military ceremonies, athletic events, and other University functions.

The famous Illini Football Band, noted for its marching, singing, and playing, is a group of 180 bandsmen selected from the Concert and First Regimental Bands. The brilliant pageantry staged each football season, both at the home games and those away, forms an integral part of the Saturday afternoon festivities. Mr. Mark Hindsley is in full charge of the Football Band.

Following the football season, the Concert Band, as well as the other bands, directs its activities toward preparation for the Clinics and the concert season of the second semester. The Concert Band plays several out-of-town concerts, as well as the two Anniversary Concerts presented on the campus in March.

This year, as on similar occasions of the past 25 years, the Concert Band furnished the music for the inaugural ceremonies of the new Governor in Springfield. The opening of spring brings with it the twilight concerts each Wednesday evening, attended by thousands of students relaxing on the green grass of the quadrangle. The band year is brought to a close with its performances in the impressive ceremonies of Commencement week.

University Brigade

Parallel with the development of the University of Illinois has been the growth of its Military Brigade. Established in 1867 by the Morrill Land Grant Act, both are now nearing their three quarter century marks of service to the state and to the nation. With basic military training being required for all physically able male students, the Brigade has grown in size from 75 to over 4,000 men, and is now generally recognized as being one of the largest and finest training units in the country.

In keeping with the expansion of the Brigade its facilities for training have been greatly improved. At one time housed in what is now the Old Gym Annex, the Brigade has one of the largest and finest armories in the country.

Composing the University Brigade are the following units: Infantry, Cavalry,
University Brigade

Field Artillery, Coast Artillery Corps, Signal Corps, and the Corps of Engineers. The students are directed in their training by the military staff, which is composed of officers and enlisted men of the regular army. After two years of basic training, the best of the cadets are selected for the advanced corps, where they receive more military instruction, as well as experience in training the basic students. Additional military training of a practical nature is furnished in the Reserve Officers' Training Corps Camps, which are attended by all student officers during the summer between their junior and senior years. By the end of their four years in the Brigade, these student officers have received much valuable training in obedience and leadership, as well as having absorbed a thorough background of military theory and practice.
To the Cadet Staff goes the responsibility for the proper execution of all orders issued by the military department. At the head of the staff is the Cadet Colonel, who is Commandant of the Brigade and a senior officer of the Brigade Staff. It is his duty to direct the weekly retreat ceremonies, which are held either on the drill field or in the Armory. At the annual Military Day, the Illinois Department of the Daughters of the American Revolution presents a saber to the cadet officer who has been selected as Cadet Colonel for the following year.

In addition to the Cadet Colonel, who represents his own unit, the Cadet Staff is composed of a representative from each of the other five units. Each of the latter five members of the staff is a Cadet Major or a Cadet Captain. At the annual Military Day Ceremonies, in recognition of leadership and outstanding ability, the Illinois Department of the Veterans of Foreign Wars presents a saber to each member of the Cadet Staff.

It is through the capable and cooperative functioning of the entire staff that the effective military training of freshmen and sophomores is accomplished.
Regular Staff

At the head of the Department of Military Science and Tactics is the Commandant, who is a colonel in the regular army. The efficient administration and proper training of the six R.O.T.C. units at the University are his responsibilities. His staff consists of six field officers of the regular army who act as Directors of Training of the six R.O.T.C. units. These men are in turn assisted by majors, captains, and lieutenants of the regular army.

Although a cadet corps was established at the University in 1868, the first army officer to be named as commandant of the corps was detailed by the War Department in 1877, at which time the corps was composed of only one infantry unit of 198 men. Today there are six units, and the roster of cadets includes the names of more than 4,000 men. Nearly 600 of these are in the Advanced Corps and the rest are enrolled in basic training courses. This is one of the largest University Brigades in the country, and the responsibilities of the staff are, therefore, very great. It is to the credit of the Commandant and the staff that the Illinois Brigade is also one of the best trained among those of state universities.
The purpose of the Military Council at the University of Illinois is to act as the governing body of the Reserve Officers' Training Corps. In this function the Council serves to strengthen the bond between the Regular Staff and the students of the R.O.T.C., and it is through the Council that the principles and procedures of the military department are conveyed to the students.

In addition to its other responsibilities, the Council is in charge of supervising the various activities of the military department. These activities include the Military Ball, the Officers' Ball, the annual Military Horse Show, the dances given by other organizations in the department, and the publication of the Millini. The Millini, containing an entire record of the year's military activities, is issued annually on Military Day.
Military Council

Andrew R. Johnson
Secretary-Treasurer

Since its founding in 1929 the Military Council has risen to a prominent position in the student activities of the University. The membership of the Council consists of the Cadet Colonel, the Brigade Staff, the Lieutenant Colonel of each of the six R.O.T.C. units, a representative from each of the military organizations, and two officers of the R.O.T.C. faculty chosen to act as advisers.

