CHAMPAIGN URBANA
The long walk from engineering campus
to the other end of the Broadwalk
through the always busy Illini Union
past beautiful buildings such as the English Building
is comparable to the four hard years spent in the Library
in order to be present in Memorial Stadium in June.
Dear Students,

In these opening pages of the 1957 ILLIO, a first greeting should go to members of the yearbook's staff — with appreciation for their services and congratulations for their achievement. Not only have they made a graphic presentation of life at Illinois; they have caught the spirit and personality of a great institution.

Years hence — perhaps after a long time — some of you again will pick up this ILLIO and will find it an album of pleasant personal recollections. It will contain memories of friendships, of happy events, of exciting experiences.

And in those future years when you recall the University and what it means and has meant to you, we hope you will be able to feel that through the years you have given your alma mater the support it needs from its alumni as it serves the people of Illinois.

The University is a partnership of many individuals and many groups. Its strength comes from all those interested in its welfare. We rejoice in these associations. We hope that in turn all the University's friends are proud that they can help to further its important work.

Good wishes to all of you!

Sincerely,

David D. Henry
President

Prof. Marietta Stevenson, director of the School of Social Work

Anthony J. Janata, Executive Assistant to the President
The great responsibility of providing for the welfare of each student at the University of Illinois lies with the deans. The unifying and coordinating official is Dean of Students, Fred H. Turner. His staff consists of Gerald W. Peck, Assistant Dean of Students and Assistant Coordinating Placement Officer, and Robert A. Schuiteman, Assistant Dean of Foreign Students.

Dean of Women, Miss Miriam A. Shelden, has as her associate Miss Agnes G. Tandberg, associate dean of freshman women. Located in the same office are Miss Mary E. Harrison, assistant dean of independent women; Miss Eunice Dowse, assistant dean of residence hall counseling; and Miss K. Patricia Cross, assistant dean of sorority women.

Aiding Dean of Men, Edward E. Stafford, are Howard G. Neuberg, assistant dean of fraternity men; Calvin S. Sifferd and Robert W. Culp, assistant deans of independent men; and V. James Hampton, assistant dean of student organizations.

All of the deans work to see that relations are good among the students, the faculty, and the citizens. If a University of Illinois student seeks help with any problem, he will receive aid from the deans.
The University of Illinois Foundation, which has 163 members, is a non-profit corporation whose function is to encourage gifts for the purpose of assisting the general educational and research program of the University.

Through its Illini Achievement Fund, organized in 1948, and the income from its endowment funds, the Foundation has supported many projects of major importance to the University.

One of the Foundation's opportunities for service to the University and the state is to provide thousands of dollars in grants which encourage research and aid staff members who have special training and talent in certain fields.

Each year the Foundation provides scholarships for students who need financial help to further their education. These scholarships are awarded on the basis of high academic attainment and definite financial need.

Another major division of the Foundation's work is library enrichment. Many important collections have come to the University Library through this program.

Special projects, such as memorial funds, are carried out by the Foundation to meet specific needs of the University. The projects augment facilities provided by state funds and expand the services of the University to its students and the citizens of Illinois.
THE UNIVERSITY OF ILLINOIS
ALUMNI ASSOCIATION

Since 1873 the Alumni Association has assigned itself to the task of helping to build a greater University of Illinois while serving its alumni and students. More than 19,000 Illini are dues-paying members of the Association, making it one of the largest alumni organizations in the nation.

By means of its elaborate record maintenance system, the Association keeps in touch with the more than 100,000 living members of the vast Illini family throughout the world. Address and biographical information of these alumni is readily available to all Illini.

Through its extensive network of Illini Clubs the Alumni Association serves Illinois alumni everywhere, bringing them together for fellowship and to co-operate on projects of assistance to the University.

Eight times a year Association members receive their copies of the copiously illustrated Illinois Alumni News. This publication with its excellent coverage of University life and events is recognized as one of the best in its field.

The Student Alumni Assn. Board, consisting of one member from each class and a representative from I.U.S.A., is an important liaison unit between the student body and the alumni of Illinois.
The College of Agriculture trains men and women for a variety of careers in agriculture and home economics.

The instruction offered by the College on the Urbana campus makes up only one of three major divisions in the College. It also conducts the Agricultural Experiment Station for research in agriculture and home economics and the Extension Service which carries the results of this research to the people in the State.

By finding and teaching better ways to produce, process, and sell food and clothing materials, the College helps to insure a higher standard of living for the farmer and city people alike.
The College of Commerce and Business Administration is organized under the teaching departments of Accountancy, Business Education, Business Law, Economics, Management, and Marketing.

The major aim of the College is to offer a variety of courses in a broad curriculum which should equip students to meet the problems of everyday living as well as for careers in business, economics, and the administrative branches of government. This is accomplished through training in modern business practices and in the fundamentals of economics.

A well-rounded program includes basic and general training with opportunities for specializing in various fields.

The College conducts two bureaus—the Bureau of Business Management and the Bureau of Economics Research, which maintains an organized research program.

Dean Paul M. Green
COLLEGE OF EDUCATION

Students in the College of Education are potential leaders in the fields of teaching, special educational services, and school administration. In the teaching field, undergraduate curricula are offered for both high school and elementary teachers and for teachers of the mentally handicapped and deaf or hard-of-hearing. The student gains practical experience from the practice teaching system established by the College.

Curricula draw on the broad resources of the University for general education. Graduate courses are offered for the development of appropriate fields of specialization.

Research is also a major facet in the work of the College of Education. The University High School provides facilities for the development and testing of new programs and teaching materials, while the Bureau of Research and the Office of Field Services conduct programs of aid for public school systems in both fundamental and applied problems.
The College of Engineering, through its eleven departments, offers its students a thorough professional education for service to the state and nation. Classroom and laboratory instruction is supplemented by a large and active research program through which staff members can fulfill balanced roles.

For students, the College emphasizes personal contact with instructors and a wide range of student activities. These include eleven honor societies, fourteen student professional groups, and the Engineering Council to coordinate and represent the student-body opinion. These are supplemented by The Illinois Technograph student magazine, Engineering Open House which each year in mid-March draws some 15,000 visitors from the twin cities and the state at large, and, in the social realm, St. Pat's Ball, an engineering-sponsored all-University dance on Open House week-end.

This combination of sound teaching in a research-balanced atmosphere and contact with one's fellows amid the diverse resources of a full university presents an unusual opportunity for those who seek both breadth and depth in their education.
The College of Fine and Applied Arts offers a wide variety of opportunities by teaching aesthetic knowledge and appreciation as well as preparing students for professional careers.

There are more architecture students at Illinois than in any other school in the United States. The other teaching departments in the College are Art, City Planning and Landscape Architecture, and Music. In addition, the Small Homes Council and the Bureau of Community Planning carry on research and extension work. The University Bands are a separate division of the College.

To promote interest in music, the College presents concerts by the various orchestras, choral and chamber music groups, recitals, public lectures, performances by the Opera Workshop, and a year-round exhibition program which maintains exhibitions in several campus buildings. The School of Music sponsors radio broadcasts over Station WILL. Distinguished visitors in the various teaching fields are frequently brought here. The College is also instrumental in the planning of the biennial Festival of Contemporary Arts.
The Graduate College began in 1892 when the Board of Trustees authorized four fellowships for post-graduate work to "...stimulate in all departments the idea and habit of research, ..." From this small beginning, the graduate student body has a present enrollment of 3,000, the third largest college on the campus.

Graduate programs stressing independent work and individual research have been established in over sixty-five departments and divisions of the University. The four original fellowships authorized by the Board of Trustees have been increased to provide a substantial number of awards for students of unusual promise. Other students of exceptional ability gain valuable teaching and research experience through the many part time assistantships which are available. The Graduate College conferred about 750 masters' degrees in recent years and over 300 doctorates during the last calendar year.
The objective of the School of Journalism and Communications is to provide professional education for men and women who plan careers in journalism, advertising, or broadcasting.

This professional training is preceded by a preliminary program of general education, which the student usually obtains in the College of Liberal Arts and Sciences.

Facilities for the School include an outstanding journalism and communications library, special classrooms and laboratories, AM and FM radio stations and a VHF educational television station.

As a professional division of the University, the School has service responsibilities. It provides headquarters for various press and broadcasting associations.

The School of Journalism was established in 1927. The change in name was made in 1950 after the addition of the radio curriculum, which has since been expanded to include television.
Since its founding in 1897, the College of Law has been in the forefront in the movement for improvement of standards of legal education and admission to the bar in the United States.

Training men and women for the practice of law is the primary purpose of the College. But its program is also valuable for those who become judges, legislators, and teachers of law, for administrators in government, and for executives in private business. It seeks to guide students in appreciating the functions of law in the social order and in aiding the law to keep pace with changing conditions. Its responsibility embraces much more than the mere learning of legal rules and formulas; it provides part of the educational foundation for men and women who will become leaders in community service and directors of public thought.

The fall of 1955 marked the moving of the staff and facilities of the College to its new, modern building on south campus.
The College of Liberal Arts and Sciences serves several major purposes. It provides for the traditional liberal education and also offers programs leading to professional degrees.

Work in the College is divided into the following general areas: biological sciences, humanities, social sciences, and physical sciences. The general curriculum requires a nucleus of courses in these groups and a certain amount of concentration in the subjects chosen as majors and minors. It leads to the Bachelor of Arts or Bachelor of Science degree depending upon the field of concentration and emphasis of study.

The College also functions as a service unit for other colleges by offering curricula in pre-professional training for nursing, medicine, dentistry, veterinary medicine, law, and journalism. This training includes work in English, foreign languages, sciences, and social sciences, which constitute established all-University requirements.

Dean Joseph R. Smiley
The University of Illinois Library School, established on the Urbana campus in 1897, has maintained a continuous university affiliation longer than any similar school in the United States.

The purpose of the school is to prepare students for professional careers in the principal types of libraries and in those of specialized fields.

Basic courses are offered at the undergraduate level in the Colleges of Education and Liberal Arts and Sciences. The School offers a graduate curriculum which qualifies the student for a professional librarianship: the minimum requirement of one year of work, leading to a Master of Science degree.

The University of Illinois Library where the majority of the Library School's classes are conducted is the third largest among American universities. The nearly three million volumes available, among which are many distinguished collections, support the work of the Library School and all other departments of the University.
The School of Physical Education conducts professional training programs in the fields of Physical Education, Health Education, and Recreation for both men and women and a similar program in Dance for women.

The school also conducts a service program in Physical Education for undergraduate students who, by the University regulations, must earn four semester hours of credit in the subject. This program is pointed at developing competency in the fields of sport, dance, and exercise; improving physical fitness; engendering appreciations of physical activity; and, for some, correcting or ameliorating physical defects or deficiencies.

Two special units are also operated by the school: a Student Rehabilitation Center for students who have serious physical handicaps and a Therapeutic Exercise Clinic, for students and others who can be aided by such a program.

Established at the University in 1933, the School is outstanding in conducting a program of fundamental research in motor, organic, and physical fitness, and formulating fitness tests for youth and adults.
Prevention and control of animal diseases are the principal purposes for training in the College of Veterinary Medicine. Students learn theory and application in practice which are essential to the protection of the livestock industry and the safeguarding of the public health.

The College was established in 1944, at which time it consisted of only a two-year preveterinary program. In 1948, a four-year professional course was added, making a complete six-year program leading to the Doctor of Veterinary Medicine degree.

Extension education, graduate study, and veterinary medical research are also a part of the College program. Instruction utilizes animal patients and specimens from the resident and ambulatory clinics and the research and diagnostic service centers.

The Veterinary Medicine Building was completed in 1952 and a new large animal clinic was opened in 1955.
The University of Illinois established its Undergraduate Division in Chicago in 1946.

Students in the Chicago Division have the same status as those on the Urbana campus, as they are offered the same courses, credit for which may be transferred almost completely downstate in continuation of study in various fields.

Two years of pre-professional courses are offered in liberal arts and sciences, commerce and business administration, and engineering. Recently added to the curriculum were courses in both elementary and secondary education. Also available are curricula in the professional areas of architecture, architectural engineering, physical education, and a course leading to the Bachelor of Science degree in nursing. Courses in ROTC are now included.

Through its educational, social, and cultural program, the Division provides its students with the same high degree of service which is a tradition of the University of Illinois.
DIVISION OF SPECIAL SERVICES FOR WAR VETERANS

The Division of Special Services for War Veterans was established for the purpose of giving extensive aid to veterans wishing to enroll in the University of Illinois. The program is a venture which breaks traditional policies; it allows educational freedom which will best serve the needs of individual students. The Division plans and administers programs for veterans whose special needs are not met by existing curricula; it can certify these students for the Bachelor of Science degree.

The Division offers veterans an opportunity to re-orient themselves academically through reduced programs and selection of courses; to move directly toward an educational objective by adding appropriate subjects to previously acquired credit; and to attain an educational objective which involves subject matter offered in several colleges.

Director Frank A. Bridgewater
The Division of University Extension is the agency by which the University extends its resources to persons who cannot study in residence. Its services now reach to many parts of the world.

The Division conducts a program of correspondence courses, extramural classes, short courses, and conferences that enrolls over 21,000 students, many of whom are graduate students. Late afternoon and evening classes have been held in 70 Illinois cities during the past year.

The Division operates a lending library of educational films for high schools, colleges, and television stations, the largest of its kind in the country. Recently, annual shipments have passed the 100,000 mark.

Assisting Dean Browne, who has headed the Division since its establishment in 1933, is a small administrative body and a staff composed of members from the faculties of various schools and colleges of the University.

Dean Browne also serves as Dean of the Summer Session.
One of the most important days in the 1956-57 school year was September 24—official Installation Day. President David Dodds Henry, former vice-chancellor of New York University, became the thirteenth man to assume the responsibilities of guiding Illini and conducting their policies. In this manner we of the 1957 I1.I10 staff wish to extend to President Henry our most sincere congratulations and wish him a most successful sojourn with us.

Wherever the future may lead us, we shall always remember the days spent at Illinois and those who lead us on our journey through the University. Our thirteenth president has not been with us for the full four years of most of our graduating seniors, but for those who shall come after us we shall always be able to say that we attended the University of Illinois when an outstanding man—the thirteenth to take command—became its head.

