FOREWORD

This past year at the University of Illinois will be remembered by most Illinois students for their loyal work in helping to defend their country, no matter how great or small their task may have been.

But the year will not be remembered for this alone. No chain of events, however important, can make us forget our happy days at Illinois. The purpose of THE ILLIO OF 1942 is to help recall these days to you for many years yet to come.
We borrowed the Georgian theme for our book from the new Illini Union Building with the idea that our new Union typifies the continuous growth of our University, not only in material growth, but in Illini spirit, loyalty, and tradition.

We have endeavored to portray by words and pictures those events and personalities which will always be remembered by loyal Illini. You must judge whether or not we have been successful.
WILLIAM ALBERT NOYES

1857-1941

William Albert Noyes, Professor and Head of the Department of Chemistry, came to the University of Illinois in 1907, and for thirty-four years devoted himself to the utmost in the furtherance of its interest.

Coming at a time when the science of chemistry in this country was entering a new era, he brought to the department a background of culture, a training in investigational science, editorial and executive experience. With his inquiring mind and tireless vigor he laid the foundation of a department in which fundamental courses were nurtured and research became a vital interest.

Patient, helpful, sincere to student and colleague; tenacious and undiscouraged in attaining a goal; zealous in working for the right in a world so apparently athwart his ideals, he was an influence throughout the life of the whole University.

To few are given such outstanding achievements of scholarly research, of developing a department whose building now honors his name, of authorship of many books and scientific papers, of fostering new journals which have become leaders in the field of chemistry, of giving strength and vision to many chemical organizations from their modest beginnings until they attained national prestige. With all of this he was a lover of home and friends. Of him it can truly be said he was a faithful servant of the Church and the State.

Roger Adams
Head of the Department of Chemistry
William Albert Noyes was born near Independence, Iowa, November 6, 1857. He held the following degrees: A.B., S.B., Iowa (Grinnell) College, 1879; Ph.D., Johns Hopkins University, 1882; LL.D., Clark University, 1909; Chem.D., University of Pittsburgh, 1920; D.Sc., Grinnell College, 1929. He served as professor of chemistry at the University of Tennessee, and Rose Polytechnic Institute, and chemist for the National Bureau of Standards, and in 1907 came to the University of Illinois as professor of chemistry and director of the Chemistry Laboratory. In 1925 he was given the title of Head of the Department. He served in these capacities until 1926 when he was retired, retaining his titles in emeritus. He served as editor of leading journals in his field and as an officer in many professional societies. He was the author of many scientific works and contributed to numerous scientific, economic, international, and religious papers. Professor Noyes was awarded the Nichols medal in 1908; the William Gibbs medal, 1919; the Priestley medal, 1935. He was a Fellow of the American Academy of Arts and Sciences, a member of the National Academy of Sciences, American Philosophical Society, American Association for the Advancement of Science, American Chemical Society, Phi Beta Kappa, Sigma Xi, Phi Lambda Upsilon, and Alpha Chi Sigma. In 1939 the Chemistry Building at the University of Illinois was renamed the William Albert Noyes Laboratory of Chemistry. Professor Noyes died October 24, 1941.

SCHOLASTIC HONORS
Creative inspiration, stimulated learning, and capable instruction... social adjustment, economic efficiency, and financial security... a beautiful, convenient, and resourceful campus steeped in Illini tradition... all are made possible under the wise direction and helpful guidance of the select group of competent individuals who are the University's administrative officers.
H. B. Johnston, Executive Secretary; A. J. Janata, Assistant to the President; A. C. Willard, President
TO THE STUDENTS OF
THE UNIVERSITY OF ILLINOIS

In the years to come, I trust you will find that the years you have spent at the University of Illinois were among the happiest in your lives. I hope, too, that in the years that lie ahead, you will find that your training and experiences at the University continue to be helpful to you in understanding better the many social, economic, and industrial problems of the day, the correct solution of which concern your future happiness and success.

We wish to send from the University of Illinois intelligent men and women who are interested not only in seeking advancement and success in their vocations, but also in promoting the best interests of their local communities, of the states in which they live, and of the Nation. Wherever you go, you will almost certainly find members of the vast Illini family who have gained recognition for their contributions in many fields of activity.

Now, more than ever before, we must be prepared to defend our American way of life. It is my firm conviction that a college education will be of immeasurable value to each one of you in stimulating clear thinking, true courage, and full loyalty to our Country. Every student, alumnus, and member of the faculty should take a vital interest in the welfare and stability of the society in which he or she lives.

My greetings and best wishes to you always!

A.C. Willard
Arthur Cutts Willard was elected seventh president of the University of Illinois by the Board of Trustees on March 13, 1934, and assumed the presidency in July of that year. He has been a member of the University faculty since 1913, coming here as assistant professor of heating and ventilation in the Department of Mechanical Engineering. Four years later he was made a full professor and in 1920 was named head of the department. Nine months previous to his election as president, he had been made Acting Dean of the College of Engineering.

Dr. Willard was born in Washington, D.C., and attended the Central High School there. He studied in the National College of Pharmacy for one year and then entered Massachusetts Institute of Technology, taking a chemical engineering course and receiving his Bachelor of Science degree in 1904. Following graduation from M.I.T. he taught for one year at the California School of Mechanical Arts in San Francisco and for three years at George Washington University in the national capital. The four years preceding his transfer to Illinois he served the United States War Department as Sanitary and Heating Engineer.

Three honorary doctor's degrees have been conferred upon President Willard: Doctor of Engineering by the Case School of Applied Science, Doctor of Laws by George Washington University, and also the Doctor of Laws by Northwestern University.

This page isn’t my idea, boys and girls. Your editor writes “it is necessary” that the ILLIO contain a “message” from the president of the Board—“150 words.” Sounds as though he were bravely facing a necessary evil.

My former contributions to the ILLIO were not “messages.” A yellowed clipping records that in the “Blue Ribbon Com- petition” of 1906, Carl Van Doren was first with 912 points and Jim Cleary second with 88½ points. Now our respective literary ratings are Van Doren 96½ points—Cleary 88½ points.

I wish he were writing this “message.”

Considering the mess we’ve made of the world, it seems presumptuous for one of my generation to address a message to our students. However, taking advantage of a little brevity authority, here’s my advice:

Have all the fun you can while you’re at Illinois. Make friends with schoolmates and with great books. Strengthen mind and heart and soul. For we’re counting on you to re-make the world we’ve smashed. God bless you!

The Statutes of the University define the duties of the Dean of Men and his staff as "advisory" in character, including "personnel work, vocational direction, and guidance involving intellectual, emotional, and social adjustment." The major duty of the staff members is counseling with individual students in regard to personal problems, especially those outside of the academic field. Other duties include work with student employment, housing, loans, scholarships, social events, fraternities, extracurricular activities and organization, and group affairs and events.

The staff members are available to students at all times and are Gerald W. Peck, Assistant Dean of Men in charge of Student Employment, 104 Administration Building, East; Stanfield S. Taylor, Assistant to the Dean, on leave of absence for military service; Durward G. Judy, Assistant to the Dean and Executive Secretary of Men's League, 209 Illini Union Building; V. James Hampton, Assistant Dean of Men in charge of Student Organization Finances; Golden A. McConnell, Assistant Dean of Men in charge of Freshmen and Foreign Students; and Fred H. Turner, Dean of Men and Executive Secretary of the Committee on Student Affairs, whose offices are 152 Administration Building.

Fred H. Turner
Dean of Men

The Dean of Men, Fred Harold Turner, was born in Hume, Illinois, on March 22, 1900. He was made assistant to Thomas Arkle Clark, Dean of Men, after graduating from the University of Illinois in 1922. In 1931 he received the degree of Doctor of Philosophy in Education. His thesis may be found in the library, as it is considered one of the most authoritative accounts ever made of the Illinois Industrial University. In 1932 he was awarded the full title of Dean of Men after serving as Acting Dean in the preceding year. In recent years several of his surveys of student life at the University have appeared in current magazines. Dean Turner is greatly interested in student organizations on the campus, and is a member of the Illini Board of Control. He is Secretary of the National Association of Deans and Advisers of Men, and Educational Adviser to the National Interfraternity Conference.
Maria Leonard was born in Indianapolis, Indiana, and received her high school education there. After graduation from Butler College, she continued her graduate work at Colorado College from which she received her Master of Arts degree. She accepted the position as Dean of Women and Professor of Mathematics at Idaho State Normal in Albion, Idaho. She left Idaho to become Dean of Women and Professor of Mathematics at Coe College in Cedar Rapids, Iowa. Recently she received a Litt.D. from that institution. Since 1925 she has served as Dean of Women at the University of Illinois. In 1924 Dean Leonard founded the national scholastic honorary, Alpha Lambda Delta, for freshman women.

Students and their welfare are the chief daily interest of the Dean of Women's office. Questions pertaining to all phases of student life are handled here. Besides the Dean of Women there are two Assistant Deans on the staff, Roberta Doisy Rosecrans and Ruth Adkins. Mrs. Rosecrans is Panhellenic Advisor; Miss Adkins is advisor to W.G.S. and R.G.S.

Counseling with students on personal and group matters is of first importance to the Dean of Women. The office strives to secure for each student a balanced program between her scholastic work, social life, activities, and recreation. The student organization officers are very helpful in this work.

Financial aid through loans and household employment are available to students who need help in financing their year's work.

The three thousand women students are sure to find help and advice in the Dean of Women's office at all times, as is evident from the many students and out-of-town visitors who call daily.

The Dean of Women's office is interested in encouraging cultural and high social standards through group life in the various campus houses in their social functions. The women's student houses have mature cultured women in charge who are responsible to the University through the Dean of Women for maintaining these standards as outlined by the University and the Women's League.
The University's eleven Colleges and Schools in Urbana will award degrees this June to some three thousand students. Equipped with training offered by the Illinois Faculty in lecture room, class room, laboratory, and shop, and by extra-curricular experience, the class of 1942 is ready to enter a professional world.

Matthew Thompson McClure

Matthew Thompson McClure, Dean of The College of Liberal Arts and Sciences, was born at Spotswood, Virginia, April 27, 1883. A Bachelor’s degree was awarded him at Washington and Lee University in 1904, where he did his undergraduate work, a Master’s degree at the University of Virginia in 1907, and a Doctor’s degree at Columbia in 1912.

Before coming to Illinois, Dean McClure was an instructor in Philosophy at Columbia and from 1915 to 1921 a professor of Philosophy at Tulane. He began his career at Illinois in 1921 as associate professor in Philosophy. In 1922 he became Professor of Philosophy and in 1926 he was appointed head of that department. The deanship was awarded him in 1934 after serving a year as Acting Dean of the College of Liberal Arts and Sciences. Dean McClure is a member of Theta Delta Chi, Phi Beta Kappa, Phi Kappa Phi, Phi Eta, Phi Eta Sigma, Delta Sigma Rho, The American Philosophical Association, and other honorary organizations.

The College of Liberal Arts and Sciences offers instruction in the humanities, the social sciences, and the natural sciences, leading to the degrees of bachelor of arts, bachelor of science, bachelor of science in chemistry and chemical engineering, and in home economics. In addition, it offers the necessary work preparatory to medicine, law, journalism, and education.

Its courses are sufficiently flexible to meet the varying needs of its large student body. The general curriculum is designed for those who seek a broad general education. The professional curricula are designed to lay the foundations for those students who wish to specialize for professional careers.

The College attained its present status in 1913 when the College of Literature and Arts and the College of Sciences were combined to form the College of Liberal Arts and Sciences, with the late Kendric C. Babcock as Dean. The instructional staff is composed of 190 teachers of professional rank, 73 instructors, and numerous full and part time assistants.

The usefulness of the College has been enlarged by the creation in 1937 of a Personnel Bureau which affords the opportunity for personal counseling along the lines of educational, scholastic, and vocational guidance.

The College is at present organizing a General Division with a curriculum built around non-departmental courses and designed specifically for students seeking a general education.

Charles Manfred Thompson, ’09, Dean of the College of Commerce and Business Administration, is an alumnus of the University of Illinois: A.B., ’09; A.M., ’10; Ph.D., ’13. His work in this department dates from 1912, when he was appointed Assistant in Economics. In 1919 he became Professor of Economics and Dean of the College. With the establishment of the Bureau of Business Research in 1921, Dean Thompson was made Director. He holds two honorary degrees: L.L.D. from Muskingum College, and D.Litt. from McKendree College. His fraternities are Delta Chi, Phi Beta Kappa, Beta Gamma Sigma and Phi Eta Sigma. The Dean is best known as a lecturer and a writer on subjects dealing with Economics and Economic History. Under his direction the University has built up a Business Records Library comprising several million items.

Back of the founding of the work in this College was the conviction held by a small group of educators at Illinois that a University could provide training in business for young men and women without encroaching on their general education. From the beginning, forty years ago, this conviction has been followed and strengthened. The result is that today we are providing educational facilities for students of the college level, in which, in addition to affording a general education, a bias toward business is given them.

A second conviction had to do with educational objectives. The why was to be, and has over the years, been, regarded as being of far greater importance in life than the how. What the founders really had in mind in this connection was to train tool makers—not tool sharpeners. Here, too, those who followed, and are now following after four decades, have kept the faith.

These two simple statements embody the basic principles on which all of our work is founded. The result is that a constantly growing stream of young men and women has poured out into the business world, prepared for life as well as for living.

  Morton Junior College
Melvin Lorenz Enger, Professor of Mechanics and Hydraulics, since 1934 Dean of the College of Engineering and Director of the Engineering Experiment Station, was born May 5, 1881, in Decorah, Iowa. He attended the University of Minnesota and the University of Illinois where he received the Bachelor of Science degree in Civil Engineering in 1906 and later the C.E. and M.S. degrees. He came to the University in September, 1907, as instructor in Theoretical and Applied Mechanics, and has served on the faculty since that time. From 1926 to 1934 he was head of the department of Theoretical and Applied Mechanics. Dean Enger is an honorary member of Triangle and is a member of many engineering societies and honorary fraternities.

The curricula in Engineering are planned to give a thorough training in mathematics and the physical sciences which are applied in the design, construction, and operation of engineering structures, machines, and industrial works. A moderate amount of specialization is provided through options and by special arrangements of courses in the senior year. The enrollment in the Engineering College this year is one of the largest in the history of the College.

The Engineering Experiment Station, organized in 1903, was the first in any engineering college. Nearly 400 bulletins and circulars recording the results of investigations in almost every field of engineering have been published and are to be found in libraries in all parts of the world. The Station is engaged in many investigations in cooperation with trade associations, governmental agencies, and with industry. A new Research Home has been built this year at the corner of Green Street and Busey Avenue in Urbana for an investigation of steam and hot water heating systems.

University Brigade

Robert George Zilly .............. Aurora
General Engineering
Triangle
Society of General Engineers
The giving of general and specialized training to young men and women who will shortly assume the stewardship of our agricultural lands and compose our rural homes is the major purpose of the College of Agriculture. A wide range of courses dealing with the production, marketing, processing, and utilization of food and clothing materials is offered. Thorough grounding in the basic sciences is required, as is also the broadening experience gained through cultural courses.

The teachings of the College are vitalized by the work of the Experiment Station, with its hundreds of projects designed to test new practices and develop new knowledge; and by the close contact which members of its staff have with the people of the State through its well developed and active Extension Service.

A friendly faculty is eager to help each student prepare himself for effective participation in our national economy, not as a cog in a complex machine nor as a mere tool of production, but as a responsible individual who realizes his obligation to society.