All profits derived from military activities are turned over by the Council to the Military Special Unit Fund. Under the direction of the University Commandant this fund is used to make improvements in the department and to purchase equipment not provided for in the regular grants of State and Federal governments.
This year's graduating class in the Cavalry Advanced Course faces a wide variety of possible assignments when called to serve as officers in our rapidly expanding army.

The varied and complex force which is our modern American Cavalry includes not only the horse cavalry divisions but the Corps Reconnaissance regiments which are half portee horse cavalry and half light mechanized cavalry and also the light tank regiments and reconnaissance elements of the new armoured divisions. Nowadays the young cavalry officer must be prepared not only to command a platoon of horse cavalry but also to take on such tasks as command of a scout car platoon, a platoon of light tanks or a platoon of anti-tank guns or any one of a number of staff and specialist jobs such as communications officer, transportation officer, etc.

Some of the most modern arms and equipment have not been available here for practical instruction, but it is hoped that they will be supplied before next year so that the present Junior Class can be given practical instruction in their use.

While our modern cavalry appears at first glance to be radically different from the Cavalry of a few years ago, still the fundamental principles of its employment have not changed. The training our students have received in the basic tasks of cavalry and the fundamentals of its employment will enable them to acquitted themselves well on any job that they may be called upon to undertake.
Coast Artillery

With the development of the airplane as an important war-time weapon, has come the need for improved defenses against its threats. To the Coast Artillery unit has fallen the greater part of the responsibility for anti-aircraft warfare. In realization of this responsibility, this training unit is now handling anti-aircraft weapons as well as the large coast and field guns. At the annual Advanced R.O.T.C. Summer Camp at Fort Sheridan, the students receive actual experience in firing anti-aircraft guns, machine guns, and 155 mm. guns. In addition, they receive training in marksmanship with the rifle and the pistol. Instruction in scouting, patrolling, map-reading, and military fundamentals rounds out the four-year R.O.T.C. course which prepares the students for the rank of Second Lieutenant in the Officers Reserve Corps.
Because the work of the Engineer Corps is more technical in nature than is the work of the other units, enrollment in this corps is limited to students in the College of Engineering. In actual warfare this unit is responsible for building and repairing of roads and bridges, construction of temporary fortifications, handling of explosives, and demolition of structures of all kinds. With this end in mind, the basic students receive instruction and practice here at the University.

Opportunities for practical experience in coping with the various engineering problems of warfare are slight. For this reason the R.O.T.C. summer camps are of great importance in completing the training of the students in the Advanced Corps of Engineers. At these camps, which the students attend during the summer between their junior and senior years, there is a coordination of practical experience with the theoretical training received at the University. In addition to technical instruction, the cadets are trained in citizenship and military discipline.
Field Artillery

The Field Artillery is the largest of the six military units at the University. It has an enrollment almost double that of any other unit. In the 21 years since its organization, it has grown from a regiment of eighteen cadets to two regiments totalling over 1,300. Each one of these regiments has its own Lieutenant Colonel and Staff Officers.

First year students are instructed in the fundamental working principles of the large 75 mm. field guns. Second year students are given the choice of enrolling in either the horse-drawn or the motorized divisions. The students who have demonstrated superior ability in the two years of basic training are selected for the Advanced R.O.T.C. Between their junior and senior years these cadets are given practical field training in firing heavy artillery. During their senior year their receive valuable leadership experience by assisting in training the basic students.
The Infantry Unit, R.O.T.C., which had its inception at this University as early as 1867, represents the basic and principal combat arm of the military service. Its chief function, in the R.O.T.C., is the technical military training of Infantry platoon leaders. Those few selected students who satisfactorily complete the two years of advanced course training including six weeks of intensive instruction at a Regular Army training camp, and who meet the rigid physical requirements, are commissioned as Second Lieutenants Infantry-Reserve, in the Army of the United States.

Upon graduation from the R.O.T.C. and from the University these Reserve Officers have various opportunities to establish themselves in the permanent military forces of the United States. Selected students, Honor Graduates, are given an opportunity to accept a commission as Second Lieutenant in the Marine Corps or in the Regular Army. Others, if so recommended, may be assigned to a year's active duty with units of the Army, or may be appointed Flying Cadets. Those taking the one year details are given every opportunity to improve and demonstrate their qualifications for permanent commissions. Flying Cadets have the best available instruction and experience in that line of endeavor, during this one to three year course. Every air transportation in the country seeks the services of graduates of the Army's Flying Schools.
The primary mission of the Signal Corps is to provide combat communications for the Army. To this end the instruction in the Signal Corps R.O.T.C is directed. The basic course instruction consists largely of practice in the installation, operation, and maintenance of wire and radio communication systems. Military communication theory, code practice, leadership, map reading, military organization, and allied subjects complete the course of instruction for the first two years.