**OUR THIRTEENTH PRESIDENT IS INSTALLED**

PANHELLENIC COUNCIL

Priscilla Perry, president

Panhellenic is the governing and policy-making body for the 28 sororities on campus. The members encourage good scholarship, maintenance of high social standards, and service to the college community.

Executive Committee acts as the judiciary body of Panhellenic, serves as co-ordinator of the departments, and makes policy recommendations to Presidents’ Council, the legislative body of Panhellenic.

Members of Executive Committee include the president, vice president, secretary, treasurer, Shi-Ai president, public relations chairman, Senate representative, and the senior chairmen and pledge advisers of the five departments: pledge, scholarship, activity, social, and rushing.

In addition to sponsoring the Panhellenic Ball, Panhellenic holds a Scholarship Dessert in the fall and a banquet in the spring. At these times, the 5.0 women are honored; and the house scholarship trophy, the pledge scholarship trophy, and the improvement plaque are awarded.

Through the Foster Parents Plan, Panhellenic is supporting a child in Italy.

Greek Week and the Hli-Greek newspaper are two Panhellenic projects which are co-sponsored with Interfraternity Council.

This year for the first time, the Executive Committee held an all-pledge welcome to acquaint pledges with Panhellenic. All sorority pledges belong to Junior Panhellenic which is made up of four departments: pledge presidents, activity chairmen, social chairmen, and scholarship chairmen. They are co-ordinated through Junior Panhellenic Executive Committee.

Each fall, Junior Panhellenic sponsors the All-Pledge Banquet. In the spring they hold an Easter Egg Hunt for orphans with Junior Interfraternity Council.

Panhellenic Executive Council—Top row: Dianne Bannem, Gamma Phi Beta, junior scholarship chairman; Judith Chace, Kappa Alpha Theta, Senate representative; Sylvia Varanik, Pi Beta Phi, senior social chairman; Priscilla Perry, Delta Delta Delta, senior pledge chairman; Barbara Boyer, Zeta Tau Alpha, junior social chairman; Norm Mitchell, Kappa Kappa Gamma, associate rush chairman; Nancy Joffe, Delta Delta Delta, rush chairman; Nancy Jo Schindler, Chi Omega, senior scholarship chairman; Sandra Halliday, Kappa Alpha Theta, pledge advisor chairman; Barbara Greben, Delta Gamma, pledge president chairman; Sara VanDyke, Delta Delta Delta, SKEAI president.

Bottom row: Carolyn Messenger, Alpha Chi Omega, junior activity chairman; Danielle Albert, Zeta Tau Alpha, public relations chairman; Elizabeth Thompson, Delta Gamma, secretary; Priscilla Perry, Delta Delta Delta, president; Patricia Cross, advisor; Suzanne Brinkhaw, Kappa Alpha Theta, vice-president; Martha Craft, Alpha Omicron Pi, treasurer.
Junior Panhellenic includes all of the sorority pledges in the organization, and it embodies four separate departments: pledge presidents, pledge social chairmen, pledge activity chairmen, and pledge scholarship chairmen. The Junior Panhellenic Executive Committee, which includes the pledge chairmen of the four departments and an adviser from Senior Panhellenic, co-ordinates these four departments which as a rule function individually.
The Women's Group System is the organization for all independent, undergraduate women on the Illinois campus. By encouraging fellowship, developing leadership, and promoting high scholarship and interest in participation in campus activities, W.G.S. strives to enrich the lives of its members and all students.

The executive board, which is made up of the W.G.S. officers and major chairmen, administers the social, activity, scholarship, and freshman advisory programs. It also investigates matters referred to it and makes recommendations to Second Council.

Composed of the presidents or representatives from all Women's Group System houses, Second Council discusses the group's activities and receives announcements of campus affairs.

Freshman Board voices the problems of freshman women and encourages them to become active in W.G.S. programs. Its members include one freshman girl from each independent house.

Among the varied W.G.S. activities is the sponsoring of scholarship and activity awards teas. Coffee hours and mixer dances are campus-wide events sponsored by W.G.S.

Every fall the Women's Group System joins the Men's Independent Association in planning the Dads Day Review. These two groups also work together in presenting the annual Sno-Ball informal dance and in publishing their own newspaper, The Indec News.
Second Council—Top row: Sylvia Oliva, Margaret Cockey, Eleanor Whitford, Rochelle Enor, Barbara Goell, Carolyn Henley, Mary Lilja, Katherine Takimoto, Joan Michaels, Janet Thoson, Ruth Rold, Monika Siracusa, Nadine James, Carol Engl, Dorothy Krannen, Grace Allen, Carol Stickler, Marian Davis.

Third row: Sally Soliner, Jane Shank, Janet Johnson, Marlene Stein, Gay Karrer, Ruth Stemp, Irene Armstrong, Karol Weid, Hazel Davidson, Missie Turner, Darby Mellett, Martha Sixie, Madeline Guenarid, Diana Ren, Petina Alice, Betty Nagli, Baptiste Han, Mary Fulton, Ann Stewart, Mary Elom.

Freshman Board—Top row: Barbara Barstow, Tobey Rosenberg, Dorothy Barron, Audrey Potts, Pearl Evans, Patricin Goodman, Jeanette Smith, Theresa Hlop.

Third row: Karel Balesketh, Dorothy Wysong, Anna Pryor, Jo Thomas, Rentha Melrose, Nancy Lastor, Phyllis Harris, Nancy Liskev.

Bottom row: Adrienne Zahler, Frances Fox, Sharon Yess, Patricia Hill, Laverne Young, Linda Ayers.
The Men's Independent Association of the University of Illinois is the representative body of the organized independent men's houses on campus. Governing power of the group is maintained in the Monday Council, composed of representatives from each of the member houses. The President's Cabinet, made up of the officers, major committee chairmen, and representatives to other campus organizations, acts as an advisory, executive committee. Another advisory group is the Faculty Advisory Board, a body of administrative and faculty members which offers information and suggestions about subjects affecting the organization.

Most activity comes in the Monday Council, where decisions of policy and expressions of opinion on campus problems are formulated. Action taken by this group is presented to administrative and student bodies as representative of members. The body serves a further function by disseminating information about campus activities and administration policy to the member houses.

Besides co-ordinating student activity on the Illinois campus, the organization maintains contact with other independent student groups by an active membership in the National Independent Students Association.
Faculty Advisory Board—Top row: Herbert Farber, Charles Bowman, Earl Seyler
Bottom row: Robert Culp, ex officio
Not in panel: Duane Brinkman, Thomas Morgan, Calvin Sifferd

Interfraternity Council

The Interfraternity Council is the governing and supervising body of all social fraternities at the University. This group has the notable distinction of being the oldest and largest organization of its kind in the United States. The council studies such current problems as scholarship, pledge training, activities, house finances, house management, and rushing.

The Council is the legislative body of the 58 fraternities on campus. As a legislative body, its function is to protect and promote the individual houses. Campus-wide problems are discussed at the regular meetings and are of great concern to the Council.

The composition of the Council consists of two members of each of the fraternities. In addition to acting as legislators, these representatives serve on the following committees: Executive, Judicial, Pledge Training, Scholarship, Greek Week and Program, Intramurals, Rushing, Activities, Social, Public Relations, and other committees.

Last year, the Interfraternity Council sponsored such events as Stunt Show and Spring Carnival pairings, a Christmas party for underprivileged children, Greek Week, IF Football, a free football weekend for high school senior class presidents in the state of Illinois, and various community projects.

The Judicial Committee, headed by the vice president, judges all infractions of Interfraternity Council and University regulations and proclaims the penalty. The Board of Fraternity Affairs, composed of three faculty fraternity men, three local fraternity alumni, and the Executive Committee, advises the Council. The Assistant Dean of Men for fraternities acts as adviser to the Interfraternity Council.

Executive Committee—Top row: Phillip Dressel, Kenneth Cullen, Maurice Pickard, Donald Long, Joseph McCook, Wayne Mertz, Bradley Johnson. Bottom row: Carl Hampton, Dean Howard Neuberger, adviser; Samuel Erwin, president; Lloyd Hensler, vice president; Larry Bayley, secretary.
Third row: Arthur Murray, Thomas Hudson, Jack Barr, Robert Becker, Richard Cox, William Hayes, Charles Schmidt, Donald Warner, Patrick Mahoney, Ronald Bick, Dean Ahlswicth
Bottom row: Joseph Miller, Scott Walker, Paul Dittmer, James Boticki, Ronald Kaiser, Richard Wellman, George Rasmasy

Bottom row: Martin Magert, Michael Vaughan, Robert Mayer, Elliott Zidell, Michael Turner, Marion Smith, Albert Lorens, Richard Chenoweth, George Edgell, Ronald Pickel
The Junior Interfraternity Council in its fourth year had three main objectives: stimulation of pledge class interest in the affairs of the University, maintenance of pledge class grades on a satisfactory level, and the investigation and improvement of rushing and of Greek-Independent relations. The Junior Interfraternity serves as a training ground for Senior Interfraternity activities. Reports, opinions, and criticisms on campus life were submitted to Senior IF in an effort to improve existing conditions and to stimulate new ideas.

The Council consists of one delegate from every fraternity pledge class, and its affairs are conducted by three main bodies. The executive committee, including the president, vice president, secretary-treasurer, sergeant-at-arms, and a Senior Interfraternity adviser formulates policy. The Activities Committee, whose chairman is selected by petitioning, deals with social and scholastic problems of fraternity pledges.

The Council planned the Junior Interfraternity dance “Pin and Paddle Ball,” a queen contest in January, the Junior Interfraternity Banquet also in January, and the Easter Egg Ball in the spring. On Homecoming week-end, pledge classes maintained barriers on one-way streets to insure the smooth flow of traffic while visitors viewed house decorations.

The Pledge Training and Scholarship Committee, assisted by a sub-committee of 58 pledge class presidents, made suggestions concerning the scholastic and social training of pledges which, when acted upon by Senior Interfraternity Council, were instituted in the fraternities.

63
THE ILLINI UNION
On February 8, 1941, the students, faculty, and alumni of the University of Illinois opened their new Union Building. More than 45 years ago, the idea of providing such a building was conceived on this campus, and a campaign for its consummation was actually initiated. In 1941, following three years of intensive effort in which many Illini and others participated, that idea was finally and fully realized. Constructed in accordance with the best and finest traditions of early American colonial architecture, it is one of the most distinguished buildings of its kind in America.

But notable as its architecture, furnishings, and equipment may be in inspiring those who use it with an appreciation of beautiful craftsmanship and dignified surroundings, this building has another and a finer purpose. It symbolizes the democratic spirit of a great University. It is a place where every student is equally welcome and in which every student has an equal share; a place, also, where students, faculty, and alumni may meet each other socially and informally and thereby promote the best in Illini traditions of loyalty to their University and to each other.

Today, the Illini Union is a cultural, social, educational, recreational, and service center for all students, staff, alumni, and guests of the University.
Illini Union Student Activities is the largest and most varied activity on campus with 600 student workers.

New students got their first glimpse of the Union at Freshman Week Activity Night. As the fall progressed, Stunt Show, Homecoming Badge Sales, and House Decorations were events open for student participation. On football weekends, 2,200 students participated in Block I. After the game, students and alumni could attend Union dances and other fall events.

During the winter, the Union co-sponsored the International Fair with its foreign displays, 100 Banquet honoring top seniors, and High School Circus for high school students.

In the spring, Mothers Day, Spring Musical, and Spring Carnival were sponsored by the Union.
During the entire school year such programs as coffee hours, art displays, social forums, jazz shows, classical music hours, book reviews, and movies are sponsored by the Union.

Illini Union Activities began in 1944 after the completion of the Union Building. Its seven programs were directed by the Union Board which included two members from the Men’s League, two from the Women’s League, and five other students.

Today, Union Board is composed of eight student directors, a staff adviser, four housing group representatives, three faculty members, the director of the Union Building, and the executive secretary of the Alumni Association. The present Board acts in a supervisory capacity for 25 student committees.

This year, Campus Chest is celebrating a decade of service to the campus. It was established in 1946 at the University of Illinois to prevent numerous charities from constantly soliciting students and faculty members. Campus Chest is unique because it is the only charity fund raising organization allowed on campus and can truly be considered as "an activity with a purpose."

Each year a general fund drive is held throughout the campus. The proceeds from this drive as well as those from the Faculty Fund Drive and Spring Carnival are allocated to various charities which may be local, national, or international. The charities are selected by an Allocations Board composed of representatives from major student organizations, representatives from the Chest, and three faculty advisers.

Other functions of the Chest include a book drive, a clothing drive, a photograph sale, and other sponsored events. All these activities plus many more serve to keep the 80 members of Campus Chest busy.

The symbol of the organization this year, "the helping hand," expresses the sentiments of all the members of Campus Chest.
The Young Women’s Christian Association offers University women an opportunity to work, play, share, and grow with people of many races, religions, and nationalities. It serves as a medium for the expression of creative ideas. The basis of the Illinois “Y” is Christian growth and fellowship with other young women by participating in educational, religious, and recreational activities.

The University of Illinois Y.W.C.A. is only one branch of a world-wide organization of women. The Illinois association tries to promote a deeper understanding between international and American students. As a result, a special emphasis is given to an international program.

The International Area is only one branch of the four major spokes in the “Y” wheel, with Christian Emphasis as the hub. The other areas include Membership, Personal Life, and Effective Citizenship.

Committees serve every interest, and the girls enjoy their work on special events throughout the year, such as the Thanksgiving vespers and the annual Christmas Doll Show. The “Y” serves the campus and community further with its Freshman Camp, International Suppers, and Little United Nations.

Y.W.C.A.

Freshman Camp at Allerton

Cabinet—Top row: Mario Lange, Orea Lee Womack, Jo Ann Hostettler, Juan Eckert
Bottom row: Eula Benjamin, Eleanor Palm, vice president; Dianne Doolen, president; Sally Barton, secretary-treasurer.
Not in panel: Dianne Baumann, Helen Migely, Phyllis Leonard.
Deepening the spiritual insight of students is the main purpose of the Y.M.C.A. Through its wide variety of programs, the “Y” serves the campus as a non-denominational Christian organization.