Thomas Eliot Benner, Dean of the College of Education, was born in Danvers, Massachusetts, February 11, 1894. He was graduated from Harvard in 1914 (A.B.), received graduate degrees from the same university in 1916 (A.M.), 1923 (Ed.M.), 1924 (Ed.D.). His professional experience has included teaching in Maryland and Maine, public school administration in Massachusetts, service as statistician and editor with the Alabama State Department of Education, the acting deanship of the College of Education of the Alabama Polytechnic Institute, the chancellorship of the University of Puerto Rico, and a visiting professorship at Columbia University. Since 1931 he has been Dean of the College of Education at the University of Illinois. He served as a member of a commission to investigate vocational education in Illinois, as Chairman of the Advisory Committee to the Educational Commission of the Illinois State Legislature in 1935, and as a member of the commission named by President Roosevelt to report on Puerto Rico as a center of inter-American education in 1939. He is a member of Phi Delta Kappa and Kappa Delta Pi, and holds office in several national professional organizations.

The College of Education offers, on the undergraduate level, professional preparation for high school teachers. On the graduate level it offers advanced professional preparation for elementary and high school teachers, supervisors and principals, and superintendents of schools, and prepares faculty members to teach and to carry on research in Education in colleges and universities. A new graduate professional curriculum in Education leading to the degrees of Master of Education and Doctor of Education has recently been approved.

The College of Education had its origin in 1893 in the influence and teaching of Charles de Garmo, professor of psychology. In 1900, a Department of Education was set up which became, in 1907, the School of Education, and 1918 received its present title, the College of Education. At the same time the Bureau of Educational Research was established. The faculty of the college, including the staff of the Bureau of Educational Research and of the University High School, totals 70.

Rexford Newcomb, Dean of the College of Fine and Applied Arts, received his training at the Universities of Kansas, Illinois, and Southern California. His academic studies have been supplemented by wide travel in Europe and the Orient.

Before coming to the Illinois faculty in 1918, Dean Newcomb was for five years Director of the Department of Fine and Applied Arts at Long Beach Polytechnic (California) and for four years Director of Adult Education and Principal of The Long Beach Evening High School. He served also on the faculties of the University of Southern California, and the Agricultural and Mechanical College of Texas, at the latter institution as Professor of Architecture and College Architect.

Dean Newcomb was for ten years editor of the Western Architect, Chicago, has served as technical consultant in various connections, has lectured widely on the Fine Arts, and is the author of fourteen volumes and several hundred magazine articles in his field. He is a member of Phi Kappa Phi, Phi Beta Kappa, Sigma Xi, and various other honorary and professional organizations.

The College of Fine and Applied Arts is ten years old. It was formed in September, 1931, by a grouping of the long established Departments of Art, Architecture and Landscape Architecture and the School of Music. To these the Bureau of Community Planning was added in 1934.

The College enrolls annually some eight hundred students pursuing one or another of the eleven professional curricula covering the various branches of the Fine Arts. These curricula are so framed that the student obtains as wide a training in liberal studies as is compatible with the laying of firm foundations in the particular art which he proposes to practice.

From other Colleges of the University come annually in excess of fifteen hundred other students who pursue the many cultural courses offered by the College.

In addition to its more formal program, the College offers annually many events in the way of lectures on the various arts, concerts, recitals and the constantly changing exhibits of art objects displayed in the Architecture Building.

Fredrick Seaton Siebert was born December 13, 1902, at Tower, Minnesota. After graduating from the School of Journalism at the University of Wisconsin in 1923, he worked for several newspapers including the Hibbing (Minn.) Daily News, the Duluth Herald, and the Chicago Herald-Examiner. He joined the faculty of the University of Illinois in 1927, and was granted a degree of Doctor of Law in 1929. He was admitted to the Illinois bar the same year. During the year 1940-41 he served as professor of journalism at Northwestern University. He assumed the directorship of the School of Journalism on September 1, 1941.

The School of Journalism is a professional school offering training in the editorial, advertising and management fields of publications. A journalist’s first need is a broad general education followed by courses which permit him to apply his background to publication problems. Students preparing for journalism are urged to register in the General Division of the College of Liberal Arts and Sciences for two years before entering the School of Journalism. During the past year all professional courses have been moved up to the junior and senior years.

Journalism courses were first offered in the University in 1902. In 1927 the instruction in journalism was organized as a School.

The new quarters of the School in Gregory Hall include reporting, copy-reading, advertising layout, typography and radio laboratories. The journalism library is the most complete of its kind in the United States and offers opportunities for research in all fields of journalism.

Seward Charlie Staley, Director of the School of Physical Education, was born at Sprakers, New York, on August 1, 1893. He secured a Bachelor's degree in Physical Education at Springfield College in 1917; a Master's degree in Hygiene at Clark University in 1920; and a Doctor's degree in Education at the University of Illinois in 1929. Professor Staley served as an athletic director in the army during 1917 and 1918. In 1920 and 1921 he served as Director of Athletics for the Greek Army in Asia Minor. He joined the staff of the Department of Physical Education at the University of Illinois in 1922, and was made Director of the School of Physical Education in 1937. He is the author of ten books and many articles in the field of physical education. Squash rackets and hiking are his chief sports; collecting books on the history of sport, his chief hobby.

The School of Physical Education, established in the fall of 1932, includes three departments: Physical Education for Men, Physical Education for Women, and Health Service.

The Department of Physical Education for Men renders three general services, namely, conducting the service courses (required of all students), conducting a professional training curriculum for students majoring in this field, and promoting a program of recreational sports for men.

The Department of Physical Education for Women conducts the service courses in physical education, a professional training curriculum, a program in intramural sports, and a program in faculty recreation for women.

The Department of Health Service in general gives health examinations to all students, confers with students about health problems, cooperates with the State Board of Health in controlling contagious diseases, regulates sanitary conditions on and about the campus, and conducts courses in sanitation and hygiene for both men and women.

S. C. Staley.

Albert James Harno, Dean of the College of Law, was born January 30, 1889, in Holabird, South Dakota. After his graduation from Dakota Wesleyan University in 1911, he went to Yale, where he received the degree of Bachelor of Laws, magna cum laude, in 1914. He practiced law in Los Angeles until 1917, when he went to Topeka, Kansas, to become Dean of Washburn College of Law. Two years later he went to the University of Kansas, where he served as Professor of Law. He came to the University of Illinois in 1921 on appointment as Professor of Law. He was made Dean of the College in 1922. Since 1931 he has also served as Provost of the University.

He is a member from Illinois of the National Conference of Commissioners of Uniform State Laws, Past President of the Illinois State Bar Association, and a member of the Advisory Board of the Division of Delinquency Prevention, State Department of Public Welfare. He is a fellow of the American Academy of Arts and Sciences, and a member of Phi Beta Kappa, Order of the Coif, and Phi Kappa Phi.

The College of Law was established in 1897, near the beginning of a period when forces were becoming active which were to build the many-sided University of today. Dr. Andrew S. Draper was then President, and the Honorable John P. Altgeld was Governor. Both were interested in the development of the University and both contributed to the idea of founding a law school and making it an integral part of the University. In recognition of the high services rendered by Governor Altgeld to the University, the Trustees in 1940 named the law building, "Altgeld Hall."

Though its life span has been comparatively short, this College has witnessed and been a party to most of the important changes in legal education. The College has not only kept pace with these changes but it has been a pioneer in advancing them and in promoting higher standards for the Bar. While the primary purpose of the College is to educate students for the practice of law, it seeks also to promote legal scholarship, to develop an appreciation of the highest ideals of the profession, and to instill a consciousness of the responsibility of the lawyer to society in furthering the wise development of law and its administration.

Albert James Harno

THE COLLEGE OF LAW

Altgeld Hall
THE UNIVERSITY LIBRARY AND THE LIBRARY SCHOOL

The University Library contains over 1,200,000 volumes. The Library ranks fifth in size among American university libraries and first among state university libraries.

The University of Illinois Library School, established in 1893, is the oldest Library School west of the Alleghenies. From the beginning it has ranked as one of the outstanding library schools in America.

The program of the Library School is designed to prepare administrators and assistants for service in libraries of various types — public, school, college and university libraries, and such special types as hospital, newspaper, business, art, and music libraries. Admission requirements include the presentation of a bachelor's degree. The curriculum leads to the degrees of a Bachelor of Science in Library Science after one year of study, and to the degree of Master of Science after two years of study. The enrollment is ordinarily around 140. The faculty and the staff total 14. The School is housed on the third floor of the Library building where library facilities, as well as the technical operations involved in library service, may be studied at close range.

Carl Milton White

Carl Milton White, Director of the University Library and Library School, was born August 12, 1903 at Burnett, Oklahoma. In 1928 he received the degree of Master of Arts, magna cum laude, from Mercer University, and later studied at the State University of Iowa and Cornell University, where he received the degree of Doctor of Philosophy in 1933. He received the professional degree, Bachelor of Science in Library Science, a year later at Columbia University.

Dr. White was Librarian of Fisk University, 1934-1938. In the summer of 1938 he was an instructor in Library Science at the University of Michigan. From 1938, until he came to the University of Illinois, September 1, 1940, to assume his present position, he served as Librarian, Professor of Library Science, and Chairman of the Division of the Library and Library School at the University of North Carolina.
Robert Daniel Carmichael, Dean of the Graduate School, was born in Goodwater, Alabama, March 1, 1879. He was awarded his Bachelor's degree at Lineville College in 1898, and his Doctor of Philosophy degree at Princeton University in 1911. After coming to the University of Illinois in 1915 as Assistant Professor of Mathematics, he became Associate Professor in 1920. From 1929 to 1934 he was head of the Department of Mathematics. In 1933 he was appointed acting Dean of the Graduate School, and a year later he became Dean. He has published several hundred articles on mathematical, philosophical, and scientific subjects, and is the author of several volumes on these subjects. Some of his works have been re-published in French translations.

THE GRADUATE SCHOOL

The principal aim of graduate study is the development of the power and the promotion of the spirit of investigation. The student who pursues an extended course is expected to obtain a wide knowledge of his subject and of related fields of investigation, and also to acquire and begin to use the power of extending the range of what is known.

Scholarships and fellowships, established by the University Board of Trustees, are open to graduate students of exceptional ability and promise. Funds are available from several special sources for the support of additional fellowships, the purpose of which is to promote higher education and to contribute to the extension and diffusion of knowledge. Several important individual research programs are encouraged and helped forward by the aid of resources which have been made available through the Graduate School and the Research Board. Some of these are of very great value in the social process.

R.D. Carmichael

Administration Building
East
THE DIVISION OF UNIVERSITY EXTENSION

The Division of University Extension is the means by which certain of the facilities of the University of Illinois are put at the disposal of the people of the State who are beyond the confines of the campus. Some of the ways in which this is done are: the offering of 86 college courses by correspondence, the teaching of a limited number of extramural classes in various Illinois cities, lectures by faculty members before clubs and other organizations over the State, short courses and conferences, forums, a state-wide program of citizenship institutes for first voters, a lending library of educational motion pictures, a resource and consulting service for teachers of speech and of science.

The Division, which is the youngest of the major administrative units of the University, is appropriately enough for a youngster, growing rapidly.

Robert Bell Browne
Director

Robert Bell Browne, Director of the Division of University Extension, was born in Oshkosh, Wisconsin, on July 15, 1894. After attending the Southern Illinois State Teachers College, he entered the University of Illinois. Because his education was interrupted by his serving in the United States Army, he did not complete his graduation until the summer of 1922. After serving nine years as a high school principal and city school superintendent, he returned to the University of Illinois in 1932 to become an instructor in Education. His advanced degrees of Master of Science and Doctor of Philosophy were conferred by this University. At the time of the inauguration of University Extension he was appointed its first director. He has been in charge of the Division since that time.
The Chicago Colleges, although distant from the main campus of the University, are an integral part of the University. It is only to be regretted that the students on both campuses cannot learn to know more about the work of colleges other than their own. It is a pleasure to extend greetings on behalf of the Chicago Colleges to the students in Urbana.

R.B. Allen
Raymond Bernard Allen, Executive Dean of the Chicago Colleges, was born in Cathay, North Dakota, on August 7, 1902. He attended the University of Minnesota where he received the degrees of Bachelor of Science in 1924, Master of Arts in 1925, and Doctor of Medicine in 1928. He was an assistant in Anatomy at the University of Minnesota from 1924 to 1927 and a fellow on the Mayo Foundation from 1930 to 1933. On the basis of his work in the graduate faculties of the University of Minnesota and the Mayo Foundation the degree of Doctor of Philosophy was granted in 1934. From 1933 to 1936 he was Associate Dean in charge of graduate studies at the College of Physicians and Surgeons, Columbia University, and Associate Director of the New York Post-graduate Medical School and Hospital, Columbia University. He served as Dean of Wayne University College of Medicine from May, 1936, to September, 1939, when he took up his duties as Executive Dean of the Chicago Colleges.
THE COLLEGE OF DENTISTRY

The College of Dentistry was founded in 1892 as a proprietary institution under the name of the Columbian Dental College. In 1901 it obtained a nominal affiliation with the University of Illinois and in 1913 it was established as an organic part of the University.

The College of Dentistry with the Colleges of Medicine and Pharmacy occupies a block of buildings in the heart of the west side medical center of Chicago. The colleges are allied and the faculties associated. The dental clinics, which have unsurpassed facilities for teaching and research, are in the east unit which was completed in 1937.

Since its inception the College of Dentistry of the University of Illinois has been in the vanguard of those colleges which have maintained the highest educational standards. The course of instruction leading to the degree of Doctor of Dental Surgery is four years in length, with two years of credit from a college of liberal arts and sciences as an admission requirement.

It is the aim of the College of Dentistry not only to train competent practitioners for the community, but to promote scholarly investigation and research with a view toward refining and improving methods of treatment and control.

Howard M. Marjerison
Medical and Dental College Laboratories

DENTISTRY

Entrance to the Dental College
David John Davis, Dean of the College of Medicine, spent many years in study and research before coming to Illinois. He was born in Racine, Wisconsin, on August 10, 1875, and studied first at the Racine Academy. From the University of Wisconsin he received his Bachelor of Science degree in 1898 and his M.D. degree from Rush Medical College in 1904. In Europe he continued his studies at Vienna and Freiberg, and then returned to the United States to carry out his research work in Chicago at the McCormick Institute for Infectious Diseases. Before coming to Illinois he served as pathologist at St. Luke's Hospital in Chicago. In 1913 he came to the College of Medicine as Professor of Pathology and Bacteriology. He has written several treatises on Bacteriology and is the author of numerous other medical papers. He began serving as Acting Dean in April, 1925, and succeeded to the Deanship in September, 1925.

On October 14, 1881 the College of Physicians and Surgeons of Chicago opened. In 1897 it became affiliated with the University of Illinois and in 1900 the name was officially changed to "The College of Medicine of the University of Illinois."

The purpose of the College is to qualify students to undertake the practice of medicine. Class membership is strictly limited. This year there are 638 undergraduate and 134 graduate students, both men and women, with a faculty of over 400.

The undergraduate student devotes the first two years mainly to the fundamental sciences, the third and fourth years to the various clinical branches, and spends the fifth year in interneship in a hospital approved by the University.

During the present year an affiliation has been made with the Rush Medical College and Presbyterian Hospital. This affiliation enlarges notably the clinical facilities of the College of Medicine and offers greater opportunities to our students, some of whom are receiving instruction at the Presbyterian Hospital this year.

The College of Medicine, located in the very heart of the Medical center of Chicago, is one of the largest medical schools in the country and ranks high in the professional world.

PHILLIPS, Frederick L.
Rottapfel, David J.
Earl Roy Series was born near Salem, South Dakota, November 18, 1890. By 1917, he had received his Ph.G., B.S. in Pharmacy, and M.S. in Chemistry and Pharmacy from South Dakota State College. He received his Ph.D. in Pharmacology from the University of Minnesota in 1934. From 1913-1940 he served on the faculty of South Dakota State College of Pharmacy and was dean from 1923-1940. In 1940 he came to the Chicago campus of the University of Illinois, as Dean of the College of Pharmacy.