The advanced course consists of the communication and cryptographic specialties. Those advanced course students, majoring in Electrical Engineering in the College of Engineering, take the communication course which consists mainly of practice in leadership, advanced radio and wire communication, cryptography, motor transportation, administration, military law, map problems, and tactics and technique of signal communication. The students taking the cryptographic course take all the above work as well as an intensive course in cryptanalysis.

The advanced course students attend summer camp at Fort Custer, Michigan between the junior and senior years. Here, with the Signal Corps students from Ohio State, Minnesota, Wisconsin, and Michigan, they undergo six weeks of practical communication training. Upon successful completion of the four year course and summer camp, students are commissioned as Second Lieutenants in the Signal Reserve of the Army of the United States.
The annual Military Ball, one of the season’s most regal affairs, was held on April 19, 1941 in George Huff Gymnasium. Beneath a multi-colored roof of streamers, a huge crowd enthusiastically enjoyed dancing to the “smooth” rhythm of Sammy Kaye and his orchestra. Responsible for the success of the entire dance which was sponsored by the Military Council, was a committee headed by Cadet Colonel Edmund L. DuBois.

The gymnasium was converted into a gay, military ballroom of red, white, and blue streamers. The dancers continually crowded around the orchestra stand which was placed before a large
militaristic background. Between dances the couples and chaperones gathered in certain sections of the gym which were converted into lounges.

The programs, skillfully planned in design, also carried out the military theme. Cadets, clad in their military uniforms were a distinct contrast to their dates in bright spring forms.

The "swing and sway" musical arrangements of Sammy Kaye’s famed orchestra were the key to the evening’s enjoyment. His amusing novelties, waltzes, swing, and fox trot numbers were all heartily received not only by the dancers but also by gleeful spectators in the balconies.

The grand march, which is a much anticipated event of the Military Ball, occurred shortly after midnight. The officers paraded around the entire floor with Cadet Colonel Edmund L. DuBois leading the way. They were called to a halt and stood at attention finally before the R.O.T.C. Color Guard.

This year the Military Council was proud as usual of its committee which was composed of Cadet Colonel Edmund L. DuBois, seven lieutenant colonels, and two captains.
On January 11, in the Champaign Armory, the regular army officers and the cadet officers of the University Brigade, and many of the U. S. reserve officers stationed in this area were guests at one of the most unique Officer’s Balls ever held.

Huge straw-filled “sand” bags piled high around the door suggested a most realistic “dug-out.” A nest of machine and anti-aircraft guns, fortified by sandbags and barbed wire, centered the floor. More guns and wire placed around the room completed the illusion of a battlefield.

The dance was sponsored by the Military Council and was managed by a committee headed by Cadet Major Bill Rueckert. As is traditional, the committee was entertained at a formal dinner preceding the Ball. Col. and Mrs. Kirkwood and other members of the R.O.T.C. staff and their wives were the patrons and patronesses for the affair. Jim Reinhus and his orchestra officiated from a band-stand surrounded with wire entanglements.

For those whose word is law to ‘‘the ranks,’’ this was army life at its height!

We all know the story of the two prospectors who dug and dug for gold and then quit—just three feet short of one of the world’s richest lodes. It’s a story that carries a powerful moral—never quit until the goal is reached.

In the engineering and experimental laboratories of the thirteen great John Deere factories are men who are pledged to follow that same principle... men who are engaged in designing, testing, improving, and re-testing new farm equipment... men who keep “plugging away” until the final answer is achieved.

The new John Deere No. 490 Planter, shown below, is just one of the many new and better machines that John Deere has developed for 1941. Its unfailing accuracy in checking corn at a new high speed of 5 miles an hour cuts planting costs to rock bottom and enables the farmer to get his seed safely in the ground when the field and weather conditions are right.

The No. 490 is typical of the constant progress that John Deere is making in providing the farmer with improved equipment to lower his costs, speed up his work, and enable him to handle his farm jobs easier and better than ever before.

TWICE—a winner!

This New
CABLE SPINET PIANO
1st For tone quality and volume seldom equaled in a piano of small size.
2nd For the smart modern case design that is sure to harmonize with any home decorative scheme.

Time was when you simply couldn’t fit a piano into small space. For having a fine piano practically meant having a big grand. Now—all is changed. The Lancaster model Cable Spinet illustrated fits easily into the smallest room—yet its tone is that glorious singing tone that every music lover looks for. Cable made and Cable guaranteed.

That the King's Guard of Great Britain personifies that empire's defense strength is a fact that cannot be overlooked.

Its discipline and color is evidence of efficiency in the organization behind it.

We, of G. R. GRUBB AND COMPANY, are justly proud of this 1941 ILLIO ... We point to it as evidence of ability in our own organization.