Fifteen standing committees with their projects provide opportunities for members to develop leadership and understanding by working with others. A better relationship between students and faculty is achieved through these committees. The “Y” places special emphasis on an international student program. It also sponsors a wide freshman orientation plan. By working on these various programs, students develop a sense of responsibility and are guided toward a more meaningful personal life.

In addition to providing a way for students to demonstrate their desire to help others, the “Y” benefits them in return. The doors of the Y.M.C.A. are open to everyone. It is a large, well-furnished building with numerous facilities for study and meetings. During the day students like to have refreshments in the popular Kaeser Room in the basement.
The Staff of The 1957 Illio tried to produce a book which would reflect all phases of campus life —its social events, administration, and organized groups.

Four seniors, an editor and three associate editors, planned the production of the book and supervised the over-all work of the staff. These members of the staff were the judges of an art contest that chose the artist who would do all The Illio art work.

Eleven junior editors were selected to be in charge of the different sections of the book. These sections are Chicago Professional Colleges, Sports, Residences, Activities, Seniors, Organizations, Illi-Noise, and University.

The sophomore staff, under the direction of the juniors, filed, typed, cropped pictures, drew layouts, and wrote copy for their assigned sections. The freshman staff worked on both the business and editorial staffs, doing whatever work needed to be done.

During the spring of this year, the freshmen and sophomores attended a workshop in The Illio office to receive training and instruction in the many phases of yearbook work.
Sophomore Staff: Mary Blewett, Mary Bush, Patricia Pauly, David Bowers, Susan Kahl, Patricia Milby, Janet Shoeller
The Illio Business Staff is kept busy throughout the year with advertising, sales, and circulation of The 1957 Illio. Every fall, The Illio sponsors The Illio Beauty Contest which is under the supervision of one associate senior manager while the other senior manager directs the freshmen on both Illio staffs. The general manager is responsible for the operation of the entire Illio Business Staff.

The six junior managers are divided into two departments, advertising and sales. These managers handle the general office work which constitutes a large part of getting The Illio distributed. They organize all of the data, set up the work for the freshmen and sophomores, and supervise their activity. The responsibility of selling the books and doing the general office work falls to the freshmen and sophomores. All of these students work to enlarge the distribution and to keep the popularity of The Illio high.

The Daily Illini is an independent student newspaper, whose editorial news policies are determined by the student editors. This publication has been serving the Illini for the past three-quarters of a century.

The executive news editor is in charge of personnel, news-gathering, and day to day operation of the paper. The reporters on the three staffs cover the University, student groups and activities, and Champaign-Urbana. The sports news is covered by a separate department. A copy desk staff edits the articles of the news staffs and keeps a morgue file. All editorial and news functions are the responsibility of the editor-in-chief.

Every afternoon stories are written, and each issue is put together in the evening. With a late news deadline of 12 a.m., the paper is "put to bed" at 3 a.m.

Copy Staff—Left to right: Joyce Peters, Laurel Madsen, Robert Terry, Sara Mitchell
The business section of The Daily Illini is composed of a display advertising department, circulation department, and classified advertising department.

The display advertising department has a copy and layout staff, sales staff, and dispatch staff. The copy and layout staff is responsible for writing all the copy and making up the ads for local advertisers. The ad salesmen act as contact men between the paper and the advertiser. The dispatch staff distributes proof to the advertisers, proofreads all ads, and makes the page layout of the paper.

The circulation department handles most of the paper's clerical work and plans promotion projects throughout the school year in order to "boost sales." The clerical work involves keeping an up-to-date file of all subscribers to The Daily Illini, billing advertisers and subscribers monthly, handling complaints of local subscribers, and making a daily circulation report which determines the number of issues to be run for each addition. The circulation department also maintains a complete daily file of the paper for the convenience of people who want to buy past copies and for a complete record of campus news. Also, the circulation department plans the student subscription sales campaign during Freshman Week.

The classified advertising department writes and handles all classified ads.
Circulation and Classified Staff—Top row: Donald Cyrier, James Lytle, Edward Rohde
Bottom row: Patricia Allison, Beverly Blacksher, Diane Erckcom, Constance Polich

Display Advertising Staff—Top row: Richard Ring, Jerome Goldberg, Jack Ruth, Kenneth Goodwin
Bottom row: Gerald Cohen, Leonard Kertler

Keeping late office hours
Representing the College of Engineering on the University campus is the Illinois Technograph, a magazine written and edited monthly by students of the north campus.

One of the original ten members of the Engineering College Magazine Association, the Technograph concluded its 71st year on the Illinois campus at the end of the 1956-1957 session. It is one of the oldest magazines of its type in the country.

The purpose of the magazine is twofold: to provide the engineering student with a representative magazine in his field and to train technical writers. So that all areas of engineering are covered by the end of the year, each issue of the magazine emphasizes a different phase of engineering. Valuable information in fields of science besides his own is thus available to the reader. Robert Bohl has been the adviser to the Technograph for five years. He is also the National Chairman of Engineering College Magazines Associated.
PHOTOGRAPHIC STAFF

The Illini Publishing Company Photo Staff, an independent body, is responsible for all pictures in The Daily Illini and informals for The Illio. To complete all assignments, the photographers work one afternoon and evening a week on the “beat” and any additional time needed.

The staff has two company-owned speed graphics; however, most photographers prefer to work with their own Rolleis. The staff darkroom is equipped to develop roll as well as sheet film. Specialized developers and processing aids are available for special assignments.

All photographers are trained in the use of cameras, darkroom aids, and operation of the Fairchild Scan-A-Graver, with which the staff engraves all Daily Illini pictures. Lighting is an art of the staff and is made use of in natural, bounce, and multiple lighting.
The Illini Publishing Company is a non-profit corporation chartered by the State of Illinois for the purpose of printing, publishing, and distributing student publications at the University. It operates under a board of control headed by Frank Schooley, chairman, and Paul McMichael, general manager.

The board is composed of four students and four faculty members, who serve without compensation to help give student publications the best possible printing service at a minimum cost. The four students are nominated by the Student Senate and elected by the board for two-year terms. The four faculty members are appointed for four-year terms by the President of the University upon recommendation by the Dean of Students. These faculty members control the finances and appoint the senior editors and managers for the different publications. These publications are The Daily Illini, The Illio, and The Illinois Technograph.

The company operates a modern printing plant in the basement of Illini Hall, manned by union printers and pressmen. The Daily Illini and Illinois Technograph are printed there, along with a variety of commercial printing for student and University-connected organizations. The Illio itself is produced in other larger plants; this year it was printed in Bloomington and bound in Chicago. It used covers that were made in Chicago. All the engravings were produced in Champaign.

The University Theatre is an organization devoted to the study, practice, and development of theatre art. It provides a major activity for hundreds of students interested in production work and acting.

A faculty-student board determines major policy for the Theatre. The Theatre includes a professional staff and graduate students, who serve in an advisory capacity as technical assistants.

Any regularly enrolled student is eligible to try out for roles in University Theatre plays. The 1956-57 season included five major productions and a special Contemporary Arts Festival presentation of an award-winning new play.

The Workshop Theatre and Playwrights' Workshop provide experience for beginning actors, directors, and playwrights. Graduate students direct the plays under the supervision of a staff member. Several groups of one-act plays are presented each year at Workshop.

The University Theatre student staff provides manpower for all of the production, stage, and business crews, which do the behind-the-scenes preparation for the productions. Six senior managers and 18 crew managers supervise the work.

Since 1890, Star Course has been host to internationally famous artists in the fields of music, dance, and drama. This year Star Course again presented the best in classical and popular programs. Eleanor Steber, Leonard Rose, Rudolf Serkin, Dave Brubeck, Robert Shaw, and members of the Berlin Philharmonic Orchestra, directed by Herbert von Karajan, were the stars that presented this year’s entertainment.

The Star Course is a non-profit student organization sponsored and controlled by the University Concert and Entertainment Board, a student-faculty group which makes all final decisions and supervises the appointment of staff members. The two senior managers are the overall directors of Star Course; one is in charge of personnel and the other in charge of finance. Working directly under them are eight junior managers who supervise publicity and advertising, ticket sales, and concert arrangements. The sophomore members number about sixty each year. Their responsibilities include ticket selling, ushering, and general office work. Freshman managers, of which there are one hundred, usher at concerts.

The Student Senate is the representative undergraduate governing body. Of the 42 student senators, two are elected from each of fourteen districts by student vote, with the remaining fourteen selected by ten student organizations.

Student Senate's function is to represent the student body to the administration and faculty, to appoint the student members of various University committees, and to exercise general policy-making authority over campus activities in conjunction with the Committee on Student Affairs.

The bulk of Student Senate's work is carried out through an extensive committee structure where policy is formulated on many problems which face students. Under a three-commission system, committees study and propose action in such fields as traffic and safety, human relations, student discipline, student economic welfare, international student affairs, class and curriculum, National Student Association projects, and changes in Student Senate by-laws and the Code on Student Affairs.

A special branch of Student Senate is the Freshman Council. Composed of promising freshmen, it meets periodically to study freshman problems, to help Senate in various projects, and to gain experience in campus activities.

The district councils, co-ordinated by the Senate's vice president, are composed of representatives from organized houses within each of the 14 districts. They establish a close tie between the Senate and the individual student.

One of the major projects of the Student Senate this year was a United Nations celebration.

“Brainstorming” session on Senate promotions

Channeling newsletters and propaganda

Getting out the “Senator”
The Committee on Student Affairs is a part of the University Senate. It is composed of eight student members chosen by Student Senate, eight faculty members and a faculty chairman who are appointed by the University Senate, which is composed of all the full professors in the University.

In administration the Committee on Student Affairs serves as an advisory group to the Dean of Students, and in policy matters it is responsible to the University Senate. CSA also works in the field of extra-curricular activities as one of the principal contact points between representatives of the student body, the faculty, and the administration.

The purpose of CSA is to provide valuable services to the student body such as assisting them in setting up plans of self government, in managing their social events and activities, encouraging their sense of personal responsibility, preventing extra-curricular activities from imposing on their scholastic progress, and helping to organize and maintain living conditions which are safe, healthful, and moral for college students.

The committee in collaboration with the Student Senate writes the "Code on Student Affairs," which is a set of regulations guiding the operation of all student organizations.

COMMITTEE ON STUDENT AFFAIRS

Top row: Samuel Erwin, Ralph Mutti, La Vell Henderson, Herbert Lassiter, David Marblestone, Ralph Johnson, Thomas Hastings, Wendell Miller
Bottom row: Rhea Peterson, Diane Tomichoff, Dean Miriam Shelden, Suzanne Brunkow, Halbert Gulley, Bernard Pechter, Dean Dorothy Litherland, Henry Thumann, Dean Edward Stafford
The Co-ordination Committee, a sub-committee of the Committee on Student Affairs, is responsible for regulating certain events of the various student organizations.

Primarily concerned with dances, concerts, and other general University events, the Committee supervises and administers regulations for these events.

All petitions and other details of the events must be submitted through the Office of Student Organizations and Activities to the Committee for its approval before any contracts can be made relating to the events.

Other specific functions of the Committee are: approval of budgets, supervision of the printing and use of tickets, and regulation of physical arrangements.

Each spring the Committee prepares a calendar of events for the coming year; this is submitted to the Committee on Student Affairs.

The Committee is composed of two faculty members, the Dean of Student Activities, and eight students appointed by the Student Senate. Represented are: Illini Union Student Activities, Concert and Entertainment Board, University Theatre, and one senator from each of the four housing groups. The chairman, a Student Senate member of CSA, is appointed by the president of Student Senate.

The Committee, now in its ninth year, has been instrumental in preventing program conflict and competition among student organizations.

UNIVERSITY CHORUS

ORATORIO SOCIETY

Highlighting this year’s choral season was the Festival of Arts, in which the University Choir, Men’s Glee Club, and Oratorio Society participated under guest conductor Robert Shaw. Lloyd Pfautsch is director of these three groups.

A tour of Southern Illinois and winter and spring concerts were other scheduled events of the highly skilled Choir. The Varsity Men’s Glee Club presented traditional programs on Homecoming and Mothers Day weekends and made an instate tour. A Christmas concert was given by Oratorio Society.

Russell Mathis directs the Women’s Glee Club and the Junior Men’s Glee Club, groups which participated in various programs throughout the year. The Women’s Glee Club presented a Dads Day concert.

A Christmas Cantata was presented by the University Chorus, which is directed by Ruthann Harrison.

Just one of many rehearsals
SYMPHONY ORCHESTRA

The University of Illinois Symphony Orchestra, numbering 93 players, includes music students and any other students from the University who can qualify.

Besides regular concerts, the orchestra accompanies a distinguished soloist for at least one Star Course concert annually, and it also enjoys the privilege of working with guest conductors of international fame.

An annual highlight of the orchestra's activities is the Concerto Concert. The orchestra attracts national attention at the conventions of the Music Educators' National Conference.
CONCERT BAND

The University of Illinois Concert Band, conducted by Mark Hindsley, is one of the nation's finest collegiate musical organizations. With a complete instrumentation of highly selected student musicians, it performs the best music in a professional manner.

This year the band has appeared in the installation of the President of the University; the inauguration of the Governor of Illinois; the third annual Festival of Concert Band Music; the sixty-seventh Anniversary Concerts; a concert tour to Ohio and New York; the fifty-eighth annual Twilight Concert Series, and the June Commencement.

Mark Hindsley, director
FIRST REGIMENTAL BAND

The First Regimental Band is one of three separate units that make up the Department of University Bands. The conductor of this band is Everett Kisinger. During the fall months the First Regimental Band serves as the nucleus for the football band, the "Marching Illini." At the end of the football season the band becomes a concert organization. Most important of their concert performances are the January Festival of Concert Band Music and the formal concert given in April.

Other performances of the band take place during the year as follows: Veteran's Day Observance, Military Reviews, and Twilight Concerts. Recordings of the concert performances are broadcast over WILL.

Everett Kisinger, director
SECOND
REGIMENTAL BAND

The Second Regimental Band is divided into two sections, A and B. The two sections combined for the Football Pep Rallies and for the January Festival of Concert Band Music. Other important functions of the Second Regimental Band are the performances at military functions, Mothers Day Weekend celebration, and Twilight Concerts.