He is a member of the American Pharmaceutical Association and the United States Pharmacopoeia Revision Committee. He was formerly a member of the Advisory Council of the South Dakota Public Health Association, and President of the American Association of Certified Pharmacists, 1938-1939. He is a member of Gamma Alpha and Rho Chi fraternities, and Blue Key. He served in the Medical Corps during the World War. Dean Series has contributed many articles on pharmacy to scientific journals and other publications and is well known for his discoveries and experimentation.

Formal instruction for students desiring to enter in the field of Pharmacy, was first instituted by the Chicago College of Pharmacy in 1859.

The University of Illinois College of Pharmacy now offers many special advantages that were unknown to that early program. Replacing the former single curriculum required of all students, those with specific qualifications and inclinations are privileged now to elect special courses in Pharmacy at the end of their sophomore year of college.

Adequate equipment and laboratory space which will accommodate a beginning class of 100 students has been secured. The teaching staff is a well-trained, aggressive group of individuals who have specialized in the various fields of pharmaceutical endeavor.

Graduate work is being developed on a formal basis, in order to meet the ever-increasing demands for well-trained men in the related fields, such as biochemistry, analytical chemistry, the manufacturing of scientific drugs, cultivation and development of crude drugs, and, to a lesser degree, the technics of manufacturing pharmacy.

The affiliation of the College of Pharmacy with that of Medicine and Dentistry affords a more comprehensive approach to the solution of public health problems common to all three professions.

EXECUTIVE COUNCIL

The Executive Council was established in September 1941 for the purpose of establishing and coordinating a uniform policy in student government and in student activities. Membership of the council is composed of two representatives from each of the three student councils, and includes the president of each.

CHICAGO CAMPUS ILLIO STAFF

College of Dentistry Representative...........CHARLES J. GILLOOLY
College of Medicine Representative.......PAUL W. SUNDERLAND
College of Pharmacy Representative........NORMAN B. LEVIT

The Chicago Campus Illio Staff is charged with the compilation of all editorial material for The Illio as well as for the selling of books. The 1942 edition of the Illio will mark the third year of work for the Chicago campus staff.

THE ILLINI SCOPE

Dr. William H. Welker, Sponsor of Phi Mu Phi

Phi Mu Phi is the Chicago campus music organization which sponsors all Chicago campus musical events. Under the able sponsorship of Dr. William H. Welker, a varied program of outstanding musical events is produced each year. These events include concerts by the glee club, dances by the dance orchestra, programs by the concert orchestra, and an annual Open House sponsored by all member organizations of Phi Mu Phi.

Between Classes

The Quine Library
Eager to be of service to their Alma Mater... assuming their share of responsibilities willingly... contributing their time and energies to active participation in campus activities, helping to formulate their policies and carry them through... University underclassmen have shown their capacities as potential leaders.

INTRAMURALS
We salute senior and other athletes who have entered, or will soon enter, the Service. Their participation has helped to prepare them. We know they will carry on in the Illinois tradition.

The value of competitive athletics is recognized by our leaders. Our program will be continued, adjusted to meet exigencies.

The long career of Bob Zuppke as Illinois football coach has closed. Illinois will always remember gratefully his great contribution.

Big, modest Nate Johnson came into his own at last this year, climaxing a brilliant season by being named the Illini’s most valuable player. He played 228 minutes in the last six football games, to become known as the iron man of the team. Johnson started his gridiron career in his sophomore year, but injuries consistently kept him from making the regular team. When his big chance finally came, he made the most of it. His hard, clean playing in the Drake game won him his position as left tackle on the regular squad.

Before he came to Illinois, Nate was a star on the Benton high school football team. Now that he has completed his course in the School of Physical Education, he hopes to become a coach or athletic personnel worker.

In choosing a person to receive the Conference Medal award, the Athletic Association considers both an applicant’s scholarship and his excellence in varsity sports. Park Brown, track and cross-country captain, was the winner of this medal in 1941. He was a very versatile athlete, having participated in varsity golf and hockey besides track. No running event in the track program proved too hard for Park; he ran them all, and he holds the university record for the half-mile.

Brown’s popularity is proved by his captaincy and by the fact that he was president of the Tribe of Illini. He was also a member of Psi Upsilon fraternity, Sachem, and Skull and Crescent. Political science was his major in the College of Liberal Arts and Sciences.

CHEERLEADERS

Working in cooperation with the Athletic Association, Men’s League sponsored the cheerleaders and the various activities concerned with campus athletics. Under the direction of Nathaniel Irwin and Durwood Judy, this group not only stimulated the athletic spirit of our own school but also promoted more friendly relationship towards visiting teams.

Dick Buckle as head cheerleader revived a number of the old, traditional yells. Dick was assisted by Curtis Eckersberg, Steve Deme, Fred Moore and Bill Wallin.

Margie Bitzer, as student hostess and manager, extended invitations to visiting teams to see our campus highlights.

Guided by Mr. Irwin and Mr. Judy, the group planned the pep rallies and various athletic receptions for the year. Several thousand students joined in the team send-off for the football season. Never was the spirit of the Illini so admirably displayed.
Bob Zuppke has been something more than a great football coach. Bob Zuppke is a human being who has brains, character, courage, imagination, and high ideals. He has been and will be still one of the most interesting men that the broad field of sport has ever known, largely because he has kept the flame of enthusiasm burning with an endless light.

So let's stand up
With a brimming cup
To Zupp!

Grantland Rice
MORE THAN A QUARTER CENTURY OF SERVICE
Players of the 1941 team, young, green, light, meeting the nation’s greatest teams, played courageously against the greatest odds. It is disheartening to meet defeat after defeat but they never lost their spirit.

They possessed skills which would have won against teams in their class physically. They deserved the highest praise of all: They gave everything they had.

Robert C. Zuppke

FRESHMAN FOOTBALL
ILLINOIS 40  MIAMI 0

The “Fighting Illini” opened their 1941 season by playing the most convincing opening-day game in twenty years against Miami University, who proved to be no obstacle for the Orange and Blue.

Smith, Pfeifer, Astoth, and Griffin of the backfield brought the crowd to their feet many times by their superb running and passing technique.

The first touchdown was scored early in the first period by Pfeifer, after the team had battered Miami for 65 yards. Accompanying this most convincing running attack was a superb aerial assault, and when the first quarter ended, the Illini were out in front, 20-0.

Throughout the second quarter, “Zap” sent in his reserves, but Miami could not stop them from pushing over a touchdown; so, at the half, the score read, 32-0.

In the second half, Miami came back with some fight; but they were soon subdued. The Illini unbuckled another aerial assault which ended in a touchdown; final score, 40-0.
ILLINOIS 6  MINNESOTA 34

Following their opening day victory over Miami, the Illini met with the toughest team in the country the next Saturday. Before the Illini knew what was happening, Minnesota's Golden Gophers were out in front, 20-0.

Outplayed and outweighted, the "Fighting Illini" kept on fighting, never giving up hope of crossing that invincible Gopher goal line. After Bruce Smith and Bill Daly, the best backs in the country, had rolled up between themselves three-fourths of Minnesota's yardage, the Illini received a break. It was late in the fourth quarter. Cherry recovered a fumble by Smith in Illinois' territory. Taking advantage of this opportunity, Griffin, Astrot, and Milosevich began to spark the march toward the Minnesota goal line. After fighting 60 yards, Griffin faded back and tossed a pass into the end zone to Astrot, for the lone Illini score.
Back at home after the Minnesota onslaught, the Illini were full of fight and fulfilled their avengeful desires at the expense of Drake University.

Before Drake could realize what had happened, Griffin raced 29 yards for a touchdown. After an exchange of kicks, Griffin again broke loose to score. This all happened in the first five minutes of play.

The Bulldogs of Drake failed to invade Illini territory until late in the third quarter when they drove to the nine yard line, only to lose the ball on downs. The Illini took over, and after driving and passing, scored a third touchdown by a pass from Good to Smith.

Scoring ceased until the fourth quarter; then Tumilty broke loose off tackle twice and scored two touchdowns. The last touchdown was rolled up by a continued hammer at Drake’s line and a continued aerial assault by Good, Robb and Tumilty. Robb tossed to Milosevich in the last three seconds of play to score the last six points.
The Illini, full of confidence after defeating Drake, darted off to an early lead against the Irish, only to be snowed under soon by a barrage of Irish passes and runs. The Illini held the edge in the first quarter, but after five minutes in the second quarter, Notre Dame was leading, 14-7.

As the first quarter ended, Steve Juzwick, Notre Dame’s human battering ram, went over for the first six points, and was soon followed by Bertilli who passed his way over the goal. By the time the half ended, the score stood, 20-7.

The third quarter was also under command of the Illini. After a poor punt by Evans, the Illini scored on a pass from Worban to Smith. Thus, the score stood, 20-14.

As the fourth quarter began, the Illini still seemed to have control of the situation. Griffin’s interception of Bertilli’s pass began another rally which fell short on Notre Dame’s thirty yard line. From this point on, the game was all Notre Dame. Bertilli scored twice in rapid succession, and Miller finished the swamping late in the last quarter.
ILLINOIS 0  MICHIGAN 20

Before a homecoming crowd of thirty thousand persons, Michigan easily defeated the “Fighting Illini.” Michigan jumped off to an early lead in the first five minutes of play and scored in each quarter thereafter.

The Wolverines at all times were in full control. The Illini were playing most of the game with their backs against their own goal line. Several times the Illini gathered up a little steam, but soon lost it under the heavy pressure of the Michigan forward wall. The closest the Illini came to scoring was in the second quarter when Astroth passed to Griffin; but Michigan tightened up and soon had the ball on downs.

The Illini, nevertheless, held the edge over Michigan in the punting department. Jimmy Smith exerted his punting ability to the highest degree against Kazma...
Iowa, inspired by their defeat of Indiana the week before, came to Illinois full of spirit on Dad's Day. The Illini were hoping to win their first conference game in two years, but soon discovered the Iowa team was really competition.

Iowa jumped off to an early lead on Farmer's passes. Farmer continued his versatility, and before he was through, he had scored three touchdowns by passing and running.

The Illini had only one real chance to score. This came in the second quarter after marching to Iowa's fifteen yard line; however, they were shoved back on penalties. The Zuppke men then rolled out their famous fake-field-goal play which returned the ball to Iowa's fourteen yard line. The ball was soon lost on downs. Late in the third quarter, the Illini again threatened, but were stopped on account of a fumble.
The Illini landed at Ohio State determined to give the Buckeyes a real game, and they did. Throughout the entire first half, the Illini had the Buckeyes under their thumb. They completely outplayed the Ohio boys in scoring, passing, and in defensive playing.

In the first few minutes of play, the Illini let forth an explosive offensive attack composed of passes and short dashes through the line. As the end of the first half approached, the Illini drive began to slow down, and soon Ohio State tied the score. Many times before the half ended, the Illini threatened, only to be stopped by the usual forward wall.

Ohio State lengthened their lead in the third quarter when the Illini fumbled on their own eight-yard line. Throughout the last half, the Illini fought hard to push the ball over the goal line, but seemed to be played out.
ILLINOIS 0
NORTHWESTERN 27

This game climaxed the none-too-successful 1941 football season, and also ended the brilliant coaching career of Bob Zuppke. The whole team was bound and determined to win this last game for "good old Zap" if it were at all possible. They soon found out, though, that the Wildcats and Bill DeCorrevont were too tough.

DeCorrevont personally accounted for three of the four touchdowns, with dashes of twenty-two, and twenty-five yards through the line. He also completed four out of seven passes for a gain of 54 yards.

The Illini seldom demonstrated any offensive power; they played practically the entire game defensively. Now and then some offensive power was shown by passes from Astroth and Good. They really never threatened the invincible Wildcat goal line. With this game the twenty-nine year old coaching career of Bob Zuppke at Illinois came to a close.
The team richly deserved our first unshared championship since 1915. Its record was outstanding: 18 victories, 3 defeats (exclusive of the national tournament). It was the most inexperienced team in our history but the players were cool, courageous and capable. It was truly a pleasure to coach this fine team of fine boys.

</table>
On the evening of Saturday, February 28, 1942, in the huge Chicago Stadium packed with a capacity crowd, a quartet of sophomores, coupled with one senior, brought the first undisputed Big Ten Basketball Championship to the University of Illinois since 1915. The Illini captured the title at the expense of the Northwestern Wildcats who were thoroughly trounced, 63-49. The four sophomores on this “wonder team” were Andy Phillip, Gene Vance, Ken Menke, and Jack Smiley; the lone upperclassman was Vic Wukovits. These five men comprised the theoretical “first team,” but big Art Mathisen, Henry Sachs, and Captain Bill Hocking all turned in impressive seasons along with Ed Parker and Chuck Fowler, also sophomores. This was the first season in many years that the captain hasn’t been a member of the starting five. Nevertheless,
Hocking took his defeat like a true sportsman and kept spurring on the four sophomores who profited greatly by his experience. Hats off to Captain Bill Hocking!

Most of the fans were a bit skeptical of the Illini’s chances before the season opened, especially since the majority of the team was made up of sophomores who lacked experience. Nevertheless, when these men defeated Marquette in a nip and tuck battle, 45-43, in the season’s opener, this skepticism began to vanish and confidence took its place.

Following Marquette, the army at Chanute Field sent down a quintet comprised of stars from championship teams. They were rated as one of the best squads in the army. The Illini gave them a tough battle, but the “Plainsmen” managed to squeeze out a victory, 40-38.

The pre-conference schedule continued with the Illini downing Detroit, 49-34, then defeating Notre Dame, 48-29. During the Christmas holidays, a scrappy team from Harvard traveled to Champaign and gave the Illini plenty of trouble. But the Illini were out for
a win, and they succeeded in the last half, winning 39-33.

With the turn of the year, the conference season commenced. The Illini started it off with a bang, defeating last year's National Champions, Wisconsin, 55-40. This victory definitely placed the Illini in the running for the title.

With spirits high, the Illini traveled to Ann Arbor to defeat a fast moving Michigan squad, 44-40. Leaving Ann Arbor, the Illini continued on the road to victory, by trouncing the Buckeyes, 58-49.

Returning home the Illini met Chicago, who, sporting a poor record for the season, proved no match for the Illini.

When the Iowa Hawkeyes came to Champaign on January 19, the Illini cagers tackled one of their toughest games of the season, and succeeded in stopping a late second half Iowa drive to win, 42-35.

On January 24, The Illini easily disposed of a scrappy Minnesota team, 49-36, and ran their winning streak
up to twelve games by defeating Northwestern the next week, 41-33.

The Illini finally met their Waterloo when they traveled to Bloomington to match their wits with Indiana. The Hoosiers hadn't lost a home game in two years, and they continued this remarkable feat by dealing to the Orange and Blue their first defeat of the conference season, 41-36.

The Illini returned home with more determination and thoroughly trounced Michigan in a return game, 52-29.

The Illini nearly met their second defeat when they tackled Minnesota on their home floor. But a last minute drive put the game on ice for the Illini, 41-37.

The Illini continued on their road to fame by defeating Ohio State again, 48-31, and also defeating a much improved Wisconsin squad, 45-43. Illinois had a tough time guarding Kotz, who turned out to be the high scorer of the conference.

After defeating Northwestern and cinching the title, the Illini incurred their second defeat of the season from Iowa. Coach Afills started the second team who
ended up the first half with a seven point lead, only to sit on the bench the second half and watch the first team lose to Iowa, 46-32.

For the last game of the season with Purdue, Huff Gym was packed with 7,000 people who watched Purdue run circles around the Illini with a new type of stall game. The Illini nevertheless kept up their drive and finally in the last five minutes managed to put in enough baskets to defeat the Boilermakers, 34-32. Tierney, shifty forward of Purdue, was constantly dropping in baskets until big Henry Sachs, replaced Gene Vance. Sachs nearly fouled out, but kept Tierney well guarded.

From this highly successful season developed one of the greatest basketballers the Illini have ever known, Andy Phillip, who was high scorer. Andy, more than once, saved the day for the “fighting Illini” and we all look forward to another successful season next year when Andy once again will be wearing the Orange and Blue, along with Vance, Menke, Mathisen, and Smiley.
Track seniors include Don Olsen, who established an American indoor record of :07.9 in the 70-yard low hurdles; William Lewis, who made a new Illinois broad jump record of 24 feet 6 inches in 1940; Don Bailey, quarter-mile, who left in February to enter medical college; Clyde Hale, hurdles, and Bob Starck, high jump.

The 1941 outdoor track team had a successful season under the guiding hand of Coach Leo Johnson, winning four out of five dual meets, losing only to Purdue. Once again Don Olsen, along with Stout, Turner, and Kienlin proved to be the mainstays of the team.

The Illini opened competition on April 19 against Washington University. Bad weather forced the meet to be held in the Armory where the Orange and Blue wave smothered the trackmen from Washington, 123-8. The Illini captured all fifteen events, sweeping eight of them and placing thirteen second place honors.

Traveling to Drake University on April 25 for the famous Drake Relays, the Illini were rather fortunate, considering the competition. They qualified...
two relay teams and three individuals for the finals. Olsen, Hale, Bushing, and Turner composed the lone surviving relay team in the final heats, but finished third in the second heat. Individuals to qualify were Elders, Sikich, and Kienlin.

On May 3 the Illini met up with a strong Northwestern team composed of many individual stars. The Illini were at a disadvantage in the individual events with the loss of Don Olsen who had contracted a leg injury in the Drake Relays. Nevertheless, they came through to defeat Northwestern 87½-38½. Larry Stout won first place in the broad jump, pole vault, and javelin throw. Bill Lewis and Roy Wasson captured second and third places respectfully in the broad jump to sweep that event.

May 10 was a sad day for the Orange and Blue, as they lost on that day
their first dual meet of the year to Purdue, 68-58. Holderman of Purdue turned in a 4.19.2 mile to win over Brown. Turner was the only high point man of Illinois, winning a double victory over Bancher in the 100 and 220.

The outdoor track season came to a close at the annual outdoor Conference meet. The fighting Illini qualified Olsen, Turner, Kienlin, Stout, Lewis, and Wasson, but were little competition to the winner, Michigan, who qualified nineteen men. Nevertheless, the Illini were proud of their broad jumpers, Stout, Lewis, and Wasson, who scored a sweep in the broad jump event. The Illini ended up in sixth place with 21½ points.

At the turn of the 1941-1942 semester, the Illini opened up their indoor track competition. The team consisted of ten sophomores with only one or
two lettermen thrown in for good measure. This team definitely lacked experience, but boasted of versatility and a strong distance delegation.

During the vacation between semesters, the fighting Illini met up with Butler University which proved to be no obstacle, winning 90-14. Johnson's trackmen captured eleven out of the twelve events, taking all second place honors except one. Don Olsen began the season in grand style, winning three firsts.

Michigan State was the next university to fall victim to the Illini drive, losing 67-37. Maurie Gould tied the Illinois broad jump record of 23 feet, 7 1/2 inches, held by Al Adams since 1933. Don Olsen starred once again.

On Valentine's Day, the Illini traveled to South Bend to run against the University of Notre Dame. The Irish had been rated by many experts as one of...
the best balanced teams in the country, and they ably displayed their versatility, defeating the Illini 62 to 41. Bob Rehberg, Illini, nearly stole the show with record shattering performances in the mile and half mile runs.

February 21 was a red-letter day for the fighting Illini, defeating Indiana, last year's indoor and outdoor champions, 76-28. This was the first time since 1934 that Indiana has been defeated by Illinois. The team was paced by Bill Lewis, Bob Rehberg, and Don Olsen, who each captured two first places. The team as a whole swept four events and won five others.

When the Illini journeyed to Chicago for the Big Ten Indoor Meet, they took a well-balanced team, and walked away with second place honors. While the individuals did not win a single first place, they won points in every event.
Bob Wright, Ohio State, had to equal the American indoor record to eke out a first in the 70-yard high hurdles over Don Olsen of Illinois. The other second of the Illini was won by Don Gladding in the two-mile run.

With this record of three wins against one loss, the fighting Illini have the makings of an excellent indoor team, and have the possibility of having a better outdoor team. As the season advances, the many sophomores will gain valuable experience which, more than likely, will be displayed when the team takes to the outside this spring.
In finishing third, the 1941 baseball team made a strong attempt to retain championship honors for Illinois. The team literally was hard to beat, and deserved commendation for its fine spirit and all-out play. Captain Al Grant for his excellent pitching and John Drish for his all-around team value both merited particular recognition in this splendid squad.

Chuck Schillvoy, Junior Manager
Jim Stephenson
The 1941 baseball squad, coached by Wally Roetteger, opened the season by making a pre-conference tour of the South, engaging Louisiana State University, Southwestern Louisiana Institute, and Louisiana Technical College. The fighting Illini split a two game series with Louisiana State—Al Grant pitching a two hit encounter in the opener. The Tigers came right back with that old Southern spirit to squeeze out a 6-5 vic-
tory in the seventh inning. Southwestern Institute was an easy victory, but Louisiana Tech, proved more difficult, splitting a two game series.

Returning home, the Illini engaged Bradley Tech, before opening conference competition. The Orange and Blue Wave covered the Bradley boys, 7-1. Milosevich led the ten hit assault with five safeties.

In Big Ten competition, the Illini finished in third place with seven victories against four defeats. They lost to Ohio State, Purdue, Michigan, and Indiana. During the Conference season, the squad met St. Joseph, a semi-pro team, and Washington University, defeating Washington, 16-0, and splitting a two game series with St. Joseph.

The defeat at the hands of Michigan was an anti-climax to the trip to Ann Arbor. Michigan had not suffered a defeat until the Illini nine
tripped them in the first encounter, 3-2. Then the Illini bowed to the
terrific onslaught of batting from the Wolverines and suffered their third
Big Ten defeat, 7-2.

The backbone of the fairly successful season was pitcher Al Grant.
Grant pitched six of the eleven conference games, winning all of them.
Liz Astroth and Boyd Bartly figured in every game. Their superb field-
ing and hitting power pulled many a game from the depths of defeat.
Amo Bessone handled the hot corner, with the skill of a big leaguer. The
team as a whole had a much better than average year—batting, .270, and
fielding, .962.

The 1942 season will have many veterans back, mainly pitcher Chuck
Campbell, and infielder Liz Astroth, who is captain for the coming season.
Four lettermen were lost by graduation. The pitching staff will suffer most by the graduation, losing Al Grant, and Johnny Drish, who divided his efforts between pitching and playing right field. Chet Ziemba and Russ Drechsler, a catcher and fielder, respectively, were also graduated and will be sorely missed.

Coach Roetteger is eagerly looking forward to the coming year, for there were several promising freshmen men who reported for practice. Among them were Bob Hughes at catch, George Balestra in the field, Andy Phillip in the pitcher's box, and Ed Parker at first base.

Although the season’s record will not go down as being extraordinary in the history of baseball at Illinois, several incidents occurred during the year which the players will long remember. They won’t forget Boyd...
Bartley's carrying his own duffle bag on the Southern trip because he did not know that it was the manager’s job to take care of the team’s equipment. They’ll remember when Ray Lunte did not expect to go on the trip and had to be paged in a local theatre to be told of his going. Neither will the team forget the undying hatred which Captain Grant held for his fungo practice.

The following members of the 1941 squad received letters: Amo Bessone, third base; Boyd Bartley, short-stop; John Drish, pitcher and right field; Liz Astroth, second base; Paul Milosevich, first base; Bill Brewer, catcher; Chet Ziemba, catcher; Al Grant, pitcher and captain; Chuck Campbell, pitcher; Bob Wahl, center field; Bob Finn, left field; and Russ Drechsler, left field.
There are no major or minor sports at Illinois. Athletes in all sports are awarded the same size and kind of letter, the traditional "I". Illinois was one of the first institutions to adopt this democratic policy.

Eleven sports are sponsored by the Athletic Association. The only sport not sponsored by the Association is polo, a sport made possible in its existence by the Military Department.
Action on Ice
The wrestling team that reported to Hek Kenney this season had four returning lettermen. They were Captain Ted Seabrooke, Alex Aloia, Bill Tomaras, and Ken Berry. To these, Kenney added Irv Kagen at 126 pounds; Rollie Rayburn, 145; Norm Anthonisen, 165; and Alex Agase, heavyweight. The team, undefeated in preconference competition, entered conference meets as an unknown quantity. The first upset, that proved the Illini strength, was the victory over the Boilermakers, since Purdue was the Midwest A.A.U. titleholder. Another main event of the wrestling season was the victory over the Hoosiers, the first Illinois victory over Indiana since 1930. So the Illini wound up a very successful season and will lose only three men by graduation.

VARSITY GYMNASTICS

Hartley Price's gym team wound up their 1941 season claiming every major gym championship. Its squad boasted of Louie Fina, Big Ten Champion on the rings; Jack Adkins, Big Ten and National Collegiate Tumbling Champion; Caton Cobb, Big Ten Champion on the parallel high bars and National Collegiate Champion on the parallel high bars and side-horse; and Harry Koehnemann, Big Ten Champion on the side-horse. At the N.A.A.U. Meet, Cobb won second in the all-around and Adkins won second in tumbling. With only Cobb and Adkins returned to school, the Illini have gone ahead and still maintained the name of the leading collegiate gym team in the country.

NATIONAL A.A.U. CHAMPIONS (tied to BOHEMIAN Sokol) ......... 1941
The Illinois golf team, 1940 Big Ten Champions, opened their 1941 season by bowing to Notre Dame. They recovered from this meet to go through the rest of the schedule undefeated. The meets with Iowa and Ohio State offered the Illini the closest battles of the schedule. The Illini then proceeded to capture first in the Western Conference Meet and fourth in the N.C.A.A. Golf Championship. The last representation of the golf team was made by Alex Welsh, Dick Wolfley, John Holmstrom, John Buzick, and Bill Usinger at the Big Ten Meet. Welsh toured the difficult Mill Road Farm Course in 297 to capture the individual Big Ten Conference title and Illinois retained its title as Big Ten Golf Champion.

VARSI TY SWIMMING

Led by Captain Jack Flachmann, the Illinois swimmers took an easy victory over the tankmen from Kansas State in the opening encounter. The team that represented Coach Manley was young and inexperienced. Bill Brekke, Jim Brown, Tom Lewis, Tom Meeland and Leo Hartman held down the free-style department. Flachmann, Huebner, and Jim Roach were the team’s backstroke men. Dan Anderson and Dick Gill, breast strokers, rounded out the swimming division of the team. One of the stronger parts of the team was the fancy divers, Jim Middleton and Bill Dagley. After this initial start the team slumped and lost three meets in a row. Then, starved for victory, they won two of their next three meets with wins over Wisconsin and Purdue.

1941 WESTERN CONFERENCE MEET 6th
Captain Bob Schwarz led his netmen to victory in the first contest of the season by defeating Elmhurst College. With Schwarz were Art Jones, Norm Edinin, Sam Young, and Frank Saikley. The team bowed to Purdue on its first conference meet with Schwarz and Jones winning the singles. It was after this meet that the star-studded frosh team humbled the varsity. It boasted a squad of Roger Downs, Indiana junior champion, Bud Edwards, who has the national junior rating of 27, Ray Von Sprecklesen, Ken Clapper, and Jim Gates. After this, the team continued to win two more conference games with Saikley, Jones, and Edinin leading the team to wins over Indiana and Iowa.

One game a season stands out in the mind of every coach, but it is seldom that it is the freshman-varsity game as is the case with Coach Howie Braun.
VARITY POLO

Sparked by Captain Bob Jaeger, the Illinois malletmen, consisting of Jaeger, Ray Peritz, Harlington Wood and Chester Lord, won five of the eight games of the 1941 spring polo season. The fall season started with the squad composed of Captain Wood, Lord, Bryan Harris, Bob McCrackin, Tom Cunningham and Graham Ely. Lt. Danley replaced Lt. Col. DeLorimer as coach of the team since the latter was transferred. Rain handicapped the team and held the Illini quartet to one practice before their first encounter. During the winter, the team had to resort to the use of the stock pavilion, for no better facilities were available. The lack of practice facilities proved a serious handicap.

After finishing the 1940-41 season as co-holders of the National Collegiate Hockey Championship, Vic Heyliger’s puckmen were expected to rate as one of the best college hockey teams in the country.

However, Heyliger’s squad suffered a loss of eighteen men before the end of the first semester. Starr Owen and Gil Priestley were taken into selective service at Chanute Field, Norbert Sterle joined the professional ranks, and the remainder were forced to leave in mid-semester because of selective service and the national emergency.

The remaining men on Coach Heyliger’s team played a fine brand of hockey to keep Illinois a leader in the college hockey field. Ferranti and Twitchel regained eligibility at the end of the first semester, and rejoined the team to bring the squad total to nine men.

Max Garret had a green team to start his 1942 season. The only two seniors to report for practice were Captain Dick Knowles and Ray Titus. As the season progressed, Garret discovered that he had one of the strongest teams in the history of the sport at Illinois. Warren Malik and Jarve Friduss represented Illinois as foil men. The epee men of the team were Lionel Bernstein, Jack West, and Titus. Bernstein and West are sophomores. Knowles and John McDonald, sabre men, quit mid-season and were capably replaced by Bud Jobson and Jack Streed. The highlight of the team’s very successful season was the team’s defeat at Chicago, conference champions for the last seven years, on their home strips.

1941 Big Ten Championship ........................................................................ 4th
1941 National Championship ....................................................................... 2nd
With the adaptation of the Intramural program to meet war-time conditions, ice hockey and weight-lifting were introduced. The Illini Intramural Physical Fitness "V" Test, stressing endurance, power, agility, strength, balance, and flexibility, was introduced the second semester. Also new this year was the First Annual Student's Sports Conference on the campus.

Sigma Alpha Epsilon, Intramural Champions, 1940-1941
Under the capable direction of Bill Grant, senior manager, and Walt Griffith and Jack Boggs, junior managers, the 1941-1942 intramural program went underway shortly after classes began in the fall.

As of usual, more than twenty different kinds of athletic competition were offered to the male student body. This wide selection of athletic participation enabled practically every man in the university to enter into the sport which he desired.

Again this year, the competition of group sports was divided into two leagues: one for the independents, and one for the fraternities. The university employed the same system as instituted two years ago; that is, dividing the whole campus into zones; so that each sport had at least one independent team participating. Late in January Kappa Sigma, Sigma Alpha Epsilon, Theta Xi, Delta Upsilon, and Alpha Tau Omega were leading the race.

War whoops set the scene for the 1941 yearly production of Gymkana, "Totem Poles and Tepees." It was a dual affair—the first show, which was dedicated to Intramural Champions, was presented on May 2 with a repeat performance on May 17, which was dedicated to Gymnastica.

Against the background of a true Indian village the gymnastic performers thrilled the enthusiastic audience with acts which bordered and often equalled professionalism. The Indian atmosphere was strengthened by authentic tribal dances, led by Tom Stafford. Interwoven in the program performances by members of the National Inter-Collegiate, National Amateur Athletic Union, and Big Ten Gym Team, featuring; Captain Paul Fina, Louis Fina, Harry Koehnemann, Caton Cobb, and Jack Adkins.