Everett Kisinger is the conductor of the Second Regimental Bands and was assisted this year by Kenneth Gronquist, graduate assistant in bands.
The Football Band, "The Marching Illini," demands teamwork, split-second timing, and well-performed music by its members. Edmund Williams, from El Reno, Okla., served as drum major for his second year and led the 175 members on the football field at each home game. Chief Illiniwek was portrayed by a new chief this year, Ronald Kaiser, from St. Louis, Mo. Each band show requires many hours of work before it becomes a unified whole.

Ronald Kaiser, Chief Illiniwek
MARCHING BAND

The designing of the formations and the arranging of the music and parade routines are done by Everett Kisinger, football band director.

This year the “Marching Illini” made two out-of-town trips. Its regular yearly football band trip was made to Ann Arbor, Mich.; the other trip was made to Chicago where the band made its first appearance at the Chicago Bears football game.

Edmund Williams, drum major
LITTLE INTERNATIONAL HORSE SHOW

The Hoof and Horn Club, an agricultural student society, sponsored the 31st annual Little International Horse Show on November 17.

Sixty-eight entries competed in six classes in the Stock Pavilion.

Dick Bell and Louis Myers were in charge of this annual event.

Queen and court—Top row: Barbara Seed, Carolyn Snader, Nancy Jo Schrader, Janis O’Dell
Second row: Julie Walsh, Sherma Tucker
Bottom row: Barbara Watkins, queen

SNO-BALL

Sno-Ball, the annual holiday dance sponsored by the Women’s Group System and the Men’s Independent Association, is one of the main Indee events of the year.

This year Geraldine Dangles reigned as queen. Music for the dance, held on November 30 in the Illini Union Ballroom, was furnished by Johnny Bruce.

Committee—Top row: Robert Wozniak, Myrna Mackey, Roger Erickson
Bottom row: Patricia McCartney, co-chairman; Fred Kohaj, co-chairman
Carol Reed
Not in panel: Harold Lyman

Queen Geraldine Dangles crowned by last year’s queen, Ruth Staples
PANHELLENIC BALL

A "Mood Manhattan" theme was carried out by a nightclub effect at the annual Panhellenic Ball Saturday, December 1, 1956. Richard Maltby and his band provided the dance music.

Highlighting the evening was the presentation of the Ideal Sorority Girls representing each of the 27 sororities on campus. Their selection is based on personality, scholarship, house and campus activities, appearance, and contribution to the sorority.

For the occasion, Noel Biery, master of ceremonies, composed and sang "My Ideal Girl."
"Street of Dreams" was the theme of the 1956 Interfraternity Ball held on Saturday, March 24. Claude Thornhill and his orchestra provided music for the annual dance in Huff gymnasium.

Highlighting the decorations was a Jaguar on a rotating base in the center of the dance floor. The black backdrop featured city street scenes.

Queen candidates were announced and escorted to the stage at intermission. Helen Nichols was crowned queen with the purple velvet crown bearing pins of all 57 fraternities.

This year, for the first time, a traveling trophy was presented to the fraternity which sponsored the queen. Phi Sigma Kappa received the trophy at the dance.

Chairman Robert Shorr crowns the 1956 IF Ball queen; Helen Nichols
ST. PAT'S BALL

The St. Pat’s Ball, sponsored by the Engineering Council, is an all-campus dance held annually in the spring.

In Huff Gymnasium, the Commanders Orchestra provided the music for about 800 couples at the 1956 St. Pat’s Ball. The gym was decorated in a typical St. Pat’s style. During intermission the traditional ceremony was held, which consisted of knight ing the twelve top seniors in the School of Engineering.

General chairman of the dance was George Haley. Charles Luman and Marvin Robbins were in charge of publicity. Appropriate decorations were constructed by Robert Henkel. Other committee heads were: Stan Felderman, tickets; Carlo Pesce, bids; Martin Cawley, knights of St. Pat; and Walter Rehm, physical arrangements.
“Finale” was the theme of the 1956 Senior Ball. Following the lead of last year’s seniors, the dance was held in the Champaign Moose Club. The date chosen for this memorable dance was May 25. Preceding the dance, an excellent dinner was served to a capacity crowd.

Music for dancing and dreaming was provided by Dick Cisne and his orchestra. During intermission, entertainment was furnished by the Varju Brothers, a two-man act featuring comedy harmonicas.

The general chairmanship was filled by William Palmer, senior class president, while Carol Spoonhour was in charge of the program.
CLASS OF 1957

ILLINI FORENSIC ASSOCIATION

Second row: Lewis Rudnick, Daniel Bures, Ralph Beal, Alan Hersh, Julene Wright, Diane Baumann, publicity chairman; Benjamin Vinar, president; Fred Guyton, Herbert Hudson, James Rothermel.

Do I really have to go to school here?

HONORARIES

Each of the colleges in the University has one or more honoraries bringing together the students who have high scholarship or who have made notable achievement in a particular field. Many honoraries draw their members from more than one college as do Alpha Chron and Shi-Ai.

Honoraries strive to promote scholarship, cooperation, friendship, and achievement. They try to encourage leadership, service, research, greater understanding of the subject, and high professional ideals.

Some of these societies are local, while others are chapters of national organizations. National honoraries have originated at the University of Illinois as did Alpha Lambda Delta.

A student who is chosen to become a member of an honorary has the opportunity to work with other students of high standing and is thus able to increase his own knowledge. Through membership in these groups, students find closer social and professional companionship and fuller development of character and personality.

ALPHA CHRON honors independent sophomore women for outstanding work in activities

Top row: Karen Kelly, Marjorie Krier, Grace Lembo, JoAnn Gish
Third row: Janet Rutherford, Patricia Prechill, Joanne Miller, Patricia Albee
Second row: Muriel Goldsmith, treasurer; Margret Otto, president; Theressa Lafferty, vice president; Nina Sanders, secretary
Bottom row: Marguerite Robertson, Alice Stevenson, Sandra Rhodes, Dean Mary Harrison, adviser
Not in panel: Brenda Billinsky, Patricia Lindblad, Donna Weiss
For those college men actively interested in a future in advertising, Alpha Delta Sigma offers the opportunity to go beyond the limits of practical experience available through classroom projects, and to establish contact with the working advertising world, both on and off campus.

"Bridging the Gap," the motto of ADS, is brought to life almost every day during the regular semester. Conventions, speakers, experience in the Champaign-Urbana advertising community, monthly meetings of the Advertising Club, all contribute to aiding the advertising neophyte to bridge the gap between advertising theory and practice. Alpha Delta Sigma’s forty-six active undergraduate chapters, located from coast to coast, plus twelve alumni chapters, assure the ADS graduate permanent professional contacts with his ADS brothers throughout his advertising career.

ADS chapters concentrate on projects which bring them into contact with advertising in all its phases. ADS is affiliated with both the Advertising Federation of America and the Advertising Association of the West and works with their local clubs whenever possible.

ALPHA DELTA SIGMA
ALPHA KAPPA PSI promotes fellowship, individual growth, and enrichment of the field of commerce

ALPHA SIGMA NU honors junior and senior women for scholarship, leadership, and participation in sports activities
Alpha Lambda Delta is the freshman women's scholastic honor society. This national organization of eighty-two active chapters was founded at the University of Illinois in 1924 by Miss Maria Leonard, then Dean of Women.

Membership requires the student to attain an average of 4.5 while carrying fifteen academic hours her first semester or thirty academic hours her first year. A special tea is held first semester for all freshman women attaining an eight weeks average of at least 4.0.

Members serve as ushers for Honors Day in the spring and at a freshman Dean’s meeting in the fall. A special dinner is held with Phi Eta Sigma at the time of spring initiation. Special recognition is given to senior women who maintain the Alpha Lambda Delta average throughout their college work. Alpha Lambda Delta offers a scholarship assistance program without charge to any freshman woman having difficulties with her studies.

ALPHA LAMBDA DELTA

Top row: Anne Ehret, Zoe King, Beverly Haslan, Susan Tegarden, Barbara Wilford, Barbara Gray, Margaret Sisk, Mary Schummacher, Sandra Yanarian, Ann Acree, Barbara Bartel, Dorothy Bondra, Priscilla Thege, Patricia Cover, Linda Hale, Lila Radebaugh, Marjorie Robertson.
Second row: Alice Stevemson, Susan Kahl, John Ives, Barbara English, Margaret Hoyt, Nita King, Elaine Bernstein, Nancy Swain, Adlon Bohne, Dean Agnes Tausberg, Barbara Watkins, Marilyn Muir, Judith Scott, Carol Wetterburg, Carol Reed, Mary Lou Buck, Diane Bauman, Dorothy Rasinga.
Bottom row: Elizabeth Evans, Sylvia Shor, Mary McDonald, Diane Croll, Florence Thompson, Jessica Potter, Claire Kaplan, Estelle Sutsky, Miriam Herzog, Alice Balsline, Patricia Chillin, Sally Capka, Myrina Bradd, Frances Stevens.
Not in panel: Judith Abring, Dorcas Baker, Betty Black, Edith Bloyd, Rosemary Coffey, Lois Combs, Janet Duitsman, Nancy Evans, Vicki Foresman, Nancy Fonsvik, Laura French, Janet Holmes, Adrienne Laufman, Rochelle Kiesling, Jacqueline Leigh, Carol Levenson, Marilyn Moldafsky, Nancy Monney, Barbara Parker, Sharon Reeves, Mary Rockstad, Judith Sammelson, Phyllis Serota, Elaine Stein, Joyce Tunk, Sylvia Wineland, Orra Lee Womeldon, Quaidred Watche, Lenore Zanile.
ALPHA TAU ALPHA develops a professional spirit among future teachers of agriculture

ALPHA ZETA recognizes scholarship and leadership in activities among agriculture students
BETA ALPHA PSI encourages the development of a professional attitude in the beginning accountant.

CHI GAMMA IOTA honors veterans and ROTC members who have attained high scholastic achievement.

Top row: Harold Rieches, Robby Reed, Gerald Hanson, Cerd Sloyer, Hilo Newcomer
Third row: Ted Rabun, Floyd Windal, Norton Beddard, adviser; Vernon Zimmermann, Donald Standen, Robert Mason
Bottom row: Richard O'Neal, Jay Becker, Harmin Goldberg, William McDonald, secretary; George Mead, president; Ernest Lapp, Jerry Koil, Paul Horschak
**DOLPHIN** promotes interest in aquatic activities for students of superior aquatic ability

**ETA KAPPA NU** honors outstanding students in electrical engineering
GAMMA ALPHA CHI provides practical experience for women in advertising

GARGOYLE SOCIETY honors excellence in scholarship, character, and architectural ability, and contributes to the development of the future architect
The purpose of Kappa Delta Pi is to encourage high professional, intellectual, and personal standards and to recognize outstanding contributions to education. To this end, Kappa Delta Pi invites to membership men and women who exhibit commendable personal qualities, worthy educational ideals, and sound scholarship. Kappa Delta Pi endeavors to maintain a high degree of professional fellowship among its members and to quicken professional growth by honoring achievement in educational work.

There are over two hundred chapters of Kappa Delta Pi throughout the country. The University of Illinois has the distinction of having the Alpha Chapter which was incorporated June 8, 1911, under the laws of the State of Illinois. Kappa Delta Pi is eager to promote a closer bond among students of education and to enter into more intimate fellowship with those dedicated to the cause of teaching as a profession, for which specialized preparation is deemed imperative.

KAPPA DELTA PI

Top row: Marguerita Johnson, Joan Amacher, Catherine Parkhill, Robert Rundus, Dean Larson, Thomas Scott, Ann Wolfenstein

MU PHI EPSILON promotes musicianship, scholarship, and friendship among women students in the school of music.

PERSHING RIFLES is a national military honorary society for basic and advanced cadets.
Omega Beta Pi is a national honorary pre-medical organization. The purpose of the organization is to stimulate friendship and cooperation among the pre-medical students at the University of Illinois. Membership is open to all pre-meds who have done at least one semester of work at the University and have a grade-point average of 4.0 or better. Associate membership is open to all pre-medical students.

Omega Beta Pi holds bi-weekly meetings at which various local specialists and general practitioners give talks. These serve to give the students a sort of perspective of the whole field of medicine. The organization also sponsors a discussion each fall by George R. Moon, examiner and recorder of the Chicago Professional Colleges of the University of Illinois.
Phalanx is a national honorary and professional fraternity which was established at Illinois in 1925. Members are chosen from the advanced corps cadets in the Army, Navy, and Air Force ROTC program. Membership is based upon recommendation of the Unit Directors of these various branches and the active members of Phalanx.

As stated in its constitution, “The purpose of this fraternity shall be to promote the interest of military training, to foster the spirit of fellowship among military men, to aid in the preparedness of this country, to implant in its members the discipline so necessary, not only in a military enterprise, but in every walk of life.” The spirit of Phalanx is further exemplified in its creed, which states that Phalanx is, “A brotherhood united, A spirit undying, A love of one’s country, A nation indestructible.”

Phalanx has become the leading military fraternity on every campus on which it is located because it participates in and leads most of the military activities and projects on these campuses. It also honors advanced corps cadets who show interest in military science affairs.
Phi Chi Eta, the Quartermaster military fraternity, provides for fellowship and friendship among Quartermaster Advanced Corps Cadets. Membership is open to all Advanced Corps Cadets on contract with the Quartermaster Branch of the Army Reserve Officer's Training Corps.

Phi Chi Eta was founded at the University of Illinois with the opening of Alpha Chapter in 1947. Soon the organization began spreading to other universities. The National Headquarters remained here for several years.

Except for a brief period, the Alpha Chapter has remained active; and the past two years have seen a rapid growth and development of the organization and activities of the local chapter.

PHI CHI ETA

Officers—Top row: Keith Quackenbush, secretary; Vito Iovino, vice president.
Bottom row: Gerald Pullen, treasurer; Robert Klaus, president; Lt. John Conlee, advisor.

PHI EPSILON KAPPA elevates and promotes the standards, ideals, and ethics of men in the field of physical education

PHI MU ALPHA SINFONIA encourages the composition and performance of American music
Phi Eta Sigma, the freshman men's scholastic honor society, was founded in 1923 to encourage and reward high scholarship attainment among college men. Alpha Chapter at the University of Illinois was admitted in 1937 to membership in the Association of College Honor Societies.

Any Illinois freshman who attains a grade average of 4.5 or higher, either during his first semester or his first complete school year, may become a member of Phi Eta Sigma.