The traditional Best Trouper Trophies were awarded to Mickey Doyle and to Paul Fina; and the trophies for the best performers of the year went to Mary Jean Olsen and Vic Hoefner.
Gymkana plays an important role in the National Defense Program of the University by offering recreation and entertainment to the student body, men in service, and the community. This year's production, "Sawdust and Spangles," supported by the usual good talent, was especially well received. The circus theme with its jolly background proved to be a source of relaxation and escape from talk and thought of the world situation.

The executive authority of Gymkana is vested in a board of directors, composed of six faculty members, the senior managers, the president of Gymnastica (Gymkana Honorary), and one student representative at large from Gymnastica. This year's faculty members are V. J. Hampton, Assistant Dean of men; Josef F. Wright, Director of Public Information; C. O. Jackson, Assistant Professor of Physical Education for Men; Mrs. Roberta Rosecrans, Assistant Dean of Women; Miss Laura J. Huelster, Assistant Professor of Education for Women; and R. P. Hackett, Assistant Dean of the College of Commerce.
To promote and maintain constructively and artistically an interest in gymnastics

Lawrence E. Frazee

The University Dance Committee is a student-faculty board which is the administrative body for all general University social functions. It is composed of five students chosen by the Student Senate, one student and two faculty members chosen by the Student Affairs Committee, and a member of the Dean of Men’s Staff. Programs, decorations, budgets, special activities, and all other phases of student managed dances are left in the hands of individual Committee members, with the Dance Committee retaining final control. The Committee supervises the printing, issuing, collecting, and auditing of tickets and programs. Before final steps can be made by individual dance committees, approval of date, place, and budget of proposed dances must be had from the Committee.

Funds of the Committee this year have been spent to create permanent dance decorations and to increase the administrative efficiency of each dance. Special attention has been given to the supervision of the elections of the queens of dances and to more pleasing customs of coronations. In order to facilitate future work of the Committee extensive records are being prepared and maintained this year. Copies of each dance program, photographs of decorations, written suggestions of dance chairmen, and complete financial reports are kept on file for easy reference. Again this year, the Committee awarded all decoration contracts to students, on a semester basis.

The new Illini Union Building has broadened the scope of the Committee and all possible effort has been made to utilize the dance facilities to the best interests of the students. The University Dance Committee for the past year struck a new mark in keeping ticket prices in the lower levels so that a maximum number of students might enjoy the social events that have come under its jurisdiction.

ILLINI UNION BUILDING

295
History—The idea of a Union Building for the University of Illinois was first advanced by a group of students some thirty years ago, and steps were actually taken at various times to secure funds for such a building. In the intervening years, the Illini Union, Inc., a student organization, maintained its headquarters at the corner of Wright and John Streets until the new building was ready for occupancy.

The present Illini Union made its debut at an Open House on February 5, 1941. The opening of its doors three days later to students, alumni, and faculty meant the realization of a long felt need for a distinguished meeting place for all Illini.

The Union, in which each student has an equal share, is conceived in accordance with the best and finest traditions of early American Colonial architecture. But notable as its architecture, furnishings and equipment may be in inspiring those who use it with an appreciation of beautiful craftsmanship and dignified surroundings, this building has another and a finer purpose. It symbolizes the democratic spirit of a great University. It is a place also where students, faculty, and alumni may meet each other socially and informally, and thereby promote the best in Illini traditions of loyalty to their University and to each other. It is dedicated not only to service but also to real inspiration for better living and a finer University.

Social Program—The Union assumes that it can contribute most to the effectiveness of the University of Illinois as a major educational institution through concerning itself with the development of the individual student as a whole social being. In keeping with this point of view a broadly-conceived educational program is being evolved. This program regards extra-curricular and other activities of a social and cultural nature as desirable means through which students can learn to live effectively and abundantly in a genuinely democratic society.
ILLINI UNION

Saturday Night Dance

The Music Hour Committee, the first committee to be organized, is the outstanding example of this new program. Each month 3000 listeners enjoy recordings of the finest classical and modern music selected from a library of 850 records.

Every Thursday afternoon students and faculty come to the Pine Lounge for the Coffee Hour. Each week members of different housing units serve as hosts.

On Friday nights student organizations hold dances in the Ballroom. On Saturdays the Union sponsors dances open to all members of the University community, and students provide special entertainment. Three afternoons a week there is free dancing in the Commons.

A series of Social Forums provides men and women with the opportunity to discuss campus dating customs, social courtesies and uses, dress, etc.

Plans for a work shop which will provide a place and tools for the development of recreational hobbies are nearing completion.

Faculty Social Program—A special program for faculty includes social dancing lessons, formal and informal dances, bridge tournaments, and receptions for new staff members.

Services—In selecting staffs for the Union’s services, preference is given to students. In the Commons good food is served, cafeteria style, and at moderate cost. Students go to the Tavern to coke and smoke. Other food service areas are the dignified Colonial Room and various banquet rooms. Students have access, without charge, to checking service, to 3000 books in the Browsing Room, to the Recreation Room for table tennis, cards, and checkers, and to four large, comfortable, beautiful lounges. Eight bowling alleys are available at reduced rates.
Men’s League is the All-University men’s organization. While the chief function of the League is to serve as a coordinator of all Men’s activities, it also stands ready to aid the individual man in aligning himself with the activity organization of his choice. Men’s League gives a man opportunity to engage in self-government and to participate in the great number of activities which it sponsors.

The League is governed by the Men’s League Executive Board, composed of seniors and faculty members, who plan the activity program. An Assistant Dean of Men serves the League in the capacity of secretary-treasurer and general councilor.

All new students in the University are encouraged to become active members of the League. Early in the first semester petitions are accepted for membership in Green Friars, the Men’s League organization for freshmen, and Blue Friars, the sophomore organization. This places the man’s name on the League’s active member roll and he is eligible for service in the specific program.

Students may start in the League their first year in the University, and may “graduate” from year to year until they may finally serve as one of the officers or board members.
The Junior Cabinet of Men’s League is chosen from the membership of Blue Friars. Each cabinet member is assigned an activity by the Executive Board and is in complete charge of plans for the work. He selects his committee from the Friars’ groups. Cabinet members are the directors of all Men’s League activities and are the working parts of the League. Each year the most active and interested members of the Cabinet are selected for service on the Men’s League Executive Board and two designated as President and Vice-President of the League.

During the course of each school year, Men’s League and Woman’s League sponsor many varied social events, most of which take place in the Illini Union Building. The Cabinet supervises the League’s participation in these events. It also assumes complete responsibility for the Annual Stunt Show, All-University Sings, the Spring Carnival, and the Men’s League Show. It is in active charge of Guide Service, the Registration Dance, Football Dances, Recreation Week, Pep Meetings, Mothers Day and Dads Day, and Homecoming.
Blue Friars is the sophomore group of Men’s League, having, like Green Friars, its own Council, elective from and by its own members. Blue Friars holds meetings every two weeks with a program made up of talks by campus leaders and faculty men and a variety program of stunts. Every week Blue Friars sponsors a Floor Show in the Commons of the Illini Union Building, and is in charge of selecting the performers and advertising the show.

Blue Friars is the training ground for each succeeding year’s Junior Cabinet. From the most active members of Blue Friars, the Board, with the help and advice of the preceding Junior Cabinet, chooses the new Cabinet. Blue Friars is rapidly expanding its membership and activities and contributes greatly to the smooth and efficient functioning of Men’s League.
Green Friars is the Men’s League organization for freshman students. It is the first step toward active participation in the League. Green Friars holds meetings every two weeks with various campus personages, both students and faculty, addressing the group. Dances are held in conjunction with Orange and Blue Feathers of Woman’s League as well as other social functions. A membership drive in competition with Blue Friars is held at the first of each year.

The Green Friars Council is elective from and by the members of Green Friars and gives valuable experience in student government.
The Men’s League Spring Carnival is a popular annual event, which is held on the Quadrangle in the center of the campus. Fraternities, sororities, and independent houses sponsor booths which are clustered about a “Midway,” bright with the light from hundreds of strings of colored globes. The noisy barkers, loudly acclaiming the merits of the “concessions,” contribute in unforgettable fashion, to the holiday spirit. The most highly patronized booths are awarded cups to mark the memorable occasion, at the close of the affair.

A novelty of the Carnival is a clever jazz-band contest of the amateur campus bands. This is held on the auditorium steps. The bands, too, compete for a cup. The winners are chosen by a committee of popular professional band leaders. Various other specialty acts are also presented from the “step-stage.”

The spring, the lights, the multitude of people, the contagious hilarity are reasons enough for the Spring Carnival’s tremendous success and for its reputation as one of the supreme nights of the year!
The Men's League Show is staged elaborately with a maximum budget. The first performance is formal, the second informal. It is the University of Illinois' own college Extravaganza, with original script and original songs.
SPECIAL DAYS

Homecoming, Dads Day, and Mothers Day are three outstanding events of the year that are co-sponsored by Men’s League and Woman’s League. These events are planned and carried out by co-chairmen, one appointed from each League. They choose committees from petitioning among League members.

Homecoming weekend in the fall is the most colorful event of the year. Men’s League and Woman’s League sponsor a house decoration contest, the sale of Homecoming souvenir badges, and the annual Stunt Show the night of Homecoming. The weekend is a complete one for visitors and affords an opportunity for the Leagues to create interest in the University and its activities.

Dads Day is held on a later football weekend. Distribution of tags is made at a special reception for the visiting Dads held in the Illini Union Building. In the afternoon at the game, the League chairmen present prizes to the Dad who has traveled the longest distance to the game, and to the Dad who has sent the most children to Illinois.

Mothers Day, traditionally held on the first weekend in May, includes a May Day celebration and a reception for the Mothers in the Illini Union Building. The Maypole Dance and the crowning of the May Queen held on the Quadrangle are events of much color and pageantry.

ENTERTAINMENT

The All-University Sings are scheduled roughly once a month throughout the entire year for students' entertain-
MEN'S LEAGUE AND WOMAN'S LEAGUE

The Sings are held in the Auditorium with student orchestras and specialty campus talent. The Sings are always attended by capacity crowds, and afford a hilarious time for all.

SOCIAL EVENTS

Men’s League and Woman’s League sponsor many varied social events during the year. At least two dances each year are held in the George Huff Gymnasium with a “big-name” band. The Registration Dance, one of the most popular of the year, and the Football Dances on the evening of football games are traditionally sell-outs.

The Friars groups of Men’s League and the Feathers Groups of Woman’s League have coke dances in the Union Building periodically, and participate as hosts for the afternoon coffee hours in the Pine Lounge of the Union Building.

Later in the year both Leagues include separate shows in their programs.

LEAGUE’S COORDINATING COMMITTEE

In order that Men’s League and Woman’s League may function more efficiently together in the co-sponsorship of many events throughout the year, the League’s Coordinating Committee has been set up to direct the policies of such events. The membership of this committee includes, besides the officers and Advising Dean of each League, the Dean of Men and the Dean of Women. This committee also acts as a coordinating force in all joint League affairs.
The Young Men's Christian Association acquaints the students with the principles of Jesus' life which are vital in their daily living. With a membership of over 700 men, it carries out a varied program in which any individual may find a place of interest. Throughout the year the Y.M.C.A. reaches every student, directly or indirectly.

Just before registration the Y.M.C.A. holds a Freshman Camp which orients first-year college men with student life and activities. During the year this organization continually stimulates international friendship, social activities, and forums in its modernistic building.

This year, 1941-1942, marked the end of 25 years of service by Henry E. "Chief" Wilson, General Secretary of the University Y.M.C.A. On December 3, 1941 over three hundred faculty members, students, board members, and friends gathered to pay their fullest tribute to the man who has been the greatest single factor in the development of the University Association into one of the largest, most active student associations in the world, and a man who has been a leader in civic and state affairs for a quarter of a century.

The Commerce Council is the student governing body over activities of the College of Commerce. It is composed of nine members of the Junior and Senior classes of the college appointed for two year terms. Besides coordinating the activity organizations, the council sponsors The Executive, the official monthly magazine of the College of Commerce, supervises the annual college dinner in May, and sponsors a series of educational lectures by leading alumni of the college.
Founded in 1932 the Student-Alumni Association has made rapid progress in carrying out its purpose, that of "promoting the welfare of the University of Illinois." Each year hundreds of graduates, because of their affiliation with the organization in one or more of its many activities, become torch-bearers for their University. Throughout the United States and in some of the foreign countries, young alumni have inspired the reawakening of the Illini spirit. Many of them have been made leaders of Illinois Alumni Clubs.

The Student-Alumni Association conducts a well-rounded program of social and service activities. We held an "All-University Welcome" at the beginning of the school year on the Quadrangle at which time President Willard spoke and the University Band played. Student-Alumni Association sponsored a travel exchange to provide transportation for students. The purpose of every activity this year was to help win the war. We sponsored a "War Record Service" which was an alphabetical key index giving the name, rank, organization, and address of every Illini serving with the Army, Navy, and Marine Corps. We sent the Alumni News to many Army camps throughout the United States. We also sponsored a "Writing Seminar" so coeds could write "friendly lines to every fighting Illini." We sponsored the Homecoming dance, which is an All-University dance. Our Founder's Day celebration is one of the important campus affairs each year. This year we were fortunate to have as our speaker Mr. Gregor Zeimer, radio com-

mentator, foreign correspondent, and author. He graduated from the University of Illinois with the Class of 1922.

One of the functions of the Student-Alumni Association is to publicize the University by giving copies of The ILLIO to key high schools in the state. This year we enlarged our program to include all the high schools in the state by asking sororities and fraternities on campus to contribute an ILLIO to a high school. Members of the Association serve the Alumni Association, the parent organization, and in so doing make it possible for it to have a broader and more diversified program.

Important in the Student-Alumni Association are the many Student Illini Clubs. These are designed as a "training ground" for the Alumni clubs in their own communities so that students can easily continue their active interest in the University after graduation. These student clubs also provide the means for closer friendship among the students from the same community.

The administration of the Association is the responsibility of six senior officers and six members of the faculty who comprise the Executive Committee. The latter are appointed by the Board of Directors of the Alumni Association, while student members are selected because of their outstanding work as members of the Junior Board of governors the previous year. There are eighteen to twenty juniors who are selected each year from the large Sophomore Council on the same merit basis. The Junior Board is responsible for the Student Illini Club organization program and the work of the Sophomore Council. The Junior Board meets each week with the Executive Committee to plan and carry on the program of the organization.

The sophomores are selected through petition. They conduct the many routine affairs of the Association and devote most of their activity time to work in the Alumni office where they have the opportunity to learn the office procedures.
The alumni of a large university can do much to keep up the institution’s prestige and standing in their daily contacts with the public. Alumni interested in the University welfare have maintained the Alumni Association since 1873 for the purpose of keeping the alumni and former students of the University informed on University functions and student activities, as well as the activities of their former classmates. This is accomplished by circulating the Association’s publication, “Illinois Alumni News.”

The offices in the Illini Union Building contain files that are kept up to date by a staff of stenographers and clerks. In these files are listed nearly every alumnus or former student of the University. By means of these, alumni can locate old friends or classmates and the Athletic Association and other organizations can circulate folders and schedules to best advantage.

No longer merely the “co” of co-education, women of the University take an active part in all forms of campus life...W.A.A. bowling, skating, riding...Feathers meetings...
Woman’s League Show...Y.W.C.A. Vespers and Doll Show...Terrapin...all bringing Illini women closer to each other and the campus.
Tea and Talk
Woman's League serves as the self-government system uniting all women students. Every girl in the University is automatically a member. The benefit she derives from the organization depends upon the use she makes of the opportunities which it offers her.

The general work of the League is carried on through committees with junior chairmen. Homecoming, Mothers Day, Dads Day, Woman’s League Show, University Sings, and the administrative work of the League are sponsored by those who petition for committee membership.

The Executive Council formulates the policies and plans of Woman’s League, but central governing power is vested in First Council. Its personnel includes the Executive Council, the presidents of all women’s houses, League committee chairmen, activity heads, and the presidents of Torch and Mortar Board.
Special emphasis in the Woman's League program is placed on the orientation of freshmen to campus life. This is accomplished through Feathers groups, and "The Trial of Peg Fairfax," a play presenting the activity leaders.

The Wednesday teas, a long standing tradition of Woman's League, are given once a month. Special features are planned by the social committee for each tea.

Integral parts of the League are the Woman's Group System, the Resident Government System, and Panhellenic. A glimpse into the various departments of Woman's League will reveal its organization and manifold activities.
For the second consecutive year, February 28 was set aside for the now famous Woman’s League Show. Otto Harbach and Frank Mandab’s charming operetta, “No, No, Nanette,” was given this year as a Red Cross benefit.

Rarely has a more highly successful show been staged. The “troubles a millionaire experienced when he wanted to give his money away, and his wife wanted to go to ‘two-bit’ shows and buy bonds” provided the hilarious comedy.

Marge Bennett, as the clever “Nanette,” Paul Bischoff, as “Tom,” and the “millionaire,” Richard An-
NO, NO, NANETTE
derson, as well as an unusually fine supporting cast gained only praise from the most receptive audience. Intriguing dance routines, well-directed by Charlotte Colby, and executed with finesse by gayly costumed choruses, gave an additional “pinch” of spice to the performance. The excellent interpretations of Vincent Youman’s music, “Tea for Two,” “No, No, Nanette,” and “I Want to be Happy,” by the chorus and orchestra were directed by Lyman Starr.

Woman's Group System is the part of Woman's League devoted to the interests of independent women not living in residence halls. It furthers a fuller campus life by fostering activities and promoting unity between the various groups.

In addition to the separate group activities, houses work together to give successful district teas, all-group parties, a Christmas musicale, and a stunt show. In the spring they compete in the inter-house Watcheka Sing. Faculty Forums are held and faculty teas are encouraged to bring about a closer student-faculty association.

Mothers Day week-end is highlighted by a special banquet given by independent men and women. With the cooperation of M.I.W.A., Woman’s Group System also sponsors mixers and an annual spring ball, Mi-Hila, to which outstanding independents are invited.

The activities of the year are climaxed at the annual spring banquet, where recognition is given to girls who have been outstanding in campus activities and scholarship. The Honor Plaque is unveiled, revealing the names of those houses which were the most outstanding in academic, social, and service activities.
The Resident Government System brings into a closer and more lasting friendship the independent women living in the five large residence halls: Busey Hall, Evans Hall, Davenport House, Presbyterian Hall, and McKinley Hall.

In addition to teas, formal dances, and banquets within each house, R. G. S. has its own social program for its members. There are several exchange dinners during the year so that girls can become better acquainted with girls in the other houses. Student-faculty relations are furthered by Faculty Forums at which prominent members of the University faculty are guest speakers.
Supplementing the R. G. S. social program and competitive activities, the committees work on projects that will benefit the members of the organization. Such work is carried on by the Member-at-Large, Freshman Advisory Council, and Activities Committee.

The annual Spring Banquet is a fitting climax for the year. At this time the houses compete in their Olowan Sing. An award is given to the girl in each class with the highest scholarship, and the R.G.S. Activity Plaque is presented on which are inscribed the names of outstanding activity girls.
Silver Feathers, the Woman’s League organization for transfer students, offers an opportunity for its members to become acquainted with campus customs and traditions.

Prominent persons—faculty and students—speak to the group at weekly meetings. Group parties are given frequently in order that transfer girls can make new friendships.

Members of Silver Feathers are given an opportunity to participate in planning all functions of the group for social and serious work.
Sophomore women are given training for responsible positions in campus activities by Gold Feathers, a Woman's League organization for sophomore women only. To become a member, every woman must meet requirements for high scholarship, campus activity work, and active participation in all Woman's League functions throughout the year.

During each semester, programs which are devised especially for the members feature interesting topics of discussion concerning the campus and the outside world. These programs are presented every week in an effort to create harmony and understanding between the members and other campus organizations.
From the Illini Indian's headdress come the names of the freshman interest groups sponsored by Woman's League. Group activities are carried on in the hope that they may further the spirit of loyalty, democracy, and friendship, as well as encourage scholarship and leadership.

Orange and Blue Feathers help the freshman become acclimated to her University surroundings. She has an opportunity to hear prominent people on the campus, including both faculty and students.
Feathers groups serve as an orientation to other activities. Activity leaders are asked to speak at the meetings so that freshmen can choose those activities which are most suited to their particular interests. Also, Feathers give freshmen their first opportunity to work on committees and participate in planning programs.

Both Orange and Blue Feathers have the same purpose. They are sister organizations, separated so that members may enjoy the closer affiliation of a smaller group.
"We unite in the desire to realize full and creative life through a growing knowledge of God." So states the purpose of the Young Women's Christian Association of the University of Illinois, an organization in which every University woman is entitled to membership.

To fulfill its purpose, the "Y" has instigated informal discussion groups of foremost interest to each of a thousand members; interracial problems, religious and social questions, personal relations, and national issues hold key positions among the subjects under consideration.

Not only does the inspirational force of the institution spread within the University proper, but it also extends far into the surrounding community. There are the girls' clubs in the grade schools and the Girl
Reserve groups in the high schools. To meet the needs of the present defense program, a special U. S. O. committee has been set up to extend service to the soldiers and nurses at Rantoul. The "Y" has become the central location for the distribution and assemblage of Red Cross knitting.

At Christmas time, emphasis is placed on the Doll Show, which provides splendid entertainment for the children and interested students and adults in the twin cities. The dolls, at the close of the show, are given to numerous charitable organizations in Urbana-Champaign and in Chicago.

The fine programs brought to the city by the Sunday Evening Club, which is sponsored by the Y.W.C.A. and the Y.M.C.A., are further examples of the ever-expanding work of the Association.
DOLL SHOW

"Once upon a time . . ."—working with this theme, Doll Show participants made the fairy tales of childhood come out of the realm of the imagination for a day. Under the competent direction of Ronda Mann, Goldilocks, Cinderella, and many other characters existed in their own fantastic world to delight all visitors, both old and young.

Alpha Xi Delta and Warner Hall were prize winners in the sorority and independent groups. Miss Margaret Goodyear, instructor in home economics, took first place in the adult competition, while Ruth Peters won the cup in the individual student contest.

Warner Hall's entry, a scene from "Wynken, Blynken, and Nod," was lovely in soft pinks and blues with angel hair clouds and the shoe sailing into "a sea of dew." The Alpha Xi Delta exhibit was three characters from "Little Black Sambo,"

This year the girls dressed rag dolls which they had made themselves. Dolls were afterward distributed to local groups of underprivileged children.
Each sport season W.A.A. offers individual, inter-class, and inter-house sports. Any individual or house participating in the sport and having enough practices may compete in the championship tournament at the end of the season. At the end of the year a trophy is awarded to the house which has accumulated the largest number of points.

The intramural tournaments this year had a large number of entrants. The Woman's Gym was the scene of many exciting games before the Kappa Alpha Theta house won the volleyball tournament. Runners-up were the members of Alpha Chi Omega, and third place award was won by Busey Hall.

Equally thrilling were the hockey games in which members of the senior class were victorious. The inter-class basketball tournament was won by the sophomores.
The Women's Athletic Association was organized in order to further interest in athletics and promote ideals of wholesome living. To further these aims and help make a well-rounded college life, it offers a complete calendar of recreational sports in which any girl may participate.

The activities of the year are divided into four sport seasons. Tournaments are held at the end of each sport season to select winners in each of the divisions: inter-house, inter-class, and individual. Awards are presented at a tea when the initiation of new members takes place.

W. A. A. is open to all University women. They may go out for a sport at any time, but they are not
eligible for membership until they have completed one sport season. Voting membership requires participation in two sport seasons a year and payment of dues.

"A sport for every girl, and every girl in a sport" is the motto of W.A.A. It is not necessary to be skilled or have previous training to compete in activities. Members can learn a new activity or increase their skill in old ones.

W.A.A. is under the supervision of the American Federation of College Women, which aids in setting up standards for all college women's athletics.
W. A. A. ACTIVITIES

There is something for everyone to do in W.A.A. New members are non-voting, but after completion of a sports season, they are eligible to vote and hold office as well as take part in sports. A voting member can work on committees or be appointed a sports manager.

The highest award given by W.A.A. is the Major “I” which is earned by the completion of twelve sport seasons. Women who complete six sport seasons receive their class numerals.

Any girl with a University average of “B” who has completed eight sport seasons in W.A.A. is pledged to the honorary, Alpha Sigma Nu.
W. A. A. Activities

From the Sans Souci party during Freshman Week to the annual spring banquet honoring graduating seniors, W.A.A. has some planned activity for all girls who wish to participate.

Every girl should find some form of self-expression in these activities. Besides the four sport seasons, in which group and individual sports of all kinds are offered, W.A.A. sponsors several organizations. Terrapin offers an opportunity for continued interest and increased proficiency in swimming and diving. Orchesis is a dance group which develops the art of expression through graceful movement.

Events of the year are the Student-Alumni hockey game, the Homecoming banquet, the Orchesis recitals, and the spring banquet.
Synchronized swimming has been developed extensively by Terrapin, honorary swimming club founded in 1923. At the weekly meetings and practice sessions time is spent in improving dives, strokes, and the ability to swim with others with pleasing results.

Terrapin members are chosen by tryouts each semester. Girls belong to either Major or Minor Terrapin, according to the degree of skill they are able to demonstrate.

A water pageant is presented on Mothers Day weekend. This is an entirely original production in which all work from writing the script to actual participation is carried on by the members.

JEANNE R. ROBERTS
EILEEN K. SCHWARK

W.A.A. activities are not limited to intramural competition. The first Big Ten women's swimming meet was held at the University of Illinois in 1930. It was so successful that in 1934 the University sponsored the first National Inter-Collegiate swimming meet, an event which now brings together colleges and universities all over the country.

Telegraphic meets help to stimulate inter-collegiate competition. Each year the meets are held at the separate schools, and the results telegraphed to the Regional Sponsors who telegraph the first ten places to the National Sponsor.

Contestants are limited to colleges and universities with certified sixty or seventy-five foot pools. This year only four University girls qualified for the meet.
There's a certain thrill to be had from the clatter of typewriters and the bustling activity of fellow students anxiously hurrying toward a common goal; there's a strange pleasure to be found in the dread of approaching deadlines, which may be why over 500 students work on University publications.
The Illini Publishing Company, a non-profit corporation, was chartered on May 11, 1911 under the laws of the State of Illinois. The Company was organized for the purpose of publishing and distributing all of the officially recognized student publications in the University, in addition to doing a general printing and publishing business. The Daily Illini, the student newspaper, and the Illio, the yearbook, are both supervised by the Company. The Illinois Agriculturist, a magazine published for the Agricultural students, and The Technograph, which is published for the Engineering students, are also controlled by the Company.
Management and control of the corporation is vested in the Board of Directors, made up of eight members. Four members are appointed from the faculty by the President of the University to serve for one year, and the other four are elected by the student body, two members each year to serve for a term of two years. One of the faculty members serves as Chairman of the Board, President of the Company, and the Associated Press representative for The Daily Illini.

The student editors and business managers of the several publications are selected by the Board of Directors on the basis of all-around merit. In addition, the Board supervises the management of the publications, although it encourages initiative and judgment on the part of the staffs.

A Company Manager is employed to operate the business and to advise the student leaders. The general policy of the Illini Publishing Company is the serving of the University and the community by printing, publishing, and distributing publications of the highest standard of quality at the lowest possible cost.

Strains of sweet and swing music played by the nation's leading dance bands, soft light, dancing feet, whirling partners at class and University dances... studies forgotten in the spirit of gaiety and relaxation found always in the mingling of students and friends
The Army Swings Out
Illini seniors swung out at the last big all-University dance of the year, Senior Ball. This festive affair marked the beginning of Senior Week for the Senior Class of 1941. 1,025 couples beautified the Huff gym with a vari-colored whirl of brilliant summer formal costume.

The musical background was provided by Vincent Lopez and his "suave swing" orchestra. Behind the band stand hung a spangled white backdrop upon which were placed five-foot maroon letters spelling Senior Ball. The ballroom floor was overhung with crossed streamers of every beautiful hue arranged in an irregular rhythm. Clusters of white balloons were suspended from the balcony and the ceiling in the center of the room. As an added touch to the colorful affair, large, hued spotlights illuminated the swaying seniors on the dance floor.

The last part of the most effective and impressive Grand March of recent dances was stepped to "Illinois Loyalty" and was concluded with the seniors singing "Alma Mater." The enthusiastic Illini spirit of the Senior Class made this dance the most enjoyable of the year.
Listening to Lopez

A Song and a Smile

15 Minute Intermission
Two well-known orchestras played for the Junior Prom on Friday, December 12. Huff Gym was crowded with enthusiastic dancers who enjoyed the sweet music of Gray Gordon and the lilting music of Herbie Kay. Everyone will agree that there could be no declared winner of the “Battle of the Bands” because Herbie Kay’s “Chattanooga Choo Choo” and Gray Gordon’s “Elmer’s Tune” brought equal applause.

The Junior Prom Queen, gracious Emmabelle Clements was escorted the length of the gym to her silver be-decked throne, followed by her four radiant attendants, Audrey Marsh, Frances Deal, Marge Morgan, and Libbie Arnold. Bud Levy, President of the Class of ‘43, and Ken Sauder, Chairman of the Prom Committee, led the traditional Grand March.

Three large crowns hanging from the ceiling gave the whole dance floor a courtly appearance. Programs were of white leather with bright blue trimming, having a top hat and cane emblazoned on the front.
Queen "Clemmy"

Dancers Sway to Gordon and Kay
SOPHOMORE COTILLION

Despite the sub-zero weather, the Sophomore Cotillion held on Friday, January 9 was very popular. Formerly held in George Huff Gymnasium, the Cotillion was the first of the class dances to be held in the Illini Union Building. All of the facilities of the building were open to the dancers who relaxed in the lounges or secured refreshments between dances.

Art Jarrett and his band played in the beautifully lighted second floor ballroom, while Verle Bogue and his orchestra provided music for the dancers on the third floor. Programs of purple and silver were striking with a musical note on the cover.
FRESHMAN FROLIC

The Class of '45 made its social debut on February 20, when it sponsored the annual Freshman Frolic planned and presented by the Freshman Council.

The Frolic is always one of the gayest of Illini social events. Traditionally an informal dance, the affair had none of the formality of stiff shirts, formal dresses, and high hats. Dancers fell into the gay atmosphere and thoroughly enjoyed the all-freshman floor show sponsored by Green Friars and Orange and Blue Feathers.

Not to be outdone by other classes, the freshmen sponsored a Freshman Week program which was climaxed by the Frolic. The first event of its kind for the University, it included tournaments in bowling, ping pong, and bridge, and a coffee hour for freshman instructors.
Enjoying the sweet and swing music of Will Bradley's orchestra, many formally-dressed Illini attended the Interfraternity Dance on November 18. This ever-popular annual affair was held in Huff Gym on the eve of Thanksgiving vacation.

A pale blue neon Greek pillar placed directly behind the orchestra furnished light for the huge gym. The Greek alphabet, also in blue neon lighting, was displayed above the pillar. Pale blue programs accented by gold pillars further emphasized the theme of classic sophistication which has come to be associated with these dances.

The "I-F," as the first big ball of the year, successfully initiated the formal season on the campus. It was under the direction of Bob Brady.
AG DANCE

Straw hats and overalls, gingham dresses and hair ribbons, work clothes and play clothes—all came to the Ag Dance April 18, and all had a good time.