Most of the work of Phi Eta Sigma is concerned with promoting scholarship. The chapter sponsors a booth at the annual Freshman Week Activity Night, honors those freshmen whose eight weeks grades average 4.0 or above with a smoker, and holds an exchange with Alpha Lambda Delta, the freshman women's honorary.

PHI ETA SIGMA
PHI UPSILON OMICRON encourages scholarship, professional attitudes, leadership, and service in home economics

PI TAU SIGMA fosters high ideals in the mechanical engineering profession

Not in panel: Dorothy Arndt, Phyllis Bleck, Sandra Eppard, Elynor Hale, Marjorie Howard, Mary Lilja, treasurer; Mary Rockstad, Nada Rowand, Gertrud Ulrich
Shi-Ai, the sophomore activity honorary for sorority women, works to promote and strengthen friendship among the sororities and to encourage interest in campus activities. They hold exchanges with Alpha Chron, Star and Scroll, and Skull and Crescent.

Established jointly in 1920 by Illinois and Northwestern, Shi-Ai holds bi-monthly dinner meetings and participates in many service projects. This honorary sponsors Shi-Ai Sing during Mothers Day weekend and provides four one hundred dollar scholarships for needy sophomore girls with the proceeds.

Every spring, each sorority chooses two freshmen girls outstanding in leadership, activities, and scholarship to represent them in Shi-Ai.
SIGMA DELTA CHI promotes high standards of journalism through fellowship and the application of talent, truth, and energy

SIGMA IOTA EPSILON furthers interest in industrial management and engineering
Sigma Tau, engineering honorary, was founded in 1904 at the University of Nebraska with the desire to be of service to engineering education. The objectives of the fraternity are the recognition of personal attainments of engineering students, promotion of the interests of the engineering college and encouragement of fellowship among students training for the engineering profession.

Membership is made up of junior and senior engineering students who meet the required standards of scholarship, leadership and character. In recognition of outstanding work while an undergraduate, Sigma Tau offers a fellowship which can be used to finance post-graduate study at a recognized university.

The Illinois chapter of Sigma Tau was established in 1914, and since its founding has offered an opportunity for the development of professional contacts and friendships. It has also given its members a chance to expand and temper their own ideas through the contributions of others.

SIGMA TAU

Top row: Sau Pan Leong, Raymond DiPasquale, Dennis Horn, Charles Jackson, Phillip McClure, Kenneth Wolf, Richard Dannello, Hugh Jackson, Philip Lambdin, Mohamed Derrkaoui, Dean Zurkammer

Bottom row: Louis Beltran, Donald Adams, Roberto Lee, David Howard, Robert Bold, adviser; Ronald Kareken, Roland Ruble, John Pearson, Wayne Springer, Rayvaughn Jenkins, Ronald Wade
Skull and Crescent, which chooses its members from the 25 oldest fraternities on campus, is a national fraternity honoring sophomore men who have gained high achievement in scholarship and activities. Its primary objectives are the promotion of interfraternity fellowship and the encouragement of freshmen to perform well in scholarship and activities.

Each year the new initiates earn Skull and Crescent pins, which are passed down from previous members. In return, the alumni are awarded a paddle for a keepsake.

Among the annual activities of this sophomore men’s honorary are a pajama race in the Armory, a pledge banquet, a contest with Tomahawk, numerous record dances, an exchange with Shi-Ai, and a formal dinner dance at the Urbana-Lincoln Hotel which is highlighted by the coronation of a queen.

SKULL AND CRESCENT

Second row: Richard Anderson, John Brinker, Ronald Fickel, Jon Book, Ronald Shipka, Mariano Guzardo, Owen Ackerman, Melvin Fink, Don Miller, Douglas MacNeil, Donald Lydon

SOCIETY OF ILLUSTRATORS fosters the ideals of art and artists

THETA SIGMA PHI promotes interest, inspiration, and high standards for women in the field of journalism
Star and Scroll is an honorary composed of two sophomore men from each of the nineteen member fraternities. It was founded at the University of Illinois for the purpose of promoting interfraternity fellowship, raising freshmen scholastic standards, encouraging freshmen in activities, and perpetuating the traditions of the University.

Members are selected every year on the basis of their scholastic standing and potential success as campus leaders in extra-curricular activities.

The coronation of a queen at the annual Star and Scroll formal dance is one of the highlights of the year’s activities. This group also participates in student activity night, the Sweet Sixteen Circus, and Union Coffee hour with Shi-Ai.
Juniors and seniors in all branches of engineering who meet the required standards of scholarship, leadership, and character are eligible for membership in Tau Beta Pi, which is an extensively recognized engineering honor society. Founded at Lehigh University in 1885, it became established at the University of Illinois in 1897. Tau Beta Pi now has ninety-two chapters with a membership of over 70,000.

Each member has "conferred honors upon his Alma Mater by his distinguished scholarship and exemplary character as an undergraduate in engineering, or as alumnus in the field of engineering." Tau Beta Pi members have fostered a spirit of liberal culture in the engineering colleges of America.
Terrapin is an honorary swimming club whose chief objective is the promotion of interest and proficiency in aquatics.

All women students are eligible for membership in Terrapin. New members are selected by tryouts on the basis of skill in swimming. There are also associate members who aid the club in many ways besides swimming.

The three annual events of Terrapin are the High School Clinic, the Inter-House Swimming Meet, and the Mothers Day Water Show. The High School Clinic aids various high schools in Illinois to start or improve their swimming programs. In the Inter-House Swimming Meet there are three events: a marathon swim, speed swimming, and form swimming. A trophy is awarded to the individual and the house scoring the most points in all divisions.

In addition to its swimming activities Terrapin sponsors an educational service fund which awards cash prizes to graduate women for projects relating to the interests of Terrapin Club and to the furthering of its objectives.

The nucleus of college life for many students is their membership in campus organizations. The University of Illinois has an impressive number of organizations tailored to fit any taste—from clubs that promote modern dance to the study of nuclear physics.

By belonging to an organization whose activities pertain to the student's chosen field, the student receives the opportunity to relate and apply the theory learned in the classroom to the field of work in which he will be engaged in the future. He may meet and converse with prominent men in his chosen occupation, participate in field trips, and keep informed of the latest trends and developments in his field.

Important also is the opportunity the student has of developing his personality and character through his participation in the numerous social activities held by his organization.

ACCOUNTANCY CLUB promotes interest in the science of accounting
AGRICULTURAL COUNCIL governs and coordinates the student clubs and activities in the College of Agriculture.

AGRICULTURAL ECONOMICS CLUB promotes interest and understanding in current problems of the agricultural economics field.

Agricultural Education Club

promotes achievement in agricultural education

Alpha Phi Omega

assembles former scouts to serve the student body and community
AMERICAN CERAMIC SOCIETY further professional interest in the field of ceramic engineering

AMERICAN INSTITUTE OF ARCHITECTS promotes education and co-operation between students and practicing architects
AMERICAN INSTITUTE OF CHEMICAL ENGINEERS stimulates professional growth in chemical engineering students

AMERICAN RECREATION SOCIETY acquaints people with the recreation field
The combined student branch of the American Institute of Electrical Engineers and the Institute of Radio Engineers is affiliated with the national organization of the same name. Its purpose is to provide a general picture of how electrical engineering is applied to industry and to further the professional developments in the fields of power, communications, and illumination.

Talks given throughout the year by outstanding men in the engineering profession enable the members to obtain a broader aspect of the electrical and radio engineering fields than is possible through classroom work alone.

The AIEE-IRE sponsors the senior-faculty banquet, picnics, inspection trips, intramural sports, and participates in St. Pat’s Ball and the engineering open house.
AMERICAN SOCIETY OF AGRICULTURAL ENGINEERS promotes professional interest and social and educational activities among agricultural engineering students

AMERICAN SOCIETY OF CIVIL ENGINEERS introduces students to their future professional career
AMERICAN SOCIETY OF MECHANICAL ENGINEERS sponsors a series of technical lectures and a student paper contest

THE ASSOCIATION OF INTERNATIONAL STUDENTS promotes good will and understanding between American citizens and students from other countries

Top row: Nicholas Chryssafopoulos, Shirley Moore, Dan Lorenzo, Ila Noser, Henrique Drewsarrango, Jorge Grossmann
Bottom row: Robert Schultze, dean of foreign students; Sara Benemth, Thomas Pedersen, Mohit Rao
After beginning activities in 1949 as the Arnold Society of Air Cadets, the group merged with two other national organizations to become the Arnold Air Society, which is an honorary and fraternal organization for advanced AF-ROTC cadets. The first University of Illinois graduate to lose his life in the Second World War was Jake Schaefer, and it is in his honor that this squadron is named.

The purpose of the society is in line with the mission of the officers training program. The society strives to provide only the finest officers of the highest caliber by presenting a varied program of speakers, movies, and discussion at bi-monthly meetings.

Many worthwhile projects are carried on throughout the year. Among these are talks to high schools about the future of the Air Force; the Sabre Squadron, a freshman-sophomore society patterned after Arnold Air Society; a yearly dance; and displays during the Engineering Open House and the “Elite Eight” basketball tournament.

The Jake Schaefer Squadron is the command squadron for Area F which covers the states of Michigan, Indiana, Tennessee, Kentucky, and Illinois. There are eleven squadrons covering the continental United States.

CYCLOTHEM CLUB promotes interest in geology and sponsors social functions and talks

DAIRY TECHNOLOGY CLUB arouses enthusiasm for greater knowledge of the dairy industry
Since its establishment here at the University of Illinois, the Dairy Production Club has worked hard to encourage and promote interest in dairying and the field of dairy science. They are a Student Affiliate Chapter of the American Dairy Science Association. Prominent men in the field of dairying are invited to attend and to participate in monthly meetings. They also hold an annual Student-Faculty Smoker, a dairy banquet, a spring showmanship contest, and a dairy judging contest.

This organization, as well as being prominent locally, has won acclaim nationally. This year the college dairy cattle judging team was first in Guernseys, was third high team at the National Dairy Cattle Congress at Waterloo, Iowa, and had high individual at the International Dairy Show in Chicago.

HAWAII CLUB fosters greater fellowship and encourages the development of cultural understanding
The Hoof and Horn Club is an organization composed of agriculture students interested in livestock and the animal science field. The experience and knowledge which members encounter in this organization is a valuable supplement to their classroom work.

Included in this year's activities were the Little International Horse Show, annual Spring Barbecue, honoring an outstanding senior member, and awarding keys to the outstanding livestock judges in Animal Science 101 and 103 classes.

In the spring semester, the club participated in the Spring Judging Contest, Meats Contest, Showmanship Contest, and Senior-Faculty softball game.

Radio is the one method of communication which gives complete and convenient information and entertainment. WPGU provides the students of the University of Illinois with campus and world news plus good music.

WPGU is completely operated by students who are interested in radio.

The campus radio station was begun three years ago by two electrical engineering students who broadcasted to their fellow residents of the Parade Ground Units. Since then WPGU has expanded. Now it occupies its own quarters at 1241 South Euclid. The staff has grown to about 100 students in 1957. With continued growth and expansion such as this, there is a bright future for WPGU.
The Illini Young Republican Club is the largest student Republican Club in Illinois. Its programs are aimed at encouraging students to take a more active interest in political work.

This organization sponsored many political speakers who spoke in the area this year. The list of speakers included Vice President Richard Nixon and Senator William Knowland. The club also sponsored a student motorcade to Peoria to hear President Eisenhower. During the heated election year, the campus Republican Club provided voter registration and absentee balloting services.

After the election the club activities included a Lincoln Day Dinner and a trip to the State Capitol in Springfield. The University of Illinois served as the host school for the State College Republican Club Convention. Debates, newspaper articles, and a special newsletter helped to make the Illini Young Republican Club one of the most active political organizations in the United States.

ILLINI YOUNG REPUBLICAN CLUB
The University of Illinois Student Chapter of the Society for Advancement of Management is an organization dedicated to the purposes of enriching its members' business and management outlook by monthly meetings with business leaders, regular field trips to various industrial centers in the Midwest, and close coordination with senior and national chapters of the society. Annual membership is open to all students above the freshman level with a sincere interest in the art and science of management.
RELIGIOUS ORGANIZATIONS

The Church is important in everyone's life, and students are not exceptions. Through participation in the activities of campus foundations, students enrich their lives by the fellowship they share.

The students help govern these organizations through student councils which are made up of church staff members as well as students.

Each foundation conducts services, gives credit courses in religion, and maintains libraries which contain religious literature.

Besides their religious emphasis, these organizations are rich in cultural and social life. Choral groups, forums, discussions groups, and lectures contribute to the cultural aspect; while coffee hours, picnics, mixers, and supper clubs provide social life.

BAPTIST STUDENT UNION represents voluntary religious and social activities of students in Southern Baptist Churches.

NEWMAN FOUNDATION

The Newman Foundation is the Catholic student center at the University. Its purpose is to deepen the spiritual feeling and enrich the temporal life of its members. The Foundation’s program is directed by the Rev. Edward J. Duncan, assisted by the Rev. Edward W. O’Rourke and the Rev. James B. Martin. Most important of the Foundation’s activities is St. John’s Catholic Chapel, where students may attend Mass and receive the Sacraments daily. The Foundation also offers a series of credit courses in religion, including courses in philosophy, theology, spiritual life, social problems, history, scripture, and liturgy.

The Newman Club is the official organization of Catholic students on campus. As a member of the National Federation of Newman Clubs, it is affiliated with more than 500 other such groups on campuses throughout the nation. The Club offers Illinois students a program of religious, educational, and social activities. Its schedule of events includes communion breakfasts, lectures, discussions, dramatics, a book fair, the Christocentric Arts Festival, coffee hours, intramural sports, outings, dances, and varied socials.

The three Reserve Officers Training Corps units at the University of Illinois makes it possible to obtain an Army, Navy, or Air Force commission.

The Armed Forces Council is responsible for the co-ordination of the activities of the ROTC units. The council is composed of the Army Cadet Commander and his Executive Officer, the Navy Midshipman Commander and his Executive Officer, and the Air Force Cadet Commander and his Executive Officer. Also serving on the council is a junior classman from each unit. The council adviser is a commissioned officer from the unit in charge of the council during the current year.