Bright-colored costumes and the gaiety of the dancers blended into perfect unison to make this year’s Ag Dance one of the most enjoyable of campus dances.

The dance was successfully planned under the leadership of Art Foster, who was ably assisted by Russ Park and Mary Hersman. It was a cooperative project of the Ag and Home Ec clubs. Committees were appointed by the presidents of these organizations, Gene Crull and Bea McClelland.
A strong “wind” blew 1100 couples to George Huff Gym on the night of March 13. The occasion was the annual Independent Informal, one of the gayest of this year's dances.

Decorations carried out the winds theme. A large trombone on the backdrop blew out the letters, Independent Informal. A replica of that windiest of all instruments ornamented the cover of the programs.

The gay informality so characteristic of this dance prevailed throughout the evening. Music was provided by Russ Morgan and his orchestra.

This year four cups were presented to the houses selling the most tickets. Cups were awarded to the W.G.S. and M.I.W.A. houses placing first and second.
Again the Illini danced, and loved it! True, corsages have lost their vital importance, and decorations have been more simple, but not for one moment has the enthusiasm and happiness so characteristic of campus life been changed.

The Illini Union Ballroom proved a superb setting for Pan-Hellenic Ball, the S.D.X. “Headliner’s Hop,” the engineers’ “Slide-Rule Shuffle,” the Feathers’ Saturday afternoon coke dances and M.I.D.A.-W.G.S.-R.G.S. Mixers. Faculty dances and dancing classes brought further pleasure.

But at Illinois we dance to the strains of juke-box and “vic” with the same spirit as to the famous band. To house parties we arrive attired in “tails and chiffon,” to dine and dance, or to have straw fights in bluejenes and broomstick skirts. There have often been “defense” balls and “uniformals.” The afternoon coke dances in the Commons introduced for the first time this year still another gay pastime. It little matters where or when—forever Illini will dance!
The University's concert and stage programs once again this year offered their many audiences music and drama, comedy and tragedy, diversion and culture, art for its own sake and for the sake of practical preparation for a world where showmanship, polish, and timing are still practical necessities of life.

The Illini Theatre Guild is composed of three undergraduate societies; Mask and Bauble, All-University dramatic honorary; Pierrots, men’s dramatic honorary; and Arepo, operatic honorary. The Faculty Players Club is a patron member. The executive authority of the guild is vested in a board of directors composed of a representative from each of the member societies and two University representatives.

The Illini Theatre Guild is directed by Wesley Swanson, general director, and Joseph W. Scott, technical director. The undergraduate staff, headed by four senior managers and assisted by twelve junior supervisors, appoints the members of the business and production crews for each of the guild productions. The crew heads and assistants direct the work of the various crews under the supervision of the juniors.
The two business managers have charge of publicity, box office, house management, institutional publicity, and The Illini Playbill, eight to twelve thousand of which are distributed free to publicize each production. The business manager is nominal managing editor of the Playbill, and the junior supervisors alternate in editing the successive issues. The juniors also rotate in supervising the other departments of the business staff.

The two production managers supervise the students on the backstage crews. These include construction, scene painting, lighting, costumes, properties, and make-up.
“Kiss The Boys Goodbye,” Clare Booth’s comedy, was presented to Illini audiences on the evenings of March 21 and 23, 1941. The plot is obviously a take-off on the Hollywood search for a Scarlett O’Hara. Miss Eastman as Cindy Lou constantly improved her interpretation. The negro servant George, played by Walter Grieder, was an hilarious comic character as “Romeo” to his “Juliet,” Cindy Lou.

Warren Fuller as the alcoholic Madison Breed gave one of the best performances of the play. His wise-cracking cynicism provided a decided contrast to the sticky-sweetness of Cindy Lou.

The comedy increased its tempo to a brilliant climax which called for four curtain calls. Excellent lighting and stage sets designed by A. M. Dreyfuss were professionally perfect and added greatly to the total production.

Gilbert and Sullivan’s light opera, “The Gondoliers,” was produced by the Illini Theatre Guild on April 18 and 19, 1941.

The most thoroughly enjoyable performances were by Eden Nicholas, Dick Fox, and Dolores Dour. Nicholas, with a slow voice and completely casual manner, dominated every scene in which he played. Fox and Miss Dour were always at ease in acting and singing.

The work of the chorus was exceptionally good. Its singing of the tuneful Gilbert and Sullivan music was most enjoyable. Dean Frazer handled his comic Duke of Plaza-Toro very commendably. Elizabeth Scaife’s lovely contralto voice made her excel in a secondary role. Frances Johnson merits mention for her excellent singing in a bit part.

The excellent stage sets were designed by Jean Stewart and Wallace Smith.
“Holiday,” the annual Mother’s Day show selected at the last production of the Illini Theatre Guild’s thirty-fourth season was presented on Friday and Saturday evenings, May 2 and 3, 1941.

This Philip Barry comedy was full of happy-go-lucky nonsense and rich in spontaneous absurdities. Especially fine were the performances of Bill Gibberson as Johnny Case, the young hero, who, though expert in finance, believed that life was not merely a one hundred per cent bank note, but also that there was important fun to be had in the pursuit of other treasures; and Jeanne Swisher as Linda Seton—smart, pretty, rather boyish, friendly to Johnny’s credo—eager to cast aside the superficiality of the existence in which she was bonded.

Lyle Schwabe as Julia Seton, poor, beautiful little rich girl in love with Johnny; and Bud Gillis as Ned Seton—handsome, rather quiet and unassuming handled with their usual expertness these important roles.

“Seventh Heaven,” Austin Strong’s popular play was presented to large Homecoming and Dad’s Day crowds on October 31 and November 1, 7, 8, 1941.

The Illini Theatre Guild chose the cast well with many “old timers” taking the parts. Julius Kuney, as Chico, gave a spirited and well-delivered performance. Shirley Smith and Priscilla Fletcher both brought tears to the eyes of their audiences in the character of Diane. Nana, the hateful sister, was played well by both Dorothy Perring and Ronnie Ronalds.

There should be special mention of the interesting and unusual scenery. A large window, cracked walls, and a general appearance of dismalness were reproduced for the typical French garret, or “heaven” as it was called in the play.

Wesley Swanson, play director, and Joseph Scott, technical director, aided considerably in making the play a success.
Holiday

Seventh Heaven
After a two-year layoff, Pierrots climaxed thirty years of all-male performances with ‘Love Rides the Rails.’

On November 28 and 29, 1941, The Illini Theatre Guild presented this, their latest production, a melodrama in three acts, by Morland Carey. Amidst cheers for virtue and hisses at villainy, the all-male cast brought back the days when men were men, and women were made to be protected from the critics whose glib tongues and smooth city ways bade them no good.

For the evening the Lincoln Hall Theatre became an old time opera house of the gas-light era.

The play takes place chiefly in Kankakee between the home of Mrs. Hopewell, the heroine’s mother, the bar of the Paradise Cafe, and the railroad yards of the Walker Valley, Pinebush and Pacific Railroad Company. In the nick of time the hero arrives, saves our sweet innocent heroine, and incidentally, saves the Walker Valley, Pinebush and Pacific Railroad.

Georges Bizet’s popular grand opera, “Carmen,” was presented in Lincoln Hall Theatre on the evenings of December 12 and 13, 1941, under the direction of Kathryn Janie Sutherland. “Carmen,” a former success of Arepo, was repeated this year to mark the 10th anniversary of the founding of the organization.

The spitfire villainess, Carmen, captivates the young lieutenant, Don Jose, who is forced to leave the service and join a gypsy band because of a mutiny against his superior officer.

Spirit and imagination were the keynote of the characterization of Carmen, played by Sarah Jean Gray. Don Jose, the leading male role, was performed by Reno Harms.

Some of the most thrilling moments of the show were given by Frances Johnson as Micaela and Eden Nicholas as Escamillio, the Torcador, both of whose acting abilities equalled their superb singing.

Minor roles of El Dancairo, Mercedes, Zuniga, Frasquita, and El Remendado were more than adequately filled by Wallace Sturm, Pat Lewis, Duane Jones, Betty Rhodes, and Ralph Ivins.

A dimly lighted third act stage disclosed a unique and extremely effective mountain scene. Other settings constructed under the direction of Joseph W. Scott, technical advisor, were colorful and atmospheric.

Star Course is the student activity that has for the past fifty years brought cultural entertainment to the University of Illinois and its surrounding community. In 1883, there first began a few scattered lectures by outstanding men and women of the time, sponsored by the Philomathean and Adelphic Literary Societies. In 1891, as a result of the success of these first attempts, the Star Lecture Course was begun. It remained for a time under the auspices of the literary societies. This marked the official beginning of the present Star Course. The University took over the organization in 1917. In 1931, the University Concert and Entertainment Board was organized to supervise all of the public entertainment given at the University for which admission is charged. Star Course was then placed under its control.

The University Concert and Entertainment Board is composed of four faculty members, appointed by the President of the University, and of four students, elected by the members of the Student Senate. The Board selects the artists presented each year, and appoints the senior and junior managers, and the sophomore staff.

The senior student managers work with and under the Board, in an executive capacity. The junior managers are the supervisors and directors of the sophomore staff. This working unit of two seniors, six juniors, and fifty sophomores operates a non-profit business.

This year, in celebration of its fiftieth anniversary, Star Course inaugurated a new system. Always endeavoring to make it easier for its patrons, a two-semester series, each one including five concerts and each series complete in itself, was started. These series, present four of the first ranking symphonies and six other top-flight artists. It is the wish of Star Course and the University Concert and Entertainment Board to have a centennial birthday in another fifty years and to celebrate it with even greater success and progress.

The St. Louis Symphony Orchestra, founded in 1880, is the second oldest orchestra in the country, and is one of the foremost in the United States. In 1931, Vladimir Golschmann was engaged as permanent conductor of the orchestra, after serving as guest conductor for four weeks, and with his appointment came youth, new ideas, new thoughts, and a finer orchestra. Golschmann, Russian by blood, French by birth, is one of the notable figures today in the international world of music. Because of his European fame as a guest conductor, Vladimir Golschmann was twice brought to New York to conduct the New York Symphony by Walter Damrosch. In 1931, he performed the difficult task of pinch-hitting for the great Arturo Toscanini for three concerts when the latter was ill.

Since 1939 when Zino Francescatti was sent by the French government to this country as an unofficial ambassador, he has made three concert tours, appearing with the Chicago Symphony Orchestra, and the Cincinnati Symphony Orchestra. In his first appearance before Star Course patrons, Mr. Francescatti proved that the realm of music is still full of genuine romantic interest.

Helen Jepson, opera's lovely primadonna, made her highly successful debut at the Metropolitan in 1936 opposite Lawrence Tibbett. In the six years since, she has sung the roles of some twelve of opera's favorite heroines including those of "Traviata," "Faust," "La Boheme," and "Thais." Her concert here proved that she is worthy of the applause awarded her by music critics everywhere.
On November 5th, the Cincinnati Symphony Orchestra under the direction of Eugene Goossens, distinguished composer and conductor, appeared before the Star Course patrons. Dating back to its creation in 1895, the Cincinnati Orchestra is recognized as one of the finest symphonic ensembles in the world. Eugene Goossens, composer, conductor, pianist, and violinist, is English by birth. At twenty-two, fame had already brushed his shoulder, and now his idealism and technical skill are recognized the world over. His primary hobby, railroad locomotives, has a positive relationship with music, his professional interest. He has been in ever-increasing demand as guest conductor. The splendid body of artists of the first rank that make up this orchestra give frequent interpretations of the best in the musical literature of the world.

Ruth Draper, alone on stage, conjured with magic mummery characters from every walk of life with the truth and authenticity that is the artist's genius. Hers is an inscrutable art that travels the full range of emotions from comedy to tragedy. As a writer Miss Draper has the detached wisdom that sees the spirit behind the mask of reality, and as an actress she has warmth, integrity, dignity and stature.

In his middle teens, Richard Crooks took solemn counsel with himself and resolved to be a singer, with opera as his ultimate goal. With his iron determination, he surmounted real obstacles and hardships to realize that goal, and today he properly owns the title "the great American tenor," for his popularity in concert, opera, and radio programs is persistent and enduring.
Fabien Sevitzky, musical director and conductor of the Indianapolis Symphony Orchestra, stands foremost among American conductors for his belief in the future of American music, and for the work he has done toward giving it adequate hearing before his ever-enlarging audiences. For two successive years, 1938 and 1939, he was signally honored by the National Association for American Composers and Conductors for his services in the cause of American music. He believes that the greatest music of the future will come from the pens of American composers just as the music considered "greatest" in the past has been written by Europeans. The Indianapolis Symphony Orchestra, though a comparatively new organization, has, through Mr. Sevitzky's brilliant leadership, acquired a national reputation. Their concert here presages ever-increasing successes for them.

Although born in Uruguay, Carmalita Maracci has lived most of her life in California. She was trained in the dance in New York by Zambretta, an Italian ballet master of the old school. Thus brought up in the traditions of the classic dance, she is naturally the possessor of a sure and clean ballet technique; but over this she spreads the force of her personality. Miss Maracci's concert for Star Course was as exciting as her personality.

The career of Robert Casadesus was brilliant from the start. At the age of 13 he began to win acclaim as a fine pianist. He made his debut in the United States in 1935 with the New York Philharmonic-Symphony Orchestra under the direction of Hans Lange, in the Mozart D-Major "Coronation" Concerto. Mr. Casadesus' concert here was the usual splendid performance which has won him universal praise.
The Illinois Symphony Orchestra has been hailed by critics as one of America's great orchestras. Its personnel includes more than 80 skilled professional musicians, and it has played more than 300 concerts to an aggregate of nearly a million people. The orchestra's policy of presenting new compositions and music of American composers has been highly praised by music critics. The dynamic young conductor of the Illinois Symphony Orchestra, Izler Solomon, has acquired a reputation which is now nation-wide. Among other honors bestowed upon him were recent appearances as guest conductor with some of America's most distinguished symphony orchestras, including Arturo Toscanini's N.B.C. Symphony, Leopold Stokowski's Philadelphia Orchestra, and Les Concerts Symphonique in Montreal, Canada. Time magazine said about the orchestra, "Chicago's best critics ventured inside, came out beaming."

COOLIDGE STRING QUARTET

Star Course celebrated its fiftieth anniversary by offering to its patrons a complimentary concert given by the Coolidge String Quartet. This celebrated quartet was founded in 1916 under the sponsorship of the Elizabeth Sprague Coolidge Foundation of the Library of Congress in Washington. Each member of the quartet is an artist of accomplishment who has appeared as soloist with leading orchestras; and all four are chamber music players of wide experience. Their string combination is considered a triumph of beautifully blended ensemble work founded on fine musicianship and authoritative collaboration. The quartet is composed of William Kroll, first violin; Jack Pepper, second violin; David Dawson, viola; and Naoum Benditsky, 'cello. They played their program flawlessly, four soloists working in absolute harmony, with perfect interpretation.
If "education" means taking the inheritance of man's genius and labor and fitting it into a co-operative society, then few departments in the University outrank "Music," whose bands, orchestra, chorus, and glee clubs work toward the recreating of beauty and emotion... achieving harmony through harmony.
"THE WORLD'S GREATEST"
The University of Illinois Military Bands Department consists of three separate bands; the Concert Band, the First Regimental Band, and the Second Regimental Band. Positions and promotions in these organizations are determined by competitive examinations given at intervals throughout the year. Membership in the bands takes the place of the required military training. The Concert Band members are eligible for scholarship as soon as they have fulfilled their military requirements.