The Honors Day Formation, Veterans Day Ceremonies, the Military Ball, and the Camid Hop are functions of the ROTC units.
The Army Reserve Officers Training Corps came into existence at Illinois the same year the University was established and has constantly grown in strength and popularity throughout the years.

Col. Paul Steinbeck, senior officer and academic head of the Army department, is Commandant of Cadets at the University.

At the present time, seven branches of the United States Army are represented in the Cadet Brigade.

The Cadet governing body of the Corps is the Military Council, which consists of ranking senior cadets from each of the seven branches and delegates from the three military honoraries: Scabbard and Blade, Phalanx, and Pershing Rifles. The group acts as a sounding board for student affairs and as a liaison body between the Commandant and Corps of Cadets. During the 1956-57 school year, the Council was presided over by Cadet Colonel Kenneth Derby, Brigade Commander of the Army ROTC.
Donald Moon receives a Saber for outstanding Cadet Battalion Commander.

Right: Richard Kurt receives Chicago Tribune award from Brigadier General McNaught.

Illini greet University official

Moving up for the attack
The primary source of officers to lead our Air Force is the Air Force Reserve Officer Training Corps of which the University of Illinois has one of the largest wings.

From the Wing Commander down to the freshman basic, the Wing is operated by the student officers and guided and supervised by the regular Air Force personnel. The cadets are given as much responsibility as possible so as to train them to assume positions of responsibility when they are called to active duty.

Besides classroom and drill floor instruction, field trips to Air Force bases and orientation flights provide opportunities for the cadets to become more familiar with the primary mission of the Air Force—flying!

The youth of America are today meeting the challenge of the time by earning commissions in the United States Navy and by serving on active duty with the Fleet.

The Naval Reserve Officers' Training Corps at the University of Illinois is comprised of about three hundred carefully selected young men who are preparing for service in the United States Navy and the United States Marine Corps.

During the four years that these students are enrolled in the University, they will complete twenty-four academic hours in Naval subjects which are integrated into the regular college curriculum.

Upon graduation, midshipmen receive commissions as Ensigns in the Navy or Second Lieutenants in the Marine Corps and are given immediate assignment to active duty.

ATHLETICS
The 1956 edition of the "Fighting Illini" did not live up to its pre-season rating. Named as a dark horse in the Big Ten race before the season, the Illini wound up with a season record of 2-5-2.

The highlight of the season came against Michigan State. For the second straight year, Coach Eliot's charges whipped the number one team in the nation. An enthusiastic Homecoming crowd watched the Illini score three touchdowns in the second half to overcome a 13-0 deficit and win 20-13.

Halfback Abe Woodson received the Associated Press award as "Back of the Week" for his outstanding play in the game. Abe also played in the East-West Shrine game after the season, scoring one TD. End Gary Francis, and guards Dave Walker and Percy Oliver also participated in post-season games.

At the season's start, Coach Eliot had three major problems—lack of depth, weakness at end, and need of a dependable quarterback. He found his dependable quarterback in Bill Offenbecher, but not until the season was nearly over.

Guard Bob Baietto was lost for the season with a knee injury. And to make matters worse, halfbacks Bob Mitchell and Harry Jefferson never reached their peak because of injuries. They had placed two-three respectively in Big Ten rushing the previous year, and Mitchell had set a conference record, averaging 8.8 yards a carry.

He nearly got away
CALIFORNIA

Illinois, with an amazing display of early season power, scored 26 points in six minutes during the third quarter to blast its way to a 32-20 opening day victory over California.

After a miserable first half, in which Cal took a 20-0 lead, the Illini took charge at the outset of the third period. The line, playing inspired ball, forced the Bruins to punt. Illinois quickly smashed 38 yards for a score, Woodson recovering Nitschke's fumble in the end zone.

Then the fun began! Two plays after the kickoff, Dick Nordmeyer fell on a Bruin fumble on the 18-yard line. Four plays later the Illini trailed by six, 20-14. Again two plays after the kickoff, Walker recovered a miscue on the Bear 23. A pass to Woodson made it 20-20. Two plays after the kickoff, lineman Ken Sutter picked up a fumble in the Cal backfield and ran 13 yards to put Illinois ahead 26-20. The Illini added the clincher a few minutes later, driving 81 yards for the TD.

WASHINGTON

Entering its second pre-season tilt favored to win, Illinois nevertheless bowed to a strong Washington team 28-13.

After taking the opening kickoff and marching 63 yards to the Huskie 4-yard line, Illinois fumbled. Washington recovered on the 6, and two plays later halfback Dean Derby sprinted 92 yards for the longest run from scrimmage in Washington history. Though capitalizing later on two fumbles for TD's, the Illini lacked the drive to catch the Huskies.

Harry Jefferson

Bob Mitchell
Mistakes caused Illinois to lose its first Big Ten encounter of the season to Ohio State, 26-6.

The opening kickoff sailed out of the end zone, and Illinois took over on its own 20-yard line. Two Woodson runs for 20 and 11 yards put the ball in Buckeye territory. Hiles Stout passed to the Ohio 44. Ohio went into an eight man defensive line, and aided by fine blocks, Harry Jefferson skirted right end for Illinois' only score.

Despite this good start, two mistakes, a defensive lapse and a fumble, set up two Buck scores. Another fumble stopped the Illini from scoring late in the second period. An interception early in the third quarter gave Ohio its third TD. These four blunders proved to be the deciding factor in the game. Statistically Ohio showed no great edge. Though leading in total yardage 311-289, it held only a 16-15 first down margin.
MINNESOTA

For the third straight week, Illinois took it on the chin. This time Minnesota supplied the punch, a fourth quarter field goal by Dick Borstad, to hand Illinois its second straight Big Ten defeat, 16-13.

Behind by one touchdown in the fourth period, Illinois rallied to tie the score at 13-13. The touchdown drive began on Illinois' 28-yard line, where the Gophers' seventh punt rolled dead. The 72-yard march was Illinois' best show of offensive strength the whole game. The Illini line ripped open holes for Haller on a sneak and for Delevaux through the center. Woodson romped around end to the Minnesota 31, and Dale Smith dashed the remaining distance for the TD. Little did this matter as a few minutes later, the field goal decided the game.

Abe Woodson was the big gun for the Illini, netting 181 yards in 21 carries, nearly a nine yard average. Smith was also impressive, gaining 48 yards in five tries.

Nitschke looks surrounded

Woodson hurdles for extra yardage

MICHIGAN STATE

Illinois, disregarding insurmountable odds and a 13-0 halftime deficit, succeeded in doing the impossible—for the second year in a row, the “Fighting Illini” met and defeated the number one team in the nation.

What chance did Illinois, who had lost two Big Ten games without gaining a win, have of taking the game? Showing that all any team needs to win is desire, the Illini fought tooth-and-nail to pull one of the year’s biggest upsets, 20-13, before a delirious Homecoming crowd.

Illinois came out on the field for the second half behind by two touchdowns. It seemed that nothing short of a miracle could prevent the Illini from dropping their fourth straight game. But the miracle happened!

Bill Offenbecher, riding the bench all season, started the second half at quarterback for Illinois, and soon weird things were happening—Illinois’ plays were beginning to click. The line was charging hard, delivering good stiff blocks. As a result, Illinois scored soon after the third quarter kickoff. Ray Nitschke triggered the Illini drive, rambling 38 yards on a power play.

Abe Woodson, who toted the ball 16 times for 166 yards and all three Illini scores, blasted the game wide open with 1:42 gone in the fourth quarter. Deep in Illinois territory, Abe took a pitchout from Offenbecher, scammed around right end, and dodged his way behind blockers to paydirt 70 yards away.

Nine minutes later, a screen pass from Offenbecher to Woodson on the Illinois 18 gave Illinois the chance it needed. Woodson, in one of the most thrilling exhibitions of broken-field running since the days of Red Grange, zig-zagged his way 82 yards for the game-winning touchdown. For his exceptional performance, Abe was named the AP’s “Back of the Week” and the UP’s “Midwest Back of the Week.”
PURDUE

After showing such great promise against Michigan State the weekend before, Illinois visited Purdue and played an uninspired game, tying the Boilermakers 7-7.

Both teams tallied touchdowns fairly early in the game, and the action in the second half failed to produce a scoring threat serious enough to win the game.

Illinois and Purdue started off as if they intended to have a wild and woolly contest. Both teams, the first time it got its hands on the ball, drove nearly the length of the field, only to lose the ball within the 5-yard line of the opposition.

The Purdue Homecoming fans were disappointed when the Boilermakers marched to the one-yard line and lost the ball on a fumble. Illinois came back a few minutes later, driving 77 yards to a first down on the Purdue 3, but failed to score.

Illinois' lone TD came in the first quarter when Nitschke hammered over for the score, and Dick Miller booted the PAT.
Invading the Wolverines haunt seeking their second Big Ten victory, the Fighting Illini were turned away again, 17-7.

Michigan, showing the versatility of the multiple offense, racked up 328 yards rushing and 49 more passing for a total of 377. Wolverine track star Jim Pace led all backs with 120 yards. Illinois picked up 235 yards for a two-team total of 613—indicating that the game was quite a wide open affair.

Illinois stung Michigan by taking the opening kickoff and pounding 81 yards for the game’s first TD. Dale Smith sparked the march and scored the touchdown on a 31-yard jaunt. Dick Miller converted to put Illinois ahead 7-0.

Michigan retaliated with two long scoring drives in the second stanza. All-American end Ron Kramer kicked a 23-yard field goal in the fourth quarter to assure the Wolves of victory.

Dale Smith netted 83 yards off of a split-T offense, featuring tricky flankers and spreads. Abe Woodson totaled 57 yards before leaving with a leg injury in the third period.
WISCONSIN

Playing without the services of speedy halfback Abe Woodson, Illinois tied Wisconsin 13-13 before an Illini Dads Day crowd.

Looking like a stone wall sometimes and the rest of the time acting indifferently in their blocking and tackling, the Illini stopped several Wisconsin drives in the second half, but failed to capitalize on them.

Illinois tallied both of its touchdowns in the first half. Halfback Harry Jefferson, who was subbing for injured Woodson, and halfback Rolla McMullen scored both of the Illini TD's on one-yard plunges. The Badgers scored once in the second quarter and the halftime score stood at 13-6.

Illinois' offense bogged down in the second half, and the hard-charging Badgers blocked two punts. Illinois' defense, playing heads-up ball at times, stopped Wisconsin on the Illini one in the third period and shut out the Badgers after Wisconsin recovered a blocked punt on the Illinois 15.
Battling one of the toughest Northwestern teams in many years, the Illini lost a close 14-13 decision at Dyche Stadium in Evanston. Except for a few plays in the last quarter, Abe Woodson again sat on the bench with an injured leg.

The game was played in temperatures four to five degrees below freezing. Despite the frigid temperatures, Illinois' passing attack, sparked by quarterback Bill Offenbecher, who completed 10 of 14 pitches, accounted for both of the Illini TD's.

Illinois scored first on a pass from Offenbecher to end Rod Hanson in the end zone. The extra point attempt failed and Illinois led at halftime 6-0. Wildcat speed merchant Wilmer Fowler shook loose for a 34-yard touchdown romp in the third period, and Bob McKeiver kicked the first of his two extra points to put NU ahead 7-6.

The Wildcats added their second touchdown in the fourth period on a fourth down, 12-yard pass from Jack Ellis to Cliff Peart. Bob McKeiver's second PAT glanced off the top of the crossbar to give Northwestern a solid 14-6 lead. Illinois retaliated, driving 63 yards for the score, with halfback Bob Mitchell snaring a 35-yard pitch from Offenbecher with only 75 seconds remaining in the game.

Dale Smith paced Illinois on the ground with 95 yards and shared offensive laurels with Offenbecher, who showed great promise as he passed for 121 yards. Offenbecher’s passes gave Illinois an offensive edge of 266 yards to 237, but Northwestern outgained the Illini on the ground 175 to 145.
1957?

The outlook for the future of the 1957 Fighting Illini is bright. The team, with a nucleus of 18 returning lettermen, figures to do well if they manage to keep clear of serious injuries to key men and have a fair share of "breaks." Another big question is—can the linemen who were sophs in 1956 come through as juniors? Only time will tell.

Such standout performers as Abe Woodson, leading scorer, number one punter, and the leading ground gainer and pass catcher of the 1956 team; Harry Jefferson, fleet halfback who led the Big Ten in kickoff returns; and guard Dave Walker, Most Valuable Player and standout defensive star, will be missed.

Returning backfield men are experienced, and if Bill Offenbecher, third in the Big Ten passing, can direct the team and pass all season like he did in the NU game, the scoring potential will be there.

Dale Smith, second to Woodson's 599 yards with 509, has one year's experience and should better his 5.7 average. Both Smith and Offenbecher will be juniors. Ray Nitschke and Jack Delveaux, who shared the fullback slot, will both be back. In addition, Bob Mitchell, who set a new Western Conference mark, averaging 8.8 yards a carry in 1955 as a sophomore, will not be hampered by a weak knee as he was in 1956. Mitchell was second to Jefferson in kickoff returns in 1956 even though hampered with his injury.
BASKETBALL

With five returning lettermen forming the nucleus of the 1956-57 varsity squad, University of Illinois followers once again anticipated another successful season. The Illini, never having finished below third since the varsity came under Coach Harry Combes' tutelage, looked like it might walk off with the Big Ten title.

Led by potential All-American center George BonSalle, the Fighting Illini finished the first semester with a very respectable 11-4 overall record and were ranked as one of the top ten teams in the country by both the Associated Press and United Press.

The Illini started the season off with a smashing 98-81 victory over Butler. After a short jaunt to Oklahoma and a 69-58 win, the team returned home to beat Loyola of New Orleans 83-72 during Christmas vacation. On December 17, Illinois ran up against the San Francisco Dons and smashed them 62-33 in the season's most lopsided game. The Dons carried a two-year win streak into the contest, and the Illini were the first team to knock off the 1956 NCAA Champions.
During Christmas vacation, the Illini traveled to Lexington, Kentucky, for the annual Kentucky invitational tourney. Illinois won its first game of the tourney over Dayton 82-65 for its fifth consecutive victory. The following evening, the host school handed the Illini their first setback of the season 91-70.