Professor A. A. Harding, Director of Bands at the University since 1905, has sought untiringly through these years to raise the musical and technical standards of band performances in the United States. The University Concert Band is the direct result of these efforts and stands as an incentive to young bandsmen all over America to strive for a higher degree of musical excellence. In recognition of his tireless efforts Director Harding was further honored this year by receiving the commission of Colonel on Governor Dwight Green’s personal staff.

The First Regimental Band, directed by Mr. Mark H. Hindsley, and the Second Regimental Band, directed by Mr. Clarence E. Sawhill, complete the Band Department. These bands study the finest in orchestral and band music during the year, as well as playing numerous concerts, and furnishing the music for military ceremonies, athletic events, and other University functions.

The famous Illini Football Band, noted for its marching, singing, and playing, is a marching unit of 168 bandmen selected from the Concert and First Regimental Bands. The brilliant pageantry staged each football season forms an integral part of the Saturday afternoon festivities. Mr. Mark Hindsley directs the activities of the football band, and is aided by the other members of the staff, including assistants Keith L. Wilson and Haskell O. Sexton.

In ordinary years, the Concert Band plays several out-of-town concerts, such as the one of last year in the Chicago Civic Opera House, but due to present conditions such trips were not considered for this year. The two Anniversary Concerts were presented in the University Auditorium on March 11, and 12.

The opening of Spring brought with it the twilight concerts played each Wednesday evening. These informal concerts given on the quadrangle in front of the Auditorium were very popular with the student body. The band year was brought to a close with its performances in the ceremonies of Commencement Week.

Retreat... a blow of the bugle, a roll on the drums, the shot of a cannon, a military march, polished boots and equipment, immaculate uniforms, men on parade! Drilling, training, maneuvers, Military Day, Army Day, Mil Ball... events in the life of a military man.
UNIVERSITY BRIGADE

That careful planning and preparedness are invaluable to a nation's defense can be seen when it is realized that the University Brigade, which was organized three-fourths of a century ago in 1867 under the Morrill Land Grant Act, is today playing a vital role in the nation's war effort for World War II. From a very small beginning the Brigade has steadily grown, until today it is one of the largest and finest R.O.T.C. units in the country for the training of both basic and advanced military students.
This basic training is required of all freshmen and sophomore men who are physically fit. Those cadets who show especial excellence and interest in the military arts may continue in the advanced course during their junior and senior years. Here they receive further instruction which, supplemented by actual drill and practice in summer training camps, gives them a sound theoretical and practical military background. At the end of their senior year, if they have proved that they are qualified, the men are commissioned as Second Lieutenants in the Officers' Reserve Corps.
Charged with the responsibility of the proper execution of all orders issued by the military department is the Cadet Staff. The staff is composed of six cadet officers, each one of whom represents one of the six units of the Brigade.

At the head of the staff is the Cadet Colonel who is also Commander of the Brigade. He directs the weekly retreat ceremonies and also holds regular meetings of his staff. At the annual Military Day, the Cadet Colonel for the next year is announced. His selection is made because he has shown exceptional ability in the military arts during his first three years at Illinois.

The other members of the Cadet Staff are also chosen as carefully as the Cadet Colonel. Each of these five is either a Cadet Major or a Cadet Captain.

The effective military training of freshmen and sophomores is accomplished through the capable and cooperative functioning of the entire staff.
The Regular Staff is composed of officers from the Regular Army. Heading this staff and the Department of Military Science and Tactics is the commandant who is a colonel in the regular army. His staff consists of six field officers, each one of whom represents one of six units of the Brigade. The commandant is responsible for the training and efficient administration of the six units, but is assisted by the other members of the staff and other officers from the regular army.

The staff has a great problem on its hands to facilitate the training of the men. Not only must the cadets be taught the rudiments of the military arts, but a large number of them must be trained thoroughly for the day when they will become officers.

Now that our nation is at war, the value of keeping this regular staff here to train men for military service becomes more readily apparent and much credit is due to the commandant and his staff who are carrying on the work so well, which was started in 1868, on this campus.
Founded in 1929, the Military Council has come to occupy an important position in student activities in the University. It acts as a governing body of the Reserve Officers' Training Corps, and as such strengthens the bond between officers of the Regular Staff and Cadets of the R.O.T.C.

In addition to its important governing function, the Council supervises the various activities of the military department, including the Military Ball, the Officers' Ball, and the dances given by other organizations in the department. The *Millian*, a military publication containing an entire record of the year's military activities which is issued annually on Military Day is published under the supervision of the council.
Heading the Military Council is the Cadet Colonel who serves as its President. Completing the membership is the Brigade Staff, the Lieutenant Colonel of each of the six R.O.T.C. units, a representative from each of the military organizations, and two officers of the R.O.T.C. faculty chosen to act as advisors. In case any profits are derived from the military activities sponsored or supervised by the Council, they are donated to the Military Special Unit Fund. Improvements not provided for in the regular grants of the State and Federal governments are paid for from this fund.
While the mechanized Cavalry of today appears to be vastly different from the horse Cavalry of a few years ago, the fundamental principles of its employment have not been changed. The mobility and fire power of the horse platoon have been incorporated into fast-moving organizations that are mounted on light tanks, heavy tanks, and scout cars. The mechanization has not resulted in the replacement of the horse; each type of Cavalry still has its place in modern warfare.

The graduating Cavalry officer must be prepared to command not only the platoon of horse Cavalry, but the scout car platoon, the light tank platoon, and the anti-tank gun platoon as well. In addition, there are a number of staff and specialist jobs such as communications officer and transportation officer. Mechanized cavalry equipment has not been available for the training of the Cavalry officer, but with the fundamental training they have received, they will be able to adapt themselves to any of the great variety of assignments they may receive.
War-time importance of the Coast Artillery cannot be over-emphasized in this day of airplane warfare. To the Coast Artillery unit has fallen the greater part of the responsibility for anti-aircraft warfare; hence the training unit is now studying the workings of anti-aircraft weapons as well as large coast and field guns. Students receive actual experience in firing anti-aircraft guns, machine guns, and 155 mm. guns at the annual Advanced R.O.T.C. Summer Camp. Marksmanship, scouting, patrolling, map-reading, and military fundamentals round out a four-year R.O.T.C. course which prepares the students for the rank of Second Lieutenant in the Officers' Reserve Corps.
ENGINEERS

Limited to students enrolled in the College of Engineering, the Engineer Corps is responsible in actual warfare for building and repairing of roads and bridges, construction of temporary fortifications, handling of explosives, and demolition of structures of all kinds.

R.O.T.C. summer training camps are of great importance in completing the training of the cadets in the Advanced Corps of Engineers. These camps are attended by the students between their junior and senior years for a summer's coordination of practical experience with the theoretical training received at the University. Here, in addition to technical instruction, the cadets are trained in citizenship and military discipline.
Twenty-one years ago eighteen cadets started the first unit of the Field Artillery at the University. The two regiments, each of which has its own Lieutenant Colonel and Staff Officers, now comprise the largest of the units.

During the first year these students learn the fundamental working principles of the 75 mm. field guns, and in their second year they enroll in either the horse-drawn or motorized divisions. In the Advanced R.O.T.C., which is composed of juniors and seniors who have shown superior ability in basic training, the cadets receive practical field training in firing heavy artillery; and during their senior year they assist in training the basic students, thereby receiving valuable leadership experience.
The basic and principal combat arm of the military service is represented by the Infantry, which was installed here in 1867. Four years of technical military training of Infantry platoon leaders, including six weeks instruction at a Regular Army training camp, results in a commission as Second Lieutenant Infantry-Reserve in the Army of the United States, if the cadet meets the rigid physical requirements.

Upon graduation these Reserve Officers have many opportunities to establish themselves in the permanent military forces of the United States. Selected honor graduates may accept a commission as Second Lieutenant in the Marine Corps or the Regular Army. Upon special recommendation other students may be appointed to a year's active duty in the Army or in the Flying Cadets.
In order for modern armies to work swiftly and efficiently, speedy communication systems are necessary. The Signal Corps is the branch of the service which is charged with this important duty. Therefore the instruction in the Signal Corps unit of the R. O. T. C. is intended to teach the cadets enrolled therein both the practical and the theoretical sides of establishing wire and radio communication systems.

Enrollment in the Signal Corps basic course is confined for the greater part to students from the College of Engineering, although a few others may enroll in it. In the basic course, freshman students become acquainted with the organization of the Signal Corps and the fundamentals of setting up telephone communications. In their sophomore year they learn both the theory and the technique of receiving and sending the International Code.

Advanced course students are instructed further in radio and wire communication. In addition they receive practice in leadership. All the advanced students study the problems connected with motor transportation, administration, military law, and map problems, while some of the students also take a course in cryptanalysis.

Summer camp for the advanced students provides six weeks of practical communication training. When these men have finished their senior year and have filled all the other requirements demanded by Uncle Sam, they are commissioned as Second Lieutenants in the Signal Reserve of the Army of the United States.
On April 10, the George Huff Gymnasium was the scene of the most colorful of the dances of the 1941-42 Illini social season. The occasion was the 1942 Mil Ball.

The decorations were in the national colors, red, white, and blue, enhanced by a cleverly conceived adaptation of the military motif. Highlight of the evening was the grand march, which came shortly after midnight. Cadet Colonel Gerald W. Homann, chairman of the ball committee, led the march.

The effectiveness of this colorful event was increased by the addition of several special military ceremonials. As an innovation this year, no corsages were given; defense stamps were sent to each date. The programs with a unique military theme were doubly acceptable because each contained a defense saving stamp book. Those in attendance regarded this ball as a particularly enjoyable one in the long series of outstanding Military Balls.
MILITARY BALL

President and Commandant

Present Arms

Receiving Line
The Officers' Ball, the only exclusive military dance of the year, was held in the Illini Union Ballroom on January 16. Regular army officers and cadet officers of the University Brigade and many of the U. S. Reserve Officers stationed in this area were guests at this annual event. This was the first time that the Ball had been held in the Union Building.

In an effort to cooperate with the civilian defense requests to do away with unnecessary elaborateness during war time, the officers agreed to give no corsages to their guests. Decorations were also kept at a minimum, with only red and blue lights being used.

The dance was sponsored by the Military Council and was managed by a committee headed by Cadet Major Ralph A. Naden. Col. and Mrs. Sparks and other members of the R.O.T.C. staff and their wives were the patrons and patronesses for the affair. As is traditional, the committee was entertained at a formal dinner preceding the Ball.

Phil Levant and his "Listen to Levant" orchestra provided the dancers with many popular arrangements and danceable rhythms as well as entertaining them with several novelty numbers.
To promote the interests of military training, to foster the spirit of fellowship among military men, to aid in the preparedness of this country, to implant in its members the discipline so necessary not only in military enterprise but in every walk of life.

HERETOFORE KNOWN AS THE EVENTS OF YEAR
Basketbrawl . . . or the Waves Dashed High on a Stern and Rockbound Coast

As the team tore out on the floor, the spectators tore their hair when the team tore out again. It soon became a case of tears all around, that is, until the coast guard arrived just in time to salvage the referee who had a bad case of water on the knee.

The team overhelmed its opponent as it poured basket after basket (of clams) to steam its way to a substantial lead only to have the lead vanish as did the H2O (water to you, mugs) oh yes the pumps were working again.

Our hero came into the game at this time (he had been working his father's way through college selling subscriptions to America's greatest college jeerbook) just in time to splash the winning team with (blue) points through the net.

The band (had we forgotten to tell you about the band) began to play the strain (and we do mean strain), while our hero and the editors of this book (really quite abnormal people) splashed happily out of the pool . . . that is the gym.

And in the words of the sea, we say "Land Ho!"

Censored by Editor.
ORGANIZATIONS

FRATERNITIES
SORORITIES
INDEPENDENT ORGANIZATIONS
HONORARIES AND PROFESSIONALS
ADVERTISING AND INDEX
Fraternity fun... hell week, rubbing, "paddle nights," parties... social lights and socialites... rush week, initiations, serenades, dances, pin-hanging, and the traditional passing of cigars. All these and many more events help to develop a fraternal spirit which bands men together forever as brothers.

Alpha Epsilon Chapter

Established, 1999

201 EAST JOHN STREET
Rushing...a gay, mad whirl of teacups, party gowns, and incessant chatter...prelude to a warm, friend-filled college life. "Bull" sessions, seminars, formal dinners, dances, chapter meetings, spreads...lasting college memories. A common aim...a common bond...sisters living and laughing together.

That is sorority life.

Through the cooperation of W. G. S., R. G. S., and M. I. W. A. several thousand university students are given the opportunity to live in an organized group with other students, to enjoy an active social life, and to form lasting friendships... friendships that will be uppermost in their minds when they think of their university.

Combine a cooperative mind, the will to do, the right to achieve, and a university student.

The result... another member in University Honorary and Professional organizations... an encouragement of scholarship, a promotion of friendship, an advancement of interests of college students, a fostering of ideals.

The Agricultural Club of the University of Illinois, with a membership of approximately 450 students, acts as a coordinator of Ag Campus activities. In addition to the central club there are nine subsidiary clubs representing each of the various departments of the college. Each member of the central club automatically becomes a member of whichever specialized club he prefers. Some of the major activities of the year, falling either under the auspices of the Ag Club or its subsidiaries, are the All-Ag Field Day, the Little International, the Ag Dance, the spring judging contests, and the All-Ag Banquet.

The clubs also help to support the various University judging teams, both by sponsoring spring contests which increase student interest in judging and by helping to meet the expenses incurred by the teams. The 1941 livestock judging team, coached by Professor J. L. Edmonds, brought recognition to itself and to the University by winning the collegiate judging contest at the International Livestock Exposition in Chicago.

The policies of the Ag Club are determined by the Agricultural Council, composed of the presidents of the specialized clubs, the editor of the Illinois Agriculturist, and the president of the central club.

AN IDEA THAT BORE AN IDEAL

In the spring of 1837 John Deere gave to the world the steel plow. The story of that spring morning has been told and retold in the hundred odd years since 1837. The birth of an idea and the development of it, the story of trial and final success are recorded in history. One of the first steel plows John Deere built at Grand Detour is displayed in the Smithsonian Institution in Washington as a lasting tribute to John Deere’s aspiration and his achievement.

Born of that achievement was an ideal — an ideal typical of the rugged honesty of character and craftsmanship of John Deere. An ideal which John Deere himself expressed in simple but direct terms: “I shall never place my name on an implement that hasn’t in it the best that’s in me.”

Today, that ideal is the priceless heritage of the entire John Deere organization. It is a ruling pride in the drafting rooms, in the designing department, and in the final production divisions of the thirteen great John Deere factories where skilled workmen carry on in the John Deere tradition. That ideal is not only the ruling pride of a great organization but an assurance of quality to the American farmer.

JOHN DEERE MOLINE, ILL.
Campus Leader...

For nine years campus leaders have immediately recognized the distinctive difference between an “ordinary” portrait and a “Paul Stone” portrait.

Photographer of the Illio’s campus leader section from 1934 to 1942.

Service Through a Nation-wide Organization

One Park Avenue, New York, N. Y.
For more than half a century Pontiac has been producing QUALITY printing plates for all types of publication work and has established a reputation for dependable service which is unexcelled among photo-engravers. Everywhere Pontiac yearbook service men have become known for their friendly, helpful assistance and are recognized for their ability as specialists in the school publication field.

It has become "An American Tradition" for schools to select Pontiac as their engraver year after year, with the result that the number of annuals handled by Pontiac has steadily increased. Hundreds of these staffs have developed distinctive books with the assistance of Pontiac artists and have gained recognition for the originality and success of their publications.

The entire personnel of Pontiac Engraving & Electrotype Co. salute the publishers of this book for their splendid efforts in producing a fine yearbook. They invite other schools to join the thousands of satisfied Pontiac clients for assistance in the solution of their engraving problems.

Pontiac served as the Official Engraver to this book.