After a brief vacation, the team returned to Champaign on December 28 and soundly trounced Princeton 108-87. After a week layoff, the team faced Minnesota in its first Big Ten encounter of the campaign. The Illini dropped their second decision of the season at Minneapolis by only three points, 91-88. Two days later, they evened their record in Huff Gym. The Illini avenged their loss of a year ago at Iowa, which cost them the 1956 Big Ten Title, by downing the Hawkeyes 81-70.
The Fighting Illini seemed to be hitting their stride. A weekend at Wisconsin added another win, 79-63. Then Indiana invaded the home of the Illini, and the visitors got the shock of their lives. Despite the fact that high-scoring center George BonSalle fouled out in the second half, the Illini rolled up 112 points to Indiana’s 91. The Illinois score came just one point short of the conference mark of 113 set previously by the Hoosiers against Purdue. Just as the team seemed to be reaching its playing peak, it was time for final exams. The team’s league record stood at three wins and one defeat and the season record at 9-2 at the end of the first semester.
Between semesters the Illini defeated Notre Dame in the Chicago Stadium, 99-81. The break for finals did not seem to affect the team's showing against Notre Dame.

However, final exams had taken its toll. News leaked out that BonSalle would be ineligible for second semester play. His eligibility lasted for only two more games. On February 2, the team lost its second conference tilt of the season to Purdue, 85-74.

BonSalle played his last game against Ohio State on February 4 in Huff Gym, leading the Illini in scoring and rebounding. Illinois won the contest 96-89 to keep its title hopes alive, at least statistically. But without George's 19.8 points per game and rebounding, the team could never hope to rise to its full potential and possibly win the championship and a spot in the NCAA playoffs.
Forward Harv Schmidt captained the 1956-57 Illini. Holder of the Ralf Woods trophy for the best free throw percentage, Harv proved to be the team's most dependable player. A scrappy rebounder and good defensive man, he was one of the four senior double letterwinners on the squad.

In addition to Schmidt and BonSalle, Hiles Stout and Bill Altenberger were also letterwinners. Altenberger played as a regular his sophomore year, but was hampered during his junior year after sitting out the early part of the season with an attack of glandular fever.

Hiles Stout, the remaining senior on the squad, saw considerable action as a junior, serving as an ample replacement at both center and forward. Noted for his rugged rebounding and defensive play, Stout helped win several close games with his fire and hustle. With each game, his scoring skill seemed to improve.
The other returning letterman was Don Ohl. Possessing uncanny accuracy with his jump shot, Ohl nailed down one of the guard spots. His running mate was soph Roger Taylor. Voted honorary freshman captain, he proved early in the season that he was Big Ten calibre. Taylor was a fine out-shooter, had a quick pair of hands, and had the knack of picking up loose balls. Junior John Paul also saw considerable action at guard. Always hustling, John drove hard and hit well from out. Tom Haller, a soph, and Ted Catazaar, a junior, both figured to do quite a bit of playing with BonSalle ruled ineligible. Junior Larry Breyfogle displayed a deadly shot but lacked experience.
Sparked by such top contenders as Abe Woodson, Bob Dintelmann, and Karl Jonsson, the Illini trackmen saw a good season in 1956.

Four Illini qualified for the Big Ten Indoor Track Championship which was held at Michigan State University. Illinois captured fifth place with Abe Woodson high scorer on the basis of winning the seventy yard low hurdles and a third place in the high hurdles.

Bob Dintelmann gave the Illini five points with a third place in one-mile and fourth in the eight-eighty-yard run. The Illini picked up their other points as Jerry Stanners tied for third place in the pole vault.

In the coming 1957 season the Illini cindermen have set their goals higher and will prove to be stiff competition for any contenders.

Leo Frazier, sprints
The Illini track record dropped from a strong second place in Big Ten competition in the 1955 season to seventh in 1956. Illinois seventh place finish in the Big Ten Championship was the first time in sixteen years that an Illini track team has been in the lower division in the outdoor meet standings. No Illini track team has finished lower than seventh in a Big Ten Meet.

Al Urbanekas, Illinois sophomore, high jumper cleared the peak of his career as he tied for high jump championship in the Big Ten Meet.

Bob Dintelmann, Karl Jonsson, Abe Woodson, and Bob Pellant added the remaining eleven points of the total 15 points to the Illinois score.

During the Big Ten Meet, Bob Dintelmann, coached by Leo Johnson, ran the fastest mile ever ran by an Illini track man.

With Dintelmann to be track meet leader in 1957, the cindermen are looking forward to a much better season. They are aiming for a higher standing at the Big Ten Meet next time. The Illini trackmen will receive their prepping for Big Ten Championship through a very rugged schedule of duel and invitational meets.

In spite of the hard luck which pursued the squad, the men kept their spirits up and gained a vast amount of experience for the coming season.
Optimism ran high as the 1956 diamond squad took to the practice field. Coach Eilbracht was depending on 13 lettermen and a few returning regulars. There was an eight-man pitching staff including three veterans, but the catching position was a thorn in Lee’s side. Bob Wiman pulled a ligament in football that ruled him out as an unassisted receiver. Captain Dan Dudas and Don Diller were preparing to fill the position; but Jim Frillman, a letterman, and Don Diller were ruled ineligible. Coach Eilbracht was quoted as saying, “You might say we lost one quarter of our team on that deal.” Several changes were made in the fielding to make up the deficiencies. Vic Petreshene, home run king of the 1955 season left first base to play the outfield. Dick Gunn traded with Don Lukaszewski, shortstop for third base.
The opener was lost to Wisconsin, 3-2; and in a called game, the Illini tied North Carolina 3-3. West Virginia was taken for a ride 9-4, and in a second battle with North Carolina, Illinois sneaked by for a 12-11 win. Notre Dame got a 6-5 win, and Florida State toppled Illinois in a slug fest, 13-10. West Virginia again was out scored 6-7, but Florida State came back and trounced the Illini 12-9. A split double header with Valparaiso 5-4, and 2-10, started a seven game winning streak for Illinois.

The Illini breezed through Southern Illinois University 15-2; a double header 13-0, and 15-1 with Chanute; and the Decatur Commodores 3-6. Purdue lost a pitcher's duel 2-1; and a day later in a double header, Illinois again ousted Purdue 6-5, and 7-2.

Omaha was able to halt the winning streak with a lop-sided score of 6-1. Illinois State Normal couldn’t compete with three runs against the Illini’s 11; but a pitching match resulted in a loss for Illinois 3-2. Iowa was satisfied to split a double header 8-0, and 7-8; but Illinois Wesleyan took a one-sided battle 7-0. This seemed to put a damper on the Illini.

The Michigan Wolverines nipped Illinois 7-0; and the Spartans fought for two runs in each half of a double header that ended 2-0, and 2-1. With a score of 16-4, Ohio State blasted Illinois; and although Chanute lost out 21-3, Indiana took a double header 13-2, and 4-3.

Illinois Wesleyan was the last win for the Illini, 11-1. The last three games finished the season. The Wisconsin Badgers took a strike-out contest 2-1; and Northwestern took two in a day 6-2, and 3-2. The Illini returned to the locker room with 17 won, 17 lost for the season’s record, and four won, and 11 lost in Big Ten play.

Coach Eilbracht predicted a better season next year and paid high tribute to his assistant of one year, Rocky Raklovits.
For the seventh straight year, the Illini gymnastic team captured the Big Ten title. The University of Illinois team won with a total of 162½ points. Michigan was the closest contender with 70½ points.

In addition to taking the Big Ten title again, the Illinois gymnastic team also took first place in NCAA Championships with a total of 123½ points. This is the second consecutive year for winning the NCAA Championships which were held in 1956 on March 23-24 at Chapel Hill, North Carolina.
The 1955-56 Illinois individual champions are Don Tonry, holder of the coveted all-around crown, Gavin Blair on the side horse, and Dan Lirot in tumbling. Freshman Abe Grossfeld climaxed the season by becoming the first Illinois gymnastic to qualify for the six-man Olympic team, thus leaving no new field for Coach Charlie Pond’s team to conquer.

Mike Karon, a junior from Bloomington, is the 1956-57 captain. Karon was an outstanding tumbler and trampolinist for the 1956 Illini gymnastic Big Ten and NCAA Champions.

WRESTLING

With the loss of six lettermen and several freshmen from his 1954-55 squad, Coach Buel Patterson was faced with a rugged rebuilding program for the 1955-56 season. Despite a virtually new team the “rasslers” rounded out the season with the good record of seven wins, six losses, and one tie.

Although the team suffered from a shortage of lightweights, letterman Norb Sargant at 130 lbs., a top notch man, stood as number one contender for lightweight position.

Captain Larry TenPas had a very successful year, attaining a perfect record in dual meet competition until he met defeat at Northwestern.

Larry won the opportunity to grapple in the district Olympic trials at Lafayette, Ind., but lost his ticket to Melbourne in his final match at Hollywood, Calif.

Top row: Captain, Larry TenPas, Bob Alexander, Butch Robinson, Steve Szabo, Bill Gablasi, Dick Evans.
Under the guidance of Coach Ralph Fletcher the team was only able to tie Minnesota and Michigan State for sixth place in the Big Ten conference. Despite the return of such fine lettermen as Richard Davies, Jim Peterson, Roger Mueller, Bob Reitsch, and Byron Connell the team did not better its stroke count over last year. The men on the team were able to move from eighth to sixth place in the Big Ten conference tilt. Captain-elect Byron Connell has replaced Captain Roger Mueller for the 1957 team.

TENNIS

The tennis team dropped two positions from last year. They placed fifth in the Big Ten race. Through Coach Howie Braun and the team’s untiring efforts, Illinois has not fallen too much in overall skill. With captain Roger Bielefeild at the helm, the team has proved to be one of the better teams in the last few years. Jim Vantine will serve as captain of the tennis team in 1957. Prospects for captain-elect Vantine’s team do not seem dim for next year with some good racket men returning to play.

This year the Illini tankmen moved from eighth to seventh place in the Big Ten swimming meet. Under the able leadership of Captain Jack Grossman the Illini set some new records and they tied an old one. Al Rubenstein shattered the old record in the two hundred yard medley by doing it in 2:18.4 even. Jake Grossman swam the 200 yard in 2:34.9 using the breast stroke. Don Larson tied the 21-year-old record of 22.9 seconds in the 50-yard free lance stroke. Coach Al Klingel performed his usual superb job of producing an outstanding team. It looks as if next year may be even brighter for the swimming team with the new varsity squad for '57.

FENCING

The record that the fencing team set last year was nothing less than sensational. Not only were they first in the Big Ten, they were first in the NCAA championships. It was the first year that the team had won honors in two divisions. Coach "Mac" Garret had as the mainstay of his team the able foils champion, Herman "Pete" Velasco. Larry Kauffman also brought credit by being the top man with the epee. 1956 is the 15th year of unparalleled success for the fencing team. Last year they were undefeated in every event in which they participated. The most valuable man of the year was Larry Kauffman. The coach-elect for 1957 was Tyler Hunt.

The tribe of Illini is a social organization for all men on the campus who have earned a Major "I" in varsity athletics. The recognized goal of every Illinois athlete is to win his "I" and become a member of the Tribe. This organization gives the members a chance to become better acquainted and fosters good relations between the "I" men and the rest of the students. New members are elected and initiated after awards are presented in each sport. The Tribe strives to maintain the true Fighting Illini spirit and practices the Illini Code of Sportsmanship in intercollegiate athletic competition.

The men leading the Tribe this year are Tom Luker, track; Jerry Stanners, track; Don Lukaszweski, baseball; Dave Sterrett, swimming; and Rodney Hanson, football.
Working behind the scenes in all sports, Illini athletic managers perform the tasks necessary for successful presentation of sports at the University. These men are often not given all the credit they deserve for their hard work and loyalty to the coach and team.

The senior managers for each sport have many responsibilities. Among their duties is handling the money when their team leaves town. They pay all the bills, make all the reservations, and take care of all the other little things to make the trip as easy as possible on the players. These seniors are also responsible for all reports that the Athletic Association requires each sport to turn in. They are also in charge of the junior, sophomore, and freshman managers.

There are eleven senior managers who are each assisted by two juniors and several underclassmen.
The Illini cheering squad for 1956-57 led students, faculty, and fans in rooting for the football and basketball teams.

Headed by Larry Thomson, the cheerleaders increased the spirit among the Illinois rooters with enthusiastic pep rallies every Friday night before home football games.

Competitive yelling between members in both "Block I's" spirited the Illini gridiron team on to victory. "East is East, but West is Best," echoed through the stadium as west block members chanted defiantly to their rooting rivals in the east block.
Athlete of the Year

In the campus-wide poll, Em Lindbeck, quarterback of the 1955 Fighting Illini and a leading hitter of the 1956 baseball team, was named athlete of the year. After quarterbacking the Illini to a 5-3-1 season record in 1955, including an upset win over Michigan, he climaxed the season by starring in the annual East-West Shrine game. Lindbeck was also named most valuable player in 1955.

Most Valuable Player

Dave Walker, a senior guard from Yorkville, was named Most Valuable Player of the 1956 Illini football team.

Walker, a 5-10, 200 pounder, played 397 out of a possible 540 minutes this season. He has been labeled by line coach Burt Ingwersen as the most overloaded lineman in the Big Ten. "There's a boy," explained Ingwersen, "who doesn't have all the talent in the world, but he has tremendous heart and desire. He's the type of boy you can always count on. When you need him most he's there."

Conference Medal Winner

Daniel L. Dudas, senior in the College of Engineering, was awarded the 1956 Illinois Conference Honor Medal for proficiency in scholarship and athletics. Dudas was the Captain of the 1956 Illinois baseball team and has won three letters in the sport. He maintained a 4.597 average and was a third baseman on the Illini nine.
INTRAMURAL SPORTS

The University of Illinois' Department of Intramural and Recreational Sports plays a vital role in the extra-curricular activities of the University student. The IM program furnishes the recreational activities a student needs to supplement his classroom work. By participating in intramural activities, a student receives the relaxation gained by a stimulating workout. The IM sports roster provides for competition on both the group and individual basis.

The department, sponsored by the Athletic Association, has Intramural, Recreational, and Co-recreational programs. The IM Rec Board, with Allen Klingel as faculty supervisor, directs the department. The supervisor, assistant supervisor, senior and junior managers, chairman of the officials association, and representatives of the Intrafraternity Council, Men's Independent Association, and the participating Independent and Greek houses make up the Board. The Board sets all program policies and acts as a Protest Board.

The IM department provides clean, wholesome competition for the students with a keen rivalry existing between the fraternities and the independent houses. Pre-season coaching and practice clinics are held before the competition begins in the various sports.
The recreational department provides activities for those interested in athletics for their own sake alone. Graduate students and staff can enter in the special events and tournaments open for them in their own program.

The Co-Rec department provides sports where both men and women can team up in competition. Such co-rec sports are: volleyball, bowling, and softball. Special activities clubs are formed by students showing a special interest.

The Women's Athletic Association offers a diversified program of sports and recreational activities for all undergraduate and graduate women. The aims of the organization are to provide recreation through participation in a sports program and to promote leadership in such activities.

The W.A.A. program includes field hockey, basketball, bowling, volleyball, fencing, golf, apparatus, tennis, softball, and badminton during special seasons of the year. Membership is based on participation in the various sports, either individually or as a member of a team representing a house.

In addition to the regular intramural program, W.A.A. sponsors Sports Days with other colleges and universities. At the annual W.A.A. dessert, a trophy is awarded to the house having the highest percentage of participation and a plaque is awarded to the house which has accumulated the most points in team competition.

CHICAGO PROFESSIONAL COLLEGES

Education for the health professions of Medicine, Dentistry, Pharmacy, and Nursing is centered in the University of Illinois Chicago Professional Colleges. Located in the heart of a great metropolitan medical district, it draws strength from close relationships with many other public and private institutions.

Through its programs of professional education, the University of Illinois is preparing the young citizens of Illinois for competent and devoted service to humanity. Graduates of these colleges are located through the state as a result of co-operative efforts with state-wide associations.

Through its Research and Educational Hospitals, its clinics, and the Division of Services for Crippled Children, the University provides health services to thousands of Illinois citizens annually. Through its research carried on in these Colleges, the University of Illinois is continually advancing our knowledge and applying it to ever-changing needs.

Herbert E. Longenecker
ADMINISTRATIVE OFFICIALS

Donald J. Casely, medical director of Research and Educational Hospitals and associate dean of the College of Medicine

Franklin C. Dalla, director of housing and the Chicago Illini Union

Maurice J. Gallbraith, dean of student affairs

Hooker Goodwin, director of Illustration Studios

George F. McGregor, associate director of non-academic personnel

Howard A. Hazelton, business manager

Harry G. Higgins, administrator of the Research and Educational Hospitals

Margaret D. Johnson, food service manager

George R. Moon, examiner and Recorder

Harry W. Pearce, superintendent of buildings and grounds

Wilma Troxel, librarian

William A. Peeples, manager of public information

Third Place: Edward Quartetti, M4
The College of Dentistry, affiliated with the University of Illinois since 1901, became an organic part of the University in 1913. Twenty-four years later the College moved into the new Dental-Medical-Pharmacy Building. The removal of the College of Pharmacy to an adjacent building in 1954 permitted expansion and improvement of both clinical and laboratory space in the College of Dentistry, and the admission of ninety first year students in 1956 (almost thirty per cent more than in 1954). More young people can study dentistry and more graduates will increase the ratio of dentists to the population; this has been steadily declining during the past few years.

The purpose of the College is:

1. To prepare dentists to treat and control diseases of the oral structures, and, so far as present knowledge permits, to prevent these diseases.
2. To prepare graduate students for practice of the oral specialties such as oral surgery and orthodontics.
3. To add to the existing knowledge of the normal processes of the body, and of the etiology and control of disease.
4. To educate teachers and researchers who are qualified to prepare others for practice, teaching, and research.
5. To bring to practicing dentists information concerning the latest theories and techniques in dentistry.

In achieving these goals, co-operation among the University Colleges that prepare students for the health professions is important. The colleges and the hospital are housed in the same or adjacent buildings, and are associated both in teaching and research.

Science courses and clinical techniques and practice are distributed through the four years of dental education. Through proximity of the courses in science and clinics, students learn the value of both in the study and practice of dentistry.

ASSOCIATION OF PHILIPPINE GRADUATE DENTISTS acts as a discussion and advisory board and keeps Philippine dental schools and dentists informed of scientific advances.

DENTAL CHRISTIAN MEDICAL SOCIETY aims to present a positive witness of God our Father, Jesus Christ our Saviour, and the Holy Spirit to our associates in the profession.
Dean Granville R. Bennett

County Hospital, West Side Veterans Administration Hospital, and Presbyterian Hospital (now being expanded to include St. Lukes Hospital). These hospitals and others outside the Medical Center district including Hines Veterans Administration Hospital, Grant Hospital, and Illinois Central Hospital provide the hospital facilities for clinical instruction of the students of the College of Medicine.

The teaching staff of the College of Medicine numbers more than 1000. Of these, approximately 800 are physicians who donate a portion of their time to the University in teaching, research, and public service.

Beginning with the class of 1956, the freshman class was enlarged from 166 to 190 students. Only two other medical schools in the United States, each enrolling 200 freshmen, have larger student bodies.

The University of Illinois College of Medicine was established in 1913 when the College of Physicians and Surgeons of Chicago, which had been affiliated with the University since 1897, was made an integral part of the University of Illinois. Later in 1941, Presbyterian Hospital became affiliated with the University and the professional staff of the hospital, including members of the Faculty of Rush Medical School, became members of the University of Illinois College of Medicine faculty. In 1955 the Board of Trustees of the University extended its agreement with Presbyterian Hospital to include St. Lukes Hospital, which is now being merged into a single voluntary hospital known as the Presbyterian-St. Lukes Hospital.

The College of Medicine, along with the Colleges of Dentistry and Pharmacy and the School of Nursing, is located in the Medical Center district of Chicago approximately two miles west of Lake Michigan.

Within the Medical Center district are the University of Illinois Research and Educational Hospitals, Cook

The Neuropsychiatric Institute and the Research and Educational Hospital

The Medical Student Council administers the student government of the College of Medicine. This group is composed of twelve council members, who are elected from the four medical classes, as well as the four class presidents.

The Council is growing in importance as a liaison between the student body and faculty administrative groups. It is the Council’s responsibility to discuss problems of student interest, present recommendations to faculty administrative groups, and to act as the official voice of student opinion in faculty-student relationships.

Each year the Medical Student Council sponsors the Raymond B. Allen “Golden Apple” Instructorship Award, made to the outstanding instructor of each class. The 1956 freshman class award was made to Parke H. Simer; sophomore class, Theodore R. Sherrod; junior class, Marcus R. Caro and Heyworth N. Sanford; senior class, Heyworth N. Sanford and Hans G. Bucheleres.

The Council contributes annually to the Henry G. Poncher Student Aid Fund, from which loans are made to students in emergency situations.

PHI LAMBDA KAPPA

PI KAPPA EPSILON is an honorary medical fraternity whose members are elected by vote of the student body.
Alpha Omega Alpha, honorary medical society, is the only order of its kind on the continent. Promotion of scholarship and research in medical schools, encouragement of a high standard of character among medical students and graduates, and recognition of high attainment in medical science and related fields are aims of the organization. Members promote the society’s ideals and foster the scientific and philosophic features of the medical profession by participation in various projects.
Pharmaceutical education is not singular in its origin, nor unique in its scope. The diseases of mankind, to which humanity has always been subject, establish the origin of pharmaceutical education.

The disciplines which have influenced its development to the modern day have run the gamut of chicanery, witchcraft, empiricism, and commercialism. Although at times the system has faltered in progress, the dignity and quality of pharmaceutical education may be pointed to with pride. With equal pride, pharmacists may also point to a vast armamentarium of therapeutic agents, which have either eradicated or materially controlled diseases which only a few generations ago were a threat to civilization itself.

The pharmacist of today possesses a well-rounded knowledge of pharmaceutical procedures, science, and research, which has enabled him to serve his community well. He is today a dignified and qualified member of the health professions.

All students enrolled in the College of Pharmacy are eligible for membership in the student branch of the American Pharmaceutical Association. The purpose of this organization is to help members enlarge their professional knowledge by stimulating participation in study and research and to keep them well informed through the presentation of current pharmaceutical and scientific literature. Each month members of the student branch receive the JOURNAL OF THE AMERICAN PHARMACEUTICAL ASSOCIATION, which contains news and information of particular interest concerning the profession of pharmacy and its allied sciences.

The students become aware of the many organizations presently active in the profession and are introduced to current legislation which affects the profession. Future leaders are prepared for their positions of leadership by becoming interested in activities such as these.

By means of these activities and many others, the student of pharmacy becomes integrated into the profession upon which he is soon to embark.
RHO CHI promotes the advancement of the pharmaceutical sciences
GRADUATE COLLEGE

Intellectual endeavor at the graduate level has as its objective the discovery and dissemination of new facts, the mastery of a definite field of endeavor, and the integration of new facts with the existing domain of knowledge. The creation and transmission of facts instigated by human curiosity and the urge for research is a basic purpose for higher institutions of learning. In the spirit of inquiry in this intellectual climate, students at the graduate level are stimulated and led to seek advanced knowledge. They learn to pursue a problem with clarity of thought, respect for evidence, and a critical analysis of results leading to the establishment of facts and their ultimate synthesis into the realm of common knowledge.

In this way higher education has increased its stature and has encompassed, as a phase of its total responsibilities to an expectant society, the advancement of imaginative thought and formalized learning to the very borders of the known.

Through the device of fellowships, research assistantships, and research grants, graduate work at the Chicago Professional Colleges is encouraged. The immediate objective is to increase the supply of teachers and investigators in professional schools dealing with the healing arts. Properly accomplished, graduates thus extend their influence to neighboring institutions of learning and reflect the contributions of our University to the total purpose for which they were created.
The University of Illinois School of Nursing will graduate the first class to complete the four-year curriculum in nursing this year. Through careful selection of a wide range of learning experiences in nursing the graduate of this program is prepared to participate in the health care of people in hospitals and public health agencies in both urban and rural communities.

The curriculum provides for a broad background in the liberal arts as well as for a sound preparation in nursing and the related sciences. With such preparation the professional nurse may be expected to exert leadership in the community and her profession and to contribute to the improvement of health services for our citizens.

ILLI-SOTA

Illi-Sota, the Illinois Occupational Therapy Association, has two chapters—one on the Urbana campus and the other on the Chicago Professional campus. This professional group is designed to orient both members and non-members with the curriculum and activities of occupational therapy.

Six semesters of the ten-semester occupational therapy curriculum are taken in the College of Liberal Arts and Sciences on the Urbana campus. The remaining four consist of clinical theory and experience in the College of Medicine on the Chicago Professional campus and at various hospital affiliations.

ALL-CAMPUS ACTIVITIES
The Union is the social and recreational center of the Professional Colleges. Three student committees — display, music, and social — plan its activities, which are open to the entire student body. Together the groups sponsor the Winter Carnival, Open House for new students, the Christmas Sing and Dance, and weekly Coffee Hours. Independently each committee plans a variety of weekly and monthly events.

Lounges, a snack bar, cafeteria, games equipment, cards, and magazines provide a pleasant place to relax or to hold dances, meetings, luncheons, or dinners.
EXECUTIVE STUDENT COUNCIL acts as a liaison organization between the four student councils, the Chicago Illini Union, and the administration.

WESLEY FOUNDATION stimulates spiritual development among professional students through discussion, worship and activity.
The ILLIO Committee of the Chicago campus is responsible for the composition of the section of the yearbook devoted to the Chicago Professional Colleges. Sales, publicity, group pictures, page lay outs, write ups, and copy editing keep the group busy September through November.

The ILLIO Committee consists of eighteen students who represent their respective colleges, with the Social Director of the Chicago Illini Union acting as adviser and the Union Building serving as headquarters for the committee.

A Residence Hall, on a college or university campus, is not only a facility whose basic function is to provide food and shelter for its occupants, but is also a laboratory designed to teach students social behavior, self-management, and spirit of community living.

It is a predetermined fact that the physical structure, with its many features and facilities, will comfortably provide the basic needs of all individuals who reside in it. It is not, however, a predetermined fact that the spirit and success of good living will be achieved, for this achievement lies wholly within the organization, the attitude, and the industry of the people who reside in it.

The Residence Hall Association is designed to promote and maintain a program of self-government for the well-being and development of its occupants who may present their views, desires, and opinions. It is anticipated through the years that a very effective and meaningful educational service will be rendered for the mutual benefit of the members of the Association and the university.
PHYSICAL EDUCATION

Under the guidance of the physical education department, the facilities of the Chicago Illini Union Building and nearby Duncan Y.M.C.A. offer students in the Medical Center a host of athletic activities.

There are three main types of athletic programs: varsity, intramural, and recreational. Varsity teams in basketball, tennis, and golf compete with other colleges in and near Chicago. The intramural program consists of badminton, basketball, floor tennis, free-throw shooting, fall and spring golf, softball, handball, swimming, table tennis, tennis, and volleyball. Recreational activities include all of the above sports together with weight-lifting, fencing, boxing, wrestling, and gymnastics.

A quick check of the local library is sure to reveal that new volumes are constantly being added to those shelves that hold the success books. For success, as you know, is quite the popular subject. And worthwhile, too.

But even though the thousands of published formulas for success, stretched end to end, would reach from here to Utopia, and although all of them differ to a greater or lesser degree, each inevitably includes one basic ingredient. We'll call it Element "X."

Element "X" is that intangible extra which one receives in the way of reward in certain endeavors. It's a reward that is over, above, and in addition to any material recompense, a reward that is peculiar in that it can't be given or infused but must be created and absorbed out of the undertaking itself.

Element "X" is the personal satisfaction one always derives from an occupation in which he contributes not only to his own improvement but also to that of his neighbors.

There exist many fields from which this important ingredient may be drawn, not the least of which is the farm equipment industry. And throughout the John Deere organization, people are daily experiencing this great satisfaction, knowing that in supplying the farmer with quality farm equipment, they are themselves contributing to a healthier, happier people, a better nation, and a better world.

That's Element "X."

Just as classrooms and buildings have become more modern and functional, so have means and methods of producing engravings.

But hand-in-hand with modernness go tradition and experience... and fine engravings for yearbooks have been a tradition with us for 48 years.
